

**Graduate Research Assistantship in
Park Management & Conservation
at
Kansas State University**

The Park Management & Conservation Program at Kansas State University is pleased to announce an opening for a graduate research assistantship (GRA) starting Summer/Fall 2016.

The GRA, under the direction of Dr. Ryan Sharp, will be heavily involved in visitor use monitoring projects primarily located in U.S. National Parks. Experience in the following areas is desired:

- Knowledge of, or desire to learn about visitor use impacts monitoring (both related to natural resources, and social impacts)
- Previous experience with a land management agency, either domestic or international
- Previous experience using GIS is not required, but highly desirable

GRAs are 12-month, 20-hour per week positions that include a competitive stipend, tuition waiver, and health insurance benefits. Positions are renewable each year based on satisfactory progress.

APPLICATION INSTRUCTIONS:

Applicants should submit all materials by March 25, 2016.

For full consideration, please complete the online admission application for K-State Graduate School:

<https://www.applyweb.com/kstateg/> and please contact Dr. Sharp @ 785-532-1665 or ryansharp@ksu.edu expressing your interest in the position.
