

2018 Duke

SCIENCE POLICY
SUMMER INSTITUTE

Priority
Deadline for
Applications

March 1, 2018

ABOUT THE INSTITUTE

MAY 29 - AUGUST 3, 2018

The Duke Science Policy Summer Institute provides a transformative introduction to science policy for students, postdocs, and researchers.

The writing-intensive 4-week curriculum at Duke University will give participants a grounding in how to read, write, and understand science policy. Participants will write and publish policy briefs, draft proposed legislation, and meet with members of the North Carolina legislature.

The optional 6-week practicum extension to the program will allow participants to get hands-on experience working in the SciPol office to produce briefs, memos, and legislation for local and national clients at the nexus of science and policy.

Curriculum

Week 1: Orientation; Science Communication; Writing Policy Briefs & Memos

Week 2: U.S. Civics for Scientists; Writing Policy Briefs & Memos II

Week 3: Intro to Ethics in Science Policy; Finance Bootcamp for Scientists

Week 4: Visiting the North Carolina Legislature & Legislation Drafting Party

Each Friday, participants will attend day-long modules focused on leadership training, diversity & inclusivity training, and professional etiquette & advancement.

Practicum (Optional)

Week 5 - 10: On site at the SciPol offices on 9th Street in Durham, North Carolina

Closing Event: Policy Hack-a-thon

Sample Day: Thursday

9 - 11 am: Science Communication

11 am - 12 pm: Policy Writing Lab

12 - 1 pm: Lunch

1 - 3 pm: U.S. Civics for Scientists

3 - 5 pm: Policy Writing Lab II

4 - 5 pm: Afternoon Discussion: Mapping the U.S. Policy Landscape

5 - 7 pm: **Thursday Evening Speaker Series:
Prof. John Doe, Duke University
"Bringing Science to Congress - 20 Years of Giving Expert Testimony"

***Each Thursday evening, participants will have a private dinner with an invited speaker who is a researcher or practitioner in the science policy space.*

Program Fee: \$1,500

- Program fees do not include housing, meals, or travel to North Carolina
- Scholarships are available on a need-based, limited basis, but participants are encouraged to seek external sponsorship & support
- For details, email Alexandra Sutton Lawrence, Program Director: scipol@duke.edu

The Science Policy Summer Institute does not offer academic credit for participation, but we are happy to work with your own academic institution to arrange independent student, professional development, or continuing education credits.
