The 20th Annual Sharon Timlin Memorial 5K Race to Cure ALS
June 17, 2023
Event Safety and Litter Control Plan

- Event Overview: The Timlin event’s purpose is to raise awareness and much needed funds for research of amyotrophic lateral sclerosis (ALS, also known as Lou Gehrig’s Disease) a progressive and devastating neurodegenerative disease that affects nerve cells in the brain and the spinal cord. We strive to provide a fun, safe event that includes a 5K road race, Kids’ Fun Color Run (grades 1-6), a Family Fun Day (games and activities for children), raffle/silent auction, music and food. Attendees at our event include runners and walkers of all ages and families. The 5K race route description is attached; the Field Diagram, which provides details on where all activities/festivities take place during and after the race, is also attached. The event will take place on Saturday, June 17, 2023.
- Venue Overview (including key contacts):
 - 5K Acting Race Director, Ann Hadley, Annhadley@jcmarketingassociates.com
 - Hopkinton Public Safety Liaison, Bob Levenson, Blev26.2@gmail.com
 - 5K Race Route (attached)
 - Field Diagram (attached)
- Risk Assessment & Event Health, Safety & Welfare.
 - The race committee:
 - Meets on a regular basis to discuss event logistics, including how to provide the safest environment possible for attendees. At the event, all committee members wear t-shirts that identify them as such (“COMMITTEE” stated on t-shirt).
 - Works closely with both the police and fire departments to seek input/support on how to make the event safe.
 - Designates a Parking Coordinator who has a team of volunteers to direct cars at the High School and Middle School. All volunteers assigned to parking wear reflective safety vests and ensures that no fire lanes or handicap parking spots are blocked.
 - The Hopkinton Police Department provides police officers to manage the flow of traffic (vehicles and people) into/out of the HS/MS complex. The Police Department closes off Hayden Rowe Street to traffic from the intersection of Grove Street to the intersection of Chestnut Street just before race start until determined to safely reopen (approximately 30 minutes total). Personnel are assigned to specific areas of the 5K race course (determined by the Police Department). In addition, Sgt. Van Raalten leads the 5K race on his motorcycle.
 - Hopkins School Road and Loop Road are closed to traffic from approximately 7:30 AM to 10:30 AM.
 - The Hopkinton Fire Department provides two personnel (EMTs and/or Paramedics) and emergency equipment (e.g., ambulance).
 - In addition to HPD personnel and parking volunteers, we use cones, barriers, and signs to indicate where/where not to drive/park.

-Continued-

- o Signs are placed throughout the venue to direct attendees (e.g., where to register for 5K and/or Color Run, where volunteers sign in, where specific events are being held and how to get to them, etc.).
- o We provide water at key areas of the event, including the 5K (starting line, at water stop mid-way through course, finish line), Color Run (start and finish areas), and Family Fun Day/post-race field.
- o All committee members and key volunteers (start line coordinator, finish line coordinator, water stop coordinator, course marshal coordinator) are provided with walkie talkies to promote effective communication of critical information. A member of the Police Department and Fire Department each receive a walkie talkie.
- o We have 200 to 250 volunteers assigned to specific areas of the event (5K, Color Run, Family Fun Day, etc.). The volunteers are clearly identified by brightly colored t-shirts (printed with “VOLUNTEER”) to provide direction and assistance to event attendees.
- o We have a clearly identified and manned Information Booth on the field.
- o All committee members, course marshals, and course coordinators wear lanyards that clearly identify their role as well as provide instructions on what number to call in the event of an emergency (instructions state, “In case of emergency: Dial (508) 497-3401, then 0 for dispatch OR Dial 911).
- o The Red Cross provides volunteers at the event (2 volunteers bike the 5K course; additional volunteers are stationed at a tent on the field where Family Fun Day and post-race activities take place).
- o Runners/walkers are instructed to provide emergency contact information at the time of registration. If runners/walkers are pre-registered, this information prints out on the back of their race bib. Day of registrants are instructed to fill out emergency information on the back of their bib.
- o In the event we need to communicate important information to all event attendees we do so via the band’s sound system.
- Stage, temporary structures and infrastructure:
 - o We have a low stage for the band that is on the field (it is put into place the day before the event and removed after the event has concluded).
 - o Other temporary structures include portable fencing that is put into place at the 5K start and finish lines the day before the event and removed at its conclusion; inflatable arches identify the start and finish lines (one at each) and are inflated/deflated early on race day/deflated at conclusion of race. The arches are securely tethered to the ground. We work with the owner of the equipment, Tim Richmond of Max Performance Multisport Events, to ensure that it is correctly, safely, and securely put into place and removed.
- Electrical systems:
 - o We use generators at the start line and finish line for the arches and sound systems.

-Continued-

- Food, refreshments and traders:

- o We obtain the necessary permits from the Town of Hopkinton.
- o All food is prepared off-site and delivered to the venue the day before the event or on the morning of the event.
- o Our Field Logistics Coordinator communicates delivery/parking instructions to all vendors (as well as to our Parking Coordinator).
- Waste disposal:
 - o We have multiple recycling bins and garbage bins placed strategically throughout the event. The custodial staff from the Hopkinton Public Schools works with us throughout the event to place the bins and empty them as needed.
 - o The water stop volunteers are responsible for picking up cups that have been thrown on the ground by runners/walkers.
 - o After the race we drive the course and look for any stray cups/bottles/items.

Since the parade is scheduled for the Sunday after the Marathon, the Main Street Project won't likely impact the event if work starts up again when the typical construction season starts, typically late March or early April. Should the contractor mobilize earlier due to the mild weather, there could be impacts on the parade route. Potential impacts are not likely on Main Street itself, but there could be impacts from work on sidewalks, curbs, bike lane, and miscellaneous electrical work. We'll need to coordinate with Little League should work start up again before the end of March.

Hopkinton Historic District Commission: Submitted

Interests & Experiences

Please tell us about yourself and why you want to serve.

Why are you interested in serving on a board or commission?

I purchased a home in Hopkinton in 2019 after living in Southborough for 16 years. One of the attributes of Hopkinton that led me to establish a residence here is the character of the Town Common and historic homes and buildings that surround the Common. The center of Hopkinton has somewhat of a small town feel however our community has significant resources to provide for the education and well-being of individuals and families who live here. In creating the Historic District Commission, it's clear that one of the priorities of residents is to retain the town's unique character and charm. I also commend Hopkinton and the Commonwealth for placing a sign on Main Street to commemorate that the area also held historic significance in the Native American community. Upon moving to town in 2019, I joined the Hopkinton Women's Club as a way to meet other women in town and, more importantly, to participate in their philanthropic activities. I've also been a volunteer at the Hopkinton Senior Center which provides many helpful services and activities for senior citizens in our community. Currently, I don't have a resume to submit, however will share some relevant background information. I'm a graduate of the University of Michigan (BBA) as well as Boston University (MBA). Before my children were born, I worked at State Street Bank and Trust in Boston. While a resident of Southborough, I volunteered on several school committees, at my church (St. Matthew), and was a trustee of the Southborough Community Fund. Thank you for your consideration of my application for a position on the Hopkinton Historic District Commission.

Hopkinton Little League Fundraiser
May 13, 2022 7pm-11pm
St. John's Parish Hall
Event Safety Plan

The event safety plan contains information under the following headings:

- **Event overview:** This is to help put into context what the event is for and for whom
 - This is the annual adult-only fundraiser for Hopkinton Little League. We will sell no more than 200 tickets, which is below the maximum capacity of the room (approx. 250). Beer and wine will be provided by Marty's and Start Line. Food will be provided by Start Line and Snappy Dogs. We will provide music through the in-house speaker system.
 - Jessica Staffieri, lead planner of the event, will be onsite for the duration of the event 7pm – 11pm. Gabe Recos, HLL President, will also be onsite helping oversee the event.
- **Venue overview:** This should cover information such as the contact/directional details, a floor plan and any specific access information
 - See separate floor plan.
- **Risk assessment:** This shows all readers that you have considered all the potential risks, but more importantly how you are minimizing or removing those risks.
 - We will have a police detail onsite. Exit doors will either be open or unbarricaded so people can exit easily in the event of an emergency.
 - We will have TIPS certified servers.
- **Event health, safety and welfare:** There are various methods that can be used to ensure your team's and guest's welfare at your event. The reader of this document will not need to know every individual plan, but more an overview that you are aware of what is required and any specific details that may be pertinent to the local authorities.
 - We will have a police detail.
 - We know where the defibrillator, as well as fire extinguishers are located.
- **Stage, temporary structures and infrastructure:** Provide an overview of any major structure, of their manufacturer and any health and safety notes such as wind speed ratings.
 - We will use only the structures already in place in the St. John's Parish Hall and will not construct anything additional.
- **Electrical systems:** Information on the level of power that is required and how this is being provided and maintained on site.
 - We do not have any special electrical needs and will only use pre-existing items – lighting, oven, speaker system.
- **Food, refreshments and traders:** You are likely to provide food not only for your guests but also for your crew. Give information in the event safety plan about the food – not whether it will be lamb or chicken, but how many caterers you will have on site and the types of food-preparation techniques they will be using.

- Start Line and Snappy Dogs will be providing food. Both Ted Twinney and Teresa Boyce will be present in the kitchen. Food will be pre-cooked but will need to be heated up. We will have access to the refrigerator for the food before it is served. Food will be buffet style and we'll have 3 servers helping put out the food and clear tables.
 - All servers will be TIPS certified.
- **Waste disposal:** Detail your plan for this – whether you will be having recycling bins, how often these will be emptied and whether you are employing litter pickers, for example.
 - There will be 7 trash barrels and 3 recycle bins placed around the Hall and outside. The servers and Andrea Rogers will monitor the barrels throughout the event and take filled bags out to the dumpster as needed.
- **Security/stewarding:** Include information on how many staff will be on site and any particular processes they will need to follow. There is information earlier in this chapter on different security options.
 - There will be a police detail onsite. Jessica Staffieri and Gabe Recos will monitor the event.
- **Crowd/traffic management:** This will be of particular interest to the local authorities who will want to ensure that you have taken adequate precautions to manage large movements of people.
 - The parking lot at St. John's will hold all the cars for attendees. Police detail will be onsite should any issues arise.
- **Organization and contractors:** You should include a little information on the people you're going to have on site in your event safety plan. An organization chart helps show outside readers how your on-site team will be structured and who will be responsible for what.
 - Jessica Staffieri and Gabe Recos will oversee the event and vendors.
- **Communications:** Provide a basic overview of your communication plan in your event safety plan
 - Jessica Staffieri is the main point of contact and will work closely with the police detail in the event of an onsite issue.
- **Medical/first aid provision:** Detail who on site will be available to provide first aid attention and how they can be contacted.
 - Police detail will be onsite.
 - There is a first aid kit and defibrillator onsite.
 - Andrea Rogers will call 911 in the event of a medical emergency.
- **Fire precautions and equipment:** Your health and safety advisor and production manager will be able to help you fill in this section of the event safety plan. Readers will want to know what your exit routes are, how many extinguishers you have, where they are and who will use them in case of an emergency.
 - We will have a police detail onsite.
 - There is an ansul fire suppression system hooked up to the oven. Fire extinguishers and fire alarms are available in the hall and are noted on the room

diagram. Jessica Staffieri, Andrea Rogers and Gabe Recos will be aware of locations,

- At the start of the event, we will notify attendees of the location of exits. Jessica Staffieri and Gabe Recos know where the fire extinguishers are and will share that with the vendors.
- **Sanitary accommodation:** Include information on how many toilets are provided and how often they will be serviced during your event.
 - There are 4 toilets in the women's room and 4 (2 stalls, 2 urinals) in the men's room. Jessica Staffieri and Gabe Recos will check them sporadically during the event.
- **Emergency procedures:** This is an area where the local authorities will want to see lots of detail and feel confident that you are responsible enough to deal with emergencies on site.
 - We will have a police detail onsite.
 - Jessica Staffieri will call 911 in the event of an emergency and we can use the speaker system to make announcements.
- **Event inspection:** Cover when and who will inspect your site and sign off the site in terms of structures and health and safety.
 - Building has been inspected by the Hopkinton Building Department, as coordinated by Crystal Fitzgerald, Parish Hall Manager.
- **Accident reporting and investigation:** An overview of your process needs to be included.
 - We will have a police detail onsite.
 - Jessica Staffieri will report any incidents to relevant parties.
- **Provisions for people with special needs:** Adhering to the Equality Act is important. Provide information in your event safety plan as to what visitors with various special needs will need to do.

St. John the Evangelist Church Garbage and Litter Control Policy

St. John's has 7 trash barrels that can be used within the Parish Hall. We also have two recycling barrels. When there is a function in the Parish Hall, these are placed strategically around the room. St. John's has two dumpsters located behind the building—one for trash and one for recycling. It is the responsibility of the host of the event to take all trash and recycling to the appropriate dumpsters at the end of their function. Furthermore, it is the responsibility of the host of the event to empty the garbage in the Men's and Ladies rooms so they are empty for religious education and Masses the following day. Failure to follow through with this policy will result in St. John's not returning the security/cleaning deposit.

Select Board

Dear Members of the Hopkinton Select Board:

In conjunction with the submission of a Special Temporary Alcohol License Application for our annual fundraiser on May 19, 2023, we are requesting a fee waiver. Hopkinton Little League is a non-profit organization. This fundraiser is a significant source of revenue, outside of player registration fees and team sponsorships. All the funds raised are put directly into our program – improving the fields, dugouts, batting cages, lighting, and completing many other projects that allow for competitive, fun, and safe play. The fundraiser has also allowed us to keep registration fees stable for a number of years and provide financial aid to all families who request it.

We appreciate your consideration.

One Day Special Alcohol Permit- Hopkinton Little League Annual Fundraiser
Select Board Meeting- 02/014/2023

February 7, 2023

My comment will be to ensure that the room patron capacity is adhered to and who will be in charge to manage the crowd size? This information can be obtained from the church staff directly or Inspectional Services. I have one more response for the special alcohol permit pertaining to the Little League Benefit at St. John's. The group will need an individual who is Crowd Manager certified and must show proof of this.

The Health Department will follow up with the food vendors. The applicant indicates that hot holding will be provided to insure food safety and integrity. Applicant also states that the food will be passed to the guests. Both establishments have active permits with the Department. Snappy Dogs has a mobile permit. We are assuming that Startline's food will be delivered (a delivery) and that no food will be prepared on the premises. Marty's has a current permit and is in good standing with the Department.

Based on the review of the non-food materials, the Department has no further comments on the application.

Dear Chair Ritterbusch,

The Town periodically receives a report from the Attorney General's Office, Municipal Law Unit regarding where people convicted of operating under the influence last drank alcohol. The report covered the period of October 2021 through September of 2022 inclusive. I have reviewed this report and identified 2 establishments that the defendants identified as the last place they drank in Hopkinton prior to their arrest.

- 9/29/2021 - 110 Grill located at 1 Lumber Street
- 11/13/2020 - KO located at 25 Hayward Street

On 2/8/2023 I spoke with the manager at the 110 Grill Mr. William Mahoney. I advised him of the upcoming meeting with the Hopkinton Select Board. I asked him about his operations and training. He reports that the bartender is TIPS certified and that during server training they teach new staff about overserving. He further stated that they have a corporate wide three Martini limit. Servers and Bartenders have full authority to decline service and if they choose they can ask a manager to do so.

On 2/8/2023 I spoke with the manager at KO, Mr. Lee Lin. I advised him of the upcoming meeting with the Hopkinton Select Board. I asked him about his operations and training. He reports that the bartender is TIPS certified and that during server training they teach new staff about overserving. Servers and Bartenders have full authority to decline service and if they choose they can ask a manager to do so.

There was no mention in the state's report of any issues in 2022 through September 30th.

The Detective Bureau oversees inspections including establishments that serve alcohol. The Detective Bureau has hosted training for the local alcohol establishments and they are working to set one up in the upcoming months.

3. *Massachusetts Water Resources Authority (MWRA) Southborough Interconnection project:* Southborough and Hopkinton have commenced negotiating an Inter-Municipal Agreement for this project. Previously I shared with the Select Board's Southborough's principles for these negotiations, including:
 - Direct Costs To Be Covered By Hopkinton: all costs will be borne by Hopkinton -

establishment costs, management, legal, design, design review, construction, supplies and operation/maintenance, electricity.

- Compensation For Impacts: Southville and Parkerville Road sites, intersections and a "sole access" road; reconstruction of the Oak Hill standpipe; and neighborhood impacts.
- Construction Cost Coverage: On-site and off-site, design and construction of water facilities; all roadway improvements are subject to review and approval by Southborough and will entail complete road resurfacing.
- Reimbursed by Hopkinton: Operations and maintenance; supply only to design maximum - any need for more water will require new agreement; direct costs, depreciation, lost water, pump inefficiency factor; indirect costs; storage maintenance amortization; system maintenance.
- Other Compensatory Cost : \$1 million for unrelated water improvement projects - such as amelioration of impacts on Oak Hill neighborhood, landscaping, etc.
