

HOPKINTON MAIN STREET CORRIDOR PROJECT

CONSTRUCTION ADVISORY

MassDOT Project Number: 606043

Construction Advisory No. 30

May 20, 2022

Two Week Look Ahead

Please be advised that this schedule may change due to weather conditions and existing conditions found while performing the tasks below. This work may impact traffic and require lane and sidewalk closures limiting access to driveways and entrances to businesses.

DETOUR: Starting Monday, May 23rd and continuing until completion of work (estimated at 3-5 days), Main Street will be closed to through traffic in the area in front of 52 Main Street. Eastbound traffic will be detoured up Grove Street, across Maple Street and back to Main Street via Hayden Rowe. Westbound through traffic will be detoured up Hayden Rowe, across Maple Street and back to Main Street via Grove Street. **Businesses will remain open during this time. Local traffic will be allowed through the east side of the detour at the intersection of Main Street and Hayden Rowe.** Since there will be no through traffic, all traffic will need to exit at this location as well. Detail officers will be on-site to assist with traffic flow. The detour will remain in place during daytime working hours only. Main Street will be opened up at the end of each workday to at least one lane with alternating traffic.
