### International Night Country Representatives Needed: Sign Up by Wed. March 8

**International Night** is around the corner on **Friday, March 24,** from 7-9pm!

Every year this event gathers our KP families from around the world and families who want to showcase a country they have studied or visited. Entertainment will start at 7:15pm with our very own **KP Singers** followed by the group **Cantaré** at 7:30pm!

If you choose to be a **country representative**, you get to decorate a table the way you want. You may bring books, pictures, clothes, and games, or prepare a poster, and of course, you can bring food to share!

So far, here are the countries represented: **Afghanistan, Bangladesh, South Korea, Mexico, Ireland, Chile, Pakistan, Argentina, Sweden, Ecuador, Kosovo, Venezuela, Nigeria, Greece, Japan, Brazil, Lebanon, Germany, India, and France.** Come join these countries or offer to represent another one!

To sign-up for a table: <https://forms.gle/oeU8AzLGuQkyBD5z6>.

We hope to see you and if you have any questions, don't hesitate to contact us (see attached form).

Best,

## KP Skate Night: Saturday March 18

Mark your calendars for the beloved Skate Night at Wheaton Ice Arena on **Saturday March 18 from 7-9pm!** Courtesy of the PTA, there will be free admission for the first 100 skaters and free skate rental for the first 60 skaters. After that, admission is \$7 and skate rental is \$4. Lace up your skates and join the fun!

## Green Team Update

The fifth grade Green Team members spent some time cleaning up the courtyard and preparing the planters for the second graders to begin their Salad Science project next week. The seeds they started two weeks ago have begun to sprout, so we are very excited about our gardens this year! Great job, Green Team members!

## Woodward High School Update: YOUR Action Needed

The MCPS CIP (6 year construction plan) is currently before the County Council and full funding is in peril. If the Council is unwilling to fully fund the CIP, delays to Woodward HS are likely.

**We are asking parents to email our council member, Kate Stewart:**

**[Councilmember.Stewart@montgomerycountymd.gov](mailto:Councilmember.Stewart@montgomerycountymd.gov)**

For extra credit, you may also email the at-large members:

[Councilmember.Albornoz@montgomerycountymd.gov](mailto:Councilmember.Albornoz@montgomerycountymd.gov)

[Councilmember.Glass@montgomerycountymd.gov](mailto:Councilmember.Glass@montgomerycountymd.gov)

[Councilmember.Jawando@montgomerycountymd.gov](mailto:Councilmember.Jawando@montgomerycountymd.gov)

[Councilmember.Sayles@montgomerycountymd.gov](mailto:Councilmember.Sayles@montgomerycountymd.gov)

Suggested language/themes for your emails:

- For more than a decade WJ cluster families have been urging that a solution be found to the looming overcrowding crisis our high school would face. That crisis is here. WJ is now 651 students overcapacity, with only continued growth in sight (projected to be 768 over capacity in fall of 2026).
- We know that the cost of major capital projects like Woodward are a strain on the CIP. However, they are also essential. Woodward is mentioned in the Rock Spring Master Plan, the Bethesda Master Plan, the Lyttonsville Sector Plan, all three White Flint Sector Plans, and the Grosvenor-Strathmore Minor Master Plan Amendment as the capacity solution for high school overcrowding in Bethesda, Rockville, Silver Spring, Kensington, and everywhere in between.
- We urge the Council to ensure that this project and the entire MCPS CIP are fully funded so that Woodward and all the other important school projects remain on schedule.

## Time to Order Yearbooks

It's time to order your 2022-2023 KP Yearbook! The link to order is- <https://yearbooks.classic-photo.com/KensingtonParkwood/home3/Bookstore.jsp> (Please note that 5th graders do not need to order a yearbook. The 5th Grade Committee gifts a yearbook to each 5th grader.)

## Lunch and Recess Volunteering

Volunteers support our school's staff members to help keep lunch and recess safe and fun for our kids. Kids love to see volunteers helping out at school! **The volunteer signup is set up through January.** Lunch and recess are from noon to 2 pm. We've broken that into two slots on the signup, but you're welcome to sign up for both if you'd like to stay the whole time.

**Before you sign up, please complete the volunteer training and send in your documents.** If you last completed it in 2019, it's time to do it again. Don't miss the COVID part of the training! Contact our volunteer coordinator, [Ileana Benitez](#), if you need help.

KP is using the Visitor Management System (VMS) to print badge stickers. This helps keep our kids safe by doing a quick background check. **You must bring an ID (such as a driver's license) to use the VMS, and please don't forget to sign out.**

Recess Running Club will be on Wednesdays, whenever the field is open and enough volunteers are available. Look for the club coordinator at recess and help by setting up cones, marking hands, and handing out charms.

## KP Career Day May 12: Seeking Participants

The 2023 KP Career Day will be held for all grades on **Friday May 12 from 10am - 3:30pm**.

KP needs YOUR experiences! Whether you are a nurse, mechanic, astronaut, custodian, business owner, etc., we need you! We are looking for a variety of people interested in spending a day talking to our students about their career.

Many of our students are unaware of the career opportunities available to them, and this is a fantastic way to provide them with first-hand knowledge of potential career paths. This is also a great way for you to get involved in KP and make an impact on the students' futures. If you know others who might be interested in presenting, please share our (or their) contact information.

Lunch will be provided for speakers. Thank you in advance for your involvement!

If you have any questions or would like to get additional information, please contact Beth Wert at 240-740-3697 or email at [Elizabeth\\_A\\_Wert@mcpsmd.org](mailto:Elizabeth_A_Wert@mcpsmd.org).

Please fill out this [Google form](#) if you are willing to spend the day at Kensington Parkwood to share about your career with our school community.

## Notes from KP Administration

### Spring Testing Dates and Information

#### Kensington Parkwood Elementary School

February 9, 2023

Kensington Parkwood Parents and Guardians,

As we move into the second half of the school year, we are beginning to prepare for Spring testing! These are all required local and state Spring assessments in the areas of Science, ELA and Math.

Please review the testing windows below, specific testing days and times will be shared in the near future as we finalize our schedule. Classroom teachers will be communicating this information to you and can be found on the KP website.

Please note that all students will be tested in some capacity, and this will unfortunately cause some disruptions to classroom instructions. To the best of your ability, please try to schedule appointments outside of the testing days. We apologize in advance for the inconvenience.

Thank you,  
Blair Pearce

## A Note from the School Nurse Regarding Lice

See below for information about lice, which is a common condition in elementary-age children everywhere and here at KP.

# KP PTA NEWSLETTER MARCH 5, 2023

Montgomery County Department of  
Health and Human Services  
Public Health Services  
School Health Services

Montgomery County  
Public Schools

Dear Parent:

The following is pertinent information about a condition found commonly in preschool and elementary-age children. Head lice, also called *Pediculus humanus capitis*, are parasitic insects found on the heads of people. Anyone who comes in close contact (especially head-to-head contact) with someone who has head lice is at greatest risk. Occasionally, head lice may be acquired from contact with clothing or personal items that belong to an infested person. Personal hygiene or cleanliness in the home or school has nothing to do with getting head lice. Here are some ways you can identify and/or prevent head lice.

**BE ALERT FOR THE SIGNS OF HEAD LICE:** Signs and symptoms of head lice infestation include a tickling feeling of something moving in the hair, itching and/or sores caused by scratching on the back of the neck and head. If you observe your child scratching in this area, check his/her head for lice and nits attached to the hair shafts. The adult louse is about the size of a sesame seed, has six legs, no wings, and is tan to grayish white. Lice eggs are called nits. Nits are very small, about the size of a knot in thread, teardrop shaped, hard to see and often confused for dandruff or hair spray droplets. The female louse attaches the nits to the hair shaft, close to the scalp with a glue-like substance that makes the nits difficult to remove. Ordinary combing, brushing or shampooing will not remove them.

**INSPECT:** Examine the hair and scalp of all family members regularly throughout the year. This means all adults and children living in the same house. Pets do not carry human lice. Close inspection of the hair and scalp will sometimes reveal the adult lice, but you are more likely to see the nits.

**TREAT:** If lice or nits within ½ inch of the scalp are found, or your child has been excluded from school because of a lice infestation, use a special over-the-counter medication, called a pediculicide, or a medication prescribed by your health care provider. Use the medicated treatment exactly according to directions. After the treatment and the hair is dry, the nits close to the scalp should be removed with a special nit comb. Check the hair every 2 - 3 days for 2 – 3 weeks until you are sure all lice and nits within ½ inch of the scalp are gone.

**CLEAN THE ENVIRONMENT:** Check other household members for lice and/or nits and treat if necessary. Wash all washable clothing and bed linens worn or used by the infested person during the 2 days before treatment. Use hot water and dry laundry using high heat for at least 20 minutes. Clothing and other items that are not washable (coats, hats, scarves, stuffed animals) may be dry cleaned or stored in sealed plastic bags for two weeks. Soak combs and brushes for 1 hour in rubbing alcohol, Lysol or wash with hot soap and water. Vacuum the floor and furniture. Do not use fumigant sprays; they can be toxic if inhaled or absorbed through the skin.

**PREVENT A REINFESTATION:** Avoid head-to-head contact which is common during play at school and at home (sports activities, on the playground, slumber parties, at camp). Do not share clothing, such as hats, scarves, coats, sports uniforms, or hair ribbons/clips. Do not share combs, brushes, or towels. Do not lie on beds, couches, pillows, carpets, or stuffed animals that have recently been in contact with an infested person. *You are encouraged to notify the health room if you have found a head lice infestation on your child so that prevention measures can be implemented at school. This information will be kept confidential.*

# KP PTA NEWSLETTER MARCH 5, 2023

Departamento de Salud y Servicios Humanos  
del Condado de Montgomery  
Servicios Escolares

Escuelas Públicas del  
Condado de Montgomery

Fecha: \_\_\_\_\_

Su cooperación con éste problema común de la niñez puede ayudar a evitar una grave epidemia en la escuela.

Padre de Familia:

La siguiente es una información pertinente acerca de una condición que se encuentra comúnmente en el prekindergarten y escuela primaria. Los piojos en la cabeza, también llamados *Pediculus humanus capitis*, son insectos parasitarios que se encuentran en la cabeza de las personas. Cualquier persona que está en contacto cercano (especialmente el contacto de cabeza con cabeza) con alguien que tiene piojos está en gran riesgo. Ocasionalmente, el piojo se puede tener cuando está en contacto cercano con ropa u objetos personales que pertenecen a la persona que tiene piojos. Higiene o limpieza personal en la casa o en la escuela no tienen nada que ver con tener piojos en la cabeza.

Esto es lo que usted puede hacer para prevenir los piojos.

**ESTE ALERTA A LAS SEÑALES DE PIOJOS:** La señal más común es una fuerte picazón en la parte de atrás de la nuca y en la cabeza. Si usted ve a su hijo/a rascarse en esas partes, revise la cabeza a ver si tiene liendres pegadas al pelo. Los huevos se llaman liendres. Las diminutas liendres son blancas amarillentas grisáceas y se parecen a la forma de una lágrima. La hembra adhiere las liendres al pelo con un pegamento que hace casi imposible removerlas. Las peinillas, cepillos y champú ordinarios no ayudan a quitarlas.

**INSPECCIÓN:** Examine el pelo y cuero cabelludo de todos los miembros de la familia regularmente durante el año. La familia incluye mamá, papá, tíos/as y niños que viven en la casa. No se preocupe por las mascotas, a ellos no les atacan los piojos. Los piojos son pequeños insectos grisáceos sin alas. Un examen minucioso del pelo y cuero cabelludo puede revelar a veces el piojo adulto, pero es más frecuente ver las liendres.

**TRATAMIENTO:** Si encuentra piojos o liendres a ½ pulgada del cuero cabelludo, o si su hijo/a ha sido excluido/a de la escuela debido a los piojos, utilice un tratamiento especial sin receta médica llamado pediculicida. Use pediculicida de acuerdo a las instrucciones. Luego del tratamiento y secado del cabello, pueden removerse las liendres con el peine especial. **Revise la cabeza cada 2-3 días por 2-3 semanas hasta que esté seguro que todos los piojos y liendres que están a ½ pulgada del cuero cabelludo han desaparecido.**

**LIMPIEZA DEL AMBIENTE:** Revise a otros miembros de la familia por piojos o liendres y haga el tratamiento si es necesario. Lave toda la vestimenta, toallas y ropa de cama que estuvieron con la persona expuesta a los piojos durante 2 días antes del tratamiento. Use agua muy caliente y ponga en la secadora por 20 minutos. Los artículos que no se pueden lavar (abrigos, sombreros, bufandas, peluches) métalos en una funda plástica herméticamente cerrada por 10 días. Remoje las peinillas y cepillos del pelo por 1 hora con alcohol, Lysol o lávelos con agua jabonosa muy caliente. Pase la aspiradora a las alfombras, tapicería, almohadas, colchones y asientos del carro que hayan sido expuestos a personas con piojos. No use fumigantes porque pueden ser tóxicos si se inhalan o se absorben a través de la piel.

**PREVENCION DE REINFESTACION:**

Evite el contacto con otra cabeza lo que es común durante el juego en la escuela y en la casa (actividades deportivas, parque de juegos, fiestas infantiles, campamentos). No comparta ropa, como gorros, bufandas, abrigos, uniformes, o lazos. No comparta cepillos, peinillas, toallas. No se acueste en sofás, camas, almohadas, alfombras, o peluches que han estado en contacto con la persona infestada. Usted debe notificar al cuarto de enfermería si usted ha encontrado piojos en la cabeza de su hijo/a para implementar medidas preventivas en la escuela.

Esta información se mantendrá confidencial.

Por favor póngase en contacto con la enfermera si tiene preguntas y/o necesita información adicional a
