

PHOTOGRAPHY CLASS IS BACK!

Sign up now before classes fill up!

Photography 1 & Photography 2

Photography 1 and 2 will cover the digital camera as an art-making tool designed for student beginners and the advanced level. These classes will use digital photography to help students learn and apply elements of art and the principles of design. These classes will also provide students with opportunities to extend their knowledge and skills in the field of photography and the use of Adobe Photoshop and Lightroom. Digital Photography will familiarize the student with digital photographic equipment, materials, methods, and processes in the photography industry. Visual problem solving skills are explored through the use of the computer as the main tool for creative expression and communication. The classes will also cover how photography applies in the Business and Marketing World!
