

# Your Attendance Matters to Us... We Are Glad You Are Here!

## September is Attendance Awareness Month!

School has begun so we want to send out a few reminders for good habits to get a great jump on the year:

- **7:45-7:55 Great time to arrive!** Students need to be in their seats by 8 am...they need time to prepare and have all needed items with them.
- **Arrange for a change!** Students that arrive late on a regular basis miss important preparation and instruction time. Take time as a family to discuss time management and routines. If there are challenges, find ways to streamline your morning routine and add time to your morning preparations.
- **If it is 8, they are late...** Late arrivals must go to the office to check in prior to going to class (this takes time and delays your student further)

\* Excused-

- Unforeseen circumstances (accident, incident, car issues, etc)
- Appointments (doctor, dentist, orthodontist, etc)

\* Unexcused-

- Chronic lateness

- **We are all in this together!** Please reach out to our Graduation Coach Heidi Stark at 541-751-7215 or our office staff at 541-756-8341 if you need assistance.

Our NBMS students are important to us.

**We are all invested in your students' education and success.**
