# LEARNING ENVIRONMENTS NEWSLETTER (DECEMBER 2021)

# **UPDATES**

## **NEW FEATURES**

Student Assignment Enhancements will be turned on during winter break. This will not change the interface for instructors, but if you would like to see the changes students will encounter, visit the Digital Teaching and Learning Blog Post.

In the Assignment Details page, the *Show Rubric* and *View Feedback* links indicate when new comments have been added as an annotation or in a rubric. So, if you add new feedback to an assignment after initially releasing it to students, they will see a small blue circle indicating this.
