

ADVENTURES IN THE TREES

FOR TEENAGERS

13-15 June 2014

Hazel Hill Wood, near Salisbury, Wiltshire.

For teens aged 13-17

Create your own wild wood adventures, and experience the magic of the trees. Join in designing and building a rope-net structure hung between the trees, for climbing, jumping, hanging around - even sleeping in! Learn about wilderness skills and ecology, explore the woodland with all your senses, enjoy some silence and celebrate your stories around the fire.

Hazel Hill Wood is a great place for fun, exploring and a fresh view on life. The weekend will be guided by a professional team from Monkey-Do and Hazel Hill. Monkey-Do are experts in creating rope-net structures, with 12 years experience. Hazel Hill is a magical 70-acre woodland centre and nature sanctuary, with great facilities including off-grid eco-buildings and lots of wildlife.
