

Call 2023 - Postdoctoral Fellowship Marie Skłodowska-Curie Actions (MSCA)

Since 2017, the University of Graz is hosting its highly successful Marie Skłodowska-Curie-Postdoctoral Fellowship (MSCA-PF) workshop in collaboration with expert support from the Austrian National Contact Point (NCP). Over the past years, the Centre for Southeast European Studies and the Field of Excellence "Dimensions of Europeanization" (DoE) have been able to successfully secure 13 Marie Skłodowska-Curie fellowships. The Field of Excellence seeks to build on this success to attract researchers for a two year stay at the University of Graz. We are currently accepting applications by interested researchers who are eligible for applying.

We are particularly interested in projects that relate to the following five clusters of the Dimensions of Europeanization - but applications for MSC-PF are not restricted to the topics of these clusters:

- European Literatures and their Interactions
- Cultural Memory and Cultural Heritage in the Context of Europeanisation and Digital Transformation
- Migration, Borders and Mobilities in, around and across Europe
- In/Equalities in societal transformation processes
- Knowledge Transfer and Concepts of Europe
