

Mpd Presents

Coffee with a Cop

Hello everyone! Anyone who hasn't experienced this event, should absolutely come out and try it at least once! Coffee with a Cop usually happens only once a year, but this year we are doing things a little different! My name is Officer Robert Hamrick and I have just been offered the privilege of taking the role as our community's Outreach Coordinator for the 4th District. I am so excited to make our relationship with MPD and our Community stronger than ever! Coffee with a Cop will have your Patrol Service Area officers and officials providing answers to some of your hard questions right in your own community in your own businesses, all while sipping on some fresh brewed morning joe!

Here's the twist. Coffee with a cop for the year of 2022 will happen every month, each time at a different location with different ethnicities and different Coffee! There will be casual music, jokes and topics that could possibly heal some of our community's wounds. For the second part of the year we will revisit the business to follow up on progress. All I ask is that you bring a mask, good attitude, an open mind and a taste for some caffeine on me!

Mpd Presents

Coffee with a Cop
