

# FOREST ECOSYSTEM

DID YOU KNOW OHIO IS 30% FORESTED?

- Don't miss this exciting professional development workshop to learn about the sustainable practices that are being used in Ohio's forests to meet the current and future needs of Ohioans. Ohio forests and you!
- Discover how **service foresters** assist landowners with **woodland management** decisions.
- Participants will hear from **expert** guest speakers and learn to "Understand the Effects of Forest Uses" as well as "Seeking Sustainability" in our local forests.
- Address education standards with PLT's hands-on, interdisciplinary activities for youth of all ages.
