

Project Architect/Job Captain

HARKA a small architecture firm currently focused on various residential scale as well as smaller commercial projects. We are in search of a Project Architect or Designer with a minimum of 5 years of experience preferably with a focus on residential design in Oregon. We are a value-based firm and are passionate about low carbon design, community-building, natural building construction, and non-toxic design. We are looking for a person that shares these values and wants to make a positive difference in the world.

Required qualifications:

- Bachelor or Master of Architecture degree
- A minimum of 5 years of experience in residential architecture
- Strong AutoCAD skills
- Be able to come up with creative solutions for projects with tight budgets that are beautiful
- Experience working directly with clients
- Can work independently and not afraid to ask questions
- A strong technical background in constructability, systems and codes
- The ability to juggle multiple small projects
- Strong project management experience
- Must be a good communicator

Preferred qualifications:

- A minimum of 5 years of experience in Oregon and/or Washington
- Certified Passive House Consultant
- Hands-on construction experience
- Strong computer skills in basic and other design programs
- A passion for environmental sustainability
- Strong community service

You are encouraged to apply if:

- You meet the required qualifications and some or all of the preferred qualifications.
- The idea of working in a small, values-driven firm excites you
- You love working in a collaborative work place and are interested in helping to create an equitable and nurturing work environment
- You care about creating community and affecting climate change
- You are an activist
- You want to make the world a better place

This position will begin on a contract basis with opportunity to grow into employment. Salary is negotiable and based on experience.
