

How To Identify Your Lewmar Winch

<https://www.lewmar.com/product-listing.asp?action=search&type=8>

Lewmar Ocean Wavespring Self-Tailing Winches

Ocean Wavespring self-tailing winches have been in production since 1992, and are easily identified by the chrome, spin-off top cap and spring loaded composite jaws.

Powered Ocean winch spares are not currently available online, please consult your product manual. [Click here](#) to access product manuals.

Lewmar Wavegrip Self-Tailing Winches

Wave Grip (4 Allen Screws)

Wave Grip (4 Cross Head Screws)

Wavegrip Self-Tailing Winches were produced between 1983-1991 (approx.) and are identified by either 4 cross head screws or allen bolt securing the top cap. They also have fixed jaws. Details of spares are available on request, please [contact us](#) and we will be pleased to help. Please note that some winch sizes have only a limited range of spares available.

Hold Fast Self-Tailing Winches

Hold Fast (Screw on Upper Crown)

Hold Fast Self-Tailing Winches were produced between 1978 - 1983 in Sizes 16, 30 & 34 and can be identified by their one piece upper crown and feeder arm that screwed directly on top.

Available spares for these winches are now very limited, but please [contact us](#) and we will do our best to help.

Spring Jaw Self-Tailing Winches

The earliest self-tailing winches, Spring Jaw, were produced between 1975-1977 and had 6 allen screws securing the top cap. Again, spares for these winches are now very limited, but please [contact us](#) and we will do our best to help.

Old Spring Jaw Version
(6 Allen Screws)

STANDARD WINCHES (not self-tailing)

Current Standard Ocean Winches have been produced from 1992 have a grey moulded top crown on the drum, except for Size 6 which has a one-piece metal drum. Full details of spares are available online for Sizes 6-43. [Click here](#) to see spares.

Early Standard Winches were produced between 1982 - 1992 (approx.) and had a black moulded top crown on the drum.

Details of spares for these winches are available on request, please [contact us](#). Please note that spares for some sizes are limited.

Earlier Standard Winches had one-piece drums and only limited spares are now available. Please [contact us](#) for details.
