[Nelson Workable Maths for WA-WACE: 2AMAT, , Susan Thomson](#) , 2008, 0170136000, 9780170136006. The Nelson Maths for WACE series has been written specifically for the new Western Australian senior syllabus. Featuring an appealing full-colour design, all books in the series include a comprehensive glossary and an interactive student CD-Rom. The CD-Rom contains a PDF of the textbook, activity worksheets, worksheets containing further exercises, skills check sheets, a series of exercises developing spreadsheet skills using real-life applications and more. In Nelson Maths for WACE - 2AMAT, chapters focus on the practical applications of mathematics and learning activities are structured to suit. Each chapter starts with a section titled *How can you use what you learn in this chapter?*, helping students link their learning to the real world. Practical activities appear throughout the chapters.

[Shaw on Music, Bernard Shaw](#) , 1995, 1557831491, 9781557831491. This volume contains the best of Shaw's musical writing, including sections on Gluck, Handel, Mozart, Beethoven, Rossini, Verdi, Berlioz, pieces on opera, musical analysis, oratorios, Gilbert and Sullivan, plus a long autobiographical preface, one of Shaw's most self-revealing works. The result is a book of unparalleled brilliance and grace by a writer who, according to W.H. Auden, "was probably the greatest music critic who ever lived." "For all music collections." - Library Journal

[Society of the Dead: Quita Manaquita and Palo Praise in Cuba, Todd Ramn Ochoa](#), 2010, 0520256832, 9780520256835.

"Todd Ochoa's important text immediately transposes us into a Kongo-Cuban sacred world of summoned ancestral forces--Lucero, Sarabanda, Mama Chola, et al. The dead are honored on altars in ways that represent a profound creolization of the 'medicines of God' (minkisi), core elements of the classical religion of the kingdom of Kongo. Ochoa makes clear that Palo is a world faith with all the depth, narrative excitement, and cultural vitality that such a status implies. I enthusiastically recommend this book."--Robert Farris Thompson, author of "Tango: The Art History of Love and Aesthetic of the Cool" "The subtle accomplishments of this intensive work are evident in the empirical richness, in its attention to the intertwinings of performance, materiality, and power, and in the deeply engaging voice that resonates throughout the manuscript. This is a singular achievement and will provide the first thoroughgoing account on Palo in English, written with a keen ethnographic sensibility, but much more broadly accessible--poetic and lucid, interpretive and grounded, challenging and engaging."--Don Brenneis, UC Santa Cruz "Ochoa takes us swimming into the unseen sea populated by the dead in Kongo-Cuban traditions. This nuanced and penetrating study reveals how the dead are divinity's potential, the generative spark that animates the many branches of what Ochoa terms 'African-inspired' practices.

[Steve Tobin: Earth Bronzes, Steve Tobin, John Perreault, George Erml](#) , 1998, 0966285409, 9780966285406.

[A Definitive Commentary on Bookplates, Paul Rich](#) , 2013, 0944285848, 9780944285848. Edward Gordon Craig was an artist philosopher whose daring stage sets were many years ahead of their time and whose theories about the use of masks in theater remain startling even today. His work with bookplates is too little remembered, but the designs are a wonderful introduction to his aesthetic theories and his experiments with light and shadow, as this unique volume illustrates.

Incorporating the experience of the author and her five earlier editions of Fashion Merchandising: An Introduction, this book covers product development, home fashions, retailing strategies, and examines how communication trends and technological advances impact the fashion world.

[The Silver Door, , Emily Rodda](#) , 2013, 0545520673, 9780545520676. Internationally bestselling author Emily Rodda returns to the world of Deltora in book two of her brilliant new trilogy. Rye made it through the golden Door and rescued his oldest brother, but his troubles are far from over. The walled city of Weld in which he lives is still under attack by flying beasts called skimmers and Rye must discover who is sending them before it's too late. Also, his second brother, Sholto, is still missing and Rye can feel that he's in terrible danger. Rye must choose one of the three Doors that lead out of Weld and venture into the unknown one more time. Will he save Sholto and Weld . . . or will the silver Door be the end of Rye?

[Water in Crisis: A Guide to the World's Fresh Water Resources, Peter H. Gleick, Pacific Institute for Studies in Development, Environment, and Security, Stockholm Environment Institute](#) , 1993, 0195076281, 9780195076288.

Among the most compelling environmental issues of today and tomorrow are those concerning the world's fresh water resources. Peter H. Gleick's important new volume, Water in Crisis, addresses the timely and sometimes controversial aspects of world water use. At stake are water quality, quantity, and possible future conflicts over shared international water resources. Nine essays by leading specialists from fields as diverse as hydrology, zoology, and law, among others, cover such issues as the status of developments in international water law; hydroelectric power; the possible effects of climatic change on water resources; and the state of fresh water fisheries. Particular chapters explore access to clean drinking water and sanitation; the use of water for energy and food production; the quality of rivers, lakes, and inland seas; and the condition of natural aquatic ecosystems. A joint project of the Pacific Institute and the Stockholm Environment Institute, this book is a comprehensive guide to the world's fresh water resources. Hydrologists, engineers, policy makers, professionals in the environmental sciences, as well as lay readers will find Water in Crisis a dynamic resource and information-packed reference. More than 200 tables of fresh water data supplement this important volume.

[The Willow Cabin, Pamela Frankau](#) , 1989, 0140161953, 9780140161953. Caroline, a promising actress, falls in love with Michael Knowles, a successful surgeon, but develops an obsession about his ex-wife, Mercedes

[The Complete Idiot's Guide to Wills and Estates for Canadians, Steve Maple, Edward Olkovich](#) , 1998, 0130801240, 9780130801241. You're no idiot, of course. You know how to save money, plan important family events, and pay your bills on time. But when it comes to writing your will and estate plan, you feel confused. Don't panic The Complete Idiot's Guide to Wills and Estates helps make sense of the legal aspects of writing a valid will and disposing of your estate the way you want to. In this Complete Idiot's Guide, you get:

[The Making of a Patriot: Benjamin Franklin at the Cockpit, Sheila L. Skemp](#) , 2013, 0195386566, 9780195386561. On January 29, 1774, Benjamin Franklin was called to appear before the Privy Council--a select group of the king's advisors--in an octagonal-shaped room in Whitehall Palace known as the Cockpit. Spurred by jeers and applause from the audience in the Cockpit, Solicitor General Alexander Wedderburn unleashed a withering tirade against Franklin. Though Franklin entered the room as a dutiful servant of the British crown, he left as a budding American revolutionary. In The Making of a Patriot, renowned Franklin historian Sheila L. Skemp presents an insightful, lively narrative that goes beyond the traditional Franklin biography--and behind the common myths--to demonstrate how Franklin's ultimate decision to support the colonists was by no means a foregone conclusion. In fact, up until the Cockpit ordeal, he was steadfastly committed to achieving "an accommodation of our differences."The Making of a Patriot sheds light on the conspiratorial framework within which actors on both sides of the Atlantic moved toward revolution. It highlights how this event ultimately pitted Franklin against his son, suggesting that the Revolution was, in no small part, also a civil war.

[The Care of Persons with Dementia in Catholic Aged Care: A Guide to Better Practice, Catholic Health Australia](#) , 2006, 0957895313, 9780957895317. Outlines some of the best practice techniques in caring for people with dementia, supplemented with examples of Catholic providers already involved in undertaking innovative approaches to demential care. It is meant to act as a guide and resource to generate discussion between management, staff, residents and families.

[Eliminating Careless Error: Easy Learn & Teach Parent's Manual to Rid Children's Arithmetic of Careless Error.,](#) , 2005, 0976478404, 9780976478409. 'Eliminating Careless Error' is a long overdue book. It is the only book available which specifically addresses the number one problem in arithmetic education - how to know if your answer is correct without redoing the problem. The method was developed by the author, James Watt and carries an affidavit endorsement from

Dr. James E. Bennett, Ph.D. Mathematics. The material is simple to read and understand. Children think it is a magic trick when they learn it. The method astonishes parents.

[Time Spike, Eric Flint, Marilyn Kosmatka](#) , 2008, 1416555382, 9781416555384. Captain Mark Stephens was overseeing the change of shifts at the state of Illinois' maximum-security prison when the world outside was suddenly ripped. They thought it was an earthquake until they found that the Mississippi river had disappeared, along with all signs of civilization. Then the sun came up -- in the wrong direction. And a dinosaur came by and scratched its hide against the wall of the prison... Something had thrown the prison back in time millions of years. And they were not alone. Other humans from periods centuries, even millennia apart had also been dropped into the same time. Including a band of murderous conquistadores. But the prison had its own large population of murderers. They couldn't be turned loose, but what else could be done with them? Death walked outside the walls, human savagery was planning to break loose inside, and Stephens and the other men and women of the prison's staff were trapped in the middle.

[American Studies, Mark Merlis](#) , 1996, 0140250905, 9780140250909. Reeve thinks his life is over: his career is at a dead

end, his face is a mess, and his landlord is evicting him from his apartment because he made too much noise when a hustler beat him up. As he lies in his hospital bed, trying to figure out what to do next, he finds himself brooding about the parallel ruin of his comrade and mentor Tom Slater, a famous American literary scholar who dabbled in communism and was driven to suicide during the McCarthy era. And there is the further distraction of the patient in the next bed, a silent youth who arouses feelings Reeve has vowed not to have any more, the dangerous longing for the sweetness and menace of straight men. Never at a loss for the telling detail or bitchy aside, Reeve offers a sweeping view of gay life in this century as he reconstructs the troubled world of Tom Slater (a figure inspired by the critic F. O. Matthiessen) and recalls his own insouciant youth and horny old age. Dark humor and decadent prose infuse this story of desire, betrayal, and healing.

[Farm, Shop, Landing: The Rise of a Market Society in the Hudson Valley, 1780-1860, Martin Bruegel](#) , 2002, 0822328496, 9780822328490. DIVAt the turn of the nineteenth century, when the word capital first found its way into the vocabulary of mid-Hudson Valley residents, the term irrevocably marked the profound change that had transformed the region from an inward-looking, rural community into a participant in an emerging market economy. In *Farm, Shop, Landing* Martin Bruegel turns his attention to the daily lives of merchants, artisans, and farmers who lived and worked along the Hudson River in the decades following the American Revolution to explain how the seeds of capitalism were spread on rural U.S. soil. Combining theoretical rigor with extensive archival research, Bruegel's account diverges from other historiographies of nineteenth-century economic development. It challenges the assumption that the coexistence of long-distance trade, private property, and entrepreneurial activity lead to one inescapable outcome: a market economy either wholeheartedly embraced or entirely rejected by its members. When Bruegel tells the story of farmer William Coventry struggling in the face of bad harvests, widow Mary Livingston battling her tenants, blacksmith Samuel Fowks perfecting the cast-iron plough, and Hannah Bushnell sending her butter to market, Bruegel shows that the social conventions of a particular community, and the real struggles and hopes of individuals, actively mold the evolving economic order. Ultimately, then, *Farm, Shop, Landing* suggests that the process of modernization must be understood as the result of the simultaneous and often contentious interplay of social and economic spheres./div

[Fractured Modernity: Making of a Middle Class in Colonial North India, Sanjay Joshi](#) , 2001, 0195645626, 9780195645620. This book describes the rise of a middle class in colonial India. Using Lucknow as a case study, the author demonstrates ways in which the making of the middle class in British India was closely tied to both 'modern' and 'traditional' imaginings and constructions of class, community, nation, and gender relations.

[On Becoming a Professional Chef, Michael Baskette](#) , 2003, 013113728X, 9780131137288. This definitive text on the career ladder for professional cooking in America explains the disciplines and attributes needed to reach the chef level in the world of cuisine. It follows the American Culinary Federations guidelines on professional culinary training, education,

certification and competitions to prepare future chefs for the ACF certification. Provides insight regarding the skills needed to become a successful chef encompassing all aspects of the modern chef's job such as marketing, human resource management, product management, financial management, and sales. For future professional chefs and those preparing for the ACF certification.

[Tense Marking in Black English: A Linguistic and Social Analysis, Ralph Fasold](#) , 1972, .

[Modeling in Event-B: System and Software Engineering, Jean-Raymond Abrial](#) , 2010, 0521895561, 9780521895569. A practical text suitable for an introductory or advanced course in formal methods, this book presents a mathematical approach to modelling and designing systems using an extension of the B formal method: Event-B. Based on the idea of refinement, the author's systematic approach allows the user to construct models gradually and to facilitate a systematic reasoning method by means of proofs. Readers will learn how to build models of programs and, more generally, discrete systems, but this is all done with practice in mind. The numerous examples provided arise from various sources of computer system developments, including sequential programs, concurrent programs and electronic circuits. The book also contains a large number of exercises and projects ranging in difficulty. Each of the examples included in the book has been proved using the Rodin Platform tool set, which is available free for download at www.event-b.org.

[Made from Scratch: Reclaiming the Pleasures of the American Hearth, Jean Zimmerman](#) , 2012, 1439138087, 9781439138083. In this stunning celebration and reappraisal of the importance of "women's work," acclaimed journalist Jean Zimmerman poignantly addresses the tug that many Americans of the twenty-first century feel between our professional and private lives. With sharp wit and intelligence, she offers evidence that in the current domestic vacuum, we still long for a richer home life -- a paradox visible in the Martha Stewart phenomenon, in the continuing popularity of women's service magazines such as *Better Homes and Gardens*, *Family Circle*, and *Ladies' Home Journal* -- whose combined circulation of over 17 million is nearly twice the combined circulation of *Time*, *Newsweek*, and *U.S. News & World Report* -- and the booming business of restorations, where onlookers get a hands-on view of domestic life as it flourished in past centuries. This book is about the ways home traditions passed from one generation to the next -- baking a birthday cake from scratch, cherishing family heirlooms, or discovering the satisfaction of piecing a quilt --

sustain our souls, especially in our ever more processed, synthetic world, where we buy "homemade" goods and fail to see the irony in that. *Made from Scratch* tells the story of the unsung heroines of the hearth, investigating the history of female domesticity and charting its cultural changes over centuries. Zimmerman traces the lives of her own family's homemakers -- from her tiny but indomitable grandmother, who managed a farm, strangled chickens with her bare hands, and sewed all the family clothing, to her mother, who rejected her country upbringing yet kept a fastidious suburban home where the gender divide stayed firmly in place, to her own experiences as a wife and mother weaned on the Women's Movement of the 1970s, with its emphatic view that housework was a dirty word and that the domestic sphere was to be fled rather than cherished. In this book Zimmerman questions the unexamined trade-off we have made in a shockingly brief time span, as we've "progressed" from home-raised chickens to frozen TV dinners to McNuggets from the food court at the mall. What is lost when we no longer engage, as individuals and as a community, in the ancient rituals of food, craft, and shelter?

[Think+Write Art T/A Understand Art 5E, FICHNER](#) , 1997, .

[Waylon: An Autobiography, Waylon Jennings, Lenny Kaye](#) , 2012, 1613744692, 9781613744697. Equal parts outlaw, renegade, and legend, Waylon Jennings enjoyed a stellar music career for four decades and this no-holds-barred autobiography reveals the story of a man who infused conservative country music traditions with the energy of rock and roll to rewrite the rules of popular music in America. It chronicles all the chapters of Jennings's incredible life, including his beginnings as a dirt-poor son of a farm laborer; his role as Buddy Holly's protégé; his influential friendships with such luminaries as Johnny Cash, Willie Nelson, and George Jones; the stunning success ushered in by his platinum 1976 anthology album, *Wanted: The Outlaws*; the drug habit that nearly destroyed him; and his three failed marriages and the journey that led him to Jessi Colter, the woman who would become his wife for 25 years. With anecdotes, portraits, and little-known facts about Jennings's fellow country music stars, this book overflows with the honesty, true humor, and down-home charisma of an authentic honky-tonk hero.

[Steff Price Guide: Dolls - Teddy Bears - Animals, Edith Koskinen, Johan Koskinen](#) , 1999, 0912823844, 9780912823843.

[Adoption Means Love: Triumph of the Heart, Michele Madrid-Branch](#) , 2005, 097474431X, 9780974744315. *Adoption Means Love: Triumph of the Heart* is a powerful compilation of stories from people across the country and around the world, who have been personally touched by the miracle of adoption. The timely importance of this book cannot be overstated. Roughly 500,000 children are in U.S. Foster Care today. Millions more wait in orphanages around the world for their forever families. Each story, found within the pages of *Adoption Means Love: Triumph of the Heart*, reaches deep into the soul and compassionately uncovers the ribbons of truth that connect us all. Honestly and poignantly, the book celebrates the transformation and triumph that is adoption.

[Introduction to Java Programming: Comprehensive Version, Y. Daniel Liang](#) , 2011, 0132130807, 9780132130806.

Introduction to Java Programming, Comprehensive, 8e, features comprehensive coverage ideal for a one-, two-, or three-semester CS1 course sequence. Regardless of major, students will be able to grasp concepts of problem-solving and programming thanks to Liang's fundamentals-first approach, students learn critical problem solving skills and core constructs before object-oriented programming. Liang's approach has been extended to application-rich programming examples, which go beyond the traditional math-based problems found in most texts. Students are introduced to topics like control statements, methods, and arrays before learning to create classes. Later chapters introduce advanced topics including graphical user interface, exception handling, I/O, and data structures. Small, simple examples demonstrate concepts and techniques while longer examples are presented in case studies with overall discussions and thorough line-by-line explanations. Increased data structures chapters make the Eighth Edition ideal for a full course on data structures.

[Protoalgebraic Logics, Janusz Czelakowski](#) , 2001, 0792369408, 9780792369400. The main aim of this monograph is to provide a structured study of the algebraic method in metalogic. In contrast to traditional algebraic logic, where the focus is on the algebraic forms of specific deductive systems, abstract algebraic logic is concerned with the process of algebraization itself. This book presents in a systematic way recent ideas in abstract algebraic logic centered around the

notion of the Leibniz operator. The stress is put on the taxonomy of deductive systems. Isolating a list of plausible properties of the Leibniz operator serves as a basis for distinguishing certain natural classes of sentential logics. The hierarchy of deductive systems presented in the book comprises, among others, the following classes: protoalgebraic logics, equivalential logics, algebraizable logics, and Fregean logics. Because of the intimate connection between algebraic and logical structures, the book also provides a uniform treatment of various topics concerning deduction theorems and quasivarieties of algebras. The presentation of the above classes of logics is accompanied by a wealth of examples illustrating the general theory. An essential part of the book is formed by the numerous exercises integrated into the text. This book is both suitable for logically and algebraically minded graduate and advanced graduate students of mathematics, computer science and philosophy, and as a reference work for the expert.

[Grease Lubrication in Rolling Bearings, Piet M. Lugt](#) , 2012, 1118483987, 9781118483985. The definitive book on the science of grease lubrication for roller and needle bearings in industrial and vehicle engineering. Grease Lubrication in Rolling Bearings provides an overview of the existing knowledge on the various aspects of grease lubrication (including lubrication systems) and the state of the art models that exist today. The book reviews the physical and chemical aspects of grease lubrication, primarily directed towards lubrication of rolling bearings. The first part of the book covers grease composition, properties and rheology, including thermal and dynamics properties. Later chapters cover the dynamics of greased bearings, including grease life, bearing life, reliability and testing. The final chapter covers lubrication systems the systems that deliver grease to the components requiring lubrication. Grease Lubrication in Rolling Bearings: Describes the underlying physical and chemical properties of grease. Discusses the effect of load, speed, temperature, bearing geometry, bearing materials and grease type on bearing wear. Covers both bearing and grease performance, including thermo-mechanical ageing and testing methodologies. It is intended for researchers and engineers in the petro-chemical and bearing industry, industries related to this (e.g. wind turbine industry, automotive industry) and for application

engineers. It will also be of interest for teaching in post-graduate courses.

[Charlie and Lola: We Completely Must Go to London, , Lauren Child](#) , 2012, 0141342927, 9780141342924. Charlie has this little sister Lola. Today they are visiting London on a school trip. Lola says, "London is extremely huge and very BUSY...I can't wait!"Join Charlie and Lola as they take in all of London's most famous and best sights. There's plenty to see so tick off all the places they visit on your own extremely good London map AND tell everyone about your trip with free London postcards.

[Sex, Life, and Hannah - Volume 1 - Winter Season, Volume 1, Dorota Skrzypek](#) , 2007, 0976886936, 9780976886938. Big slut-hair, ferocious red lips, and thigh-highs-Hannah is set for her steamiest New Year's Eve seduction ever. But instead, her boyfriend of five and a half years breaks up with her. Forced back into the revolving door of the L.A. dating scene Hannah finds herself agonizing over The Ex, trying to comfort herself in the hot young neighbor's bed, and falling in love...again? The inaugural volume of the Sex, Life, and Hannah book series is a sexy shotgun blast of cocktails, cockteases, and revelations. Surrounded by her slightly insane friends, Hannah treads the infamous waters of heartbreak. From the pros and cons of rebound sex, to navigating manic Ex-induced mood swings, and exploring whether a leather harness and latex can really help you move on, will Hannah ever find The One? Strap in and hang on, this ride is going to hurt.

[The Social Psychology of Organizations, Daniel Katz](#) , 1998, . Analyzes the essential problems of human organizationsthe motivation to work, the resolution of conflict, the exercise of leadership, and the creation of organizational change. Examines the relations between organizations and their environments, the effect of organizational demands and opportunities on individual health, and the experimental development of organizational alternatives to conventional bureaucratic structure. Applies theoretical principles to concrete organizational problems, illustrating with research findings.

[America's Desertlands With Kids: Exploring the Southwestern Us With Children, Scott Regehr](#) , 2006, 0973894717, 9780973894714. The Southwest is an enormous, vibrant living classroom. Illustrated in tintype, scorched by gunpowder and delineated by rail and barbed wire, it is also controversial, spliced with the legend, lore, and exploits of Kit Carson, Butch Cassidy, Wyatt Earp, Geronimo, and Sitting Bull. The itineraries and suggested activities in Arizona, California, Colorado, Nevada, New Mexico, western Texas, and Utah will inspire families to observe petroglyphs and ghost towns; embark on river rafting or rock climbing adventures; go horseback riding and house boating; or check out the fabulous hikes and bike rides the Southwest has to offer. This is the quintessential family guide to exploring America's southwestern landscape.

[Irish Nouns: A Reference Guide, Andrew Carnie](#) , 2008, 0199213755, 9780199213757. This book presents the first comprehensive reference on noun declensions in Modern Irish. Whereas traditional descriptions of noun inflection are notoriously complex and filled with exceptions and irregularities, this reference guide provides a systematic and straightforward characterization of nominal paradigms, which also captures important generalizations about the inflection of nouns. Andrew Carnie proposes ten declension classes instead of the traditional five and separates off seven major types of plural formation. He provides fully inflected paradigms for 1200 nouns, and a reference list of 10,000 Irish nouns annotated with their new declension class, their plural type and the form of the genitive singular and common case (nominative) plural. The book also includes parallel information on the inflection of adjectives and prepositions. This unique reference tool will be invaluable not only to language researchers and authors, but to teachers and students of the language, whether they are native speakers or beginners.

[Shamed: The Honour Killing That Shocked Britain by the Sister Who Fought for Justice, Sarbjit Kaur Athwal](#) , 2013,

1448133971, 9781448133970. In 1998, Sarbjit Athwal was called by her husband to attend a family meeting. It looked

like just another family gathering. An attractive house in west London, a large dining room, two brothers, their mother, one wife. But the subject they were discussing was anything but ordinary. At the head of the group sat the elderly mother. She stared proudly around, smiling at her children, then raised her hand for silence. 'It's decided then,' the old lady announced. 'We have to get rid of her.' 'Her' was Surjit Athwal, Sarbjit's sister-in-law. Within three weeks of that meeting, Surjit was dead: lured from London to India, drugged, strangled, and her body dumped in the Ravi River, never to be seen again. After the killing, risking her own life, Sarbjit fought secretly for justice for nine long, scared years. Eventually, with immense bravery, she became the first person within a murderer's family ever to go into open court in an honour killing trial as the Prosecution's key witness, and the first to waive her anonymity in such a trial. As a result of her testimony, the trial led to the first successful prosecution of an honour killing without the body ever being found. But her story doesn't end there. Since the trial, her life has been threatened; her own husband arrested after an allegation of intimidation. Shamed is a story of fear and of horror - but also of immense courage, and a woman who risked everything to see that justice was done.

[Companion in Alternating Current Technology, Ashton Jairam](#) , 1998, 0130803855, 9780130803856. This companion guide helps readers bridge the gap between theoretical principles of alternating current and their practical application in the full range of typical alternating current problems. Assuming only a basic background in the subject, it provides brief technical/theoretical notes, outlines the essential tools, methods, and procedures used to solve problems, and presents carefully detailed solutions to selected problems highlighting alternative methods, where applicable. Covers alternating current fundamentals, phasor summation of A.C quantities, A.C series circuits, alternating current parallel circuits, power factor improvement, three phase alternating current circuits, the transformer, the alternator, the induction motor, and complex notation - the j operator. For anyone who works with alternating current problems.

[Seve: A Biography of Severiano Ballesteros, Alistair Tait](#) , 2012, 1448132487, 9781448132485. Seve is the most extrovert player Europe has ever produced. Playboy good looks along with a magnetism that attracted non-golfers to the game made him the biggest drawing card Europe has ever had. He emerged on the world scene with typical Ian, hitting one of the most outrageous shots ever seen at the 1976 Open Championship. Three years later he became the youngest Open Champion of the modern era when he won the first of his five major championships. Ballesteros started Europe's domination of the Majors throughout the 80s and 90s, paving the way for Nick Faldo, Bernhard Langer, Ian Woosnam, Sandy Lyle and Jose Maria Olazabal. His play in the Ryder Cup, fuelled by an intense dislike for Americans, helped restore Europe's pride in the event. Driven by Basque pride and with a fiery Latin temperament, Seve has often let his heart rule his head. Seve is the remarkable story of one of the game's most fascinating characters.

[America's New Democracy, Morris P. Fiorina, Paul E. Peterson, Bertram Johnson, William G. Mayer](#) , 2010, 0205806732, 9780205806737. America's New Democracy is written with the needs of today's college undergraduate student foremost in mind. Employing a thoughtful, storytelling style with an emphasis on the "bottom line," this text focuses on the central role that elections and electoral incentives play in America's political system. The elections theme links every chapter, providing a valuable, unified framework for learning about American government. New to the Sixth Edition-This edition has been updated throughout to discuss results of the 2010 congressional elections and the effects of the 2008 presidential election as well as a host of important developments in American politics over the past two years.-New Election Voices essays focus on immigration (Chapter 4) and whether the government should enact a nationwide civic education program (Chapter 5).-Chapter 6 on the Media has been heavily updated to reflect the major technological changes that have occurred in the past few years.-This edition includes new introductions for many chapters, new examples to illustrate core concepts, and new data on public opinion, growth of the gender gap, and budgetary trends.

[Endocrine Problems, Michael Moore, Chantal Simon](#) , 2013, 019921574X, 9780199215744. This book is designed to provide the practicing GP with all the information needed to deal with diabetic and other endocrine problems in the community. As well as providing a scheme for assessment of patients with common endocrine conditions and explanation of common symptoms and signs, it covers all major clinical endocrine health topics. This book has taken the core text from the successful Oxford Handbook of General Practice and edited it together to cover the full breadth of diabetic and endocrine care in the community in one easy to access volume. In addition to the core text, this volume also contains a wealth of "extras" which make all the difference - such as helpful tips, self-help strategies for patients, patient experience information, frequently asked questions and links with quality payments available through the new GMS contract. This book includes: useful links to further information for patients and GPs; expanded references to help students and GP registrars who need to be aware of the evidence base behind management decisions; flow charts to aid management; explanatory material and diagrams for GPs and nurses to use when explaining a particular condition to a patient; 'Patient experiences' information; FAQs which either take the form of question and answer boxes or 'hot tips boxes' or 'common mistakes boxes'; and each topic is linked to the requirements of the new GP Contract 'Quality and Outcomes Framework'.

[A Dictionary of British Place-Names, A. D. Mills](#) , 2003, 0191578479, 9780191578472. Over 15,000 A-Z entries covering England, Scotland, Ireland, and Wales, make this the most comprehensive and up-to-date dictionary of British place names available. From Abbas Combe to Zennor, it gives the meaning and origin of names of counties, towns, and villages, tracing their development from earliest times to the present day. Invaluable for anyone finding out about a local area, lexicographers and local historians alike will be fascinated by what these place-names reveal. The dictionary features an in-depth introductory essay which discusses the chronology and development of British place-names, different types of formation, and sections focusing on Irish, Welsh, and Scottish place-names. It also includes an extensive bibliography for further research, maps of Britain showing old and new boundaries, and provides a Glossary of common elements in place-names. This critically acclaimed dictionary has been described as 'an indispensable travelling companion' (Landscape History), and 'another volume for every local historian's bookshelf' (Local Historian).

[Storm in the Night, Mary Stolz](#) , 1990, 0064432564, 9780064432566. Storm in the night. Thunder like mountains blowing up. Lightning licking the navy-blue sky. Rain streaming down the windows, babbling in the downspouts. And Grandfather? . . . And Thomas? . . . And Ringo, the cat? They were in the dark. Too early to go to bed, and with only flashes of lightning to see by, Thomas and his grandfather happily find themselves re-discovering the half-forgotten scents and sounds of their world, and having a wonderful time learning important, new things about each other in a spirited conversation sparked by darkness. Mary Stolz and Pat Cummings have each brought their unique talents to this lyrical tale about a magical, stormy night and a special relationship.

[Society at the Crossroads: Choosing the Right Road, Steven B. Cord](#) , 2002, 0971174245, 9780971174245. "This in-depth analysis of ethical relativism and its role in contemporary social problems examines the inner attitudes of society and how ethical relativism has created individuals who have no respect for the rights and safety of others. Presented is a simple case for the rational provability of the equal rights doctrine and how such a proof can alleviate or solve intractable social problems. Described is a simple, no-cost tax reform that has been endorsed by eight American winners of the Nobel Prize in economics."

[All a Novelist Needs: Colm Tibn on Henry James, Colm Tibn](#) , 2010, 0801897793, 9780801897795. This book collects, for the first time, Colm Tibn's critical essays on Henry James. Shortlisted for the Booker Prize for his novel about James's life,

The Master, Tibn brilliantly analyzes James from a novelist's point of view. Known for his acuity and originality, Tibn is himself a master of fiction and critical works, which makes this collection of his writings on Henry James essential reading for literary critics. But he also writes for general readers. Until now, these writings have been scattered in introductions, essays in the Dublin Times, reviews in the New York Review of Books, and other disparate venues. With humor and verve, Tibn approaches Henry James's life and work in many and various ways. He reveals a novelist haunted by George Eliot and shows how thoroughly James was a New Yorker. He demonstrates how a new edition of Henry James's letters along with a biography of James's sister-in-law alter and enlarge our understanding of the master. His "Afterword" is a fictional meditation on the written and the unwritten. Tibn's remarkable insights provide scholars, students, and general readers a fresh encounter with James's well-known texts.

[Sold a Pup, Pat Cunningham](#) , 2008, 0955632544, 9780955632549.

This jargon-free, self-help title is written by an experienced Licensed Marriage and Family Therapist and inspired by over 10,000 conversations. It delivers 70 couple stories with humor and includes practical tips and tools for lasting relationship improvement. Popular themes like communication, habits, chores, arguments, sex, and intimacy are explored in easy-read tales.

[Engines of the Imagination: Renaissance Culture and the Rise of the Machine, Jonathan Sawday](#) , 2007, 1134267932, 9781134267934. At what point did machines and technology begin to have an impact on the cultural consciousness and imagination of Europe? How was this reflected through the art and literature of the time? Challenging the artificial divide between technological studies and cultural history, Engines of the Imagination traces the story of the imaginative encounter with machines and machinery in the European Renaissance.

[The Man I Picked Up \(Yaoi\)](#) , 2012, 1569702802, 9781569702802. When men's club owner Tamaki closes up, he's surprised to find a battered man lying out front in the open. Responding to the man's fear and need, he picks up the stray and takes him home to bind his wounds. It soon becomes all-too apparent that Kouta is much more like a stray, beaten down puppy than even Tamaki had first realized, but it also becomes rather apparent that Kouta feels more than mere gratitude. Is it only pity that Tamaki's generous nature feels tugging at his heart strings, or has the stray Kouta found his home?

[Composite Materials: Design And Applications, D. Gay, Suong Van Hoa](#) , 2007, 1420045199, 9781420045192.

Responding to the need for a single reference source on the design and applications of composites, *Composite Materials: Design and Applications, Second Edition* provides an authoritative examination of the composite materials used in current industrial applications and delivers much needed practical guidance to those working in this rapidly developing area of engineering. This updated second edition extends its coverage to include original methods of analysis for various types of materials such as composite beams. The authors now also include an entire chapter devoted to thick laminated composites. The first section describes the properties, fabrication process, and applications of composite materials. The second section describes the mechanics of composites, such as the elastic anisotropic properties and mechanical properties of thin laminates. The third section discusses orthotropic coefficients that may be used for design, including the Hill-Tsai failure criterion. The final section provides 40 case studies with complete solutions that illustrate the types of challenges encountered in modern engineering practice. This timely resource delivers unique analysis and design solutions needed to conceptualize and design components made from composites. It is an indispensable guide for students and practicing engineers working with composite materials.

[A case of curiosities, Allen Kurzweil](#) , 1993, 0345380576, 9780345380579. Hailed by critics for its brilliance, A CASE OF CURIOSITIES begins In France, on the eve of the Revolution, when young man named Claude Page sets out to become the most ingenious and daring inventor of his time. In the court of his career filled with violence and passion, Claude learns and creates many things. But his greatest device, a talking mechanical head, leads to an execution as tragic as that of Marie Antoinette, and far more bizarre. "Captivating...marvelously re-creates an unfamiliar world [and] also successfully imitates the style of writing associated with novelists of the age." SAN FRANCISCO CHRONICLE

If there was ever any doubt that Jesus hears your cry, no matter what state you're in, From The Back Streets Of Whoredom Into God's Arms will change your mind, heart and mindset in how you see prostitutes, street walkers, etc., forever. For those desiring to learn how to love the unlovable in your family, among your friends, who just want to understand those who walk the streets, to become an instrument of salvation for another, From The Back Streets Of Whoredom Into God's Arms is the key to unlocking that understanding.

[35 Strategies for Guiding Readers Through Informational Texts, Barbara Moss, Virginia S. Loh](#) , 2010, 1606239260, 9781606239261. This practical guide presents inspiring, research-based activities for teaching students in grades K-12 how to read and think critically about informational texts. With five essential types of strategies, seasoned and preservice teachers learn ways to help students select engaging, challenging reading materials; develop their knowledge of history, science, and other content areas; master vocabulary that aids understanding; build essential comprehension skills across the curriculum; and write effectively about texts they have read. Each of the 35 strategies features a helpful reproducible worksheet in a large-size format. The teacher-friendly appendix lists recommended books, magazines, and websites for each grade level.

[The Aviary, Kathleen O'Dell](#) , 2011, 0375989358, 9780375989353. Twelve-year-old Clara Dooley has spent her whole life in the Glendoveer mansion, where her mother is a servant to the kind and elderly matron of the house. Clara has never known another home. In fact, she's confined to the grand estate due to a mysterious heart condition. But it's a comfortable life, and if it weren't for the creepy squawking birds in the aviary out back, a completely peaceful one too. But once old Mrs. Glendoveer passes away, Clara comes to learn many dark secrets about the family. The Glendoveers suffered a horrific tragedy: their children were kidnapped, then drowned. And their father George Glendoveer, a famous magician and illusionist, stood accused until his death. As Clara digs deeper and deeper into the terrifying events, the five birds in the aviary seem to be trying to tell her something. And Clara comes to wonder: what is their true identity? Clara sets out to solve a decades-old murder mystery and in doing so, unlocks a secret in her own life, too. Kathleen O'Dell deftly weaves magic, secret identities, evil villains, unlikely heroes, and the wonder of friendship into a mystery adventure with all the charm of an old fashioned classic. From the Hardcover edition.

[A History of Molecular Biology,](#) , 2000, 0674001699, 9780674001695. Every day it seems the media focus on yet another new development in biology--gene therapy, the human genome project, the creation of new varieties of animals and plants through genetic engineering. These possibilities have all emanated from molecular biology. A History of Molecular Biology is a complete but compact account for a general readership of the history of this revolution. Michel Morange, himself a molecular biologist, takes us from the turn-of-the-century convergence of molecular biology's two progenitors, genetics and biochemistry, to the perfection of gene splicing and cloning techniques in the 1980s. Drawing on the important work of American, English, and French historians of science, Morange describes the major discoveries--the double helix, messenger RNA, oncogenes, DNA polymerase--but also explains how and why these breakthroughs took place. The book is enlivened by mini-biographies of the founders of molecular biology: Delbrück, Watson and Crick, Monod and Jacob, Nirenberg. This ambitious history covers the story of the transformation of biology over the last one hundred years; the transformation of disciplines: biochemistry, genetics, embryology, and evolutionary biology; and, finally, the emergence of the biotechnology industry. An important contribution to the history of science, A History of Molecular Biology will also be valued by general readers for its clear explanations of the theory and practice of molecular biology today. Molecular biologists themselves will find Morange's historical perspective critical to an understanding of what is at stake in current biological research.

[Virtually Incredible, Suzanne Grace](#) , 2008, 0981836755, 9780981836751. What happens when virtual reality becomes reality? Frito Bowles, Darcy Gordon, Jim Sanderson, and Sammi Twitchell are four middle school kids who are looking for adventure! The construction of a new virtual reality gaming facility in an abandoned warehouse provides a common interest to forge an unusual friendship between them. Frito, an impulsive bundle of energy, Darcy, a nature lover, Jim, an intellectual with a bit of a temper, and Sammi, a slender tomboy, somehow manage to get along despite a rather rocky beginning. It seems to take forever until the gaming place, Virtually Incredible, finally opens for business with Frito and friends first in line to experience the adventures. But the computerized games are nothing compared to what they find deep within the old warehouse! Besides being a maniac who walks basically everywhere, often 40-plus miles a week, Suzanne Grace bakes decadently addictive brownies, paints in oils, and sometimes dresses up in medieval clothing. She loves to write, and has been writing since age twelve. Her literary endeavors have ranged from pun-filled poetry to

musical melodrama, and now her scribblings venture into a new genre as her first book, *Virtually Incredible*, is released upon an unsuspecting public!

[The Importance of Being Earnest and Other Plays: Lady Windermere's Fan; Salome; A Woman of No Importance; An Ideal Husband; The Importance of Being Earnest, Oscar Wilde](#) , 1995, 0191609056, 9780191609053. Oscar Wilde was already one of the best known literary figures in Britain when he was persuaded to turn his extraordinary talents to the theatre. Between 1891 and 1895 he produced a sequence of distinctive plays which spearheaded the dramatic renaissance of the 1890s and retain their power today. The social comedies, *Lady Windermere's Fan*, *A Woman of No Importance*, and *An Ideal Husband*, offer a moving as well as witty dissection of society and its morals, with a sharp focus on sexual politics. By contrast, the experimental, symbolist *Salome*, written originally in French, was banned for public performance by the English censor. His final dramatic triumph was his 'trivial' comedy for serious people, *The Importance of Being Earnest* arguably the greatest farcical comedy in English. Under the General Editorship of Dr Michael Corder of the University of York, the texts of the plays have been newly edited and are presented with modernized spelling and punctuation. In addition, there is a scholarly introduction and detailed annotation. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

[More Words for Contemplation, Peter Dodson](#) , 1991, 0950350559, 9780950350554.

[Algorithmic Architecture, Kostas Terzidis](#) , 2006, 1136430075, 9781136430077. Why does the word design owe its origin to Latin and not Greek roots? Where do the limits of the human mind lie? How does ambiguity enter the deterministic world of computation? Who was Parmenides and why is his philosophy still puzzling today? This unique volume challenges the reader to tackle all these complex questions and more. *Algorithmic Architecture* is not a typical theory-based architectural book; it is not a computer programming or language tutorial book either. It contains a series of provocative design projects, and yet it is not just a design or graphic art book per se. Following the tradition of architecture as a conglomeration of various design fields - engineering, theory, art, and recently, computation - the

challenge of this book is to present a concept that, like architecture, is a unifying theme for many diverse disciplines. An algorithm is not only a step-by-step problem-solving procedure, a series of lines of computer codes or a mechanistic linguistic expression, but is also an ontological construct with deep philosophical, social, design, and artistic repercussions. Consequently, this book presents many, various and often seemingly disparate points of view that lead to the establishment of one common theme; algorithmic architecture.

[The Key, Random House](#) , 1999, .

[The Solitude of Emperors, David Davidar](#) , 2010, 1551993864, 9781551993867. Suffocating in the small-town world of his parents, Vijay is desperate to escape to the raw energy of Bombay in the early 1990s. His big chance arrives unexpectedly when the family servant, Raju, is recruited by a right-wing organization. As a result of an article he writes about the increasing power of sectarian politicians, Vijay gets a job in a small Bombay publication, The Indian Secularist. There he meets Rustom Sorabjee the inspirational founder of the magazine who opens Vijays eyes to the damage caused to the nation by the mixing of religion and politics. A year after his arrival in Bombay, Vijay is caught up in violent riots that rip through the city, a reflection of the upsurge of fundamentalism everywhere in the country. He is sent to a small tea town in the Nilgiri Mountains to recover, but finds that the unrest in the rest of India has touched this peaceful spot as well, specifically a spectacular shrine called The Tower of God, which is the object of political wrangling. He is befriended by Noah, an enigmatic and colourful character who lives in the local cemetery and quotes Pessoa, Cavafy, and Rimbaud, but is ostracized by a local elite obsessed with little more than growing their prize fuchsias. As the discord surrounding the local shrine comes to a head, Vijay tries to alert them to the dangers, but his intervention will have consequences he could never have foreseen. The Solitude of Emperors is a stunningly perceptive novel about modern India, about what drives fundamentalist beliefs, and what makes someone driven, bold, or mad enough to make a stand. I thought about the taxi driver who had been murdered. Deepak hadn't said whether he was young or old, but I imagined him to be as young as I was, and there was a good chance that he, like me, was a recent immigrant to the city, perhaps from Hyderabad, or some smaller place that did not have enough work or resources to hold on to its young. He would have come here hoping to make his fortune, and maybe in time he would have. Why had he worn the badges of his faith to the very end, I wondered. Even when his life was at stake, why hadn't he thought to take them off? Maybe they were so much a part of him, he hadn't even seen them as symbols to be discarded. They would have helped him link himself to a community, of course, until he had saved enough to bring his family over from his home town because it was likely he had married young. Until this fateful day, his religion would have saved him from the loneliness of the room in the chawl or slum. He would go to the mosque, meet others as lonely as he was. They would do their namaz together, celebrate the great festivals of Id and Ramzan with feasts of biryani on Mohammed Ali Road. Yes, his religion had been good to him, until the day it had devoured him. From The Solitude of Emperors From the Hardcover edition.

[Dynamic Capabilities and Strategic Management : Organizing for Innovation and Growth: Organizing for Innovation and Growth, David J. Teece](#) , 2009, 0191562726, 9780191562723. How do firms compete? How do firms earn above normal returns? What's needed to sustain superior performance long term? An increasingly powerful answer to these fundamental questions of business strategy lies in the concept of dynamic capabilities. These are the skills, processes, routines, organizational structures, and disciplines that enable firms to build, employ, and orchestrate intangible assets relevant to satisfying customer needs, and which cannot be readily replicated by competitors. Enterprises with strong dynamic capabilities are intensely entrepreneurial. They not only adapt to business ecosystems; they also shape them through innovation, collaboration, learning, and involvement. David Teece was the pioneer of the dynamic capabilities perspective. It is grounded in 25 years of his research, teaching, and consultancy. His ideas have been influential in business strategy, management, and economics, and are relevant to innovation, technology management, and competition policy. Through his consultancy and advisory work he has also brought these ideas to bear in business and policy making around the world. This book is the clearest and most succinct statement of the core ideas of dynamic capabilities. Teece explains their genesis, application, and how they offer an alternative approach to much conventional strategic thinking grounded in simplistic and outdated understandings of industrial organizations and the foundations of competitive advantage. Accessibly written and presented, it will be an invaluable and stimulating tool for all those who want to understand this important contribution to strategic thinking, be they MBA students, academics, managers, or

consultants.

[The Carny, Debbie Peterson, Brooke Moss , 2012, 0985148314, 9780985148317.](#) At a town fair on the coast of Oregon, handsome Native American carny, Vincent Youngblood, bestows an unforgettable kiss on shy, awkward teenager, Charlotte Davenport. Then disappears without another word, leaving her baffled and enamored. Ten years later, Charlotte is still living in the small fishing town of Astoria, while being trained to--reluctantly--take over for her philandering hotelier father when he retires. After all, who else will do it? Her two perfect sisters are busy being married to their flawless husbands and having cookie cutter children, while Charlotte remains single, childless, and every bit as mousy as she was a decade ago. As Charlotte struggles to climb out from underneath her judgmental parents thumb, the carnival rolls back into town, and Charlotte finds herself face to face with Vin again. He's back to run his father's carnival, walking away from a promising career in medicine he started in Chicago. Will her biased and judgmental family accept her relationship with a man who is not only a Native American, but works as a carny for a living? And what unsavory secrets bind the well-educated and seemingly superlative Vin to that ramshackle carnival? After all, you can't judge a carny by its cover.

[March Into Hell, M. P. McDonald](#) , 2012, 1481226215, 9781481226219. The story of Mark Taylor begins with "No Good Deed: Book One in the Mark Taylor Series." Mark's journey continues as he travels a dark road in March Into Hell: Book Two in the Mark Taylor Series. Mark Taylor discovers first hand that no good deed goes unpunished when the old camera he found in an Afghanistan bazaar gives him more than great photos. It triggers dreams of disasters. Tragedies that happen exactly as he envisions them. He learns that not only can he see the future, he can change it. Mark Taylor discovers first hand that no good deed goes unpunished when the old camera he found in an Afghanistan bazaar gives him more than great photos. It triggers dreams of disasters. Tragedies that happen exactly as he envisions them. He learns that not only can he see the future, he can change it. His life takes a dark turn when his heroism becomes the subject of a newspaper article. The media attention and a harrowing encounter while saving a young woman, puts him in the sights of the ruthless cult leader who covets the secret to Mark's power. Uncomfortable in the public spotlight, Mark suspects he's being tested by the force behind the camera's prophetic magic. Battling his own self-doubt, he must maintain the secret or risk certain death.

[The 12 Step Recovery Toolkit, Stacey J.](#) , 2010, 1609250478, 9781609250478. Came to believe that a Power greater than ourselves could restore us to sanity. Recovering addicts work the 12 steps because their lives depend on it. Accessing a Higher Power and acting upon the Higher Powers will is a means for lasting recovery and survival. The 12-Step Recovery Toolkit offers a simple yet effective way to tap into that Higher Power and receive guidance on how to incorporate the twelve steps, tools, and slogans into daily life. Whether you have a problem or just need a little extra guidance, the cards in The 12-Step Recovery Toolkit allows the recovering addict to ask questions of their Higher Power and pull one or more cards for inspiration and advice. This is a deck that every recovering addict should have in his or her arsenal of 12-step tools. A recovering addict herself, Stacey J. felt compelled to create the toolkit to help others work the steps and make their way through the program. The 12-Step Recovery Kit is a tool for recovering addicts created by a recovering addict.

[Teaching Vocabulary: 50 Creative Strategies, Grades K-12, Gail E. Tompkins, Cathy L. Blanchfield](#) , 2004, 013112966X, 9780131129665. Can you use a book that fills the gap for specific learning needs? Here is an entire volume devoted to the time-tested, classroom-proven ideas that "really work" with elementary, middle, and high school students--including ESL and other students who have a limited vocabulary and few literacy skills. Each strategy has been successfully used by master teachers who participate in the San Joaquin Valley Writing Project, and authentic student feedback is included. With written-in adaptability and grade-level indicators so that users can address their own specific goals in the classroom, this book comprehensively covers: teaching vocabulary correctly, collecting words, discovering definitions, working with meanings, expanding writing vocabulary, investigating word origins, and word play. An obviously valuable tool for educators, this book is especially appropriate for new or future teachers, teachers of ESL and continuing education, and other curriculum planners. Can also be used by parents who wish to enhance their child's home study.

As a young man, he saw himself at the end of the war standing in the halls of Congress in the new capitol at Richmond, VA. Instead, he found himself with no history, no future & an awful lot of time left to live. Against his wishes, he is forced out into the Frontier West to fend for himself in a world of cutthroats, thieves & gunslingers. But, SHADOW SOLDIER is the story of a young man's struggle with the world & himself. Early on, Jefferson learns that if he is to survive the Frontier, he is going to have to change. He will have to become more savage, less moral, less careful. The question is, will he go far? And what will he become, if he does? \$19.95 plus \$3.00 S&H--312 pages, hardcover edition. ISBN 0-9656536-4-1. Order from F&S Press through: BookCrafters Order Department, P.O. Box 459, Chelsea, MI 48118 or call 1-800-879-4214 to place an order.

[Midwifery and the Medicalization of Childbirth: Comparative Perspectives, Edwin R. Van Teijlingen, George W. Lewis, Peter McCaffery, Maureen Porter](#) , 2004, 1594540314, 9781594540318. This book provides an introduction to the sociological study of midwifery. The readings have been selected to highlight the interplay between midwifery and medicine, reflecting the medicalisation of childbirth. It highlights the major themes in both a historical and a current context, as well as western and non-western societies. Two major themes underlie the organisation of this book: that the conception of midwifery must be broadened to encompass a sociological perspective; and that the ongoing trend toward

the medicalisation of midwifery is crucial to an understanding of the historical, current, and future status of midwifery. By medicalisation of childbirth and midwifery the author mean the increasing tendency for women to prefer a hospital delivery to a home delivery, the increasing trend toward the use of technology and clinical intervention in childbirth, and the determination of medical practitioners to confine the role played by midwives in pregnancy and childbirth, if any, to a purely subordinate one.

Hammond pits his abilities against a frightening series of diabolical villains: The Cobra, The Man with the Grin, The Reaper, The Fiend, and many more.

[The Georges and the Jewels, Jane Smiley](#) , 2009, 0375862277, 9780375862274. A Pulitzer Prize winner makes her debut for young readers. Jane Smiley makes her debut for young readers in this stirring novel set on a California horse ranch in the 1960s. Seventh-grader Abby Lovitt has always been more at ease with horses than with people. Her father insists they call all the mares Jewel and all the geldings George and warns Abby not to get attached: the horses are there to be sold. But with all the stress at school (the Big Four have turned against Abby and her friends) and home (her brother Danny is gone for good, it seems and now Daddy won't speak his name), Abby seeks refuge with the Georges and the Jewels. But there's one gelding on her family's farm that gives her no end of trouble: the horse who won't meet her gaze, the horse who bucks her right off every chance he gets, the horse her father makes her ride and train, every day. She calls him the Ornerly George.

[The Sixth Grade Nickname Game, Gordon Korman](#) , 2008, 1439532044, 9781439532041. Eleven-year-old best friends Jeff and Wiley, who like to give nicknames to their classmates, try to find the right one for the new girl Cassandra, while adjusting to the football coach who has become their new teacher. Reprint.

[Moses Goes to a Concert, Isaac Millman](#) , 2008, 1439553688, 9781439553688. Moses and his school friends are deaf,

but like most children, they have a lot to say. They communicate in American Sign Language, using visual signs and facial expressions. This is called signing. And even though they can't hear, they can enjoy many activities through their other senses. Today, Moses and his classmates are going to a concert. Their teacher, Mr. Samuels, has two surprises in store for them, to make this particular concert a special event. Isaac Millman tells Moses's story in pictures and written English, and in American Sign Language (ASL), introducing hearing children to the signs for some of the key words and ideas. At the end of the book are two full conversations in sign language and a page showing the hand alphabet. You can learn sign language, too. [Broken Circle, Christopher Dinsdale](#) , 2004, 1459716604, 9781459716605. Angry at missing a week of summer video game entertainment, Jesse, a twelve-year-old boy of European/Native American descent, grudgingly follows through with his deceased father's request that he join his Uncle Matthew and cousin Jason at Six Islands, on Georgian Bay, for a special camping trip. Uncle Matthew explains that Jesse's father wanted Jason's vision quest to be his introduction to their native culture. During their first night around the camp-fire, it is Jesse who has a vision, and the adventure begins. Not only is he swept back in time four hundred years, but he is transformed into a majestic, white-tailed deer. He must now survive the expert hunting skills of his ancestors while somehow rescuing his people before they are destroyed by warfare.

[Benjamin's Spectacles, Spring Ulmer](#) , 2009, 1888553227, 9781888553222. Walter Benjamin had the heart of a poet, and Tways served the imagination first. Spring Ulmer finds him there, in the imagination, and recognizes him as another being of language---of its angels and demons. This is a poetry from the world Benjamin left behind, with all its unspeakable delights and lerrors, conspirances and heartbreaks---thimblefuls of relations and inner -conversations among a host of disponded survivors. This is poetry unhangng itself unburyng itself into being.---David Levi" In its deepest structure I see a theater piece, a multiplicity of acts and voices, all gathered around the hole of history. Which one is Orpheus? Who is the lost one? What is the air? Something like a highly polished wood instrument---with its waxy strings shining like spectacles in light---starts to play. Benjamin is Orpheus: he is both Eurydice and the stringed music. The scenes unfold in multiple forms. The poet runs in an out, trailing her own personal history, and directs her troupe. This is

a beautiful production you can enjoy, admire and applaud." ---Fanny Howe"I don't understand what's in this disturbing, scary, and strangely light-footed book, but I believe it." ---John Berger

[The Penguin book of Spanish verse, John Michael Cohen](#) , 1988, 0140585702, 9780140585704. 'You have dark eyes. Gleams there that promise darkness'. Spanish poetry is astonishing in its richness and variety. This anthology covers the

two great flowerings of Spanish verse: the first, which lasted to the end of the seventeenth century, and second, from the mid-nineteenth century through the Spanish Civil War, to the present. This third edition has been revised to represent more fully the poetry of resistance that emerged during the Franco years, giving more space to older poets such as Jorge Guillén and the great survivor of the Lorca generation and Nobel Prize winner Vicente Aleixandre, as well as a number of more contemporary poets who have forged a new era in Spanish poetry. This edition also includes an introduction discussing the history and world significance of Spanish poetry. 'No body of lyrical poetry is so seriously under-estimated by British readers as the Spanish' - J. M. Cohen. This book is translated and edited with an introduction by J. M. Cohen.

[A Possible Life: A Novel in Five Love Stories, Sebastian Faulks](#) , 2012, 0805097317, 9780805097313. From the critically acclaimed, bestselling author of *Birdsong*, new fiction about love and war five transporting stories and five unforgettable lives, linked across centuries. In Second World War Poland, a young prisoner closes his eyes and pictures going to bat on a sunlit English cricket ground. Across the yard of a Victorian poorhouse, a man is too ashamed to acknowledge the son he gave away. In a 19th-century French village, an old servant understands suddenly and with awe the meaning of the Bible story her master is reading to her. On a summer evening in the Catskills in 1971, a skinny girl steps out of a Chevy with a guitar and with a song that will send shivers through her listeners' skulls. A few years from now, in Italy, a gifted scientist discovers links between time and the human brain and between her lover's novel and his life. Throughout the five masterpieces of fiction that make up *A Possible Life*, exquisitely drawn and unforgettable characters risk their bodies, hearts and minds in pursuit of the manna of human connection. Between soldier and lover, parent and child, servant and master, and artist and muse, important pleasures and pains are born of love, separations and missed opportunities. These interactions whether successful or not also affect the long trajectories of characters' lives. Provocative and profound, Sebastian Faulks's dazzling new novel journeys across continents and centuries not only to entertain with superb old-fashioned storytelling but to show that occasions of understanding between humans are the one thing that defines us and that those moments, however fluid, are the one thing that endures.
