

[Tough, Tough Toys for Tough, Tough Boys, Will Self](#) , 1999, 0140268642, 9780140268645. Tough, Tough Toys for Tough, Tough Boys is a new collection of corkscrewed tales from the author of Great Apes. Self's world is a no-funhouse of warped mirrors. A man is seduced into a misanthropically charged symbiosis with the insects infesting his cottage - he has entered "Flytopia." In "A Story for Europe," a two-year-old English child utters his first, halting words . . . in business German. In "Caring, Sharing," status-conscious New Yorkers navigate the perils of dating along with their very literal "inner children." In "The Rock of Crack as Big as the Ritz," a black Londoner discovers an enormous rock of crack cocaine underpinning his house - and quickly turns it into an efficient little empire. In the title story a psychoanalyst strips away all the sangfroid of his professionalism to find beneath . . . precisely nothing. And in the short novella "The Nonce Prize," a man framed for a sex crime he didn't commit finds that his only way out is to win a short-story competition.

[When The Emperor Was Divine, Julie Otsuka](#) , 2012, 0241145724, 9780241145722. Longlisted for the Orange Prize for Fiction It is four months after Pearl Harbour and overnight signs appear all over the United States instructing Japanese Americans to report to internment camps for the duration of the war. For one family it proves to be a nightmare of oppression and alienation. Explored from varying points of view - the mother receiving the order to evacuate; the daughter on the long train journey; the son in the desert encampment; the family's return home; and the bitter release of their father after four years in captivity - it tells of an incarceration that will alter their lives for ever. Based on a true story, Julie Otsuka's powerful, deeply humane novel tells of an unjustly forgotten episode in America's wartime history.

[Politics of Latin America: the power game, Harry E. Vanden, Gary Prevost](#) , 2009, 0195339983, 9780195339987. Now in its third edition, Politics of Latin America explores both the evolution and the current state of the political scene in Latin America. Distinguishing itself from more traditional works on Latin American politics, this text demonstrates a nuanced sensitivity to the use and abuse of power and the importance of social conditions, gender, race, globalization, and political economy throughout Latin America. This new edition includes a new chapter on Bolivia and a stronger focus on anti-neoliberal economics, U.S.-Latin American relations, women's issues, and social movements. The first part of the book presents relevant information about the region's geographic setting, history, economics, society, people, and

religion, setting the stage for a more detailed analysis of the politics, democratization, political culture, political movements, and revolution in Latin America. The second part of the book consists of carefully constructed case studies of ten representative Latin American nations. Each case study traces the historical development of key political actors and institutions, analyzing contemporary power configurations. Case Studies: Guatemala, Susanne Jonas Mexico, Nora Hamilton Cuba, Gary Prevost Brazil, Wilber Albert Chaffee Argentina, Aldo C. Vacs Chile, Eduardo Silva Venezuela, Daniel Hellinger Colombia, John C. Dugas Nicaragua, Gary Prevost and Harry E. Vanden Bolivia, Waltraud Morales (new to this edition) Incorporating maps, tables, chronologies, bibliographies, and clear indications of key players, *Politics of Latin America, Third Edition*, is indispensable for students and other readers wishing to gain a deeper understanding of this complex, dynamic, and rapidly changing region of the world.

[The God-Man: A Guide to Understanding the Godhead, Robert Spearman](#) , 2006, 0976918803, 9780976918806. When the Bible makes reference to the Holy Spirit it refers to the Holy Spirit of Jesus Christ dwelling in and activating His people, influencing the world's moral direction. When, in the last of the last days, Jesus Christ's Holy Spirit is withdrawn from the world (2 Thessalonians 2:7) and the devil is allowed to reign freely, the world will have no moral direction. The purpose of *The God-Man* is to magnify the name of Jesus Christ and to explore the contradiction between multiple personalities in the Godhead and the absolute deity of the Lord Jesus Christ. The answer to a simple question puts things in proper perspective. Ask yourself: At the resurrection, when we get to heaven, will we see three personalities, three separate persons with three bodies? Or will we see One God on the throne? The book of Revelation tells us that the One we will see is Jesus Christ, God who revealed Himself in bodily form.

[Internal fraud in the Ordnance Survey of Northern Ireland, Northern Ireland: Northern Ireland Audit Office](#) , 2007, 0102941327, 9780102941326. Ordnance Survey of Northern Ireland is an Executive Agency within the Department of

Culture, Arts and Leisure, with responsibility for the supply of mapping and geographic information services for Northern Ireland. In August 2003, the Agency uncovered an internal fraud and a subsequent investigation found that the fraudster, Mr Norman Steenson, a supervisor within its Accounts Branch, had perpetrated the fraud over a five year period between 1998 and 2003, defrauding the Agency of 70,690. This NIAO report examines the circumstances surrounding the fraud and the Agency's handling of the subsequent investigation, the action taken to identify and correct the systems failures, and the action taken to impose sanctions and seek redress.

[Averros and His Philosophy, Oliver Leaman](#) , 1988, 0198265409, 9780198265405. Despite its importance in the history of philosophy, the work of the Spanish thinker Averros (1126-1198) has been left largely unexplored in this century. This book is the only general account of Averros' philosophy in English. Leaman analyzes his thought and influence, particularly his metaphysics and theory of meaning, arguing that while his work belongs within the cultural and political context of medieval Islam, it remains of considerable philosophical and historical significance.

[Immortal Trust, Claire Ashgrove](#) , 2013, 0765367602, 9780765367600. Immortal Trust is the third book in Claire Ashgrove's exciting series about sexy Knights Templar and the modern women they will do anything to protect. When archaeologist Chloe Broussard accepts the contract to lead a dig in Ornes, France, she has no idea she will uncover the Veil of Veronica. When she does, she discovers a danger far greater than the demonic presence stalking her at night. Azazel wants her, as well as the Veronica, and his chosen minion is her brother. Her hope lies with immortal Templar Knight Lucan. Her life depends on oaths she knows nothing about. For countless centuries, Lucan of Seacourt has lived with the knowledge that his brother killed their family. Now, as Azazel's darkness eats away at his soul, old betrayal stirs suspicion. He trusts no one. Not even the seraph who can heal his dying spirit. With the fate of the Almighty hanging in the balance, Lucan must find faith in something more terrifying than the dark lords' creations. He must learn to believe his heart.

[Musician and Teacher: An Orientation to Music Education, Patricia Sheehan Campbell](#) , 2008, 0393927563, 9780393927566. Designed for the first course in music education, Musician & Teacher surveys the theoretical, philosophical, historical, social, and psychological foundations of teaching music and pays tribute to the local and global realms of music teaching and learning. At the same time, the book examines the developmental issues inherent in teaching music to children and adolescents along with the practicalities of motivating students and managing a classroom, providing the concrete application beginning educators need to successfully teach music to children in grades

K12.

[What's for Dinner?: Delicious Recipes for a Busy Life, Curtis Stone](#) , 2013, 0857981404, 9780857981400. Curtis Stone, host of Arena's hugely popular Top Chef Masters and the Discovery Channel's Around the World in 80 Plates, provides a culinary road map of time-saving kitchen solutions and delicious dishes for every day of the week. We're all busy. We can all appreciate using a recipe that we know will cut down on time, expense and even dishes. Curtis Stone maintains that the first step to ensuring a successful meal is to achieve confidence in the kitchen, and so this classically trained, world-renowned, celebrity chef has provided home cooks of all levels with 130 effortless, but inspired, fail-proof recipes that showcase ingredients and can be cooked quickly on any night of the week. He also provides dozens of notes on techniques, tricks and shortcuts that will make home cooking a fun and flavoursome experience for the whole family. Curtis's philosophy is cook, create, celebrate - and these dishes do just that.

[Men and Dogs: A Novel, Katie Crouch](#) , 2010, 031608848X, 9780316088480. When Hannah Legare was 11, her father went on a fishing trip in the Charleston harbor and never came back. And while most of the town and her family accepted Buzz's disappearance, Hannah remained steadfastly convinced of his imminent return. Twenty years later Hannah's new life in San Francisco is unraveling. Her marriage is on the rocks, her business is bankrupt. After a disastrous attempt to win back her husband, she ends up back at her mother's home to "rest up", where she is once again sucked into the mystery of her missing father. Suspecting that those closest are keeping secrets--including Palmer, her emotionally closed, well-mannered brother and Warren, the beautiful boyfriend she left behind--Hannah sets out on an uproarious, dangerous quest that will test the whole family's concepts of loyalty and faith.

[The Pied Piper of Hamelin, Gill Munton, Val Biro, Julie Carr](#) , 2000, 0198342748, 9780198342748. Val Biro's delightful and ever popular traditional tales have been adapted for classroom teaching. Each of the six stories is available as a big book; this is ideal for shared reading with the whole class. The big books are each a challenging read with many language and layout features typical of traditional stories built in for discussion. Each is also available in smaller format; for these, suitable for guided reading, the text has been simplified to be appropriate for the average child. Notes in the back of each book, written by Oxfordshire literacy consultant and author Julie Carr, give lots of teaching ideas for shared or guided sessions. "Goldilocks and the Three Bears" and "The Three Billy Goats Gruff" are suitable for 5-6 year olds. "Jack and the Beanstalk" and "The Donkey that Sneezed" are suitable for 6-7 year olds. "The Pied Piper of Hamelin" and "The Magic Doctor" are suitable for 7-8 year olds.

[Mouse and the Cossacks, Paul Wilson](#) , 2013, 1906994447, 9781906994440. Mouse de Bruin is under siege. Without a voice since the age of six, she is trying to work things out about the world. She and her mother have moved into a rented Pennine farmhouse in which reminders of the man who lived there previously, William Crosby, lie all around her. Fighting to hold the outside world at bay, Mouse becomes increasingly drawn to William, a man who seems to have been haunted by secrets, throughout the long life he spent in this house. As Mouse's investigations lead her towards some of the people who knew him, she unearths a collection of letters about William's experience in Europe as a young officer in the chaotic final weeks of World War II. But why, as Mouse begins to uncover the mysteries of William's past life, is she so keen to eliminate all traces of her own? This is the story of two people, one setting out in life, the other nearing its end, of the people whose lives and dreams overlap with theirs, and the traces left by mistakes, misjudgements and betrayals.

[Lost Empire, , Clive Cussler](#) , 2012, 0141047003, 9780141047003. Some treasures are best left buried . . . Scuba diving off the Tanzanian coast, husband-and-wife treasure-hunting team, Sam and Remi Fargo discover a huge ship's bell, covered in cryptic carvings. But as they struggle to first recover the bell and then decode its clues, they find they are not alone in wanting to discover its secrets. When news of the find is publicised, Mexican President Quauhtli Garza is forced to act. He knows that this bell comes from a former Confederate ship that sank off the African coast and he fears that the discovery of a missing piece of a Quetzalcoatl statuette, which was aboard the ship, will undermine his plans for Mexico's future. With Garza determined to stop the Fargos investigation at all costs, the couple are drawn into a deadly conspiracy that connects the 1883 Krakatoa explosion with an attempt to resurrect the fallen Aztec empire . . .

[The Long Lost, Ramsey Campbell](#) , 1996, 0812550862, 9780812550863. During a weekend in the country, David and Joelle Owain explore an abandoned village - and discover that its last living inhabitant is distantly related to David. Lacking other family, the young couple embrace Gwendolen, and soon the independent old woman has set up housekeeping near their home. Gwendolen keeps a watchful - perhaps too watchful - eye on the Owains. Joelle feels that Gwendolen is judging them, their friends, and their business associates. At the Owains' annual barbecue, Gwendolen

serves special cakes, made from a secret recipe. Before long that recipe is the only secret left unrevealed. One party guest, Bill, a TV star, finds that his hidden contempt for other people can no longer be contained - it spills uncontrollably from his mouth until one of his victims brutally slashes Bill's face, forever ending his television career. Another of the Owains' friends, the driver of a commuter train, long-convinced that his wife is having an affair, kills her supposed lover and himself in a horrible train crash. A third man decides his family must not suffer the shame of his bankruptcy and the criminal charges sure to follow - even if he has to kill them to keep them safe.

[The Technology Leaders: How America's Most Profitable High-Tech Companies Innovate Their Way to Success, Peter S. Cohan](#) , 1997, 0608262153, 9780608262154.

[Katie's Choice, Tracey Langford](#) , 2003, 0967038642, 9780967038643. A moving tale of redemption that chronicles a young woman's journey out of self loathing and spiritual denial into hope and life-changing love. Talented debut novelist.

[The Navigator, , Clive Cussler, Paul Kemprecos](#) , 2008, 0141036176, 9780141036175. The most audaciously imaginative novel yet in the best-selling NUMA Files series - in which Clive Cussler chronicles the adventures of Kurt Austin, Joe Zavala and the rest of the NUMA Special Assignments Team. Years ago, an ancient Phoenician statue known as the Navigator was stolen from the Baghdad museum, and there are men who would do anything to get their hands on it. Their first victim is a crooked antiquities dealer, murdered in cold blood. Their second very nearly is a UN investigator who, were it not for the timely assistance of Austin and Zavala, would now be at the bottom of a watery grave. What's so special about this statue? Austin wonders. The search for answers will take the NUMA team on an astonishing odyssey through time and space, one that encompasses no less than the lost treasures of King Solomon, a mysterious packet of documents personally encoded by Thomas Jefferson, and a top-secret scientific project that could change the world forever. And that's before the surprises really begin . . . Visit [clivecussler.com.au](http://clivecussler.com.au) for more Sign up to the Cussler Down Under e-newsletter

[Women Directors: The Emergence of a New Cinema, Barbara Quart](#) , 1988, 0275934772, 9780275934774. Quart here extends her previous writings on what she terms the best narrative cinema: women-centered cinema' and feminist filmmaking. Quart addresses American, Western European, and Eastern European directors, closing with Third World examples. Arguing that independent filmmaking best serves the quest for a woman's voice and vision, Quart chronicles the survival of women directors. She traces a heritage of women directors inside the Hollywood system and beyond. . . . This excellent study . . . [is] recommended for undergraduates in film and women's studies. "Choice" The current level of activity among women directors is unequalled in the history of feature films. This unprecedented study examines major contemporary women directors of narrative feature film--their themes, their art, and the circumstances under which they work. Quart contends that women are creating a film language and film sensibility that are unique, strong, and--until now--unexplored. Her discussion centers on the ties between women directors, rather than on a survey of women who

direct films. Beginning with the antecedents to today's burgeoning number of women directors, the study progresses to American women directors. Subsequent chapters focus on women directors in Western Europe and Eastern Europe, with some attention as well to Asia and Latin America.

[Principles of Microeconomics, N. Mankiw](#) , 2011, 0538453044, 9780538453042. PRINCIPLES OF MICROECONOMICS, Sixth Edition, became a best seller after its introduction and continues to be the most popular and widely used text in the economics classroom. Instructors found it the perfect complement to their teaching. A text by a superb writer and economist that stressed the most important concepts without overwhelming students with an excess of detail was a formula that was quickly imitated, but has yet to be matched. The sixth edition features a strong revision of content in all twenty-two chapters. Dozens of new applications emphasize the real-world relevance of economics for today's students through interesting news articles, realistic case studies, and engaging problems. The premier ancillary package is the most extensive in the industry, using a team of instructors/preparers that have been with the project since the first edition. The text material is again fully integrated into Aplia, the best-selling online homework solution. I have tried to put myself in the position of someone seeing economics for the first time. My goal is to emphasize the material that students should and do find interesting about the study of the economy.-N. Gregory Mankiw. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

[Just Grace Goes Green, ,](#) , 2009, 0618959572, 9780618959570. Grace can do a lot of things...but can she save the planet???? Or at the very least, can she help her best friend Mimi get her favorite stuffed animal back? Lots of exciting things are happening to Grace and her friends. Most exciting of all, Mimi's older cousin Gwen is coming to stay with Mimi, and Miss Lois's class is GOING GREEN! For their "green" project, Grace and Mimi aim to inspire their friends and classmates to conserve plastic bottles. But a far more important issue is that Gwen has taken a strong liking to Mimi's

favorite stuffed toy, Willoughby. Just Grace uses her empathy superpower to figure out ways to make her best friend feel better, and she makes a difference for the environment too. Yard sales, toy owls, decorated plastic water bottles, flaming onion rings, and a very entrepreneurial Sammy Stringer make this another winning entry in the Just Graceseries.

[Belinda, Maria Edgeworth, Kathryn J. Kirkpatrick](#) , 1994, 0192831232, 9780192831231. Maria Edgeworth won the admiration of her contemporaries Jane Austen and Walter Scott as well as later writers such as Thackeray and Turgenev. In *Belinda* (1801) she tackles issues of gender and race in a manner at once comic and thought-provoking. Braving the perils of the marriage market, *Belinda* learns to think for herself as the examples of her friends prove singularly unreliable. Edgeworth's varied cast includes the bewitching aristocrat, Lady Delacour, whose dreadful secret puts her in the power of her volatile servant; the dashing Creole gentleman, Mr. Vincent, who almost succeeds in winning *Belinda*'s hand if not her heart; the eccentric Clarence Hervey, whose attempts to create an ideal wife backfire; and the outrageous Harriet Freke, whose antics as social outlaw land her in a mantrap. This lively comedy challenges the conventions of courtship, examines questions of female independence, and exposes the limits of domesticity. The text used in this edition (1802) also confronts the difficult and fascinating issues of racism and mixed marriage, which Edgeworth toned down in later editions.

[If Kennedy Lived: The First and Second Terms of President John F. Kennedy: AnAlternate History, Jeff Greenfield](#) , 2013, 0698138449, 9780698138445. "On the 50th anniversary of JFK's assassination, this is the book to read. An intelligent, often haunting book about what America and the world would have looked like if John Kennedy had lived."--Fareed Zakaria From one of the countrys most brilliant political commentators, the bestselling author of Then Everything Changed, an extraordinary, thought-provoking look at Kennedys presidencyafter November 22, 1963. November 22, 1963: JFK does not die. What would happen to his life, his presidency, his country, his world? In Then Everything Changed, Jeff Greenfield created an utterly compelling (Joe Klein), riveting (The New York Times), eye-opening (Peggy Noonan), captivating (Doris Kearns Goodwin) exploration of three modern alternate histories, with the kind of political insight and imagination only he possesses (David Gregory). Based on memoirs, histories, oral histories, fresh reporting, and his own knowledge of the players, the book looked at the tiny hinges of historyand the extraordinary changes that would have resulted if they had gone another way. Now he presents his most compelling narrative of all about the historical event that has riveted us for fifty years. What if Kennedy were not killed that fateful day? What would the 1964

campaign have looked like? Would changes have been made to the ticket? How would Kennedy, in his second term, have approached Vietnam, civil rights, the Cold War? With Hoover as an enemy, would his indiscreet private life finally have become public? Would his health issues have become so severe as to literally cripple his presidency? And what small turns of fate in the days and years before Dallas might have kept him from ever reaching the White House in the first place? As with *Then Everything Changed*, the answers Greenfield provides and the scenarios he develops are startlingly realistic, rich in detail, shocking in their projections, but always deeply, remarkably plausible. It is a tour de force of American political history.

[Bully-Proofing Your Child: First Aid for Hurt Feelings, Carla B. Garrity, Mitchell A. Baris, William Porter \(Ph. D.\)](#) , 2003, 1570352682, 9781570352683. This guide provides parents and their children with the necessary tools to overcome being bullied and to reduce the chances that a child will be a target and circumvent the bully/victim dynamic. Showing children how and when to ask for help, stand up to bullies, use humor to diffuse the situation, walk away, make light of put-downs, and use other life-long skills, this guide attempts to provide children with the tool to overcome being bullied. This guide begins first by assisting parents and professionals in understanding the problem of a child being bullied, what is bullying, who are bullies, and who are the victims of bullying. The guide identifies both boys and girls as bullies and that there are four different styles of bullying behavior: intimidation (girls), social alienation (girls), physical aggression (boys), and verbal aggression (boys). Children need to understand that bullying is not normal play; it is mean and cruel treatment. Children need the tools and strength to withstand bullying, avoid it, or know when and how to get help. This is the purpose of this guide. The guide explains some first aid to protect against bullying: (1) give a child a protective shield; (2) talk to the child's school; and (3) find a safe school environment. Parents may not be able to directly influence the friends their children select, but they can listen to their children, talk about their concerns, and work to build judgment. Strategies for intervention at various levels of risk (low to high) are discussed and provide children with courage and character strength. Low-level risk strategies include: not joining in, getting adult help, mobilizing peer group, taking an individual stand, and befriending the victim.

[Singlehanded Sailing: The Experiences and Techniques of the Lone Voyagers,](#) , 1992, 0070281645, 9780070281646. In 1976 International Marine published Singlehanded Sailing, an account of the experiences and techniques of the lone

voyagers. It quickly became a classic in its field. Here for the first time in paperback is the long-awaited second edition. Henderson offers penetrating insights into the psychology of singlehanders, their vessels, gear, strategies, and techniques, plus vivid accounts of emergency experiences alone against the elements. The information is absorbing in its own right, but also of obvious value to a larger audience of cruising sailors who occasionally find themselves sailing singlehanded or shorthanded. Combined with a wealth of practical information is an overriding sense of the camaraderie of the sea, and Henderson's steadying hand as a master sailor and teacher. But much has changed since 1976. The growing popularity of singlehanded racing has spawned a wealth of technological breakthroughs: voyagers can now avail themselves of reliable autopilots, much lighter and more efficient rigs, microprocessor navigation, and satellite weather forecasting. Boats are bigger, lighter, and faster--and the costs and stakes are higher. Singlehanded sailing is at the leading edge of sailing technology. These innovations are of major import for the larger audience of cruising and shorthanded sailors, and Henderson explores these connections thoroughly. A chapter on "Singlehandeding for Everyone," and a thoughtful and provocative conclusion, assess the contributions and possible future of singlehandeding. Even more than in the first edition, Henderson achieves a remarkable combination--a practical how-to book that is also an eloquent contribution to the sailing literature. No better survey of singlehanded skills, boats, and hardware exists."--from the Foreword by John Rousmaniere

What reviewers said about the first edition of *Singlehanded Sailing*: "This is more than just the most authoritative work to date on solo sailing. Because it deals with people who've had to be expert seamen to survive, the book becomes, perforce, a manual of great usefulness to any yachtsman contemplating a shorthanded voyage. Read it through once for perspective. Then put it with your navigation tables for ready reference when planning your next transatlantic."--Philip S. Weld

"It is a distillation of the experience gained by hundreds of sailors during a century of singlehanded sailing, and a critical and technically detailed discussion of the equipment and techniques available today. Henderson writes not only for the prospective singlehander who plans to sail offshore alone, but for every cruising sailor who might find himself effectively alone, through accident, illness or the inexperience or other incapacity of his crew--and that, to me, means every cruising sailor."--John S. Letcher, Jr.

"It is an excellent book, and I would consider it a disgrace for any Society member not to have a copy. Do not tell me you already have Borden, and Klein, and Merrien, and Holm, and Clarke, and etc., etc., so why should you buy another book on singlehanded sailing? Because reading maketh a full man."--Richard Gordon McCloskey, Slocum Society founder

Examines the behavior and characteristics of metals and materials, as well as the current practices for materials processing being used in the industry today. Taking a visual approach, it uses graphics, drawings, and photographs to

illustrate actual equipment, processes and differences in metals when they are subjected to certain conditions such as heating, forming, or forging. Continuing its use of self-tests, case problems and worksheets, this new edition features updated identification and classification of metals; color inserts; expanded coverage of annealing, stress relieving, and normalizing steels; a new chapter on surface hardening treatments for steel products; and a new chapter on hardening processes and tempering steels. A comprehensive coverage of the behavior and characteristics of metals and materials including steel, ceramic materials, wood and paper products, plastics and elastomers and more! Discusses current industry practices regarding how to alter a metal's properties in order to meet the highest demands of applied materials technology. Presents the application of metallurgy, how metallurgical processes actually work, the welding of various metals, and service problems such as metal fatigue and corrosion. Describes testing methods used to determine material properties for compliance with design specifications. Includes visuals of the equipment used to perform specific ore refinement operations and the numerous processes used to make modern metals and alloys. A reference textbook for readers involved metallurgy, material science, machine tool technology, welding technology and quality control.

[Shaq Uncut: My Story, Shaquille O'Neal](#) , 2012, 1455504408, 9781455504404. Superman. Diesel. The Big Aristotle. Shaq Fu. The Big Daddy. The Big Shaqtus. Wilt Chamberneezy. The Real Deal. The Big Shamrock. Shaq. You know him by any number of names, and chances are you know all about his legendary basketball career: Shaquille "Shaq" O'Neal is a four-

time NBA champion and a three-time NBA Finals MVP. After being an All-American at Louisiana State University, he was the overall number one draft pick in the NBA in 1992. In his 19-year career, Shaq racked up 28,596 career points (including 5,935 free throws!), 13,099 rebounds, 3,026 assists, 2,732 blocks, and 15 All-Star appearances. These are statistics that are almost as massive as the man himself. His presence—both physically and psychologically—made him a dominant force in the game for two decades. But if you follow the game, you also know that there's a lot more to Shaquille O'Neal than just basketball. Shaq is famous for his playful, and at times, provocative personality. He is, literally, outsize in both scale and persona. Whether rapping on any of his five albums, challenging celebrities on his hit television show "Shaq Vs.," studying for his PhD or serving as a reserve police officer, there's no question that Shaq has led a unique and multi-dimensional life. And in this rollicking new autobiography, Shaq discusses his remarkable journey, including his candid thoughts on teammates and coaches like Kobe Bryant, Dwyane Wade, LeBron James, Phil Jackson, and Pat Riley. From growing up in difficult circumstances and getting cut from his high school basketball team to his larger-than-life basketball career, Shaq lays it all out in *SHAQ UNCUT: MY STORY*.

[A Rum Affair: A True Story of Botanical Fraud, Karl Sabbagh](#) , 2001, 0306810603, 9780306810602. A Rum Affair is an absorbing tale of scientific chicanery and academic intrigue critically acclaimed and a finalist for the Los Angeles Times Book Prize. In the 1940s, the eminent British botanist John Heslop Harrison proposed a controversial theory: Species of plants on the islands off the west coast of Scotland, he said, had survived the last Ice Age. His premise flew in the face of evidence that the last advance of the ice sheets extended well south of mainland Scotland, but he said he had proof the plants and grasses found on the Isle of Rum that would make his name in the scientific world. Harrison didn't anticipate, however, the tenacious John Raven, an amateur botanist who boldly questioned whether these grasses were truly indigenous to the area, or whether they had been transported there and planted. What seems at first a minor infringement of academic honesty soon becomes an enthralling tale of rival scientists and fraudulent science, a skillful whodunit that, in the hands of the talented Sabbagh, joins the ranks of the best narrative nonfiction.

[Reproductive Politics: What Everyone Needs to Know, Rickie Solinger](#) , 2013, 019993004X, 9780199930043. The term "reproductive politics" was coined by feminists in the 1970s to describe contemporary Roe v. Wade-era power struggles over contraception and abortion, adoption and surrogacy, and other satellite issues. Forty years later, questions about reproductive rights are just as complex--and controversial--as they were then. Focusing mainly on the United States, Reproductive Politics explores the legal, political, religious, social, ethical, and medical dimensions of this hotly contested arena. Tracing the historical roots of reproductive politics up through the present, Rickie Solinger considers a range of topics from abortion and contraception to health care reform and assisted reproductive technologies. Solinger tackles some of the most contentious questions up for debate today, including the definition of "fetal personhood," and the roles poverty and welfare policy play in shaping reproductive rights. The answers she provides are informative, balanced, and sometimes quite surprising. Offering a wide range of information in an accessible and engaging manner, Reproductive Politics: What Everyone Needs to Know orients readers and provides the knowledge necessary to follow the debates in this important and continually evolving field.

[Telling the Truth: The Groundbreaking Articles That Saved West Coast Swing, Ka East](#) , 2012, 0988560100, 9780988560109. What exactly is West Coast Swing? Why so much controversy about dance? How do I know if I'm being bullied, and how do I handle it? What makes a really great dance instructor? The first book in Katherine Eastvold's now widely acclaimed West Coast Swing Revolution series, Telling the Truth provides the foundation every swing dancer

needs, whether they are new to the dance scene, or a veteran who has been dancing since swing's creation. Creating an almost instantaneous world-wide movement, these are the first scandalous writings that first lit the flame of freedom and understanding in a community that was bogged down by the narcissism, politics and corruption for more than a decade. To this day such famous titles as *The Nissy* and *The Time Has Come*, now revamped here, are still the most widely read, recommended and referred to pieces of literature in swing dancing today. Whether you're a dancer or not, there's a lot to be learned about life, living and dance in this fast paced and easy read. A must for the dancer in you - wherever you are.

[Real Conditionals, William G. Lycan](#) , 2001, 0191529273, 9780191529276. Philosophers and logicians have long debated how best to understand conditional or hypothetical sentences. William G. Lycan has a distinctive approach to this debate, attending not just to the semantics of such sentences, but equally to their syntax. He shows how insights from linguistic theory help to illuminate problems about the meaning and function of conditionals. For instance, philosophers and logicians have had problems analysing the locutions 'only if', 'unless', and 'even if'. Lycan sets out a general semantic theory of conditionals which works for all such sentences; he assigns meanings to them in a way that explains how and why those meanings depend upon features of utterance context. According to Lycan's theory the 'if'-clauses refer to items called 'events', 'circumstances', or 'conditions'. *Real Conditionals* gives at last the definitive presentation of this original approach to a topic at the intersection of philosophy, logic, and linguistics. Lycan's characteristically lively and witty expository style ensures that it can be enjoyed by readers from all three disciplines.

[A History of Inverse Probability: From Thomas Bayes to Karl Pearson, 2nd edition, Andrew I. Dale](#) , 1999, 0387988076, 9780387988078. La dernière chose qu'on trouve en faisant un ouvrage, est de savoir celle qu'il faut mettre la première. Blaise Pascal, *Pensees*. In the Preface to the first edition of his *Grammar of Science* Karl Pearson, with a cavalier approach to one of the niceties of conventional grammar, wrote There are periods in the growth of science when it is well to turn our attention from its imposing superstructure and to carefully examine its foundations. Since statistics is fundamental to all science, and since probability in turn is as necessary in the understanding and development of statistical techniques and theory as it is in life in general, it is necessary, I believe, for statisticians to heed Pearson's dictum and to consider, at least from time to time, the foundations of their discipline. It is with this in mind that this work is offered, my particular concern being the examination of the development of one of the fundamental aspects of modern Bayesian Statistics.

[L2 Learning as Social Practice: Conversation-analytic Perspectives, Gabriele Pallotti, Johannes Wagner](#) , 2011, 0980045975, 9780980045970. This volume collects empirical studies applying Conversation Analysis to situations where second, third and other additional languages are used. A number of different aspects are considered, including how linguistic systems develop over time through social interaction, how participants 'do' language learning and teaching in classroom and everyday settings, how they select languages and manage identities in multilingual contexts and how the linguistic-interactional divide can be bridged with studies combining Conversation Analysis and Functional Linguistics. This variety of issues and approaches clearly shows the fruitfulness of a socio-interactional perspective on second language learning.

[Feathers and Fools, Mem Fox](#) , 2000, 0152023658, 9780152023652. Long ago and far away, in a rambling garden beside a clear blue lake, two flocks of birds began to fear each other for their differences. Their fear grew, and soon the birds became enemies, hoarding great quantities of weapons to protect themselves--until panic struck and the chance for peace seemed lost forever. This haunting modern fable reminds readers that with each generation there is renewed hope for understanding and lasting peace. "Beautifully illustrated, the message is appropriate and necessary for children of all ages."--Children's Book Review Service

[Following Jesus, Donald C. Fleming](#) , 2003, 0947342303, 9780947342302. Account of Jesus' travels around first century Palestine. Looks at beginnings in Bethlehem, south to Egypt and north to Nazareth, the Jordan River, early work in Judea and Galilee, in Jerusalem, hospitality in Bethany and Golgotha. Includes colour photos, map and footnotes. Other titles in the series include 'Parables and Pictures' and 'Proverbs Today'.

[International Social Work: Oxford Bibliographies Online Research Guide, Oxford University Press](#) , 2010, 0199802424, 9780199802425. This ebook is a selective guide designed to help scholars and students of social work find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related. A reader will discover, for instance, the most reliable introductions and overviews to the topic, and the most important publications on various areas of scholarly interest within this topic. In social work, as in other disciplines, researchers at all levels are drowning in potentially useful scholarly information, and this guide has been created as a tool for cutting through that material to find the exact source you need. This ebook is a static version of an article from Oxford Bibliographies Online: Social Work, a dynamic, continuously updated, online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice of social work. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit [www.aboutobo.com](http://www.aboutobo.com).

9781590848487. Puberty is an exciting and sometimes stressful period of life. At no other time do so many physical changes happen so rapidly, one on top of another. In the midst of all this, new health implications arise, while the issues of adolescence complicate already existing conditions. This series is designed to help teens cope with the various health choices that confront them. As readers take a look at the science behind a range of adolescent health issues, they gain the knowledge they need to choose a lifestyle that is best for their own individual needs.

[Forbidden Friendships: Homosexuality and Male Culture in Renaissance Florence, Michael Rocke](#) , 1996, 0195069757,

9780195069754. The men of Renaissance Florence were so renowned for sodomy that "Florenzer" in German meant "sodomite." Indeed, in the late fifteenth century, as many as one in two Florentine men had come to the attention of the authorities for sodomy by the time they were thirty. In the seventy years from 1432 to 1502, some 17,000 men--in a city of only 40,000--were investigated for sodomy; 3,000 were convicted and thousands more confessed to gain amnesty. Michael Rocke vividly depicts this vibrant sexual culture in a world where these same-sex acts were not the deviant transgressions of a small minority, but an integral part of a normal masculine identity. In 1432 The Office of the Night was created specifically to police sodomy in Florence. Seventy years of denunciations, interrogations, and sentencings left an extraordinarily detailed record, which Rocke uses to its fullest in this richly documented portrait. He describes a wide range of sexual experiences between males, ranging from boys such as fourteen-year-old Morello di Taddeo, who prostituted himself to fifty-seven men, to the notorious Jacopo di Andrea, a young bachelor implicated with forty adolescents over a seventeen-year period and convicted thirteen times; same-sex "marriages" like that of Michele di Bruno and Carlo di Berardo, who were involved for several years and swore a binding oath to each other over an altar; and Bernardo Lorini, a former Night Officer himself with a wife and seven children, accused of sodomy at the age of sixty-five. (Mortified, he sent his son Taddeo to confess for him and plead for a discreet resolution of his case.) Indeed, nearly all Florentine males probably had some kind of same-sex experience as a part of their "normal" sexual life. Rocke uncovers a culture in which sexual roles were strictly defined by age, with boys under eighteen the "passive" participants in sodomy, youths in their twenties and older men the "active" participants, and most men at the age of thirty marrying women, their days of sexual frivolity with boys largely over. Such same sex activities were a normal phase in the transition to adulthood, and only a few pursued them much further. Rather than precluding heterosexual experiences, they were considered an extension of youthful and masculine lust and desire. As Niccolo Machiavelli quipped about a handsome man, "When young he lured husbands away from their wives, and now he lures wives away from their husbands." Florentines generally accepted sodomy as a common misdemeanor, to be punished with a fine, rather than as a deadly sin and a transgression against nature. There was no word, in the otherwise rich Florentine sexual lexicon, for

"homosexual," nor was there a distinctive and well-developed homosexual "subculture." Rather, sexual acts between men and boys were an integral feature of the dominant culture. Rocke roots this sexual activity in the broader context of Renaissance Florence, with its social networks of families, juvenile gangs, neighbors, patronage, workshops, and confraternities, and its busy political life from the early years of the Republic through the period of Lorenzo de' Medici, Savonarola, and the beginning of Medici princely rule. His richly detailed book paints a fascinating picture of a vibrant time and place and calls into question our modern conceptions of gender and sexual identity.

[Back in the Day: Reflections of a Baby Boomer, Marino Amoruso](#) , 2011, 0983693129, 9780983693123. This is a collection of Marino Amoruso's weekly newspaper columns Back in the Day, which are read by thousands of people each week. Amoruso has the unique ability to put into words what all of us feel but sometimes have trouble expressing. In these pages are some of the most moving, poignant, emotional, humorous and thought-provoking stories you will ever read. Some will make you laugh out loud, others will bring a tear to your eye, and all are true reflections of a baby boomer. Many readers have compared this book to the writings of Jean Shepherd, and others liken the stories to those of best-selling author Bill Bryson. You can read BACK IN THE DAY: Reflections of a Baby Boomer cover to cover or just pick it up and turn to any story in the book. Either way, you'll thoroughly enjoy it.

[Jonathan Swift, Gulliver's travels, Clive T. Probyn](#) , 1989, 014077243X, 9780140772432. Discusses the background, themes and style of Gulliver's Travels, and looks at Swift's skillful use of irony

[Death with Dignity: The Case for Legalizing Physician-assisted Dying and Euthanasia, Robert Orfali](#) , 2011, 1936780186, 9781936780181. In "Death with Dignity," Robert Orfali makes a compelling case for legalized physician-assisted dying. Using the latest data from Oregon and the Netherlands, he puts a fresh new slant on perennial debate topics such as "slippery slopes," "the integrity of medicine," and "sanctity of life." His engaging writing style brings clarity to these issues. The content is thought-provoking; the arguments are well-researched, air-tight, and original. This extraordinary book provides an in-depth look at how we die in America today. It examines the shortcomings of our end-of-life system. You'll learn about terminal torture in hospital ICUs and about the alternatives: hospice and palliative care. With laser-sharp focus, Orfali scrutinizes the good, the bad, and the ugly. He provides an insightful critique of the practice of palliative sedation. The book makes a strong case that assisted dying complements hospice. By providing both, Oregon now has the best palliative-care system in America. Reading this book, above all, may help you or someone you care about navigate this strange landscape we call "end of life." It can be your gentle and informed guide to "a good death" in the age of hospice and high-tech medical intervention. Robert Orfali, the guru of client/server systems in the early days of Silicon Valley, co-authored three best-selling books that demystified the complexity of these mission-critical systems and made them understandable to a whole new generation of programmers. The books sold over a million copies. In this book, Robert uses his analytical skills to deconstruct the most complex system he has yet encountered: our modern end-

of-life system. He wrote this book after helping his soulmate and coauthor, Jeri, navigate her death from ovarian cancer in 2009. The deep emotions Robert felt allowed him to look at how we die from a different perspective, another angle. Robert also wrote "Grieving a Soulmate."

[Lifeguard Training: Games and Gimmicks, Susan J. Grosse](#) , 2002, 0971182647, 9780971182646. [Crusader Castles, Hugh Kennedy](#) , 1994, 0521799139, 9780521799133. The castles built in the Middle East by the Christian crusaders in the 12th and 13th centuries were among the most impressive built anywhere in the Middle Ages. This book is intended as a general introduction to the architecture and history of these fortifications and is fully illustrated with photographs, drawings, and plans, and includes a comprehensive bibliography. Kennedy begins by examining fortification in the West and East before the First Crusade, and follows with chapters discussing the castles of the 12th-century Kingdom of Jerusalem; 12th-century castles in the northern states; siege warfare in the Crusader lands; Templars and Teutonic knights in the 13th century; the Hospitallers in Tripoli and Antioch; Moslem castles of the 12th and 13th centuries.

Here are the very best examples of this attractive and sophisticated craft, from jewelry to home accessories. Find out how to weave a Southwest Tube Necklace with turquoise drops and bugle beads, and a Loomed Mandarin Lamp Shade crafted from 6 beaded panels. Make an elegant silvery Opera Purse lined with Japanese kimono silk, a richly textured Antique Borders sampler, and painted and distressed wooden tassel molds. Beaders will find everything they need to create one-of-a-kind designs.

[The world's best sailboats, Volume 2, , Ferenc Mt](#) , 2003, 0920256449, 9780920256442. In the classic format of the first volume, with magnificent color photographs and black-and-white illustrations, the even more spectacular Volume 2 celebrates the giant leaps in technology and design of the last decade and a half. Ferenc Mt analyzes designs and construction while revealing the secrets of the world's top twenty builders, making this book invaluable for any boat buyer and would-be sailor. It includes dozens of new boats by the perennial best builders--Hinckley, Alden, Baltic, and Swan--plus all the boats of ten new builders, the likes of J-Boats, Oyster, Valiant, and Sabre, who have, over the years,

consistently shown the highest quality and most creative innovation. Mt visited each of the boatyards--in Europe, Canada, and the United States--to document his scrupulous firsthand survey. His color photographs are benchmarks in nautical publishing, and his writing is thoughtful, engagingly direct, and always entertaining. Praise for Volume I: "Possibly the most beautiful sailing book ever published."--Yachting magazine

[Design Futures, Bradley Quinn](#) , 2011, 1858945402, 9781858945408. Until recently, analysis of the future was left to forecasters and trend experts. Today, however, designers and architects are playing an increasingly important role, creating products and environments that will change the way we live. Design Futures is a thought-provoking exploration of the radical directions that the creative industries are taking. Design expert Bradley Quinn reveals how a new generation of products, materials and surfaces will align design with such areas as artificial intelligence, genetic engineering and nanotechnology, reinventing the spaces in which we live and work, and how we experience the human body. Featuring interviews with renowned designers, architects and trend forecasters among them Karim Rashid, Toyo Ito and Li Edelkoort and over 250 illustrations of futuristic products and concepts, this is a unique guide to some of the twenty-first century's most compelling ideas.

[Denmark and the European Union, Martin Marcussen, Anders Wivel, Lee Miles](#) , 2013, 0415611342, 9780415611343.

This book offers an accessible, coherent and comprehensive analysis of the recent, contemporary and future challenges and possibilities facing Denmark in the European integration process. The book traces the formal as well as the informal ways of influence and adaptation in Denmark's relations with the European Union. In doing so, it also offers a contribution to our understanding of Europe as a differentiated political arena. Topics covered include: Identifying the challenges and opportunities of Danish EU membership, via the policies pursued by Denmark in Europe. The ways in which Denmark adapts to the European integration process .Consequences of EU integration for citizen rights, democracy, policy coordination and implementation efficiency. Denmark and the European Union will be of interest to students and scholars of European Union and integration politics.

[Privatizing Public Lands, Scott Lehmann](#) , 1995, 0195089723, 9780195089721. At the present time, the United States

federal government retains title to roughly a quarter of the nation's land, including national parks, forests, wildlife refuges, and several hundred million miscellaneous acres. Managing these properties is expensive and often contentious, and few management decisions escape criticism. Some observers, however, argue that this criticism is misdirected, that the fundamental problem is collective ownership itself; the solution, therefore, would be a move toward privatization of such property. A free market, it is claimed, directs privately owned resources to their most productive uses, and privatizing public lands would create a free market for their services. This timely study critically examines these claims, interrogating the concept of productivity. Lehmann argues that there is no way of understanding "productive" so that greater productivity is at once desirable and a likely consequence of privatizing public lands or "marketizing" their management. The discussion is fully self-contained, with background chapters on federal lands and management agencies, economics, and ethics. It will interest philosophers, public policy analysts, and all those concerned about the future of land use in the United States.

[The Novel: History, geography, and culture, , , Franco Moretti](#) , 2006, 0691049475, 9780691049472. Nearly as global in its ambition and sweep as its subject, Franco Moretti's The Novel is a watershed event in the understanding of the first truly planetary literary form. A translated selection from the epic five-volume Italian *Il Romanzo* (2001-2003), The Novel's two volumes are a unified multiauthored reference work, containing more than one hundred specially commissioned essays by leading contemporary critics from around the world. Providing the first international comparative reassessment

of the novel, these essential volumes reveal the form in unprecedented depth and breadth--as a great cultural, social, and human phenomenon that stretches from the ancient Greeks to today, where modernity itself is unimaginable without the genre. By viewing the novel as much more than an aesthetic form, this landmark collection demonstrates how the genre has transformed human emotions and behavior, and the very perception of reality. Historical, statistical, and formal analyses show the novel as a complex literary system, in which new forms proliferate in every period and place. Volume 1: History, Geography, and Culture, looks at the novel mostly from the outside, treating the transition from oral to written storytelling and the rise of narrative and fictionality, and covering the ancient Greek novel, the novel in premodern China, the early Spanish novel, and much else, including readings of novels from around the world. These books will be essential reading for all students and scholars of literature.

[The Silver Lining: An Innovation Playbook for Uncertain Times, Scott D. Anthony](#) , 2009, 1422139018, 9781422139011.

Experts agree: The turbulence triggered by the economic shock of 2008 constitutes the "new normal." Unfortunately, too many managers have become paralyzed by it, capable only of slashing costs indiscriminately. Though examining spending during recessions makes sense, the smartest executives do much more. As Scott Anthony reveals in *The Silver Lining*, these leaders continue innovating by stopping ineffective initiatives, changing key business processes, and starting more productive behaviors. Result? Their companies emerge from downturns stronger than ever. Providing a wealth of ideas, tools, and examples from diverse industries, Anthony explains how to safeguard your company's profitability during even the toughest recessions. In today's brutal economic climate, executives must pare costs to the bone while planting and nurturing seeds for tomorrow's growth. *The Silver Lining* explains how to master this seemingly impossible challenge.

[The Practice of Rational Emotive Behavior Therapy, Albert Ellis, Windy Dryden](#) , 2007, 0826122175, 9780826122179.

Reissued with a new foreword by Raymond DiGiuseppe, PhD, ScD, St. John's University New trainees often get the theory of psychopathology; they struggle to get the case conceptualization and the strategic plan. Then they ask themselves. What do I do now? Going from the abstractions to the actions is not always clear. "The Practice of Rational Emotive Behavior Therapy" represents a compilation of years of theoretical and clinical insights distilled into a specific theory of disturbance and therapy and deductions for specific clinical strategies and techniques....The structure of this

books focuses on an explication of the theory, a chapter on basic practice, and a chapter on an in depth case study. A detailed chapter follows on the practice of individual psychotherapy. Although the book is not broken into sections, the next four chapters represent a real treasure. The authors focus on using REBT in couples, family, group, and marathons sessions. Doing REBT with one person is difficult to learn. Once the clinician adds more people to the room with different and sometimes competing agendas things get more complicated. These chapters will not only help the novice clinician but also the experienced REBT therapists work better in these types of sessions. So, consider yourself lucky for having picked up this book. Reading it will help many people get better. - From the Foreword by Raymond DiGiuseppe, PhD, ScD, Director of Professional Education, Albert Ellis Institute; Professor and Chair, Department of Psychology, St. John's University This edition, involving a unique collaboration between Albert Ellis and the world's greatest Ellis scholar, Windy Dryden, modernizes Ellis's pioneering theories. The book begins with an explanation of rational emotive behavior therapy as a general treatment model and then addresses different treatment modalities, including individual, couple, family, and sex therapy. The authors have added material new since the book's original edition on teaching the principles of unconditional self-acceptance in a structured group setting. With extensive use of actual case examples to illustrate each of the different settings, and a new brand new foreword by Raymond DiGiuseppe that sets the book into its 21st-century context.

[Teaching the Arts: Early Childhood and Primary Education, David Roy, William Baker, Bill Baker, Amy Hamilton](#) , 2012, 1107636205, 9781107636200. Teaching the Arts: Early Childhood and Primary Education provides a comprehensive and exciting introduction to Arts education in Australia and New Zealand. By illustrating the fundamental links between theory and practice, this book equips students with the skills and knowledge to teach the Arts. The book covers each of the five Arts strands -dance, drama, media arts, music and visual arts - in detail. Each chapter encourages readers to engage with the Arts and provides opportunities to develop understanding and practical skills through reflective questions, examples and activities. Teaching the Arts draws important links to the Australian Curriculum, the New Zealand Curriculum, the Early Years Learning Framework and TeWhariki, and includes substantial references to Indigenous histories and cultures, relationships with Asia, and sustainability. Generously illustrated and featuring excellent on-line

resources, Teaching the Arts is an indispensable resource for pre-service teachers.

[The Runaway King, , Jennifer A. Nielsen](#) , 2013, 0545284155, 9780545284158. A kingdom teetering on the brink of destruction. A king gone missing. Who will survive? Find out in the highly anticipated sequel to Jennifer A. Nielsen's blockbuster THE FALSE PRINCE! Just weeks after Jaron has taken the throne, an assassination attempt forces him into a deadly situation. Rumors of a coming war are winding their way between the castle walls, and Jaron feels the pressure quietly mounting within Carthya. Soon, it becomes clear that deserting the kingdom may be his only hope of saving it. But the further Jaron is forced to run from his identity, the more he wonders if it is possible to go too far. Will he ever be able to return home again? Or will he have to sacrifice his own life in order to save his kingdom? The stunning second installment of The Ascendance Trilogy takes readers on a roller-coaster ride of treason and murder, thrills and peril, as they journey with the Runaway King!

[Happy New Year, Beni,](#) , 1993, 0805019618, 9780805019612. This Rosh Hashanah, Beni and Sara are going to Grandma and Grandpa's for the holidays. Everyone will be there-- including cousin Max. Before dinner, Sara lights the candles and Grandpa says the Kiddush. "To a sweet, good year! L'shanah Tovah!" At the temple, Papa blows the shofar and joyfully welcomes in the new year. But Max almost spoils the holiday for everyone-- he hogs all the sweet fruits at dinner and puts creepy surprises under his cousins' pillows. It's only when Grandpa takes a quiet moment to explain the tradition of Tashlikh that Max is willing to start the new year off with a clean slate. Or is he? Jane Breskin Zalben captures the joy and warmth of this special holiday through her sensitive storytelling and detailed pastel-colored illustrations.

[Women in Twentieth-Century Europe, Ann Taylor Allen](#) , 2008, 1403941920, 9781403941923. Women's lives changed more in the twentieth century than in any previous century. It was a period of transformation, not only of the political realm, but also of the household, family and workplace. Innovations in military technology, the mass media, manufacturing, medicine, travel and communications shaped the lives of women. Ranging widely over the whole of Europe and the entirety of the long twentieth century, this fascinating account is the first comprehensive survey of women in twentieth-century Europe.

[How to Retire Rich and Stay Rich: A Financial Road Map to Success, Van A. Musso](#) , 1994, 0963948415, 9780963948410. HOW TO RETIRE RICH & STAY RICH teaches you how to set goals that are achievable. It explains how investments work to help you diversify your assets & reduce volatility. It teaches you how to hit home runs in your investment program. It explains the fascinating but simple crystal ball thinking concept that will help you open your eyes to upcoming opportunities that are available in virtually every business & industry. The book is a practical "How to" guide, describing Van Musso's formula for his own success. It applies to any age group & any income level. It is very entertaining as well as informative, giving steps to anyone wanting to achieve financial independence. Remember: Ninety-five percent of all the people in the world do not retire rich. This book is dedicated to help you avoid the mistakes the majority of people make. When you read this book you will dramatically increase your chance of being in the top five percent. The book discusses How To Save, How To Invest, How To Get Out of Debt, How To Pay Off Your Mortgage Early, How To Save On Insurance Premiums, & commissions & fees. It describes & defines all professions in the financial world & how they operate, how they charge & what their level of expertise is. Van A. Musso Enterprises, Ltd., 639 Loyola Ave., Suite 201, New Orleans, LA 70113. Phone: (800) HOW RICH. FAX: (504) 522-9678.

[Lawyers Or Grave Robbers?, Diarmuid Hannigan](#) , 2008, 0980471400, 9780980471403. "The book examines the accountability of legal professionals who act as executors of deceased estates. Through this examination it offers solutions which would protect Australian families from self serving lawyer executors"--Provided by publisher.

[First Pass Under Heaven: One Man's 4,000-Kilometre Walk Along the Great Wall of China, Nathan Hoturoa Gray](#) , 2006, 0143020676, 9780143020677. The Great Wall of China is the largest man-made structure ever built, stretching for over 4,000 kilometres from central Asia, across the Gobi Desert, through the remote, cold mountains of northern China to end on the shores of the Pacific Ocean. Nathan Gray, a young New Zealand lawyer, wanted to be the first person in history to walk the entire length of the Great Wall. In October 2000 he set off with four fellow travellers -- a Buddhist monk from Singapore, a Jewish photojournalist from Argentina, a Catholic recording artist from Italy and a Mormon golfer. Conceived as an idealistic trek to mark the millennium in cultural, racial and religious harmony, one month in reality bit. Blizzards, lightning strikes, thirst, starvation, snakes and police detention all took their toll. After 3,000 kilometres, having witnessed the fatal stabbing of a Chinese friend and being chased at gunpoint by soldiers, Nathan succumbed to physical and mental fatigue and returned to New Zealand. Unable to accept defeat, he returned three months later to complete the challenge; the final 1,000 kilometres.

This book will feature concept and production art, too.

[What Great Salespeople Do: The Science of Selling Through Emotional Connection and the Power of Story, Michael Bosworth, Ben Zoldan, Michael T. Bosworth](#) , 2011, 0071769714, 9780071769716. Build better relationships and Sell More Effectively With a Powerful SALES STORY Throughout our careers, we have been trained to ask diagnostic questions, deliver value props, and conduct ROI studies. It usually doesn't work; best case, we can argue with the customer about numbers purely a left brain exercise, which turns buyers off. This book explains a better way. John Burke, Group Vice President, Oracle Corporation Forget music, a great story has charm to soothe the savage beast and win over the most challenging customer. And one of the best guides in crafting it, feeling it, and telling it is What Great Salespeople Do. A must-read for anyone seeking to influence another human being. Mark Goulston, M.D., author of the #1 international bestseller Just Listen: Discover the Secret to Getting Through to Absolutely Anyone Good salespeople tell stories that inform prospects; great salespeople tell stories that persuade prospects. This book reveals what salespeople need to do to become persuasive story sellers. Gerhard Gschwandtner, publisher of Selling Power This book breaks the paradigm. It really works miracles! David R. Hibbard, President, Dialexis Inc What Great Salespeople Do humanizes the sales process. Kevin Popovic, founder, Ideahaus Mike and Ben have translated what therapists have known for years into a business solution utilizing and developing ones Emotional Intelligence to engage and lessen the defenses of others. What Great Salespeople Do is a step-by-step manual on how to use compelling storytelling to masterfully engage others and make their organizations great. Christine Miles, M.S., Psychological Services, Executive Coach, Miles Consulting LLC About the Book: This groundbreaking book offers extraordinary insight into the greatest mystery in sales: how the very best salespeople consistently and successfully influence change in others, inspiring their customers to say yes. Top-performing salespeople have always had a knack for forging connections and building relationships with buyers. Until now, this has been considered an innate talent. What Great Salespeople Do challenges some of the most widely accepted paradigms in selling in order to prove that influencing change in buyers is a skill that anyone can learn. The creator of Solution Selling and CustomerCentric Selling, Michael Bosworth, along with veteran sales executive Ben Zoldan, synthesize discoveries in neuroscience, psychology, sociology, anthropology, and other disciplines, combining it all into a field-tested framework helping you break down barriers, build trust, forge meaningful relationships, and win more customers. This book teaches you how to: Relax a buyers skepticism while activating the part of his or her brain where trust is formed and connections are forged Use the power of story to influence buyers to change Make your ideas, beliefs, and experiences storable using a proven story structure Build a personal inventory of stories to use throughout

your sales cycle Tell your stories with authenticity and real passion Use empathic listening to get others to reveal themselves Incorporate storytelling and empathic listening to achieve collaborative conversations with buyers Breakthroughs in neuroscience have determined that people don't make decisions solely on the basis of logic; in fact, emotions play the dominant role in most decision-making processes. What Great Salespeople Do gives you the tools and techniques to influence change and win more sales.

[The Complete Short Fiction, Oscar Wilde](#) , 2003, 0141905689, 9780141905686. Fairy tales, ghost stories, detective fiction and comedies of manners - the stories collected in this volume made Oscar Wilde's name as a writer of fiction, showing breathtaking dexterity in a wide range of literary styles. Victorian moral justice is comically inverted in 'Lord Arthur Savile's Crime' and 'The Canterville Ghost', and society's materialism comes under sharp, humorous criticism in 'The Model Millionaire', while 'The Happy Prince' and 'The Nightingale and the Rose' are hauntingly melancholic in their magical evocations of selfless love. These small masterpieces convey the brilliance of Wilde's vision, exploring complex moral issues through an elegant juxtaposition of wit and sentiment.

[Analyzing Classical Form: An Approach for the Classroom, William E. Caplin](#) , 2013, 0199747180, 9780199747184.

Analyzing Classical Form builds upon the foundations of the author's critically acclaimed Classical Form by offering an approach to the analysis of musical form that is especially suited for classroom use. Providing ample material for study in both undergraduate and graduate courses, Analyzing Classical Form presents the most up-to-date version of the author's "theory of formal functions." Students will learn how to make complete harmonic and formal analyses of music drawn from the instrumental works of Haydn, Mozart, and Beethoven. Part 1 introduces the principal theme-types of classical

instrumental music; part 2 provides a methodology for analyzing sonata form, the most important formal type in this style period; and part 3 considers other full-movement forms found in this repertory (such as minuet, rondo, and concerto). The chapters are organized in a way that presents the most basic materials upfront and then leads the student through more details and finer points of theory. Every topic is illustrated with annotated musical examples; as well, the book contains many unannotated examples that can be used for in-class discussion and for out-of-class analytical exercises. A complete glossary of terms and questions for reviewing the theory will help students assimilate the many theoretical concepts employed in the book. A companion website provides audio and musical scores for all of the examples in the book as well as additional examples for the analysis of the simple theme-types presented in part 1.

[Women and Religious Traditions, Leona M. Anderson, Pamela Dickey Young](#) , 2010, 0195432010, 9780195432015.

Women and Religious Traditions analyzes the roles of women in the world's religions from historical, textual, political, psychological, and contemporary perspectives. It begins with an introduction to feminist theory and issues in the study of religion, followed by individual chapters devoted to each of Hinduism, Buddhism, Judaism, Chinese Religions, Christianity, Islam, Sikhism, Native Traditions, and New Age Religions. Organized by themes such as history, texts, symbols, sexuality, and social change, the new second edition examines how religious mythology and patriarchy have shaped the social and private lives of women throughout history.

[That Noble Dream: The 'Objectivity Question' and the American Historical Profession, ISSN 0962-4945, , ISBN 968691465X, 9789686914658, Peter Novick](#) , 1988, 0521357454, 9780521357456. The aspiration to relate the past "as it really happened" has been the central goal of American professional historians since the late nineteenth century. In this remarkable history of the profession, Peter Novick shows how the idea and ideal of objectivity was elaborated, challenged, modified, and defended over the past century. Drawing on the unpublished correspondence as well as the published writing of hundreds of American historians, this book is a richly textured account of what American historians have thought they were doing, or ought to be doing, when they wrote history--how their principles influenced their practice and practical exigencies influenced their principles. Published with the support of the Exxon Education Foundation.
