[What Can Tribes Do?: Strategies and Institutions in American Indian Economic Development, Stephen Ellicott Cornell,](#)

[Joseph P. Kalt](#) , 1992, 0935626379, 9780935626377. In the late 1980s, the Harvard Project on American Indian Economic Development carried out an extended study of the conditions under which self-determined economic development can be successful on Indian reservations. The core research method was a comparative analysis of development efforts on several reservations. The focus of the collection is on the institutional and developmental strategies most likely to lead to success on tribal terms.

[The 13 Pet Geists, Rose Anderson](#) , 2004, . The 13 Pet Geists! Quirky, playful, lovable animal ghosts! You're off to the Geist Reserve, the enchanted afterlife home for animals! Here, the 13 Pet Geists live, work and play together. They cook, sew, sing and build, just like you and me. But everyday is a crazy day with these high-spirited animal ghosts. Whether they're playing together or visiting the living animals they call the "Livies", wacky things can happen, and usually do. The 13 Pet Geists are so much fun they'll become your favorite pet ghosts! The ghostly wild fun has just begun!

[Commitment and compliance: the role of non-binding norms in the international legal system, Dinah Shelton](#) , 2000, 0198298080, 9780198298083. Commitment and Compliance is the first book to evaluate the impact of state behavior of international norms adopted in forms that are not legally binding. The use of such 'soft law' has increased dramatically with the proliferation of international organizations. Whether and how such norms can be used effectively to supplement

or substitute for legally binding obligations forms the heart of this discussion.

[The Surface of Mars, Michael H. Carr](#) , 2007, 1139461249, 9781139461245. Our knowledge of Mars has grown enormously over the last decade as a result of the Mars Global Surveyor, Mars Odyssey, Mars Express, and the two Mars Rover missions. This book is a systematic summary of what we have learnt about the geological evolution of Mars as a result of these missions. It describes the diverse Martian surface features and summarizes current ideas as to how, when, and under what conditions they formed, and explores how Earth and Mars differ and why the two planets evolved so differently. The author also discusses possible implications of the geologic history for the origin and survival of indigenous Martian life. Up-to-date and highly illustrated, this book will be a principal reference for researchers and graduate students in planetary science. The comprehensive list of references will also assist readers in pursuing further information on the subject. Colour images can be found at www.cambridge.org/9780521872010.

[Personal Days, Ed Park](#) , 2009, 0099520583, 9780099520580. In an unnamed New York-based company, the employees are getting restless as everything around them unravels. There's Pru, the former grad student turned spreadsheet drone; Laars, the hysteric whose work anxiety stalks him in his tooth-grinding dreams; and Jack II, who distributes unwanted backrubs-aka "jackrubs"-to his co-workers. On a Sunday, one of them is called at home. And the Firings begin. Rich with Orwellian doublespeak, filled with sabotage and romance, this astonishing literary debut is at once a comic delight and a narrative tour de force. It's a novel for anyone who has ever worked in an office and wondered: "Where does the time go? Where does the life go? And whose banana is in the fridge?" Praise for PERSONAL DAYS "Witty and appealing...Anyone who has ever groaned to hear 'impact' used as a verb will cheer as Park skewers the avatars of corporate speak, hellbent on debasing the language....Park has written what one of his characters calls 'a layoff narrative' for our times. As the economy continues its free fall, Park's book may serve as a handy guide for navigating unemployment and uncertainty. Does anyone who isn't a journalist think there can't be two books on the same subject at the same time? We need as many as we can get right now." --"The New York Times Book Review ""Never have the minutiae of office life been so lovingly cataloged and collated." --"Three First Novels that Just Might Last," --"Time""A comic and creepy debut...Park transforms the banal into the eerie, rendering ominous the familiar request "Does anyone want anything from the outside world?" --"The New Yorker" ""The modern corporate office is to Ed Park's debut novel "Personal Days" what World War II was to Joseph Heller's "Catch-22"--a theater of absurdity and injustice so profound as to defy all reason....Park may be in line to fill the shoes left by Kurt Vonnegut and other satirists par excellence."--Samantha Dunn, "Los Angeles Times""In "Personal Days" Ed Park has crafted a sometimes funny, sometimes heartbreaking, but always adroit novel about office life...Sharp and lovely language." --"Newsweek" "A warm and winning fiction debut." -- "Publishers Weekly "" ""I laughed until they put me in a mental hospital. But "Personal Days" is so much more than satire. Underneath Park's masterly portrait of wasted workaday lives is a pulsating heart,

and an odd, buoyant hope." -- Gary Shteyngart, author of "Absurdistan" "The funniest book I've read about the way we work now." -William Poundstone, author of "Fortune's Formula" "Ed Park joins Andy Warhol and Don DeLillo as a master of the deadpan vernacular." --Helen DeWitt, author of "The Last Samurai" "

[Shakespeare Makes the Playoffs, Ronald Koertge](#) , 2012, 0763658529, 9780763658526. Fielding his social life is a bigger challenge for Kevin than hitting a fastball in Ron Koertges funny, insightful sequel to SHAKESPEARE BATS CLEANUP. Fourteen-year-old Kevin Boland has a passion for playing baseball, a knack for writing poetry and a cute girlfriend named Mira whos not much interested in either. But then, Kevin doesnt exactly share Miras newfound fervor for all things green. So when Kevin signs up for open mike night at Bungalow Books and meets Amy, a girl who knows a sonnet from a sestina and can match his emails verse for verse, things start to get sticky. Should he stay with Mira? Or risk spoiling his friendship with Amy by asking her out? Ron Koertge, master of snappy dialogue and a deft poet, offers a fast-paced, sympathetic story that interweaves two narrative voices with humor and warmth. From the Hardcover edition.

[Science Exhibitions: Communication and Evaluation, Anastasia Filippoupoliti](#) , 2010, 0956194389, 9780956194381. This exciting new book examines how best to disseminate science to the public through a variety of new and traditional media. With over 20 essays from leading practitioners in the field, and over 650 pages, it provides an authoritative, stimulating overview of new, innovative and successful initiatives in the field. The essays draw on cutting-edge experience throughout the world, and include contributions from Australia, Canada, Greece, Italy, Portugal and Mexico - as well as the UK and USA. The book is edited by Dr Anastasia Filippoupoliti, Lecturer in Museum Education at the Democritus University of Thrace in Greece: "I wanted to examine the narratives generated in science exhibitions and tackle some of the challenges museums experience in transforming scientific concepts or events into three-dimensional exhibits." Among the twenty essays included are: Art in Science Centres; The Interpretation of Dinosaurs in Museums; Forming a Museum of Mathematics; Critical Listening: An Essential Element in Exhibit Design; and Dioramas: Dusty Relics or Essential Tools?

[Resistance, Alex Cole](#) , 2008, 0955855802, 9780955855801. David Marshall is bored and annoyed. He's been bored and annoyed for ages. Everyone thinks he is living a middle class dream. No one has any idea that he isn't happy, or that he is full of hatred. People are parasites. Life isn't fair. Idiots go about their selfish and thoughtless lives and get away with it. One of David's friends has an accident and injures his brain, leaving him with an inability to lie. David watches his friend's life crumble around him as his inability to lie gradually alienates everyone. David is appalled that honesty has

such severe consequences in modern society and decides it is time to do something about it. David exposes the liars and the cheats, and makes them face the consequences of their lives and their choices, but with traumatic consequences of his own. A story of obsession and the selfish foundation of human existence.

[Solved Problems in Classical Mechanics: Analytical and Numerical Solutions with Comments, O.L. de Lange, J. Pierrus](#) , 2010, 0199582521, 9780199582525. Apart from an introductory chapter giving a brief summary of Newtonian and Lagrangian mechanics, this book consists entirely of questions and solutions on topics in classical mechanics that will be encountered in undergraduate and graduate courses. These include one-, two-, and three- dimensional motion; linear and nonlinear oscillations; energy, potentials, momentum, and angular momentum; spherically symmetric potentials; multi-particle systems; rigid bodies; translation and rotation of the reference frame; the relativity principle and some of its consequences. The solutions are followed by a set of comments intended to stimulate inductive reasoning and provide additional information of interest. Both analytical and numerical (computer) techniques are used to obtain and analyze solutions. The computer calculations use Mathematica (version 7), and the relevant code is given in the text. It includes use of the interactive Manipulate function which enables one to observe simulated motion on a computer screen, and to study the effects of changing parameters. The book will be useful to students and lecturers in undergraduate and graduate courses on classical mechanics, and students and lecturers in courses in computational physics.

[50 Ways to Get Even with Your Lover, Joe Bob](#) , 1993, 0962559326, 9780962559327. For women involved in divorce, looking for ways to get even with their husbands, retaliation for all the times you had to do things his way. From taking all his clothes to the dry cleaners at once to putting rice in the radiator of his car to donating his tools to the church, here are 50 humorous ways to seek revenge. (B.R. Publishing)

This book examines the nature of successful school leadership: what it is, what it looks like in practice & what are the consequences for schools & pupils.

[The Horned Man, James Lasdun](#) , 2010, 1409002756, 9781409002758. Lawrence Miller, an English expatriate in New

York, tells the story of what appears to be an elaborate conspiracy to frame him for a series of brutal killings. The intricate plot entangles Miller, a teacher of Gender Studies, in the lives of a womanising colleague under investigation for sexual harassment, a lonely attorney who has developed an inexplicable passion for Miller, and a shadowy Bulgarian who adapts Kafka for the stage, is prone to acts of explosive violence, and may or may not be sleeping under Miller's office desk. As the novel spirals to its shocking conclusion, Lawrence Miller traverses, in terror, the streets of Manhattan, tracking the lines of human connection across the city and out to the decaying suburbs beyond, in wild pursuit of his persecutors.

[R.V.W.: A Biography of Ralph Vaughan Williams, Ursula Vaughan Williams](#) , 1964, 0192820826, 9780192820822. In addition to his great prowess as a composer, Vaughan Williams was a man of strong character and unflagging energy, who lived a long, full life. He was at the centre of musical events in England for sixty years, a period which for sustained musical achievement is probably unequalled in the history of this country. Ursula Vaughan Williams's intimate and detailed biography of her husband used much material not hitherto available to scholars to produce a balanced and judicious portrait. It is now made newly available as a Clarendon Paperback.

[Forbidden Fruit: From the Letters of Abelard and Heloise, Heloise,, Peter Abelard](#) , 2007, 0141964340, 9780141964348.

The illicit relationship between Peter Abelard, a medieval philosopher, and his young pupil Heloise is one of history's most legendary and tragic love affairs. From reckless ecstasy to public scandal and cruel separation, their eloquent and intimate letters tell the story of their passionate, doomed romance. United by the theme of love, the writings in the Great

Loves series span over two thousand years and vastly different worlds. Readers will be introduced to loves endlessly fascinating possibilities and extremities: romantic love, platonic love, erotic love, gay love, virginal love, adulterous love, parental love, filial love, nostalgic love, unrequited love, illicit love, not to mention lost love, twisted and obsessional love....

[Acquiring Genomes: A Theory of the Origins of Species, Lynn Margulis, Dorion Sagan](#) , 2008, 0786722606, 9780786722600. How do new species evolve? Although Darwin identified inherited variation as the creative force in evolution, he never formally speculated where it comes from. His successors thought that new species arise from the gradual accumulation of random mutations of DNA. But despite its acceptance in every major textbook, there is no documented instance of it. Lynn Margulis and Dorion Sagan take a radically new approach to this question. They show that speciation events are not, in fact, rare or hard to observe. Genomes are acquired by infection, by feeding, and by other ecological associations, and then inherited. Acquiring Genomes is the first work to integrate and analyze the overwhelming mass of evidence for the role of bacterial and other symbioses in the creation of plant and animal diversity. It provides the most powerful explanation of speciation yet given.

Examined are the leading lawsuits that hav

[Textiles: The Art of Mankind, Mary Schoeser](#) , 2012, 0500516456, 9780500516454. Textiles are the most ubiquitous, diverse, and consistently creative art form on the planet. This major new work comprises more than one thousand images that highlight the beauty, subtlety, simplicity, or complexity of textiles created around the world. Based on knowledge accrued over a lifetime of immersion in the textile arts, Mary Schoeser's definitive text offers sweeping insight into the role that textiles have played throughout human civilization. The juxtaposition of historical and contemporary examples highlights the skill and imagination of textile designers through the centuries as well as the remarkable range of achievements. Detailed images and informed captions illustrate the variety and allure of textiles, and the informative descriptions include histories of private collections, underscoring the importance of context for appreciating the exquisite detail of fabric and cloth. An extensive resource section provides valuable information about museum and textile associations across the globe.

[Torts in New Zealand: Cases and Materials 5e, Bill Atkin, Geoff McLay](#) , 2012, 0195585151, 9780195585155. Torts in New Zealand: Cases and Materials is the principal torts casebook in New Zealand. In its fifth edition, it builds on the success of previous editions by providing cases, materials and integrated commentary necessary for a comprehensive introduction to New Zealand tort law. The focus of the text is New Zealand tort law, however the book uses many precedents from UK, Canadian and Australian case law to reflect the diverse sources of New Zealand tort law. Problem questions integrated throughout the book enable students to test their knowledge.

[Pattern Recognition for Medical Imaging, Anke Meyer-Bae](#) , 2004, 0124932908, 9780124932906. Medical Imaging has become one of the most important visualization and interpretation methods in biology and medicine over the past decade. This time has witnessed a tremendous development of new, powerful instruments for detecting, storing, transmitting, analyzing, and displaying medical images. This has led to a huge growth in the application of digital processing techniques for solving medical problems. The most challenging aspect of medical imaging lies in the development of integrated systems for the use of the clinical sector. Design, implementation, and validation of complex medical systems requires a tight interdisciplinary collaboration between physicians and engineers because poor image quality leads to problematic feature extraction, analysis, and recognition in medical application. Therefore, much of the research done today is geared towards improvement of imperfect image material. This important book by academic authority Anke Meyer-Baeese compiles and organizes a complete range of proven and cutting-edge new methods, which are playing a leading role in the improvement of image quality, analysis and interpretation in modern medical imaging. These methods offer fresh tools of hope for physicians investigating a vast number of medical problems for which classical methods prove insufficient. Each chapter in Pattern Recognition for Medical Imaging provides a chapter summary

and bibliographic remarks for in-depth study. Each presented classification approach is elucidated by a flow-diagram and highlighted with practical medical imaging applications. This is an essential tool for the serious student and professional working with Medical Imaging.*Essential tool for serious students and professionals working with Medical Imaging

[Saturnalia, Lindsey Davis](#) , 2008, 0099493837, 9780099493839. It is the Roman holiday of Saturnalia. The days are short, the nights are for wild parties. A general has captured a famous enemy of Rome, and brings her home to adorn his Triumph as a ritual sacrifice. The logistics go wrong; she acquires a mystery illness -- then a young man is horrendously murdered and she escapes from house arrest. Marcus Didius Falco is pitted against his old rival, the Chief Spy Anacrites, in a race to find the fugitive before her presence angers the public and makes the government look stupid. Falco has other priorities, for Helena's brother Justinus has also vanished, perhaps fatefully involved once more with the great lost love of his youth. Against the riotous backdrop of the season of misrule, the search seems impossible and only Falco seems to notice that some dark agency is bringing death to the city streets. Saturnalia is the eighteenth book in Lindsey Davis' bestselling Falco series.

[The State-Line Mob: A True Story of Murder and Intrigue, W. R. Morris](#) , 2001, 1558538615, 9781558538610. The story that could not be written till now! I have been collecting this informatin for more than twenty years. I was personally acquainted with many of the outlaws who nested in the dives along the Tennessee-Mississippi border, and I crossed paths with them while I was doing research for Buford Pusser's authorized biography, The Twelfth of August. Pusser fought the state-line criminals during his entire six-year reign as sheriff of McNairy County, Tennessee. During the state-line wars, Pusser created a larger-than-life image. But while walking tall, he often walked outside the law. Members of the state-line mob were bold and colorful. They lived hard and fast. Most of them died the same way. W. R. Morris

[Computers, Phones, and the Internet: Domesticating Information Technology, , Robert Kraut, Malcolm Brynin, Sara Kiesler](#) , 2006, 0195179633, 9780195179637. During the past decade, technology has become more pervasive, encroaching more and more on our lives. Computers, cell phones, and the internet have an enormous influence not only on how we function at work, but also on how we communicate and interact outside the office. Researchers have been documenting the effect that these types of technology have on individuals, families, and other social groups. Their work addresses questions that relate to how people use computers, cell phones, and the internet, how they integrate their use

of new technology into daily routines, and how family function, social relationships, education, and socialization are changing as a result. This research is being conducted in a number of countries, by scientists from a variety of disciplines, who publish in very different places. The result is that it is difficult for researchers and students to get a current and coherent view of the research literature. This book brings together the leading researchers currently investigating the impact of information and communication technology outside of the workplace. Its goal is to develop a consolidated view of what we collectively know in this fast-changing area, to evaluate approaches to data collection and analysis, and to identify future directions for research. The book will appeal to professionals and students in social psychology, human-technology interaction, sociology, and communication.

[Southern Gothic: New Tales of the South, Eryk Pruitt, Rose Yndigoyen, Hardy Jones, Shane K. Bernard, A.A. Garrison, Michael Russell, A.G. Carpenter, Charles J. Beacham, Zachary Honey, Mark Pritchard, Emily Ruth Isaacson, Heather Bell Adams, Caitlin Cauley, Miranda Stone, Kent Tankersley](#) , 2013, 0988551225, 9780988551220. Southern Gothic: New Tales of the South is an anthology like no other. Featuring over 15 stories and poems by new and veteran authors, the writing reflects a diverse range of Southern experience. From the post-Katrina New Orleans of Rose Yndigoyens Long Gone Girls and the deep-rooted family of Hardy Jones Visitin Cormierville to the racial tension of Eryk Pruitts Them Riders and Shane K. Bernards The Phrenologist, the anthology represents a new interpretation of the long-established Southern Gothic genre. Each story is paired with original art by Nathan Mark Phillips. Phillips images pull at the underside of the stories and bring a thoughtful level of interpretation to each work. Poking at the heart of Southern distinctiveness, these writers and artists make a bold statement about the south in the 21st century.

[Video Systems in an IT Environment: The Basics of Networked Media and File-based Workflows, Al Kovalick](#) , 2009, 0240810422, 9780240810423. Audio/Video (AV) systems and Information Technology (IT) have collided. IT is being

leveraged to create compelling networked media and file-based workflows. Video Systems in an IT Environment has helped thousands of professionals in broadcast, post and other media disciplines to understand the key aspects the AV/IT tapeless? convergence. World-renowned educator and speaker Al Kovalick adds his conversational and witty style to this text making the book an enjoyable learning experience. Now in its second edition, this book includes: basics of networked media, storage systems for AV, MXF and other file formats, Web services and SOA, software platforms, 14 methods for high availability design, element management, security, AV technology, transition issues, real-world case studies and much more. Each chapter weaves together IT and AV techniques providing the reader with actionable information on the issues, best practices, processes and principles of seamless AV/IT systems integration. This updated edition contains: 40 new and updated figures, expanded sections on SOA and Web services, storage systems updates, workflow essentials, data center virtualization, protocol and standards updates, an expanded three plane integration model and much more. Packed with over 235 illustrations Supported with 13 Appendixes covering interesting and diverse topics and an updated glossary of AV/IT terms

[Politician Goes to War: The Civil War Letters of John White Geary, William Alan Blair](#) , 2005, 0271026189, 9780271026183. This last known work of noted historian Bell Irvin Wiley reveals the private mind of John White Geary, a Union general from Pennsylvania, through his Civil War letters to his wife, Mary. Wiley had selected these roughly 200 letters for publication, but the unfinished manuscript lay undiscovered for twelve years after the historian's death. The letters provide a rare glimpse of the two main theaters of war through the eyes of a general officer. Geary saw action at Cedar Mountain and Gettysburg in the Virginia theater and in the major campaigns in the west--from lifting the siege at Chattanooga to marching with William T. Sherman through Georgia and the Carolinas. The fascination Geary's letters held for Wiley, the quintessential scholar of the common person, is clear: the letters of an uncommon man reveal ordinary concerns about children, money, home, and religion that linked Geary to many on both sides of the war. Geary's letters also show another side of the officer, that of the consummate politician who knew that military service provided capital for future political campaigns. Through intense self-promotion, he had fashioned a reputation that served him well in gaining respected political posts both before and after the war: he fought in the Mexican War and served as the first mayor of San Francisco and as territorial governor of Kansas during the period known as "Bloody Kansas," in addition to winning two terms as governor of Pennsylvania after the war. Ultimately, the letters of John White Geary show how a political general plied his trade. They reveal the complexities of any historical figure, for Geary had both the admirable

qualities of loyalty to the Union and the less attractive need to exaggerate his abilities to enhance his career.

[Girl in the Cellar: The Natascha Kampusch Story, Allan Hall, Michael Leidig](#) , 2010, 0061989878, 9780061989872. Eight years of darkness On March 2, 1998, while on her way to school, ten-year-old Natascha Kampusch was abducted. More than eight years later, on August 23, 2006, she escaped with a story that shocked and horrified the entire world. She spent the most delicate years of her life hidden in a cellar underneath an ordinary Austrian suburban home. How was she able to survive? What sort of woman had emerged? What kind of man was Wolfgang Priklopil, her abductor and what demands had he made of her? Journalists Allan Hall and Michael Leidig covered Natascha's story from the beginning. The result of extraordinary investigative reporting, *Girl in the Cellar* gets to the heart of this very tragic case to reveal a truth no one would have imagined.

[Political Philosophy in the Twentieth Century: Authors and Arguments, Catherine H. Zuckert](#) , 2011, 1139502972, 9781139502979. This book demonstrates the rich diversity and depth of political philosophy in the twentieth century. Catherine H. Zuckert has compiled a collection of essays recounting the lives of political theorists, connecting each biography with the theorist's life work and explaining the significance of the contribution to modern political thought. The essays are organized to highlight the major political alternatives and approaches. Beginning with essays on John Dewey, Carl Schmitt and Antonio Gramsci, representing the three main political alternatives - liberal, fascist and communist - at mid-century, the book proceeds to consider the lives and works of migrants such as Hannah Arendt, Eric Voegelin, and Leo Strauss, who brought a continental perspective to the United States after World War II. The second half of the collection contains essays on recent defenders of liberalism, such as Friedrich Hayek, Isaiah Berlin and John Rawls and liberalism's many critics, including Michel Foucault, Jürgen Habermas and Alasdair MacIntyre.

[Urban Pest Management in Australia, John Gerozisis, Phillip Hadlington, Ion Staunton](#), 2008, 0868408948, 9780868408941. For 23 years and through four editions, Urban Pest Management in Australia has been the major reference work for Australian pest control operators. This fifth edition has been extensively revised to support the constantly evolving pest management industry. It features an accessible new format, fully updated chapters, additional color plates and extra content, including a new section on putting pest control into practice. Ion Staunton draws on his 50 years of industry knowledge to bring Gerozisis and Hadlington's pest management bible to a new generation of technicians.

[Winter Games/Summer Games: A Novel, Lawrence David Moon](#), 1996, 0965199606, 9780965199605. WinterGames segment is set totally in Lake Placid and shows the Olympics as a comedy whereas the SummerGames segment is set totally in Greece where the Games were born and is looked at as a tragedy. The hero of the piece is a gold medal runner

and it was written by someone who has worked both for an Olympic Organizing Committee and a national Olympic committee. It is controversial and will spark debate.

[Levi Coffin and the Underground Railroad, Charles Ludwig](#) , 2004, 1592449190, 9781592449194. 'Levi Coffin and the Underground Railroad' recreates the human drama, pathos, excitement, and danger surrounding the attempts of American blacks in the 1800s to find release from oppression in the South. With cruelty to slaves indelibly impressed on his mind as a child, young Levi Coffin, a Quaker, was determined to spend his life improving their lot. In spite of the Fugitive Slave Act of 1793, he took seriously the admonition of Deuteronomy 23:15: Thou shalt not deliver unto his master the servant which is escaped from his master unto thee. Levi appealed to the consciences of fellow Quakers. He and his wife, Catherine, provided refuge, food, and moral support in their home during several decades for a stream of some 3,000 runaways headed for Canada. One of the slaves the Coffins assisted, Eliza Harris, became the leading character in Harriet Beecher Stowe's influential novel, 'Uncle Tom's Cabin'. Frustrated by Coffin's successful efforts to help fugitives elude recapture, slave-hunters nicknamed him President of the Underground Railroad. The network of cooperative homes became known as stations or depots, the wagons as trains, the drivers as brakemen or firemen, and the hosts along the way as stationmasters or conductors. This book presents Levi Coffin's experiences in a way that will capture the interest and admiration of young and old alike.

[Motion Graphics with Adobe Creative Suite 5 Studio Techniques, Robert A. Birnholz, Richard Harrington, Ian Robinson](#) , 2010, 0321719697, 9780321719690. Almost all motion graphics artists today use After Effects, Photoshop, or Illustrator to some degree in their projects. But how do they decide which tool is best for the job and how can they utilize the various components in the Creative Suite together for the most efficient and effective workflow? This book cuts to the chase and shows readers an in-depth view of the various components in the Creative Suite as best utilized in professional motion graphics projects. With 4-color artwork from real-life productions sprinkled throughout, this inspiring and practical guide will show intermediate to advanced readers what they need to know to incorporate CS5 in their own work. In the first half of the book, readers learn about design essentials as related to motion graphics, including typography, logo animation, repairing and retiming footage, stylizing footage, background design, 3D objects and cameras, audio design, and vector design. The second half of the book focuses on real-world design explorations including chapters on broadcast package design, title sequences, DVD menu design, motion control 3D, character animation techniques, and panoramic images. The accompanying DVD brings it all together by providing source footage and project files, allowing readers to experiment on their own. Note from the publisher: FREE Adobe Creative Suite 5.5 updates are available for this title.

Simply register your product at www.peachpit.com/register and you will receive the updates when they become available.
