[The Decision-Making Inventory: Facilitator Guide Package, , William C. Coscarelli](#) , 2007, 0787997145, 9780787997144.

Decision-making skills are mission-critical in today's competitive environment, and a prerequisite for leadership advancement. Boost them with the Decision-Making Style Inventory (DMI). The DMI is a powerful tool for helping leaders immediately understand their decision-making style, identify potential roadblocks to career advancement, and learn more effective ways of interacting with others. This validated and reliable assessment: Identifies an individual's decision making style preference. Is an easy to administer, 20-item Likert assessment that takes only 10 minutes to complete and self score. Gives advice on style effectiveness, how to communicate successfully with other styles, and style flexibility. Can be applied in multiple areas, including leadership, career planning, communication, strategic planning, creativity, and innovation. The Facilitator's Guide offers everything you need to successfully administer the Decision Making Style Inventory. The Guide includes the inventory's complete technical data -- validation, correlation, and reliability statistics; a section devoted to decision making theory; advice on creating action plans for developing style flexibility; and a sample of both the Decision Making Inventory and the Participant's Workbook.

[Hell Billy, Steven L. Shrewsbury](#) , 2012, 0985194065, 9780985194062. When a series of bizarre murders take place in

reconstruction era Memphis, former Confederate General Nathan Bedford Forrest is summoned to help solve matters. The occupying Union forces Commandant, General Michaels, sees members of his family killed in a fashion unique to a killer in Forrest's cavalry band, one William Hells. Nathan assures him Billy died in the war. However, when the Commandant's brother is murdered, Billy is captured before Forrest's own eyes. Confused over the implications that a man he buried still lives, Forrest finds some consolation in Hells execution...until Billy again strikes Michael's kin at a whorehouse the next day. Again, Billy is shot dead and Michaels thinks his family safe. But he's wrong. Billy returns again. For some, the war isn't over and Hell walks on two legs. A story of revenge, courage and redemption, HELL BILLY treads on the borderlands of the human soul and what lies across the brink.

[The Double Ghetto: Canadian Women and Their Segregated Work, Pat Armstrong, Hugh Armstrong](#) , 2010, 0195438329, 9780195438321. One of the classic studies of Canadian sociology - now reissued with a new introduction by the authors - The Double Ghetto is a thought-provoking examination of women in the workforce and how their roles have both changed and yet stayed the same over the past four decades. The Double Ghetto surveys the work women do at home and on the job to analyze why work in this country is still segregated by sex. As the authors note, although women now account for a majority of those graduating from post-secondary educational institutions and their labour force participation rate equals that of men, at the same time "women continue to do women's work at women's wages" and are disproportionately concentrated in the lowest paying occupations. Why, despite all the gains of the past four decades, does segregation still persist? And why has progress, if anything, slowed since the mid-1990s, when the previous edition of this book was issued? As well as being of vital interest to anyone interested in the status of women in the Canadian workforce, The Double Ghetto is also a standard text for courses in sociology, social work, and women's studies departments.

[Imagine God, h. Eric Fearman](#) , 2010, 161638221X, 9781616382216. Imagine God provides biblical insight into the power of man's imagination and how it is a gift from God. This booklet will open readers to how God created our imagination for good by giving us His plan for our lives then for us to implement that plan whether it is to build an orphanage, invent a new way of energy, or find the cure to an incurable disease. Author H. Eric Fearman goes on to explain how the imagination is not only a spiritual gift but is also a battleground for deception by Satan to turn us away from God's destiny.

[Doing Grammar, Max Morenberg](#) , 1991, 0195064275, 9780195064278. Bringing together insights from both traditional and contemporary approaches to grammar, this unique new book offers a lucid and practical approach to grammatical analysis, actively involving the reader in every step of the process. Beginning with what readers, as native speakers of English, already know about grammar, the book gradually introduces more involved methods of analysis to establish a thorough grammatical system. Using "real world" examples from recent books, magazines, and newspapers to explain what the parts of a sentence are, how they fit together, and how language works as a whole, Doing Grammar also provides detailed discussions of identifying verb phrases, expanding verb phrases and noun phrases, rearranging and compounding, constructing relative clauses, reducing relative clauses to phrases, making noun clauses, gerunds, and infinitives, and adding modifiers to sentences. Offering a comprehensive overview to English grammar, this book makes grammatical analysis analysis clear, understandable, useful, and interesting. It will be an invaluable guide for students and for anyone who wants to know how language works.

[Where the Road Begins, , Nancy Dane](#) , 2006, 159886677X, 9781598866773. Across Arkansas men marched away to subdue devils, either Yankee or Confederate, depending on ones politics. Unfortunately devils of another breed stayed

behind. In the spellbinding novel *Where the Road Begins*, author Nancy Dane brings alive a time when marauding bushwhackers rode the hills and when women had as much to fear as any soldier. This clash between North and South took a conscripted youth, Elijah Loring, far from the banks of Little Piney Creek down a road where terror and war awaited. After returning home a hardened man, he suffered lost love, and in this lawless land, confronted dangers as great as any endured in the crushed Confederate army. *Where the Road Begins* is based on the documentary history *Tattered Glory*, also compiled by the author.

[Music in American Life: An Encyclopedia of the Songs, Styles, Stars, and Stories That Shaped Our Culture, Jacqueline Edmondson](#) , 2013, 0313393478, 9780313393471. Music has been the cornerstone of popular culture in the United States since the beginning of our nation's history. From early immigrants sharing the sounds of their native lands to contemporary artists performing benefit concerts for social causes, our country's musical expressions reflect where we, as a people, have been, as well as our hope for the future. This four-volume encyclopedia examines music's influence on contemporary American life, tracing historical connections over time. "Music in American Life: An Encyclopedia of the Songs, Styles, Stars, and Stories That Shaped Our Culture" demonstrates the symbiotic relationship between this art form and our society. Entries include singers, composers, lyricists, songs, musical genres, places, instruments, technologies, music in films, music in political realms, and music shows on television.

9780974811857. From Darwin Porter, award-winning author of such previous blockbusters as *Brando Unzipped*, *Katharine the Great* (Kate Hepburn), *Howard Hughes: Hells Angel*, *The Secret Life of Humphrey Bogart*, *Hollywoods Silent Closet*, and many others: *JACKO, HIS RISE AND FALL: THE SEXUAL HISTORY OF MICHAEL JACKSON* Youve heard scattered segments of THE MICHAEL JACKSON saga, but never in a smooth chronological progression that bonded all the elements together, and managed, en route, to include many of the entertainment industrys most intriguing celebrities: Jackie-O, the Reagans, the Bushes, the Windsors, the aristocracy of Americas pop culture, and many of the movie stars of Hollywoods Golden Age. They all opened their doors and sometimes their arms to MICHAEL, the Gloved One, the Thriller. From humble beginnings as a bubblegum star in Gary, Indiana, to his unenviable role as the most famous, and most maligned, celebrity in the world, this comprehensive biography reveals the good, the bad, the ugly, and in some cases, carefully documented interludes so bizarre as to be virtually unbelievable. Its the publishing industrys first comprehensive overview of a career that could have happened only in America. In March of 2006, *The Sunday Times* of London referred to Porters biography of Marlon Brando as Lurid, raunchy, perceptive, and definitely worth reading. WAIT TILL THEY SEE WHAT HES DONE WITH MICHAEL JACKSON! NO ONE, until now, has ever published a full journalistic overview of a superstar whose fame equals, (and possibly exceeds) that of Elvis, Marilyn Monroe, the Queen of England, and the Pope. But here it is, at last: MICHAEL, The Gloved One, the Thriller, the pop star whose anticsonstage and off--have generated more ink, episodically, than any other living entertainer. *Jacko, His Rise and Fall: The Sexual History of Michael Jackson*. By Darwin Porter. Hardcover. 587 pages. with approximately 150 photographs and a detailed index listing references to the names of hundreds of celebrities and wannabes who interacted with or reacted to Michael. Dont let this one pass you by! This spring, this biographic sizzler will generate controversy--and perhaps some empathy--for the much maligned superstar.

[Landscape Planning: Environmental Applications, William M. Marsh](#) , 2010, 0470570814, 9780470570814. With its wide variety of topics and up-to-date coverage, the fifth edition is an excellent resource for landscape planners and designers, scientists, and environmentalists. It focuses on environmental problems associated with land planning, landscape design, and land use. New coverage is included on adaptive planning as an approach necessary to build a sustainable landscape. Greater emphasis is placed on systems and updated case studies are integrated throughout the chapters. This edition also arms the reader with a collection of best management practices, which can be applied in the field.

[Financial Accounting \(Aus\), Horngren Best Fraser & Willett](#) , 2009, 1442505087, 9781442505087. Once again the Horngren team is bringing you the accuracy and reliability you have come to expect in FINANCIAL ACCOUNTING. Designed to provide introductory accounting students with a complete learning resource, the new sixth edition incorporates a traditional approach with contemporary examples. It offers student appeal and accessibility without forgoing attention to detail or depth of coverage. FINANCIAL ACCOUNTING has been updated to include some of the most significant current issues in both the accounting field and the world today. It incorporates critical business matters, such as Decision Guidelines, Decision Cases and eCommerce, and also environmental, sustainability and ethical issues. FINANCIAL ACCOUNTING takes a business approach to the study of accounting and relates back to the modern environment we live in. Real companies, their websites and their business information are used extensively throughout the text, to engage student interest and to help develop their appreciation of the importance of accounting in today's e-business world. Ethical issues within the accounting profession are also explored in a full discussion in Chapter 1 and end-of-chapter Ethical Issue boxes. A strong emphasis has also been placed on sustainability, as can be seen from the way this text has been produced. Printed on FSC paper, Pearson is taking every measure to ensure that the environmental impact of our books is being reduced. Carbon credits have even been purchased to offset the production process! ecoAccounting boxes help students to understand how other businesses are implementing sustainable practices in their own ways.

Wallace is perfecting his latest invention--techno-trousers, mechanical pants that can walk and climb walls by themselves--when the mysterious Penguin rents a room in his house. Only Gromit the dog can save Wallace from a plot to use the pants in a diamond heist.

[The Montessori Elementary Material, , Maria Montessori](#) , 2008, 1443742740, 9781443742740. PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not

pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the care of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is dependent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream-fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

[The Atkins Essentials, Atkins Health & Medical Information Serv](#) , 2009, 006173831X, 9780061738319. Millions of people around the world have already discovered the Atkins Nutritional Approach and the remarkable benefits of controlling carbohydrates. Now it's even easier to join the revolution, lose weight, and get healthy the proven Atkins way! With less of the underlying science and more practical information, The Atkins Essentials gets to the meat of the most popular and effective weight control program ever, providing the basic skills necessary to enable you to lose and keep losing unwanted body fat -- and to keep it off forever! Providing clear, concise answers to your questions and concerns, The Atkins Essentials is ideal for anyone seeking a healthier lifestyle. For those new to Atkins, it is a quick and effective way to get started -- and for those already on the program, it offers indispensable tips on eating out, stocking your pantry, and more. Simply put, it is Atkins made easy: The ABCs of doing Atkins An effective two-week launch into weight-losing mode Personal modifications to slow or speed weight loss Helpful listings of acceptable and unacceptable foods and Fourteen days' worth of delicious, controlled-carb eating ... And much more! So get ready to look great and feel great the Atkins way -- it's easier than ever before!

[A Thousand Men at War: The Story of the 2/16th Battalion, A.I.F., Malcolm Uren](#) , 1959, 0980567475, 9780980567472.

The 2/16th Australian Infantry Battalion had an outstanding record during the course of WW2, starting in the Syrian Campaign of mid-1941. They fought a series of battles: at Litani river, Sidon and Damour, thus removing Vichy French forces from Middle East. In 1942 they returned home and were hurried to Papua to repel the Japanese advance.

[The Streets Love No One, R. L.](#) , 2007, 0977457524, 9780977457526. The street love no one is the hard-hitting debut novel from RL with more twists and turns than a high-speed roller-coaster ride. The story takes you through the underground world of a drug kingpin, determined to do anything to keep his empire on track, then to the mean back streets of DC where unrequited love and betrayal line the streets. Then to the inside world of the Russian mob and a case of stolen diamonds, hired killers, double cross and intrigue that would leave you breathless.

[Welfare State Theory: Oxford Bibliographies Online Research Guide, Oxford University Press](#) , 2010, 019980270X, 9780199802708. This ebook is a selective guide designed to help scholars and students of social work find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated. A reader will discover, for instance, the most reliable introductions and overviews to the topic, and the most important publications on various areas of scholarly interest within this topic. In social work, as in other disciplines, researchers at all levels are drowning in potentially useful scholarly information, and this guide has been created as a tool for cutting through that material to find the exact source you need. This ebook is a static version of an article from Oxford Bibliographies Online: Social Work, a dynamic, continuously updated, online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice of social work. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit www.aboutobo.com.

[Gerhard Richter portraits: painting appearances, Paul Moorhouse, National Portrait Gallery \(Great Britain\)](#) , 2009, . Appearance, semblance is the theme of my life. This statement by Gerhard Richter (b. 1932) suggests the importance of portraiture to his career. One of the greatest artists working today, Richter has been intensively engaged with portraiture since 1962. His portraits invite critical consideration of both portraiture and painting; they include images of specific people whether sensational subjects of people in the media, icons of the popular imagination, or close friends and relatives. However, all are transformed when Richter puts them onto canvas, for they often become anonymous in the

process or become significant simply for being included. Richters investigation into how we understand what surrounds us is at the heart of all his work. In this large-scale book ideal for Richters portraits Paul Moorhouse offers a major advance in the understanding and appreciation of the renowned artists work. With keen insight, Moorhouse studies the portraits in close detail, examining the sophisticated ways in which Richter has challenged and extended the genre of portraiture and revealing the startling range of the artists source material. Featuring never-before-published images, this book clearly eclipses any previous publication on Richters portraiture.

[Atlantic Europe in the First Millennium BC: Crossing the Divide, Tom Moore, Thomas Hugh Moore, X. L. Armada](#) , 2011, 0199567956, 9780199567959. European first millennium BC studies have witnessed an increasing theoretical divide between the approaches adopted in different countries. Whilst topics such as ethnicity, identity, and agency have dominated many British studies, such themes have had less resonance in continental approaches. At the same time, British and Iberian first millennium BC studies have become increasingly divorced from research elsewhere in Europe. While such divergence reflects deep historical divisions in theory and methodology between European perspectives, it is an issue that has been largely ignored by scholars of the period. This volume addresses these issues by bringing together 33 papers by leading Bronze Age and Iron Age scholars from France, Spain, Portugal, Belgium, Ireland, North America, and the United Kingdom. Initial chapters from leading specialists introduce major themes (landscape studies, social organisation, historiography, dynamics of change, and identity), providing overviews on the history of approaches to these areas, personal perspectives on current problems, and possible future research directions. Subsequent chapters by key researchers develop these topics, presenting case studies and in-depth discussions of particular issues relating to the first millennium BC in the Atlantic realm of Western Europe.

[The Oxford Anthology of Bhakti Literature, Andrew Schelling](#) , 2011, 019806912X, 9780198069126. Divided into four sections--North, South, East, and West--this anthology maps Bhakti literature from 100 BCE to the 20th century. Including a wide range of writings--from early poems to Siva, Alvar poets, Virashaiva poets, Varkaris, and Vaishnava poetry, to Panjabi songs, Bauls of Bengal, and Bengali Shakta lyrics--the anthology roughly sketches the four geographical compass points in terms of the significant sub-genres of Bhakti poetry associated with these regions. Apart from acclaimed poets such as Tukaram, Kabir, Mirabai, Tulsidas, Vidyapati, and Chandidas, the volume also includes works by some of the earliest practitioners like Tipputtolar (ca. 100 BCE-250 CE), Nakkirar (ca. 6th c.), and Mannikavacakar (9th c.). It also includes works of some later poets like Namdev (1270-1350), Rami (ca. 1440), and Dhurjati (16th c.) as well

as more contemporary practitioners like Ramprasad Sen (1718-1775), Kamalakanta Bhattacharya (ca. 1769-1821), and Rabindranath Tagore (1861-1941). The poems, originally written in various vernacular languages, have been translated by past masters like A.K. Ramanujan, as well as well-known practitioners like Vidya Dehejia, Susan Daniels, William J. Jackson, Dilip Chitre, Ananda Coomaraswamy, among others. With a detailed Introduction by Andrew Schelling, this volume has perceptive notes for poets and translators that provide valuable insights to their work. A special appendix Statements on Poetry adds special feature of this volume. With a glossary providing meaning to Sanskrit terms, and a bibliography, this volume gives a comprehensive view of the Bhakti movement.

[Cornelius & Gus, Rocco Simari](#) , 2009, 098407872X, 9780984078721. This is a historical fiction book for children of all ages. Cornelius & Gus represent the millions who left their birthplace to come to America. Join them as they find their way to the New World in search of a better life.

[Sherlock Holmes and the Disgraced Inspector, John Hall](#) , 1998, 0947533885, 9780947533885. Mr Sherlock Holmes did not always see eye to eye with Inspector Lestrade of the Metropolitan Police, but when disgrace and financial ruin loomed before Lestrade, it was to Baker Street that the Scotland Yard man went for help. An old case, badly handled, had returned to haunt Lestrade. An apparently innocent man, who had spent twenty years in gaol as a consequence of Lestrade's failure, was released on appeal, determined to exact his revenge on the man who had put him behind bars. Holmes's interest is stirred, and he and Lestrade, along with Dr Watson, attempt to solve the new case, and to clear Lestrade of the accusations made over the old one. A treat awaits every reader as the mystery unfolds.

[The Twentieth Wife: A Novel, Indu Sundaresan](#) , 2003, 0743428188, 9780743428187. An enchanting historical epic of grand passion and adventure, this debut novel tells the captivating story of one of India's most controversial empresses -- a woman whose brilliance and determination trumped myriad obstacles, and whose love shaped the course of the Mughal Empire. Skillfully blending the textures of historical reality with the rich and sensual imaginings of a timeless fairy tale, The Twentieth Wife sweeps readers up in Mehrunnisa's embattled love with Prince Salim, and in the bedazzling destiny of a woman -- a legend in her own time -- who was all but lost to history until now.

[Breakthrough Therapy Techniques for Individuals, Groups, Kids and Adults: A Cookbook of Activities, Amber Ferraez Kuntz](#), 2009, 1440138648, 9781440138645. If you are looking for a way to reconnect with your children, students, team, spouse, or elderly parent, this book is for you. "Breakthrough Therapy Techniques for Individuals, Groups, Kids, and Adults" is a collection of therapeutic activities for every day people, as well as professionals. Familiar toys and games are used and transformed into therapeutic interventions. Activities include ice-breakers and getting-to-know-you exercises, in addition to various activities meant to address issues such as grief and loss, anger, self-esteem, divorce, and much more. Ms. Kuntz has written a comprehensive, well-organized guide on various treatment modalities for a wide-ranging patient clientele. She provides clear directions on the therapeutic techniques with numerous examples. The style is casual and very readable making it useful to both beginning therapists and experienced clinicians Howard Leftin, Adult Psychiatrist, M.D. The book was great. Well explained and so worth it. Want to try some of the techniques on my children who are 9 and 10. Thanks for sharing. Robin Stephenson, Life Tree Adoption Agency Mrs. Kuntz used these activities to solve some sibling problems in our family. My children were always eager to see her. She is creative, fun and an empathic counselor. I am so excited she has shared some of her activities with us. Marty Bask

[The Blackheath poisonings: a Victorian murder mystery, Julian Symons](#), 1993, 0140230661, 9780140230666. Wealth can have its drawbacks. Case in point: The Collard and Vandervent families, who for decades have shared a large estate in the elegant London suburb of Blackheath. It's now the 1890s, and over the years, the families' near-incestuous entanglement has grown into a toxic web of lies and bitterness. While mama keeps an iron grasp on the purse strings, an unmarried daughter sucks greedily on her own disappointment, a son raises corruption to an art form, and an ethereal daughter-in-law casts come-hither glances at anything in pants. She casts them frequently at young Paul Vandervent, who responds by filling his journal with fevered love poems. And when one member after another of the extended clan falls victim to gastric misadventure--and his beloved falls under suspicion--Paul embarks on an equally feverish quest to clear her name, resolving to solve the extraordinary series of crimes popularly called The Blackheath Poisonings.

[Changing the Global Environment: Perspectives on Human Involvement, Daniel B. Botkin](#), 1989, 0121187314,

9780121187316. In the last human generation we have learned that life existed on our earth for more than three billion years, yet man has done more to change the earth and its ability to support life in the last few centuries than preceding life forms have over hundreds of millions of years. And nearly all of these changes were brought about as unforeseen or unconsidered side-effects of our technologies. The editors of this book feel that rather than accepting environmental degradation as the wages of progress, today we are seeing "a more widely accepted idea that concern for the environment is simply good economics and planning." In a series of essays written by environmental, economic, and social scientists from around the world, *Changing the Global Environment* looks at the ecological problems facing us as we move into the next century and examines possible solutions suggested by such new techniques as remote sensing and the implementation of worldwide computer-based data systems.

[The 12 Week Year: Get More Done in 12 Weeks than Others Do in 12 Months, Brian P. Moran, Michael Lennington](#) , 2013, 1118616367, 9781118616369. The guide to shortening your execution cycle down from one year to twelve weeks

Most organizations and individuals work in the context of annual goals and plans; a twelve-month execution cycle. Instead, The 12 Week Year avoids the pitfalls and low productivity of annualized thinking. This book redefines your "year" to be 12 weeks long. In 12 weeks, there just isn't enough time to get complacent, and urgency increases and intensifies. The 12 Week Year creates focus and clarity on what matters most and a sense of urgency to do it now. In the end more of the important stuff gets done and the impact on results is profound. Explains how to leverage the power of a 12 week year to drive improved results in any area of your life. Offers a how-to book for both individuals and organizations seeking to improve their execution effectiveness. Authors are leading experts on execution and implementation. Turn your organization's idea of a year on its head, and speed your journey to success.

[Cuquita, Thomas Matthew](#) , 2012, 1432792016, 9781432792015. When Cuquita gets lost, she's confronted with agonizing choices. Cuquita hails from a planet far from Earth. Stranded on the Blue Planet, she is forced to disguise herself and live as a human until she can be rescued and returned home. Cuquita by Thomas Matthew is a novel about loss and fear, with lessons about good choices, and respecting and preserving all forms of life.

[Planning and Administering Early Childhood Programs, John R. Decker, Herman Knopf](#) , 2009, 0135135494, 9780135135495. Planning and Administering Early Childhood Programs, Ninth Edition, is built on the conviction that thoughtful planning and administration are essential to the success of early childhood programs. The authors' main

priority is to present the rationale for thoughtful planning and administration. The more administrators know about factors influencing quality programs, the better equipped they will be to plan and administer their own high quality programs. With that in mind, this text addresses all aspects of program administration, taking readers from the earliest stages of planning the facility and identifying the program's goals, through program implementation and evaluation. It is a practical and readable resource intended for students of program administration as well as practicing program administrators. Both groups will find the book to be a resource that will ensure their success in their chosen field. Each chapter includes practical Application Activities and refers readers to authoritative websites that enhance and elaborate on topical discussions. Two new co-authors bring additional insights and experience in developing and directing child development centers. Covering a range of topics from developing a mission statement, to financing and budgeting, to furnishing and design, this is a truly comprehensive volume on planning and maintaining a successful early childhood care center.

Written in a clear tutorial style, this volume covers a wide range of the most important topics in the area, from molecular communication and carbon nanotube nano-networks, to nanoscale quantum networking and the future direction of nano networks. Moreover, the book features numerous exercise problems at the end of each chapter to ensure a solid understanding of the material.

[The War on the Poor: A Defense Manual, Randy Pearl Albelda, Nancy Folbre](#) , 1996, 1565842626, 9781565842625. In 1995, politicians from both parties proposed legislation to reduce funding for welfare programs and mandated a new block grant system designed to eliminate entitlement to assistance. This defense manual was written to help people who believe in democratic rights fight for a generous and effective safety net for the poor. It is recognized that the major public assistance programs have serious shortcomings, but it is argued that most proposed alternatives would do worse. The first part of the book (six chapters) confronts the most common conservative myths, challenging them with documented facts and figures. The second part of the book provides narrative background, combining factual presentations and brief articles. Chapter 7 provides an overview of poverty and assistance programs, and Chapter 8 describes ways advocates can move beyond a defensive strategy to assist the poor. Chapters are titled: (1) "The Welfare

State"; (2) "The Poor"; (3) "Family"; (4) "Work"; (5) "The Economy"; (6) "Sex, Lies, and Righteous Indignation"; (7) "Overview"; (8) "Alternatives"; and (9) "Resources" (program resources and 10 published research materials). (Contains 6 tables and 16 figures.) (SLD)

[Applied Electromagnetics and Electromagnetic Compatibility, Dipak L. Sengupta, Valdis V. Liepa](#) , 2005, 0471746223, 9780471746225. Applied Electromagnetics and Electromagnetic Compatibility deals with Radio Frequency Interference (RFI), which is the reception of undesired radio signals originating from digital electronics and electronic equipment. With today's rapid development of radio communication, these undesired signals as well as signals due to natural phenomena such as lightning, sparking, and others are becoming increasingly important in the general area of Electro Magnetic Compatibility (EMC). EMC can be defined as the capability of some electronic equipment or system to be operated at desired levels of performance in a given electromagnetic environment without generating EM emissions unacceptable to other systems operating in the vicinity.

The only difference between men and boys is the cost of their toys. Even though we love them, boyfriends can sometimes act like little boys. And with these insights, insults, and daily affirmations their better half can learn to understand--and even celebrate--the complexities of that most complicated creature: the garden variety boyfriend who never loses his fascination with dirty jokes, television sports, and fast cars. The hilarious quotes come from Phyllis Diller, Mae West, Margaret Cho, Candace Bushnell and many more.

Make them for unique gifts or for your own convenient use. You'll want to try them all!

[Atmospheric Turbulence : a molecular dynamics perspective: a molecular dynamics perspective, Adrian F. Tuck](#) , 2008, 0191553123, 9780191553127. This book, authored by a well-known researcher and expositor in meteorology, focuses on the direct link between molecular dynamics and atmospheric variation. Uniting molecular dynamics, turbulence theory, fluid mechanics and non equilibrium statistical mechanics, it is relevant to the fields of applied mathematics, physics and atmospheric sciences, and focuses on fluid flow and turbulence, as well as on temperature, radiative transfer and chemistry. With extensive references and glossary this is an ideal text for graduates and researchers in meteorology, applied mathematics and physical chemistry.

[What God Has Joined Together: The Lord's Definition of Marriage, H. Lynn Stone, Mary Ruth Stone](#) , 2009, 0982129041, 9780982129043. What God Has Joined Together is founded on the words of Jesus. This book explores the marvelous conceptual definition of marriage with seven distinct elements. The authors name these seven concepts: the principles of personhood, paradise, equality, "help meet" companionship, leaving, cleaving, and sexuality. Hopefully, loving couples desiring deeper passion, love, contentment, and fulfillment will discover anew the joys of paradise restored through the wonderful grace of covenant-commitment, forgiveness, and faith. At the same time the reader can discover Bible-based

guidance for young couples and Biblical hope and restoration for threatened homes.

[The Minutes and Papers of the Westminster Assembly, 1643-1652: Introduction, , ISBN 019920683X, 9780199206834, Chad B. Van Dixhoorn, David F. Wright](#) , 2012, . For more than ten years the Westminster assembly was one of the major institutions of England, Scotland, and Ireland. Members of the assembly were involved in every significant political debate of the decade, and the public blamed or blessed the think-tank for radical changes in the church. At home and abroad, people perceived the assembly to be a powerful patron. Christians wrote from Europe to ask the assembly for advice. Visitors made their way to the abbey, from an unknown Muslim to the elector palatine of the Rhine. Printers and booksellers promoted the works of the synod's theologians and members were paraded down London streets and feasted at banquets. The story of the Westminster assembly's accomplishments, as well as its failures, are told in the texts of this edition. The gathering left behind an extraordinary testimony of its reforming activities, and the manuscript minutes constitute one of the most important unpublished religious texts of seventeenth-century Britain. All surviving votes and debates of the assembly are provided here for the first time. This edition documents almost 2,000 examinations of preachers for churches, fellows for colleges, and heretics for heresy. It also includes all known assembly papers, many of them only recently discovered. These texts reveal much of the assembly's work behind the scenes, and explain how the gathering could at once serve as an icon of godly rule, producing classic texts in the history of Christian doctrine and practice, while simultaneously becoming entangled in prolonged debates and the 'democratic anarchy' which characterized the English Civil War. - Publisher.

[Memoirs from the Asylum, Kenneth Weene](#) , 2010, 0984421955, 9780984421954. What is it like to work inside a state hospital or to be a patient in such a hospital? What is it like to live inside the mind of such a patient? This tragi-comedic novel takes the reader inside the asylum, inside the worlds of three central characters: a narrator who has taken refuge from his fears of the world, a psychiatrist whose own life has been damaged by his father's depression, and a catatonic schizophrenic whose world is trapped inside a crack in the wall opposite her bed. This is the interwoven story of their lives, a story that includes love, sexuality, violence, deaths, celebrations, circuses, and surprising twists. As the plot unwinds, the reader learns a great deal about the nature of futility, frustration, and freedom.
