[Wildmind: A Step-by-Step Guide to Meditation, Bodhipaksa](#) , 2010, 1899579915, 9781899579914. Of great help to people interested in meditation and an inspiring reminder to those on the path. Joseph Goldstein, co-founder of the Insight Meditation Society and author of One Dharma: The Emerging Western Buddhism Bodhipaksa has written a beautiful and very accessible introduction to meditation. He guides us through all the basics of mindfulness and also loving-kindness meditations with the voice of a wise, kind, and patient friend.-Dr. Lorne Ladner, author of The Lost Art of Compassion The aim of Buddhist meditation is to clear away the "defilements" so that we can experience ourselves more deeply and more truly in our primordial purity, clarity, and freedom of mind. Meditation helps us to cut through the agonizing clutter of superficial mental turmoil and allows us to experience more spacious and joyful states of mind. It is this pure and luminous state that I call your Wildmind. From how to build your own meditation stool to how a raisin can help you meditate, this illustrated guide explains everything you need to know to start or deepen your meditation practice. This bestseller is in a new handy format and features brand-new illustrations. Bodhipaksa is a Buddhist practitioner, writer, and teacher, and he is the founder of www.wildmind.org, an online meditation resource. He lives in New Hampshire with his family and conducts classes at Aryaloka Buddhist Center in Newmarket, New Hampshire.

[Construction Equipment and Methods: Planning, Innovation, Safety, Leonhard E. Bernold](#) , 2013, 1118476719, 9781118476710. Construction Equipment and Methods: Planning, Innovation, Safety fosters engineers who are information literate and able to approach complex engineering and managerial problems with confidence and skill. Students of this text will fully appreciate the practical aspects of being a construction engineer and manager, the dual nature both technical and managerial of the responsibilities. The text helps build these skills through: a cohesive view of construction technology, its safe use to maximize productivity, and how the principles of science are being applied; linking the material in this course to their previous courses (such as statics or geotechnical engineering); and pedagogy designed to promote knowledge, and skill acquisition, such as case studies and open-ended problems. Students will be engaged by relevant subject matter, informed by the authors hands-on research in advanced technologies, mechatronics, robotics, ergonomics/safety, etc. The wide variety of pedagogical devices in the text will appeal to all different learning styles, and provide teachers with more opportunities and resources to get students to reflect about what they are learning, to connect the new to their past experiences, and to understand its relevance to their future.

[Zeus in Early Greek Mythology and Religion: From Prehistoric Times to the Early Archaic Period, , Olga A. Zolotnikova](#) , 2013, 1407311069, 9781407311067. This monograph examines the religious and mythological concepts of Zeus from prehistoric times until the Early Archaic period. The research was performed as an interdisciplinary study involving the evidence of the Homeric poems, archaeology, linguistics, as well as comparative Indo-European material. It is argued that Greek Zeus, as a god with certainly established Indo-European origins, was essentially a god of the open sky and the supposed progenitor of everything, a supreme, but not ruling deity; initially, he must have been distinct from the god of storms, who, for unknown reasons, completely disappeared from Greek religion and mythology by as early as the Late Bronze Age. From the time of Homer, Zeus-Father appeared as a storm-god, the autocratic ruler of the universe, and an

instrumental music to help them develop instructional materials and plan lessons for elementary and secondary students. Materials are conveniently organized into 9 sections-- from lists of composers to lists of instruments and songs (including current pop music).

[Human rights in states of emergency in international law, Jaime Or](#) , 1992, 0198257104, 9780198257103. In the last decade, grave violations of human rights have occurred during states of emergency such as armed conflict, subversion, and terrorism. Many sovereign states are notorious for using a state of emergency as an excuse for breaching human rights, and one of the most important problems in the international protection of human rights is that of identifying the standards governing these rights. This volume examines human rights in the context of treaty law and general international law. It analyzes the rules, principles, and obligations which international law has developed to cope with these situations.

[Serial Crime: Theoretical And Practical Issues in Behavioral Profiling, Wayne Petherick](#) , 2005, 0120885123,
9780120885121. The proposed book will look at serial predatory behavior and is comprised of two main parts. The first
section deals with serial offenders by examining specific crime types (stalking, arson, murder, sexual assault, etc.) and
proposing new paradigms for investigation based on psychological profiles, research, and cases studies of individuals
involved in these cases. The second section deals with criminal profiling, one of the primary tools that aids in the
investigative process aimed at narrowing down suspect pools. Profiling has typically seen most application in serial crimes
and similar investigations, so the two topics are conceptually and practically related. The book provides a holistic approach
to an understanding of the nature of serial behavior and the psychological factors surrounding such psychopathology.
Unlike much trade literature on the subject, the book will maintain academic credibility without sacrificing accessibility.
With over 15 books on his resume, prolific author and expert in deviant behavior and violent crime, Jack Levin, will write
an introductory chapter setting the stage for his and other behavioral experts chapter contributions on the compelling
issues of serial behavior. This book will focus exclusively on serial crime. Unlike other pop pieces on the subject, this is
the first collection that looks at the many types of serial predators and behavior from a sociological and psychological
perspective. Typologies developed by the world's leading authorities will look at the motivations of these serial offenders.

[Anger: A Message for Men, Keith Ashford](#) , 2009, 0981297005, 9780981297002. Anger cannot be managed or
massaged--chances are you know that already. Nor can it be denied, avoided, projected or repressed with any
satisfactory result. But here is the miracle: Anger can be transformed into its opposite, which is inner peace. What you
may regard as an obstacle on your life-journey is revealed as the way itself.

[Culture and Society in Britain: 1850 - 1890 ; a Source Book of Contemporary Writings, John M. Golby](#) , 1986,

0198711123, 9780198711124. In 1850 Britain was the most prosperous industrial country in the world. Although many people saw no reason why Britain should not maintain its dominance, there were many others who did not share their same confidence. This source book reflects people's concerns in the face of rapid scientific, technological, and social change--their hopes and fears for the new industrialization, which promised material advances while threatening to dehumanize the workplace, and their divided attitudes toward religion and morality. In addition to revealing the germane issues of 19th-century Britain, these writings also trace the profound changes that took place in culture and society during this eventful period.

[A Midsummer's Nightmare, Kody Keplinger](#) , 2013, 0316084212, 9780316084215. Whitley Johnson's dream summer with her divorc dad has turned into a nightmare. She's just met his new fiance and her kids. The fiance's son? Whitley's one-night stand from graduation night. Just freakin' great.Worse, she totally doesn't fit in with her dad's perfect new country-club family. So Whitley acts out. She parties. Hard. So hard she doesn't even notice the good things right under her nose: a sweet little future stepsister who is just about the only person she's ever liked, a best friend (even though Whitley swears she doesn't "do" friends), and a smoking-hot guy who isn't her stepbrother...at least, not yet. It will take all three of them to help Whitley get through her anger and begin to put the pieces of her family together. Filled with authenticity and raw emotion, Whitley is Kody Keplinger's most compelling character to date: a cynical Holden Caulfield-esque girl you will wholly care about.

[The Secret River, Marjorie Kinnan Rawlings](#) , 1949, 1416911790, 9781416911791. Marjorie Kinnan Rawlings + Leo and Diane Dillon = pure magic! A depression era story that is just as timely as it is enchanting, this is a stunning picture book for the ages. There's just not enough money, not enough food, not enough fish for her daddy to sell at the market. Hard times have come to the forest, but Calpurnia wants to turn them back into soft times. With her little dog Buggy Horse and a tip from old Mother Albirtha, the wisest person in the forest, Calpurnia finds a secret river and uses the pink paper roses from her hair to catch enough beautiful catfish to feed the whole swamp land with some left over for Daddy to sell. When she tries to find the river again the next day, Mother Albirtha tells her, Child, sometimes a thing happens once, and does not ever happen anymore. You caught catfish when catfish were needed you will not find the river again. This story by the Pulitzer Prize winning author of *The Yearling* and literary icon Marjorie Kinnan Rawlings is about living in a time of want, yet it is overflowing with rich, stunning language, mystical happenings, wondrous, wondrous artwork. Beautiful in all ways that a book can be beautiful, this unforgettable picture book is a classic in the making.

Rangitoto: Te toka tu moana /The Rock Standing in the Ocean tells the dramatic story of Auckland's most striking icon - its birth, the kaka bird's connection to Rangitoto, the imprint of humans on its fragile wildlife, and how the island's guardians are saving it today. Maria Gill's lyrical and informative story accompanied by Heather Arnold's superbly detailed illustrations make Rangitoto a book to be treasured and pored over by children and adults alike.

[The Beauty of the Primitive : Shamanism and Western Imagination: Shamanism and Western Imagination, Andrei A. Znamenski](#) , 2007, 0198038496, 9780198038498. For the past forty years shamanism has drawn increasing attention among the general public and academics. There is an enormous literature on shamanism, but no one has tried to understand why and how Western intellectual and popular culture became so fascinated with the topic. Behind fictional

and non-fictional works on shamanism, Andrei A. Znamenski uncovers an exciting story that mirrors changing Western attitudes toward the primitive. *The Beauty of the Primitive* explores how shamanism, an obscure word introduced by the eighteenth-century German explorers of Siberia, entered Western humanities and social sciences, and has now become a powerful idiom used by nature and pagan communities to situate their spiritual quests and anti-modernity sentiments. The major characters of *The Beauty of the Primitive* are past and present Western scholars, writers, explorers, and spiritual seekers with a variety of views on shamanism. Moving from Enlightenment and Romantic writers and Russian exile ethnographers to the anthropology of Franz Boas to Mircea Eliade and Carlos Castaneda, Znamenski details how the shamanism idiom was gradually transplanted from Siberia to the Native American scene and beyond. He also looks into the circumstances that prompted scholars and writers at first to marginalize shamanism as a mental disorder and then to recast it as high spiritual wisdom in the 1960s and the 1970s. Linking the growing interest in shamanism to the rise of anti-modernism in Western culture and intellectual life, Znamenski examines the role that anthropology, psychology, environmentalism, and Native Americana have played in the emergence of neo-shamanism. He discusses the sources that inspire Western neo-shamans and seeks to explain why lately many of these spiritual seekers have increasingly moved away from non-Western tradition to European folklore. A work of intellectual discovery, *The Beauty of the Primitive* shows how scholars, writers, and spiritual seekers shape their writings and experiences to suit contemporary cultural, ideological, and spiritual needs. With its interdisciplinary approach and engaging style, it promises to be the definitive account of this neglected strand of intellectual history.

[Better Off Without 'Em: A Northern Manifesto for Southern Secession, Chuck Thompson](#) , 2012, 1451616651, 9781451616651. Lets talk about secession. Not exactly the most suitable cocktail party conversation starter anywhere in the country, but take that notion deep into the heart of Dixie and you might find yourself running from the possum-hunting conservatives, trailer-park lifers, and prayer warriors Chuck Thompson encountered during the two years he spent traveling the American South asking the question: Would we be better off without em? The result is a heavily researched, serious inquiry into national divides which is unabashedly controversial, often uproarious, and always thought-provoking. From a church service in Mobile, Alabama, where the gospel entertainer announces "Islam is upon us!" to a store selling Ku Klux Klan memorabilia on a quaint little street in South Carolina Thompson lifts the green velvet drapes on a South that would seem to belong more to the time of Rhett and Scarlett than the dawn of the twenty-first century. By crunching numbers, interviewing experts, and roaming the not-so-former Confederacy, Thompson an openly disgruntled liberal from the Northwest makes a compelling case for southern secession. What would the new nations look like if Virginia governor Bob McDonnell was elected as the first President of the Confederate States of America? If a southern electorate was left to fend for itself while the North did damage control on an economy decimated by cut-rate southern workers who operate as a rival nation within its own borders? If the BCS championship football game were replaced by a

North vs. South Coca Cola/ Starbucks Blood Bowl? If Florida went to the South and Texas to the North in the most complex land-and-population grab in American history? Better Off Without Em is a deliberately provocative book whose insight, humor, fierce and fearless politics, and sheer nerve will spark a national debate that is perhaps long overdue.

[The Responsible Corporation in a Global Economy, Colin Crouch, Camilla Maclean](#) , 2011, 0199592179, 9780199592173.

No longer only the domain of corporate public relations, corporate social responsibility (CSR) has now become a serious concern for many firms and a major sphere of academic research. However, most strikingly, by encouraging corporations to play a role in economic governance, particularly at the global level, CSR also raises issues for political science, public policy, and the world of politics as a whole. In this volume, authors consider what defines a 'responsible' corporation, examining such debates as: the implications of corporations setting standards for such matters as products and labour conditions, and thus playing more than a market role in the global economy; how the concept of corporate citizenship has been applied to the role of firms in corporate responsibility initiatives and what this means in terms of rights and responsibilities, and for citizenship in general; and whether corporate responsibility is compatible with shareholder maximization, specifically in the context of the global economy Bringing together academics and practitioners, this volume examines the increasingly important arena of global economic governance and the role played by major corporations from a diverse range of perspectives. It will be of particular interest to academics, researchers, and students of Business, Political Science, and other social sciences, as well as business practitioners interested in CSR.

[The Virtual, Rob Shields](#) , 2003, 0415281806, 9780415281805. This book looks at the origins and the many contemporary meanings of the virtual. Rob Shields shows how the construction of virtual worlds has a long history. He examines the many forms of faith and hysteria that have surrounded computer technologies in recent years. Moving beyond the technologies themselves he shows how the virtual plays a role in our daily lives at every level. The virtual is also an essential concept needed to manage innovation and risk. It is real but not actual, ideal but not abstract. The virtual, he argues, has become one of the key organizing principles of contemporary society in the public realms of politics, business and consumption as well as in our private lives.

[The Language of the Papyri, Trevor Vivian Evans, D. D. Obbink](#) , 2010, 0199237085, 9780199237081. The modern rediscovery of the Greek and Latin papyri from Egypt has transformed our knowledge of the ancient world. We cannot, however, make the same claim in the specific area of language study. Although important studies of the language of the papyri have appeared sporadically over the past century, we are still dealing today with a linguistic resource of extraordinary richness which has hardly begun to be explored. Every scrap of papyrus and every ostrakon (potsherd) or tablet unearthed has the potential to change some aspect of the way we think about the Greek and Latin languages. This book demonstrate that potential, by gathering together essays from seventeen scholars who present a variety of perspectives and methodological approaches. The Language of the Papyri charts current directions of international research, and will also provide a stimulus for future work.

[Ohio Eviction and Landlord-Tenant Law \(3D Ed.\), Peter M. Iskin](#) , 2003, 0974058408, 9780974058405. Ohio Eviction and

Landlord-Tenant Law (3d ed.) is a practitioner's manual, principally for attorneys and other advocates who represent or counsel tenants or landlords, and for judges and magistrates who hear eviction actions or other residential landlord-tenant cases. It is, of course, a manual for tenants and landlords as well. The book surveys and analyzes the Ohio statutes and caselaw on eviction actions, residential tenancies, manufactured home parks, and land installment contracts. It also surveys and analyzes the federal regulations and Ohio caselaw on HUD-assisted rental housing programs, relative to an eviction action or a termination of a family's participation in the section 8 voucher program. These surveys and analyses address procedure and practice issues, as well as potential claims, defenses, and remedies. The third edition contains 528 pages of text, plus a table of cases (86 pages and 1,996 cases) and a detailed index (42 pages). The author, Peter M. Iskin, is a 1973 graduate of the University of Pennsylvania School of Law. He is the Director of the Law Reform Unit of The Legal Aid Society of Cleveland and is the foremost authority on Ohio eviction and landlord-tenant law.

[Constraints on Political Order in Uganda, Jimmy Kazaara Tindigarukayo](#) , 2004, 0975435728, 9780975435724. Political order, defined in terms of the absence of sustained societal conflict, violence, and instability has been an elusive goal rather than a reality in most developing countries, and more particularly those in Africa. Rather than moving towards political order thus defined, majority of African countries have been characterized by political instability, constitutional crises, breakdown of law and order, social and cultural conflict, military coups, economic dislocation, and the like. In other words, most African countries have been moving towards political disorder rather than order.

[Oxford Reading Tree Traditional Tales: Stage 3: Cook, Pot, Cook!, David Bedford, Nikki Gamble, Thelma Page](#) , 2011, 0198339291, 9780198339298. Cook, Pot, Cook! is based on the traditional tale The Magic Porridge Pot. What will happen when a magic pot will not stop cooking and porridge flows out into the town ... This popular story written by David

Bedford and beautifully illustrated by Jimothy Rolovio will capture your child's imagination! It has been sensitively rewritten to enable your child to read it with confidence whilst capturing the magic of the original tale. There are useful tips for parents and an engaging story map inside the book to help you and your child retell the story together. The Oxford Reading Tree Traditional Tales series includes 40 of the best known stories from all over the world, which have been passed down for generations. They are a perfect introduction to different cultures, traditions and morals. All the stories are carefully levelled to Oxford Reading Tree stages and matched to the phonics progression in Letters and Sounds enabling your children to read the stories independently. Accompanying free Teaching Notes are available online at www.oxfordprimary.co.uk/tales <http://www.oxfordprimary.co.uk/tales>, along with an eBook and storyteller video for each stage. Parents can also visit www.oxfordowl.co.uk <http://www.oxfordowl.co.uk> for practical advice, helpful information about phonics, lots of fun activities and free eBooks.

[Higher Education and the Public Good: Imagining the University, Jon Nixon](#) , 2011, 0826437435, 9780826437433. What constitutes the public good in a highly individualistic, consumerist and privatized society? The global financial crisis of 2008 revealed the extent to which the public realm had been eroded over the last thirty years and the inroads that privatization and commercialization have made into the higher education sector. This book explores the institutional and sector-wide implications of the financial crisis for higher education and the lessons to be learnt from that crisis and its aftermath for the university sector as a whole. Jon Nixon argues that the university now has to be re-imagined as a social, civic and cosmopolitan good that is central to the well-being of civil society and its citizens. Key chapters focus on capability, reasoning and purposefulness as the common resources of higher education. There is an urgent need for sector-wide planning and collaboration, the development of a public culture across institutions, and a broadening of the higher education curriculum. Higher Education and the Public Good points a way forward to the new and emergent civic and cosmopolitan spaces of learning.

[The Future of Political Science: 100 Perspectives, Gary King, Kay Lehman Schlozman, Norman H. Nie](#) , 2009, 0415997011, 9780415997010. This book contains some of the newest, most exciting ideas now percolating among political scientists, from hallway conversations to conference room discussions. To spur future research, enrich classroom teaching, and direct non-specialist attention to cutting-edge ideas, a distinguished group of authors from various parts of this sprawling and pluralistic discipline has each contributed a brief essay about a single novel or insufficiently appreciated idea on some aspect of political science. The one hundred essays are concise, no more than a few pages apiece, and informal. While the contributions are highly diverse, readers can find unexpected connections across the volume, tracing echoes as well as diametrically opposed points of view. This book offers compelling points of departure for everyone who is concerned about political science -- whether as a scholar, teacher, student, or interested reader.

[Say when, Elizabeth Berg](#) , 2004, 009946019X, 9780099460190. When is a marriage worth saving, and when is it worth letting go?'He felt his stomach tighten, his heart begin to race. The coffeemaker beeped, signalling its readiness, and Ellen got up and poured two mugs. She set one in front of Griffin, one in front of herself. Griffin watched the steam rise up and curl back on itself, then dissipate. He said quietly, "I'm not going anywhere." "Pardon?" "I said, I'm not going anywhere. I'm not moving." She nodded. "I see. Well, I can't. I have to be here to take care of Zoe." Griffin pictured his daughter, a redheaded beauty who would knock the stuffing out of any man who crossed her. "All right, you can stay, too," he told Ellen. "Griffin. One of us has to go." In Say When, Elizabeth Berg negotiates perfectly the fine balance between humour and poignancy as she charts the days and nights of a family whose normal life has been shattered. Told from the point of view of a man who goes overnight from being a husband to becoming his wife's roommate, this is a gripping and heartfelt story. Praise for Elizabeth Berg'Heartwrenching-Hilarious-Berg sits somewhere between Anne Tyler and Alice Hoffman.' Chicago Sun-Times 'Maybe Freud didn't know the answer to what women want, but Elizabeth Berg certainly does.' USA Today

[The River, Paul Conrad Buff](#) , 2005, 097690280X, 9780976902805. With a nation culturally divided, many are soul searching and seeking a more logical roadmap to universal spiritual harmony. Thought-provoking answers are provided in this lavishly illustrated non-religious Adam and Eve alternative. After gaining knowledge and reason, Mada and Ava rescue a child, Lilah from The River. During their journey "The Voice" teaches them how to use these new powers as they eternally travel "The River of Life". They also learn the value of "The Rule" and how they are a part of everything, as everything is a part of them, as is the Higher Power they seek. Inspirational for all ages and a teaching guide for children. A trilogy.

[Me and My Shadows: A Family Memoir, Lorna Luft](#) , 1999, 0671019007, 9780671019006. Prologue There's a scene at the beginning of "Peter Pan" where Peter returns to Wendy's room in the middle of the night to find his shadow, which he'd accidentally left behind the night before. As Mary Martin played the role, Peter flinches painfully as Wendy sews his shadow back on with a needle and thread. Peter, it seems, isn't comfortable flying without his shadow. Mine has been the opposite problem. I have spent much of my adult life flinching with pain as I tried to pull out the threads that bound the shadows of my past to me. The biggest shadow has been my mother. To this day, people come up to me as I leave the stage after a performance and tell me that they saw my mother onstage with me every time they heard me sing. I try to keep a sense of humor about it and pass off the remark with a wisecrack. "Was she up there again? You just can't drag Mama off a stage." But the truth is it's difficult to live your life haunted by the ghosts of the past. It has taken me twenty-

eight years to come to terms with the fact that the mother I loved so much left me too soon, taken by a disease that I did not understand. It's hard for me to put into words the irony of being unable to escape my mother's presence while feeling her absence so painfully. In one sense, she's everywhere I turn, but in another, her absence has been agonizing. It hasn't been easy at times, but if there's one thing I learned at the Betty Ford Center, it's that it doesn't matter whether or not your mother is a Hollywood legend. The pain of having a parent who is held captive by prescription drugs or alcohol is the same for everyone. That knowledge has proven deeply healing for me. It has allos. My mom often toyed with the idea of writing an autobiography herself, but by the end of her life she was too sick and too frightened of the process to follow through. So our family story has been chronicled instead by a long list of people who don't know us and weren't present for any of the events, real or imaginary, they wrote about. Each of these writers has had an agenda, and the result was they usually ended up either glorifying or vilifying a group of people they really knew little about. With one or two exceptions, the result has been a fairy tale that tells more about the writer than it does about my family. One last thing: this is my story. It's not my brother's or my sister's or my father's, though I've drawn on their experience in writing it. Joe and Liza and Dad each have their own stories to tell. We all do. I wouldn't presume to tell it for them. I simply want to share with you the journey of my life, hoping that what I've learned along the way will have meaning for you, too. [Whole-class teaching: minilessons and more, Janet Angelillo](#) , 2008, 0325009716, 9780325009711. No matter your style of teaching, at critical moments throughout the school day it's most effective to teach everyone at once. Whole-Class Teaching offers learning-centered ways to maximize entire-class instruction by creating energizing, engaging teaching that everyone will find useful. Whether you're stepping into your first classroom or you've taught for years, Whole-Class Teaching presents wise, purposeful ideas for using language, modeling skills and techniques, and establishing community when you're teaching everyone at once. Janet Angelillo (author of Writing About Reading and Writing to the Prompt) helps you avoid the pitfalls of traditional direct instruction that inhibit learning and shows you high-quality practices for whole-class teaching opportunities such as: morning meetings minilessons read-alouds share times celebrations extended coaching sessions. Angelillo's ideas create personal and intellectual connections by validating students' experiences, and they build structure into your day while promoting student responsibility by balancing routines with independence. Best of all Whole-Class Teaching demonstrates how to adjust the teaching of minilessons to optimally support specific goals

such as inquiry, coaching, and demonstration. Angelillo even provides detailed tools for self-assessment and for finding out more through teacher study groups. You already have powerful instructional moments with small groups and individual students. Now let Whole-Class Teaching gives you the chance to turn every moment of your day into an opportunity to change a kid's life and learning - and to help you make the most of your teaching time, too.

[How Do Dinosaurs Get Well Soon?.](#) , 2003, 0439241006, 9780439241007. The bestselling, award-winning team of Yolen and Teague are back with another playful dinosaur tale--this time about a sick dinosaur child who catches the flu and must go to the doctor. What if a dinosaur catches the flu? Does he whimper and whine between each "At-choo"? Does he drop dirty tissues all over the floor? Does he fling his medicine out of the door? Just like kids, little dinosaurs hate being sick. And going to the doctor can be pretty scary. How DO dinosaurs get well soon? They drink lots of juice, and they get lots of rest; they're good at the doctor's, 'cause doctors know best. As in their previous book, Yolen and Teague capture children's fears about being sick and put them to rest with playful read-aloud verse and wonderfully amusing pictures.
