[A Journey Through Ruins: The Last Days of London, Patrick Wright](#) , 2009, 0191580082, 9780191580086. A unique evocation of Britain at the height of Margaret Thatcher's rule, *A Journey Through Ruins* views the transformation of the country through the unexpected prism of every day life in East London. Written at a time when the looming but still unfinished tower of Canary Wharf was still wrapped in protective blue plastic, its cast of characters includes council tenants trapped in disintegrating tower blocks, depressed gentrifiers worrying about negative equity, metal detectorists, sharp-eyed estate agents and management consultants, and even Prince Charles. Cutting through the teeming surface of London, it investigates a number of wider themes: the rise and dramatic fall of council housing, the coming of privatization, the changing memory of the Second World War, once used to justify post-war urban development and reform but now seen as a sacrifice betrayed. Written half a century after the blitz, the book reviews the rise and fall of the London of the post-war settlement. It remains one of the very best accounts of what it was like to live through the Thatcher years.

[Thunder and Lightning: Desert Storm and the Airpower Debates, Us Air Force, Edward C. Mann](#) , 2012, 1249158168, 9781249158165. Colonel Mann undertakes a critical analysis of air and space warfare as planned and waged in Operation Desert Storm. He explores debates about airpower and its uses as they played themselves out before, during, and after the successes of the Gulf War. He compares the debates of the 1970s-1990s with those of the 1920s-1940s and wonders if we will ever sort them out. Colonel Mann explores the underpinnings of successful warfare and observes that the warriors of the future must have a strong knowledge of principles and concepts of war to apply information, training, and technological resources with acumen needed to win future victories. *Thunder and Lightning* is a companion volume to Reynolds's *Heart of the Storm*

[The Day Parliament Burned Down, Caroline Shenton](#) , 2012, 0191611786, 9780191611780. In the early evening of 16 October 1834, to the horror of bystanders, a huge ball of fire exploded through the roof of the Houses of Parliament, creating a blaze so enormous that it could be seen by the King and Queen at Windsor, and from stagecoaches on top of the South Downs. In front of hundreds of thousands of witnesses the great conflagration destroyed Parliament's glorious old buildings and their contents. No one who witnessed the disaster would ever forget it. The events of that October day in 1834 were as shocking and significant to contemporaries as the death of Princess Diana was to us at the end of the 20th century - yet today this national catastrophe is a forgotten disaster, not least because Barry and Pugin's monumental new Palace of Westminster has obliterated all memory of its 800 year-old predecessor. Rumours as to the fire's cause were rife. Was it arson, terrorism, the work of foreign operatives, a kitchen accident, careless builders, or even divine judgement on politicians? In this, the first full-length book on the subject, head Parliamentary Archivist Caroline Shenton unfolds the gripping story of the fire over the course of that fateful day and night. In the process, she paints a skilful portrait of the political and social context of the time, including details of the slums of Westminster and the frenzied expansion of the West End; the plight of the London Irish; child labour, sinecures and corruption in high places; fire-fighting techniques and floating engines; the Great Reform Act and the new Poor Law; Captain Swing and arson at York Minster; the parlous state of public buildings and records in the Georgian period; and above all the symbolism which many contemporaries saw in the spectacular fall of a national icon.

[Clinical handbook for contemporary maternal-newborn nursing care, Patricia W. Ladewig, Patricia A. Weiland Ladewig, Marcia L. London, Michele R. Davidson](#) , 2005, 0131703927, 9780131703926. This portable handbook provides students with a succinct, quick-reference guide for use in the clinical setting. Content is organized by each stage of the childbirth process and includes normal and at risk information. Procedures, tables, photos, and illustrations are integrated throughout. Nursing students and professionals.

[Next Generation Wireless Networks, Sirin Tekinay](#) , 2001, 0792372409, 9780792372400. This book is a collection of extended versions of the papers presented at the Symposium on Next Generation Wireless Networks, May 26, 2000, New Jersey Institute of Technology, Newark, NJ. Each chapter includes, in addition to technical contributions, a tutorial of the corresponding area. It has been a privilege to bring together these contributions from researchers on the leading edge of

the field. The papers were submitted in response to a call for papers aiming to concentrate on the applications and services for the next generation, deliberately omitting the numeric reference so that the authors vision of the future would not be limited by the definitive requirements of a particular set of standards. The book, as a result, reflects the top-down approach by focusing on enabling technologies for the applications and services that are the defining essentials for future wireless networks. This approach strikes a balance between the academia and the industry by addressing new wireless network architectures enabling mobility and location enhanced applications and services that will give wireless systems the competitive edge over others. The main theme of the book is the advent of wireless networks as an irreplaceable means of global communication as opposed to a mere substitute for, or a competitor of, wireline networks. Geolocation emerges as the facilitator of mobility and location sensitive services. The fields of geolocation and wireless communications have been forced to merge, following the Federal Commission of Communications (FCC) ruling that obliges wireless providers with emergency caller geolocation.

[I Capture the Castle, Dodie Smith](#) , 2003, 0099439743, 9780099439745. This wonderful novel tells the story of seventeen-year-old Cassandra and her extraordinary family, who live in not-so-genteel poverty in a ramshackle old English castle. Cassandra's eccentric father is a writer whose first book took the literary world by storm but he has since failed to write a single word and now spends most of his time reading detective novels from the village library. Cassandra's elder sister, Rose - exquisitely beautiful, vain and bored - despairs of her family's circumstances and determines to marry their affluent American landlord, Simon regardless of the fact she does not love him. She is in turns helped and hindered in this by their bohemian step-mother Topaz, an artist's model and nudist who likes to commune with nature. Finally there is Stephen, dazzlingly handsome and hopelessly in love with Cassandra. Amidst this maelstrom Cassandra strives to hone her writing skills. She fills three notebooks with sharply funny yet poignant entries, which candidly chronicle the great changes that take place within the castle's walls, and her own first descent into love. By the time she pens her final entry, she has captured the heart of the reader in one of literature's most enchanting entertainments.

[Into the Dark Into the Light, Sally Teggart](#) , 2013, 0988704811, 9780988704817. Sally Teggart had a happy childhood growing up in Larne in Northern Ireland, but a frightening, inexplicable occurrence happened at random times when she least expected it, causing her to have more than the usual fear of the dark that many children have. In her book Into the Dark Into the Light, Sally tells her life story in a comfortable, easily readable style that shows her caring heart. She describes with honesty how she rejected God and any thought of Him because of her father's early death, but how she came to love God and believe in Him when she experienced the true difference between spiritual darkness and light.

[The Silent Steps of Grace: A Gripping Tale of Tragedy, Transformation and Triumph, Alan Mesher](#) , 2012, 0966029542, 9780966029543. THE SILENT STEPS OF GRACE is a gripping tale of tragedy, triumph, and transformation. It spans the turbulent period in world history from 1925 to 1967 with particular emphasis on the Tibetan Holocaust and the Vietnam War. The central character, Tenzin, is a young Tibetan monk of exceptional promise. When the Chinese invade Tibet and approach his monastery, Tenzin's superiors order him to flee. He is instructed to cross the Himalayas and make his way to the American embassy in Delhi where an airplane ticket to Los Angeles is waiting for him. Months later, he arrives in America alone and exhausted, his robe and his life both in tatters. Eventually, a letter arrives informing him that everyone he loves has been executed by the Chinese. Plunged into an all consuming grief, he slowly claws his way out of despair to become a beacon of hope in his adopted land. THE SILENT STEPS OF GRACE is not only a compelling story. It is a spiritual guide to overcoming life's challenges. It is instilled with hope, courage, inspiration, and a method to handle the difficult tests that life brings everyone, without exception. You won't want to be without it.

[Food Lit: A Reader's Guide to Epicurean Nonfiction, Melissa Brackney Stoeger](#) , 2013, 1598847066, 9781598847062.

"Food Lit: A Reader's Guide to Epicurean Nonfiction" provides a much-needed resource for librarians assisting adult readers interested in the topic of food--a group that is continuing to grow rapidly. Containing annotations of hundreds of nonfiction titles about food that are arranged into genre and subject interest categories for easy reference, the book addresses a diversity of reading experiences by covering everything from foodie memoirs and histories of food to extreme cuisine and food exposes. Author Melissa Stoeger has organized and described hundreds of nonfiction titles centered on the themes of food and eating, including life stories, history, science, and investigative nonfiction. The work emphasizes titles published in the past decade without overlooking significant benchmark and classic titles. It also provides lists of suggested read-alikes for those titles, and includes several helpful appendices of fiction titles featuring food, food magazines, and food blogs.

[Little Monsters](#), 2008, 0763638536, 9780763638535. They're back! Hilarious and hair-raising, these internationally best-selling pop-ups make the perfect Halloween treats. "This little monster plays with his food. This little monster is rather rude. . . ." And you've never seen monsters like these! Wiggly and squiggly, splashy and flashy, these creatures leap out in comic glory. When a spectacled specimen pops up at the end, kids can peer into its lenses and laugh at the silliest monster of all.

[The Natural History of the Long Expedition to the Rocky Mountains \(1819-1820\)](#), [Howard Ensign Evans](#), 1997, 0195111842, 9780195111842. A little over 170 years ago--hardly a moment on the clock of history--one half of the United States was empty of all but Indians and the plants and game on which they subsisted. Indeed, acquiring the Louisiana Territory approximately doubled the size of the United States, adding 800,000 square miles of land that had scarcely been explored or adequately mapped. Americans would be given an in-depth look this rugged and untamed land only when Secretary of War John C. Calhoun and President James Monroe agreed that a military presence at the mouth of the Yellowstone River (near the boundary between North Dakota and Montana) would impress the Indians and serve notice to Canadian trappers and traders that some of their favorite beaver country was now part of the United States. In [The Natural History of the Long Expedition to the Rocky Mountains \(1819- 1820\)](#), [Howard E. Evans](#) offers a colorful

history of the expedition of Major Stephen H. Long--the first scientific exploration of the Louisiana Territory to be accompanied by trained naturalists and artists. Made up of twenty-two men--military personnel and "scientific gentlemen"--the Long Expedition struggled on foot and horseback along the Front Range of the Rockies, living off the land, recording rivers and landforms, shooting birds, plucking plants, and catching lizards and insects to preserve for study. They were often thirsty and hungry, sometimes ill, and always tired. But theirs was an experience awarded to only a chosen few: the opportunity to see and record firsthand the pristine lands that so majestically defined the United States. Based primarily on the expedition members' reports and diaries, and often told in the participants' own words, this fascinating chronicle transports readers back to the near-virgin wilderness of 1820. We accompany naturalist Edwin James as he becomes the first man to climb Pike's Peak, and roam with him in his dual role as botanist, collecting a multitude of flora specimens, 140 of which were described by him and others as new. We sit with artist Samuel Seymour as he sketches in vivid detail the panorama of breathtaking peaks and prominent landforms, travel along with Titian Peale as he visits the homes of Native Americans and records with an artist's keen eye and gifted hand the intense beauty of this land's first inhabitants, and go exploring with zoologist Thomas Say as he describes never before seen mammals, birds, amphibians, reptiles, and insects. Beautifully illustrated with crisp reproductions of Peale and Seymour's art, as well as photographs of the many plants and insects described by James and Say, *The Natural History of the Long Expedition to the Rocky Mountains (1819-1820)* offers a vivid account of this monumental expedition. The story of the Long Expedition has been told before, but without due recognition of the party's great contributions to natural history. Now, anyone interested in the early history of the American West can witness for themselves how this vast and varied land looked and felt when it was first seen by trained scientists and artists.

[Transformation III: The Finale, Brenda A. Burton](#) , , 0975942034, 9780975942031.

[Proportion and Style in Ancient Egyptian Art, Gay Robins](#) , 1994, 0292770642, 9780292770645. The painted and relief-cut walls of ancient Egyptian tombs and temples record an amazing continuity of customs and beliefs over nearly 3,000 years. Even the artistic style of the scenes seems unchanging, but this appearance is deceptive. In this work, Gay Robins offers convincing evidence, based on a study of Egyptian usage of grid systems and proportions, that innovation and stylistic variation played a significant role in ancient Egyptian art. Robins thoroughly explores the squared grid systems used by the ancient artists to proportion standing, sitting, and kneeling human figures. This investigation yields the first chronological account of proportional variations in male and female figures from the Early Dynastic to the Ptolemaic periods. Robins discusses in detail the proportional changes underlying the revolutionary style instituted during the Amarna Period. She also considers how the grid system influenced the composition of scenes as a whole. Numerous line drawings with superimposed grids illustrate the text.

[Pipeline Operation and Maintenance: A Practical Approach, Thomas Van Hardeveld, Jason Szabo, Warren Peterson](#) , 2010, 0791859606, 9780791859605. This fully updated and revised Second Edition of Pipeline Operation and Maintenance: A Practical Approach, provides comprehensive details on all matters related to operation and maintenance of gas and liquid pipeline systems. It is designed to impart know-how to operation and maintenance personnel while providing an in-depth coverage of the subjects that pipeline workers and pipeline engineers often face in the assessment of operation and maintenance tasks and corrective techniques. It is designed to fill the gap from commissioning to the operation and maintenance of pipeline systems, covering pipeline and facilities including metering, pumping, and compression as well as reliability assessments. The book provides an updated technique on liquid batched products pipelining operation and maintenance, as well comprehensive techniques for welding and repairs. It provides a detailed reference material for the day-to-day use and/or to refresh the knowledge and thinking process in undertaking various operation and maintenance tasks. It is also intended to be a training tool. Other books in the series include: Pipeline Design and Construction: A Practical Approach, by Mohitpour, Golshan, and Murray Energy Supply and Pipeline Transportation: Challenges and Opportunities, by Mohitpour Pipeline Pumping and Compression Systems: A Practical Approach, by Mohitpour, Botros, and Van Hardeveld Pipeline Integrity Assurance: A Practical Approach, by Mohitpour, Murray, McManus, and Colquhoun

[From a Mess to a Message, Anna Marie McCutchen](#) , 2011, 0984936009, 9780984936007. "FROM A MESS TO A MESSAGE is both a memoir and a self-help book. Gospel singer Anna Marie McCutchen provides examples from her own life and appropriately selected scriptural quotations to illustrate that sometimes the mess IS the message. She shows how even our darkest days have a purpose unto God and that, if you let go and let God lead you, your life can have purpose and meaning. Readers can use her text to make a message out of what they mistakenly believe is the mess of their own lives." Anthony Ambrogio, Editor

[Defenders of the Holy Land: Relations Between the Latin East and the West, 1119-1187, Jonathan P. Phillips](#) , 1996, 0198205406, 9780198205401. For most observers, the decades between the great crusading expeditions of the twelfth century saw little contact of note between the Holy Land and Western Europe. In fact, as the neighbouring Muslim powers exerted increasing pressure on the crusaders, the Christians mounted a sustained diplomatic effort to secure outside help. This original investigation reveals for the first time the range and scale of the struggle to preserve Christian control of the Holy Land.

[The Athlete's Pocket Guide to Yoga: 50 Routines for Flexibility, Balance, and Focus, Sage Rountree](#) , 2009, 1934030414, 9781934030417. Athletes have different needs than the typical yogi. They come to the practice with more tightness from hours spent training, little time for lengthy sessions, and at the height of the season they often abandon yoga classes altogether for demanding sport-specific training. In this accessible guide, yoga teacher Sage Rountree makes it easy for athletes to reap the benefits of the practice year-round. Designed to complement a rigorous training schedule, the book includes quick, five-minute warm-ups to prepare for daily workouts; strength sessions for the off-season and base periods; flexibility sessions as training grows more demanding, including 20-minute flexibility routines to follow workouts; and focus sessions incorporating breath exercises and meditation to improve restoration and sharpen mental toughness for competition. A spiral binding makes it easy to progress through each routine, and attractive colour photographs fluidly detail every pose. Tips to simplify trickier poses or vary the routine from one session to the next are included.

[Why Machiavelli Matters: A Guide to Citizenship in a Democracy, ISSN 1940-1523, John D. Bernard](#) , 2009, 0275998762, 9780275998769. Machiavelli (1469-1527) is the seminal figure in early modern intellectual history for those living, or wishing to live, in a functional democracy. What Machiavelli is primarily about, and what makes him indispensable to those of us living in and struggling to preserve democracy in America, is the sum of individual and collective qualities required of a citizen, or what he termed *virtu*: a host of traits ranging from manliness to boldness, ingenuity, excellence, self-esteem, and even stoic resignation. In a narrative spanning Machiavelli's life and work as one of the world's most fascinating philosophers, Bernard illuminates for the modern reader just how relevant his insights are to our own evolving debate on the appropriate relations between religion and politics, church and state. Besides offering a detailed sketch of Machiavelli as a chancellor in the Italian Soderini Republic (1498-1512), this book examines the man's political philosophy, particularly his complex view of republics and principalities, in "The Prince," the "Discourses," and the "Florentine Histories." It also establishes the importance of Machiavelli's writing as it evolved during his exile, especially in the reflexive passages of his plays "Mandragola" and "Clizia." The book concludes with the potential uses of Machiavellism in 21st-century mass democracies, as well as presenting ways in which his legacy lives on in our own activities as citizens in a democracy.

[Top Knife: The Art and Craft of Trauma Surgery, Asher Hirshberg, M.D., Kenneth L. Mattox](#) , 2005, 1903378222, 9781903378229. Operative trauma surgery is a key element of surgical training world-wide, but many surgical trainees have only limited exposure to it throughout their training. The aim of this book is to provide a detailed technical guide for trauma surgery by two experienced surgical educators who are experts in the field. The original concept behind this text (compared to other operative surgery texts) is a special emphasis on intra-operative judgement, decision-making, and thought processes, as well as technical 'tips and tricks'. The book will be generously illustrated with black-and-white line drawings, but will NOT be a surgical atlas, because there will not be a step-by-step sequence of illustrations for each procedure. The illustrations will be incorporated into the text rather than appearing on separate pages. As such, the book will be an 'operative surgery' book, along the lines of such British classics as Peter Jones' 'Emergency Abdominal Surgery', Hugh Dudley's editions of 'Hamilton Bailey's Emergency Surgery' and Keen's 'Operative Surgery and Management'.

[The Tenth Gift, Jane Johnson](#) , 2009, 014103341X, 9780141033419. Jane Johnson's The Tenth Gift is an wonderfully escapist page-turner set in seventeenth century Cornwall and Morocco, based on spine-tinglingly shocking historical fact, with a romantic hidden love story at its heart. His parting gift to her was a new beginning . . . Julia Lovat walks away from her seven-year affair with Michael with a broken heart and a book of secrets. Her book tells the true story of Cat

Treganna, kidnapped by Barbary pirates and sold into slavery in Morocco four hundred years ago. When Julia travels to Morocco to discover Cat's fate, she is quickly lost in an exotic and vibrant land. Yet her guide is Idriss, a man so charismatic and beguiling that their meeting feels like destiny. And so, in the heat and dust, two love stories, separated by four centuries, entwine and blossom. . .The Tenth Gift is an enthralling story of secrets and discovering love where you least expect it.'I really couldn't put it down. Exciting and romantic (oh so romantic!) and there is so much suspense. The descriptions are fabulous' Barbara Erskine'Wildly yet convincingly romantic . . . a sensitive portrayal of Muslim culture and a delectable adventure of the heart' USA Today'An unashamedly escapist page-turner that will be enjoyed by fans of Kate Mosse and Philippa Gregory' Daily Mail'An atmospheric and hugely romantic adventure story' Marie ClaireJane Johnson was raised in Cornwall but now lives for half the year in a remote mountain village in Morocco. She is the author of The Tenth Gift, The Salt Road and The Sultan's Wife. She has been involved in the book industry for many years and combines her work as a publisher with writing for both adults and children.

[Nystagmus In Infancy and Childhood: Current Concepts in Mechanisms, Diagnoses, and Management, Richard W. Hertle, Louis F. Dell'Osso](#) , 2013, 0199857008, 9780199857005. Nystagmus in Infancy and Childhood is a highly-illustrative and thoughtfully written text that provides clinicians and scientists with detailed yet concise information regarding our current understanding, evaluation, and treatments of nystagmus in infancy and childhood. Throughout the text are clinical pearls and narrative observations intended to help the reader appreciate the enormous strides forward in the past 50 years of nystagmus research. Timely and comprehensive, this book is an "everything you need to know" resource, and will provide the reader with: - detailed methodologies of investigation, including analysis software, models of the ocular motor system, and current hypotheses regarding ocular motor oscillations - complementary appendices that can be used for special purposes, i.e., as clinical examination sheets, patient information sheets, and algorithm for computer analysis of nystagmus waveforms - new therapeutic approaches, using relevant eye-movement data and mechanisms - a roadmap toward a more rational, data-driven approach to the medical management of infantile nystagmus As the only resource effectively comprising the past 50 years of nystagmus research and therapeutic implications, Nystagmus in Infancy and Childhood will be a comprehensive and invaluable guide to for both clinicians and scientists who care for infants and children with nystagmus.

[Peyton Manning: Leader of the Broncos, The Denver Post](#) , 2013, 1623686849, 9781623686840. Through the words and images of the Denver Post, this book captures the impact of Peyton Manning's arrival in Denver, from his signing in March and his first game in a Broncos uniform through the team's push to the top of the AFC standings and into the

playoffs. Essential reading for Broncos fans heading into the team's second season with Manning under center, this work celebrates the reemergence of a star quarterback in the aftermath of a career-threatening injury. With stories and imagery from the award-winning staff at Colorado's largest newspaper, this keepsake encapsulates the fever pitch surrounding the Broncos' return to greatness.

[Publish a Book!, J. Steve Miller](#) , 2013, 0981875661, 9780981875668. So you want to self-publish? According to Miller, self-publishing can be a great experience, but the company you choose is critical to your success. Many authors grieve that their poor choice of self-publishing companies has ruined any chance they had of selling great numbers of books. Don't let this happen to you! Publish a Book! leads authors by the hand through the jungle of self-publishing companies, clearing up the confusing language and helping authors to focus on what really matters to them, including how to find: * the highest royalties * the lowest expenses * the best quality service * the most professional printing * the widest distribution. This book includes comparisons of rates and features of over 50 publisher/printers, links to relevant complaint and review sites, and a helpful appendix listing questions to ask prospective companies.

[Cowboy Ted and the Scary Night, Joanne Partis](#) , 2006, 019279177X, 9780192791771. It's getting dark in the toy room! Cowboy Ted, Pretty Kitty, Hector and Spike have spent all afternoon making dens and Cowboy Ted decides he's not going to go back to the toy box with the other toys, he's going to spend the night inside his den. But as he sits in his tent and the room becomes darker and darker around him, Cowboy Ted begins to feel just a little bit scared. But Cowboy Ted is not the only one who can't get to sleep and, one by one, the other toys come to join him in his tent. This is a sweet, reassuring story that acknowledges that it's comforting to have company if you're feeling a little scared of the dark. Jo Partis has captured the charm and humour of her toddler-inspired characters - through both her illustrations and dialogue - and, consequently, the interplay between them in this toy room soap opera is delightfully entertaining.

[DSP for Embedded and Real-Time Systems, Robert Oshana](#) , 2012, 0123865352, 9780123865359. This Expert Guide gives you the techniques and technologies in digital signal processing (DSP) to optimally design and implement your embedded system. Written by experts with a solutions focus, this encyclopedic reference gives you an indispensable aid to tackling the day-to-day problems you face in using DSP to develop embedded systems. With this book you will learn: A

range of development techniques for developing DSP code Valuable tips and tricks for optimizing DSP software for maximum performance The various options available for constructing DSP systems from numerous software components The tools available for developing DSP applications Numerous practical guidelines from experts with wide and lengthy experience of DSP application development Features: Several areas of research being done in advanced DSP technology Industry case studies on DSP systems development DSP software development tools available for download and evaluation DSP for Embedded and Real-Time Systems is the reference for both the beginner and experienced, covering most aspects of using today's DSP techniques and technologies for designing and implementing an optimal embedded system. The only complete reference which explains all aspects of using DSP in embedded systems development making it a rich resource for every day use Covers all aspects of using today's DSP techniques and technologies for designing and implementing an optimal embedded system Enables the engineer to find solutions to all the problems they will face when using DSP

[Reflecting on Nature: Readings in Environmental Philosophy, Lori Gruen, Dale Jamieson](#) , 1994, 0195082907, 9780195082906. The first anthology to highlight the problems of environmental justice and sustainable development, Reflecting on Nature provides a multicultural perspective on questions of environmental concern, featuring contributions from feminist and minority scholars and scholars from developing countries. Selections examine immediate global needs, addressing some of the most crucial problems we now face: biodiversity loss, the meaning and significance of wilderness, population and overconsumption, and the human use of other animals. Spanning centuries of philosophical, naturalist, and environmental reflection, readings include the work of Aristotle, Locke, Darwin, and Thoreau, as well as that of contemporary, mainstream figures like Bernard Williams, Thomas Hill, Jr., and Jonathan Glover. Works by Val Plumwood, Bill Devall, Murray Bookchin, and John Dryzek comprise a radical ecology section. Featuring insightful section introductions by the editors, this comprehensive and timely collection of philosophical and environmental writing will inform, enlighten, and encourage debate.

[Visual culture and decolonisation in Britain, Simon Faulkner, Anandi Ramamurthy](#) , 2006, 0754640027, 9780754640028. Visual Culture and Decolonisation in Britain provides the first in-depth analysis of the place of visual representations within the process of decolonisation during the period 1945 to 1970. The chapters trace the way in which different visual genres - art, film, advertising, photography, news reports and ephemera - represented and contributed to the political and social struggles over Empire and decolonisation during the mid-twentieth century. The book examines both the direct visual representation of imperial retreat after 1945 as well as the reworkings of imperial and 'racial' ideologies within the context of a transformed imperialism. While the book engages with the dominant archive of artists, exhibitions, newsreels and films, it also explores the private images of the family album as well as examining the visual culture of anti-colonial resistance.

[Putting God Into Einstein's Equations: Energy of the Soul, Jerry And Marcia Pollock](#) , 2012, 0972386661, 9780972386661. Putting God Into Einstein's Equations: Energy of the Soul is the direct outcome of an unusual and unique collaboration by soul mates Marcia and Jerry Pollock spanning the spiritual and physical worlds. Marcia is deceased, and her contributions come from the powerful intelligent energy of her Divine soul, which is without her

physical body in the spirit world. Jerry is alive with his Divine soul, which is constrained within his physical body on planet Earth. Communicating through thought-energy telepathy or channeling, the authors have written this exquisitely, simply explained book in their humble attempt of gratitude to bring new knowledge to the understanding of God's Essence and our world. The Creator Himself has endorsed our book, "TRUTH, LOVE AND WISDOM LIE WITHIN THESE PAGES."

Putting God Into Einstein's Equations: Energy of the Soul is a provocative book that will stay with you long after you finish reading it. Have you ever wondered about how a psychic contacts a spirit or where God comes from? The book answers questions about God, the big bang, Einstein's Relativity Equations and how they fit in with God's energy, soul mates and love, the spirit world of souls, past lives, telepathic thought-energy communication, channeling, removing negative body-soul energy, intelligence of the soul, independent and combined functions of the soul versus the human brain, acquiring spirituality, miracles, resurrection and reincarnation, the Devil, good and evil, science and spirituality, Creation and Evolution, and how a new soul that God will give us in the future Messianic Age at the End of Days will allow us to live for the eternity according to Einstein's Equations. God is energy and so is our Divine soul. Each of us receives a tiny "piece" of God's virtually infinite energy, and the difference between our energy and that of God is simply the enormous difference in order of magnitude when comparing God's energy to ours. The behavior of this energy mirrors the equations brilliantly originated and described by Albert Einstein with two exceptions -- the mass, m referenced in Einstein's famous equation, $E=mc^2$, is a special Mass, M , originating in God's energy particles, and God's and our soul energy travels at one million times the speed of light, c , or 186 billion miles per second. In fact, this Mass is the source of the independent intelligence and sensory properties found in the soul of all human brains. Putting God Into Einstein's Equations: Energy of the Soul is a provocative and compelling book that weaves together empirical, scientific observation, academic research, and theoretical and theological considerations, bolstered by revelatory, first-hand testimony bearing witness to the existence of the Divine soul in both the physical and spirit worlds. Contained in the pages of Putting God Into Einstein's Equations are moving, personal reflections on the authors' life experiences, from the thrill of discovering one's true soul mate to both traumatic and joyous events like a descent into bipolar depression, Divine miracles, and the pain and loss associated with the death of a loved one. Equally explored and discussed are practical first hand experiential techniques for hypnotic-spiritual world regression and directing spiritual energy and using light to alleviate negative forces. Above all else, Putting God Into Einstein's Equations seeks to advance an awareness and comprehension of God, drawing upon points of reference as diverse as Qigong and yoga to the word of rabbinical scholars.

[The South Through Time: A History of an American Region, Volume 1](#), , John B. Boles , 1999, 0130959154, 9780130959157. Incorporating the enormous amount of very sophisticated revisionist scholarship that has appeared over the past 25 years, this book provides a consistent, overall reinterpretation of southern history -- pre-1607 to the end of the Civil War -- offering a less fact-filled, more narrative and more interpretative approach that expands the concept of southern history both chronologically and geographically. Reflects the author's first-hand familiarity with the newest scholarship" -- as the editor of the "Journal of Southern History" and co-editor of a major study of southern historiography, "Interpreting Southern History. Explains "why" things happened the way they did rather than just telling "what" happened. Tells more about the entire South -- not just the eastern seaboard. Features better, more extensive coverage of Indians, blacks, and women than earlier histories of the South. Offers insights gained by what is now called a "gendered analysis." Introduces and explores new research on topics such as slavery and women's history. For anyone interested in the history of the South or Southern civilization.

[Hindutva: Exploring the Idea of Hindu Nationalism](#), Jyotirmaya Sharma , 2006, 0143099639, 9780143099635. An Excellent Guide Into The Individual Thought Of . . . The Most Important Hindu Nationalist Ideologues' Biblio A Clear And Concise Exploration Of The Writings Of Dayanand Saraswati, Aurobindo, Vivekananda And Savarkar . . . Sharma Cogently Traces The Virulence Of Present-Day Hindutva Politics To The Feverish Exhortations Of The Four Figures Who Constructed Hinduism As The Mother Superior Of All Other, Lesser Religions' Outlook Jyotirmaya Sharma'S Book, Perhaps

For The First Time, Presents A Detailed Descriptive And Historical Account Of Both The Idea Of Hindutva And Its Historical Developments. It Fills An Enormous Gap, Thus Facilitating A Better Understanding Of The Term Hindutva' Seminar Hindutva Is Short And Written For The Lay Person, Free Of The Academic Exhibitionism That Mars So Many Books On Philosophy, Yet A Product Of Deep Reading And Research. It Is An Important Book Too Because It Examines The Roots Of Hindutva And So Enables The Reader To Question That Philosophy'S Legitimacy' India Today An Excavation Of The Intellectual Genealogy Of Hindutva Is Long Overdue. What Makes Sharma'S Book Especially Notable Is That He Is No Marxist Secularist, But A Hindu Steeped In His Own Cultural And Religious Tradition . . . He Also Has A Gift For Communicating Complex Ideas In Lucid Prose' Telegraph A Timely And Significant Work, Which Would Be Read With Profit To Reckon How And Why Indian Nationalism Is Currently Giving Way To Hindu Nationalism' Hindu [Jyotirmaya Sharma] Makes A Valuable, Well-Considered Contribution To The Discussion On The Anti-Thesis Of Secularism' Frontline

[Government and Politics in the Lone Star State, L. Tucker Gibson, Jr., Clay Robison](#) , 2012, 0205927068, 9780205927067. An accessible look at Texas politics Written to be both engaging and accessible, Government and Politics in the Lone Star Stateoffers both a journalist's and a political scientist'sperspective inits coverage of the economic, demographic, political, and social changes contributing to contemporary Texaspolitics.Using theory, scholarly research, first-hand observations, anecdotes - and always a bit of humor - the authors examine the nuances of change in political behavior and the decisions of political actors at the state and local levels. Fully revised to meet the 2306 curriculum changes,Government and Politics in the Lone Star State, 8e, contains 13 chapters a full semesters worth of Texas Government content. The eighth edition features the same pedagogical features students currently enjoy in traditional

American Government textbooks, extending their learning experience from the 2305 course seamlessly into 2306.

Learning Goals Upon completing this book, readers will be able to: Understand the economic, demographic, political, and social changes contributing to contemporary Texas politics Use theory and scholarly research to understand politics

Critically analyze Texas institutions Note: MyPoliSciLab does not come automatically packaged with this text. To purchase MyPoliSciLab, please visit: www.mypoliscilab.com or you can purchase a valuepack of the text + MyPoliSciLab (at no additional cost): ValuePack ISBN-10: 0205926010

[The Belting Inheritance, Julian Symons](#) , 2001, 1842329278, 9781842329276. When a stranger arrives at Belting, he is met with a very mixed reception by the occupants of the old house. Claiming his so-called rightful inheritance the stranger makes plans to take up residence at once. Such a thing was bound to cause problems amongst the family but why were so many of them turning up dead?

[In Search of Clarity: A Look at Religious Confusion in America, Steven Hutson](#) , 2011, 0983749604, 9780983749608.

Why do we believe as we believe? Why do we attend one church and not another? Many people follow church traditions or family customs but never actually make an informed choice for themselves concerning religious beliefs. Since we're saved by divine grace, does it really matter how we live? Did the Reformation truly renounce Catholicism or restore primitive Christianity? Many people attend church year after year, yet don't have a good understanding of the faith that they profess. Throughout the book, *In Search of Clarity*, author Steven Hutson has decided to question and challenge traditional thinking and ask the question, why. In hope of finding a full life moving forward, he opens the books and turns the tables on many sacred cows that have previously been left alone. Whether you are a seeker or in the midst of your journey this book will shed a great deal of light on the path before you.

[How I Heard from God: The Power of Personal Prophecy, Mary Ogenaarekhua](#) , 2005, 0974980277, 9780974980270. I have chosen not only to write out my personal prophetic words but also to publish them because as we all watch them come to pass in my life, they would serve as testimonies of the goodness of the Lord. I hope that many will be encouraged and inspired as they read these prophecies so that they too will begin to take the Word of God spoken to them seriously. We are encouraged at Life Center Ministries to always write out our prophetic words so that we can understand them more accurately and thereby pray according to the words that were actually spoken and not what we thought was spoken to us. We are to take the Word of God spoken over our lives and war with them just like Paul instructed Timothy. When the devil tries to bring into your life something contrary to what God has spoken to you, you should stop, rebuke the devil and declare what God said instead. Personal prophecy is one way that the Lord speaks to us. It is as important as having God speak directly to you. God's Word is powerful and we have to treat it as such. Once we have judged a word of prophecy by the Word of God and determined that it is the Word of the Lord, we must come into agreement with the Lord concerning it, in order to see it come to pass in our lives. Many people are yet to come into

agreement with the Lord concerning the prophetic words He gave them years ago and as a result, these words are yet to manifest in their lives. Agree with the Lord concerning your prophetic Words. The only "prophetic words" that you must reject are the ones that have been judged to be wrong prophecies by you and the leadership God has placed over you. Otherwise, believe that there is power in the personal prophetic words spoken by God's prophets and ministers over your life. Amen.

[Economics for Healthcare Managers, Robert H. Lee](#) , 2009, 1567933149, 9781567933147. Healthcare managers confront many difficult and complex questions. Economics for Healthcare Managers provides the economic tools managers need to simplify and improve decision making. This book provides a framework for understanding pricing, regulation, costs, market demand, profitability, and risk-issues that all healthcare managers face. Thoroughly revised and updated, the second edition features: # A new chapter on creating and interpreting forecasts # A new chapter on government intervention in healthcare markets # Case studies and examples that illustrate how to analyze management problems and make recommendations # Key concepts, discussion questions, and a glossary for each chapter Written in a straightforward and practical style, this book is ideal for readers with no background in economics.

[Headwork, Book 8, , , Chris Culshaw, Deborah Waters, David Craig](#) , 1990, 0198333900, 9780198333906. Each Students'

Book offers:DT A chance to build on the skills introduced in Headwork 1-4DT Written tasks encouraging students to examine and question their attitudes to important personal and social issues such as health, prejudice, and the environmentDT Imaginative and realistic stimulus material as the basis for an extensive range of oral work, written tasks, and reading and understanding exercises

[Come Unto Me, Cameron Iliff Coldwell](#) , 2009, 0981744265, 9780981744261. Cameron Iliff Coldwell was born in Dallas and has lived in Texas and New Mexico all of his life. He graduated from the University of Texas where, as an accomplished trumpet soloist, he played in the Longhorn Band. In 1978 he attended Law School at SMU, but after being diagnosed with Multiple Sclerosis, he altered career possibilities. His varied career has included economic research, landscape photography, communications (both writing and speaking) and politics. Throughout his later years, he has been writing poetry, which has provided opportunities for him to express his trust in the Lord.

[I've Got to Change, Sean C. McVeigh](#) , 2009, 0984101101, 9780984101108. I've Got To Change is intended for youth and young adults. It is masterfully designed so that a parent can purchase a copy and leave it on their teenager's bed without saying anything. You can't tell by the cover that there is anything religious in the book. When the teen enters their bedroom, they pick up I've Got To Change out of curiosity and begin reading. Because it is so gripping, intriguing, and relatable, they become engulfed with the story. After they are fully engaged, the author, Sean McVeigh, begins unraveling important moral and theological messages prevalent to every young person's life. These messages help to reaffirm what parents and religion instructors have already been trying to teach young people. Sean uniquely inspires his readers to perform a daily examination of conscience, attend Mass and participate fully in the prayers and songs, pray daily, join prayer groups, go on spiritual retreats, get involved with other Church related activities, utilize the Sacrament of Penance, believe in the true presence of Jesus in the Eucharist, and overcome peer pressures and worldly messages in order to live a righteous life. Simply put, I've Got To Change is the book the Catholic Church has been waiting for in reaching young people with the Gospel message.

[Entrepreneurship Marketing: Principles and Practice of SME Marketing, Sonny Nwankwo, Tunji Gbadamosi](#) , 2010, 0203838645, 9780203838648. Small and medium-sized enterprises (SMEs) dominate the market in terms of sheer number of organizations. Their role in the business world is difficult to overstate. Despite this, there is a high failure rate among smaller organizations, which can be explained to a significant degree by a lack of marketing understanding in this sector. Introducing the importance of marketing to entrepreneurial firms this book guides the student through the

students to understand the various independent technical approaches that exist in the field of mechanisms, kinematics, and dynamics. Now fully revised in its fourth edition, this text is ideal for senior undergraduate or graduate students in mechanical engineering who are taking a course in kinematics and/or machine dynamics. New to the Fourth Edition *

- * Includes more worked examples throughout, and many new and updated end-of-chapter homework problems *
- * Coverage of helical gears, bevel gears, worms, and worm gears is now integrated into a single chapter *
- * Material on planar and spatial dynamic force analysis is now integrated into a single chapter *
- * A completely new chapter has been added on multi-degree-of-freedom planar linkage analysis *
- * The chapter on kinematic synthesis has been markedly expanded, and now includes three and four accuracy position graphical methods *
- * The chapter on static force analysis has been expanded to include coverage of buckling of axially-loaded two-force members under compression

Supplements *

- * In-text CD includes Working Model animations of many figures from the text to help students visualize and comprehend their movement *
- * A companion website for instructors (www.oup.com/us/uicker) provides additional information and resources, including PowerPoint-based slides of figures from the text

[This Charming Man, Marian Keyes](#) , 2009, 0141040602, 9780141040608. Lola has just found out that her boyfriend - charismatic politician Paddy de Courcy - is getting married. To someone else. Heartbroken, Lola flees the city for a cottage by the sea. But will Lola's retreat prove as idyllic as she hopes? Journalist Grace wants the inside story on Paddy de Courcy's engagement and thinks Lola holds the key to it. Grace knew Paddy a long time ago. But why can't she forget him? Grace's sister, Marnie, might have the answer but she also has issues with the past. Her loving loving husband and beautiful daughters are wonderful, but they can't take away memories of her first love; a certain Paddy de Courcy. What will it take for Marnie to be able to move on? Alicia Thornton is Paddy's wife-to-be. Determined to be the perfect wife, Alicia would do anything for her fianc. But does she know the real Paddy?

[Confessions of a Real Estate Entrepreneur: What it Takes to Win in High-Stakes Commercial Real Estate, James Randel](#) , 2005, 0071467939, 9780071467933. A front row seat into the world of high-stakes commercial real estate investing A must-read book one of the best real estate investment books I have ever read. On my scale of 1 to 10, this unique book rates an off-the-charts 12. ---Robert Bruss Confessions of a Real Estate Entrepreneur is for the individual who is ready to get serious about investing. Not a rah-rah or get-rich-quick book, this book is for someone who is prepared to think about what he or she wants to accomplish. James Randel provides the how and why. James Randel has been a successful investor and educator for 25 years. He teaches investing through stories and anecdotes bringing to the limelight not just

his successes (and there are some amazing stories of these) but also his mistakes. His candor is instructive and entertaining. It is said that those who can, do, and those who can't, teach. James Randel is a rare exception as he is both a highly successful investor as well as an excellent teacher. As said by Jeff Dunne, Vice Chairman of the largest real estate company in the world, CB Richard Ellis: I've tracked Jimmy's incredible run of successful real estate investments for 20 years and more recently invested very profitably with him. His new book is a must read for anyone interested in real estate investing. If you are tired of the same old, same old and prepared to play in the big leagues, this book is calling your name.

[Grandparents' rights: a resource manual : a report, Volume 4, , United States. Congress. House. Select Committee on Aging. Subcommittee on Human Services](#) , 1992, 0160397065, 9780160397066.

[The Egyptians, Neil Grant](#) , 1996, 0195212398, 9780195212396. The civilization of ancient Egypt lasted for about 3,000 years. Here young readers can get an intriguing introduction to Egypt and the Nile in a handy survey of the people and activities of long ago. How were the pyramids built? This book shows how the stone blocks were raised one by one and even offers drawings of a stonemason's tools and measuring devices. Want to know about Egyptian religion? Or how they dealt with death and burial? How about Egyptian writing, education, toys, ships, pets, food, or many more aspects of daily life? It's all here in concise and expert text that combines with color illustrations on every page to make ancient history come alive for children.

[Money Matters... Really, Stephen Teo](#) , 2006, 0977518043, 9780977518043.

[Pippi Longstocking, Astrid Lindgren](#) , 1954, 0192720171, 9780192720177. The beloved story of a spunky young girl and her hilarious escapades. Tommy and his sister Annika have a new neighbor, and her name is Pippi Longstocking. She has crazy red pigtails, no parents to tell her what to do, a horse that lives on her porch, and a pet monkey named Mr. Nilsson. Whether Pippi's scrubbing her floors, doing arithmetic, or stirring things up at a fancy tea party, her flair for the outrageous always seems to lead to another adventure.

[The Pursuit of Unhappiness : The Elusive Psychology of Well-Being: The Elusive Psychology of Well-Being, Daniel M. Haybron](#) , 2008, 0191562912, 9780191562914. The pursuit of happiness is a defining theme of the modern era. But what if people aren't very good at it? This and related questions are explored in this book, the first comprehensive philosophical treatment of happiness in the contemporary psychological sense. In these pages, Dan Haybron argues that people are probably less effective at judging, and promoting, their own welfare than common belief has it. For the psychological dimensions of well-being, particularly our emotional lives, are far richer and more complex than we tend to realize. Knowing one's own interests is no trivial matter. As well, we tend to make a variety of systematic errors in the

pursuit of happiness. We may need, then, to rethink traditional assumptions about human nature, the good life, and the good society. Thoroughly engaged with both philosophical and scientific work on happiness and well-being, this book will be a definitive resource for philosophers, social scientists, policy makers, and other students of human well-being.

[Silver: A Novel, Hilma Wolitzer](#) , 2013, 1453287876, 9781453287873. Silver revisits Paulette and Howard, the couple introduced in *In the Flesh*, and a marriage, once miraculously mended, faces its end again. Paulette has decided to leave her husband. As the twenty-fifth anniversary of their hasty marriage nears, the thought of another year sleeping alongside Howard feels suffocating. Though they were happy years ago, he has always resented her for trapping him with her pregnancy, forcing him as he sees it into married life and the end of his youthful fun. They have both been unfaithful, and the wounds of their past indiscretions have never fully healed. And so she has made the decision to leave him but her plans are derailed when Howard suffers a sudden heart attack. Thrown into action by Howard's fragile health, Paulette must decide whose survival is more important. He may not live through her desertion, but can she give up her determination for a new beginning? In *Silver*, Hilma Wolitzer delivers a sensitive, thought-provoking, and startlingly frank novel of old ties and the yearning to start again.

[Enemy of My Enemy, Alan J. Murray](#) , 2008, 0979912032, 9780979912030. In *Enemy of My Enemy*, author Alan Murray's razor-sharp foray into the shadowy world of bioterrorism, CIA analyst Allan Anderson and his reporter sister, Susan Anderson, find themselves at the heart of a deadly game played out in hidden places of power across the globe, from a safe house in the wilderness of Iran to a submarine in the Atlantic. Allan and Susan draw on everything they have including their quick-thinking and fast-acting friends in a high-stakes chase to stave off a sinister alliance that threatens the very existence of the United States. Drawing on a wellspring of historical insight, this political thrill ride takes you from the abstract realms of international policy to its very concrete and terrifying consequences. *Enemy of My Enemy* takes the reader on a global chase to unravel a deadly bioterror plot concocted by a startling alliance of adversaries. Author Alan Murray draws on a wide-ranging historical insight to weave a compelling nightmare scenario grounded in the political and technological realities of today.

[Inside OrCAD, Chris Schroeder](#) , 1996, 0080508820, 9780080508825. *Inside OrCAD* goes beyond the reference guide supplied by OrCAD. It contains an overview and introduction to modern schematic drafting, with exercises intended to help the reader master the use of OrCAD via a 'hands-on' learning experience - information that has been de-emphasized in the manuals for recent OrCAD versions. This introduction to OrCAD is designed to give easy access to practical information. The command reference is a complete listing and explanation of the OrCAD commands and functions. A series of appendices provide important tips and techniques and information about linking OrCAD to other Computer Aided Design and Computer Aided Engineering tools used in the electronics design process. The enclosed disk contains a parts library for the tutorial exercises and several useful utilities, making this book a valuable tool for the design engineer or

engineering student. Chris Schroeder is the Technical Director, Electronics, For Crane Technologies Group, Inc., Daytona Beach, Florida, a leading automotive aftermarket and original equipment supplier. He has 19 years of engineering, marketing, and management experience in the electronics industry and has a broad, yet in-depth technical knowledge of both design and manufacturing. His specialized areas of design expertise include: embedded controls using RISC microcontroller technology, assembly language programming, magnetic design for switching power supplies and ignition coils, and printed circuit board design, including the use of surface mount technology. Provides a detailed tutorial. Contains tips and techniques for design engineers. Includes a library and utilities disc.

[Horses, Ann Becker](#) , 2013, 0982381972, 9780982381977. Learn basic art techniques and interesting facts while drawing horses. Perfect for illustrated reports.

[Rebecca, Daphne Du Maurier](#) , 1981, 8124109974, 9788124109977. The objective of this series is to introduce children to the works of literary giants like Charles Dickens, Mark Twain, R.L. Stevenson and other which are known as classics. These stories must be read at a younger age so that a feeling of adventure ignites at the right time.

[To Trust, Carolyn Brown](#) , 2012, 1612186386, 9781612186382. Dee Hooper and Jack Brewer grew up next door to each other in sleepy Buckhorn Corner, Oklahoma. From the time they were less than a year old they'd been best friends, but then Dee eloped with a man from Pennsylvania. Seven years later, she's brought a broken heart back home to her dysfunctional family: Roxie, the grandmother, who runs the family with an attitude of steel; Mimosa, the mother, who's been married so many times she's forgotten half of them; Tally, the sister who's in the county jail for writing hot checks; Bodine, Tally's daughter, who's been raised by Rosie just like Dee and Tally were; and Jack, the boy next door who's always loved Dee. Jack was the computer geek in high school, and he's turned that knowledge into a lucrative business - one that allows him to continue to run the convenience store in town, which he loves. He's content, selling picnic supplies and bait to the fishermen and campers. But there's a hole in his heart, and the only person who can fill it is Dee Hooper. Then one hot summer day she appears, and he's determined not to let her hurt him or get away again. With Dee and Jack battling past hurts and fears, they try to reclaim their lifelong friendship and trust again, each secretly hoping they'll be more than just friends this time around.

[Patterns for Guernseys, Jerseys, and Arans: Fishermen's Sweaters from the British Isles, Gladys Thompson](#) , 1971, 0486227030, 9780486227030. This book is a revised edition of 'Guernsey and Jersey Patterns' published in 1955, omitting some of the knitting history and stories, but giving more patterns, and including several new items which have been discovered since the first book was written. These include full directions for knitting a Channel Islands guernsey. Also one from Fife in anchor pattern, and full directions for making two sets of sweaters and cardigans adapted for ladies' wear . . . they are knitted in Filey and Seahouses designs. Earlier Filey patterns dating from 1822 have been included, also a Sheringham and two Norfolk guernseys. - from the preface

[Introducing Ethics: For Here and Now, James P. Sterba](#) , 2012, 020522668X, 9780205226689. Students learn how traditional ethical theories can be applied to practical problems . Introducing Ethics is a brief text that encourages students to determine how the common wisdom of traditional ethical theories can be applied to practical problems such as the distribution of income and wealth, torture, terrorism, and gay and lesbian rights. The text begins by challenging students to think about whether or not ethics is useful for making choices. It poses three questions: 1) Is morality determined by religion rather than reason? 2) Is everything relative? 3) Is it better to be an egoist? Then, after laying out Utilitarian ethics, Kantian ethics, and Aristotelian ethics, the author poses an additional three challenges focused on the traditional conceptions of ethics: the environmental challenge, the feminist challenge, and the multicultural challenge. Learning Goals Upon completing this book readers will be able to: Answer the question: Do I make ethical or moral choices well? Determine their own responses to ethical challenges Note: MySearchLab does not come automatically packaged with this text. [Boosey & Hawkes, the publishing story, Helen Wallace](#) , 2007, 0851625142, 9780851625140. A rare inside look at the evolution of the world's leading classical publisher and how it works with composers to shape music history. Rather than wage a price war, Leslie Boosey and Ralph Hawkes decided to merge their rival businesses in 1930. Signing Bartok and Strauss and investing in talented young composers like Britten and Copland, the company fully came of age with the acquisition of masterpieces by Stravinsky, Rachmaninoff, and Prokofiev. The 1980s saw a new flowering, with impressive signings in America and Europe, but not without internal struggles. Distinguished journalist and broadcaster Helen Wallace vividly charts the company's progress through boom years and unexpected financial threats, and reveals how artistic foresight has been balanced with commercial reality. "A surprisingly gripping narrative. For those who wonder what really goes on in music publishing, it offers a fascinating read." - BBC Music Magazine

[Christmas Ornaments, Carolyn Vosburg-Hall](#) , 2011, 1440220069, 9781440220067. Christmas is a festive time of the year, and one fun way to celebrate is to decorate! Author Carolyn Vosburg Hall presents 25 projects for beautiful and

decorative ornaments to adorn Christmas trees and the home for the holiday season. Each project includes detailed, step-by-step instructions, as well as colorful photographs. The ornaments can be made using common craft supplies such as polymer clay, paper, embroidery floss, beads, and glue, and are suitable for all skill levels. 25 unique and decorative ideas for Christmas ornaments Detailed, step-by-step instructions Suitable for all skill levels

[Supramolecular Chemistry Ocp, ISSN 1367-109X, Paul D. Beer, Philip A. Gale, David K. Smith](#) , 1999, 0198504470, 9780198504474. This new text forms part of the on-going 'Primer Series' and as such provides a concise and fully illustrated introduction to the exciting field of Supramolecular Chemistry, which deals with interactions between molecules, and has become one of the fundamental areas of chemical research. This interdisciplinary research area plays an increasingly important role for a number of reasons, ranging from the design of extraction agents for environmentally toxic species to the development of new pharmaceuticals. The book is structured in a logical manner which forms an ideal basis for a short lecture course suitable for advanced undergraduate or graduate students. Firstly, the general approach to supramolecular chemistry is discussed followed by the specific methods used to bind cationic, anionic and neutral guests. The discussion is then broadened to encompass the use of these methods to assemble remarkable, eye-catching architectures, and finally, the current and future applications of supramolecular chemistry are outlined. At the end of each chapter is a carefully selected list of leading references, and thus the book provides an ideal start for the initiate student.

[The Mill on the Floss, George Eliot](#) , 2008, 0199536767, 9780199536764. `But it's bad - it's bad,' Mr Tulliver added - `a woman's no business wi' being so clever; it'll turn to trouble, I doubt.' Rebellious and affectionate, Maggie Tulliver is

always in trouble. Recalling her own experiences as a girl, George Eliot describes Maggie's turbulent childhood with a sympathetic engagement that makes the early chapters of *The Mill on the Floss* among the most immediately attractive she ever wrote. As Maggie Tulliver approaches adulthood, her spirited temperament brings her into conflict with her family, her community, and her much-loved brother Tom. Still more painfully, she finds her own nature divided between the claims of moral responsibility and her passionate hunger for self-fulfilment. George Eliot's searching exploration of Maggie's complex dilemma has made this one of the most enduringly popular of her works. This edition offers the definitive Clarendon text with a new introduction that gives an account of the book's place in Eliot's life and the intellectual context of the time, as well as providing close textual analysis. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

[Cultural Strategy: Using Innovative Ideologies to Build Breakthrough Brands, Douglas Holt, Douglas Cameron](#) , 2010, 019161520X, 9780191615207. Market innovation has long been dominated by the worldview of engineers and economists: build a better mousetrap and the world will take notice. But there's another important way to build new businesses: with innovative ideologies rather than innovative mousetraps. Consider Coca-Cola, Nike, Jack Daniel's, Marlboro, Starbucks, Corona, Oprah, The Body Shop: all built with innovative ideologies. Further many "better mousetraps" are much more compelling to consumers when bundled with innovative ideologies; consider BMW, Apple, and Whole Foods. *Cultural Strategy* provides a step-by-step guide for managers and entrepreneurs to build businesses in this simple but effective way. Holt and Cameron analyse a series of classic cases that relied on these bold, innovative strategies: Nike, Marlboro, Starbucks, Jack Daniels, vitaminwater, and Ben & Jerry's. They then demonstrate how the theory works as an actionable strategy model, drawing upon their consulting work. They show how cultural strategy takes start-up brands into the mass market (Fat Tire beer), overcomes "better mousetraps" wars in a technology driven category (ClearBlue pregnancy test), effectively challenges a seemingly insurmountable incumbent (FUSE music channel vs MTV), and develops a social innovation (The Freelancers Union). Holt and Cameron also describe the best organizational model for pursuing this approach, which they term "the cultural studio". The book demonstrates that the top consumer marketing companies are consistently poor at this type of innovation because they rely on an antithetic organization structure, what the authors term "the brand bureaucracy". To succeed at cultural innovation requires not only a very different approach to strategy, but a new way of organizing as well.

Mr. Good D. is what she calls him. He haunts her dreams nightly, and now he is haunting her on her wedding day. When Renee assumes her good friend Ro-Ro is sleeping with her husband, she may make her dreams become her reality. Janay is an Opportunist that would play anybody to get what she wants. Marriage is the last thing on her to - do list. However, when she discovers her main contributor, Derek is cheating on her with a stripper named Candylicious, the game turns into the winner takes all. Stan has played many women in his life. Now, that he is saved and ready to settle down. He realizes he must pay for all the hearts he has played, when he meets Imani Cole, a wealthy executive that has a fear of falling in love.

[To the Little Girl who Loved to Dance, Anica Walston](#) , 2011, . "To the Little Girl who Loved to Dance", is a book of poems and inspirational prayers. Each poem was written to enlighten individuals on their growth and struggles while finding their true purpose in life. This book is intended to inspire those who at one time or another are faced with trials, which seem unbearable. This book was written to motivate a person's spirit even in circumstances, which seem to have no resolution. While also remembering who holds the key to the balance of your life. Being able to focus on God sometimes is difficult because as humans we want instant gratification and answers. Being attentive to his word allows us to know that we must be patient, and have faith, while understanding that God will never leave you or forsake you. Sometimes it can be challenging to embrace that God is always doing his perfect work and makes no mistake. It is about faith and being able to talk to God with an open and pure heart, while also trusting that he hears all and is all knowing. This book is offered in full color and black and white.

[A Thousand Rooms of Dream and Fear, Atiq Rahimi](#) , 2006, 1590513614, 9781590513613. Farhad is a typical student, twenty-one years old, interested in wine, women, and poetry, and negligent of the religious conservatism of his grandfather. But he lives in Kabul in 1979, and the early days of the pro-Soviet coup are about to change his life forever. One night Farhad goes out drinking with a friend who is about to flee to Pakistan, and is brutally abused by a group of soldiers. A few hours later he slowly regains consciousness in an unfamiliar house, beaten and confused, and thinks at first that he is dead. A strange and beautiful woman has dragged him into her home for safekeeping, and slowly Farhad begins to feel a forbidden love for her--a love that embodies an angry compassion for the suffering of Afghanistan's women. As his mind sifts through its memories, fears, and hallucinations, and the outlines of reality start to harden, he realizes that, if he is to escape the soldiers who wish to finish the job they started, he must leave everything he loves behind and find a way to get to Pakistan. Rahimi uses his tight, spare prose to send the reader deep into the fractured mind and emotions of a country caught between religion and the political machinations of the world's superpowers.

[The Dying Animal, Philip Roth](#) , 2002, 0099436892, 9780099436898. [The Ethics of Business in a Global Economy, ISSN 0925-6733, P.M. Minus, M. Cherif Bassiouni](#) , 1993, 0792393341, 9780792393344. Paul M. Minus Overview The papers gathered in this volume were first presented for reflection and discussion at a landmark event in March 1992. The International Conference on the Ethics of Business in a Global Economy, held in Columbus, Ohio, brought together over 300 participants from twenty-two nations in six continents. This was the most geographically diverse body of leaders ever assembled to consider issues of ethics in business. Approximately two-thirds of them were business executives; the others came mainly from the fields of education and religion. Knowing the context from which this book emerged will help readers understand its composition and content. As can be quickly seen, the fourteen authors who have contributed to it come from different areas of the world and from different fields of endeavor. One finds, first, essays on the book's central theme by business leaders from four nations. Next there are analyses of three key topics by scholars active in the fields of economics and ethics. Then come statements by practitioners of four major world religions on the relevance of their respective traditions to the ethics of business. Finally there are six brief case studies prepared by two business ethicists about specific ethical issues arising in international business. The authors address different facets of one of the most dramatic new facts of our time: the globalization of business. With many corporations now operating around the world and others planning a significant expansion of markets, this development is destined to accelerate in coming decades.

[Hawaiian Birthrights, Aran Alton Ardaiz](#) , 2009, 0615297331, 9780615297330. A revelation of Hawaiian National birth rights and Hawaiian National "inalienable" rights as protected by the "common-law" of their own lawful Constitution as a sovereign Nation, under God. Reveals how the U.S. Government unlawfully changes children's birth names to convert them to a second-class U.S.citizenship in violation of International law. The distinguishing feature as to identity difference is the way the birth name is modified into a fiction name of the federal jurisdiction to take away inalienable rights guaranteed by natural birth to Hawaiian National soil.

[Collected Sex, Rob McLennan, Barry McKinnon](#) , 2010, 0978160185, 9780978160180. Excerpt from Introduction, by Barry McKinnon: If sex is the subject, where begin? What occasion within the subject's range prompts a poet to write? This may be what the literary snoop wants to know but need not know. The poem becomes evidence of its own detail / energy and in some instances, evidence of the poet's struggle and inability to get to "it." Sex at 31 was written, if I can remember, in about a week. But I can't forget the intensity of the emotional mess I was in: fear, guilt, threat of loss - the sexual heat of jealousy. It wasn't a game. It wasn't a subject. It wasn't "writing." But I knew my life depended on its articulation in poetry. Sex at 31 was about as close as I could hope to get.

[The Fabric of Cultures: Fashion, Identity, and Globalization, Eugenia Paulicelli, Hazel Clark](#) , 2008, 0203869028, 9780203869024. Fashion is both public and private, material and symbolic, always caught within the lived experience and providing an incredible tool to study culture and history. The Fabric of Cultures examines the impact of fashion as a manufacturing industry and as a culture industry that shapes the identities of nations and cities in a cross-cultural perspective, within a global framework. The collected essays investigate local and global economies, cultures and identities and the book offers for the first time, a wide spectrum of case studies which focus on a diversity of geographical spaces and places, from global capitals of fashion such as New York, to countries less known or identifiable for fashion such as contemporary Greece and soviet Russia. Highly illustrated and including essays from all over the world, The Fabric of Cultures provides a comprehensive survey of the latest interdisciplinary scholarship on fashion,

work, and more. Entertaining tidbits and smart advice fill up colorful sidebars in every chapter, which the editors call "It's a Fact," "Smart Tip," "Notable & Quotable," and "Did You Know?" Real-life heroes and rescue stories are retold in full-page features called "Pop Pups" and "True Tails." Recipes, training, and care tips are highlighted in the "Try This" feature pages. The Smart Owner's Guide series is the only series that offers readers an online component in which dog owners can join a breed-specific online club hosted by dogchannel.com. At Club Dachsie, owners of the breed can find forums, blogs, and profiles to connect with other breed owners, as well as charts and checklists that can be downloaded. More than just 20,000 pages of solid information, there's a host of fun to be had at the club in the form of downloadable breed-specific e-cards, screensavers, games, and quizzes. The Resources section of the book includes contact information for breed-related organizations and rescues, as well as practical guidance on traveling with dogs, identification, and locating qualified professionals to assist the dog owner, such as pet sitters, trainers, and boarding facilities. This information-packed Smart Owner's Guide is fully indexed.

[Jeet Kune Do Unlimited: A Jeet Kune Do Concepts Guidebook, Burton Richardson](#) , 1998, 0865681678, 9780865681675.

One of the ideas of Bruce Lee's jeet kune do concept is to look beyond the individual styles of martial arts to grasp the concepts that bind all martial systems. In this book, Burton Richardson, one of the foremost authorities on Bruce Lee's art and concept, breaks down these concepts so that martial artists of all disciplines can better understand this holistic approach to training. Illustrated with hundreds of photographs, the book features pictorial demonstrations of how these concepts can be applied in self-defense. This is not a book about a particular system, but about how the individual martial artist can practice more efficiently and with greater understanding.

[The Myth of Progress: Toward a Sustainable Future, Tom Wessels](#) , 2013, 1611684161, 9781611684162. In this compelling and cogently argued book, Tom Wessels demonstrates how our current path toward progress, based on continual economic expansion and inefficient use of resources, runs absolutely contrary to three foundational scientific laws that govern all complex natural systems. It is a myth, he contends, that progress depends on a growing economy. Wessels explains his theory with his three laws of sustainability: (1) the law of limits to growth, (2) the second law of thermodynamics, which exposes the dangers of increased energy consumption, and (3) the law of self-organization, which results in the marvelous diversity of such highly evolved systems as the human body and complex ecosystems. These laws, scientifically proven to sustain life in its myriad forms, have been cast aside since the eighteenth century, first by Western economists, political pragmatists, and governments attracted by the idea of unlimited growth, and more recently by a global economy dominated by large corporations, in which consolidation and oversimplification create large-scale inefficiencies in both material and energy usage. Wessels makes scientific theory readily accessible by offering examples of how the laws of sustainability function in the complex systems we can observe in the natural world around us. He shows how systems such as forests can be templates for developing sustainable economic practices that will allow

true progress. Demonstrating that all environmental problems have their source in a disregard for the laws of sustainability that is based on the myth of progress, he concludes with an impassioned argument for cultural change.

[Little Princes: One Man's Promise to Bring Home the Lost Children of Nepal, Conor Grennan](#) , 2011, 0062042432, 9780062042439. One Person Can Make a Difference In search of adventure, twenty-nine-year-old Conor Grennan traded his day job for a year-long trip around the globe, a journey that began with a three-month stint volunteering at the Little Princes Childrens Home, an orphanage in war-torn Nepal. Conor was initially reluctant to volunteer, unsure whether he had the proper skill, or enough passion, to get involved in a developing country in the middle of a civil war. But he was soon overcome by the herd of rambunctious, resilient children who would challenge and reward him in a way that he had never imagined. When Conor learned the unthinkable truth about their situation, he was stunned: The children were not orphans at all. Child traffickers were promising families in remote villages to protect their children from the civil war for a huge fee by taking them to safety. They would then abandon the children far from home, in the chaos of Nepals capital, Kathmandu. For Conor, what began as a footloose adventure becomes a commitment to reunite the children he had grown to love with their families, but this would be no small task. He would risk his life on a journey through the legendary mountains of Nepal, facing the dangers of a bloody civil war and a debilitating injury. Waiting for Conor back in Kathmandu, and hopeful he would make it out before being trapped in by snow, was the woman who would eventually become his wife and share his lifes work. Little Princes is a true story of families and children, and what one person is capable of when faced with seemingly insurmountable odds. At turns tragic, joyful, and hilarious, Little Princes is a testament to the power of faith and the ability of love to carry us beyond our wildest expectations.

[Interactive Science: Life science, Don Buckley](#) , 2012, . Science curriculum for the middle grades featuring a text that students can write in.

[The Summer After the Funeral, Jane Gardam](#) , 1973, 0140315004, 9780140315004. Following her father's death, a sixteen-year-old English girl spends an unsettling summer convinced that she has lived before as Emily Bronte.

[Freud and His Followers, Paul Roazen](#) , 1992, 0306804727, 9780306804724. Paul Roazen's study of Sigmund Freud and his complex relationships with the men and women who formed his circle is widely recognized as the best portrait of Freud and his world, and it focuses as much on the human dramas involved as on the ideas the participants developed. Here, around the master, are the disciples Alfred Adler, Wilhelm Stekel, Carl Jung, and Otto Rank, who broke away to found their own movements; the loyalists such as Karl Abraham and Sandor Ferenczi; the great woman therapists, including Helene Deutsch, Melanie Klein, and Anna Freud; as well as such younger students as Wilhelm Reich, Erik Erikson, and Erich Fromm. Roazen draws on several hundred interviews with more than 70 people who knew Freud, as well as the unreleased papers of his authorized biographer, Ernest Jones.

[The Private Eye: \(5X\) Looking/thinking by Analogy, , Kerry Ruef](#) , 1992, 0960543414, 9780960543410. Refocus the lens on your students' learning methods. This book will help them think their way through research problems by looking closely, building analogies, and changing scales. provides an ideal thinking-skills curriculum and superb motivational tools for the classroom using everyday materials for study. Further extend the activities with a Private Eye Loupe.

[Fly RC Tips, Tricks, and Techniques: Simple Solutions from Master Modelers,](#) , 2008, 0981799515, 9780981799513. This volume of expert advice from the pros at Fly RC magazine is a must-have reference for both the workshop and the flying field. Master modelers share their secrets for success with gas, glow and electric-powered aircraft and save you time and money with a wealth of tips for building, repairing, storing, transporting and piloting your airplane like a pro! Learn how simple improvements in your control system installation can improve the way your model flies. Find out more about airplane construction and incorporate our experts' tips into your next building project or your first! Get the word on setting up, breaking in and maintaining engines and fuel systems. Learn how to get the most out of your electric flight system. Whatever your level of experience or area of interest, our experts will help you increase your skills and have more fun with radio control flight.

[Daily Confessions: The Power of God's Word in Your Life, Irene Williams](#) , 2012, 146857552X, 9781468575521. This book is not like any other. This book contains confessions that one can speak into their life on a daily basis. We must speak the Word of God into our lives if we are to see results. God spoke the world into existence. As his offspring we too have the ability to speak into our lives and shape our futures. Will you speak blessings or cursing? Don't know how to speak blessings into your life? This book contains confessions that will cause blessings to come into your life. Enjoy as you speak your future into existence.

[Making sense: a student's guide to research and writing : engineering and the technical sciences, Margot Northey, Judi Jewinski](#) , 2004, 0195416937, 9780195416930. This is a general writing, research and style guide for students of engineering and the technical sciences. In addition to outlining the general principles of readability, grammar and usage, it focus specifically on the concerns of engineering students such as writing abstracts, reports and proposals; presenting data in reports; and working in collaboration with other students or colleagues. Like the other books in the series this edition offers coverage of writing in exams, writing CVs and letters of application and using the internet as a resource. The book is small enough to be accessible yet comprehensive enough to be useful.
