

[Classical Music why Bother?: Hearing the World of Contemporary Culture Through a Composer's Ears, Joshua Fineberg](#) , 2006, 041597173X, 9780415971737. The famous quip "I don't know much about art, but I know what I like" sums up many people's ideas about how to judge a work of art; but there are inherent limitations if we rely on immediate impressions in judging what should be enduring products of our culture. While some might criticize this as a return to "elitism," Joshua Fineberg argues that without some way of determining intrinsic value, there can be no movement forward for creators or their audience. He draws on contemporary thought about "Design space" and "Universal Grammar" to show how intrinsic values can be rediscovered. He then looks at the importance of multimedia in allowing multiple points of entry for the discovering of new works, finally showing how the composer can "Design music for human beings"--creating a kind of art that can preserve the research agenda of conceptual work without renouncing the understanding of human listeners and performers embodied by craft. *Classical Music: Why Bother?* will intrigue all listeners of contemporary music, students of musical thought, and composers-but it will also interest students of contemporary aesthetics. It answers the age-old question "How can we bring a new audience to contemporary art?" - and challenges both the creators and their audience to broaden their ideas about what is valuable and lasting in today's culture.

[How Equal Temperament Ruined Harmony \(and Why You Should Care\), Ross W. Duffin](#) , 2008, 0393075648, 9780393075649. "A fascinating and genuinely accessible guide....Educating, enjoyable, and delightfully unscary." *Classical Music* "What if Bach and Mozart heard richer, more dramatic chords than we hear in music today? What sonorities and moods have we lost in playing music in "equal temperament"the equal division of the octave into twelve notes that has become our standard tuning method? Thanks to *How Equal Temperament Ruined Harmony*, "we may soon be able to hear for ourselves what Beethoven really meant when he called B minor 'black'" (Wall Street Journal). In this "comprehensive plea for more variety in tuning methods" (Kirkus Reviews), Ross W. Duffin presents "a serious and well-argued case" (Goldberg Magazine) that "should make any contemporary musician think differently about tuning" (Saturday Guardian). Some images in the ebook are not displayed owing to permissions issues.

[Two and one: printmaking in Germany, 1945-1990, Reinhold Heller](#) , 2003, 0974489808, 9780974489803. This bilingual English-German catalog is published in conjunction with the exhibition Two and One: Printmaking in Germany 1945-1990 (Davis Museum and Cultural Center, Wellesley College, October 9, 2003-January 18, 2004). Organized by the Davis Museum and Cultural Center, Wellesley College, MA, and curated by twentieth-century print expert Reinhold Heller, Professor of Art History and of Germanic Studies, University of Chicago, this exhibition will travel to the German University Art Museum, Kunsthalle zu Kiel, Christian-Albrechts-Universitaet in Kiel, Germany (April 30-June 27, 2004). This exhibition presents a rare overview of postwar German printmaking, bringing together 180 single prints and portfolios by 80 artists from East and West Germany.

[A Journal of the Disasters in Afghanistan: A Firsthand Account by One of the Few Survivors, Florentia Wynch Sale, Lady](#) , 2002, 0972042822, 9780972042826. The first move in what would later be called 'The Great Game'-the strategic maneuvering between the Russian and British Empires on the North West frontier of India-was the occupation of Kabul (then Cabul) in 1839 by a military expedition from India. This was also the first Western presence in Afghanistan other than one or two journeys by individual travellers. The purpose was to install a client ruler. Initially all went well, and the expedition's achievements were celebrated as a great success and proof of a wise strategy. But progressively the apparent stability began to unravel, leading in turn to assassinations, wholesale insurrection, and a catastrophic withdrawal.

[From Enlightenment to Romanticism: Anthology II, , Ian Donnachie, Carmen Lavin](#) , 2004, 0719066735, 9780719066733. This is the second of two anthologies designed to form an interdisciplinary exploration of the changes and transitions in European culture between 1780 and 1830. The collection of extracts in this anthology provide primary and secondary sources on industry and changing landscapes, new forms of knowledge, new conceptions of art and the artist, and the exotic and the Oriental. Each selection is accompanied by a detailed introduction explaining the context and significance of the sources. Extracts in the anthology stimulate questions rather than providing reassuring answers, but provide vital insights to the major events, movements, and personalities of the time. This volume provides an invaluable resource for all students of European culture in the period. A companion volume offers readings on the death of the Old Regime, the Napoleonic phenomenon, and slavery, religion and reform.

[The First Teddy Bear, Helen Kay](#) , 2005, 0880451548, 9780880451543. For ages 4-8. This is the quintessential book about the teddy bear, telling the story of the beginnings of the huggable stuffed animal loved all over the world by

children and grown ups alike. It is a wonderful story because it celebrates not one but four fathers, as well as a life-saving deed that warmed the heart and inspired the head of the sweet shop man who actually made the first teddy bear. The author relates charmingly how each of the four became a father of Teddy and all because a powerful president spared the life of one little bear, and another man celebrated the life-sparing act with a toy bear whose descendants have inspired love around the world ever since. This is a new, larger size edition of this much-loved classic.

[Implicit cognition, Geoffrey D. M. Underwood](#) , 1996, 0198523114, 9780198523116. "Implicit cognition" refers to the learning, memory, and performance processes which take place without the subject's conscious awareness. A well known example is patients under anesthesia who show some retention of the surgeons' conversations though they cannot verbally recall it. Yet researchers disagree widely over the importance, and even the existence, of implicit cognition as an issue in human psychology. This book brings together several internationally known authors with conflicting views on the subject, providing a lively and informative overview of this fascinating area.

[Women's Works: 1625-1650, Donald W. Foster, Tobian Banton](#) , 2013, 0988282097, 9780988282094. No single library on the planet can stand besides this unique collection of writings by and about extraordinary women of the British Isles. WOMEN'S WORKS, Volume 1, gathers the best in women's literature from the Celts and Anglo Saxons through the six wives of Henry VIII; with astonishing glimpses into the private lives of queens, midwives, heretics and nuns. Volume 2 covers the reigns of queens Jane (9 days), Mary, and Elizabeth I, with selections from wits, witches, and lovers. Volume 3 provides a rich assembly of women poets, playwrights, and proto-feminists of the Jacobean period. And Volume 4 presents a gallery of female poets, lovers, rebels, and wits of the Caroline and Civil War eras. Twenty-five years in the making, WOMEN'S WORKS sets forth a thousand years of women's history, from women's point of view, much of its content supplied by previously unpublished manuscripts (in modern spelling) and a lively commentary throughout, by leading scholars who actually know how to write. (Review) Illustrated. 8x10 440 pp.

[Punishment and Democracy : Three Strikes and You're Out in California: Three Strikes and You're Out in California, Berkeley Franklin E. Zimring William G. Simon Professor of Law and Director of the Earl Warren Legal Institute University of California, Gordon Hawkins Former Director of the Institute of Criminology at University of Sydney, Sam Kamin Assistant Professor of Law University of Denver](#) , 2001, 0195350375, 9780195350371. "Getting tough on crime" has been one of the favorite rallying cries of American politicians in the last two decades, and "getting tough" on repeat offenders has been particularly popular. "Three strikes and you're out" laws, which effectively impose a 25-years-to-life sentence at the moment of a third felony conviction, have been passed in 26 states. California's version of the "three strikes" law, enacted in 1994, was broader and more severe than measures considered or passed in any other state. Punishment and Democracy is the first examination of the actual impact this law has had. Franklin Zimring, Sam Kamin, and Gordon Hawkins look at the origins of the law in California, compare it to other crackdown laws, and analyze the

data collected on crime rates in Los Angeles, San Diego, and San Francisco in the year before and the two years after the law went into effect. They show that the "three strikes" law was a significant development in criminal justice policy making, not only at the state level, but also at the national level. They conclude with an examination of the trend toward populist initiatives driving penal policy. The importance of the subject and the stature of the authors make this book required reading for policy analysts, criminal justice scholars, elected officials, and indeed any American seeking to know more about "get-tough" criminal sentencing.

[Embattled Dreams: California in War and Peace, 1940-1950, Kevin Starr](#) , 2002, 019992368X, 9780199923687. A narrative tour de force that combines wide-ranging scholarship with captivating prose, Kevin Starr's acclaimed multi-volume Americans and the California Dream is an unparalleled work of cultural history. Now, in Embattled Dreams, the sixth volume in this monumental work, Starr looks at 1940s California, the war years and their aftermath. California in the years surrounding World War II was a time of sweeping change, drama and intrigue, heroism and tragedy, a decade that saw the emergence of a new, more powerful role for California in the nation. Starr captures this exciting era with his unique vision and masterful prose. He describes the vast expansion of the war industry and California's role as "arsenal of democracy" (especially the significant part women played in the aviation industry). He examines the politics of the state:

Earl Warren as the dominant political figure, the anti-communist movement and "red baiting," and the early career of Richard Nixon. He also looks at culture, ranging from Hollywood, to the counterculture with Henry Miller at Big Sur, to film noir and the fiction of Raymond Chandler. And he illuminates the harassment of Japanese immigrants and the shameful treatment of other minorities, especially Hispanics and blacks. Philadelphia Inquirer hailed Starr as "the foremost chronicler of that often fabulous region, imposing upon the dramatic elements of California history a novelist's imagination and a cosmopolitan and sophisticated intelligence." In *Embattled Dreams*, Starr provides an unforgettable portrait of California, a spell-binding account of the state as it transformed itself from a regional power to the dominant economic, social, and cultural force in the nation.

Winner of the 2012 Man Booker Prize Winner of the 2012 Costa Book of the Year Award The sequel to Hilary Mantel's 2009 Man Booker Prize winner and New York Times bestseller, *Wolf Hall* delves into the heart of Tudor history with the downfall of Anne Boleyn. Though he battled for seven years to marry her, Henry is disenchanted with Anne Boleyn. She has failed to give him a son and her sharp intelligence and audacious will alienate his old friends and the noble families of England. When the discarded Katherine dies in exile from the court, Anne stands starkly exposed, the focus of gossip and malice. At a word from Henry, Thomas Cromwell is ready to bring her down. Over three terrifying weeks, Anne is ensnared in a web of conspiracy, while the demure Jane Seymour stands waiting her turn for the poisoned wedding ring. But Anne and her powerful family will not yield without a ferocious struggle. Hilary Mantel's *Bring Up the Bodies* follows the dramatic trial of the queen and her suitors for adultery and treason. To defeat the Boleyns, Cromwell must ally with his natural enemies, the papist aristocracy. What price will he pay for Anne's head? *Bring Up the Bodies* is one of The New York Times' 10 Best Books of 2012, one of Publishers Weekly's Top 10 Best Books of 2012 and one of The Washington Post's 10 Best Books of 2012

[Celtic Age: The Little People: A D20 Guide To Celtic Fairies](#) , 2002, 1932091068, 9781932091069. Between the gods and mortal heroes lies another group of beings, whose legend remains an intricate part of the Celtic tradition: fairies. Sometimes helpful, sometimes harmful, the Little People were both feared and revered for their magical powers and winsome ways. This first sourcebook for CELTIC AGE explores their histories, origins, and culture. Not a book that simply rehashes old tropes or someone's "bold, new vision for an old legend," THE LITTLE PEOPLE presents fairies as they were seen by the people who believed in them. With illustrations of the differences between the beliefs of each of the Celtic nations, rules for incorporating fairies into your campaign, and stats for many of the more famous and infamous fey, THE LITTLE PEOPLE is the definitive game book for historically accurate fairies.

[Watching Oksana: And Other Stories, Emily Meier](#) , 2011, 0983898308, 9780983898306. The short story collection *Watching Oksana and Other Stories* features disparate voices, most of them speaking from the late 20th century. The opening group of stories, "What You Do for Love," is linked thematically, all of its protagonists in uniquely intense yet familiar parent/child relationships. "American Snapshot, 1993," is a stand-alone story in a more experimental vein that takes an oblique look at race. The four stories in the "Laura" section that follows feature the same character at different points in her life, the last story Laura's dreamlike experience of the death of her mother. The collection's final story is "Swimming," whose main character's desperate wish for a child leaves her emotionally numbed at the loss of her husband.

[2013 U. S. Rx Company Planning Overview: Industry Trends To 2020, Edmund Valentine](#) , 2012, . Pharmaceuticals is an industry undergoing redefinition and revitalization. Five technologies and a myriad of innovations are converging to enable the creation and development of new and/or improved products. Legislation is fostering innovations and is speeding industry change. Changes in one healthcare industry sector affect the other interrelated healthcare stakeholders. The 2012 to 2020 period will be typified by healthcare industry discontinuities, innovation and change. What worked in the past will not work in the future. Pharmaceutical industry norms in 2020 will be radically different than they were at the end of 2011. The "2013 U.S. Rx Company Planning Overview" provides insights into how the transformation of the respective United States healthcare industry stakeholders will redefine how drugs are identified, developed, reimbursed, launched, marketed, prescribed, dispensed, and taken by patients. The report is designed to assist managers in the preparation of their annual long-term strategic and marketing plans. The "2013 U.S. Rx Company Planning Overview" is designed to: 1) prompt senior management to question internal assumptions and corporate strategies in order to fight "Group Think" and refine or develop strategies to better position the company to capitalize on industry change, 2) challenge the thinking of product development and marketing teams/staffs, and 3) orient individuals new to the industry. Strategically managed companies anticipate and capitalize on industry change, innovate and prosper; the majority of companies are destined to be broken up, acquired, merged or driven out of business.

[The Worst Day of My Life, So Far: My Mother, Alzheimer's and Me : a Novel, M. A. Harper](#) , 2002, 0156007185, 9780156007184. In *The Worst Day of My Life, So Far*, acclaimed novelist M. A. Harper takes us into the complex mind of Jeanne Roth, a middle-aged woman forced to return to a home state she'd rather forget. An unlikely caretaker, Jeanne must come to terms with a past filled with the shadows of her mother--a once vibrant femme fatale now suffering from Alzheimer's. As she watches her mother's grace and charm slowly slip away, Jeanne is forced to reflect on her own goals and find a new hero to look up to. An expert at analyzing others while neglecting her own troubles, Jeanne is suddenly squaring off directly with the one person she has tried to avoid: herself. With witty and acerbic prose, Harper tells the poignant, yet hilarious, story of one woman's journey toward self-discovery and confidence. Through the ups and downs

of Jeanne, we gradually learn how important it is to confront the thoughts and worries that plague our own lives. A timely legend that shows there are no dead ends in life--only long roads--The Worst Day of My Life, So Far will make you laugh and cry and want more.

[Invasion of Glory, Mark Brazee , 2010, 0984067353, 9780984067350.](#) With every news headline, the world spirals more out of control. We're living in uncertain times with dark clouds swirling and looming over governments, financial systems and cultures. Even the earth is reacting violently with earthquakes, tsunamis and other natural disasters. What does all this mean? Where is the world headed? In this timely book, Mark Brazee shares how God has foretold through the ages that His glory would invade the earth with power and presence to lay out a different course for mankind on the horizon of time. And even now the brightness of God's glory is racing our direction with supernatural signs, wonders and miracles to bring about a happily ever after for every man, woman and child who will follow God. Invasion of Glory will explain: What God's glory is and does How to cooperate with the glory in your life and your church Glorious revivals past and

present God's glory can deliver the miracle you need

[Through the Witch's Window, Caroline MacDonald](#) , 1997, 0140380558, 9780140380552. A mystery story where a group of young friends become convinced an old woman is a witch casting spells on them. The author has written several award-winning novels including 'Lake at the End of the World' and 'Speaking to Miranda'.

[Up On Cloud Nine, Anne Fine](#) , 2010, 1409014983, 9781409014980. How stupid do you have to be to fall out of a top floor window? Or was Stolly trying something else - up on cloud nine, even then? Stolly has always been so alive, so inspiring, taking risks, hiding nothing, notorious for being the school's most imaginative liar (or fantasist, as he calls it). But now he's lying in a hospital bed and Ian, his best friend who's as close as a brother, is watching, waiting and remembering . . . A characteristically funny, moving, life-affirming novel about a most remarkable character and the truly inspirational effect he has on everyone he meets.

[Bound for Glory, Woody Guthrie](#) , 2004, 0141187220, 9780141187228. Chronicling some from the point of view of one of the twentieth century's most influential musicians, Woody Guthrie's Bound for Glory includes an introduction by Joe Klein, author of Primary Colors, in Penguin Modern Classics. 'Now I been here an' I been there,Rambled aroun' most everywhere' Bound for Glory is the funny, cynical and earthy autobiography of Woody Guthrie, the father of modern American folk music. He tells of his childhood running wild in an Oklahoma oil-boom town, the tragedies that struck his family and of life on the open road during the Great Depression - hell-raising and brawling in boxcars, all while singing to raise a dime for his next meal. But above all, this is a song for the America that Woody saw from his lonesome highway, as he travelled from one end of the country to the other with guitar in hand and the songs that made him a legend drifting out over the Dust Bowl. Adapted into an Oscar-winning film starring David Carradine, Bound for Glory is the moving true story of America's greatest folksinger. Woody Guthrie (1912-67), the son of a cowboy, was born in rural Oklahoma. When the Depression arrived, Woody hit the road and travelled round America. He became a folksinger, guitarist, actor, artist and broadcaster, and is best remembered for songs including 'This Land is Your Land', 'Roll On, Columbia, Roll On' and 'Worried Man Blues'. If you enjoyed Bound for Glory, you might like Jack Kerouac's On the Road, also available in Penguin Modern Classics. 'Wild as a train whistle in the mountains, a scrumptious picture of fighting, carousing, singing, laughing migratory across America'The New York Times 'One of the patron saints of American rebelliousness'Joe Klein 'Even readers who never heard Woody or his songs will understand the current esteem in which

he's held after reading just a few pages . . . always shockingly immediate and real, as if Woody was telling it out loud . . .

A book to make novelists and sociologists jealous! The Nation

[Marielitos, Balseros and Other Exiles, Cecilia Rodriguez Milans](#) , 2009, 0981504027, 9780981504025. "Complex and woeful, Milans's rich ensemble act may remind readers of Junot Diaz's *Drown* and Denis Johnson's *Jesus' Son*." Publishers Weekly  
In *Marielitos, Balseros, and Other Exiles*, Cecilia Rodriguez Milans presents an amazing diversity of characters. Here are voices I have never heard before in American Literature. With clarity, tenderness, but unflinching courage, she fills in some of the blank faces that have been left out of our minority mosaic. Here are the lowest of the low, marginalized even by their own, but springing to full, complex, rich, engaging reality. Cecilia Rodriguez Milans creates a big enough imaginative space for their lives and their stories. We are all the richer for having this new storyteller with this first, promising collection join our Latino and American literature circles. Julia Alvarez, author of *How the Garcia Girls Lost Their Accents*, *In the Time of the Butterflies*, *Saving the World* and *Return to Sender*. A panoramic portrait of the Cuban American community, *Marielitos, Balseros and Other Exiles* shares the joys, tragedies, and amazing resiliency of the Cuban immigrants who arrived in this country via the Mariel boat lift of 1980 (marielitos) and the rafters (balseros) who came in the years afterward. The stories in this debut collection reveal the full social, economic and emotional scope of the immigrant experience, from the repression that many of the boat people experienced in Castro's Cuba, the discrimination they encounter upon their arrival in America, and their struggles to build a new life in the United States. Written in an arresting style that marries English with the native Spanish of the characters, *Marielitos, Balseros and Other Exiles* is an important achievement by a new voice in Latino Literature.

[Character in Motion! Real Life Stories Series 5th Grade Teacher's Guide, Dana Aguilera, Patty Hansen, Irene Dunlap, Jeff Keuss, Lia Sloth](#) , 2006, 0976572273, 9780976572275. This teacher's guide contains story-specific lessons for the fifth grade and is centered on nine virtues of character. Within the workbook you will find an interactive lesson for each of the nine virtues of character with questions and activities relating to life lessons found in the supporting stories. This guide correlates with the *Character In Motion! Real Life Stories Series 5th Grade Student Workbook*.

[Body Snatchers, Roz](#) , 2011, 0979861438, 9780979861437. By day, twin brothers David and Jerry lead normal American lives. They've managed to escape their native land Haiti after robbing and brutally murdering the son of the infamous drug lord, Chico. They leave their family behind to chase the American dream. Major and King are the aliases that David and Jerry assume after forming the Body Snatchers. This group of Haitian men is dedicated to a life of crime and nothing is left off the table as they wreak havoc on the streets of New York. The first kidnapping is merely payback, but after realizing how lucrative this new occupation is, the team begins to formulate plans and set their sights on major targets including the son of the multimillionaire Governor of New York. Lead FBI agent, Camper decides to test the lengths of which the Body Snatchers will go, but soon learn that this ruthless team has no boundaries. The Body Snatchers only

allegiance is to each other and as they plot and scheme, building an empire of untouchables. Life is good as they indulge in the lavish life of women, money, sex and drugs. Blinded by their success, they fail to realize that someone from their past is out to get them and will stop at nothing until the Body Snatchers are six feet under.

[Retinal Detachment: Principles and Practice, Daniel A. Brinton, Charles P. Wilkinson](#) , 2009, 019533082X, 9780195330823. Retinal Detachment: Principles and Practice provides a historical review of current information on the diagnosis and treatment of retinal detachment. It is intended as both an introduction for graduate students in ophthalmology and a concise review or reference for practicing ophthalmologists. The volume defines the types of retinal detachments, their classifications and causes, and covers preoperative examination, preoperative management, prophylactic procedures, surgery, complications of surgery, and results of reattachment surgery. It also includes a historical introduction, suggested readings at the end of each chapter, and the classic article 'The Technique of Binocular Indirect Ophthalmoscopy,' by Morten L. Rosenthal.

[The Psychobiology of Gene Expression: Neuroscience and Neurogenesis in Hypnosis and the Healing Arts, Ernest Lawrence Rossi](#) , 2002, 0393703436, 9780393703436. The new neuroscience discoveries about enriching life experiences, neurogenesis, and gene expression are poised to profoundly expand our understanding of psychotherapy and the holistic healing arts. We are just beginning to learn how the brain, the body, and our genes interact in ordinary everyday life to create our lives. Here, acclaimed author and pioneer of new approaches to mindbody communication Ernest Rossi introduces the new science of psychosocial genomics and explores how it will profoundly change our understanding of the pathways of communication among mind, body, and spirit. Integrating modern molecular medicine with traditional holistic healing art and spiritual rites, Rossi documents dramatically new approaches to optimize creativity in psychotherapy and therapeutic hypnosis with both individuals and groups. Part I reviews significant leading-edge neuroscience research on the psychobiology of gene expression and neurogenesis that leads to a new vision of the role of consciousness and creativity in the humanities and the healing arts. Part II explores how to creatively facilitate the psychodynamics of gene expression, neurogenesis, and healing in therapeutic hypnosis, psychotherapy, and human relationships in general. The Psychobiology of Gene Expression illustrates, step-by-step, how to facilitate the natural four-stage creative process on all levels from mind to molecule in our daily work of building a better brain. The book demonstrates how we can use our consciousness and our perception of free will to co-create ourselves in cooperation with nature. Rossi proposes practical approaches to optimize the natural cycles of gene expression in normal consciousness, sleep, dreaming, meditation, and the arts of daily living that are experienced by everyone. A case study spanning two chapters, containing dialog and explanatory commentary, brings the author's work to life and gives readers a deeper appreciation of its clinical application. Rossi's lucid writing style and vivid illustrations inspire this text with a new vision of the creative arts, humanities, and culture in facilitating the optimal development of health, performance, and

consciousness.

[A Complete History of American Comic Books, Shirrel Rhoades](#) , 2008, 1433101076, 9781433101076. This book is an updated history of the American comic book by an industry insider. You'll follow the development of comics from the first appearance of the comic book format in the Platinum Age of the 1930s to the creation of the superhero genre in the Golden Age, to the current period, where comics flourish as graphic novels and blockbuster movies. Along the way you will meet the hustlers, hucksters, hacks, and visionaries who made the American comic book what it is today. It's an exciting journey, filled with mutants, changelings, atomized scientists, gamma-ray accidents, and supernaturally empowered heroes and villains who challenge the imagination and spark the secret identities lurking within us.

[Spy Dog: Brainwashed, Andrew Cope](#) , 2013, 0141344288, 9780141344287. Spy Dog: Brainwashed is the eighth book in the Spy Dog adventures - now a number 1 bestselling series! Perfect for readers of 7+ and young animal fans. Criminals daren't step a paw out of line when Lara, the spy dog, is around. Grrrr.... Lara decides to go to a new gym with Mr and Mrs Cook - she has a bit of a pooch paunch to shift. But she makes a shocking discovery! Harriet Hawk, the evil gym owner, is brainwashing everyone into becoming an army of criminals, robbing banks and raiding jewellers all over the country. But there's an even more dastardly masterplan afoot - to use the hypnotised grownups to kidnap the country's school children! Lara and the pups must stop her and save a brainwashed Mr and Mrs Cook - and unsuspecting Sophie, Ben and Oliie - before it's too late! Praise for SPY DOG: 'An imaginative, creative feast' - Radio Times Andy Cope is the bestselling author of SPY DOG and SPY PUPS the hilarious and rip-roaring adventures of the governments most secret canine agents. SPY DOG was the winner of the Richard and Judy 7+ developing reader category, and the Red House Children's Book Award.

[A Sight for Sore Eyes, Ruth Rendell](#) , 2011, 0307806146, 9780307806147. A Sight for Sore Eyes tells three stories, and for the longest time, the reader has no inkling of how they will come together. The first is a story of a little girl who has been scolded and sent to her room when her mother is brutally murdered; as Francine grows up, she is haunted by the experience, and it is years before she even speaks. Secondly, we become privy to the life of a young man, Teddy, born of unthinking young parents, who grows up almost completely ignored. Free of societal mores, he becomes a sociopath, who eventually discovers that killing can be an effective way to get what he wants. Thirdly, we meet Harriet, who from an early age has learned to use her beauty to make her way in the world. Bored by marriage to a wealthy, much older man, she scans the local newspapers for handymen to perform odd jobs around the house, including services in the bedroom. When these three plots strands finally converge, the result is harrowing and unforgettable. A Sight for Sore Eyes is not just the work of a writer at the peak of her craft. It is an extraordinary story by a writer who, after 45 books, countless awards, and decades of international acclaim, is still getting better with every book. From the Hardcover edition.

[Oxford Student Texts: Marvell: Selected Poems, Andrew Marvell](#) , 2012, 0199129533, 9780199129539. The great seventeenth-century metaphysical poet Andrew Marvell was one of the chief wits and satirists of his time as well as a passionate defender of individual liberty. Today, however, he is known chiefly for his brilliant lyric poems, including "The Garden," "The Definition of Love," "Bermudas," "To His Coy Mistress," and the "Horatian Ode" to Cromwell. Marvell's

work is marked by extraordinary variety, ranging from incomparable lyric explorations of the inner life to satiric poems on the famous men and important issues of his time—one of the most politically volatile epochs in England's history. From the lover's famous admonition, "Had we but World enough, and Time, / This coyness, Lady, were no crime," to the image of the solitary poet "Annihilating all that's made / To a green Thought in a green Shade," Marvell's poetry has earned a permanent place in the canon and in the hearts of poetry lovers.

[Amberleigh Chronicles Prelude, Leslie Dubiel-Stradley](#) , 2009, 0984414606, 9780984414604. Amberleigh Chronicles Prelude is a 12 page introduction to the main characters of the graphic novel, Amberleigh Chronicles. Chronicles is set in a mythic realm where magic is a science and available to all; where money is tight due to economic and social renaissance; and where Elfes, Zwergen, and Thals meet humans on equal basis.

[Career Management, Jeffrey H. Greenhaus, Gerard A. Callanan, Veronica M. Godshalk](#) , 2009, 1412978262, 9781412978262. Career Management, Fourth Edition blends theory, practical recommendations, and case studies to help students develop the necessary skills to manage their own careers or to act as a human resource manager assisting others as they develop their careers. Offering a useful combination of both individual and organizational actions relevant in career management, the authors introduce students to basic concepts underlying theory and then illustrate their practical applications, either with regard to an individuals career or within firms. Now in a twocolor design, the Fourth Edition retains the authors well-established career management model, providing a helpful framework for establishing career goals and for making appropriate career choices. This thoroughly revised edition provides new ways of conceptualizing careers along with an understanding of modern trends in the business world and the broader environment that influence career decision making. Key Features \*NEW\* Chapter-ending cases: Each chapter now ends with a topical real-life case that examines either individual or organizational career management. These scenarios highlight core chapter material and are accompanied by critical thinking questions, making them useful for guiding classroom discussion. Practical pedagogy reinforces the theories and research presented: Updated and streamlined learning exercises allow individuals to practice specific competencies involving career exploration, goal setting, strategy development, and the identification of a preferred work environment. Applied examples throughout the text illustrate key ideas, bringing them to life. Significant new material brings the text up to date: This edition addresses international careers, social capital, mentoring, and entrepreneurship; updated information on different forms of self-assessment (for learning about ones values, interests, talents, personality, and lifestyle preferences); and a new chapter on Career Contexts and Stages.

[Poetic Journey, Tony Gordon](#) , 2013, 0615765513, 9780615765518. Poetic Journey is a collection of poems geared to take you on an emotional ride. The book is motivational, spiritual, and humorous. Whether via classic rhyme, lyric or free verse the poems in this book are powerful with word play. Feel free to embrace your emotional state as you thumb

through the pages. You are free to laugh, smile, and even cry.

[Zayde Comes to Live, Sheri Cooper Sinykin](#) , 2012, 1561456314, 9781561456314. Rachel's grandfather, her zayde, has come to live with her family. Though no one has told her, Rachel knows it is because Zayde is dying, and she worries what will happen to him. Her friends' religions offer her no solace, and although she gets some answers from her Rabbi about where Zayde may go, Rachel still can't imagine her own life without Zayde in it. It is only when she realizes that Zayde will live on in the love and the memories they have shared that she finally begins to find some peace. Author Sheri Sinykin's understated text and illustrator Kristina Swarners beautiful illustrations combine to create a moving story about truth, love, and loss.

[Racing Hummingbirds, Jeanann Verlee](#) , 2010, 0984251553, 9780984251551. Racing Hummingbirds examines, critiques, and at times delights in one woman's navigation through the many worlds of manic depression and her struggle to maintain humanity in the process. Jeanann Verlee's award-winning debut collection is a series of narratives, prayers, and conjurings which address gender, sex, race, poverty, heartbreak, and survival with such stark intimacy, you will find yourself living inside. These poems cannot possibly be about you, yet they are. They cross boundaries and reclaim hope. They are as the opening poem suggests, nothing short of communion.

[Evan's Gallipoli, Kerry Greenwood](#) , 2013, 1743311354, 9781743311356. Fourteen-year-old Evan Warrender travels with his father to the Dardanelles, where they intend to provide succour to the Allied soldiers. When they are captured by the Turks, they are launched into an epic journey, living on their wits and the kindness of strangers as they escape and travel through Turkey, back to Greece and finally home to Australia. Along the way they meet unlikely friends and companions, some of whom have deep secrets. And when Evan's own secret is revealed, we realize just how incredible the journey has truly been. Evan's fascinating survival story takes readers beyond the frontline and creates an all-encompassing account of this significant time in our military history. Impeccably researched, this is an eye-opening adventure story that cleverly explores both sides of the war.

[Mad in America: Bad Science, Bad Medicine, and the Enduring Mistreatment of the Mentally Ill, Robert Whitaker](#) , 2010, 0786723793, 9780786723799. In Mad in America, medical journalist Robert Whitaker reveals an astounding truth: Schizophrenics in the United States currently fare worse than patients in the world's poorest countries, and quite possibly worse than asylum patients did in the early nineteenth century. With a muckraker's passion, Whitaker argues that modern treatments for the severely mentally ill are just old medicine in new bottles, and that we as a society are deeply deluded about their efficacy. Tracing over three centuries of "cures" for madness, Whitaker shows how medical therapies have been used to silence patients and dull their minds. He tells of the eighteenth- and nineteenth-century practices of "spinning" the insane, extracting their teeth, ovaries, and intestines, and submerging patients in freezing water. The "cures" in the 1920s and 1930s were no less barbaric as eugenic attitudes toward the mentally ill led to brain-damaging lobotomies and electroshock therapy. Perhaps Whitaker's most damning revelation, however, is his report of how drug companies in the 1980s and 1990s skewed their studies in an effort to prove the effectiveness of their products. Based on exhaustive research culled from old patient medical records, historical accounts, numerous interviews, and hundreds of government documents, Mad in America raises important questions about our obligations to the mad, what it means to

be "insane," and what we value most about the human mind.

[Girls in White Dresses, Jennifer Close](#) , 2011, 0307700410, 9780307700414. Wickedly hilarious and utterly recognizable, Girls in White Dresses tells the story of three women grappling with heartbreak and career change, family pressure and new love all while suffering through an endless round of weddings and bridal showers. Isabella, Mary, and Lauren feel like everyone they know is getting married. On Sunday after Sunday, at bridal shower after bridal shower, they coo over toasters, collect ribbons and wrapping paper, eat minuscule sandwiches and doll-sized cakes. They wear pastel dresses

and drink champagne by the case, but amid the celebration these women have their own lives to contend with: Isabella is working at a mailing-list company, dizzy with the mixed signals of a boss who claims she's on a diet but has Isabella file all morning if she forgets to bring her a chocolate muffin. Mary thinks she might cry with happiness when she finally meets a nice guy who loves his mother, only to realize he'll never love Mary quite as much. And Lauren, a waitress at a Midtown bar, swears up and down she won't fall for the sleazy bartender's promise that his dirty blond curls and perfect vodka sodas make her hard to keep. With a wry sense of humor, Jennifer Close brings us through those thrilling, bewildering, what-on-earth-am-I-going-to-do-with-my-life years of early adulthood. These are the years when everyone else seems to have a plan, a great job, and an appropriate boyfriend, while Isabella has a blind date with a gay man, Mary has a crush on her boss, and Lauren has a goldfish named Willard. Through boozy family holidays and disastrous ski vacations, relationships lost to politics and relationships found in pet stores, *Girls in White Dresses* pulls us deep inside the circle of these friends, perfectly capturing the wild frustrations and soaring joys of modern life. **BONUS:** This edition includes an excerpt from Jennifer Close's *The Smart One*.
