

[Walter, Ashley Sievwright](#) , 2012, 0987403702, 9780987403704. Walter Kovak - insurance worker, early forties, unhappily married, no children, memorably invisible - is the sole survivor of a devastating suburban train crash. But Walter has no memory of the tragedy. One year on he starts to receive mysterious random warnings from strangers - warnings that could again save his life. And his memory of the fateful day begins to return. Ashley Sievwright lives, works and writes in Melbourne. His first novel, *The Shallow End*, was shortlisted for the Commonwealth Writers' Prize Best First Book in 2009. Reviews of *The Shallow End*: '... an impressively fresh voice in Australian fiction ... *The Shallow End* is a little gem of a novel and deserves to be widely read.' - The Canberra Times 'Both witty and easy to read ... filled with moments of droll sagacity ... evocative prose and cynical humour are Sievwright's strengths ...' - Australian Book Review

[Fourier Descriptors and Their Applications in Biology, Pete E. Lestrel](#) , 2008, 0521055733, 9780521055734. The purpose of this book is to introduce Fourier descriptors as a method for measuring the shape of whole, or parts of, organisms. Fourier descriptors refers to the utilization of Fourier analysis, primarily the Fourier series as a curve fitting technique, that can numerically describe the shape of irregular structures such as are commonly found in living organisms. The quantitative characterization of irregular forms is often the first step toward elucidation of the underlying biological processes, whether they be genetic, evolutionary, or functional. The first five chapters discuss the theory behind the use of Fourier descriptors and the remaining chapters show case studies of how they can be used in various fields of biology such as anatomy, cell biology, medicine and dentistry. This is the first book solely devoted to this subject.

[The economics of women, men, and work, Francine D. Blau, Marianne A. Ferber](#) , 1986, 0132337010, 9780132337014. This book introduces readers to the findings of research on women, men, and work in the labor market and household. The Third Edition has been expanded and updated to reflect recent changes in the labor market and the family. All data have been revised and references have been updated to consider the most recent research on each subject covered.

[Self, No Self?: Perspectives from Analytical, Phenomenological, and Indian Traditions, Mark Siderits, Evan Thompson, Dan Zahavi](#) , 2013, 0199672016, 9780199672011. The nature and reality of self is a subject of increasing prominence among Western philosophers of mind and cognitive scientists. It has also been central to Indian and Tibetan philosophical traditions for over two thousand years. It is time to bring the rich resources of these traditions into the contemporary debate about the nature of self. This volume is the first of its kind. Leading philosophical scholars of the Indian and Tibetan traditions join with leading Western philosophers of mind and phenomenologists to explore issues about consciousness and selfhood from these multiple perspectives. *Self, No Self?* is not a collection of historical or comparative essays. It takes problem-solving and conceptual and phenomenological analysis as central to philosophy. The essays mobilize the argumentative resources of diverse philosophical traditions to address issues about the self in the

context of contemporary philosophy and cognitive science. *Self, No Self?* will be essential reading for philosophers and cognitive scientists interested in the nature of the self and consciousness, and will offer a valuable way into the subject for students.

[I Sit Listening to the Wind: Woman's Encounter Within Herself, Judith Duerk](#) , 2011, 157731994X, 9781577319948.

"How might your life be different?" So begins Judith Duerk s reflective, probing meditation on the loss of time in women s lives, and the need to regain it. The pressures of modern life, with the relentless ticking of the clock, the stress caused by the demand to get more done in less time, the unending struggle to balance needs of family, relationship, and work. But where is the time to pause, to reflect, to care for the inner self? Where is the voice of the ancient Feminine which could provide balance to the frenetic imbalance of constant energy required by modern life? Duerk calls women everywhere to tap into the powers of interiority, to regain the sacred, and to create communities of support, and in the process reimagine and remake the modern world. As she shows, without coming to terms and seeking balance with our masculine side, our feminine side can never reach its full potential. For those seeking balance between the masculine urge to DO and the feminine desire to BE, Duerk's mixture of prose, poetry, and reflective questions creates a model for integration.

[Windows PowerShell Unleashed, Tyson Kopczynski, Pete Handley, Marco Shaw](#) , 2008, 0768687187, 9780768687187.

PowerShell gives Windows administrators immense power to automate and customize virtually any administrative task, saving time, increasing productivity, and giving you unprecedented flexibility. PowerShell 2.0 adds important new features that offer even greater control over Windows environments. Windows PowerShell Unleashed will not only give you deep mastery over PowerShell but also a greater understanding of the features being introduced in PowerShell 2.0 and show you how to use it to solve your challenges in your production environment. The authors begin by systematically illuminating PowerShell's core concepts and techniques, helping you leverage whatever Windows scripting experience you may already have. Next, using complete, easy-to-adapt examples, they show how to use PowerShell to manage file systems, permissions, the Registry, WMI objects, Active Directory, Exchange Server, and many other elements of the Windows environment. More than half of this edition's material and examples have been completely rewritten for PowerShell 2.0, and the authors have added seven entirely new chapters covering security, PowerShell application development, Systems Center Operations Manager 2007, and much more. Whatever Windows systems you manage, Windows PowerShell Unleashed contains the scripts and techniques you need to manage them far more effectively. Install, configure, and customize PowerShell 2.0 and master its command line interface. Discover proven best practices for PowerShell scripting. Make the most of PowerShell cmdlets, especially the new cmdlets included in PowerShell 2.0. Leverage PowerShell's deep .NET Framework integration. Secure your scripts using code signing, execution policies, and PowerShell's built-in security. Use custom script functions to manage permissions more efficiently. Control the registry locally and remotely and use PowerShell's powerful new registry transactions. Use PowerShell as a management interface. Automate Exchange Server 2007 administrative tasks. Automate the management of Microsoft's new System Center Operations Manager 2007. Preview the forthcoming Graphical PowerShell scripting environment. Understand how to manage Active Directory using PowerShell. Master using PowerShell with WMI. Learn PowerShell 2.0 remoting.

[The Earthwise Home Manual: Eco-friendly Interior Decorating and Home Improvement,](#) , 2007, 0976836904, 9780976836902. With the aid of The Earthwise Home Manual, anyone can go "green" when making changes around their home--and save money in the process! Whether getting ready to do some serious spring cleaning, planning a major renovation, or making any changes around the house, a good place to start would be to consult The Earthwise Home Manual. Written in a straightforward, room-by-room, entertaining fashion, the book is packed with useful tips, specific recommendations, and new ideas to make any home not only fresh and attractive, but also safe and eco-friendly. This book also includes handy instructions on selecting paint colors, creating a budget, and drawing a furniture plan. The Earthwise Home Manual is a "must have" for anyone who wants to turn their home into an wonderful eco-friendly jewel!

[Take Five, A Men's Cookbook: A Five Ingredient Cookbook, Debbye Dabbs](#) , 2007, 0964589966, 9780964589964. This newly revised edition offers up a special treat for men who love to cook. It's the perfect cookbook for men 8 to 80 years

of age with only a few ingredients and easy-to-follow instructions.

[Legaliness on Contracts 3d Keyed to Calmari, Jonathon Neville](#) , 2001, .

[The Midnight Kittens, Dodie Smith](#) , 1978, 0099240602, 9780099240600.

[The Iddly Widdly Fiddly Poo!.](#) , 2012, 0980817951, 9780980817959. What is an iddly widdly fiddly poo?How do you get rid of an iddly widdly fiddly poo?Who did do the iddly widdly fiddly poo? Find the answers to all of these questions in this very smelly and amusing tale of the poo that tried to get away! After many nights sketching, colouring, erasing, re-sketching and editing I have created the rather silly story called 'The Iddly Widdly Fiddly Poo'. Yes, it is about poo - and then I added a rocket, a Splatterator and a cute little cat to bring it to life! With this book I am also proud to be able to support the Royal Children's Hospital Melbourne through the Elise Foundation. I have donated 100% of my proceeds from a quantity of books that I hope will help to provide valuable funds for the hospital. I hope the book will also provide some laughs along the way!

[Peter and the Silent Siren, Gigi Morales David, Anthony Sotelo, Bruce Van Fleet](#) , 2005, 0976495902, 9780976495901.

Presents an older adult as storyteller to a group of children who relates a story of how a young boy's false use of a siren causes him problems when he is really in need of assistance.

[Poet Healer: Contemporary Poems for Health and Healing, Chip Spann](#) , 2004, 0975442104, 9780975442104. Poet Healer: Contemporary Poems for Health and Healing explores the restorative qualities of poetry and personal reflective writing in relation to illness and healing. It is intended for the general reader, medical patients and their families, health care providers, therapists, and others in the healing professions along with students and instructors of reading and writing. Two hundred thirty-four poems have been chosen from world literature, primarily written by contemporary poets. Selection criteria was based on the poem's healing qualities, defined as bringing a person experiencing discordant factors into greater wholeness. Autobiographical narratives written by the editor encourage a participatory role in healing. The work has proven especially therapeutic for medical patients, health care professionals, and caregivers at Sutter Medical Center, Sacramento. However it can also empower anyone seeking integration with self, deeper connections with others, and an affinity with the environment. --Chip Spann.

[Novel Study Guide: Lord of the Flies.](#) , 1989, 0136239501, 9780136239505.

[A Tall Man in a Low Land: Some Time Among the Belgians, Harry Pearson](#) , 1999, 0349112061, 9780349112060. Can any nation whose most famous monument is a statue of a small boy urinating really be that dull? Harry Pearson lived in Belgium for several months, burying himself in the local culture. He drank many of the 800 different beers the Belgians produce, and ate local delicacies such as kip kap, or jellied pig cheeks. This book commemorates strange events such as The Festival of Shrimps at Oostduinkerke, and laments the passing of the Underpant Museum in Brussels.

[What Happens When We Die?, Sam Parnia](#) , 2007, 1401933548, 9781401933548. Dr. Sam Parnia faces death every day. Through his work as a critical-care doctor in a hospital emergency room, he became very interested in some of his patients' accounts of the experiences that they had while clinically dead. He started to collect these stories and read all the latest research on the subject, and then he conducted his own experiments. That work has culminated in this extraordinary book, which picks up where Raymond Moody's *Life After Life* left off. Written in a scientific, balanced, and engaging style, this is powerful and compelling reading. This fascinating and controversial

[The Wizard's Hat, Barbara Mitchell](#) , 1999, 0199156832, 9780199156832. The Oxford Literacy Web is an exciting new literacy programme designed to guide schools successfully through the primary years. Fitting the requirements of the National Literacy Strategy, National Curriculum in England and Wales, English Language 5-14 in Scotland, and Common Curriculum in Northern Ireland, the Oxford Literacy Web guides pupils through the core skills associated with learning to read and write with a diverse range of literary styles within the genres of fiction, non-fiction, rhymes, language, and poetry. The "Fiction" strand: there can be no better way to learn to read than through the Duck Green School and Variety story strands. Exciting stories, hilarious events, and dynamic illustrations combine to ensure diversity and enjoyment. Variety stories extend children's experience of different styles of fiction. They reinforce vocabulary but include a more challenging element to push upward toward the next level.

[Ethics and Technology: Ethical Issues in an Age of Information and Communication Technology, Herman T. Tavani](#) , 2006, 0471998036, 9780471998037. "Herman Tavani has written an excellent introduction to the field of cyberethics. . . . We need a good book in cyberethics to deal with the present and prepare us for an uncertain future. Tavani's Ethics and Technology is such a book."--from the foreword by James Moor, Dartmouth College
Is there privacy in a world of camera phones and wireless networking? Does technology threaten your civil liberties? How will bioinformatics and nanotechnology affect us? Should you worry about equity and access in a globalized economy? From privacy and security to free speech and intellectual property to globalization and outsourcing, the issues and controversies of the information age are serious, complex, and pervasive. In this new edition of his groundbreaking book, Herman Tavani introduces computer professionals to the emerging field of Cyberethics, the interdisciplinary field of study that addresses these new ethical issues from all perspectives: technical, social, and philosophical. Using fascinating real-world examples--including the latest court decisions in such cases as Verizon v. RIAA, MGM v. Grokster, Google versus the Bush Administration, and the Children's Online Pornography Act (CIPA) --as well as hypothetical scenarios, he shows you how to understand and analyze the practical, moral, and legal issues that impact your work and your life. Tavani discusses such cutting-edge areas as:
* Globalization and outsourcing* Property rights and open source software* HIPAA (privacy laws) and surveillance* The Patriot Act and civil liberties* Bioinformatics and genomics research* Converging technologies--pervasive computing and nanocomputing* Children's online pornography laws
Updating and expanding upon the previous edition, Ethics and Technology, Second Edition provides a much-needed ethical compass to help computer and non-computer professionals alike navigate the challenging waters of cyberspace.
About the Author
Herman T. Tavani is Professor of Philosophy at Rivier College and Co-Director of the International Society for Ethics and Information Technology (INSEIT). He is the author, editor, or co-editor of five books on ethical aspects of information technology.

Choice Magazine Outstanding Academic Book?? "John Shields's book is a provocative challenge to the venerable Adamic myth so exhaustively deployed in examinations of early American literature and in American studies. Moreover, The American Aeneas builds wonderfully on Shields's considerable work on Phillis Wheatley. "?--American Literature?? "The American Aeneas should be of interest to classicists and American studies scholars alike."?--The New England Quarterly??

John Shields exposes a significant cultural blindness within American consciousness. Noting the biblical character Adam as an archetype who has long dominated ideas of what it means to be American, Shields argues that an equally important component of our nation's cultural identity--a secular one deriving from the classical tradition--has been seriously neglected.??Shields shows how Adam and Aeneas--Vergil's hero of the Aeneid-- in crossing over to American from Europe, dynamically intermingled in the thought of the earliest American writers. Shields argues that uncovering and acknowledging the classical roots of our culture can allay the American fear of "pastlessness" that the long-standing emphasis on the Adamic myth has generated. John C. Shields is the editor of *The Collected Works of Phillis Wheatley* and the author of *The American Aeneas: Classical Origins of the American Self*, which won a Choice Outstanding Academic Book award and an honorable mention in the Harry Levin Prize competition, sponsored by the American Comparative Literature Association.

[Sandra Lee Semi-Homemade Cocktail Time, Sandra Lee](#) , 2009, 0470554878, 9780470554876. Sandra Lee's favorite cocktails, just in time for holiday soirees and at-home happy hours Fans of Sandra Lee's hit show "Semi-Homemade Cooking" love hearing Sandra say, "It's cocktail time!" The regularly featured segment on her Food Network television show has created a cult following, and for the first time, Sandra is answering her fans' prayers with a new book dedicated to Cocktail Time. The book mixes a selection of Sandra's most popular cocktails and canaps. Whether you're entertaining for your significant other, hosting a few friends, or throwing a big party, this slim, fun guide provides great ideas for mixed drinks that anyone can make at home. Like all Sandra Lee's bestselling books, the appetizer recipes showcase her signature Semi-Homemade philosophy, combining seventy percent ready-made products with thirty percent fresh ingredients and creative touches. It's "cocktail time" in book form-cocktail for every season or celebration Great for holiday entertaining Perfect for bringing happy hour home How to build your bar Cocktailing for a Cause Semi-Homemade Cocktail Time presents perfect cocktails for any and all occasions to go with appetizers and treats of every kind.

[Clockwise: Intermediate: Class Audio CDs, Will Forsyth](#) , 2000, 0194338193, 9780194338196. Designed for learners who want to make effective progress in a short time, this course concentrates on developing fluency, refreshing key grammar areas, and extending vocabulary. 40-60 hours per level.

[Panic disorder: the facts, Stanley Rachman, Padmal De Silva](#) , 1996, 0192627384, 9780192627384. This book deals with a relatively common psychological problem. A panic is a sudden episode of intense fear, often bordering on terror.

Repeated attacks of panic are termed 'panic disorder'. Roughly fifteen people per thousand develop a panic disorder at some time in their life. It is a distressing condition, and if it persists, has an adverse effect on most aspects of the person's life. This book gives clear answers to the questions sufferers ask and gives guidelines about treatment and self-help, as well as what is known about the disorder. This book is mainly intended for the sufferers of panic disorder, and their families and friends. It will also be of interest to the general reader, and to health care workers who have to deal with this problem. Up-to-date information on the nature, symptoms, causes, theories and treatment of panic disorder is provided, all in non-technical language. The chapters on treatment give a detailed account of psychological therapy, also discuss drug treatment. There is also a chapter giving practical self-help advice. A final chapter answers some commonly asked questions. Numerous personal accounts are given throughout the book, highlighting various aspects of panic disorder and its treatment. The authors are clinical psychologists with extensive clinical and research experience in anxiety disorders.

[Poisonous plants: a cultural and social history, Robert Bevan-Jones](#) , 2009, 1905119216, 9781905119219. The botanical

history of Britain and North West Europe has a dark and a light side. Plants have been used as weapons to harm people, taken deliberately as addictive drugs and also employed as tools in witchcraft and used as magical amulets. Yet many of these same plants have been medicinally vital to numerous European communities; as the author notes, frequently the only difference between a benevolent medicine and a poison is dosage. In this book, which is richly illustrated with modern colour photographs and illustrations from herbals, Robert Bevan-Jones brings together a wealth of documentary and archaeo-botanical sources to discuss the cultural, social (and anti-social) role of the fifty most significant species of poisonous plants and fungi found in Britain, either as natives or as introductions. An introductory essay puts into context the development of British society's knowledge of toxic plants: the 'cultural botany' applied in Britain today has evolved over thousands of years, absorbing information from European texts and importing useful plants from Europe, such as the mandrake. The book's central A to Z section - from aconite to yew - then informs the reader about the history and uses of 43 species of poisonous plants, especially those that have a documented history of medicinal usage. Four important fungi species - death cap, liberty cap, fly agaric and ergot - also have separate essays. As well as the plants' histories and appearance, their chemical constituents receive coverage; these give them powerful and diverse properties, which demand our admiration and respect. The book aims to add to the knowledge offered by field identification guides, and help reduce the risk associated with accidental ingestion. Case histories are given in as much detail as possible and the information will hopefully help the reader understand the properties of plants they may encounter, either in an archaeological, botanical or horticultural context. Most of these plants can yet be found growing in woodlands, parks, botanical gardens, roadsides, waterways, churchyards and abbey sites. This is an essential book not only for botanists and historical ecologists, but also for anyone interested in the toxic plant traditions of Britain and Europe.

[Grief and Loss Across the Lifespan: A Biopsychosocial Perspective, PhD Carolyn Ambler Walter PhD, LCSW, Judith L. M. McCoyd PhD, LCSW, QCSW](#) , 2009, 0826127584, 9780826127587. "[Grief and Loss Across the Lifespan] represents a significant advance because it looks at the issues from a bio-psychosocial perspective. To a social worker who has worked mainly in a medical and nursing environment, this is a great step forward. --Bereavement Care [Offers] valued sensitivities, knowledge, and insights, and most importantly, age-appropriate interventions for a range of significant losses....Counselors will want to keep this indispensable work close at hand. -Kenneth J. Doka, PhD Author, Counseling

Individuals With Life-Threatening Illness By taking a lifespan view, this book fills a gap in the literature on loss and grief and takes theory and practice in new and invigorating directions. It will be welcomed by those professionals of all disciplines who daily listen to and help re-write narratives of loss. -Jeffrey S. Applegate, PhD Professor Emeritus Graduate School of Social Work & Social Research Bryn Mawr College [A] thorough, thoughtful, sensitive, and up-to-date contribution that may be the best book available today for teaching bereavement, grief, and mourning?.[H]ighly recommended for experienced grief professionals as well as for students. -Jeffrey Kauffman, MA, MS, LCSW, BD, CT, CAS, BCETS Psychotherapist in private practice, Philadelphia, PA Walter and McCoyd have written a well-organized and comprehensive examination of grief and bereavement that will be useful to the seasoned professional as well as the student new to grief and loss. The historical analysis of grief theory from classic to postmodern is interesting reading and essential for a full understanding of grief and loss in modern society. --Paige E. Payne, MS, MSW, LSW Support Services Manager PinnacleHealth Home Care and Hospice Harrisburg, PA Grief and Loss Across the Lifespan is unique in its treatment of grieving patterns and intervention strategies for different age groups. With this book, students and practitioners will learn how grief is influenced by biological responses to stress, psychological responses to loss, as well as social norms and support networks. The authors utilize a developmental framework, as each level of development from infancy through old age is addressed in four ways: Reviews normal developmental issues, abilities, and challenges for the age in question Analyzes how individuals of each age cope with serious loss of a significant other, and how they may experience life-threatening illness themselves Examines how significant others react to and mourn the death of someone in that age range Identifies the normative losses a person is likely to experience, and addresses protective and risky ways of coping with those losses The authors review important grief theories, such as postmodern and Dual Process Theory, and discuss current topics in grief, including continuing bonds, meaning making, ambiguous loss, and disenfranchised loss. With the help of this book, practitioners and students of grief counseling can learn to help patients of all ages understand that loss is at the heart of life and growth. "

[In the Company of Crazy's, Nora Raleigh Baskin](#) , 2006, 0060596074, 9780060596071. Thirteen-year-old Mia Singer thought that she had it all under control. Sure, her grades were slipping a little bit (well, really, more than a little), and she couldn't explain her occasional compulsion to shoplift. The sudden death of a classmate affects Mia in a way she can't quite define, but then she goes one step too far. Her parents place her in an "alternative" boarding school. Away from her parents and surrounded by trees, space, and students whose problems she can't completely comprehend, Mia has no choice but to learn about herself. With insight and sympathy, Nora Raleigh Baskin focuses on the universal feeling of being a misfit, showing that sometimes the path home is as unexpected as it is challenging.

[High Tide, Inga Abele](#) , 2013, 1934824801, 9781934824801. Told more or less in reverse chronological order, High Tide is the story of Ieva, her dead lover, her imprisoned husband and the way their youthful decisions dramatically impacted the rest of their lives. Taking place over three decades, High Tide functions as a sort of psychological mystery, with the full scope of Ieva's personal situation and the relationship between the three main characters only becoming clear at the end of the novel. One of Latvia's most notable young writers, Abele is a fresh voice in European fiction, her prose is direct, evocative and exceptionally beautiful.

[Statistical Inference: A Short Course, Michael J. Panik](#) , 2012, 1118309782, 9781118309780. A concise, easily accessible introduction to descriptive and inferential techniques. Statistical Inference: A Short Course offers a concise presentation of the essentials of basic statistics for readers seeking to acquire a working knowledge of statistical concepts, measures, and procedures. The author conducts tests on the assumption of randomness and normality, provides nonparametric methods when parametric approaches might not work. The book also explores how to determine a confidence interval for a population median while also providing coverage of ratio estimation, randomness, and causality. To ensure a thorough understanding of all key concepts, Statistical Inference provides numerous examples and solutions along with complete and precise answers to many fundamental questions, including: How do we determine that a given dataset is actually a random sample? With what level of precision and reliability can a population sample be estimated? How are probabilities

determined and are they the same thing as odds? How can we predict the level of one variable from that of another? What is the strength of the relationship between two variables? The book is organized to present fundamental statistical concepts first, with later chapters exploring more advanced topics and additional statistical tests such as Distributional Hypotheses, Multinomial Chi-Square Statistics, and the Chi-Square Distribution. Each chapter includes appendices and exercises, allowing readers to test their comprehension of the presented material. *Statistical Inference: A Short Course* is an excellent book for courses on probability, mathematical statistics, and statistical inference at the upper-undergraduate and graduate levels. The book also serves as a valuable reference for researchers and practitioners who would like to develop further insights into essential statistical tools.

[Prey Dancing: A Dr. Clare Burtonall Mystery, Jonathan Gash](#) , 1998, 0670877646, 9780670877645. From one of Penguin's bestselling mystery authors, a new series that is "cause for rejoicing" (Kirkus Reviews) races on, with "the most bizarre but intriguing investigative team of the last decade" (Jeremiah Healy, author of *Invasion of Privacy and Rescue*) With all the wit and high-stakes suspense of his *Lovejoy* series, Jonathan Gash's debut *Dr. Clare Burtonall* mystery, *Different Women Dancing*, was published to rave reviews. A "smashing new crime novel", enthused *The New York Times Book Review*. In a dramatic departure from the irascible *Lovejoy*, Gash casts smart and sensuous female cardiologist Dr. Clare Burtonall in the lead, and a high-priced male prostitute, Bonn, as her sensitive and charismatic sidekick. The result is incendiary. *Prey Dancing* finds Clare working the late shift in the city hospital's Infectious Disease Unit, where a young woman, Marie, dying of AIDS, breathes her last with a one-word message to be delivered to her boyfriend: "Forgive". Ironically, Clare's search for the man makes her the target of his sworn vengeance for Marie's death, drawing her into the unfamiliar terrain of the city's dark underworld. Once again Bonn, with the street savvy of a rented Romeo, provides Clare with his unique kind of insight and intimacy to help save them both from a brutal fate.

[Killing by Remote Control: The Ethics of an Unmanned Military, Bradley Jay Strawser](#) , 2013, 0199926123, 9780199926121. The increased military employment of remotely operated aerial vehicles, also known as drones, has raised a wide variety of important ethical questions, concerns, and challenges. Many of these have not yet received the serious scholarly examination such worries rightly demand. This volume attempts to fill that gap through sustained analysis of a wide range of specific moral issues that arise from this new form of killing by remote control. Many, for example, are troubled by the impact that killing through the mediated mechanisms of a drone half a world away has on the pilots who fly them. What happens to concepts such as bravery and courage when a war-fighter controlling a drone is never exposed to any physical danger? This dramatic shift in risk also creates conditions of extreme asymmetry between those who wage war and those they fight. What are the moral implications of such asymmetry on the military that

employs such drones and the broader questions for war and a hope for peace in the world going forward? How does this technology impact the likely successes of counter-insurgency operations or humanitarian interventions? Does not such weaponry run the risk of making war too easy to wage and tempt policy makers into killing when other more difficult means should be undertaken? Killing By Remote Control directly engages all of these issues. Some essays discuss the just war tradition and explore whether the rise of drones necessitates a shift in the ways we think about the ethics of war in the broadest sense. Others scrutinize more specific uses of drones, such as their present use in what are known as "targeted killing" by the United States. The book similarly tackles the looming prospect of autonomous drones and the many serious moral misgivings such a future portends. "A path-breaking volume! BJ Strawser, an internationally known analyst of drone ethics, has assembled a broad spectrum of civilian and military experts to create the first book devoted to this hot-button issue. This important work represents vanguard thinking on weapon systems that make headlines nearly every day. It will catalyze debates policy-makers and military leaders must have in order to preserve peace and protect the innocent. - James Cook, Department Chair/Head of Philosophy, US Air Force Academy "The use of 'drones' (remotely piloted air vehicles) in war has grown exponentially in recent years. Clearly, this evolution presages an enormous explosion of robotic vehicles in war - in the air, on the ground, and on and under the sea. This collection of essays provides an invaluable contribution to what promises to be one of the most fundamental challenges to our assumptions about ethics and warfare in at least the last century. The authors in this anthology approach the ethical challenges posed by these rapidly advancing technologies from a wide range of perspectives. Cumulatively, they represent an essential overview of the fundamental ethical issues involved in their development. This collection makes a key contribution to an urgently needed dialogue about the moral questions involved." - Martin L. Cook, Adm. James B. Stockdale Professor of Professional Military Ethics, Professor Leadership & Ethics, College of Operational & Strategic Leadership, U.S. Naval War College

[The Vaastu Workbook: Using the Subtle Energies of the Indian Art of Placement to Enhance Health, Prosperity, and Happiness in Your Home, Talavane Krishna, M.D.](#) , 2001, 1594777896, 9781594777899. Detailed instructions for creating a home that harmonizes with the natural and spiritual energies of its environment Unlike feng shui, which favors adding "cures" to cover existing problems, vaastu (like holistic medicine) focuses on fixing underlying problems for the health of the entire system By the director of the foremost vaastu center in India Includes 100 line drawings to make all the complexities of vaastu understandable to a beginner Feng shui practitioners are quickly discovering vaastu, the Indian art of environmental design that helps you create a home that is in harmony with the natural and spiritual energies surrounding it. Until now, books on vaastu have told you where to place your doors or ponds without fully explaining the rationale behind this. The Vaastu Workbook presents vaastu as it was meant to be understood--as an interconnected part

of the great Indian tradition of sacred knowledge, along with yoga, ayurveda, and astrology. Using hundreds of clear line drawings, The Vaastu Workbook takes you through every conceivable vaastu situation, exploring the dos and don'ts of window and door placement, interior design, street focus, directional facing, landscaping, and much more. Introductory chapters provide a thorough grounding in the basics of Indian astrology, the five elements, and the healing tradition of ayurveda, all of which is necessary to truly understand the details of vaastu. With this knowledge in hand, even a beginner can quickly learn how to design a new home--or renovate an existing one--in order to bring peace, prosperity, and happiness to those who live there.

A core textbook for CCIE preparation Learn how to apply effective hierarchical design principles to build stable, large-scale networksExamine broken networks and discover the best methods for fixing themUnderstand how the right topology enhances network performanceConstruct the most efficient addressing and summarization scheme for your networkPrevent network failure by applying the most appropriate redundancy at the network core, distribution layer, and access layerExtend your network's capabilities through proper deployment of advanced IGP- and EGP-based protocolsAdvanced IP Network Design provides the solutions network engineers need to grow and stabilize large IP networks. Technology advancements and corporate growth inevitably lead to the necessity for network expansion. This book presents design concepts and techniques that enable networks to evolve into supporting larger, more complex applications while maintaining critical stability. Advanced IP Network Design provides you with a basic foundation to understand and implement the most efficient network design around the network core, distribution and access layers,

and the common and edge network services. After establishing an efficient hierarchical network design, you will learn to apply OSPF, IS-IS, EIGRP, BGP, NHRP, and MPLS. Case studies support each protocol to provide you with valuable solutions to common blocks encountered when implementing an IGP- or EGP-based network. Advanced IP Network Design offers expert-level solutions and help with CCIE exam preparation through the following features: practical discussion and implementation of CCIE-level networking issues; case studies that highlight real-world design, implementation, management, and troubleshooting issues; scenarios that help you put the presented solutions to use; and chapter-ending review questions and exercises.

[Rock and Roll Homicide, MR Rj McDonnell](#) , 2012, 0981491405, 9780981491400. Just as the rock band, Doberman's Stub, was about to reach stadium tour status, its leader was brutally murdered when his headphones exploded during a recording session. The widow, who inherits \$5 million, is the San Diego Police Department's number one suspect. She hires Jason Duffy, a 27-year-old PI and former musician, in his first year of private practice. Jason learns that the victim was in the middle of an acrimonious renegotiation with the record company at the time of his death. He also finds that the record company has a very unhealthy tie to the Russian Mafia. As an inexperienced detective, Jason does not yet have the contacts within the police department to gather vital information. He is forced to mend fences with his estranged father, an opinionated ex-SDPD detective. While Jason investigates the record company, he also takes a close look at the three surviving members of the victim's band. One is an alcoholic/drug addict drummer, on the verge of being kicked out of the group. The second is a bass player who camouflages his rock star status by living in an ordinary house in a lower middle-class neighborhood. Third is a lead guitarist and writer of half of the band's songs, who lives well beyond his means. Jason has not yet become hardened to the very real dangers of his new profession. We experience his inner conflict as his girlfriend, staff, and family are drawn into the danger zone. After Jason's part-time employee is severely beaten during a stakeout, he sells the story of the Russian Mafia's involvement in the record business to a tabloid journalism TV show in a misguided effort to protect his employer and coworker. This serves to drive the case to new heights of danger and suspense. Jason goes behind the industry veneer of sex & drugs & hedonistic lifestyles. He shows us how the 21st Century world of downloads, file sharing, and image demographics need to be considered in a

case of Rock & Roll Homicide.

[Tuareg Jewelry: Traditional Patterns and Symbols, Helene E. Hagan, Lucile C. Myers](#) , 2006, 1425704530, 9781425704537. "For you, it may look like a small unimportant detail, like your thumbnail. But for me, it is the whole vast world. Look at this jewel... here is the ant, here is the hyena, the jackal, the hoof of a horse, that of a gazelle, the sun, the moon, the stars, the good eye... this triangle, this is woman, and here are the eyebrows of the Malignant One, there, laughter... it is all of our lives in one piece of silver." (Translated from the French by Helene E. Hagan, from original Tuareg words of an artisan cited by J. Gabus, 1971) An extensive study of the symbolism of Tuareg jewelry has not yet been undertaken to date. It is this simple realization that brought the authors together in a decision to collect information on the topic, from past scholarly journals and books, contemporary articles and web sites, but also from Tuareg informants whose expert knowledge was sought. Though this book is small and does not aspire to be all encompassing, it is the first work totally dedicated to the presentation of the elaborate silver jewelry of Tuareg men and women of Northern Niger in the English language, and the only one we know that is solely dedicated to providing information concerning the function, meanings, and symbols of that jewelry. The book introduces the reader to the culture of the Tuaregs, a remarkable group of African nomads of the Sahara Desert, which has fascinated the Europeans who came into contact with them in the nineteenth and twentieth centuries. In the last decade or so, as the Tuareg societies of Niger and Mali underwent major change, a number of American researchers began to document some of their ways. Research and publications in the English language are, however, lagging far behind those in the French language. Fortunately, the primary author of this book, Helene Hagan, was originally educated in the French language, and as an Amazigh (Berber) herself, is very familiar with North African scholarship in the Amazigh culture. Thus, as a bilingual anthropologist of Berber ancestry, born and raised in Morocco, and an activist for Amazigh cultural, linguistic and human rights, she benefits from a fourfold source of valuable information: French scholarship, American contemporary accounts, the latest Amazigh research emanating out of North Africa, and Northern Niger Tuareg informants she knows. This unique set of circumstances gives the book an extra dimension of depth and insight.

[Letters from Tommy J.: A Marine's Story - 1966-1967, Thomas James Holtzclaw](#) , 2008, 0972052291, 9780972052290.

In June of 1966, when Thomas J. Holtzclaw, III graduated from O'Keefe High School in Atlanta, Georgia, he was an A student with a sweet-sixteen girlfriend and a burning desire to become a Marine. Six months later, he boarded the U.S.S. Gaffney, en route to a tropical Southeast Asian country he knew almost nothing about: Vietnam. From December of 1966 to April of 1967, the letters Tommy wrote capture the essence of the Vietnam experience as seen from the perspective of both the boy he was and the man he became, and express the hopefulness of the era and the reality ushered in by the War itself. In frank, unassuming prose, Tommy J. revealed his loneliness. He offered first-hand, terrifying accounts of ambushes and lives lost to mines. He wrote about his fears, about the battles he fought, about the heat and the C rations and the rats. He told jokes, he asked for small favors, he gave thanks for care packages and newspaper clippings. Every day, he wrote himself home again. With text that clarifies the history of the Vietnam War and puts each of the months Tommy J. spent in Vietnam into perspective, Letters from Tommy J. offers a moving portrait of an American patriot who

grew up in a very short time, during a very intense conflict. His experience is as relevant today as it was then, and is powerful testimony to the integrity and loyalty of those who fight our country's wars.

[Global Diversity: Winning Customers and Engaging Employees Within World Markets, Ernest Gundling, Anita Zanchettin](#) , 2007, 190483809X, 9781904838098. Mastering global business requires leaders and managers to understand the differences within countries as well as between them. Drawing on the authors' years of hands-on experience, Global Diversity: Winning Customers and Engaging Employees within World Markets explores each country in depth, with particular attention paid to cultures-withincultures and recommendations for developing employees and realizing local market opportunities. It presents the key cultural issues in eight major markets, including China, Egypt, India, Japan, Mexico, Russia, the UK and the U.S. Global Diversity provides a six-step guide for developing an effective global diversity strategy. It outlines how to formulate and implement an approach that takes into account the variety of cultures that exist within every country while enabling individual employees to be engaged and accountable contributors. This book is an invaluable tool for any business leader who wants to understand and get the most out of global business.

[The Bliss Balance - Create Success, Peace, and Happiness in Your Life, Rebekah Harkness](#) , 2013, 0989244822, 9780989244824. Are your efforts to perform and over-achieve hindering you from reaching your full potential and experiencing the inner peace and happiness that you long for? Are you mentally fatigued, hopeless, or pessimistic about your ability to create the life you want to live? The Bliss Balance offers a blueprint to create success, peace, and happiness in your life. Regardless of where you are along the journey, this book will assist you in bringing your dreams into reality and provide you the tools to create the necessary balance of observation, contemplation, and taking action. The Bliss Balance explores the relationship between being a spectator and being a performer in life. In society, we tend to focus more on hastily taking action when we haven't taken the time to contemplate, observe, and visualize what result we would like to create. This book gives you the opportunity to address this imbalance and develop an equilibrium between observation and action. Ultimately, this balance will create bliss and peace while allowing you to produce the life results you want. Rebekah Harkness earned a bachelor's degree in psychology and a master's degree in social work from the University of Utah. She maintains a podcast that is available on iTunes or online at <http://playerplaza.podbean.com>. Rebekah is dedicated to sharing her personal insight, experience, and knowledge to assist you on your road to success, peace, and happiness.

[Practical Social Investigation: Qualitative and Quantitative Methods in Social Research, Christopher John Pole, Richard Lampard](#) , 2002, 0136168485, 9780136168485. Practical Social Investigation provides, within a single text, an introduction to a wide range of both long-standing and newer social research methods. Its balanced and integrated

coverage of qualitative and quantitative approaches demonstrates that they can be complementary. While research practice is emphasised, readers are encouraged to reflect on methodological issues as well as being provided with tools for their own research. This coherent, accessibly written book draws upon the authors' extensive experience of conducting research and teaching research methods. Numerous examples, based on real research studies, illustrate key issues in a way that acknowledges both the messiness and the creativity of social research.

[Facing Evil, John Kekes](#) , 1993, 0691020957, 9780691020952. Arguing that the prevalence of evil presents a fundamental problem for our secular sensibility, John Kekes develops a conception of character-morality as a response. He shows that the main sources of evil are habitual, unchosen actions produced by our character defects and that we can increase our control over the evil we cause by cultivating a reflective temper. Arguing that the prevalence of evil presents a fundamental problem for our secular sensibility, John Kekes develops a conception of character-morality as a response. He shows that the main sources of evil are habitual, unchosen actions produced by our character defects and that we can increase our control over the evil we cause by cultivating a reflective temper.

[In Sickness and In Health: A Memoir of Love, J. S. Russo](#) , 2009, 0984153551, 9780984153558. In Sickness and In Health: A Memoir of Love is a true story involving two people that fate brought together. Describing their lives before and after Sue became afflicted with cancer, it shows how a couple handled a dreadful diagnosis and how the bond between them became even closer throughout their cancer journey. It reveals how as a team, they fought this disease head-on without flinching; fighting and clawing right back at it. It is a triumph of human spirit and an inspiring story of courage, compassion and love between two people who asked for nothing more in life than to have each other in it. Above all, this is not a book about loss but of gain. This is not a story of sadness but a story filled with undiminished hope...yes, hope that confirms "it is a wonderful life" when we stay focused on all that is good.

[A. J. Tomlinson: Plainfolk Modernist, R. G. Robins](#) , 2004, 0195165918, 9780195165913. A.J. Tomlinson (1865-1943) ranks among the leading figures of the early Pentecostal movement, and like so many of his cohorts, he was as complex as he was colorful. Arriving in Appalachia as a home missionary determined to uplift and evangelize poor mountain whites, he stayed to become the co-founder and chief architect of the Church of God (Cleveland, TN) and the Church of God of Prophecy, which together with their minor offspring now constitute the third-largest denominational family within American Pentecostalism. R.G. Robins's biography recreates the world in which Tomlinson operated, and through his story offers a new understanding of the origins of the Pentecostal movement. Scholars have tended to view Pentecostalism as merely one among many anti-modernist movements of the early twentieth century. Robins argues that this is a misreading of the movement's origins-the result of projecting the modernist/fundamentalist controversy of the 1920s back onto the earlier religious landscape. Seeking to return the story of Pentecostalism to its proper historical context, Robins suggests that Pentecostalism should rightly be seen as an outgrowth of the radical holiness movement of the late nineteenth century. He argues that, far from being anti-modern, Pentecostals tended to embrace modernity. Pentecostal modernism, however, was a working class or "plainfolk" phenomenon, and it is the plainfolk character of the movement that has led so many scholars to mislabel it as anti-modern or fundamentalist. Through the compelling narrative of Tomlinson's life story, Robins sheds new light on late-nineteenth and early-twentieth century American religion, and provides a more refined lens through which to view the religious dynamics of our own day. v

[Bien Sr: Culture et Communication, Marie-Christine W. Koop, Elizabeth New](#) , 1995, 0134744128, 9780134744124.

Culture et communication is appropriate as a stand-alone reader or conversation book or may be used in conjunction with any reference grammar. Readers develop good reading habits through intensive practice in skimming, scanning, and decoding and through a range of pre- and post- reading activities. Culture et communication uses a variety of materials to equip users to function in different situations. It offers balanced work in listening, speaking, reading, and writing. Grammaire en contexte consists of a thorough review of structures accompanied by contextualized activities that make use of vocabulary and relate to themes explored in Culture et communication. The two- volume format makes for maximum flexibility: Culture et communication revolves around a cultural theme and all language activities are contextualized around the themes; the basic elements of each theme are presented in the Introduction to every chapter. Bien sr! offers a tremendous range and variety in activities and activity types. Pre-publication pedagogical consultants commented on the progressive practice and the many opportunities for guided to open-ended discussion. Grammaire en contexte all exercises are contextualized and related to the themes in Culture et communication. Faisons le point! activities provide opportunities to synthesize all material introduced in the chapter in a contextualized and personalized manner.

[The Right Amount of Wrong: A Romantic Thriller, Jarryd A. Jackson](#) , 2011, 0983679789, 9780983679783. David Brooks has it all - a rewarding career, a loyal network of friends, and an upscale home in suburban Chicago that he shares with his beautiful wife, Danielle Brooks. His enviable lifestyle has concealed the truth about his distressed marriage to Danielle. Feeling alienated from his occupied wife, David seeks to reclaim her affection after she is victimized in a horrific bank robbery. However, Danielle, a dedicated attorney, attempts to bring justice to those involved in the crime instead of rekindling the fire in her marriage. As their bond continues to crumble, Farrah, David's seasoned assistant, and Marcus, his womanizing best friend, turn into his support system. David also meets Vanessa, a young, ambitious new hire at his firm. Captivated by her innocence and fresh outlook on life, he begins to confide in her. While his friendships ripen and his marriage withers, secrets are revealed and devastating changes are in store for everyone involved. Suddenly, David

has to fight to keep each relationship intact before the pain of deceit, scandal, and resentment end his fleeting bliss.

It features publishers, agents, librarians, entertainment attorneys, composers, artists, song, film and play producers, reporters, booksellers and companies with services.'A Writers Guide for Student & Teachers 2010-2011' is the most reliable and up-to-date guide available. It makes an excellent resource for libraries, schools, churches and organizations by including services, suppliers and speakers provided by the individuals and firms listed. Also includes contact information, addresses and telephone number as well as email and website addresses. Information about acquiring the Directory is available by visiting the "Black Authors & Published Writers Directory" website at www.bapwd.com

[The Adventures of Sojourner: The Mission to Mars that Thrilled the World, Susi Trautmann Wunsch](#) , 1998, 0965049361, 9780965049368. On July 4, 1997, The Mars Pathfinder lander, cocooned in an ungainly mass of airbags, was dropped from a parachute 40 feet above Mars. It slammed to the surface, kicked up the red Martian dust, bounced along like a giant beach ball and rolled to a stop. Pathfinder's three solar panel "petals" unfolded. Nestled inside was Sojourner, a one foot high, remote control vehicle that looked like something you might find under a Christmas tree. The world had a new hero. The Mars mission was a genuine phenomenon. In a one month period, there were over a half billion hits on the mission's web site, breaking all records by hundreds of millions of hits. The most watched, most talked about space flight

since men had landed on the Moon, it was also the most unlikely. In *The Adventures of Sojourner*, Susi Trautmann Wunsch tells the entire story: from the small team of young scientists testing a simplified, common sense of technology, to the tension of blast off, to the wild bounce landing, to Sojourner's trials and tribulations along the rocky road of Mars, to ultimate and resounding success. It is a page-turning narrative that, along the way, explains the intricacies of planetary exploration to a new generation of young readers. The diagrams and artist's conceptions make space technology instantly accessible. The photographs of little Sojourner tooling along the dusty, red emptiness of Mars make space travel seem not so distant at all.

[Paraworld Zero, Volume 1,](#) , 2008, 0981922724, 9780981922720. Simon Kent is just an ordinary teenager trying to cope with the loss of his parents and the bullies at school . . . or so he thinks. After meeting an outspoken girl with strange hair that changes colors with her mood, he is swept into a futuristic world filled with dragonlike creatures, vast technology, and enslaved giants. But Simon also stumbles upon a secret: He can perform magic in this parallel world! While fighting mystical creatures, unraveling an ancient mystery, and even experiencing his first kiss, Simon discovers that he, an outsider from Earth, is the only person who can save the high-tech planet from an impending doom. Parallel to Simon's adventures is a mystery involving a catlike spy and a magical swordsman who both struggle to maintain peace among the paraworlds. But evil lurks in unexpected places, and few people can be trusted. Their paths ultimately lead them to Simon: the one boy who might be able to prevent the biggest assassination attempt in the known paraverse. Paraworld Zero placed in five book/audiobook contests. This unabridged MP3-DVD edition runs 12 hours and 28 minutes and includes over 100 unique character voices from the author and his wife. Bonus features include nearly 4 hours of audio/video extras such as bloopers, video trailers, video interviews of the cover models, the making of the cover and audiobook, radio interviews, photo gallery, etc. Also includes the PDF E-Book.

[Cam Jansen and the Snowy Day Mystery, , David A. Adler](#) , 2004, 0670059226, 9780670059225. The snow is falling hard, but that doesn't stop Cam and Eric from solving a mystery. Three computers are missing from Mrs. Bell's computer lab. Who could have taken them? How did the thief get away amid the snowy day chaos of parents, students and teachers? 'Click, click' with Cam Jansen as she gathers clues around the school. After nearly a quarter of a century, Cam Jansen remains a popular character, garnering new fans with each new title.

[Capital Spice: 21 Indian Restaurant Chefs More Than 100 Stunning Recipes, Chrissie Walker](#) , 2012, 1906650721, 9781906650728. A collection of more than 100 recipes from the very best London-based Indian restaurant chefs. Many are familiar from their headline-grabbing Michelin stars, and appearances on television shows such as BBC's Saturday Kitchen; others are perhaps less well-known, but all share a passion to push the wonders of Indian food, either via twists to tradition and the addition of exciting Western inflections to their dishes, or by offering the most wonderfully authentic tastes of the many regional cuisines now available over here. Whilst these have spread to every corner of the country, the heartbeat for diversity and quality is centred very much around the country's capital. Household names such as Atul Kochhar and Vivek Singh, and greats such as Alfred Prasad, Cyrus Todiwala and Reza Mahammed feature here; as do many of the best-known and best-loved restaurants around, such as The Star of India, The Cinnamon Club, Benares and Bombay Brasserie. All of the chef-come-authors within this book have helped to sculpt London into the spice capital of the world with their brilliant culinary skills. Capital Spice is a collection of richly delicious recipes which allow you to recreate the style of this select group of chefs.

[Janson's History of Art Portable Edition, Penelope J. E. Davies, Joseph Jacobs, Frima Fox Hofrichter, David L. Simon, Walter B. Denny](#) , 2008, 0205697453, 9780205697458. Completely rewritten and reorganized, this groundbreaking edition weaves together the most recent scholarship, the most current thinking in art history, and the most innovative digital art library. Experience the new Janson and re-experience the history of art. The Portable Edition of Jansons History of Art, Seventh Edition features four lightweight, paperback books packaged together along with optional access to a powerful student website, www.myartkit.com, making the text more student friendly than ever. Jansons History of Art is still available in the original hardcover edition and in Volume I and Volume II splits. The Portable Edition is comprised of four books each representing a major period of art history: Book 1: Ancient Art includes chapters 1-7 Book 2: Medieval Art includes chapters 8-13 Book 3: The Renaissance Art Through the Rococo includes chapters 13-22 Book 4: The Modern World includes chapters 23-30. Long established as the classic and seminal introduction to art of the Western world, the Seventh Edition of Janson's History of Art is groundbreaking. When Harry Abrams first published the History of Art in 1962, John F. Kennedy occupied the White House, and Andy Warhol was an emerging artist. Janson offered his readers a strong focus on Western art, an important consideration of technique and style, and a clear point of view. The History of Art, said Janson, was not just a stringing together of historically significant objects, but the writing of a story about their interconnections, a history of styles and of stylistic change. Jansons text focused on the visual and technical characteristics of the objects he discussed, often in extraordinarily eloquent language. Jansons History of Art helped to establish the canon of art history for many generations of scholars. The new Seventh Edition introduces the authorship of

six distinguished specialists narrating the history of art for today's students. The contribution of multiple authors allows an expert's understanding to permeate each and every part of the text with a currency in art historical thinking and an enhanced discussion of context. The result is a complete rewriting and weaving together of expert knowledge into a meaningful and powerful presentation of Western art.

[Art Crime, John E. Conklin](#) , 1994, 0275947718, 9780275947712. A criminologist looks at the full range of crime involving works of art: forgery, fraud, theft, smuggling, and vandalism. Art Crime includes current findings, drawing on much material from the "boom years" of the art market in the 1980s and continuing up through the 1990s, and assimilating information from a variety of sources: art magazines, newspaper accounts, and the relatively small amount of scholarship on art crime by art historians and criminologists. In addition to considering the motives of thieves, the book looks at the way art theft is socially organized: the types of thefts that are committed, the ways thieves locate art to steal and how they gain access to it, their use of insiders and fronts, and the way they launder stolen art. The relationship between art theft and organized crime, especially drug traffickers, is investigated. Following explanations of art vandalism and vandal behavior, the book concludes with a consideration of policies to curb art crime.

[9 Secrets to Bedroom Bliss: Exploring Sexual Archetypes to Reveal Your Lover's Passions and Discover What Turns You On, James Herriot, Oona Mourier, Jim Herriot](#) , 2004, 1592330967, 9781592330966. The book that opened the door to the exciting world of sexual archetypes now in paperback! Joseph Campbell meets Dr. Ruth in this entertaining and enlightening sex manual. Sexologists Oona Mourier and Jim Herriot identify nine sexual archetypes, and describe how each approaches sex, love, and life. Readers learn which archetypes they and their lovers represent, what their compatibilities are, what their potential clashes may be, and how to resolve those clashes. Most importantly, they learn how to draw upon the aspects of all the archetypes, thereby eliminating boredom in the bedroom and maximizing their sexual pleasure. The intent is serious, but the approach is lively, fun, and upbeat. Each section offers suggestions for setting the stage: costumes, props, music, foods, atmosphere. Plus step-by-step exercises couples can work through together to evoke the archetypes and explore them to their fullest. It provides concrete instruction, but also shows readers how to explore the magical and mystical aspects of sex as well.

[The Articulate Attorney: Public Speaking for Lawyers, Brian K. Johnson, Marsha Hunter](#) , 2013, 0979689597,

9780979689598. Addressing the distinctive communication skills expected of attorneys and based on three decades of experience coaching lawyers this manual of practical, useful solutions integrates cutting-edge discoveries in human factors, linguistics, neuroscience, gesture studies, and sports psychology. These techniques will transform any attorney into a more confident speaker, whether addressing colleagues in a conference room, counseling clients in a boardroom, or presenting a CLE in a ballroom. Including tips on bringing the presentation off of one's notes and using direct eye contact, the book answers such common questions as: How do I channel nervous energy into dynamic delivery? What is a reliable way to remember what I want to say? How do I stop saying "um" and think in silence instead? and Why is gesturing so important? Topics are divided into chapters on the body, the brain, and the voice, with an extra section specifically dedicated to practice.

[The Enemy, Volume 1, Charlie Higson](#) , 2009, 014132502X, 9780141325026. When the sickness came, every parent, police officer, politician - every adult - felt ill. The lucky ones died. The others are crazed, confused and hungry. Only children under fourteen remain, and they're fighting to survive. Now there are rumours of a safe place to hide. And so a gang of children begin their quest across London, where all through the city - down alleyways, in deserted houses, underground - the grown ups lie in wait. BUT CAN THEY MAKE IT THERE - ALIVE? The first incredibly gripping adventure in a heart-stopping new series. WARNING Contains strong language and scenes of violence Visit the-enemy.co.uk for more gore . . .

9780977954575. With a successful career in advertising, a surplus of dates and a couple of New York City marathons under her stylish Fendi belt, 29 year-old Laura Esteves is no stranger to the finish line. However, when her off-and-on boyfriend suggests she move in Laura is paralyzed by the thought of this next step. In Manhattan, the possibility of something better waiting around the corner is very real. When Laura's boyfriend tells her he is going on a month long vacation, she sees an opportunity to ease her anxiety. Laura vows to make the most of this newfound freedom: She will date every single single guy in New York City-or at least a good sampling. 100 FIRST DATES: Dating Every Single Single Guy in NYC, is a hilarious, true-life story. After a month of brunching, lunching, dining and clubbing, countless walks in

Central Park and strolls down Hampton's beaches, will Laura take the next step in her relationship, or will she decide this one man is not worth the freedom of her single life.

[Riotous Assemblies: Popular Protest in Hanoverian England, Adrian Randall](#) , 2006, 0199259909, 9780199259908.

Riotous Assemblies examines eighteenth- and early nineteenth-century England through the lens of popular disorder. Tackling both the more closely-studied forms of protest, such as food riots, industrial disorders, and political disturbances, and much less well understood occasions of popular disorder, such as tax riots, turnpike riots, riots against the establishment of the militia, and religious riot, Adrian Randall re-engages the study of riot within a wider interpretation of the forces - social, economic and political - which were transforming society. He pays particular attention to disturbances in the years between 1795 and 1812, critically examining how far they indicated the major discontinuities discerned by earlier histories of protest, or whether they retained much of the character of earlier upheaval. Based upon detailed case studies and drawing upon the most recent research, the book extends the focus of earlier studies of protest. It locates the origins of disorder within the concepts of constitutionalism and the free-born Englishman, and argues that older attitudes proved far more tenacious than many have allowed.

[IT Tools for the Business When the Business Is IT: Selecting and Implementing IT Service Management Tools, Robert Falkowitz](#) , 2011, 0117069035, 9780117069039. Very little has been written on the practices that should be adopted when selecting and implementing software tools and most of it is from the perspective of the processes that these tools support. Although recommendations for specific products in the marketplace abound, there is little, specific guidance as to why specific IT service management tools should be chosen, how to perform their selection and implementation and what pitfalls should be avoided. This book examines the specific nature of ITSM tools, including the full range of tools to support the management of IT services. It also explores the specifics of the architectures that underpin the selection and use of service management tools. These specifics include the strategies and processes representing the (IT) business architecture, the architecture of the data classes managed by the tools and the architectural landscape of service management tools. It follows with a detailed examination of the activities leading to the selection and the implementation of a tool

[On the Interpretation of Treaties: The Modern International Law as Expressed in the 1969 Vienna Convention on the Law of Treaties, Ulf Linderfalk](#) , 2007, 1402063628, 9781402063626. Traditionally, the substance of Articles 31-33 has been described by reference to the various means of interpretation enumerated in said provisions, and little more than that. As argued in this book, more detail is required. On closer inspection, not only does the Vienna Convention provide information on the interpretation data (or means of interpretation) to be used by appliers when interpreting a treaty provision. It also instructs the appliers how, by using each datum, they shall argue to arrive at a conclusion about the meaning of the interpreted provision; and, to some extent, it determines the weight that different data of interpretation shall be afforded when appliers discover that, depending on the specific datum they bring to bear on the interpretation process, the conclusion arrived at will be different. Hence, the regime laid down in VCLT Articles 31-33 will have to be described as a system of rules. This book investigates the contents and structure of this system. By importing knowledge from linguistics, and pragmatics in particular, a model is established giving representation to the concept of a rule of interpretation. Drawing on this model, the book then proceeds to reconstruct the contents of the various rules of interpretation. To facilitate reference, the conclusions suggest a list of 44 rules, all of which can be invoked by appliers citing VCLT Articles 31-33.

[Rambert a Celebration: A Survey of the Company's First Seventy Years, Jane Pritchard](#) , 1996, 0950547832, 9780950547831.

[Insurance Regulation in North America: Integrating American, Canadian, and Mexican Markets, ISSN 1572-154X, Bradly J. Condon](#) , 2003, 9041122265, 9789041122261. The intersection of insurance regulation and trade agreements is of obvious significance to international competitiveness and, thereby, to national welfare. Yet until this masterful study the

subject has remained virtually unexplored. Insurance Regulation in North America, far from merely addressing this important area of theory and practice, superbly balances a world of detailed analysis and commentary with deeply insightful interpretation and debate. The books focus on insurance regulation in three countries allows the authors to approach the subject in an extraordinary depth that could not be achieved in a more global account. In the course of their treatment the authors offer the reader the following invaluable insights, among many others: analysis of the political dimension of reaching agreements and of implementing them; comparison of the three major trade agreements that apply in the North American insurance market (NAFTA, WTO agreements on financial services, and MEUFTA (the Mexico-European Union Free Trade Agreement) with emphasis on the relationship between GATS and NAFTA principles; investigation of the clear convergence of regulatory schemes and the probable limits to harmonization; discussion of the arbitrage by which companies get around regulatory restrictions and exploit opportunities created by loopholes; clarification of the crucial issues surrounding the role of customary international law principles in investor protection obligations; discussion of the level of government and which government agencies a company must turn to in order to satisfy legal requirements; analysis of the jurisprudence of the Supreme Court of Mexico regarding legal effects of treaties on domestic law; commentary on the effects of demutualization and of mergers and acquisitions; discussion of the effect of the entrenchment of U.S. State regulations and the federal governments lack of clear power to force State compliance; and description of dispute settlement procedures between governments. Although important issues arising in each of the three countries are all covered, there is an emphasis on the Mexican market in recognition of Mexico's greater future growth potential and of the relative paucity of relevant literature in English. Major case studies that reveal processes of compliance or conflict are analyzed in detail. For insurance professionals (lawyers, business executives, and policymakers) who want to understand what international trade agreements contain, how they work, and how they affect domestic insurance regulation and business strategy in what is rapidly becoming a global market for insurance and other financial services, this book is a gold mine. Scholars and academics in insurance law and international economic law will also find here a fresh new treatise of great significance.

Take-Home Cards are sturdy and hardwearing. They are available in a pack of 6 double-sided laminated cards. Each Take-Home Card is linked to a title in the Stage 1 More First Words Pack A pupil books. The pupil books support early phonics learning, using two or three Year R high frequency decodable words and the familiar character names. The text is constructed in full, simple sentences, whilst at the same time engaging the children with interesting storylines. Stage 1 More First Words Take-Home Cards help parents or carers to get the most out of reading the pupil books with their child at home. There are suggestions for games and activities to play, and ideas for further activities.

[Reflections on Meaning, Paul Horwich](#) , 2005, 0199251258, 9780199251254. Paul Horwich's main aim in Reflections on Meaning is to explain how mere noises, marks, gestures, and mental symbols are able to capture the world--that is, how words and sentences (in whatever medium) come to mean what they do, to stand for certain things, to be true or false of reality. His answer is a groundbreaking development of Wittgenstein's idea that the meaning of a term is nothing more than its use. While the chapters here have appeared as individual essays, Horwich has edited them to make a continuous argument, focused on articulating and developing an important new conception of language.

[The Place We Call Home: Exploring the Soul's Existence After Death, Robert J. Grant](#) , 2000, 0876044577,

9780876044575. This compelling and contemporary book takes the reader on a fascinating journey into the realms that await us after physical death, a place those who have glimpsed it call our true home. Author Robert J. Grant delves into the questions that everyone asks about souls, death, heaven, and hell. This is a hopeful and inspiring look at the dimensions of life beyond the illusion of death and a celebration of the eternal nature of the human soul.

[Wilson, Ann J. Kettle, Len Scales](#) , 2008, 1843833891, 9781843833895. Crown-magnate relations, the Anglo-Scottish, Anglo-French and Anglo-Irish wars, national and local finance and administration and the nature of late medieval kingship are among the principal themes explored in this volume, along with aristocratic consumption, historical writing, chivalric culture and a review of recent work on crusading history. All newly commissioned from distinguished scholars, they shed new light on late medieval British political, military and governmental history. CONTRIBUTORS: NICHOLAS VINCENT, DAVID CARPENTER, M. L. HOLFORD, ARCHIE DUNCAN, MATTHEW STRICKLAND, BJORN WEILER, ROBIN FRAME, ANDY KING, W. MARK ORMROD, G. L. HARRISS, NORMAN HOUSLEY, ANNE CURRY, MAURICE KEEN, WENDY CHILDS

[Hegel's Idealism: The Satisfactions of Self-Consciousness, Robert B. Pippin](#) , 1989, 0521379237, 9780521379236. This is the most important book on Hegel to have appeared in the past ten years. The author offers a completely new interpretation of Hegel's idealism that focuses on Hegel's appropriation and development of Kant's theoretical project. Hegel is presented neither as a pre-critical metaphysician nor as a social theorist, but as a critical philosopher whose disagreements with Kant, especially on the issue of intuitions, enrich the idealist arguments against empiricism, realism, and naturalism. In the face of the dismissal of absolute idealism as either unintelligible or implausible, Pippin explains and defends an original account of the philosophical basis for Hegel's claims about the historical and social nature of self-consciousness and of knowledge itself.

[MyMathLab for Algebra and Trigonometry by Trigsted Student Access Kit, Kirk Trigsted](#) , 2010, 0132211874, 9780132211871. Kirk Trigsted revolutionized the way this course is taught when he created College Algebra , a completely clickable eText that was written from the ground up within MyMathLab. Recognizing that today's students start with the homework instead of reading the text, Trigsted created an online learning environment that is a seamless mix of exposition, videos, interactive animations, tutorials, and assessment. This approach leverages the power of MyMathLab and leads students to interact with course materials in a way that is proving to be more effective. With Precalculus: A Unit Circle Approach , Trigsted continues to innovate with a revised design that improves navigation and usability, expanded videos, and increased animation coverage. All multimedia elements, exercises, feedback, and content are written by the author himself so that the students have a consistent voice throughout. Starting in 2011, the MyMathLab eCourse series expands to include College Algebra, Trigonometry, Algebra & Trigonometry, and Precalculus: A Unit Approach.

[Requiem, Teresa Carmody, David L. Ulin](#) , 2006, 0976637138, 9780976637134. Fiction. REQUIEM by Teresa Carmody is a "folk opera, a lament for the unexamined life," writes editor and author David Ulin in his Introduction. In this short collection of fiction, a lonely man plainchants for the waitress he once stalked, a sonless father serenades a fatherless son, and a bereft family gathers to bury a parent, providing an aching chorus of what is left. Carmody uses Biblical language to pierce the callous and bruised souls of these lost, and sometimes found, small-town Michiganders. In her raw spare stories, Carmody creates, says novelist, essayist and poet Carol Muske-Dukes, "a voice out of the backyard burning bush, a Midwest scriptural mist: frank, fierce and fidgety, and most emphatically her own."

[A thing of unspeakable horror: the history of Hammer films, Sinclair McKay](#) , 2007, 1845132491, 9781845132491. When the relatively unknown Hammer Films released "The Curse of Frankenstein" in 1957 it unexpectedly struck gold. The reactions of a lynch mob of critics brought the audiences flooding into the cinemas and the film ultimately recovered its modest production budget thirty times over and launched an international 'brand' that would become a part of the British way of life. Originally formed in 1934 and previously known for quickie melodramas, police thrillers and monochrome sci-fi features, Hammer was quick to capitalise on the film's success. By 1979, when the studio ceased production, Hammer's trademark combination of gore and décolletage had in dozens of Frankenstein,acula and vampire movies that would continue to be a staple of late-night television for years to come. Hammer was a very British success story. A family business, it operated from the improbable setting of a Berkshire country house, employed largely British casts and catered to the long-established British taste for grand guignol that teetered on the edge of self-parody. But its production values

were high by the standards of the time

[The end of a trail: the cheetah in India, Divyabhanusinh](#) , 2001, 0195658914, 9780195658910. This is a pictorial history of the cheetah in India from the pre-historic period to the present. It provides a comprehensive account of the animal's interaction with man through the ages, reconstructing the life of the cheetah in captivity and its use by Indian royalty as an aid to hunting. Divyabhanusinh examines anew the process of the Indian cheetah's decline in the nineteenth and twentieth centuries, charting its path to extinction and analysing the causes of its disappearance. In this impression, the 'Epilogue 2001' provides a complete update on the information in the book, including detailed new findings on the evolution of cheetahs from Africa and Asia. It also gives fresh evidence about the sadly declining numbers of cheetah in Iran, and the existence, albeit not very optimistic, of the animal in Pakistan and Afghanistan. The epilogue also documents cases of the killing of the cheetah for rewards, a practice performed in British India, leading to its extermination. Finally, the author proposes a reintroduction of the cheetah in a select part of India. But if the cheetah is to survive at all on the Indian subcontinent, it will require the unconditional support of the governments of India, Iran, and Pakistan. The author mines a wide range of sources -- from prehistoric cave paintings, Sanskrit, Classical Greek and Roman literature to Mughal miniature paintings, rare photographs, shikar literature of the British Raj, and interviews. Containing several illustrated book is an indispensable reference work and has led to a renewed interest in the cheetah's reintroduction in India.

[Herpes: A Nutritional Approach, Louise Tenney](#) , 1996, 0913923605, 9780913923603. Although no medical cure exists for herpes, those suffering from the virus can still lead normal, healthy lives with the help of certain herbs, supplements, and dietary changes. In this booklet, Louise Tenney, MH, talks about the nature of viruses and why they are difficult to deal with. She also explains how herpes develops and spreads, details natural treatments for herpes, and includes recipes for boosting the immune system.

[A Carousel Tale,](#) , 2009, 1582462399, 9781582462394. Ernst loves the carousel near his house, and his favorite animal is the dog. When the dog's wooden tail comes loose just before winter, Ernst is given the important job of keeping it safe until springtime. But the tail looks sad sitting on Ernst's shelf without its dog, and Ernst can't help but try to cheer it up. It isn't long before he has transformed the lonely tail into something wonderful!As spring approaches, Ernst wonders if he will have to give up his special creation. And if he doesn't, what will the poor dog have to wag? The imaginative crocodile from Ernst and The Puddle Pail shines once again in a story that children will treasure.

[Sixpence House, Paul Collins](#) , 2010, 1608196828, 9781608196821. "Sixpence House is the bookworm's answer to A Year in Provence." -Boston Globe Paul Collins and his family abandoned the hills of San Francisco to move to the Welsh countryside-to move, in fact, to the village of Hay-on-Wye, the "Town of Books" that boasts fifteen hundred inhabitants and forty bookstores. Taking readers into a secluded sanctuary for book lovers, and guiding us through the creation of the author's own first book, Sixpence House becomes a heartfelt and often hilarious meditation on what books mean to us. A #1 BookSense Pick "A delightful book."-Los Angeles Times "Collins' gift is that you don't care where you end up. The journey is enough."-Readerville "The real, engaging heart of the tale is Collins' love of books and other people who love them...Collins muses on antiquarian books the way the rest of us remember lost loves."-San Francisco Chronicle "Funny, informative, somewhat chaotic and full of interesting references...there are numerous meanders into peripheral subjects, seen through the astute eyes of an Anglophile American."-Washington Post

[Mike Colameco's Food Lover's Guide to New York City, Mike Colameco](#) , 2009, 0470044438, 9780470044438. The insider's food guide to New York City-from trusted New York food expert and TV/radio host Michael Colameco New York is the food capital of the United States, with an incredibly rich and diverse dining scene that boasts everything from four-star French restaurants, casual neighborhood bistros, and ethnic restaurants from every corner of the world to corner bakeries, pastry shops, and much more. Now Mike Colameco, the host of PBS's popular Colameco's Food Show and WOR-Radio's "Food Talk", helps you make sense of this dizzying array of choices. He draws on his experience as a chef and New York resident to offer in-depth reviews of his favorite eating options, from high-end restaurants to cheap takeout counters and beyond. His work has given him unprecedented access to the city's chefs and kitchens, allowing him to tell you things others can't. He offers inside information about different establishments, giving a detailed and sometimes irreverent sense of the food and the people behind them. Goes beyond ratings-centered guides to offer detailed, opinionated reviews by an experienced chef and longtime New Yorker. Recommends restaurants, bakers, butchers, chocolatiers, cheese stores, fishmongers, pastry shops, wine merchants, and more. Entries include basic facts, contact information, and a thoughtful, personal review. Includes choices in every price range and neighborhood, from Tribeca to Harlem. Whether you're visiting for a weekend or have lived in New York for years, this guide is your #1 go-to source for the best food the city has to offer.

[Agile Development and Business Goals: The Six Week Solution, Tom Wheeler, George Stragand](#) , 2010, 0123815207, 9780123815200. "Agile Development and Business Goals" describes a unique, state-of-the-art methodology that aligns the critical but often "silo-ed" software development process with core company goals. Eschewing long-winded "agile

philosophy" in favor of a formally prioritized process, this book serves as a distilled learning guide for managing technical resources in a manner that directly boosts your bottom line. Build the teams, define the roles, acquire the tools, and deliver your world-class software on time and on budget. * Explains how to employ automation in your development process to improve your company's profitability. * Introduces a compensation structure that incentivizes your technical talent to deliver measurable results on a predictable basis. * Provides real-world solutions - questions to ask when hiring or which build server software to consider, for example - instead of theoretical discussions.

[Systematic Theology: An Introduction to Biblical Doctrine, Wayne A. Grudem](#) , 2009, 0310566029, 9780310566021. The Christian church has a long tradition of systematic theology, that is, studying theology and doctrine organized around fairly standard categories such as the Word of God, redemption, and Jesus Christ. This introduction to systematic theology has several distinctive features: - A strong emphasis on the scriptural basis for each doctrine and teaching - Clear writing, with technical terms kept to a minimum - A contemporary approach, treating subjects of special interest to the church today - A friendly tone, appealing to the emotions and the spirit as well as the intellect - Frequent application to life - Resources for worship with each chapter - Bibliographies with each chapter that cross-reference subjects to a wide range of other systematic theologies.

[Bicycling New Hampshire's seacoast, Linda Chestney](#) , 2002, 0963707787, 9780963707789. The shoreline of New Hampshire may be short--only 18 miles of ocean from Portsmouth to Seabrook--but it's long on scenery, history, and some of the best bicycling in the state! So climb on your bike and take in the expansive views of the Atlantic Ocean, sun on the sandy beaches, or plan to stop at one or more of the dozens of historic properties and scenic byways the Seacoast of New Hampshire offers in abundance. Or head farther inland to areas lesser known, but equally beautiful for cycling--like peaceful, rolling Kensington; quaint Barrington; or the serene environment of Great Bay in Newmarket. Or

choose one of the rides that skirts into Maine and visit Nubble Light House, or pedal south into Massachusetts along the Merrimac River. Whether you pedal through an inland village or oceanfront town, you'll find the Seacoast region offers a perfect opportunity to get on your bike and enjoy New Hampshire at its best.
