[Free Radical, Nez Coupe](#) , 1992, 0963212419, 9780963212412. You could take a bicycle places you couldn't take a car, she explained. Such as over rough terrain to avoid roadblocks. A bike was easy to float, easy to hide, easy to abandon, since it wasn't registered. It wouldn't arouse suspicion the way a pedestrian or a driver might. If you're driving you must be going somewhere, but if you're on a bike you're getting some exercise. On foot you could be broke & desperate. Walk through a quiet neighborhood & people watch you from their windows. Ride through the same neighborhood & they dismiss you as a passing phenomenon. "And the advantages are magnified in a foreign country." she said. "You don't have to produce ID to acquire a bike--or when you ride it. You don't have to learn the local rules of the road. You can disguise yourself with a helmet & sunglasses." Sterne nodded casually, concealing his shock at the depth of her clandestine work. She worked abroad, ALONE? FREE RADICAL introduces Diana Loy, a rogue huntress who preys upon predators; from the perspective of an agent provocateur who suspects he's being used to pin a wild innocent to the wall. Sample excerpts are available.

[The Book of Mystical Chapters: Meditations on the Soul's Ascent, from the Desert Fathers and Other Early Christian Contemplatives, John Anthony McGuckin](#) , 2003, 1590300076, 9781590300077. The early Christian monks of Egypt, Syria, and Palestine were the spiritual heroes of their age fleeing the security of civilization for the desert, where they sought God in lives of prayer, contemplation, and radical simplicity. This book is a portable collection of their teachings, and those of their contemplative contemporaries, ranging from the fourth through the eleventh centuries. It is arranged to the traditional model of three ascending "books": Praktikos (practice), Theoretikos (theory), and Gnosis (knowledge). Each book consists of 100 "sentences" aphorisms or thoughts. Each sentence is intended to be read and meditated upon for an entire day just as the monks themselves might have done as they went about their work.

[Mama May I, Charlotte Russell Johnson](#) , 2006, 0974189340, 9780974189345. This book reveals a level of honesty infrequently seen in authorized biographies and memoirs. Dr. Johnson is able to bring to life the effects of substance abuse on the user and the entire family system. She is able to acknowledge her co-dependent behavior and its effects on her children. Although hopeful that the family will be able to overcome its past now that Mr. Johnson is clean and sober, she soon realizes that every action has a consequence. Can a man take fire into his bosom and not be burned? After a family secret and conspiracy is revealed, the reader along with Dr. Johnson is forced to reevaluate everything they have

previously known about the family. As the plot progresses, the layers of the conspiracy are subtly exposed revealing a depth of sin and deceit reminiscent of Nathaniel Hawthorne's "The Scarlet Letter." Will the family be able to weather this storm?

[Max and the School Dinners, Colin Hawkins, Jacqui Hawkins](#) , 1997, 0140555919, 9780140555912. Max thinks school dinners are great fun. [Ragged London: The Life of London's Poor, Michael FitzGerald](#) , 2011, 0752460056, 9780752460055. Ragged London describes life in the rookeries of London, where forty people would live together in one room. Although life was a constant struggle against famine, disease and violence, the people enjoyed a closeness that was more than the result of overcrowding. Their lives were lived entirely within the "mean streets" of their little corner of London. They were born and raised within the rookeries, earned their meager living there, enjoyed life as best they could, dressed in the latest fashion, got married, had children, died, and were buried there. The lack of cooking facilities led to them inventing the takeaway, and there was absolutely no sanitation. In the poorest district of all, St. Giles, only a single water pump serviced the entire population. It was a closed world, although the population explosion of nineteenth-century London led to millions of new arrivals in the already-congested rookery districts. The areas were lawless to a degree that dwarfs contemporary concerns about crime. Though life was cheap in the rookeries, they produced some of the best soldiers and sailors in the British armed forces.

[Expert Advice: Twenty-One Tales of Murder and Mayhem, Sonia Suedfeld](#) , 2012, 0973105259, 9780973105254.

TWISTS. THRILLS. TERROR. That's what you'll find in each of the 21 tales that make up this collection of short stories. Some are award-winners, some are not--but all of them showcase murder and mayhem at its worst...and human nature at its darkest and deadliest. These are tales that titillate and tickle the senses in twisted, thrilling, and terrifying ways reminiscent of the masters of the genre like Edgar Allan Poe, Robert Louis Stevenson, Stephen King, and Jeffrey Deaver. Prepare yourself for stories that grab you by the throat and don't let go until the very last word...stories with more twists and turns than a mountain road...stories that will keep you awake way past your bedtime and haunt your dreams....

ABOUT THE AUTHOR: A former newspaper reporter from Ontario, Sonia Suedfeld now lives in British Columbia where she

writes crime, mystery and mainstream fiction. She is the author of several award-winning short stories and has published in anthologies, magazines, and online. "Expert Advice," her first published collection of short stories, showcases several short stories that have won awards and prizes. Sonia is the author of the mystery novel "Dead Beneath The Water" and is hard at work on a second novel.

[History, Brian Mimmack](#) , 2010, 043503264X, 9780435032647. Four student books with complete coverage of the most popular history topics. A Comprehensive Guide to Paper 1 provides: Complete coverage of the prescribed subjects with a clear overview and detailed analysis of key events. Material to equip students with the knowledge and skills necessary to answer source-based questions. Extensive practice in analysing a wide range of different source materials. Free online resources to support and extend study at <http://www.pearsonbacconline.com.com>. Causes, Practices and Effects of War Authoritarian and Single Party States Cold War Each of these 20th Century World textbooks provides: A clear overview and analysis of key leaders and events. Thematic approaches, comparative studies, cross-regional perspectives and explanations of the methods of historical research and writing. Timelines, document-based activities, practice questions, essay practice and sample answers. Free online resources to support and extend study at www.pearsonbacconline.com.

[Silver speaks: traditional jewelry of the Middle East, Joyce Diamanti, Robert K. Liu](#) , 2002, 0972506608, 9780972506601. Historical overview of silver jewelry traditions of Oman, Yemen, Saudi Arabia, Syria, and Egypt. Discusses geography and history and culture of the Middle East as it relates to the women who wore the jewelry and men who made it - Muslims, Jews, and Christians. Explores trade, technology, design, and symbolism of silver wearable art. Full color photos throughout. Based on the Exhibition at the Bead Museum in Washington DC October 2002- August 2003.

[Principles of Development: Das Original Mit Übersetzungshilfen, Lewis Wolpert, Peter Lawrence, Elliot Meyerowitz, Elizabeth Robertson, Jim Smith](#) , 2007, 3827418569, 9783827418562. Easy Reading: Das Original mit Übersetzungshilfen - der neue Weg zur englischen Fachsprache Von Studierenden der Biowissenschaften wird heute erwartet, dass sie im Laufe ihres Studiums englische Literatur problemlos lesen und verstehen und schließlich auch Forschungsergebnisse auf Englisch kommunizieren können. Die vorliegende Version von Lewis Wolperts Standardwerk "Principles of Development" ist auf diese Situation zugeschnitten und bietet dem Leser: den englischen Originaltext deutsche Übersetzungshilfen in der Randspalte ein Glossar englischer Fachbegriffe mit deutschsprachigen Erläuterungen Kapitelzusammenfassungen in englischer und in deutscher Sprache Die Entwicklungsbiologie ist ein Herzstück der gesamten Biologie. Mit der Anwendung moderner zell- und molekularbiologischer Techniken und Erkenntnisse hat dieses Fach in den letzten Jahren einen enormen Aufschwung und eine wahre Explosion des Wissens erlebt. Dieses erfolgreiche, in mehreren Auflagen bewährte Lehrbuch vermittelt vor allem die Grundprinzipien und Schlüsselkonzepte, die die Entwicklungsbiologie einleiten. Dabei gehen die Autoren davon aus, dass entwicklungsbiologische Prozesse am besten zu verstehen sind, wenn man erläutert, wie Gene das Verhalten von Zellen beeinflussen. Genetik und Zellbiologie nehmen daher in diesem Buch breiten Raum ein.

Zahlreiche didaktisch durchdachte vierfarbige Grafiken und farbige Fotografien sowie viele Zusammenfassungen und ?bersichtsdiagramme erleichtern es dem Leser, die grundlegenden Konzepte und komplizierten Prozesse der Entwicklung nachzuvollziehen und zu verstehen. Der Schwerpunkt des Buches liegt auf den Wirbeltieren und der Tauflye, aber auch Wirbellose wie Fadenw'rmer und Seegurken werden behandelt. Wichtig ist die Integration der Entwicklungsbiologie von Pflanzen, die in anderen Lehrb'chern oft fehlt. Weitere zentrale Themen und Fragestellungen werden in der zweiten H'lfte des Buches vorgestellt und erlutert: etwa die Morphogenese im fr'hen Embryonalstadium, die Prozesse der Zelldifferenzierung und der Organbildung, die Entwicklung des Nervensystems und der Keimzellen, Regeneration, Wachstum und Altern sowie die heute intensiv erforschten Beziehungen zwischen Entwicklung und Evolution. Ein Glossar rundet das konzeptionell und optisch beeindruckende Buch ab. "Neu in dieser Auflage: " - st'rkere Betonung der molekularen Mechanismen der Entwicklung, entsprechend der Sto'richtung moderner entwicklungsbiologischer Forschung - verbesserte Kapitelfolge erleichtert Studierenden das Verst'ndnis: zuerst die Entwicklung bei Wirbellosen, dann der Bauplan der Wirbeltiere (von einfachen zu komplexeren Sytemen) - Modellorganismen werden nicht mehr separat vorgestellt, sondern in dem Zusammenhang jener Prozesse und Systeme, die man bei ihnen untersucht oder aufgekl'rt; dies verschafft den Studierenden einen besseren Eindruck vom Prozess der Forschung und der Rolle, welche die Modellorganismen darin spielen - das Glossar ist erweitert und enth'lt zahlreiche neue Begriffserl'uterungen, um den Studierenden den ?berblick ?ber die schwierige Fachterminologie der Entwicklungsbiologie zu erleichtern - ausf'hrlichere Behandlung von Organogenese, Oogenese, Spermatogenese und des Zusammenhangs zwischen Evolution und Entwicklung ("Evo-Devo") entsprechend der Forschungsfortschritte auf diesen Feldern

[The Future Impact of Automation on Workers, Wassily Leontief University Professor New York University, New York University Faye Duchin Director both of the Institute for Economic Analysis](#) , 1986, 0195365143, 9780195365146. While the computer revolution has created hundreds of thousands of new jobs, it has threatened as many other jobs with obsolescence and has often caused the displacement of workers by computer-based machines. Here, Nobel Prize-winning economist Wassily Leontief and Faye Duchin use the input-output approach, a method that has been widely applied in examining structural economic change, to analyze the complex issues surrounding the impact of computer-driven automation on employment. Following a general discussion of the impact of automation on employment, they focus on four specific sectors within the economy--manufacturing, office work, education, and health care. The input-output approach makes it possible to draw conclusions regarding both overall employment and the prospects for individual occupations. Taking account of the increased need for workers in the production of computer-based equipment, the authors conclude that by the year 2000 automation will not cause dramatic unemployment if the economy is able to achieve a smooth transition from the old to new technologies.

[Oral Health in South Australia 2008, Katie Beckwith, David Simon Brennan, Andrew John Spencer](#) , 2010, 098072306X,

9780980723069. Oral Health In South Australia 2008 provides a comprehensive summary of the oral health of South Australian residents. This publication was developed from a range of surveys conducted by the Australian Research Centre for Population Oral Health (ARCPHO) and administrative data provided by state dental services. Information provided in this publication includes data on caries experience and periodontal diseases of children and adults, tooth retention and loss among adults, access to dental care, cost of dental care and the dental labour force. Information on the oral health of Indigenous children and adults is also provided. The publication highlights the recent increase in the level of dental decay among primary and secondary school children, the low percentage of school aged children visiting the school dental service, the extent of individual out-of-pocket expenditure on dental services, and issues with access to dentists and dental hygienists outside of the Adelaide metropolitan area.

[Elizabethan Garden at Kenilworth Castle, Anna Keay, John Watkins](#) , 2012, 1848020341, 9781848020344. The garden created by Robert Dudley, Earl of Leicester, at Kenilworth Castle in the early 1570s was one of the wonders of Elizabethan England. It is also the best documented of all the great gardens of its age, providing the starting point for English Heritages ambitious re-creation in 2009. This beautifully illustrated book presents the extensive research that informed the scheme and describes the process by which the new garden was designed. Seventeen chapters, written by specialists and experts in the field, range widely, covering: the place of Kenilworth in garden history; the Earl of Leicester as a cultural patron and his work at Kenilworth; the results of the excavation of the garden site; detailed consideration of key aspects of the Elizabethan garden, including the fountain and the aviary; and important new work on the early Elizabethan flower garden. The overall philosophy of re-creating the garden and the practical aspects of doing so, are also considered. This book represents a major addition to the study of English garden history.

[Bookweb Big Books - Government and Citizenship, Nicolas Brasch](#) , 2007, 0170131041, 9780170131049. Bookweb Plus Big Books are an excellent resource for the explicit teaching of text types in reading and writing. Topics are presented from a range of perspectives and promote both visual literacy and critical thinking. A concise set of teaching notes that highlights the key features and teaching opportunities for each section of text are presented at the front of the book.

[Mercillia II: Redemptive Promise, A. Lin Thomas](#) , 2012, 1466943106, 9781466943100. Kellen McDaniel is a young man who sought God's deliverance from vicious attacks against his family. But what he discovered through trials that tested

his faith and endurance, was his strengths and his destiny. His purpose is revealed as he cries out to God for direction, and he is humbled by his calling.

[The Forsyte Saga, John Galsworthy](#) , 2010, 160778579X, 9781607785798. The Forsyte Saga is a series of three novels and two interludes published between 1906 and 1921 by John Galsworthy. They chronicle the vicissitudes of the leading members of an upper-middle-class British family. Only a few generations removed from their farmer ancestors, the family members are keenly aware of their status as "new money". The main character, Soames Forsyte, sees himself as a "man of property," by virtue of his ability to accumulate material possessions-but this does not succeed in bringing him pleasure.- Excerpted from Wikipedia, the free encyclopedia.

[The Easy Way for Women to Stop Smoking: A Revolutionary Approach Using Allen Carr's Easyway Method, Allen Carr](#) , 2010, 1402765509, 9781402765506. Now women can kick the cigarette habit, too, using a version of Allen Carrs revolutionary Easyway (TM) Method created expressly for them. Carrs The Easy Way to Stop Smoking sold nine million copies worldwide; his method succeeds because it helps smokers eliminate the psychological craving for a cigarette even before they throw away that last pack. Filled with inspiring stories and quotes from real women who have battled nicotine addiction, this follow-up addresses the unique difficulties females face when they decide to quit. Carr and Francesca Cesati focus on those issues of special concern to women, such as weight gain, increased stress, and smoking during pregnancy making this the perfect gift for any woman who lights up and wants to stop.

[3:16: A Study for Small Groups, Max Lucado](#) , 2007, 141858679X, 9781418586799. If 9/11 are the numbers of terror and despair, then 3:16 are the numbers of hope. Best-selling author Max Lucado leads readers through a word-by-word study of John 3:16, the passage that he calls the "Hope Diamond" of scripture. The study includes 12 lessons that are designed to work with both the trade book and the Indelible DVD for a multi-media experience.

[Friends Forever: the Mystery Tour, , Judi Curtin](#) , 2013, 0141335122, 9780141335124. Friends Forever: They Mystery Tour is the third book in this wonderful series of friendship stories from Ireland's best-selling author for 8-12 year old girls, Judi Curtin. Blackouts, gas masks and rationing - the truest friendships are made in the hardest times . . . Hi, this is Lauren again! My special cat, Saturn, has quite a skill for travelling far, far away, and I don't mean in distance. My best

friend, Tilly, and I were ready for our next mystery tour adventure . . . This time we landed in London in 1939 as the first bombs of the Second World War were about to drop. Luckily we met a new friend, Violet, just in time to catch the evacuation train into the countryside. But there we were going to face all sorts of war-time challenges . . . Judi Curtin was born in London and grew up in Cork. She now lives in Limerick with her family. She has three children and a cat called Domino. Domino does not have any superpowers - as far as Judi knows. In her spare time, Judi likes to read, play Scrabble and grow tomatoes. She is Ireland's best-selling fiction author for 8-12 girls with her Alice & Megan series. www.judicurtin.com

[Jonathan Goes to the Grocery Store, , Susan K. Baggette](#) , 1998, 0966017226, 9780966017229. In JONATHAN GOES TO THE GROCERY STORE, a toddler explores part of his young world with important "big people." He cheerfully greets grocery store employees, identifies products his grandparents need to purchase & helps find a creative way to communicate with his physically disabled grandmother while they shop. From THE JONATHAN ADVENTURES series, JONATHAN GOES TO THE GROCERY STORE features bright, familiar photographs that very young children will want to look at - over & over again. Simple questions within the text invite conversation between a young child & an adult exploring the pages together. "Find It!" color-&-shape matched thumbnail photographs on the back covers offer images a toddler can recognize & point to inside the pages. The JONATHAN ADVENTURES deliver a positive message that all kinds of people can be helpful in a toddler's daily life. Other JONATHAN ADVENTURES titles: JONATHAN GOES TO THE DOCTOR (0-9660172-1-8) & JONATHAN GOES TO THE LIBRARY (0-9660172-3-4). Each "adventure" tells a complete story. The Website: <http://www.brookfieldreader.com>. Toll free: (888) 389-2741.

[Business Associations: Agency, Partnerships, and Corporations : Cases and Materials, William A. Klein, J. Mark Ramseyer, Stephen M. Bainbridge](#) , 2009, 1599414988, 9781599414980. With the prior edition of this concise, up-to-date casebook having been adopted at over 100 law schools, the seventh edition preserves the authors tradition of providing a comprehensive overview of agency, partnership, and corporation law. It also continues to emphasize six basic editorial principles: Be lean but not mean, cases edited ruthlessly to produce a readable and concise result. Facts matter, so they are included in all their potential ambiguity. Bring a planners perspective to the table through extensive use of transactionally-oriented problems. Annually updated PowerPoint slides cover almost all sections of the book and feature an extensive use of data, graphics, and photos. The seventh edition contains a number of important developments and interesting new cases since the prior edition, including: Perretta v. Prometheus Development Company, Inc. Benihana of Tokyo, Inc. v. Benihana, Inc. In re The Walt Disney Co. Derivative Litigation Stone v. Ritter AFSCME v. AIG, Inc. Brodie v. Jordan

[Information Overload: An International Challenge for Professional Engineers and Technical Communicators, Judith B. Strother, Jan M. Ulijn, Zohra Fazal](#) , 2012, 1118360516, 9781118360514. A unique approach to information overload, combining theory and practical solutions. Written and edited by an international group of experts from academia and industry, Information Overload clearly links academic theory to real-world practice, providing a truly global and interdisciplinary treatment of this important topic. Emphasizing the role of engineers and technical communicators, the book discusses the root causes and costs of information overload within organizations and introduces strategies and proven techniques for reducing information overload and minimizing its negative impact. It offers a theoretical framework and ideas for future research, and features special chapter 'insight boxes' that recount different approaches to problems from various multinational corporations. Information Overload: Focuses on key definitions and challenges of information overload for both communicators and organizations. Details a variety of technical and human-centered strategies for addressing the deluge of data. Presents effective solutions tried at IBM, Xerox, and Harris Corporation. Examines the effects of culture as well as that of color, visual form, text, and end-user documentation. Offers an engineering perspective on the technologies available for dealing with information overload. Information Overload also serves as a first-rate survival manual for researchers in academia, practicing engineers, technical communicators, and managers and professionals at all levels of profit and nonprofit organizations.

[Moe, Jim Hamlett](#) , 2011, 0982898509, 9780982898505. Two are better than one for if they fall, one will lift up his fellow. But woe to him who is alone when he falls and has not another to lift him up! Ecclesiastes 4:9-10 ESV Fresh from seminary, Moses Mackenzie leaves his beloved Scotland and travels to the rural upstate of South Carolina. He searches not only for work that will give meaning to his life, but for an answer to the question that has plagued him since childhood: How does the mutation of a single gene square with being fearfully and wonderfully made? In South Carolina, Moe meets Kirk Vaughn, pastor of the Blue Ridge Fellowship, a man desperate for a miracle. When Kirk realizes the last candidate for associate pastor is a man named Moses, he believes God may be sending a prophet with the miracle the whole church is expecting. Full of anticipation, Kirk arrives at the airport to pick up their guest, but instead of the prophet-like figure he expects, he finds a dwarf in kilt and miniature Moses-in-a-skirt. Through circumstances that neither man envisions, Moe and Kirk are thrown into a working relationship that tests their understanding of themselves, of each other, and of what it means to be a true friend. Each man travels to the end of his own way before realizing the answer to his need lies on a path he least expects. Moe is a story of friendship of how desperately we need at least one true friend

to help us up when the inevitable trials of life put us down. If you enjoyed Jan Karon's Mitford stories, you'll like Moe.

[Cruel, Lincoln Lee](#) , 2007, 097945901X, 9780979459016. A high school graduate, Larain Macnamore better known as Rain, is the most popular young lady at her school. Very smart, athletic, and beautiful, she enjoys the company of her three best friends London, Amanda, and Baneaka. The group of socialites are looking forward to college as the school year ends. Until, Rain's life suddenly changes, and her bright future comes to a halt when devastating news in her relationship with her boyfriend Royce Kenzly is discovered. Feeling like she has no choice she departs her home town, leaving behind friends, family, and plans for college. She eventually heads for the windy city, where she gets up with her cousin GoGo. GoGo, a wild, feisty, inner city girl is the total opposite of innocent middle class Rain. But gradually Rain lets her high maintenance guard down and slowly begins to make a transition into the inner city world of lawless characters. Feeling like she has nothing to loose at times, she still tries to hold on to some sort of values as her surroundings began to devour her innocence.

[Human Sexuality Today, Bruce M. King](#) , 2008, 0136042457, 9780136042457. The sixth edition of Human Sexuality Today provides students with the information they need to make responsible decisions and helps them feel comfortable about themselves while learning about their sexuality. This new edition is comes in a new attractive four color design and in the VangoBook format! VangoBooks are innovative course materials designed to better meet the needs of today's students. VangoBooks are portable and present the need-to-know information at about half the cost of a traditional textbook. This VangoBooks product is accompanied by VangoNotes, a downloadable audio study guide tied to this textbook. For more information, visit VangoNotes.com.

[Hustlin' Backwards, Mike Sanders](#) , 2005, 0972800530, 9780972800532. Capone, and his life-long road dawgz, June and Vonzell are out for just one thing?. To get rich!....By any means necessary! As these three partners in crime rise up the ranks from Project-Kids to Street-Dons, their sworn code of ?Death Before Dishonor? gets tested by the Feds. Though Capone's simple pursuit of forward progression as a Hustler gains him an enviable lifestyle of Fame, Fortune and all the women his libido can handle ? It also comes with a price. No matter the location ? Miami, Charlotte, Connecticut or Puerto Rico ? There's simply no rest for the wicked! WARNING: HUSTLIN? BACKWARDS is not the typical street-novel. A Unique Plot, Complex Characters mixed with a Mega-dose of Sensuality makes this story enjoyable by all sorts of readers! A true Hustler himself, Mike Sanders knows the game, inside and out!

[Postcards from Paradise: Romancing Key West, June Keith](#) , 1995, 0964343479, 9780964343474. Gathered from the author's 20-year romance with America's southernmost city, here is a collection of 60 essays and 65 photographs that show Key West's brimming treasure chest of fascinating lore. Since arriving in Key West in 1975, the author has worked as a go-go dancer, a newspaper reporter, a tour guide, an assistant to America's first gay mayor, a fine-art saleswoman, a bartender, and a waitress. She witnessed this beloved island, the place Ernest Hemingway called "the poor man's Saint

Tropez", grow into one of the world's most dazzling tourist destinations. The essays in this book are both hilarious and poignant parables that delve into the history of a place where the sun shines every day.

[An Infantryman in Stalingrad: From 24 September 1942 to 2 February 1943, Adelbert Holl](#) , 2005, 0975107615, 9780975107614. The author, Adelbert Holl was a 23-year-old infantry Leutnant when he rejoined his unit in Stalingrad in September 1942 after recovering from a severe wound he suffered in April 1942. Upon returning to Infanterie-Regiment 276 of 94. Infanterie-Division, he discovered that many of the officers and men who had been with the unit barely 5 months earlier were now dead or wounded, and the unit was embroiled in tough city-fighting in central Stalingrad. This book records his experiences as a junior infantry commander during Stalingrad from September 1942 until the very last day in February 1943.

[Musclenut and Brainbox: A Science-fiction Adventure, Joan Flanagan](#) , 1989, 0140342567, 9780140342567. A combination of slapstick fantasy and quippy dialogue, guaranteed to be a hit with non-readers. 9-12 years.

[The Devil Himself: A Novel, Eric Dezenhall](#) , 2011, 1429990368, 9781429990363. "I'll talk to anybody, a priest, a bank manager, a gangster, the devil himself, if I can get the information I need. This is a war." -- Lt. Commander Charles Radcliffe Haffenden, Naval Intelligence Unit, B-3In late 1982, a spike in terrorism has the Reagan Administration considering covert action to neutralize the menace before it reaches the United States. There are big risks to waging a secret war against Americas enemies---but there is one little-known precedent.Forty years earlier, German U-boats had been prowling the Atlantic, sinking hundreds of U.S. ships along the east coast, including the largest cruise ship in the world, Normandie, destroyed at a Manhattan pier after Pearl Harbor. Nazi agents even landed on Long Island with explosives and maps of railways, bridges, and defense plants. Desperate to secure the coast, the Navy turned to Meyer Lansky, the Jewish Mob boss. A newly naturalized American whose fellow Eastern European Jews were being annihilated by Hitler, Lansky headed an unlikely fellowship of mobsters Lucky Luciano, Bugsy Siegel, Frank Costello, and naval intelligence officers. Young Reagan White House aide Jonah Eastman, grandson of Atlantic City gangster Mickey Price, is approached by the presidents top advisor with an assignment: Discreetly interview his grandfathers old friend Lansky about his wartime activities. There just might be something to learn from that secret operation.The notoriously tight-lipped gangster, dying of cancer, is finally ready to talk. Jonah gets a riveting---and darkly comic---history lesson. The Mob caught Nazi agents, planted propaganda with the help of columnist Walter Winchell, and found Mafia spies to plot the invasion of Sicily, where General Patton was poised to strike at the soft underbelly of the Axis. Lanskys men stopped at nothing to sabotage Hitlers push toward American shores. Based on real events, The Devil Himself is a high-energy novel of military espionage and Mafia justice.

[A Reader's Guide to Books in the Irish Language, Seosamh McCloskey](#) , 1992, 0963573802, 9780963573803. In this guide you will find short descriptions of more than 200 books written in the Irish language from 1900-1992. Some bibliographical material is given on each author. The books described are in the categories of language, history, literature, poetry, drama, folklore, non-fiction, books for beginning readers & books on tape. Each category has a brief introductory essay placing the genre historically. Dual language texts & available translations are noted. Although this is a personal selection, & is by no means a complete compilation of books available in Irish, it will leave the reader with a good knowledge of the state of writing & literature in Irish today. It will be of use to readers who are fluent in Irish & also beginning readers, because it notes the level of writing with regard to simplicity or sophistication of the text being described. The guide will also be of interest to people who do not know the language but are interested in Ireland. This book will give them information that they will not find anywhere else. A second volume is planned for 1994 covering books published before 1900, many of which are of linguistic interest. For information/To order contact Irish Books, 580 Broadway, NY, NY 10012. Phone: (212) 274-1923.

[Let's Count Goats!, Mem Fox](#) , 2010, 1442405988, 9781442405981. I can see the airport goats and I can see their cases. But can you count the pilot goats with goggles on their faces? This hilarious count-to-ten book features goats of all shapes, sizes, hobbies, and professions and each spread gives readers a delightful opportunity to count the funny four-legged creatures. Acclaimed author Mem Fox's renowned humor and infectious rhyme merge with celebrated illustrator

Jan Thomass bold and brilliant illustrations to make this an instant goat-by-numbers classic.

[Diamonds in the Shadow, Caroline B. Cooney](#) , 2009, 0385732627, 9780385732628. THE FINCH FAMILY did not know that five refugees landed from Africa on the day they went to the airport to welcome the family sponsored by their church. The Finch family only knew about the four refugees they were meeting - Andre, Celestine, Mattu, and Alake - mother, father, teenage son and daughter. Soon Jared realizes that the good guys are not always innocent, and he must make a decision that could change the fate of both families. This story presents many points of view and a fresh perspective on doing the right thing. From the Hardcover edition.

A beautifully designed deluxe collection of 64 full-color cards that capture the feel and essence of Napoleon Hill's all-time #1 classic bestseller on prosperity and riches. These cards contain Napoleon Hill's most motivational quotes, taken from the #1 all-time personal finance classic, Think and Grow Rich. In addition, each transformative quote is paired with an inspirational word that can help you clarify, focus, and move toward the riches you desire. Pull out a card, put the quote and inspirational word to action in your life, and see your dreams come true.

[Real Demons: Between Humans and Vampires, Sarima Batista](#) , 2013, 0988448327, 9780988448322. The lifeless remains of the fifth deer were jettisoned crashing against a tree, a deafening growl boomed through the air. He let his anger to flow inside him for the first time; he rushed against the nearby trees and uprooted them. He felt strong and great; as he had never felt before. It was when he saw his figure reflected on the lake, his reddish hair shone illuminated by the Moon, his face was unrecognizable, his veins swelled all over his face; his blue eyes seemed to pop out from its sockets, surrounded by big red circles and from his white teeth huge fangs stood out. His mind recorded then all what he had done, he had finished off the life of those animals, he had feasted on their blood, he laid down on the wet earth, and understood his grandfather was right, he had saw the monster he was; a blood drinking demon. The image of his mother came to his mind, all that years of sacrifices had been in vain, he wasn't human, and she stuck to an illusion, to a lie. He was a demon as his grandfather told her once and again through the years.

[Mission to Eternova: Assessing Potential and Developing Performance, Julie Hay, Peter Emery](#) , 2001, 0566084163, 9780566084164. You are situated on Homebase, a station in space in a galaxy far from Earth, where you work for a space exploration agency. News has come in of the discovery of a new planet, Eternova, where there is a valuable source of powerful new energy that will enable your community to thrive for the next millennium. This is a commercial opportunity for your organization. However, you have heard that your competitors are also aware of this discovery and are expected to reach Eternova within the next 50 light years. This is the opening of the Participant Brief for the simulation Mission to Eternova. The exercise requires that participants, working on their own or in teams, budget, plan and present their strategy for reaching Eternova safely. The quality of their decisions on which route to follow, which crew members and equipment to take, as well as the levels of fuel, food and stores they will need, will be put to the test when the simulation itself unfolds. Mission to Eternova can be used as a teambuilding simulation to explore group dynamics, information handling, planning, decision making, communication and influencing skills, teamworking, presentation skills, flexibility, contingency planning, risk management, time management and working under pressure. The content of the simulation - a mission to a far-flung planet - is something that will be alien to managers. Yet the processes and skills involved in handling the simulation, for example interpersonal skills, leadership, creativity, decision making and so on, represent some of the fundamental competencies for team leaders and managers at all

levels. The simulation includes full instructions for the team facilitator wishing to use it as a team development exercise. There are also programme notes for an assessment or development centre, should the simulation be used in its more formal application. All of the participants' materials are reusable or photocopyable.

[The Ratcatcher: A Lyrical Satire, Marina TSvetaeva](#) , 2000, 0810118165, 9780810118164. The Ratcatcher retells the legend of the German town of Hamelin, which in the year 1284 was so badly overrun by rats that the Burgomaster promised a large sum of money (and his daughter's hand in marriage) to anyone who could remove them. A colorfully dressed wandering piper lured all the rats away and drowned them in a nearby river. When the reward was refused him, he returned to the town and lured away all the children (and the Burgomaster's adult daughter), disappearing with them into the side of a mountain.

[The Violin's Magical Melody \(Limited Edition W/ CD\): Limited Edition,](#) , 2010, 0982729405, 9780982729403. Scribbles and his two friends Tiger and Gemma look forward to entering Greenvale County's annual kite race. However, their excitement fades after the mischievous Skunk Brothers, Randy and Riley, plant seeds of doubt and fear in the minds of the three friends. Wanting desperately to run and hide until after the race, a talking blanket named Jorey appears and offers to take them to Imagination Land, a delightful place "Where Your Imagination Makes All Your Dreams Possible." Once there, they meet a teary eyed musical prodigy, named Harmony, who has a terrible case of stage fright. Harmony believes the only way she will be able to perform is if she plays with an enchanted musical instrument. Vowing to help their new friend find her confidence, Scribbles, Tiger, Gemma, and Jorey accompany Harmony on an exciting adventure through Imagination Land in search of the legendary magical violin.

[How They Started: How 25 Good Ideas Became Great Companies, Carol Tice, David Lester](#) , 2012, 1780590741, 9781780590745. How do you turn a good idea into a great business? Lots of us have ideas we think would make great businesses. Most of us never do anything with those ideas. Maybe it's because we're really happy with our jobs, maybe it's because we're not confident that our idea would really work. Or maybe it's simply because we don't know where to start. This book is about 25 like you. They had an idea, and went on to start a business. Those businesses are all extremely successful and most are now household names all across America. With success stories ranging from retail and gaming to social media and the restaurant business, How They Started relives the humble beginnings of companies such as Coca-Cola and Disney, Google and Twitter, Zynga and Chipotle Grill. Through personal interviews with key sources including founders, investors and past employees each profile reveals how the company took its first tentative steps and

inadequately treated. The current mean delay in the diagnosis of AS ranges from 5 to 10 years, and the presenting clinical manifestations of these diseases are wide-ranging and heterogeneous, and thus a variety of health care professionals see AS and SpA patients, from primary care physicians to rheumatologists and other medical and surgical specialists. With the availability of newer, highly effective treatments and better methods of musculoskeletal imaging, such as the MRI, there is an urgent need to improve early diagnosis and reduce any inappropriate delay in obtaining effective treatment. Earlier diagnosis and treatment can mitigate the severity of the disease, and make a meaningful difference for patient care and quality of life. The proposed book is designed for specialists and generalists alike, and is intended to expedite accurate diagnosis and initiation of appropriate treatment in order to alleviate unnecessary suffering. Part of the new Oxford American Rheumatology Library series, this pocket-sized book provides practical, evidence-based information for clinicians to aid diagnosis, treatment, and follow-up care for patients with AS and SpA. The book provides pointers to early diagnosis, prognosis, clinical manifestations, socioeconomic aspects, and disease management. It also provides comprehensive coverage of current treatment options, including the latest biologics, as well as non-drug therapies.

[Occupational Health and Safety for the Fire Service with Resource Central Student Access Code Card Package, Joseph](#)

[Bruni](#) , 2011, 0132830051, 9780132830058. Occupational Health and Safety for the Fire Service with MyFireKit is intended to aid emergency service managers and leaders with the reducing the injury and death of emergency workers by implementing the latest occupational health and safety standards and regulations. In the continually changing world of emergency services, this text's up-to-date coverage of standards and regulations helps managers and leaders stay focused on current trends such as terrorism, technology, and of course, health and safety. The text also covers technology as a tool to enhance and support the health and safety of emergency responders.

[In Celebration of a Legacy: The Traditional Arts of the Lower Chattahoochee Valley, George Mitchell](#) , 1998,

0945477120, 9780945477129. In Celebration of a Legacy presents an energetic portrait of traditional folkways. This new edition of George Mitchells collected photographs, interviews, songs, and field recordings makes this rich cultural heritage available to a new generation. Mitchell proves that the lower Chattahoochee Valley people have something to dance about and celebrates this hotbed of great traditional Southern music . . . the only form of music thats taken the entire world by storm. Through Mitchells eyes and ears, we experience the indomitable spirit of a community and a way of life that might otherwise have been undocumented. He recorded Field hollers and drum beating . . . old time blues and fiddle tunes galore . . . spirituals and gospel . . . country and jazz. The photographs capture lands and faces worn and strengthened by generations of hard work. A field of neatly baled hay faces a photograph of an array of prized possessions; a slippered foot stands firmly beside a cornshick mop; an old woman sits in a church pew with her eyes closed and arms spread wide. These images offer a glimpse into the lives and memories of the people Mitchell met. In

Celebration of a Legacy focuses on a community and the changing nature of tradition. Originally part of a 1981 arts festival and exhibition sponsored by the Columbus Museum, the Historic Chattahoochee Commission, and the National Endowment for the Arts, the reissued book and compact disc recordings command our attention today. Mitchell relates the preservation of art and culture in the lower Chattahoochee Valley to the wider world and calls us to a new awareness of our shared human legacy.

[The Ufo Silencers: Mystery of the Men in Black, Timothy G. Beckley](#) , 1990, 0938294873, 9780938294870. Visits by unknown agents are seeded throughout UFO literature and newspaper accounts of flying saucer sightings. For many years they were overlooked or not recognised for what they were. Today just about every UFO investigator has encountered these Men in Black during their research. The history of Demonology, Witchcraft and the Occult are filled with similar incidents leading one to speculate that the UFO phenomena is at least partly 'psychic' in nature. The Men in Black appeared during several UFO flaps in the last century. In 1864, a UFO dropped several artefacts over a small community in Texas. They were placed by the citizens of the town in the front window of a shop on the main street of town. The next day a travelling dealer stopped by and offered the shop keeper a 'good price' for the objects and carted them away with him. Several similar incidents happened in 1897 and 1898. Many of the occupants observed during this period were said to have oriental features, dark complexions slight stature and a heavy, indefinable accent -- identical to the features described by observers of the MIB, who continue to harass and frighten witnesses today.

[Maurice Gee, Bill Manhire](#) , 1986, 0195581245, 9780195581249. In this biography of the eminent New Zealand author Maurice Gee, Manhire traces a career that has included major literary awards as well as a popular television serial of

Gee's *Under the Mountain*. Among Gee's other works are a trilogy for children, which includes *The Halfmen of O*, the 1983 New Zealand Children's Book of the Year. As part of a series on New Zealand writers, this volume contributes to the growing interest in this vital new literary movement.

[The Christian Theological Tradition, Catherine A. Cory, David T. Landry](#) , 2000, 0130847267, 9780130847263. The culmination of a two-year collaborative effort of the entire Theology Department at the University of St. Thomas, "The Christian Theological Tradition" is an introduction to the whole of Christian history (in the context of the Catholic tradition)--from Genesis to Vatican II. It provides readers with the basic knowledge necessary for further study in theology and prepares them with the background and context for critical reading of primary texts. A mix of broadly-focused and narrowly-focused chapters provide "socio-historical contexts" for the development of religious movements and/or theological issues as well as in-depth discussions of major figures and their writings. THE OLD TESTAMENT: The Primeval Story; God's Covenant with Israel; Judges, Prophets, Kings; Second Temple Judaism. THE NEW TESTAMENT: Jesus and the Gospels; Apostolic Missions. THE HISTORY OF CHRISTIANITY: Christianity after the Apostles; The Age of the Imperial Church; Augustine of Hippo; Eastern Christianity; Islam; Christianity in the Early Medieval Period; Christianity in the High Middle Ages; Thomas Aquinas; Christianity in the Late Medieval Period. THE MODERN PERIOD: The Renaissance; Martin Luther; Other Protestant Reformers; The Catholic Reformation; Global Expansion and the Colonial Churches; Modern Challenges to Christianity; Christianity in the USA; Christianity and the Contemporary Situation. For anyone interested in the Christian Theological Tradition.

[An American pursuit pilot in France: Roland W. Richardson's diaries and letters, 1917-1919, Roland Withenbury](#)

[Richardson, Ritchie Thomas, Carl M. Becker](#) , 1994, 0942597648, 9780942597646. First Lieutenant Roland W.

Richardson, pursuit pilot of the 213th Squadron of the American Air Service, often reflected the thoughts and feelings of the thousands of American youths sent to France. In his letters and diaries. What he wrote was not the dramatic fare one may read in aviators' reminiscences and biographies appearing during and just after World War I, but it constitutes a continuing record of the demands of training and combat, of the labor of simply keeping airplanes in the air. His is an intensely personal view of the first American effort to create a flying force for battle. Richardson shows the reader a complete picture of the recruitment, training, staff work, and all the duties a would-be combat pilot had to face helping the novice American Air Service establish itself in war-torn France. He sometimes left out of his letters home the discussions of the dangers he faced from his own equipment and training procedures, but he faithfully included those perils in his diaries. The editors have combined his insights with thorough archival research to provide an unforgettable reading experience. Their combination of the technological, human, military, and social aspects of the American Air Service in France will be consulted for years by all who want to learn more about the origins of the age of aerial warfare.

[Department 19: Battle Lines, Will Hill](#) , 2013, 0007354525, 9780007354528. Book 3 from the talent behind the bestselling hardback YA debut of 2011. Dracula is on the verge of coming into his full power. Department 19 is on the back foot. Ladies and gentlemen: welcome to war. The stakes? Mankinds very survival... As the clock ticks remorselessly towards Zero Hour and the return of Dracula, the devastated remnants of Department 19 try to hold back the rising darkness. Jamie Carpenter is training new recruits, trying to prepare them for a fight that appears increasingly futile. Kate Randall is pouring her grief into trying to plug the Department's final leaks, as Matt Browning races against time to find a cure for vampirism. And on the other side of the world, Larissa Kinley has found a place she feels at home, yet where she makes a startling discovery. Uneasy truces are struck, new dangers emerge on all sides, and relationships are pushed to breaking point. And in the midst of it all, Department 19 faces a new and potentially deadly threat, born out of one of the darkest moments of its own long and bloody history. Zero Hour is coming. And the Battle Lines have been drawn.

[My Promised Land: The Triumph and Tragedy of Israel, Ari Shavit](#) , 2013, 0812984641, 9780812984644. NEW YORK TIMESBESTSELLER NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THENEW YORK TIMES BOOK REVIEW AND THE ECONOMISTWinner of the Natan Book Award, the National Jewish Book Award, and the Anisfield-Wolf Book AwardAn authoritative and deeply personal narrative history of the State of Israel, by one of the most influential journalists writing about the Middle East today Not since Thomas L. Friedmans groundbreaking From Beirut to Jerusalem has a book

captured the essence and the beating heart of the Middle East as keenly and dynamically as *My Promised Land*. Facing unprecedented internal and external pressures, Israel today is at a moment of existential crisis. Ari Shavit draws on interviews, historical documents, private diaries, and letters, as well as his own family's story, illuminating the pivotal moments of the Zionist century to tell a riveting narrative that is larger than the sum of its parts: both personal and national, both deeply human and of profound historical dimension. We meet Shavit's great-grandfather, a British Zionist who in 1897 visited the Holy Land on a Thomas Cook tour and understood that it was the way of the future for his people; the idealist young farmer who bought land from his Arab neighbor in the 1920s to grow the Jaffa oranges that would create Palestine's booming economy; the visionary youth group leader who, in the 1940s, transformed Masada from the neglected ruins of an extremist sect into a powerful symbol for Zionism; the Palestinian who as a young man in 1948 was driven with his family from his home during the expulsion from Lydda; the immigrant orphans of Europe's Holocaust, who took on menial work and focused on raising their children to become the leaders of the new state; the pragmatic engineer who was instrumental in developing Israel's nuclear program in the 1960s, in the only interview he ever gave; the zealous religious Zionists who started the settler movement in the 1970s; the dot-com entrepreneurs and young men and women behind Tel-Aviv's booming club scene; and today's architects of Israel's foreign policy with Iran, whose nuclear threat looms ominously over the tiny country. As it examines the complexities and contradictions of the Israeli condition, *My Promised Land* asks difficult but important questions: Why did Israel come to be? How did it come to be? Can Israel survive? Culminating with an analysis of the issues and threats that Israel is currently facing, *My Promised Land* uses the defining events of the past to shed new light on the present. The result is a landmark portrait of a small, vibrant country living on the edge, whose identity and presence play a crucial role in today's global political landscape.

Praise for *My Promised Land*
This book will sweep you up in its narrative force and not let go of you until it is done. . . . [Shavit's] accomplishment is so unlikely, so total . . . that it makes you believe anything is possible, even, God help us, peace in the Middle East.
Simon Schama, *Financial Times* Spellbinding . . . In this divided, fought-over shard of land splintered from the Middle East barely seventy years ago, Mr. Shavit's prophetic voice carries lessons that all sides need to hear.
The Economist [A] searingly honest, descriptively lush, painful and riveting story of the creation of Zionism in Israel and [Shavit's] own personal voyage.
The Washington Post [An] important and powerful book.
Leon Wieseltier, *The New York Times Book Review* From the Hardcover edition.

[The Captive of Kensington Palace, , Jean Plaidy](#) , 2008, 0099513528, 9780099513520. The young Princess Victoria, strictly confined within the boundaries of Kensington Palace, is being moulded for her awesome future as Queen of England. Surrounded by her dolls and closely guarded by her domineering mother and faithful governess, she slowly becomes aware of the bitter conflicts that surround her. The jealous and scheming Duke of Cumberland is a constant threat to her rightful accession . . . her mother's sinister friend, Sir John Conroy, makes her uneasy . . . and the bickering

between her mother and the king seems neverending. Growing up is proving difficult for the princess. She longs for her eighteenth birthday when at last she will be free to rule the nation as she pleases and to re-acquaint herself with the gallant Prince Albert.

[Chicago Tenants' Handbook: The Tenants' Rights Bible, Ed Sacks](#) , 1992, 0963122401, 9780963122407. "Put this on your must-buy list. Ed Sacks is the guru of Landlord-Tenant in Chicago."--WBEZ Radio (NPR). Terrific piece of work...Thoroughly researched, readable book that make it well worth a detailed perusal...contains lucid solid information."--Chicago Tribune. Fall is moving season in Chicago. The 1992 edition is completely revised & updated, containing the latest information on living in Chicago. Sections on city living, tenants' rights, how to repair & deduct, 50 pages of annotated landlord-tenant laws, & many check lists & sample letters. Oversized -8 1/2 x 11 format. "Has everything you need to know about renting in Chicago...how to wade through the legalese of a lease."--The Neighborhood Works. 19 Chapters, 17 appendices. Encyclopaedic. [My Life In My Words, Rabindranath Tagore](#) , 2006, 0670999164, 9780670999163. The Renaissance man of modern India, Rabindranath Tagore put his country on the literary map of the world when he won the Nobel Prize for Literature in 1913. Though known primarily as a poet and writer, Tagore was also a painter, composer and philosopher, an educationist and rural reformer. My Life in My Words is, quite literally, Tagore on Tagore. Uma Das Gupta draws upon the vast repertoire of Tagore's writings - his autobiographical works, speeches, letters and poems - to create a vivid portrait of the life and times of one of India's most influential cultural icons. The result is a rare glimpse into the world of Rabindranath Tagore: his family of pioneering entrepreneurs, saints, poets and composers who shaped his world view; the personal tragedies that influenced some of his most eloquent verse; his ground-breaking work in education and social reform; his constant endeavour to bring about a synthesis of the East and the West and his humanitarian approach to politics; and his rise to the status of an international poet. Meticulously researched and sensitively edited, this unique autobiography provides an incomparable insight into the mind of a genius.

[Advanced Assembly Language, Peter Norton](#) , 1991, 0136587747, 9780136587743. Learn to write more compact, expert-level programs that run with enormous speed and precision. You'll find the latest, most in-depth assembly language secrets in the industry--dozens of techniques and hints for writing clearer, more professional code. Topics include: lowest-level disk manipulation; superfast CGA/VGA screen buffer access; TSR programming, macros and advanced directives,

mixed language programming, and more. Disk included.

[Long-Term Care in Europe: Improving Policy and Practice, Kai Leichsenring, Jenny Billings, Henk Nies](#) , 2013, 1137032332, 9781137032331. This book seeks to invert the negativity inherent to the well-articulated challenges of long-term care for older people by focusing on progression and improvement for policy and practice. Building on ample research in 13 European countries, evidence is provided for how the construction of long-term care systems can be taken forward by practitioners, policy-makers and stakeholder organizations. By focusing on prevention and rehabilitation, the

support of informal care, the enhancement of quality development as well as by decent governance and financing mechanisms for long-term care, stakeholders may learn from European experiences and solutions on the local, regional and national levels.

[Felix Navidad, Janet Denison](#) , 2011, .

[Molecular Nonlinear Optics: Materials, Physics and Devices, J. Zyss](#) , 1994, 0127844503, 9780127844503. This volume brings together contributions from world renowned researchers on molecular nonlinear optics. It takes as its impetus work done over the last five years in which newly developed optoelectronic devices have deepened our understanding of the fundamental physics and chemistry underlying these materials. Organic materials involving thin films, polymers, and resulting devices will be emphasized.

[An Echo of Hope: For Those with Disabilities, C. Judy, Really Useful Resources, NTC/Contemporary Publishing Group Staff](#) , 1999, 0966692039, 9780966692037.

[Ever Closer Union: An Introduction to European Integration, Desmond Dinan](#) , 2010, 1588266079, 9781588266071. This book elucidates in a lively and comprehensive way what the EU is, how it came about, how it works, and what it does. It aims to clarify and explain the origins and development of the European communities and the conduct of the contemporary EU.

[Troubleshooting IP Routing Protocols, Faraz Shamim](#) , 2002, 1587050196, 9781587050190. The comprehensive, hands-on guide for resolving IP routing problems Understand and overcome common routing problems associated with BGP, IGRP, EIGRP, OSPF, IS-IS, multicasting, and RIP, such as route installation, route advertisement, route redistribution, route summarization, route flap, and neighbor relationships Solve complex IP routing problems through methodical, easy-to-follow flowcharts and step-by-step scenario instructions for troubleshooting Obtain essential troubleshooting skills from detailed case studies by experienced Cisco TAC team members Examine numerous protocol-specific debugging tricks that speed up problem resolution Gain valuable insight into the minds of CCIE engineers as you prepare for the challenging CCIE exams As the Internet continues to grow exponentially, the need for network engineers to build, maintain, and troubleshoot the growing number of component networks has also increased significantly. IP routing is at the core of Internet technology and expedient troubleshooting of IP routing failures is key to reducing network downtime and crucial for sustaining mission-critical applications carried over the Internet. Though troubleshooting skills are in great demand, few networking professionals possess the knowledge to identify and rectify networking problems quickly and efficiently.

Troubleshooting IP Routing Protocols provides working solutions necessary for networking engineers who are pressured to acquire expert-level skills at a moment's notice. This book also serves as an additional study aid for CCIE candidates. Authored by Cisco Systems engineers in the Cisco Technical Assistance Center (TAC) and the Internet Support Engineering Team who troubleshoot IP routing protocols on a daily basis, Troubleshooting IP Routing Protocols goes through a step-by-step process to solving real-world problems. Based on the authors' combined years of experience, this complete reference alternates between chapters that cover the key aspects of a given routing protocol and chapters that concentrate on the troubleshooting steps an engineer would take to resolve the most common routing problems related to a variety of routing protocols. The book provides extensive, practical coverage of BGP, IGRP, EIGRP, OSPF, IS-IS, multicasting, and RIP as run on Cisco IOS Software network devices. Troubleshooting IP Routing Protocols offers you a full understanding of invaluable troubleshooting techniques that help keep your network operating at peak performance. Whether you are looking to hone your support skills or to prepare for the challenging CCIE exams, this essential reference shows you how to isolate and resolve common network failures and to sustain optimal network operation. This book is part of the Cisco CCIE Professional Development Series, which offers expert-level instruction on network design, deployment, and support methodologies to help networking professionals manage complex networks and prepare for CCIE exams.

[Darwin and Design: Does Evolution Have a Purpose?, Michael RUSE, Michael Ruse](#) , 2009, 0674043014, 9780674043015.

The intricate forms of living things bespeak design, and thus a creator: nearly 150 years after Darwin's theory of natural selection called this argument into question, we still speak of life in terms of design--the function of the eye, the purpose of the webbed foot, the design of the fins. Why is the "argument from design" so tenacious, and does Darwinism--itself still evolving after all these years--necessarily undo it? The definitive work on these contentious questions, Darwin and Design surveys the argument from design from its introduction by the Greeks, through the coming of Darwinism, down to the present day. In clear, non-technical language Michael Ruse, a well-known authority on the history and philosophy of Darwinism, offers a full and fair assessment of the status of the argument from design in light of both the advances of modern evolutionary biology and the thinking of today's philosophers--with special attention given to the supporters and critics of "intelligent design." The first comprehensive history and exposition of Western thought about design in the natural world, this important work suggests directions for our thinking as we move into the twenty-first century. A thoroughgoing guide to a perennially controversial issue, the book makes its own substantial contribution to the ongoing debate about the relationship between science and religion, and between evolution and its religious critics.

Table of Contents: Preface Introduction 1. Two Thousand Years of Design 2. Paley and Kant Fight Back 3. Sowing the Seeds of Evolution 4. A Plurality of Problems 5. Charles Darwin 6. A Subject Too Profound 7. Darwinian against Darwinian 8. The Century of Evolutionism 9. Adaptation in Action 10. Theory and Test 11. Formalism Redux 12. From Function to Design

13. Design as Metaphor 14. Natural Theology Evolves 15. Turning Back the Clock Sources and Suggested Reading
Illustration Credits Acknowledgments Index Reviews of this book: Ruse examines the concept of 'design' in nature, explaining why it still remains a strong influence despite the scientific revolution, and historically, how it dominated Western thought from ancient Greece (Plato) to the advent and predominance of Christianity...A rich and compelling book.--J. S. Schwartz, Choice
Reviews of this book: Anyone who is interested in the 'science wars' controversy or the history of evolutionary thought will find this book fascinating and rewarding. The prose is masterful--relaxed, colloquial, rich in information, and suffused with flashes of malicious wit and delicious historical tidbits.--Matt Cartmill, Reports of the National Center for Science Education
Reviews of this book: To anyone interested in the evolution of evolution, I recommend this book.--John Tyler Bonner, Natural History
Reviews of this book: This has to be the best of Ruse's many books, and it is hard to imagine how a better one could be written on this subject. With an understanding erudition spiced with good-natured wit and occasional sly ribaldry, Ruse moves easily and assuredly among biology, philosophy, history, and theology.--Robert T. Pennock, Science
Reviews of this book: Michael Ruse's latest book, Darwin and Design, is an intellectual history of the design argument and its Darwinian solution...His story is a fascinating one, enlivened especially by his accounts of various imaginative attempts before Darwin to solve the design problem without recourse to a deity.--Daniel W. McShea, American Scientist

[The House with the Green Shutters, George Douglas Brown](#) , 1901, .

[Leaving Dirty Jersey: A Crystal Meth Memoir, James Salant](#) , 2007, 1416556613, 9781416556619. With his nickname, Dirty Jersey, tattooed on the inside of his left forearm, James Salant wanted everyone to know he was a tough guy. At the age of eighteen, after one too many run-ins with the cops for drug possession, he left his upper-middle-class home in Princeton, New Jersey, for a stint at a rehab facility in Riverside, California. Instead of getting clean, he spent his year there shooting crystal meth and living as a petty criminal among not-so-petty ones until a near psychotic episode (among other things) convinced him to clean up. In stark prose infused with heartbreaking insight, wicked humor, and complete veracity, Salant provides graphic descriptions of life on crystal meth -- the incredible sex drive, the paranoia, the cravings. He details the slang, the scams, and the psychoses, and weaves them into a narrative that is breathtakingly honest and authentic. Salant grapples with his attraction to the thuggish life, eschewing easy answers -- his parents, both therapists, were loving and supportive, and his family's subtle dysfunctions typical of almost any American family. Exploring the allure and effects of the least understood drug of our time, Leaving Dirty Jersey is that rarity among memoirs -- a compulsively readable, superbly told story that is shocking precisely because it could happen to almost anyone.

[Five Spirits: Alchemical Acupuncture for Psychological and Spiritual Healing, Lorie Eve Dechar](#) , 2006, 1590560922, 9781590560921. From the Publisher: The Five Spirits are the Taoist map of the human psyche. The system provides a mythical view of the nervous system and forms the basis of Chinese medical psychology. It also describes a precise and

efficient technology for spiritual transformation, the process through which a human being rediscovers their essential wholeness and innate connection to the divine. The Five Spirits can be understood as the Taoist version of the Chakra System of Vedic India. Like the chakras, the spirits exist as centers of consciousness in the subtle body rather than as structures in the physical body. Just as each chakra relates to a particular level of consciousness, each spirit relates to a particular aspect of human awareness, a particular vibration or frequency of psychic energy. An understanding of the Five Spirits is the key that opens the doorway to the mysteries of Taoist psycho-spiritual alchemy. By taking advantage of the discoveries of Western archetypal psychology and new discoveries about the mind and nervous system, we can decipher the Five Spirits and reorganize the system in a way that has proven to be clinically invaluable in treating psychosomatic, emotional, and psychospiritual distress.

[The Functional Unity of the Singing Voice, Barbara Doscher](#) , 1994, 0810827085, 9780810827080. An understanding of how the singing voice functions should be a prerequisite for all those who wish to teach singing. And fundamental to any safe and efficient teaching method is the recognition that the singing voice is a functional unit. Consequently, this second edition, like the first, describes the anatomy and physiology of breathing and phonation and examines the acoustical laws necessary for an understanding of resonance. It is designed primarily as a textbook for college vocal pedagogy courses. The updated edition includes more detailed illustrations and an expansion of the appendix on vocal misuse and abuse, including data on subglottic air pressure/air flow ratios, the phonatory mode known as belting, and the aging voice, especially as it is affected by hormonal changes in the body. With extensive bibliography.

[Follow Her Lead: Leadership Lessons for Women as They Journey from the Backroom to the Boardroom, Anita Davis-Defoe](#) , 2009, 0981719171, 9780981719177. Are you tapping into your leadership greatness? Do you strive to balance your personal and career lives? Do you seek to become a leader who transforms people and places? Meshing imaginative storytelling with leadership insights gained from years of practical experience, business thought coach Dr. Anita Davis-DeFoe delivers in Follow Her Lead, ten compelling stories which explore leadership competencies that extraordinary women leaders embody. Whether an emerging or seasoned leader, this book is certain to equip you with leadership wisdoms that can help you develop into the leader you were destined to become.

[Liquor to Casket, Regina P. Krummel](#) , 1994, 0943025486, 9780943025483. LIQUOR TO CASKET is the memoir & internal monologue of a young woman who is the victim of what is termed sexual abuse in the current language of psychology & social work. It penetrates beyond the cliches of twelve step programs to a darkness of the heart that our society is rarely willing to confront. There is tremendous power in the pages that lead up to the climax of this novel. It is a metaphor - or a symbol - for Karen's final separation from the anti-life force that the father lodged within her. Dostoyevsky's compassionate descriptions of the degraded & humiliated come to mind in Regina P. Krummel's first-person narrative of an American girl who is forced to grow up too quickly in a fragmented & cynical world. Through the intervention Dr. Home & other supportive women, Karen, the protagonist, metamorphoses from incest victim & sex kitten into a complex, feeling human with poetic capabilities. LIQUOR TO CASKET will shock the complacent with its unrelenting portrait of the Reagan era's "nuclear" family. This new novel allows those of us who had nurturing childhoods to understand the effects of childhood sexual abuse. This book is a must-read for recognizing the prevalence & devastating aftermath of childhood sexual abuse. To order contact (800) 344-7579 or write to Cummings & Hathaway, 422 Atlantic Ave., East Rockaway, NY 11518.

[New Age Bible Versions, G. A. Riplinger](#) , 1993, 0963584502, 9780963584502. G.A. Riplinger objectively and methodically documents the hidden alliance between new versions and the New Age Movement's one world religion. If you only read one book on the version issue, this is the book! It is so powerful -- the devil despises it. This international bestselling book is the result of an exhaustive six year collation of new Bible versions, their underlying Greek manuscripts, editions, and editors. It objectively and methodically documents the hidden alliance between new versions and the New Age Movement's one world religion. - Publisher.

[International Migration : Prospects and Policies in a Global Market: Prospects and Policies in a Global Market, Douglas S. Massey, J. Edward Taylor](#) , 2004, 0191533394, 9780191533396. International Migration: Prospects and Policies offers a comprehensive, up-to-date survey of global patterns of international migration and the policies employed to manage the flows. It shows that international migration is not rooted in poverty or rapid population growth, but in the expansion and consolidation of global markets. As nations are structurally transformed by their incorporation into global markets, people are displaced from traditional livelihoods and become international migrants. In seeking to work abroad, they do not necessarily move to the closest or richest destination, but to places already connected to their countries of origin socially, economically, and politically. When they move, migrants rely heavily on social networks created by earlier waves of immigrants, and, in recent years, professional migration brokers have become increasingly common. Developing countries generally benefit from international migration because migrant savings and remittances provide foreign earnings to finance balance of payments deficits and make productive investments. Some developing nations have gone so far as to establish programs or ministries dedicated to the export of workers. Developed nations, in contrast, focus

more on the social and economic costs of immigrants and seek to reduce their numbers, regulate their characteristics, and limit their access to social services. Over time, receiving nations have gravitated toward a similar set of restrictive policies, yielding undocumented migration as a worldwide phenomenon. Globalization also creates infrastructures of transportation, communication, and social networks to put developed societies within reach. In the latter, ageing populations and segmenting markets create a persistent demand for immigrant workers. All these trends are likely to intensify in the coming years to make immigration policy a key political issue in the twenty-first century.

[Mexico & Central American handbook, Prentice Hall](#) , 1992, 0135790530, 9780135790533.

[The Spell of New Mexico, Tony Hillerman](#) , 1984, 0826307760, 9780826307767. A rich gathering of essays that evoke the unique and mysterious appeal New Mexico has had for some of the twentieth century's best-known writers. Included are selections by Mary Austin, Oliver La Farge, Conrad Richter, D.H. Lawrence, C.G. Jung, Winfield Townley Scott, John DeWitt McKee, Ernie Pyle, Harvey Fergusson, and Lawrence Clark Powell. Hillerman's preface and introduction are choice specimens of his incisive humor and his own deep love of the state. "Should be required reading for all those who call themselves New Mexican."--James Arnholz

[Echoes of Eden: Reflections on Christianity, Literature, and the Arts, Jerram Barrs](#) , 2013, 1433536005, 9781433536007. From comic books to summer blockbusters, all people enjoy art in some form or another. However, few of us can effectively explain why certain books, movies, and songs resonate so profoundly within us. In Echoes from Eden, Jerram Barrs helps us identify the significance of artistic expression as it reflects the extraordinary creativity and unmatched beauty of the Creator God. Additionally, Barrs provides the key elements for evaluating and defining great art: (1) The glory of the original creation; (2) The tragedy of the curse of sin; (3) The hope of final redemption and renewal. These three qualifiers are then put to the test as Barrs investigates five of the world's most influential authors who serve as ideal case studies in the exploration of the foundations and significance of great art.

[The 1950s, William H. Young](#) , 2004, 0313323933, 9780313323935. Have the 1950s been overly romanticized? Beneath the calm, conformist exterior, new ideas and attitudes were percolating. This was the decade of McCarthyism, Levittowns, and men in gray flannel suits, but the 1950s also saw bold architectural styles, the rise of paperback novels and the Beat writers, Cinema Scope and film noir, television variety shows, the Golden Age of the automobile, subliminal

advertising, fast food, Frisbees, and silly putty. Meanwhile, teens attained a more prominent role in American culture with hot rods, rock 'n' roll, preppies and greasers, and--gasp--juvenile delinquency. At the same time, a new technological threat, the atom bomb, lurked beneath the surface of the postwar decade. This volume presents a nuanced look at a surprisingly complex time in American popular culture. American Popular Culture Through History is the only reference series that presents a detailed, narrative discussion of United States popular culture. This volume is one of 17 in the series, each of which presents essays on Everyday America, The World of Youth, Advertising, Architecture, Fashion, Food, Leisure Activities, Literature, Music, Performing Arts, Travel, and Visual Arts.

[Handbook of Epilepsy, Thomas R. Browne, Gregory L. Holmes](#) , 2008, 0781773970, 9780781773973. Thoroughly updated for its Fourth Edition, this best-selling pocket reference is a practical point-of-care guide to the diagnosis and management of epilepsy. In an easy-to-use outline format, the book provides complete, clinically focused information on seizure classification, epilepsies with different ages of onset, situation-related epilepsy, diagnosis and differential diagnosis, and all available drug treatments, including dosages, side effects, and drug interactions. This edition's updated coverage of drug therapy includes current American Academy of Neurology guidelines, new drugs, newly approved indications, new information on pharmacokinetics, and results of six registries of antiepileptic drugs in pregnancy. New information on the genetics and molecular biology of several epilepsy syndromes is also included.

[The Riddle of the Trumpalar, Judy Bernard-Waite](#) , 1995, . Cass and Carl are eleven year-old twins. They spend most of their spare time in the local park near a grand old Moreton bay fig. The council is going to cut the tree down because of complaints from a wealthy resident. The twins try desperately to gather enough signatures on a petition to save the tree. Just when they lose all hope of getting enough signatures in time, they are drawn into the tree where they meet the guardian of the tree - the Trumpalar.

[The Nature of the Gods, Marcus Tullius Cicero](#) , 1972, 0140442650, 9780140442656. Towards the end of his life, Cicero turned away from his oratorical and political career and looked instead to matters of philosophy and religion. The dialogue The Nature of the Gods both explores his own views on these subjects, as a monotheist and member of the Academic School, and considers the opinion of other philosophical schools of the Hellenistic age through the figures of Velleius the Epicurean and Balbus the Stoic. Eloquent, clearly argued and surprisingly modern, it focuses upon a series of fundamental religious questions including: is there a God? If so, does he answer prayers, or intervene in human affairs? Does he know the future? Does morality need the support of religion? Profoundly influential on later thinkers, such as Saint Augustine and Thomas Aquinas, this is a fascinating consideration of fundamental issues of faith and philosophical thought.

[The Coming Of The Horseclans, Robert Adams](#) , 2013, 1606593633, 9781606593639. Prophecy Written in Blood! After two hundred years of searching for other immortals, the Undying High Lord Milo Morai has returned to the Horseclans to fulfill an ancient prophecy and lead them to their destined homeland by the sea. But in their path wait the armed might of the Ehleenee and an enemy even more treacherous--the Witchmen--pre-Holocaust scientists who have survived the centuries by stealing other men's bodies to house their evil minds and who have in their hidden stronghold the means of destroying all who will not become their willing slaves. Can even Milo save the Horseclans from the bloodthirsty Ehleenee and the malevolent Witchmen who would rip him to shreds to discover his secret of immortality?

[Entrepreneurship, Peggy A. Lambing, Charles R. Kuehl](#) , 2000, 0130200433, 9780130200433. A must-have guide for all entrepreneurs, this straightforward book combines backbone theory discussions on entrepreneurship with practical advice and proven applications for completing an effective business plan. Part I: The World of Entrepreneurship covers women-owned and minority-owned businesses; family businesses, home-based businesses, new product development, patents, marketing on-line, franchising, importing and exporting in the global marketplace, and more. Part II: The Business Plan, guides readers through every stage of business planning development, i.e., marketing, management and personnel, start-up costs and financing, projected financial statements, legalities, insurance, suppliers, and potential risks; each section features detailed questions and checklists to help the user along. Authentic and current case studies (including those on Internet-based companies) highlight experiences of practicing entrepreneurs. Appendices provide a summary of business plan checklists, plus offer suggestions for financing sources. For small business owners, managers, and business administrators.

[Practical Acceptance Sampling: A Hands-On Guide, Galit Shmueli](#) , 2011, 1463789041, 9781463789046. "Practical Acceptance Sampling" is a hands-on introduction to the inspection of products and services for quality assurance using statistically-based sampling plans. In today's era of global supply chains, the path from raw materials to final product often takes place over multiple companies and across multiple continents. Acceptance sampling is key in the 21st century environment. Acceptance sampling plans provide criteria and decision rules for determining whether to accept or reject a batch based on a sample. They are therefore widely used by manufacturers, suppliers, contractors and subcontractors, and service providers in a wide range of industries. The book introduces readers to the most popular sampling plans, including Military Standards and civilian ISO and ANSI/ASQC/BS standards. It covers the design, choice and performance evaluation of different types of plans, including single- and double-stage plans, rectifying and non-rectifying plans, plans for pass/fail and continuous measurements, continuous sampling plans, and more. "Practical Acceptance Sampling" is suitable for courses on quality control and for quality practitioners with basic knowledge of statistics. It offers clear explanations, examples, end-of-chapter problems, and illustrations of state-of-the-art online resources. Methods are

illustrated using Microsoft Excel, online calculators, and SQCOnline.com. However, any statistical software can be used with the book. A companion website to the book is available at www.SamplingBook.com "New to the second edition: " A section on Acceptance-on-Zero plans, additional screenshots from the newly-designed SQCOnline.com with several new calculators, and improved book design for enhanced readability.

[Gangland Gotham: New York's Notorious Mob Bosses, Allan R. May](#) , 2009, 0313339279, 9780313339271. Organized crime and the mob figures who run it have long captured the imagination of the American public, appearing since the early twentieth century as characters in a host of popular books, movies, and television programs. But often what the public knew of such figures and their criminal careers was as much myth as fact. This book offers highly readable, carefully researched biographies that dispel the the myths but preserve the fascination surrounding 10 infamous New York mob leaders of the twentieth century. Each in-depth biography will help interested readers understand how and why each of these men achieved special notariety within the world of organized crime.Each biography describes the early years of each man, assessing how he came to a criminal career; his rise to prominence within the mob, providing reaction from those who knew him and witnessed his actions; and the last years of his career, assessing why it ended as it did. Each biography is illustrated with a picture of its subject and concludes with a listing of additional information resources, both print and electronic. A detailed subject index provides further access to the large amount of information contained in each biography. A timeline allows readers to quickly and easily track the birth, death, and important events in the life of each mobster.

[The first man in my life: daughters write about their fathers, Sandra Martin](#) , 2007, 0143051172, 9780143051176. For many women, fathers are a mystery that puzzles and haunts us. They are "the other," neither lover nor son, defined more often by silence than words, by emotional absence than physical presence-until now. In twenty-two original narratives, some of Canada's most acclaimed writers share stories, memories, insights, and revelations-from the comic to the tragic, and every shading in between-about the first man in their lives. Complex, compelling, unforgettable, these

stories will open a fresh and intense conversation with daughters everywhere about the men they've observed since childhood: their fathers.

[System Analysis, Design, and Development: Concepts, Principles, and Practices, Charles S. Wasson](#) , 2006, 0471728233, 9780471728238. Written in a practical, easy to understand style, this text provides a step-by-step guide to System Analysis and Engineering by introducing concepts, principles, and practices via a progression of topical, lesson oriented chapters. Each chapter focuses on specific aspects of system analysis, design, and development, and includes definitions of key terms, examples, author's notes, key principles, and challenging exercises that teach readers to apply their knowledge to real world systems. Concepts and methodologies presented can be applied by organizations in business sectors such as transportation, construction, medical, financial, education, aerospace and defense, utilities, government, and others, regardless of size. An excellent undergraduate or graduate-level textbook in systems analysis and engineering, this book is written for both new and experienced professionals who acquire, design, develop, deploy, operate, or support systems, products, or services.

[Soon Be Free, Lois Ruby](#) , 2002, 0689835795, 9780689835797. "Why do weird things always happen to me?" Dana thought she had solved all the historical mysteries in her parents' house in Lawrence, Kansas. But now that her parents have turned the house into a bed-and-breakfast, Dana isn't so sure. Their first guests, the Burks, are a suspicious couple who snoop where they shouldn't, searching for a secret document linked to the Weavers, a Quaker family who lived in the house almost 150 years ago when the house was a stop on the Underground Railroad. As Dana combs the house for the hidden document, the story unfolds of thirteen-year-old James Baylor Weaver and his journey in 1857 to bring four

slaves to freedom. James's travels will not only change his life but will bring about a horrible choice -- one that holds the key to the mystery Dana must solve before the Burks. Will she find the document in time?

To find out if the story is true, Leo and his companions set sail for Zanzibar where he is brought face to face with Ayesha.

[Commonsense Grammar and Style Textbook - 2nd Edition, Phillip S. Sparks](#) , 2008, 0981917283, 9780981917283.

CommonSense Grammar and Style was written with the business professional in mind. It will help you, the professional, write better letters and memorandums. It will help you avoid common errors, organize your messages, express yourself clearly, and find more information when you need it. It will teach you the basic survival skills. The emphasis in CommonSense Grammar and Style is always on simplicity. When several approaches to a common problem are possible, this book presents the least complicated and the most consistent. If you follow its advice, you will be on safe ground, but you must realize that other good writers may choose other correct solutions. CommonSense Grammar and Style relies on Merriam-Webster's Collegiate Dictionary (called "Merriam-Webster") for the spelling of words and abbreviations. Merriam-Webster is widely recognized as the American standard. In matters of usage, especially business usage, CommonSense Grammar and Style depends heavily on The Gregg Reference Manual (called "Gregg") by William A. Sabin. Careful readers will, however, notice occasional differences between the two. For example, Gregg ignores Merriam-Webster's simplification of abbreviations while this book welcomes it, and Gregg does not object to the use of data as a singular

noun. This book does. This book, especially when purchased with the accompanying workbook, will allow you to develop the grammar and style skills necessary to excel in business communications.

[Therefore Repent!: A Post-Rapture Graphic Novel, Jim Munroe](#) , 2007, 0968636349, 9780968636343. What if the religious right are actually right? Without warning, multitudes of Christians float bodily up into the sky. For the immoral majority, life goes on pretty much as usual. Except that after the Rapture, magic works for those willing to risk demonic mutations. And an angelic army appears to have been deployed to mop up the sinners. But through it all, outsiders Raven and Mummy face the possibility of a bigger problem than the end of the world: the end of their relationship.

[Mainstream and Formal Epistemology, Vincent F. Hendricks](#) , 2006, 0521857899, 9780521857895. Mainstream and Formal Epistemology provides the first, easily accessible, yet erudite and original analysis of the meeting point between mainstream and formal theories of knowledge. These two strands of thinking have traditionally proceeded in isolation from one another, but in this book, Vincent F. Hendricks brings them together for a systematic comparative treatment. He demonstrates how mainstream and formal epistemology may significantly benefit from one another, paving the way for a new unifying program of "plethoric" epistemology. His book will both define and further the debate between philosophers from two very different sides of the epistemological spectrum.

[The Clash of the Cultures: Investment vs. Speculation, John C. Bogle](#) , 2012, 1118224744, 9781118224748.

Recommended Reading by Warren Buffet in his March 2013 Letter to Shareholders How speculation has come to dominate investment a hard-hitting look from the creator of the first index fund. Over the course of his sixty-year career in the mutual fund industry, Vanguard Group founder John C. Bogle has witnessed a massive shift in the culture of the financial sector. The prudent, value-adding culture of long-term investment has been crowded out by an aggressive, value-destroying culture of short-term speculation. Mr. Bogle has not been merely an eye-witness to these changes, but one of the financial sectors most active participants. In *The Clash of the Cultures*, he urges a return to the common sense principles of long-term investing. Provocative and refreshingly candid, this book discusses Mr. Bogle's views on the changing culture in the mutual fund industry, how speculation has invaded our national retirement system, the failure of our institutional money managers to effectively participate in corporate governance, and the need for a federal standard of fiduciary duty. Mr. Bogle recounts the history of the index mutual fund, how he created it, and how exchange-traded index funds have altered its original concept of long-term investing. He also presents a first-hand history of Wellington Fund, a real-world case study on the success of investment and the failure of speculation. The book concludes with ten simple rules that will help investors meet their financial goals. Here, he presents a common sense strategy that "may not be the best strategy ever devised. But the number of strategies that are worse is infinite." *The Clash of the Cultures: Investment vs. Speculation* completes the trilogy of best-selling books, beginning with *Bogle on Investing: The First 50 Years* (2001) and *Don't Count on It!* (2011)

[Sociomedia: Multimedia, Hypermedia, and the Social Construction of Knowledge, Edward Barrett](#) , 1994, 0262521938, 9780262521932. Sociomedia continues the assessment of hypertext and hypermedia systems begun in *Text, ConText, and HyperText* and *The Society of Text*. It examines the use of integrated multimedia to support social or collaborative research, learning, and instruction in the university, one of the best environments for developing and analyzing the effects of computing technologies on our understanding of complex sets of information. The twenty-five contributions discuss

critical design issues in the creation of advanced multimedia computing technologies, describe the systems now in use, and assess the effectiveness of this emerging technology. Barrett's opening essay further explores his original and thought-provoking application of social construction theories of knowledge to the development and analysis of multimedia systems. Some of the chapters that follow look at the effectiveness of particular multimedia systems across the curriculum, from medicine, sociology, and management to language learning, writing, literature, and intergenerational studies. Other chapters examine the implied pedagogy within these systems, or the effects of using multimedia and hypermedia in the classroom. Readers should come away from this collection with a critical stance toward the use of integrated media for information retrieval and creation as well as an informed knowledge of the kinds of multimedia systems in development or use. Developers will be able to use this collection to gain insight into the kinds of design choices others have made and their effectiveness in practice. Edward Barrett is Senior Lecturer in the Writing Program at the Massachusetts Institute of Technology.

[Modeling Groundwater Flow and Contaminant Transport, Jacob Bear, Alexander H.-D. Cheng](#) , 2010, 1402066813, 9781402066818. In many parts of the world, groundwater resources are under increasing threat from growing demands, wasteful use, and contamination. To face the challenge, good planning and management practices are needed. A key to the management of groundwater is the ability to model the movement of fluids and contaminants in the subsurface. The purpose of this book is to construct conceptual and mathematical models that can provide the information required for making decisions associated with the management of groundwater resources, and the remediation of contaminated aquifers. The basic approach of this book is to accurately describe the underlying physics of groundwater flow and solute transport in heterogeneous porous media, starting at the microscopic level, and to rigorously derive their mathematical representation at the macroscopic levels. The well-posed, macroscopic mathematical models are formulated for saturated, single phase flow, as well as for unsaturated and multiphase flow, and for the transport of single and multiple

chemical species. Numerical models are presented and computer codes are reviewed, as tools for solving themodels. Theproblem of seawater intrusion into coastal aquifers is examined and modeled. The issues of uncertainty inmodel input data and output are addressed. The book concludes with a chapter on the management of groundwater resources. Although one of the main objectives of this book is to construct mathematical models, the amount of mathematics required is kept minimal. -Most comprehensive book on mathematical modeling of groundwater flow and contaminant transport - Deep insight into the physics at the microscopic level and its description as averagedprocesses -Addresses uncertainty and management issues -Written by one of the most highly cited authors of groundwater books (Dynamics of Fluids in Porous Media, and Hydraulics of Groundwater) Audience: Graduate and upper level undergraduate students who are interested in such topics as groundwater, water resources and environmental engineering; of interest to researchers, to scientists, and to professionals who face the need to build and solve models of flow and contaminant transport in the subsurface.

[City Chicks Print Edition: Keeping Micro-flocks of Chickens as Garden Helpers, Compost Creators, Bio-recyclers and Local Food Suppliers, Patricia L. Foreman](#) , 2009, 0962464856, 9780962464850. Chickens have become the mascot of the local food movement. A desirefor sustainable, clean, wholesome food and superior soil quality has ledmore and more suburban and city dwellers to keep laying hens in theirbackyards and gardens.Learn how you can: Be close to your food source with a continuous supply of fresh, heart-healthy eggs to feed yourself and others. Take the best care of your chickens and find out where to buy them. Learn how to be a chicken whisperer. Improve your garden soil for super yields, superior flavor, andoptimal nutrition. Recycle food, grass clippings and yard waste, make compostand help reduce trash going to landfills, saving millions ofmunicipal taxpayer dollars. Help save millions of municipal tax payer dollars by divertingfood and yard waste from landfills; instead create compost -with the help of your flock. Raise baby chicks with items you already have. Avoid getting roosters and why you don't want them. Learn how to be a Poultry Primary Health Care Practitioner. Make and use effective and inexpensive treatments for your flockas described in the Poultry's Pharmacy.Learn how others: Have built urban chicken tractors, hen huts, condos and chickenchateaus to blend in with neighborhood landscape and architecture. Join in urban eco-agro-tourism with annual coop & gardenhome tours for fund raising. Start or join local poultry clubs. Keep small flocks to help preserve endangered breeds of chickens. Draft and pass local laws allowing laying hens withintheir town's limits.By the co-author of Chicken Tractor, Backyard Market Gardening and DayRange Poultry. City Chicks is a remarkable trend-setting book for poultrylovers and urban agriculturists.The imaginative and entertaining style of writing is combined withhands-on, real-life experience to bring you one of the most complete andauthorative books on micro-flock management.

[On the Philosophy of Mind, Barbara Montero](#) , 2008, 0495005029, 9780495005025. With questions on such topics as Can you know that other people see red the way you do? How is it that you are the same person throughout your life, even though the cells of your body are continually changing? and Is it possible to survive one's bodily death?, this book aims to inspire students to work out solutions to fundamental philosophical problems for themselves. Animated by the hope that with prior opinions about a topic students will have a much easier time delving into the literature in this field, ON THE PHILOSOPHY OF MIND is filled with thought experiments as well as more concrete philosophical problems that arise in actual experiments in neuroscience and psychiatry. Not assuming any background in philosophy, the book is accessible to beginning students, but simultaneously, Montero's unique approach will prove thought provoking for students with prior background in the subject too. THE WADSWORTH PHILOSOPHICAL TOPICS SERIES presents readers with concise, timely, and insightful introductions to a variety of traditional and contemporary philosophical subjects. With this series, students of philosophy will be able to discover the richness of philosophical inquiry across a wide array of concepts, including hallmark philosophical themes and themes typically underrepresented in mainstream philosophy publishing. Written by a distinguished list of scholars who have garnered particular recognition for their excellence in teaching, this series presents the vast sweep of today's philosophical exploration in highly accessible and affordable volumes. These books will prove valuable to philosophy teachers and their students as well as to other readers who share a general interest in philosophy. [Arts of a Cold Sun: Poems, G. E. Murray](#) , 2003, 0252071190, 9780252071195. "In these poems, G. E. Murray blends the colors of the soul with those of the world it brushes up against, exploring the ways in which art, both as possession and possessor, informs perception. Viewing his subjects sometimes from airplane altitude, sometimes from the intimacy of a shared restaurant table, Murray crafts ""true stories about color,"" narratives of dislocation and belonging that invite readers to question their own relationship to art. Included in this volume is a long sequential poem titled ""The Seconds,"" which Murray composed across the second days of thirteen months. The rhythms of this diary-as-poem seize the tensions of shifting times and locales, capturing the essences of moments that are at once chosen and arbitrary."" Codes toward an Incidental City,"" the sequence that closes the book, is a confederacy of forty poems that delve into the concrete familiarities and mythologies of urban landscapes, illuminating the ecstasies of city life."

[Of Mice and Men, John Steinbeck](#) , 2008, 014103842X, 9780141038421. John Steinbeck's Of Mice and Men is one of the best loved novellas of all time. Two drifters - small, shrewd George and huge, simple-minded Lennie - get work on a ranch, planning to raise enough money to get a place of their own and live off the land, if George can save his childlike, bull-strong friend from getting into trouble. A powerfully moving story of friendship, Of Mice and Men is a simply told masterpiece.

[Historical and Philosophical Foundations of Education: A Biographical Introduction, Gerald Lee Gutek](#) , 1997, 0132097435, 9780132097437. Structured around the biographies of educators, philosophers and world figures, this book combines both a historical overview of world education and a balanced treatment of educational philosophies. It emphasizes the importance of contexts and situations in the development of educational ideas.

[Secure Electronic Voting, Dimitris Gritzalis](#) , 2003, 1402073011, 9781402073014. Elections, referenda and polls are very important processes and tools for the smooth operation of a modern democracy. They provide means for transferring power from citizens to their representatives. They can, also, support the citizen's trust and confidence in government and democracy. Election systems have been, until recently, the focus of attention of mainly politicians and election officials. However, the case of Florida US Presidential Election attracted international attention, by a very wide audience, on how

elections are administered and what is - or may be - the role of technology in this process. As a result, the capabilities and limitations of electronic and Internet-based voting systems have been brought to the center of attention of many professionals, and are under intense scrutiny by policy makers, social scientists, computer and network engineers, and activist groups in several countries. Now the main issue is whether secure, reliable, robust, user-friendly, and less costly electronic voting systems could be developed. Such systems must meet strict security and privacy requirements, and comply with specific constitutional, legal and regulatory contexts. Secure Electronic Voting is an edited volume, which includes chapters authored by leading experts in the field of security and voting systems. The chapters identify and describe the given capabilities and the strong limitations, as well as the current trends and future perspectives of electronic voting technologies, with emphasis in security and privacy. Secure Electronic Voting includes state-of-the-art material on existing and emerging electronic and Internet voting technologies, which may eventually lead to the development of adequately secure e-voting systems. This book also includes an overview of the legal framework with respect to voting, a description of the user requirements for the development of a secure e-voting system, and a discussion on the relevant technical and social concerns. Secure Electronic Voting includes, also, three case studies on the use and evaluation of e-voting systems in three different real world environments. Secure Electronic Voting provides researchers and practitioners in computer science and engineering with an in-depth review on secure e-voting technologies. Election organizers, social scientists and legal experts can also benefit from the analysis of the socio-technical context of the e-voting systems and technologies. Secure Electronic Voting is designed to meet the needs of a wide audience in government, industry and academia and also graduate-level students in computer science and engineering.

[Shieldwall, Justin Hill](#) , 2012, 0349123373, 9780349123370. The year is 1016 and England burns while the Viking armies blockade the great city of London. King Ethelred lies dying and the England he knew dies with him; the warring kingdoms of Mercia, Wessex and Northymbria tremble on the brink of great change. One man lives to bear witness to the upheaval: Godwin, barely out of boyhood and destined to become one of his country's great warriors. When Ethelred's son Edmund takes the throne, determined to succeed where his father failed, he plucks Godwin from domestic peace to be right-hand man in his loyal shield wall. Godwin must traverse the meadows, wintry forests and fogbound marshes of Saxon England, raising armies of monks, ploughmen and shepherds against the Viking invader. With epic courage and ferocity, Godwin and Edmund repel the butchering Danes in three great battles. But an old enemy, the treacherous Earl Eadric, dogs Godwin's footsteps, and as the final battle approaches, around the valiant English the trap begins to close.

the books may have occasional errors that do not impede the reading experience. We believe this work is culturally important and have elected to bring the book back into print as part of our continuing commitment to the preservation of printed works worldwide.

[A Longing for the Light: Selected Poems of Vicente Aleixandre, Vincente Aleixandre](#) , 2007, 155659254X, 9781556592546. For the Nobel Prize to come to Aleixandre now is fitting, not only because of the energy and intensity of his own poetry, but because it comes at this moment in Spanish history. The New York Times A Longing for the Light is the only available bilingual Spanish-English translation of the poetry of Nobel Laureate Vicente Aleixandre. The collection spans the entirety of Aleixandre's career from early surrealist work to his complex and fascinating dialogues. It also contains prose interludes, an introduction by editor Lewis Hyde, and a descriptive bibliography. Aleixandre was a member of Spain's Generation of 27 and was one of the few writers to remain in Spain during the Spanish Civil War. His passive but staunch political independence kept his writings banned for a decade, but his vivid poems of harmony and commonality would eventually symbolize much of what post-Civil War Spain aspired toward. As Aleixandre wrote in his Nobel lecture: The poet, the truly determinative poet, is always a revealer; he is, essentially, a seer, a prophet. From With All Due Respect: I don't notice our clothes. Do you? Dressed up in three-hundred burlap suits, wrapped in my roughest heaviest get-up, I maintain a dawn-like dignity and brag of how much I know about nakedness. Vicente Aleixandre won the Nobel Prize for Literature in 1977. He died in Madrid in 1984.
