[The Edge of Never, J. A. Redmerski](#) , 2013, 0007523173, 9780007523177. The hottest New Adult novel that everyone's talking about - and you're already dying to read - a NEW YORK TIMES, WALL STREET JOURNAL and USA TODAY bestseller Twenty-year-old Camryn has always felt different from everyone else around her not content to be tied down by life's conventions, she's always known that she wants a life less ordinary. But when tragedy forces her to abandon her plans, she vows never to let her walls down again and never to fall in love. But one night in the hottest club in town, her world is turned upside down. Desperate to escape, Camryn packs up the bare necessities and boards the next Greyhound bus leaving town, to find the true self she knows is out there. What she finds instead is a young man who is more like her than she knows. Andrew Parrish needs to find himself too, and harbours his own dark secrets... Zig-zagging across the country together, Camryn finds herself doing things she never imagined, as Andrew shows her what it's like to live by your own rules and what it feels like to give in to her deepest, darkest desires. Before she knows it, he's become the centre of her world. But as the electric love and lust between them intensifies, a dark shadow is looming. Will Andrew's secret push them together or tear them apart?

[Techniques in Microbial Ecology, Robert S. Burlage](#) , 1998, 0195092236, 9780195092233. Microbial ecology is one of the fastest growing fields of microbiology. This practical volume is the bench and field scientist's guide to well-established

techniques for investigating microbial communities. Both for biologists just entering the field and for experienced researchers wishing to explore new areas, this book provides the theoretical background, detailed protocols, and tips from experts for working in this field. Chapters on bacteria with interesting metabolic traits are augmented with chapters on molecular techniques, lipid analysis, and appropriate sampling techniques. The final section includes up-to-date information on biofilm development and study, the science and practice of bioremediation, modeling of biological systems (including the most useful statistical parameters), and the study of phylogenetics.

[Cabbage Tree Bay: Marine Environmental Survey, Scott Herring, Anthony W. D. Larkum](#) , 1998, .

[Captive, Lander Hawes](#) , 2012, 0956422373, 9780956422378. Actor Josh Haddon and tennis player Jeff Brazier have three things in common - they are famous, rich and desire the same girl, a lawyer called Suzie. Through Josh's eyes we witness the 'before, during and after' of a classic love triangle, but one played out in the glare of the media spotlight. In CAPTIVITY, Lander Hawes strips bare a romantic entanglement from the point of view of that modern phenomenon: "celebrity." This is the novel as forensic examination, a story that asks fundamental questions about the behaviour and attitudes of the rich and famous, and by reflection about our not-so-famous selves.

[Strategic Leadership: Integrating Strategy and Leadership in Colleges and Universities, Richard L. Morrill](#) , 2010, 1607096552, 9781607096559. Strategic Leadership addresses deep and continuing issues relating to strategy, governance, management, and leadership in higher education during a period of rapid change. Each of these themes is at the heart of current debates about the capacity of universities to respond to new expectations, market realities, reduced state funding, globalization, technology, and a long list of other challenges. Dealing with these issues can immobilize colleges and universities, or it can cause them to become so market-driven that they will sacrifice their own legacy of academic values. This book places strategic planning in a new conceptual framework that is oriented to interactive leadership rooted in human agency and values. It will assist academic professionals, stakeholders such as trustees, and students of higher education to better understand and use strategic planning as an effective process and as a method of collaborative leadership.

[Lesbian Epiphanies: Women Coming Out in Later Life, Karol L. Jensen](#) , 1999, 1560239638, 9781560239635. Exploring identity development and gender orientation, Lesbian Epiphanies: Women Coming Out in Later Life contains firsthand information about the experiences and difficulties of women who discover and reveal their newfound lesbian sexuality in later life. Psychologists, social workers, counselors, and professors will find that Lesbian Epiphanies is the first book to extensively quote from interviews of lesbians and bisexuals who had entered into heterosexual marriages. From the analysis of these 24 interviews, the psychological, erotic, and social processes of women who come out as lesbians or bisexuals after a heterosexual marriage are clearly explained so you can better assist your clients throughout this coming-out process. Discussing the personal and societal standards which clouded early self-awareness for these women, Lesbian Epiphanies lifts the veil of confusion to clearly illuminate the issues at hand to assist you in understanding and helping your clients. From the case studies in this important book, you will learn how some women came to realize their same gender attractions and the barriers they faced, including negative attitudes toward lesbian women and the lack of strong role models. Helpful and informative, Lesbian Epiphanies explores the development of sexual identity in women in the United States today and provides you with essential information to help you improve your services to lesbian and bisexual clients by: examining how the role of marriage in American culture stifles a woman's self-awareness of her sexuality in order to help clients avoid the mistake of a heterosexual marriage before husbands and children are involved; examining reasons behind the lack of valuable sexual information in America that limits a woman's general awareness of herself, her body, her sexuality, and her life options; understanding the challenges that lesbians and bisexuals experience when attempting to establish their true identities to assist your clients in overcoming these barriers; suggesting support groups for clients who are having a difficult time becoming used to the ideas and feelings of some same gender attractions. This insightful book knocks down the sociological and psychological barriers that keep women from realizing or acknowledging their real sexual orientation by dispelling societal and cultural myths about what it means to be a woman in the United States. Offering you invaluable advice on how to help clients effectively and happily live with their new identities, Lesbian Epiphanies provides solutions to the challenges that women experience in establishing their other-than-heterosexual orientation in a heterosexist society.

[Real Talk for Real Teachers: Advice for Teachers from Rookies to Veterans: "No Retreat, No Surrender!", Rafe Esquith](#) ,

2013, 1101622873, 9781101622872. Wisdom to reenergize teachers of all ages and at all stages, from the New York Times bestselling author of *Teach Like Your Hairs on Fire* If Rafe Esquiths *Teach Like Your Hairs on Fire* was food for a teachers mind, *Real Talk for Real Teachers* feeds the teachers soul. In this inspiring book, the genius behind the triumphs in Room 56 and on the stage with the Hobart Shakespearians returns with words of wisdom and advice for those who struggle day to day in the worlds hardest profession. After thirty-plus years in the job, Esquith still puts in the countless classroom hours with which any dedicated teacher will be instantly familiar. He recognizes that new teachers and veteran educators need different kinds of nourishment, whether its encouragement to see through a teachers difficult early years, advice on midcareer classroom building, or novel ideas for how longtime educators can put their expertise to work. Mixing his trademark offbeat humor and no-nonsense maxims with instructive stories and useful in-class advice, Esquith proves the perfect companion for teachers who need a quick pick-me-up, a long heart-to-heart, or just a momentary reminder that theyre not alone. *Real Talk for Real Teachers* is from-the-hip advice to help teachers of every stripe cope with the overwhelming challenges of the classroom and beyond.

[Three Revenge Tragedies, Cyril Tourneur, Thomas Middleton, John Webster](#) , 2004, 0141441240, 9780141441245.

Following the end of Queen Elizabeth's reign in the early seventeenth century, the new court of King James was beset by political instability and moral corruption. This atmosphere provided fertile ground for the dramatists of the age, whose plays explore the ways in which social decadence and the abuse of power breed resentment and lead inexorably to

violence and bloody retribution. In Tourneur's *The Revenger's Tragedy*, the debauched son of an Italian Duke attempts to rape the virtuous Gloriana - a veiled reference to Elizabeth I. Webster's *The White Devil* depicts a sinister world of intrigue and murderous infidelity, while *The Changeling*, perhaps Middleton's supreme achievement, powerfully portrays a woman bringing about her own unwitting destruction. All three are masterpieces of brooding intensity, dominated by images of decay, disillusionment and death.

[Caesar's Silver: A Story of Historical Fact and Fiction, Mark Stonecipher](#) , 2012, 0985440376, 9780985440374. A superb and suspenseful story of fact and fiction that brings to life and chronicles the struggles of real people as they sealed their places in history. Caesar, a true life character, was an escaped slave from Virginia who made his way to the Ohio country and was adopted by the Shawnee. His journey from slavery to freedom, from fugitive to a Shawnee Warrior is strikingly described in this book. Caesars life intertwined with the Shawnee, a proud, scattered people, noted for their beautiful silver ornaments, whose wanderings had brought them to the Ohio Valley. Their struggles to remain a strong nation faced with the encroachment of settlers and war with the Longknives is expertly portrayed in this book. In 2012, an old letter is found giving detailed directions to an underground cavern that holds a cache of silver that the Shawnee had hidden. What was found in that cavern will astound you for there was much more than the lost treasure of the Shawnee. There is a section, in the form of endnotes, at the back of the book that will guide the reader through the actual events of history that inspired the author to create this wonderful story

[Breaking Stalin's Nose, Eugene Yelchin](#) , 2013, 1250034108, 9781250034106. Winner of a 2012 Newbery Honor. Lavishly illustrated, this moving story of a young boy's world unraveling is masterful in its simplicity, powerful in its message, and heartbreaking in its plausibility. Sasha Zaichik has known the laws of the Soviet Young Pioneers since the age of six: The Young Pioneer is devoted to Comrade Stalin, the Communist Party, and Communism. A Young Pioneer is a reliable

comrade and always acts according to conscience. A Young Pioneer has a right to criticize shortcomings. But now that it is finally time to join the Young Pioneers, the day Sasha has awaited for so long, everything seems to go awry. He breaks a classmate's glasses with a snowball. He accidentally damages a bust of Stalin in the school hallway. And worst of all, his father, the best Communist he knows, was arrested just last night.

[The Making of a Schoolgirl, Evelyn Sharp](#) , 1989, 0195059115, 9780195059113. Triply excluded from the literary canon--for being classified as children's literature, for being classified within children's literature as a school story, and for being, moreover, a school story about girls--Evelyn Sharp's *The Making of a Schoolgirl* (1897) has too long languished in obscurity. This gem of a novel sparkles with ironic wit, offers keen insights into relationships with family and friends, and undermines patriarchal conventions while paradoxically finding sustenance in them. Beverly Lyon Clark's introduction to this new edition of the novel discusses how Sharp--later a leader in the suffrage movement--explores the conflicting pulls of school and family and probes the sexual politics of what it meant to grow up female in late-Victorian England. Becky, the heroine of the novel, learns about girls' schools from her brother Jack, who, while castigating girls for putting lessons before larks, at the same time criticizes them for not knowing the meaning of hard work. Sharp's irony enables her to endorse Becky's affection for Jack even as she subverts the patriarchal values he propounds. This masterpiece remains today as compelling for adults as for children.

[Functional Analysis in Modern Applied Mathematics, ISSN 0076-5392, Ruth F. Curtain](#) , 1977, 0121962504, 9780121962500. In this book, we study theoretical and practical aspects of computing methods for mathematical modelling of nonlinear systems. A number of computing techniques are considered, such as methods of operator approximation with any given accuracy; operator interpolation techniques including a non-Lagrange interpolation; methods of system representation subject to constraints associated with concepts of causality, memory and stationarity; methods of system representation with an accuracy that is the best within a given class of models; methods of covariance matrix estimation; methods for low-rank matrix approximations; hybrid methods based on a combination of iterative procedures and best operator approximation; and methods for information compression and filtering under condition that a filter model should satisfy restrictions associated with causality and different types of memory. As a result, the book represents a blend of new methods in general computational analysis, and specific, but also generic, techniques for study of systems theory and its particular branches, such as optimal filtering and information compression.

- Best operator approximation, - Non-Lagrange interpolation, - Generic Karhunen-Loeve transform- Generalised low-rank matrix approximation- Optimal data compression- Optimal nonlinear filtering

[Enterprise Business Architecture: The Formal Link Between Strategy And Results, Ralph Whittle Whittle, Conrad B. Myrick](#) , 2005, 0849327881, 9780849327889. A critical part of any company's successful strategic planning is the creation of an Enterprise Business Architecture (EBA) with its formal linkages. Strategic research and analysis firms have recognized the importance of an integrated enterprise architecture and they have frequently reported on its increasing value to successful companies. Enterprise Business Architecture: The Formal Link between Strategy and Results explains the approach needed for the development of a formal but pragmatic EBA. Part I introduces EBA concepts and terms, and emphasizes the importance of architectures in reaching business goals. This section challenges you to research and analyze the architectural needs of your business. This analysis enables you to understand both your chosen architecture and the behaviors and discipline needed to maximize its potential. Part II illustrates a high-level approach for building the EBA. It provides you with a richly illustrated case study and guidance for relating the value of this approach to your enterprise. Part III provides suggestions derived from successful engagements that implemented the formal EBA approach with integrated enterprise architectures. This section demonstrates that success does not result from a one-time project, but instead emerges from a new EBA-based corporate behavior.

The AACE/ACE Diabetes Algorithm for Glycemic Control FLASHcard is a durable plastic card containing society-endorsed, consensus-based treatment guidelines in a brief algorithmic format that is most preferred by practicing clinicians, quality managers, nurses, educators, and medical students. This practical quick-reference tool contains oral and insulin drug therapy and dosing information. The AACE/ACE Diabetes Algorithm for Glycemic Control FLASHcard provides all that is needed to make accurate treatment decisions at the point of care according to the latest consensus recommendations. The FLASHcard is endorsed by the American Association of Clinical Endocrinologists (AACE) and the American College of Endocrinology (ACE).

[Learn to listen, listen to learn: academic listening and note-taking. Student book, , R. Susan Lebauer](#) , 2000,

0139194320, 9780139194320. Since 1988, the best-selling Learn to Listen, Listen to Learn has helped students prepare for the rigors of academic classwork. Now, a new Second Edition continues to offer readers valuable tips for getting the most from lectures. This text shows how a typical lecture is organized, using actual excerpts and transcripts from 19 authentic lectures covering a wide range of topics. Students are taught to: -- Use language cues and conventions that indicate organization and emphasis.-- Deal with numbers and statistics.-- Predict upcoming information.-- Organize their notes for maximum effectiveness. Other features new to this edition include: -- Supplementary readings drawn from today's newspapers and magazines for pre- and post-lecture discussions.-- Follow-up writing or speaking and listening activities designed to develop critical thinking skills. Learn to Listen, Listen to Learn utilizes a three-pronged approach to vocabulary instruction -- defining, using, and retaining. It also incorporates a variety of quiz and test questions to familiarize students with the challenges of true/false, multiple choice, and short answer items.

[Taking Speech Disorders to School, John E. Bryant](#) , 2004, 1891383248, 9781891383243. This beautifully illustrated and fun-to-read storybook simplifies and normalizes a complicated childhood condition. When read aloud, other children can identify why a peer may be treated differently and begin to empathize with them. In addition, children whose conditions set them apart as being different begin to feel accepted and safe.

[Collected Stories, Olga Masters](#) , 1996, 0702228834, 9780702228834. In the brief four years between the publication of her first volume of short stories and her death in 1986, Olga Masters was celebrated as one of Australia's most powerful and original writers. She won a National Book Council award and was shortlisted for another, and was published in the United States, France and Italy. She wrote two novels and three collections of short stories, the third published posthumously. Gathered now in one volume are all the stories from *The Home Girls* and *A Long Time Dying* and those she had completed for *The Rose Fancier*, tough, honest stories that portray rural and suburban life with compassion and unsparing observation.

[An Economic History of the USSR: 1917-1991, Alec Nove](#) , 1992, 0140157743, 9780140157741. This update to "The History of the Soviet Economy" covers the period from the Bolshevik seizure of power to the aftermath of the failed coup, which speeded up the disintegration of the Soviet Union. The final chapter encompasses Gorbachev's attempt to refo.

[Emotions in Education, ISSN 0046-1520, Paul A. Schutz, Lyn Corno, Sonja L. Lanehart](#) , 2002, 0805896546, 9780805896541. In a society where a comic equates with knockabout amusement for children, the sudden pre-eminence of adult comics, on everything from political satire to erotic fantasy, has predictably attracted an enormous amount of attention. Adult comics are part of the cultural landscape in a way that would have been unimaginable a decade ago. In this first survey of its kind, Roger Sabin traces the history of comics for older readers from the end of the nineteenth century to the present. He takes in the pioneering titles pre-First World War, the underground 'comix' of the 1960s and 1970s, 'fandom' in the 1970s and 1980s, and the boom of the 1980s and 1990s (including 'graphic novels' and Viz.). Covering comics from the United States, Europe and Japan, *Adult Comics* addresses such issues as the graphic novel in context, cultural overspill and the role of women. By taking a broad sweep, Sabin demonstrates that the widely-held notion that comics 'grew up' in the late 1980s is a mistaken one, largely invented by the media. *Adult Comics: An Introduction* is intended primarily for student use, but is written with the comic enthusiast very much in mind.

[Conference of the Birds: The Story of Peter Brook in Africa, John Heilpern](#) , 1989, 0878301100, 9780878301102. The now legendary journey began in December, 1972, and lasted a hundred days. It was without precedent in the history of theater. Brook and his international troupe of actors left their base in Paris and disappeared into the heart of the Sahara

desert. From there, they began their astonishing journey in search of the miraculous that took them 8,500 miles through the remote villages of Africa until the exhausted expedition came full circle, ending in the desert where it began. Part theater expedition and experiment, part spiritual search and comedy of errors, Brook's adventure was in essence a search for a new beginning and a completely new form of theater. The actors performed at each village they came to improvising before stunned villagers with whom they shared no common language. The outcome was to have far-reaching implications for the future of theater and a seminal impact on all of Brook's groundbreaking work thereafter - from his ninety-minute Carmen to his seven-hour epic, The Mahabharata. This classic book is the most penetrating account written about the ideas and personality of the man described as the world's greatest theater director.

[A Dangerously Curious Eye: The Edge of San Francisco : Photographs by Barry Shapiro 1972 -1982,](#) , 2010, 0979331498, 9780979331497. Far from the bridges and cable cars, hidden away behind the famous hills, there is another San Francisco Bay Area that most people never see. San Francisco's Hunter's Point and Fillmore District, West Oakland and Richmond's Iron Triangle - in the 1970s these places on the edges of this great American metropolis offered Barry Shapiro an alternate reality where he pointed his lens. Although Barry made his reputation as a professional photographer with the 1972 publication of Handmade Houses: The Woodbutcher's Art, his day job as a teacher of remedial reading to adults gave him an entre into a world that white America only saw in the blaxploitation films of the day like "Shaft" and "Superfly." His curious eye brought him to many dangerous places, but with the trust he earned, he was able to not only hang out in this unique subculture, but be allowed to photograph their very intimate and sometimes dark moments. In these photos we see glimpses of tenderness that can explode into violence, tension that dissolves into laughter, kids showing off for the camera, and tough motorcycle gangs chilled out after a night of hard partying. What instantly captures the viewer's attention is that Barry, with the force of his energetic personality, established a trusting relationship with each of his subjects, whether that relationship lasted for years or only a few seconds. When Barry wasn't hanging out in these fringe neighborhoods, he was prowling the streets of the Bay Area with his stealth Leica shooting poignant black-and-white moments of street life through the windows of his VW bus. These images record an

incredible slice of everyday urban life without any hint of his even being there. Barry captured what Henri Cartier-Bresson called "the decisive moment" over and over with a natural ability that only the best photographers have. Always a maverick, rarely inclined to shoot to spec and unwilling to compromise or cater to photographic fashion, Barry shot his black-and-white photographs with no thoughts of commercialism. Although his career as a photographer spanned more than forty years, and he spent the last sixteen years of his life as a high-school teacher and principal, he never stopped shooting. With a foreword by famed San Francisco rock photographer Jim Marshall and an introduction by best-selling novelist Mark Joseph, two of Barry's closest friends, *A Dangerously Curious Eye* will show you a very different side of the San Francisco Bay Area.

[Combinatorics of experimental design, Anne Penfold Street, Deborah J. Street](#) , 1987, 0198532563, 9780198532569.

This book describes direct and recursive methods for the construction of combinatorial designs. It is ideally suited to the statistician through its discussion of how the designs currently used in experimental work have been obtained and through its coverage of other known and potentially useful designs. It is equally suited to the needs of the combinatorialist, with its stress on the statistical motivation for studying particular finite structures and its suggestions of open problems in the construction of new designs with useful properties for the experimentalist. Designs are discussed within a unified framework, showing the interplay between elegant structure and practical use.

[Amphibians and Reptiles of Costa Rica: A Pocket Guide, Federico Muoz Chacn, Richard Dennis Johnston](#) , 2013, 0801478693, 9780801478697. Costa Rica is a remarkable place for amphibians and reptiles. Known for its biological diversity, conservation priorities, and extensive protected lands, this small country contains 418 herpetological species including the dangerous Fer-de-Lance and Black-headed Bushmaster, the beloved sea turtles, and numerous dink, foam, glass, and rain frogs. Additional species are thought to be nearing extinction while others have been introduced only recently. *Amphibians and Reptiles of Costa Rica* is the perfect introductory guide to this diverse herpetofauna in a format that makes it easy to carry into the field. The focus is on identification with entries for all species in the country, including scientific and English common names, as well as the older names for the many species that have been recently reclassified. Key ID marks are noted as well as adult sizes. Range maps identify the region(s) where species are known to

be present. Color photographs and drawings are provided for over 80 percent of the species, representing those that are most likely to be encountered. Designed with ease of use in mind, this guide will be a great aid to the observer in identifying the specimen at hand.

[The Complete Year in Reading and Writing: Daily Lessons, Monthly Units, Yearlong Calendar. Grade 5, Laurie Pastore, Pam Allyn](#) , 2008, 0545046068, 9780545046060. At the beginning of every school year, we bet you ask yourself, What do I want my students to know and do as readers and writers by the end of this year? This book just for Grade 5 makes that question easy to answer by taking all the guesswork out of teaching reading and writing. Provides a detailed curricular calendar that's tied to a developmental continuum and the standards so you'll know not only what you should be teaching, but what your students are ready to embrace and what you can reasonably expect of them as successful readers and writers. Additionally, you'll find monthly units of study that integrate reading and writing so both work together to provide maximum support for your students. The units are organized around four essential components, process, genre, strategy, and conventions, so you're reassured you're addressing everything your students need to know about reading and writing. What's more you'll find ready-to-use lessons that offer exemplary teaching and continuous assessment, and a flexible framework that shows you how to frame a year of teaching, a unit, and a lesson and you can easily adapt all to fit the unique needs and interests of your own students. For use with Grade 5.

They live in their Bear-Rabbit house and cook their Bear-Rabbit meals in their Bear-Rabbit kitchen. One day they spy a shiny thing. But they can't agree who it belongs to, and the two friends fall out. Could this be the end of their very special friendship?

[Adler, Paul Adler](#) , 2007, 0199286043, 9780199286041. This volume explores the changing nature of community in modern corporations. Community within and between firms - the fabric of trust so essential to contemporary business - has long been based on loyalty. This loyalty has been largely destroyed by three decades of economic turbulence, downsizing, and restructuring. Yet community is more important than ever in an increasingly complex, knowledge-intensive economy. The thesis of this volume is that a new form of community is slowly emerging - one that is more flexible and wider in scope than the community of loyalty, and that transcends the limitations of both traditional Gemeinschaft and modern Gesellschaft. We call this form collaborative community. The trend towards collaborative community is difficult to detect amidst the ferocious forces of market and bureaucratic rationalization. But close analysis of some of America's most successful corporations reveals three dimensions of the emerging form: a shared ethic of interdependent contribution: distinct from the uneasy mix of loyalty and individualism that prevailed for so long; a formalized set of norms of interdependent process management that include iterative co-design, metaphoric search, and systematic mutual understanding: distinct from both rigid authority hierarchies and informal log-rolling; An interdependent social identity that supports these organizational features: distinct from both dependent, traditionalistic identities and the independence of the autonomous self that is often associated with Western culture. This volume is a collaborative effort of leading scholars in organization studies to delineate the new form of community and the forces encouraging and constraining its growth. The contributors combine sociology and psychology theory with detailed analysis of business cases at the firm and inter-firm level.

[Fading Warriors,](#) , 2005, 0976804603, 9780976804604. This is a collection of first person experiences of 47 participants in World War II. They represent all branches of service and were involved in nearly every major campaign or battle of that conflict. Several former prisoners of war, in both Germany and Japan, are featured. There is information relating to how Herman Goering obtained the cyanide he used to avoid the gallows. The experiences of one of the first two Red Cross girls to land in France after the invasion is included. Airmen, Marines, Sailors, Infantrymen, combine to provide the reader with a broader concept of the United States greatest effort than many other World War II publications which

present a singular viewpoint such as one person, one ship, one squadron stories. Fading Warriors also features numerous photographs inserted within the related text instead of gathering them in a small section in the center of the volume.

[The Sense of Sound: Musical Meaning in France, 1260-1330, Emma Dillon](#) , 2012, 0199732957, 9780199732951. Among the most memorable innovations of music and poetry in thirteenth-century France was a genre that seemed to privilege sound over sense. The polytextual motet is especially well-known to scholars of the Middle Ages for its tendency to conceal complex allegorical meaning in a texture that, in performance, made words less, rather than more, audible. It is with such musical sound that this book is concerned. What did it mean to create a musical effect so potentially independent from the meaning of words? Is it possible such supermusical effects themselves had significance? The Sense of Sound offers a radical recontextualization of French song in the heyday of the motet c.1260-1330, and makes the case for listening to musical sound against a range of other potentially meaningful sonorities, often premised on non-verbal meaning. In identifying new audible interlocutors to music, it opens our ears to a broad spectrum of sounds often left out of historical inquiry, from the hubbub of the medieval city; to the eloquent babble of madmen; to the violent clamor of charivari; to the charismatic chatter of prayer. Drawing on a rich array of artistic evidence (music, manuscripts, poetry, and images) and contemporary cultural theory, it locates musical production in this period within a larger cultural environment concerned with representing sound and its emotional, ethical, and social effects. In so doing, The Sense of Sound offers an experiment in how we might place central the most elusive aspect of music's history: sound's vibrating, living effect.

[Dancehall: The Story of Jamaican Dancehall Culture, Beth Lesser](#) , 2008, 0955481716, 9780955481710. This definitive study of the 1980s Jamaican Dancehall scene features hundreds of exclusive photographs and an accompanying text that capture a vibrant, globally influential and yet rarely documented culture that has been mixing music, fashion and lifestyle with aplomb since its inception. With unprecedented access to the incredibly exciting music scene during this period, Beth Lesser's photographs and text are a unique way into a previously hidden culture. Dancehall is at the center of Jamaican musical and cultural life. From its roots in Kingston in the 1950s to its heyday in the 1980s, Dancehall has conquered the globe, spreading to the USA, UK, Canada, Japan, Europe and beyond. Dancehall is a culture that encompasses music,

fashion, drugs, guns, art, community, technology and more. Many of today's global music and fashion styles can be traced back to Dancehall culture and indeed continue to be influenced by it today. Born in the 1950s out of the neighborhood jams of Kingston, Dancehall grew to its height in the 1980s before a massive influx of drugs and guns made the scene too dangerous for many. This jam-packed visual history and text tells the story from its roots to its heights from that rarest vantage of the true, respected insider. In the early 1980s, as Jamaica was in the throes of political and gang violence, Beth Lesser ventured where few others dared, and this book is a never-before-seen record of the exciting, dangerous and vibrant world of Dancehall. Writer and photographer Beth Lesser lived in Jamaica in the late 1970s and early 1980s. Her previous book, *King Jammy's* (2002), a profile of the innovative Dancehall producer King Jammy, was described by Peter Dalton, co-author of *The Rough Guide to Reggae*, as "the one essential book on reggae." She currently lives in Toronto.

[Kaplan Scholarships 2014, Gail A. Schlachter, Kaplan, R. David Weber](#) , 2013, 1618650610, 9781618650610. The popular annual college scholarships book with more scholarships than any other book, trusted by students and delivered by Kaplan. It is no secret that the cost of a college education has skyrocketed in recent years. According to the College Board, over the past five years (2005-06 school year to 2010-11 school year) the average published tuition and fees increased by about 24% at public four-year institutions, by 17% at private nonprofit four-year institutions, and by 11% at public two-year institutions. Researching and understanding all the additional funding options can be a daunting task and Kaplan is here to help. *Kaplan Scholarships 2014* focuses on scholarships for undergraduates and provides expert tips and advice for applying, including a comprehensive list of scholarships that do not restrict students to any one school and do not require repayment of any kind. *Kaplan Scholarships 2014* features: A comprehensive list of over 3,000 available scholarships Contact information for each scholarship Annually updated and revised important financial guidelines

[Oil Painting Secrets from a Master: 25th Anniversary Edition, Linda Cateura](#) , 1995, 0823032795, 9780823032792. Some of the most popular art instruction books ever written have been based on student notes culled over the years from actual workshop sessions, with all their power and immediacy - and with practical, on-to-one contact between student and teacher. This is such a book. For more than two years, Linda Cateura has pursued teacher / artist David A. Leffel, notebook in hand, as he critiqued the work of students. Linda Cateura's succinct notes capture his insights, philosophy, painting hints, and general comments. Leffel's classic, painterly, twentieth-century old master style, much in the manner of Rembrandt or Chardin, affords ample illustration of the ideas expressed - through his many paintings, details, demonstrations, and diagrams, almost all in color. No matter what your level of ability, there is something here to apply to your own work, ideas that will cause you to rethinking your own ways of painting, hints to save you effort, or solutions to

persistent painting problems.

[The Flexible Phenotype: A Body-Centred Integration of Ecology, Physiology, and Behaviour, Theunis Piersma, Jan A. van Gils](#) , 2010, 0199597243, 9780199597246. The Flexible Phenotype attempts a true synthesis of physiology, behaviour, and ecology by developing an empirical argument that describes the intimate connections between phenotypes and their environments. It portrays an ecological angle to the rapidly growing extended synthesis in evolutionary biology that incorporates developmental processes, self-organization, and the multiple dimensions of inheritance. The book starts with a synthesis of the principles guiding current research in ecophysiology, functional morphology, and behavioural ecology. Each aspect is illustrated with the detailed results of empirical work on as wide a range of organisms as possible. The integrated story of the flexible phenotype is woven throughout the book on the basis of the authors' long-term research on migrant shorebirds and their invertebrate prey. These birds travel vast distances from one environment to another, and the changing nature of their bodies reflects the varied selection pressures experienced in the course of their globe-spanning migrations. In essence, the authors argue for the existence of direct, measurable, links between phenotype and ecology, mediated by developmental processes. Their book outlines a more encompassing approach to evolutionary ecology, based on first principles in physiology, behaviour, and ecology. It aspires to encourage a further integration of ecology and physiology, as well as fostering a collaborative research agenda between ecologists, physiologists, and developmental biologists.

[Botswana and Its People, Willie Seth](#) , 2008, 0981425879, 9780981425870. This book is a general introduction to Botswana, the land and its people. Readers are going to learn some basic facts about Botswana including its geography and history. Also covered in the book are the nation's resources including crops and minerals as well as tourist attractions. The book is intended for those who are learning about Botswana for the first time and for those who are going to Botswana. It's also intended for the general reader who does not even intend to go to Botswana. It also looks at some cultural aspects of Botswana and ethnic tensions which, although not highly pronounced as in many other African countries, pose a challenge to the nation's leadership in a country which prides itself as a role model on the continent in terms of democracy and harmonious relations among people of different tribes and races. Tourists and students will find this book to be useful as an introductory work on one of the most vibrant, most prosperous, and most peaceful countries in Africa; a nation composed of people of different ethnic and racial backgrounds. Botswana also is one of the very few countries on the continent whose population is mostly composed of one ethnic group and only a few others. Yet it is a land of stunning diversity in terms of its rich history, culture and way of life in spite of its very limited number of ethnic groups and sparse population in a vast expanse of territory which is also one of the largest countries in Africa in terms of area.

[Crime, Ferdinand von Schirach](#) , 2012, 0099549271, 9780099549277. Meet Fahner, the retired small-town doctor who resorts to the garden axe when his patience with his cruel wife runs out. Meet Patrick, so entranced by the sight of his sleeping girlfriend that he cuts a small piece out of her back, just to see what she tastes like. Meet the silent assassin who calmly despatches two Neo-Nazi thugs on a railway platform. A nameless lawyer invites us to read an extraordinary dossier of violent and unspeakable acts. All the crimes have one thing in common: the guilty have never been convicted in a court of law. But however heinous the crime, the narrator shows how the human circumstances behind events can tell a different story.

[Merchant, Soldier, Sage: A New History of Power, David Priestland](#) , 2012, 184614485X, 9781846144851. From historian David Priestland, *Merchant, Soldier, Sage* is a remarkable book that proposes a radical new approach to how we see our world, and who runs it, in the vein of Francis Fukuyama's *The End of History*. We live in an age ruled by merchants. Competition, flexibility and profit are still the common currency, even at a time when Western countries have been driven off a cliff by these very values. But will it always be this way? David Priestland argues for the predominance in any society of one of three broad value systems - that of the merchant (commercial and competitive); the soldier (aristocratic and militaristic); and the sage (bureaucratic or creative). These 'castes' struggle alongside the worker (egalitarian and artisanal) for power, and when they achieve supremacy, they can have such a strong hold over us that it is almost impossible to imagine life outside their grip. And yet there does come a point of drastic change, usually because one caste becomes too dominant. The result is economic crisis, war or revolution, and eventually a new caste takes over. Priestland argues, we are now in the midst of a period with all the classic signs of imminent change. As the history of the last century shows, there is good reason to be fearful of the forces that this failure may unleash. *Merchant, Soldier, Sage* is both a masterful dissection of our current predicament and a brilliant piece of history. The world will not look the same again. Reviews: 'We have here a gripping, argument-led history, effortlessly moving between New York, Tokyo and Berlin, from the Reformation to the 2008 economic crisis ... dazzling ... here, at last, is a work that places the current crisis in a longer history of seismic shifts in the balance of social power' Frank Trentman, *BBC History Magazine* 'Concise but extremely ambitious ... well worth pondering and reflecting on ... among the many contributions to the dissection of our current predicament, this is surely one of the most thought-provoking' Sir Richard J Evans, *Guardian* 'Stimulating ... In illustrating these larger processes of caste conflict and caste collaboration, the author offers crisp portraits of entrepreneurs, economists and warriors ... Sparkling prose and ... arresting comparisons' Ramachandra Guha, *Financial Times* About the author: David Priestland has studied Communism in all its forms for many years, in both Oxford and Moscow State Universities. He is University Lecturer in Modern History at Oxford and a Fellow of St. Edmund Hall, and the author of *Stalinism and the Politics of Mobilization*. *The Red Flag* was shortlisted for the Longman/History

Today prize.

[Expletives Deleted: Selected Writings, Angela Carter](#) , 2012, 1409040771, 9781409040774. WITH AN INTRODUCTION BY MICHAEL MOORCOCK Angela Carter was one of the most important and influential writers of our time: a novelist of extraordinary power and a searching critic and essayist. This selection of her writing, which she made herself, covers more than a decade of her thought and ranges over a diversity of subjects giving a true measure of the wide focus of her interests: the brothers Grimm; William Burroughs; food writing, Elizaeth David; British writing: American writing; sexuality, from Josephine Baker to the history of the corset; and appreciations of the work of Joyce and Christina Stead.

[Shabbat Book: A Weekly Guide for the Whole Family, Joyce Klein](#) , 1997, 9657047021, 9789657047026. This beautifully illustrated book can be read by children alone or in a family setting. With a colorful page for each week of the Jewish calendar, it is designed to integrate the weekly Torah portion with the ideas, traditions and customs of the Sabbath. Conceived and published by the producers of the Animated Haggadah The Shabbat Book will appeal to every Jewish child - and parent.

[The American People in World War II: Freedom from Fear, Part Two, David M. Kennedy](#) , 2003, 0199840059, 9780199840052. Even as the New Deal was coping with the Depression, a new menace was developing abroad. Exploiting Germany's own economic burdens, Hitler reached out to the disaffected, turning their aimless discontent into loyal support for his Nazi Party. In Asia, Japan harbored imperial ambitions of its own. The same generation of Americans who battled the Depression eventually had to shoulder arms in another conflict that wreaked worldwide destruction, ushered in the nuclear age, and forever changed their way of life and their country's relationship to the rest of the world. The American People in World War II--the second installment of Kennedy's Pulitzer Prize-winning Freedom from Fear--explains how the nation agonized over its role in the conflict, how it fought the war, why the United States emerged victorious, and why the consequences of victory were sometimes sweet, sometimes ironic. In a compelling narrative, Kennedy analyzes the determinants of American strategy, the painful choices faced by commanders and statesmen, and the agonies inflicted on the millions of ordinary Americans who were compelled to swallow their fears and face battle as best they could. The American People in World War II is a gripping narrative and an invaluable analysis of the trials and victories through which modern America was formed.

Brian Tracy says, "This book contains more practical ideas to help you be more effective with other people than anything else you will ever read." A complete explanation of the DISC Model of Human Behavior (and other four-quadrant models) written for life application by non-technical readers (the psychobabble has been removed). Sections on business relationships (managing, selecting, hiring, selling and negotiating), personal relationships (friendships, marriage and children) and predictive behavior (understanding yours and others' predictable responses in advance). The book includes a self-scoring personal style assessment survey for aid in self-improvement.

[Mr Freedom: British Design Hero, Paul Gorman, Tommy \(ART\) Roberts](#) , 2012, 0955201799, 9780955201790. At the apex of 1960s British fashion, Tommy Roberts was one of the premier designers to the rock royalty and stars of the era. Jimi Hendrix's famous frilly shirts were bought from Roberts' first boutique Kleptomania, on Carnaby Street; when Elizabeth Taylor and Richard Burton went public as a couple, they commissioned Roberts to create matching T-shirts; the iconic Zodiac cape worn by Mick Jagger at Altamont was a Roberts creation; Elton John's outfit for his first Rolling Stone cover in 1971 came from Roberts' legendary Mr Freedom boutique; Roberts' City Lights Studio provided David Bowie with the suit he wore on the rear cover of his 1973 album Pin-Ups. "He did it first, time after time," Sir Paul Smith says of Roberts, who was indeed the first designer to incorporate Walt Disney cartoons and Pop art into fashion; the first to open a boutique in Covent Garden; and the first to overtly blur the professional distinctions between fashion and music by managing Ian Dury's art-rock band Kilburn & The High Roads (thus providing the precedent for Malcolm McLaren's transition from fashion into music, with his management of the Sex Pistols). Roberts' influence continued into the 1980s with cutting-edge home-ware and furniture design store Practical Styling, in the 1990s with Tom-Tom and in the 2000s with Two Columbia Road, selling furniture and artifacts. Mr. Freedom is a visual celebration of this fashion and design pioneer. With unlimited access to Roberts' and his archive, it compiles hundreds of archival images (both classic and previously unpublished) alongside a stellar cast of contributors, providing a revelation of fashion, design and pop culture from the 1960s to the 2000s.

[Easy Innocence, Libby Fischer Hellmann](#) , 2008, 1932557660, 9781932557664. When pretty, smart Sara Long is found bludgeoned to death, it's easy to blame the man with the bat. But Georgia Davis, former cop and newly-minted PI, is

hired to look into the incident at the behest of the accused's sister, and what she finds hints at a much different, much darker answer. It seems the privileged, preppy schoolgirls on Chicago's North Shore have learned just how much their innocence is worth to hot-under-the-collar businessmen. But while these girls can pay for Prada pricetags, they don't realize that their new business venture may end up costing them more than they can afford.

[The Country Mouse and the City Mouse: A Retelling of Aesop's Fable, Jason Strange](#) , 2011, 1404877991, 9781404877993. [Broadway, the Golden Years: Jerome Robbins and the Great Choreographer-Directors, 1940 to the Present, Robert Emmet Long](#) , 2003, 0826414621, 9780826414625. Broadway, the Golden Years is a wonderfully readable group portrait, or series of biographies as well as historical overview, of the great Broadway choreographers, from the World War II era to our own time: Jerome Robbins, Agnes de Mille, Gower Champion, Bob Fosse, Michael Bennett, Tommy Tune, Graciela Daniele, Susan Stroman, and others. The hits generated by two generations of choreographer-directors define the Broadway stage and popular culture of our time: Oklahoma!; Brigadoon; On the Town; Damn Yankees; West Side Story; Gypsy; How to Succeed in Business without Really Trying; A Funny Thing Happened on the Way to the Forum; Hello, Dolly!; Fiddler on the Roof; A Chorus Line; Dancin'; Dream Girls; My One and Only; The Pirates of Penzance; The Producers, and many others. This book is thoroughly researched. Robert Emmet Long conducted dozens of interviews with his subjects themselves as well as those who worked with them (especially true of the late Jerome Robbins, who personally arranged a number of interviews with colleagues). Long secured the cooperation of artists who do not typically give interviews. He attended rehearsals and full-dress performances. In short, as much as history, this book is also a colorful behind-the-scenes show-business story. Broadway, the Golden Years includes 15 pictures, both portraits and shots of productions and the choreographer-directors at work. It will appeal to the millions among us who can't get a Broadway-dance tune out of our heads, or who want to know more about a favorite production.

[Unraveling Fibers, Patricia A. Keeler, Francis X. MacCall](#) , 1995, 0689317778, 9780689317774. Fibers, knitted or woven, make our clothes, sheets, towels, and curtains. Hundreds of full-color photos reveal what fibers look like up close, the plants and animals they come from, and the steps necessary to process fiber into yarn to make clothing and other textiles.

9781853022791. Offering a new and much needed approach to supervision practice, Good Practice in Supervision considers the need and format for successful supervision, methods of effective implementation, particular difficulties and problems frequently encountered, and anti-discriminatory practice. Throughout the book, there are many practical suggestions and examples which complement the sound theoretical base of the text. The contributors are drawn from a wide variety of settings, in both the voluntary and statutory sectors, and offer a range of approaches and perspectives. Discussion covers, among other topics, work with older people, court welfare supervision, students, and child protection. Such a thorough and important book addresses issues until now often overlooked.

[Poems on the Path, Hernn J. Restrepo](#) , 2002, 0973206403, 9780973206401.

[The decline of power, 1915-1964, Robert Blake](#) , 1985, 0195204808, 9780195204803. During the mere fifty years from the disintegration of the Liberal Party in 1915 to the election of Harold Wilson's Labour government in 1964, Britain survived two world wars, countless conflicts, the General Strike, Suez, and many other dramatic social and political changes. What did not survive these tumultuous years, however, was Britain's longstanding status as a major imperial power. Here, leading historian Robert Blake skillfully charts the sorry decline of the sea-based British Empire and the mighty ascendance of two great land-based world powers: the United States and the Soviet Union. Blake brings his customary wit and scholarly wisdom to this complex period, offering a delightfully fresh interpretation of familiar people and politics that are vital to our understanding of the history and events of our century.

[The Foundations of Modern Science in the Middle Ages: Their Religious, Institutional and Intellectual Contexts, Edward Grant](#) , 1996, 0521567629, 9780521567626. Contrary to prevailing opinion, the roots of modern science were planted in the ancient and medieval worlds long before the Scientific Revolution of the seventeenth century. Indeed, that revolution would have been inconceivable without the cumulative antecedent efforts of three great civilizations: Greek, Islamic, and Latin. With the scientific riches it derived by translation from Greco-Islamic sources in the twelfth and thirteenth centuries, the Christian Latin civilization of Western Europe began the last leg of the intellectual journey that culminated in a scientific revolution that transformed the world. The factors that produced this unique achievement are found in the way Christianity developed in the West, and in the invention of the university in 1200. A reference for historians of science or those interested in medieval history, this volume illustrates the developments and discoveries that culminated

in the Scientific Revolution.

[Toys!: amazing stories behind some great inventions, Don L. Wulffson](#) , 2001, 0439323398, 9780439323390. Describes the creation of a variety of toys and games, from seesaws to Silly Putty and toy soldiers to Trivial Pursuit.

[Histopathology of Nodal and Extranodal Non-Hodgkins Lymphomas, Alfred C. Feller, Jacques Diebold](#) , 2004, 3540638016, 9783540638018. During the 10 years since the last edition of Histopathology of Non-Hodgkin's Lymphomas, based on the updated Kiel classification, our knowledge on malignant lymphomas, especially on extranodal lymphomas, has increased. This volume - Histopathology of Nodal and Extranodal Non-Hodgkin's Lymphomas - is an expanded and completely revised edition, now based on the WHO classification. The parallels to the updated Kiel classification and the REAL classification are indicated. The information is organized in organ-specific chapters, comprising the well-known nodal lymphoma entities as well as all known extranodal lymphomas and the different organ-specific clinico-pathological entities: lymphomas of the spleen, the gastrointestinal tract, the skin, etc. In addition to the morphology, the major immunohistochemical, molecular genetic, and clinical data are included in each chapter.

[The British Isles and the War of American Independence, Stephen Conway](#) , 2002, 0199254559, 9780199254552. This book examines a hitherto neglected aspect of the War of American Independence, providing the first wide-ranging exploration of the impact of this conflict upon the economy, society, and culture of the British Isles. Stephen Conway sheds new light on recent debates about the war-waging efficiency of the British state and on the role of war in the creation of a British national identity. This is a probing account of the profound impact of the war which further challenges the established model of eighteenth-century wars as being 'limited' in the demands and effects.

[From New Hampshire to New Delhi; Baba, India and Me, Maraya](#) , 2010, 0984107436, 9780984107438. This is a riveting story about a woman's journey through India and her brave determination to understand her soul mate, find herself and her spirituality. Michelle's journey is so deep, truthful and occurs on so many levels, psychological, physical, and spiritual that I could not help but feel those vibrations deep within myself. Yet, since it can be read from any one of those perspectives, I know that it will appeal to a great many people. Her story is our story. Maraya's book gave me yet another thrill. She describes the scenery, the people, the trains, the shrines and the Taj Mahal with such rich details. I felt her hug the people, touch the walls and quiver with divine ecstasy. Incredible! I could not put it down this wonderful thriller and "page turner." To see Michelle truthfully connecting with true self is her amazing gift to all of us. I am grateful and deeply honored that she has so bravely given us such a unique glimpse of her life with Raja. Dr. Rev. Mary Baer, Metaphysical teacher and advocate for victims of domestic violence and sexual assault.

[iPad for the Older and Wiser: Get Up and Running with Apple iPad2 and the New iPad, Sean McManus](#) , 2012, 1118452704, 9781118452707. Easy-to-follow, friendly advice on using your iPad and iOS 5 Following on the heels of the

popular first edition of this book, this new edition gets you up and running on new iPad features such as iCloud, tabbed browsing, the new Messages app, and new photo editing capabilities. But it also includes general information you won't want to miss no matter which iPad you have, such as how to set up and register your iPad, sync it with other devices, download apps from the App Store, play games or watch films, and much more. Packed with clear, easy-to-follow instruction and advice reinforced with lots of helpful illustrations, this approachable guide shows you how to make the iPad part of your everyday life. Gets you up to speed on the latest and greatest features you can enjoy with your new iPad, such as a new Messages app, untethered setup, the Music app redesign, and multitasking. Walks you through the steps so you can start using your iPad for things you do every day, such as surfing the web, ordering groceries, organizing photos, and staying in touch with family and friends via email. Reviews what you need to know to connect to the Internet, sync with other devices, play games or watch films, and more. This friendly and understandable book gets you up to speed with this highly usable gadget in no time.

[Ocean Acidification, , Jean-Pierre Gattuso, Lina Hansson](#) , 2011, 0199591083, 9780199591084. The ocean helps moderate climate change thanks to its considerable capacity to store CO₂, through the combined actions of ocean physics, chemistry, and biology. This storage capacity limits the amount of human-released CO₂ remaining in the atmosphere. As CO₂ reacts with seawater, it generates dramatic changes in carbonate chemistry, including decreases in pH and carbonate ions and an increase in bicarbonate ions. The consequences of this overall process, known as "ocean acidification", are raising concerns for the biological, ecological, and biogeochemical health of the world's oceans, as well as for the potential societal implications. This research level text is the first to synthesize the very latest understanding of the consequences of ocean acidification, with the intention of informing both future research agendas and marine

management policy. A prestigious list of authors has been assembled, among them the coordinators of major national and international projects on ocean acidification.

[Performance Sailing on a J29, Timothy M. Johnson](#) , 2007, 0972172661, 9780972172660. This booklet is the advanced sailing lecture notes of Captain Tim Johnson, PE, of the Boston Harbor Sailing Club. It is supplemented with nearly 50 color photographs of the theory discussed in the lectures notes. The main topics include: sail trim, wind control, sailing with a spinnaker, heavy weather, racing techniques, night sailing lights. Groups of photos of setting, gybing, and taking down a spinnaker are among the many photos which feature BHSC members taking the weekend class. Before and after photos of traveler setting as well as jib sheet fairlead positions in relation to jib sail trim are compared. Polar plots for racing are explained and analyzed for general principles. The use of this booklet is best exploited when the reading is followed by two days aboard a J29 under various types of weather conditions.

[ML for the Working Programmer, Lawrence C. Paulson](#) , 1996, 052156543X, 9780521565431. The new edition of this successful and established textbook retains its two original intentions of explaining how to program in the ML language, and teaching the fundamentals of functional programming. The major change is the early and prominent coverage of modules, which the author extensively uses throughout. In addition, Paulson has totally rewritten the first chapter to make the book more accessible to students who have no experience of programming languages. The author describes the main features of new Standard Library for the revised version of ML, and gives many new examples, e.g. polynomial arithmetic and new ways of treating priority queues. Finally he has completely updated the references. Dr. Paulson has extensive practical experience of ML, and has stressed its use as a tool for software engineering; the book contains many useful pieces of code, which are freely available (via Internet) from the author. He shows how to use lists, trees, higher-order functions and infinite data structures. He includes many illustrative and practical examples, covering sorting, matrix operations, and polynomial arithmetic. He describes efficient functional implementations of arrays, queues, and priority queues. Larger examples include a general top-down parser, a lambda-calculus reducer and a theorem prover. A chapter is devoted to formal reasoning about functional programs. The combination of careful explanation and practical advice will ensure that this textbook continues to be the preferred text for many courses on ML for students at all levels.

[Get Set for Study Abroad, Tom Barron](#) , 2006, 0748620303, 9780748620302. 'As a comprehensive survey of the subject, it will be valuable for students, parents, school advisers and indeed for Universities - International Officers, academic programme coordinators and others... It is a very readable book, with nice touches of humour and thoughtful, helpful insights into issues related to study abroad.' J.E. Reilly, Director, UK Socrates Erasmus Council'Tackles a complicated subject with some aplomb.' John Alexander, International Office, University of Glasgow Get Set for Study Abroad is a guide-book for students who are thinking of studying outside the UK as part of their home degree and for others who want to know what is involved.It takes you through the whole process, from finding out about the opportunities available and making your selection of a programme up to completing the studies and returning home. It explains what things you need to think about at each stage as you make your preparations and then carry out your studies. There are sections on academic requirements, costs and funding. The book also offers advice on study skills and outlines issues which arise in intercultural communication. It gives particular coverage of programmes in the European Union (such as Erasmus/Socrates) and the USA, the two main areas of interest for UK students. Though the focus is largely on undergraduates, there are sections dealing also with postgraduate study. Student commentaries, a guide to web-sites and printed materials, and a glossary of the terms you are most likely to encounter are also included.The text cuts

through the red-tape and bureaucratic language of much of the programme literature and presents a student-friendly viewpoint with candour and good humour. Key Features: Explains the whole complex process simply and clearly
Structured to work through the process from start to finish
Written by a practitioner who bears practical issues in mind at all times
Includes suggestions on further reading and websites

[Reliability Analysis for Engineers: An Introduction, Roger D. Leitch](#) , 1995, 019856371X, 9780198563716. In ordinary life "reliability" is an ephemeral but desirable property of a machine or service that is generally judged in a very subjective manner. But for an engineer, reliability has large financial implications in terms of maintenance policies, running costs, and spares stockholding. In safety critical situations (transport or military equipment), the implications are wider; therefore, it is very important to be able to quantify reliability. This book is an introduction to reliability analysis. Since it is aimed at engineers, it begins by assuming no prior statistical knowledge. It teaches by example taken from engineering problems. Exercises are built around real machines and events, and the solutions given illuminate the subject. It is the first book of its kind aimed at those for whom reliability analysis has far-reaching consequences.

[Not the Place to Ignore Me: Lessons in Faith from a Deadly Ambush, Joshua Motes](#) , 2013, 0988976706,

9780988976702. "This is not the place to ignore me..." Thousands of miles from home, on the business end of a daring mission into a deserted Afghan cityscape where friend and foe blend, author Joshua Motes hears God speak these words, calling him back to wholehearted devotion and a renewed commitment to be an influence for Jesus among the men he led. As one of the few American soldiers serving in the military that has experienced direct fire combat where life and death are a constant reality, First Lieutenant Motes offers a unique perspective on living out a committed life of faith. Not the Place to Ignore Me: Lessons in Faith from a Deadly Ambush, will empower you to... Live as a Christian in a world where you fight a very real enemy; one just as real as those that waited to ambush Motes and his men. Discover the danger of lingering unrepentant in a spiritually dry season, and how to be restored and renewed to a passionate spiritual life. Gain a renewed revelation of the sovereignty of God, His incomprehensible grace, and His goodness. "The book you hold reaches beyond surface talk and broaches a subject we have often forgotten in the American church; spiritual warfare....It is time for Jesus' bride to pay attention. He alone has the ability to guide us faithfully through the fire and fury of our enemy...He will be faithful to fulfill His promises, if only we will not ignore Him." -Joshua Foliart, founder and president of MULTIPLI Joshua Motes graduated from the University of Arkansas in 2010, with a bachelor's degree in communications. A first lieutenant in the US Army, Joshua served eleven years, completing combat tours in both Iraq and Afghanistan. He currently resides in Colorado Springs, CO. Joshua recently began pursuing a Master of Divinity degree at Fuller Theological Seminary, and hopes to begin full-time ministry soon.

[Risk Management and Corporate Governance: Interconnections in Law, Accounting and Tax, Marijn van Daelen,](#)

[Christoph van der Elst](#) , 2010, 184980799X, 9781849807999. 'This is a very well written book that covers the complex material of risk management in an understandable way with good depth of coverage of all areas involved (business law, accounting and taxation). There is a good balance between the historical background of all areas and contemporary issues on risk management and governance.' Ann Jorissen, University of Antwerp, Belgium In reaction to the recent financial crisis and corporate failures at the beginning of the millennium, the emphasis of the business community in

of the issues with which this book deals justifies its reappearance twelve years after its first advent challenged countless people to rethink their Evangelical heritage. If anything, the challenge is even greater now to follow the example set by the forebears of twentieth century evangelicalism. For instance, Catherine Booth, co-founder of the Salvation Army and ardent feminist, offers a powerful testimony to the impact that Christian witness can and should have upon society. Likewise, abolitionist Theodore Weld, converted under the ministry of Charles G. Finney, showed what a response to the radical call of Christ means as he strove to right social injustice and inequity during his day. Despite the hardship and consequences of living out their faith, these and other evangelical forerunners left a heritage to be remembered and an example to be followed. Like the author himself, the reader will be challenged to rethink his or her own relationship with Evangelicalism and will have to reflect upon the broader significance of that movement in American culture.

[Philosophical Myths of the Fall, Stephen Mulhall](#) , 2009, 1400826659, 9781400826650. Did post-Enlightenment philosophers reject the idea of original sin and hence the view that life is a quest for redemption from it? In *Philosophical Myths of the Fall*, Stephen Mulhall identifies and evaluates a surprising ethical-religious dimension in the work of three highly influential philosophers--Nietzsche, Heidegger, and Wittgenstein. He asks: Is the Christian idea of humanity as structurally flawed something that these three thinkers aim simply to criticize? Or do they, rather, end up by reproducing secular variants of the same mythology? Mulhall argues that each, in different ways, develops a conception of human beings as in need of redemption: in their work, we appear to be not so much capable of or prone to error and fantasy, but instead structurally perverse, living in untruth. In this respect, their work is more closely aligned to the Christian perspective than to the mainstream of the Enlightenment. However, all three thinkers explicitly reject any religious understanding of human perversity; indeed, they regard the very understanding of human beings as originally sinful as central to that from which we must be redeemed. And yet each also reproduces central elements of that understanding

in his own thinking; each recounts his own myth of our Fall, and holds out his own image of redemption. The book concludes by asking whether this indebtedness to religion brings these philosophers' thinking closer to, or instead forces it further away from, the truth of the human condition.

[The Incas and Their Ancestors: The Archaeology of Peru, Michael Edward Moseley](#) , 2001, 0500282773, 9780500282779.

But this glittering culture only obscured the rich and diverse civilizations that had preceded it: Chavin, Moche, Nazca, Tiwanaku, Huari, and Chimu. Described as a "masterly study" and an "outstanding volume" on its first publication, *The Incas and Their Ancestors* quickly established itself as the best general introduction to the cultures and civilizations of ancient Peru. Now this classic text has been fully updated for the revised edition. New discoveries over the last decade are integrated throughout. The occupation of Peru's desert coast can now be traced back to 12,000 BC and ensuing maritime adaptations are examined in early littoral societies that mummified their dead and others that were mound builders. The spread of Andean agriculture is related to fresh data on climate, and protracted drought is identified as a recurrent contributor to the rise and fall of civilizations in the Cordillera. The results of recent excavations enliven understanding of coastal Moche and Nazca societies and the ancient highland states of Huari and Tiwanaku. Architectural models accompanying burials provide fresh interpretations of the palaces of imperial Chan Chan, while the origins of the Incas are given new clarity by a spate of modern research on America's largest native empire.

[The Story of My Thinking: Expository Writing Activities for 13 Teaching Situations, Gretchen S. Bernabei, Dorothy N. Hall , 2012, 032504239X, 9780325042398.](#) "If students used structures that more closely tracked the movement of their mind, weaving their own slaloms between the twins of knowledge and experience, readers would be more inclined to lean in and vicariously experience that movement of the mind. Wouldn't they?"-Gretchen Bernabei and Dorothy Hall In their signature easy-to-implement style, Gretchen Bernabei and Dorothy Hall offer new options for teaching expository writing that more realistically match the way readers actually think and writers actually write. While many state assessments as well as the Common Core ask students to write about their opinions, the goal in The Story of My Thinking is to help teachers take their kids through the various stages of the writing process (from generating ideas to publication) in a way that breaks down the barrier between "academic" writing and "creative" writing and helps kids produce vibrant nonfiction with voice and conviction. The Story of My Thinking provides 13 writing activities for familiar teaching situations, with step-by-step lessons that help you bridge the gap between narrative and informative writing. Using the same classroom-tested strategies that made Cruncheat a bestseller, the authors give the flexibility of dipping in and out of the lessons as you need them. For example, "If you want them to explore topics for deep development and systemic growth," use Gretchen's "Inner Streams/Gritty Life" activity along with the tools that help students plan their

thinking. Choose the lesson that matches your teaching situation today, and then another one tomorrow. When authentic, personal experiences replace canned, pre-written topics, and students are provided with structures that reflect how readers read, their writing transforms from formulaic to passionate. And when students have plenty of chances to write about topics that are meaningful to them, in a variety of ways, for a variety of situations, then they will be ready for anywriting assignment. [Chinese Landscape Painting Techniques for Watercolor, Lian Quan Zhen](#) , 2013, 1440322651, 9781440322655. Minimum stroke - maximum effect Learn how to make each brushstroke count when painting classically beautiful landscapes using a combination of traditional and modern watercolor techniques. Master artist and teacher Lian Quan Zhen shows how to blend Eastern and Western art theories, materials and techniques to create landscapes with graceful simplicity. Chinese Landscape Painting Techniques for Watercolor includes 27 start-to-finish demonstrations, which show how to capture the spirit and mood of the landscape in all types of weather and in all four seasons. It also features a wide variety of landscape subjects from America and around the world.

[Justification and Regeneration, Charles Leiter](#) , 2009, 0981732151, 9780981732152.

[Days of the Generals, Hilton Hamann](#) , 2001, 1868723402, 9781868723409. Days of the Generals is based on interviews with the former Generals of the South African Defence Force: Magnus Malan, Constand Viljoen, Jannie Geldenhuys, George Meiring, Hein Du Toit and Chris Thirion. For the first time, they have opened up and told their side of the story about events in southern Africa from the 1970s to the present. Theirs is an explosive story, giving behind-the-scenes information about covert operations, secret meetings, strategic alliances and full-scale war. The title looks in detail at South Africa's involvement in Angola, Namibia and Mozambique. It examines the armed struggle of the ANC and the state's war weapons, South Africa's nuclear programme and other top secret issues. This is essential reading for anyone interested in southern African politics and military history.

[Ramesside Studies in Honour of K. A. Kitchen, Mark Collier, S. Steven R. Snape](#) , 2011, 0954762266, 9780954762261. Ramesside Studies in Honour of K. A. Kitchen is a series of 46 papers devoted to aspects of Egypt in the Nineteenth and Twentieth Dynasties. This book, which has been written to honour the most eminent Ramesside scholar of his generation, includes contributions from some of the leading Egyptologists from around the world. As such, this volume is a landmark collection of studies on the state of Ramesside scholarship in the early 21st century.

[Sensational Sugar Fairies, Frances McNaughton](#) , 2013, 1844488659, 9781844488650. In this book for cake decorators and fairy lovers everywhere, renowned sugarcrafter Frances McNaughton demonstrates how to create magical fairy worlds in sugarcraft. She begins by revealing the tools and readily available materials she uses and goes on to show techniques such as modeling all the basic shapes required, sculpting with tools, dusting or painting to add color, and texturing with royal icing. There are then 10 step-by-step projects showing how to make beautiful fairies in fairyland scenes: some are funny or whimsical such as Buxom Fairy and Fairys Bathtime; others have a fashionable twist like Steampunk Fairy and Gothic Fairy; some create a world of folklore such as the Flower Fairys Baby and My Friend the Bird; and others are perfect for special occasions, including Be My Wife and Christmas Tree Fairy. Building on the success of her other bestselling sugarcraft fairy titles, Frances McNaughton provides these intricate, developed designs that feature scenes for the fairies to star in.

[Twilight at Monticello: The Final Years of Thomas Jefferson, Alan Pell Crawford](#) , 2009, 0812969464, 9780812969467.

Much has been written about Thomas Jefferson, and with good reason: He was the architect of our democracy, a visionary chief executive who expanded this nations physical boundaries to unimagined lengths. But Twilight at Monticello is entirely new: an unprecedented look at the intimate Jefferson in his final years from his return to Monticello in 1809 after two terms as president until his death in 1826 that will change the way readers think about this American icon. Basing his narrative on new research and documents culled from the Library of Congress, the Virginia Historical Society, and other special collections, Alan Pell Crawford paints an authoritative, deeply moving portrait of the private Jefferson the first original depiction of the man in more than a generation. Though physical illness and family troubles, Jefferson remained a viable political force, receiving dignitaries and corresponding with close friends, including John Adams and other heroes from the Revolution; helping his neighbor James Madison during his presidency; and establishing the University of Virginia. It was also during these years that Jeffersons idealism would be most severely, and heartbreakingly, tested.

[A Gun for a Fountain Pen: Antarctic Journal. November 1910-January 1912, Kerry Stokes Collection Staff, George Murray Levick](#) , 2013, 0987360604, 9780987360601. The story of the Terra Nova expedition is one of survival in the Antarctic. Levick's journal adds to this record the struggles of the brave men who explored the southern continent. Kerry Stokes AC There is nothing like the Antarctic for sending the schemes of mice and men all to blazes. George Murray Levick's journal demonstrates the courage and endurance of the men who took part in Scott's British Antarctic Expedition. This very personal document provides insight into the extraordinary world in which they lived and their courage in the face of unthinkable obstacles. A Gun for a Fountain Pen is a lively and informal account of the conflicts and friendships that were a part of daily life in the world's harshest environment.
