[A Death in the Tiwi Islands: Conflict, Ritual, and Social Life in an Australian Aboriginal Community, Eric Venbrux](#) , 1995, 0521473519, 9780521473514. This compelling book is an extended case study of the social and legal ramifications of a homicide in a Tiwi community. The author gives a detailed account of the life of the victim and the events surrounding his murder, and describes the cycle of mortuary and seasonal rituals with their elaborate songs and dances. He also looks at the dramatic changes in Tiwi society over the last 100 years, and examines how the Tiwi have responded to the intervention of Western culture. In many areas, he finds, they have adapted and retained their own value system. Venbrux's account of the investigation and trial following the homicide provides timely and important insights into the issue of Aboriginal People, traditional law and the Australian criminal justice system. Through the strong narrative thread of this book we are presented with an incisive picture of a culture amid conflict and change.

[Wild about Texas: A Bouquet of Recipes, Wildflowers and Wines : a Cookbook,](#) , 1989, 0962200905, 9780962200908.

WILD ABOUT TEXAS embraces new dimensions in a cookbook-a bouquet of recipes, wildflowers & wines generously flavored with the color of Texas. Savor the scrumptious selection of soups & salad & entrees plus a favorite recipe from Lady Bird Johnson. Beautiful divider pages of wildflowers plus sections on pressing & mounting plants. Selection on Texas wines by noted wine writer, Sarah Jane English, pairs favorite foods with local wines. Contains over 400 recipes each tested by members of the Cypress-Woodlands Junior Forum. Features 12 full color - botanicals & 25 line studies of Texas wildflowers by Austin artist, Rosario Baxter. Each is identified & the color illustrations have botanical descriptions. 244

pages, laminated 4 color hard bound cover. Winner 1989 Austin Graphics Society Award, 1990 Southwest Regional Winner-The Tabasco Community Cookbook Award & Oxmoor House 1991 American's Best Recipes. Proceeds from the book will benefit many community programs of the Cypress-Woodlands Junior Forum. These programs include drug prevention-education for children; crises intervention & assistance for Senior citizens, the disabled & developmentally delayed children. Enjoy notes from the National Wildflower Research Center. Indulge, you'll be WILD ABOUT TEXAS.

[Albion Ascendant: English History, 1660-1815, Wilfrid R. Prest](#) , 1998, 0198204183, 9780198204183. Between the restoration of Charles II and the battle of Waterloo, England gradually emerged as the core nation of the most formidable superpower the world had yet seen. Wilfrid Prest investigates this remarkable transformation from domestic instability and external weakness to global, economic, and military predominance. Geographically, the main focus is on England and Wales, but Prest also analyses the broader British context, discussing the role played by Ireland and Scotland, as well as the interrelations between England, Europe, and the wider world. He examines the lives of ordinary people as well as the ruling elite, and explores the distinctive nature of women's experiences; allowing the voices of the past to speak directly to the modern reader. The result is a lively, up-to-date, and comprehensive overview of Britain's long eighteenth century. It will remain a standard text on the subject for many years to come.

[Rough and Ready, E. J. Hunter](#) , 1992, 082173721X, 9780821737217. Voluptuous halfbreed Becky Caldwell uses her special skills to stop some outlaws from taking advantage of local Indian troubles. Following the landgrabbers up the Mississippi, Becky and her latest lover make some steam of their own all the way to St. Louis--where Becky makes the varmints beg for a quick end.

[Wuthering Heights, Emily Bront](#) , 1999, 0141305479, 9780141305479. It's Time to Rediscover the Wonderful Books We All Cherish. "My greatest thought in living is Heathcliff. If all else perished, and he remained, I should still continue to be. . . Nelly, I am Heathcliff! He's always always in my mind: Not as a pleasure . . . But as my own being -- Catherine Earnshaw Emily Bront's classic tempestuous love story of Catherine and Heathcliff is played out against the backdrop of the English moors. As young Catherine, daughter of the house, and Heathcliff, an uncouth orphan adopted by the family, grow up together and fall in love, their companionship turns into obsession. Family, class, and fate work cruelly against these two star--crossed lovers. Wuthering Heights is a beloved classic of English literature.

[The Microsoft Case: Antitrust, High Technology, and Consumer Welfare, William H. Page, John E. Lopatka](#) , 2009, 0226644650, 9780226644653. In 1998, the United States Department of Justice and state antitrust agencies charged that Microsoft was monopolizing the market for personal computer operating systems. More than ten years later, the

case is still the defining antitrust litigation of our era. William H. Page and John E. Lopatkas *The Microsoft Case* contributes to the debate over the future of antitrust policy by examining the implications of the litigation from the perspective of consumer welfare. The authors trace the development of the case from its conceptual origins through the trial and the key decisions on both liability and remedies. They argue that, at critical points, the legal system failed consumers by overrating governments ability to influence outcomes in a dynamic market. This ambitious book is essential reading for business, law, and economics scholars as well as anyone else interested in the ways that technology, economics, and antitrust law have interacted in the digital age. This book will become the gold standard for analysis of the monopolization cases against Microsoft. . . . No serious student of law or economic policy should go without reading it. Thomas C. Arthur, Emory University

[Dust Bowl: The Southern Plains in the 1930s, Donald Worster](#) , 2004, 0195174887, 9780195174885. In the mid 1930s, North America's Great Plains faced one of the worst man-made environmental disasters in world history. Donald Worster's classic chronicle of the devastating years between 1929 and 1939 tells the story of the Dust Bowl in ecological as well as human terms. Now, twenty-five years after his book helped to define the new field of environmental history, Worster shares his more recent thoughts on the subject of the land and how humans interact with it. In a new afterword,

he links the Dust Bowl to current political, economic and ecological issues--including the American livestock industry's exploitation of the Great Plains, and the on-going problem of desertification, which has now become a global phenomenon. He reflects on the state of the plains today and the threat of a new dustbowl. He outlines some solutions that have been proposed, such as "the Buffalo Commons," where deer, antelope, bison and elk would once more roam freely, and suggests that we may yet witness a Great Plains where native flora and fauna flourish while applied ecologists show farmers how to raise food on land modeled after the natural prairies that once existed.

[Government, business, and the American economy, Robert Langran, Martin Schnitzer](#) , 2000, 0139491325, 9780139491320. This current and inclusive book discusses the role of government in American economy covering such topics as antitrust laws, deregulation of communication, consumer protection, employment policy, and the roles of special interest groups. A look at international trading blocks, and America in a global economy, provides readers with an understanding of the far reaching effects of government on the U.S., and gives them a wealth of knowledge valuable in their everyday life as American citizens and consumers. Chapter topics include government regulation; the Supreme Court and the Sherman Act, Federal Trade Commission, and Clayton Acts; employment policies; environmental protection; deregulation of transportation, financial institutions, and communications; foreign trade; international trade; and the United States in a world economy. For individuals interested in learning more about the ways in which the government impacts the American economy ranging from taxing to spending, and economic to social regulation.

[Missing Men: A Memoir, Joyce Johnson](#) , 2005, 0143035231, 9780143035237. Joyce Johnson's classic memoir of growing up female in the 1950s, *Minor Characters*, was one of the initiators of an important new genre: the personal story of a

minor player on history's stage. In *Missing Men*, a memoir that tells her mother's story as well as her own, Johnson constructs an equally unique self-portrait as she examines, from a woman's perspective, the far-reaching reverberations of fatherlessness. Telling a story that has "shaped itself around absences," *Missing Men* presents us with the arc and flavor of a unique New York life from the author's adventures as a Broadway stage child to her fateful encounters with the two fatherless artists she marries. Joyce Johnson's voice has never been more compelling.

[Among the Ukrainians, Peter Shirt](#) , 2010, 0956512909, 9780956512901. Largely unknown to outsiders, Ukraine is the largest country entirely within Europe and the richest in natural resources. For centuries considered to be part of Russia, and until recently part of the Soviet Union, Ukraine has always been deprived of her own voice. Among the Ukrainians provides that voice. It is a journey to Ukraine's cities and regions - by rail, road, and river - to meet ordinary people who offer extraordinary insights into their lives. Here, you'll experience the purgatory of the bathhouse and the pleasures of the prostitute's bedroom. You'll encounter life at the coalface and in the decrepit hospitals, tour rat-infested submarine facilities and taste wines from the cellars of the Tsars. Along the way you'll unearth the country's rich history. Among the many men and women you'll encounter are those who discovered X-rays and antibiotics, put the first man in space, won the most Olympic medals, designed continental Europe's first computer and the world's first helicopter, and wrote some of the best prose. You will even meet the man who provided the inspiration for the fictional character, "James Bond." Bursting with anecdotes and information not found elsewhere Among the Ukrainians offers a unique insight into a nation under construction. It is your guide to Russia's little brother: a barely known land with a big history and a big heart.

[Six Sigma for Green Belts and Champions: Foundations, DMAIC, Tools, Cases, and Certification, Howard S. Gitlow, David M. Levine](#) , 2005, 013117262X, 9780131172623. "Much has been said or written in recent times about the value of Six Sigma methodologies in driving organizational improvement. Yet, so many still seem to be intimidated by or skeptical about these principles and tools. In this text, Drs. Gitlow and Levine have provided a pragmatic, user-friendly treatment of underlying principles and methods, management obligations, and helpful case study examples to assist all of us in value-added enterprise-wide improvement." -Gary Floss, Managing Director, Bluefire Partners, and Board of Directors, the American Society for Quality (ASQ) "The authors provide the perfect blend of managerial insight and a straightforward "how to" approach to statistics. Anyone interested in learning about Six Sigma for the first time, or practitioners wanting to learn more, will find this book to-the-point, exciting, and easy to read. And also hard to put down!" -Timothy C. Krehbiel, Professor of Decision Sciences and MIS, Miami University (Ohio) "This book provides an excellent understanding

of the foundations of quality management that provide a basis for the evolution of Six Sigma. For executives who wish to be "Champions" of Six Sigma, this book provides an understanding of what to expect of Green Belts as they work through a DMAIC project and what they should expect of themselves. Green Belt candidates will find the case studies extremely useful and informative. Both Champions and Green Belts will benefit from the comprehensive coverage of certification."

-Edward A. Popovich, Ph. D., Vice President, Enterprise Excellence, Boca Raton Community Hospital and President, Sterling Enterprises International, Inc. The first complete Six Sigma implementation guide for Green Belts and Champions! Understand the rationale for Six Sigma Implement a proven executive framework for a successful quality initiative Use the DMAIC method for improvement from start to finish: Define, Measure, Analyze, Improve, and Control Manage Six Sigma statistics-without becoming a statistician Learn through complete detailed manufacturing and service case studies Learn how to understand and manage Six Sigma statistics, through practical, Minitab-based application examples. Includes instructions for using Minitab software Learn how to pass Six Sigma certification examinations with sample questions and answers If you're "project managing" Six Sigma (potential Green Belt)-or promoting it at the executive level (potential Champion)-this is your book. It's the first Six Sigma book written specifically for Green Belts, Champions...and anyone who plans to become one. Two experts help you master the entire DMAIC model: Define, Measure, Analyze, Improve, and Control. You'll discover realistic solutions for Six Sigma's profound human and technical challenges. You can even prepare for one of the world's leading Six Sigma certification programs. Clear, detailed, and proven...this is the one indispensable book for anyone who must manage Six Sigma to success. [Jla: Riddle of the Beast,](#) , 2003, 156389873X, 9781563898730. A nameless world of starless night. An uneasy peace between fearful nations. And an unwilling heir to a heroic destiny who must find the strength to rise above the forces of ignorance and terror, even after his own land has been put to the torch. In the tradition of The Lord of the Rings, The Wheel of Time and The Chronicles of Amber comes JLA: Riddle of the Beast, a fully painted graphic novel in which familiar characters such as Superman, Wonder Woman, Batman and Robin are reimagined in exciting new roles within an epic tale of high fantasy and battle hardened romance. Written by Alan Grant and featuring characters and creatures designed by Michael Wm. Kaluta, this story is lavishly illustrated by fifteen of the finest painters working in comics today:

Carl Critchlow, Simon Davis, Glenn Fabry, Jon Foster, Rafa Garres, D. Alexander Gregory, Alex Horley, Liam R.

McCormack-Sharp, Hermann Mejia, Jim Murray, Andrew Robinson, Greg Staples, Saverio Tenuta, John Watson, and Martin T. Williams. Riddle of the Beast sweeps the reader into a realm of sword and sorcery, sprawling wars and demonic uprisings. High adventure and desperate battles roar as DC Comics' greatest heroes must set aside their own damaged pasts to defend a world besieged. Book jacket.

[Words Only I Can Speak, Gryphon Shafer, James Rosenzweig](#) , 2009, 0981988717, 9780981988719. Words Only I Can Speak is an anthology of poetry, short stories, and autobiographical reflections written by teenagers living in the Puget Sound region. These diverse authors are united by the fact that all of them have learned from and been influenced by author Katherine Grace Bond who teaches a variety of writing classes and workshops. The following teenagers are contributing authors to this anthology: Sarah Austin, Zachary Brockman, Annika Browne, Eric Cheuk, Sarah Eberhardt, Maya Ganesan, Kayleen Gill, George Leickly, Lexi Menth, Sarah Merry, Rita Olson, Sarah Ray, Chloe Richardson, Bailey Ross, Kyrie Scarce.

[Leading Life-changing Small Groups, Bill Donahue](#) , 2002, 0310247500, 9780310247500. The best-selling small group guidebook---over 100,000 sold. NOW UPDATED. Like nothing else, small groups have the power to change lives. They're the ideal route to discipleship---a place where the rubber of biblical truth meets the road of human relationships. For six years Bill Donahue provided training and resources for small group leaders so that Willow Creek could build a church of small groups. Now he is committed to creating tools that will help church leaders pursue the same goal---to provide a place in community for everyone in their congregation. In Leading Life-Changing Small Groups, Donahue and his team share in depth the practical insights that have made Willow Creek's small group ministry so effective. The Comprehensive, Ready-Reference Guide for Small Group Leaders The unique, ready-reference format of this book gives small group leaders, pastors, church leaders, educators, and counselors a commanding grasp of: -Group formation and

values -Leadership requirements and responsibilities -The philosophy and structure of small groups -Meeting preparation and participation -Discipleship within the group -Leadership training . . . and much more From an individual group to an entire small group ministry, *Leading Life-Changing Small Groups* gives you the comprehensive guidance you need to cultivate life-changing small groups . . . and growing, fruitful followers of Christ.

[Management and Machiavelli: Discovering a New Science of Management in the Timeless Principles of Statecraft, Antony Jay](#) , 1994, 0136026087, 9780136026082. Antony Jay shows you how the new science of management is a continuation of the old art of government. By looking at your own corporate organization in a political/historical context, you can fully understand its power structure - what Machiavelli wrote about statecraft in the sixteenth century holds true for business and management in the late twentieth century. Applying Machiavellian precepts to such modern corporations as General Motors, Apple Computer, and Microsoft, Jay discovers self-contained states with courtiers and diplomats, orthodoxy and heresy lurking under their smooth corporate veneers. Though humorous, Jay's message is clear. To understand the workings of corporation or states, you must understand the nature and behavior of their leaders. And that hasn't changed since the Middle Ages.

[Galileo: Decisive Innovator, Michael Sharratt](#) , 1996, 0521566711, 9780521566711. In this entertaining and authoritative biography, first published in 1994, Michael Sharratt examines the flair, imagination, hard-headedness, clarity, combativeness and penetrating intelligence of Galileo Galilei. To follow Galileo's career as he exploited unforeseen opportunities to unseat established ways of comprehending nature is to understand a crucial stage of the Scientific Revolution. Galileo was a pathbreaker for the newly-invented telescope, the decoder of nature's mathematical language and a quite brilliant popularizer of science. Even his reluctant excursion into theology has at last been officially and handsomely recognized by the Church's "rehabilitation" of the Inquisition's most famous victim, fully discussed in the last chapter. This book makes his lasting contributions accessible to nonscientists and his mistakes are not overlooked. This is not a mythical story, but the biography of an innovator--one of the greatest ever known.

[Night: With Connected Readings, Elie Wiesel](#) , 2000, 0134374940, 9780134374949. An autobiographical narrative, in which the author describes his experiences in Nazi concentration camps.

[Timothy's Final Journey, Suzanne W. Sharp](#) , 2009, 0981914233, 9780981914237. This is the rest of a true story about Timothy Allen Sharp and his struggle with brain cancer as told by his wife, Suzanne. This book starts where Timothy's book, "When At The Bottom Of The Barrel LOOK UP!" left off. Timothy asked me to finish telling his personal story of dealing with brain cancer, a car accident and a dysfunctional family that could not come together even while Timothy was dying of cancer. You will read about a young man that exhibited great courage and strength up until he took his last

breath. His story is true and amazing. It is a great read.

[Health Care Regulation in America : Complexity, Confrontation, and Compromise: Complexity, Confrontation, and Compromise, Philadelphia Robert I. Field Associate Professor of Health Policy University of the Sciences](#) , 2006, 0199748063, 9780199748068. Regulation shapes all aspects of America's fragmented health care industry, from the flow of dollars to the communication between physicians and patients. It is the engine that translates public policy into action. While the health and lives of patients, as well as almost one-sixth of the national economy depend on its effectiveness, health care regulation in America is bewilderingly complex. Government agencies at the federal, state, and local levels direct portions of the industry, but hundreds of private organizations do so as well. Some of these overseers compete with one another, some conflict, and others collaborate. Their interaction is as important to the provision of health care as are the laws and rules they implement. Health Care Regulation in America is a guide to this regulatory maze. It succinctly recaps the past and present conflicts that have guided the oversight of each industry segment over the past hundred years and explains the structure of regulation today. To make the system comprehensible, this book also presents the sweep of regulatory policy in the context of the interests, values, goals, and issues that guide it. Chapters cover the process of regulation and each key area of regulatory focus - professionals, institutions, financing arrangements, drugs and devices, public health, business relationships, and research. In a uniquely American way, the system thrives on confrontation between competing interests but survives by engendering compromise. Robert Field shows that health care regulation is an inexorable force that nurtures as well as restricts the enterprise of American health care. For the student, practitioner, executive, policy analyst, or concerned citizen, this book is an invaluable guide to the policy, politics, and practice of an industry that directly touches us all.

[Midnight Cry, Pamela Smith](#) , 2004, . For the Lord himself shall descend from heaven with a shout, with the voice of the archangel, and with the trump of God: and the dead in Christ shall rise first: Then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air: and so shall we ever be with the Lord (1 Thessalonians 4:16-17). This full length, royalty free play is written for all ages. It focuses on a local church before and on judgment day. We've heard a hundred times that Jesus is to return soon. Is He really? All Pastor Brown knows is that "we know not the day nor the hour when the Son of Man shall appear, for He shall come as a thief in the night." Only He is not a thief; He will only take what is His. Therefore, Pastor Brown's message to you is - Be Ready! "Midnight Cry" shows how some will be disappointed when Judgment Day comes. You will laugh and you will be inspired to "get your house in order." Visit [www.playsbypam.com](http://www.playsbypam.com) for additional information.

[How to Have the Wedding of Your Dreams on a Nightmare Budget: 150 Money-Saving Strategies to Slash Your Wedding Costs, Gwendolyn Riase](#) , 1992, 0963244647, 9780963244642. Why start married life at a financial disadvantage by spending too much on a wedding? Author Gwendolyn Burton Riase proves you don't have to, in this new book. A national daytime television show featured Riase & her exciting cost-slashing strategies. The book contains much more than the author's ideas. She researched the topic before writing the book, interviewing brides, grooms, & family members for three years. HOW TO HAVE THE WEDDING OF YOUR DREAMS ON A NIGHTMARE BUDGET analyzes EVERY element of a wedding & provides strategies to attack high costs. The book highlights ten key areas to target the most powerful techniques, & examines 150 ways to save on almost everything. It reveals the unnecessary items & other costly mistakes that could make or break wedding day bliss. There are even forms & planning grids most planners don't have. No book on the market is as straightforward on slashing wedding costs. Order from Applesauce Publishing, P.O. Box 21734, South Euclid, OH, 44121-0734. \$16.95 plus shipping.

[Strangled, Book 4, Brian McGrory](#) , 2008, 0743463692, 9780743463690. Deadly and deep-seated political conspiracies are nothing new to Jack Flynn, the popular lead reporter of the Boston Record. But in Strangled, he finds himself in the middle of a case that everyone thought had closed forty years ago -- the Boston Strangler. From the summer of 1962 to the winter of 1964, eleven women were strangled to death in their homes. The city had been panic-stricken. Dog pounds were cleaned out. Locksmiths worked twenty-hour days. The streets emptied after dark. Single women set up phone trees to check on each other's safety. Then, a year after the eleventh murder, the city breathed a heavy sigh of relief when convicted sex offender Albert DeSalvo confessed to the killings. Eight years later, he was stabbed to death in prison, forever ridding the world of the man who had terrorized a city. Or so everyone thought. Boston, present-day. A series of murders has occurred in which all the victims, all female, have been strangled and left with markers eerily reminiscent of those once left by the "Phantom Fiend" -- garish bows tied around their necks and their bodies ghoulishly positioned to greet investigators as they entered the crime scene. In typical fashion, the police and local politicians have turned on their publicity machine full-throttle in an attempt to cool any rumors about the possible return of the Strangler. Little do they know that Flynn is receiving letters from the killer himself, thrusting the newsman between the threats of a madman and several secretive, uncooperative officials, who are tied to the original case. With the lives of innocent women on the line, he must use his keen journalistic skills to determine whether or not this is a copycat on the loose, or if Albert DeSalvo was, in fact, not quite the fiend everyone so easily believed him to be. Is it possible that the Boston Strangler was never captured and that he's been lurking in the shadows, waiting to kill again? Using fiction to examine the horrifying details of the Boston Strangler case and the possible outcomes of its investigation, McGrory has written an intelligent thriller crackling with newsroom energy and chilling suspense.

[Thieving Boy and Like Stars in My Hands, Timothy Conigrave](#) , 1997, 086819512X, 9780868195124. Two plays dealing

with death, the power of love, friendship and a sense of belonging. In 'Thieving Boy' a young working-class boy reassesses his life as his father lies dying. 'Like Stars in My Hands' tells the story of middle-class gay man who tries to spare his lover the pain of grief. By the author of 'Holding the Man'.

[Cultural Theory and Popular Culture: A Reader, John Storey](#) , 1994, 0133243699, 9780133243697. This reader is intended as a theoretical, analytical and historical introduction to the study of popular culture within cultural studies. It is divided into seven representative sections. The first six sections each contain a selection of readings from a particular approach to popular culture: culture and civilisation tradition; culturalism; structuralism and post-structuralism; Marxism; feminism; and postmodernism, providing a comprehensive overview and examples of the main theoretical perspectives. The final section contains readings from recent debates within the study of popular culture. Together, these sections chart the theoretical development of the study of popular culture within cultural studies, and provide examples of the analysis of the texts and practices of popular culture within each specific tradition. Each section is introduced, edited and contextualised by John Storey.

[Making Women's Medicine Masculine: The Rise of Male Authority in Pre-Modern Gynaecology, Monica H. Green](#) , 2008, 0191549525, 9780191549526. Making Women's Medicine Masculine challenges the common belief that prior to the eighteenth century men were never involved in any aspect of women's healthcare in Europe. Using sources ranging from the writings of the famous twelfth-century female practitioner, Trota of Salerno, all the way to the great tomes of Renaissance male physicians, and covering both medicine and surgery, this study demonstrates that men slowly established more and more authority in diagnosing and prescribing treatments for women's gynaecological conditions (especially infertility) and even certain obstetrical conditions. Even if their 'hands-on' knowledge of women's bodies was limited by contemporary mores, men were able to establish their increasing authority in this and all branches of medicine due to their greater access to literacy and the knowledge contained in books, whether in Latin or the vernacular. As Monica Green shows, while works written in French, Dutch, English, and Italian were sometimes addressed to women, nevertheless even these were often re-appropriated by men, both by practitioners who treated women and by laymen interested to learn about the 'secrets' of generation. While early in the period women were considered to have authoritative knowledge on women's conditions (hence the widespread influence of the alleged authoress 'Trotula'), by the end of the period to be a woman was no longer an automatic qualification for either understanding or treating the conditions that most commonly afflicted the female sex - with implications of women's exclusion from production of knowledge on their own bodies extending to the present day.

[Australian Animal Toxins: The Creatures, Their Toxins, and Care of the Poisoned Patient, Struan K. Sutherland](#) , 1983, 019554367X, 9780195543674. This second edition of Australian Animal Toxins provides a comprehensive and up to date review of every venomous and poisonous creature in Australia that poses a threat to man or beast. Both terrestrial and marine creatures are discussed.

[C Programming for Microcontrollers: Featuring ATMEL's AVR Butterfly and the Free WinAVR Compiler, Joe Pardue](#) , 2005,

0976682206, 9780976682202. Do you want a low cost way to learn C programming for microcontrollers? This book shows you how to use Atmel's \$19.99 AVR Butterfly board and the FREE WinAVR C compiler to make a very inexpensive system for using C to develop microcontroller projects. Students will find the thorough coverage of C explained in the context of microcontrollers to be an invaluable learning aide. Professionals, even those who already know C, will find many useful tested software and hardware examples that will speed their development work. Test drive the book by going to [www.smileymicros.com](http://www.smileymicros.com) and downloading the FREE 30 page pdf file: "Quick Start Guide for using the WinAVR Compiler with ATMEL's AVR Butterfly" which contains the first two chapters of the book and has all you need to get started with the AVR Butterfly and WinAVR. In addition to an in-depth coverage of C, the book has projects for: 7Port I/O reading switches and blinking LEDs 7UART communication with a PC 7Using interrupts, timers, and counters 7PulseWidth Modulation for LED brightness and motor speed control 7Creating a Real Time Clock 7Making music 7ADC: Analog to Digital Conversion 7DAC: Digital to Analog Conversion 7Voltage, light, and temperature measurement 7Making a slow Function Generator and Digital Oscilloscope 7LCD programming 7Writing a Finite State Machine The author (an Electrical Engineer, Official Atmel AVR Consultant, and award winning writer) makes the sometimes-tedious job of learning C easier by often breaking the in-depth technical exposition with humor and anecdotes detailing his personal experience and misadventures.

[Draft Horses and Mules: Harnessing Equine Power for Farm & Show, Gail Damerow, Alina Rice](#) , 2008, 1603426426, 9781603426428. Meet the original horse power! Prized for their great endurance, splendid disposition, willingness to work, impressive stature, and versatility, draft horses and mules are making a strong comeback. Today, an estimated 5 to 10 percent of America's 3.5 million horses are draft breeds. It's no wonder: these powerful animals can accomplish an astounding array of tasks. They pull carriages, assist with heavy logging, serve as a vital educational link to the past, and are increasingly popular for showing and competing. Many small-scale farmers appreciate that these animals offer a clean-energy alternative to modern farm machinery; a team of two draft horses can cultivate several acres of land in a single day, enriching the soil as they work. Unlike mechanical equipment, a good team actually appreciates in value over time. Draft Horses and Mules, by Gail Damerow and Alina Rice, distills the great tradition of these impressive animals into a definitive guide. Designed for new or intermediate owners, the book shows readers how to choose an ideal team, feed and house them, maintain their health, ensure effective equinehuman communication, select and use equipment properly, and employ the animals in a variety of agricultural, logging, and demonstration tasks. The book is enhanced with color photos, numerous illustrations, and profiles of real-life individuals who work with draft horses and mules. The fresh design makes the information leap off the page and ensures that the book is as fun to read as it is informative.

[The Secret Peace: Exposing the Positive Trend of World Events, Jesse Richards](#) , 2010, 0984369503, 9780984369508. Recession. Terrorism. Global warming. There's no doubt that countless dire crises consume the world. And yet, positive

change is also all around us, under the media's radar. Here is evidence of history's true trend: a convincing picture of declining war, advancing health, equal rights, revolutionary technology, and more, including the surprising reasons why peace is unfolding. This powerful shift in perspective-not trite "positive thinking" but a realistic look at a hidden truth-is needed now more than ever. The Secret Peace isn't an excuse to pat ourselves on the back, but a powerful call to action to step up our efforts to spread peace to all corners of the earth. ... Esther Dyson, author of Release 2.0 and expert on emerging technology, says, "I love the thesis, and believe it. Jesse Richards makes the case forcefully. ... It cheered me up!"

[The Bible: A Very Short Introduction, John Riches](#) , 2000, 0191578266, 9780191578267. It is sometimes said that the Bible is one of the most unread books in the world, yet has been a major force in the development of Western culture and continues to exert an enormous influence over many people's lives. This Very Short Introduction looks at the importance accorded to the Bible by different communities and cultures and attempts to explain why it has generated such a rich variety of uses and interpretations. It explores how the Bible was written, the development of the canon, the role of Biblical criticism, the appropriation of the Bible in high and popular culture, and its use for political ends. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

[Voidspeak: Art and Poetry on Transcendent Unity](#) , 2013, 0989022102, 9780989022101. This book is a collection of esoteric poetry and sacred geometry art, interwoven to engage the reader in a meditative consciousness. The interconnectedness of all existence resonates awareness as a self-same identity: Speak unto the void, and the void speaks also to you.

[Italian eyes: Italian fashion photographs from 1951 to today, Maria Luisa Frisa, Fondazione pitti immagine discovery \(Italy\), Francesco Bonami, Anna Mattiolo](#) , 2005, 8881585103, 9788881585106. Only recently has fashion photography been accurately seen as an important medium within contemporary visual culture: it has evolved from a mere supporting role of reproduction into a creator of icons and ideas, and a veritable form of art. Its power, in defining itself as a means of communication, is to record, or even determine today's lifestyle. Italian Eyes not only shines a much-deserved light on Italians who have made photographic history, but also highlights an Italian style that goes beyond fashion, thus offering a repertoire of images that reconstruct the changes in fashion and the evolution of society from the end of World War II to the present. Italian Eyes presents the most important fashion magazines in the world and the advertising campaigns photographed for Italian and international designers--a sort of visual atlas of Italian evolution of fashion photography. Various chapters unfold with images accompanied by texts analyzing fashion photography according to different themes: portrait, narration, the fashion photo set, the evolution of masculine and feminine images, and others. Some of the featured photographers include: Maria Vittoria Backhaus, Aldo Ballo, Giampaolo Barbieri, Gabriele Basilico, Manfredi Bellati, Roberto Calabr/, Roberto Carra, Giovanna Calvenzi, Sergio Caminata, Lorenzo Capellini, Alfa Castaldi, Elisabetta Catalano, Attilio Concari, Maria Vittoria Corradi, Barbara D'Alessandri, Gianni Della Valle, Aldo Fallai, Marina Fausti, Fabrizio Ferri, Franco Fontana, Angelo Frontoni, Andrea Gandini, Giovanni Gastel, Piero Gemelli, Arturo Ghergo, Helsa Haertter, Aldo Giuliani, Marco Glaviano, Renato Grignaschi, Guido Harari, Frank Horvat, Bob Krieger, Giorgio Lari, Bodi Leombruno, Ugo Mulas, Carlo Orsi, Stefania Paparelli, Federico Patellani, Emanuela Pavesi, Alberto Rizzo, Paolo Roversi, Franco Rubartelli, Ferdinando Scianna, Tazio Secchiaroli, Susanna Sinclair, Mario Sorrenti, Valerio Spada, Toni Thoribert, Alberta Tiburzi, Oliviero Toscani and Fabio Zonta.

[Cavalier Giovanni Battista Buonamente: Franciscan Violinist, Peter Allsop](#) , 2005, 1840146273, 9781840146271. Giovanni Battista Buonamente was among the most original and inventive Italian composers of the seventeenth century. Peter

Allsop reveals his importance as part of a tradition that stands in direct antithesis to that of the Corellian sonata today regarded as the 'norm'. This development is traced in a series of likely teacher-pupil relationships from Salamone Rossi to Marco Uccellini, the most prolific Italian composers of instrumental ensemble music in the first half of the seventeenth century. The first half of the book sets out what is known of Buonamente's turbulent career as he moved from the courtly environments of the Gonzaga household and Habsburg court to several less auspicious posts at various religious institutions, ending his life as maestro di cappella at the mother house of his order, S. Francesco in Assisi. A fascinating picture emerges of the nature of musical patronage against a background of war and plague in this time of great political instability.

[We Are Many: Reflections on Movement Strategy From Occupation to Liberation, Kate Khatib, Margaret Killjoy, Mike McGuire](#) , 2012, 1849351163, 9781849351164. "A deftly edited anthology"--Kelefa Sanneh, "The New Yorker""A wonderful collection of questions and reflections on the state of the movement today, where we came from, and where we might be going. It is all too rare that in the process of creating the movement and living the moment, participants and thinkers step back and ask the most pressing questions. This book is an important step." --Marina Sitrin, Occupy Wall Street organizer and author of "Horizontalism" "We have all been swept up by the momentum of the Occupy movement. We have seen the results of years of organizing in different communities come together in ways that few could have imagined, bolstered by the scores of people who have left the comfort of their daily routine behind and taken to the streets. Yet as a movement so overflowing with new social and political actors, we lack the framework we need to help us all to understand what a social movement is, to understand how change has happened in the past, to understand what this moment means and what this movement makes possible." "We Are Many "is a reflection on Occupy from within the heart of the movement itself. Examining key questions: What worked? What didn't? Why? How? Is it reproducible? The authors and activists in this collection point toward a movement-based framework for future organizing. Heavily illustrated and annotated, "We Are Many "is a celebration of what worked, and a thoughtful analysis of what didn't. [The New Management: Democracy and Enterprise are Transforming Organizations, William E. Halal](#) , 1998, 1576750329, 9781576750322. This practical yet thought-provoking book presents a wealth of evidence to show that the two recurrent themes of democracy and enterprise are transforming our institutions. Organizations are becoming changing clusters of entrepreneurial units working together to form "internal markets," while this diversity is being integrated into a "corporate community" that unites the interests of investors, workers, clients, business partners, and the public. Even fierce competitors are cooperating. Illustrative examples, survey data, trends, anecdotes, and exercises offer original insights into the use of New Management principles. In addition, mini-case studies of MCI, Saturn, The Body Shop, Hewlett-Packard, Johnson & Johnson, Southwest Airlines, Home Depot, IKEA, Wal-Mart and other great companies illustrate vividly how creative managers design and lead organizations in an era of global competition, constant change, and empowered people. The author also analyzes critical issues, such as the nagging old conflict between profit and society, to provide managers a comprehensive, stimulating guide to where their craft is heading. Halal argues that the transition to a New Management is almost inevitable because it is being driven not by altruism or even good leadership, but by the relentless advance of the Information Revolution. Only small entrepreneurial teams operating from the bottom-up can master today's exploding complexity, and gaining stakeholder support is now essential because a knowledge-based economy has made cooperation a competitive advantage. Rather than fussing over quick fixes, The New Management points the way toward more fundamental solutions to the massive changes that will confront all institutions as the transition to a knowledge society rolls on into the 21st century.

[Working At Play: A History of Vacations in the United States, Cindy S. Aron](#) , 1999, 0195055845, 9780195055849. No one works harder at playing than Americans. Indeed, as Cindy Aron reveals in this intriguing account, the American vacation has seen a constant tension between labor and leisure, especially in the 19th and early 20th century, when we often struggled to protect ourselves from the sin of idleness. In Working at Play, Aron offers the first full length history of how Americans have vacationed--from eighteenth-century planters who summered in Newport to twentieth-century urban workers who headed for camps in the hills. In the early nineteenth century, Aron shows, vacations were taken for health more than for fun, as the wealthy traveled to watering places, seeking cures for everything from consumption to rheumatism. But starting in the 1850s, the growth of a white collar middle class and the expansion of railroads made vacationing a mainstream activity. Aron charts this growth with grace and insight, tracing the rise of new vacation spots as the nation and the middle class blossomed. She shows how late nineteenth-century resorts became centers of competitive sports. Bowling, tennis, golf, hiking, swimming, and boating absorbed the hours. But as vacationing grew, she writes, fears of the dangers of idleness bloomed with it. Self improvement vacations flourished; religious camp grounds became established resorts, where gambling, drinking, and bathing on Sunday were banned. Asbury Park, named after Francis Asbury, the first American Methodist bishop, quickly became one of the most popular getaways for the devout. With vivid detail and much insight, Working at Play offers a lively history of the vacation, throwing new light on the place of work and rest in American culture.

[Palm Springs: Mid-century Modern Postcard Book, Dolly Faibyshev](#) , 2013, 0764345214, 9780764345210. The mid-century modern architecture of Palm Springs, California, is presented in 30 bright, colorful postcards. In Palm Springs, the desert environment and the presence of Hollywood stars inspired architects to new creative heights and created, perhaps, the locale with the highest concentration of such structures in the United States. The postcards include views of individual mid-century modern homes, detailed close-ups, city shots, and photos of such landmarks as the Palm Springs City Hall, Swiss Miss House, Elvis' Honeymoon House, Neutra's Kaufmann House, and the Palm Springs Aerial Tramway Valley Station. The iconic features of mid-century modern structures found in these postcards include carports, stone and perforated walls, chalet entrances, wide driveways, and walls of glass,. The 30 postcards are perforated for easy removal, or can remain bound together as a memento of this beautiful place. Whichever you choose, enjoy the enduring beauty of mid-century modernism today!

[Dogs,](#) , 2010, 8854402230, 9788854402232. Dog lovers of all ages will cherish this treasure trove of canine images. Over 500 full-color photographs showcase dogs in all their tail-wagging glory-from the irrepressible appeal of wrinkly puppies to the noble dignity of beloved older dogs, from endearing mutts to show-stopping purebreds. The pictures in this enchanting book have been selected based on the originality of their composition and the expressiveness of the book's furry subjects. The trademark three-dimensionality of the MiniCube format is ideal for conveying the energy, intelligence, and lovable nature of man's (and woman's and child's) best friend. The chunky format of this book, chock-full of colorful pictures, will bring special enjoyment to young readers.

[The Right Baby Name Book: The Scientific Guide to Naming Your Baby, Oliver Tavakol, M.d.](#) , 2007, 0980170508, 9780980170504. Parents instinctively understand the importance of choosing a name, but most parents are surprised by how far-reaching the effects of a name can be. Scientific evidence shows that a baby's name will affect how a child is perceived by others and may even impact self-perception. The 'right name' for a baby depends on parents and the future they envision for their child. The Right Baby Name book and website provide unique tools to help parents make this important decision. Based on meticulous research covering everything from the effects of vowel arrangements to the associations of names with various professions, The Right Baby Name demonstrates the implications of name choices and guides parents in choosing the 'right' baby name. An extensive diagnostic section provides parents with practical, actionable advice and includes a guide to quantifying characteristics of names such as uniqueness, fit, and goodwill, and a questionnaire to determine parents' preferences. Aided by powerful online reports and other tools at [www.TheRightBabyName.com](http://www.TheRightBabyName.com), this book removes the guesswork from choosing the right name.

[Training Days, Jane Frances](#) , 2008, 1594931224, 9781594931222. For many, traversing the Australian continent on a long-distance train would be a once in a lifetime opportunity. But for Morgan Silverstone, who travels the globe as anchor presenter for a prime-time Australian travel show, it's just another few days at the office. Or at least that's how it seems

until she meets Marie, a French backpacker bound for the outback. Closeted for the sake of her job, Morgan usually restricts her amorous activities for outside Australia. Marie, however, proves hard to resist, especially in the confined space of Morgan's sleeper compartment. Will a few hours of unbridled passion be Morgan's professional undoing?

[Functional and Evolutionary Ecology of Bats, Akbar Zubaid Professor of Biological Sciences Universiti Kebangsaan, Gary F.](#)

[McCracken Professor of Ecology and Evolutionary Biology University of Tennessee, Thomas Kunz Professor of Biology](#)

[Boston University](#) , 2005, 0198035241, 9780198035244. Every three years a major international conference on bats draws the leading workers in the field to a carefully orchestrated presentation of the research and advances and current state of understanding of bat biology. Bats are the second most populous group of mammalia species, after rodents, and they are probably the most intensively studied group of mammals. Virtually all mammalogists and a large proportion of organismic biologists are interested in bats. The earlier two edited books deriving from previous bat research conferences, as well as this one, have been rigorously edited by Tom Kunz and others, with all chapters subjected to peer review. The resulting volumes, published first by Academic Press and most recently by Smithsonian, have sold widely as the definitive synthetic treatments of current scientific understanding of bats.

[A Sense of Self: The Work of Affirmation, Thomas J. Cottle](#) , 2006, 1558495746, 9781558495746. A clinical psychologist as well as a sociologist, Thomas J. Cottle is the author of more than twenty-five books. At the heart of his work is a

concern with the problems confronted by ordinary people in their everyday lives, the kinds of issues that shape who we are and how we interact with the world around us. In this book, his focus is on affirmation, that mysterious process by which the self comes to know itself in relation to others and forges an identity. What is it that we experience when we are affirmed, Cottle asks, and what are the ramifications of affirmation, or the lack of it, in how we lead our lives? In pursuing his investigation, Cottle draws on a remarkably broad range of social scientific and philosophical literature, from Piaget and Kohut to Nietzsche and Levinas. Looking closely at the relationship between the individual, the family, and society, he explores issues of intimacy, morality, ethics, aesthetics, and socialization. He pays particular attention to the role of devotion, showing how the act of taking responsibility for another is the essence of affirmation, which in turn is the fundamental ingredient in the development of a self. Without those who take responsibility for us and commit themselves to us forever, he argues, there can be no secure sense of self and no genuine capacity for self-reflection and self-knowledge. Cottle concludes by emphasizing how much is at stake in the work of affirmation. Just as the affirming gaze of another nurtures and strengthens one's sense of self, the absence of affirmation -- what we might call disaffirmation -- can lead to a life of despair, alienation, and even violence.

[Global Health Governance, Jeremy Youde](#) , 2013, 0745660983, 9780745660981. In recent years the spread of diseases such as AIDS, SARS and avian flu has pushed health issues towards the top of the international agenda. Such outbreaks have serious political, economic, and social consequences and remind the world of the necessity of global cooperation in order to deal effectively with the challenges they pose. Global Health Governance offers a comprehensive introduction to the changing international legal environment, the governmental and non-governmental actors involved with health issues, and the current regimes ability to adapt to new crises. Part 1 focuses on the evolution of international regulations aimed at stopping the spread of health problems across borders. Over the last 150 years, the nature of such cooperation, the motivations of the parties involved, and the diseases covered, has changed radically. Part 2 examines some of the most prominent actors in global health governance today, ranging from traditional intergovernmental organizations, such as the WHO and the World Bank, to private philanthropic organizations that exist outside regular global governance structures. Part 3 concentrates on some of the most pressing issues facing global health governance today, including access to pharmaceuticals, the costs and benefits of making health a security issue, and the role of civil society organizations. Global Health Governance provides an accessible and insightful analysis of an evolving realm of global governance and cooperation. It will appeal to students of global health politics, global governance, international organization, and human security.

[Navigation, Brittney Corrigan](#) , 2012, 0974668362, 9780974668369. Brittney Corrigan's Navigation describes an arc of passage guided by the uncertain stars her grandfather revealed to her and those he kept hidden. In Navigation, Corrigan enters the uncharted waters and unmapped lands, where she must establish the way, not only for herself, but for her child with autism. Navigation is a fluid narrative about not only generations, but the act of generating one's own life both inside and outside of the boundaries laid by family.

[Greener Life, Clarissa Dickson Wright, Johnny Scott](#) , 2009, 1856268586, 9781856268585. The turn of the twenty-first century has brought a new wave of interest in healthy, organic living and its benefits. This is an authoritative and entertaining compendium on how you can achieve the good life.

[The Religious Case Against Belief, James P. Carse](#) , 2008, 1594201692, 9781594201691. A provocative, insightful explanation for why it is that belief not religion keeps us in a perilous state of willful ignorance. In *The Religious Case Against Belief*, James Carse identifies the twenty-first century's most forbidding villain: belief. In distinguishing religions from belief systems, Carse works to reveal how belief with its restriction on thought and encouragement of hostility has corrupted religion and spawned violence the world over. Galileo, Martin Luther, Abraham Lincoln, and Jesus Christ using their stories Carse creates his own brand of parable and establishes a new vocabulary with which to study conflict in the modern world. *The Religious Case Against Belief* introduces three kinds of ignorance: ordinary ignorance (a mundane lack of knowledge, such as ignorance of tomorrow's weather or the reason why your stove is malfunctioning), willful ignorance (an intentional avoidance of accessible knowledge), and finally higher ignorance (a learned understanding that no matter how many truths we may accumulate, our knowledge falls infinitely short of the truth). While ordinary ignorance is common to all people, Carse associates the strongest manifestation of willful ignorance with the most fervent (and dangerous) of believers. He points to the historic conflict between Martin Luther and Holy Roman Emperor Charles V both to reveal this seemingly religious collision as a clash of belief and to identify belief's inherently destructive characteristics. From Luther to the contemporary Christian right, we learn that believers construct identity by erecting boundaries and by fostering aggression between the believer and the other. This is why belief systems choose at great cost to remain locked in bloody conflict rather than to engage in dialogue, recognizing the great deal they have in common. This is willful ignorance. In fierce contrast to willful ignorance, higher ignorance is an acquired state enhanced by religion. Those traveling the path to higher ignorance recognize faith teachings (such as the Bible) as poetry intended to promote contemplation, interpretation, and a sense of wonder. For evidence of religion's deeply embedded rejection of singular truth and its acceptance of diverse dialogue, Carse looks to the many faces of Jesus presented in the books of the Bible and elsewhere. Uncontaminated by belief systems, religion rejects the imagined boundaries that falsely divide people and ideas, working to expand horizons. *The Religious Case Against Belief* exposes a world in which religion and belief have become erroneously (and terrifyingly) conflated. In strengthening their association with powerful belief systems, religions have departed from their essential purpose as agencies of higher ignorance. Carse uses his wide-ranging understanding of religion to find a viable and vital path away from what he calls the Age of Faith II and toward open-ended global dialogue. Far from abstract philosophical musing, *The Religious Case Against Belief* is required reading for our age.

[Letters To Lily: On how the world works, Alan Macfarlane](#) , 2010, 1847650880, 9781847650887. In a frank and

unpretentious series of letters addressed to a teenage granddaughter, this highly original book teaches us to know and understand the world we live in and its rules, and how to behave in it. In these thirty letters, Alan Macfarlane answers his granddaughter's questions about how the world works, how it got to be as it is, what it could be, and where she fits in. Lily's enquiries range from the intimate, personal and moral to the political, social and philosophical. What is the nature of good and evil? What is religion? How can I be truly me? Is right and wrong the same wherever you are? What is beauty? Does there have to be torture? Does money matter? Is knowledge always good? What is progress? What is truth? What is sex? Is democracy a good idea? These are just a few of the questions. In responding to Lily's challenging problems, Alan Macfarlane, from a lifetime's experience as a historian, anthropologist and teacher, ranges through history and across the world's cultures. Her questions are timeless. His answers add up to a classic.

[Streams of Silver: The Legend of Drizzt, Book 5, R.A. Salvatore](#) , 2009, 0786954051, 9780786954056. The epic tale of everyone's favorite dark elf, Drizzt Do'Urden, reaches new heights! Drizzt Do'Urden struggles with his own inner voices, voices that call him back to the pitiless depths of the Underdark. But louder still are the voices of his newfound friends, and the dream that drives Bruenor Battlehammer on to reclaim Mithral Hall. Time and again they're told to turn back, that some dreams can never be fulfilled, but on they fight -- together. From the Paperback edition.

[Bisexuality in the Lives of Men: Facts and Fictions, Brett Beemyn, Erich W. Steinman](#) , 2001, 1560231475, 9781560231479. Explore the theoretical, political, psychological, and cultural issues surrounding male bisexuality! Bisexuality in the Lives of Men is the first anthology to focus on men who love both men and women. The theoretical, scientific, and literary essays in this landmark volume dispel the fictions that bisexual men are greedy, promiscuous, confused, deceptive, unfaithful, HIV-positive--the dominant images of bisexual men in our culture. Whether portrayed as a coward who can't quite come out into full gayness or a smooth-talking serial killer, the bisexual man has been vilified in books and movies. In scholarly studies, they are often ignored or else lumped together with gay men. It is now widely acknowledged that human sexuality is more complex and diverse than the narrow categories gay and straight. But, while the use of the term bisexual has become much more common in the last decade, an understanding of bisexuality itself lags far behind. A lack of research on how bisexuality is experienced, interpreted, and encoded in literature, film, and other aspects of popular culture means that stereotypes, stigma, and confusion are still prevalent. Bisexuality in the Lives of Men is a multidisciplinary examination of this neglected topic, bringing together expertise reflecting divergent approaches and fields to show the whole bisexual man. Topics include: a thoughtful review and analysis of the public health research on the role of bisexual men in HIV transmission a study of the marital

foundation for the study of the practice of safety in degree programs. Additionally, it serves as a basis for self-analysis by those safety professionals who seek to improve their performance, gain recognition from management for providing value, and achieve professional status. On the Practice of Safety's distinctive essay format provides a penetrating exploration of a variety of subjects not possible in a standard reference. The Third Edition expands on the content of the former edition, adding updated statistics to reflect recent trends and developments in the field. In addition to a greatly extended chapter on quality and safety, author Fred Manuele contributes four new chapters: Heinrich Revisited: Truisms or Myths Addressing Severe Injury Potential Acceptable Risk Behavior-Based Safety Each chapter is a self-contained unit that offers comprehensive coverage of a particular topic. All of the chapters in the Third Edition reflect the increasing professional incidence of safety, occupational health, and environmental affairs falling under a common management, and address each issue accordingly.

[Sculpture Now: A Collection of Contemporary Artists' Writings and Interviews, Julia Kelly, Jon Wood](#) , 2012, 3775733477, 9783775733472. Sculpture Now assembles essays, statements, interviews, letters, poems and other texts by artists from all over the world on sculpture as it has been developed and practiced from 1990 to the present. Illustrated with works by the contributing artists, this publication covers every facet of sculpture today: the processes used to create it, its various means of figuration and the growing number of exhibition venues now devoted to the medium. Edited by Julia Kelly and Jon Wood, and intended for a broad audience of artists, curators, art historians, students and art lovers, this volume will serve both as an important reference book as well as a source of inspiration. Artists represented include Edward Allington, Francis Als, John Bock, Mel Brimfield, Anthony Caro, Jan de Cock, Tony Cragg, Matthew Crawley, Richard Deacon, Michael Dean, Mark Dion, Elmgreen and Dragset, Chris Evans, Katharina Fritsch, Ryan Gander, Francesco Gennari, Thomas Hirschhorn, Ilya Kabakov, Mike Kelley, Hew Locke, Sarah Lucas, Paul McCarthy, Jonathan Monk, Ron Mueck, Mike Nelson, Patricia Piccinini, Falke Pisano, Bettina Pousttchi, Marc Quinn, Gregor Schneider, Thomas Schütte, Roman Signer, Florian Slotawa, Kiki Smith, Bob and Roberta Smith, Didier Vermeiren, Franz West, Keith Wilson, Erwin Wurm and Carey Young.

[Dear Ellen Bee: a Civil War scrapbook of two Union spies, Mary E. Lyons](#) , 2001, 0439342589, 9780439342582. A scrapbook kept by a young black girl details her experiences and those of the older white woman, "Miss Bet," who had freed her and her family, sent her north from Richmond to get an education, and then worked to bring an end to slavery. Based on the life of Elizabeth Van Lew.

Starting in 1492, when Columbus landed in Cuba, the author covers all the major events in Cuban history, up to the Mariel Boat Exodus in 1980. The book also discusses the Cuban national coat of arms, national anthem, and flag. Text copyright 2004 Lectorum Publications, Inc.

[Refugee Boy, Benjamin Zephaniah](#) , 2011, 1408825406, 9781408825402. Alem is on holiday with his father for a few days in London. He has never been out of Ethiopia before and is very excited. They have a great few days together until one morning when Alem wakes up in the bed and breakfast they are staying at to find the unthinkable. His father has left him. It is only when the owner of the bed and breakfast hands him a letter that Alem is given an explanation. Alem's father admits that because of the political problems in Ethiopia both he and Alem's mother felt Alem would be safer in London - even though it is breaking their hearts to do this. Alem is now on his own, in the hands of the social services and the Refugee Council. He lives from letter to letter, waiting to hear from his father, and in particular about his mother, who has now gone missing... A powerful, gripping new novel from the popular Benjamin Zephaniah

[The Best of Helmut Newton: Selections From His Photographic Work, Zdenek Felix, Noemi Smolik, Urs Stahel](#) , 1993, 3888146356, 9783888146350. Helmut Newton's best photographic work from the 1960s to the 1990s traveled around Europe in a major retrospective in 1993. The catalogue of that show has now run to a 4th edition. It contains all the icons of Newton's special fields of interest including fashion, nudes, portraits as well as works for which he became world famous--the sensational fashion photos for the British magazine Vogue, Liz Taylor with a parrot in a swimming pool, Helmut Berger naked at his fireplace, Helmut Kohl with a German oak, Salvador Dali on an IV drip, the "Big Nudes" and some of his later macabre wax figures...Newton was a genius for not being blinded by the glamour and the masquerade of pretence that were prevalent in the world in which he lived. On the contrary, he illuminated and exposed that world with bright light and displayed it in brilliant photographs which contain much more than they show.

Armed with a new hunger to do something positive; she is determined to escape the secrets from her past and start a new life. Aubrey's old ways seem to be hard to shake. She's used to always getting what she wants no matter what the cost. Aubrey has plans of perusing her dream of writing and starting a new career in publishing; but as soon as her feet touches the concrete jungle things get hot. Aubrey is pursued by one of the most wanted & successful bachelors on the East Side of Philly Scotty-blaze. At first glance she does not see any benefits to his advances; but a chance meeting reveals his true worth and she gives into his proposition. Plans to use his money to finance her dream backfire and she is forced to reveal her true nature. She wears murder and deception like her designer undergarments. Aubrey is not willing to sacrifice her happiness ever again. Despite her careful selection in her new man she finds herself in the middle of a world she thought that she had left behind. Running from her past and clawing her way to her future she has to take some casualties along the way. Aubrey refuses to give her dream up and go back to the life she escaped. She is prepared to take anyone down that stand in her way. Page by page of her manuscript is written in blood Take this journey and find out how far she will go to get PUBLISHED!

[The Zurich Decision, Joseph Brady](#) , 2013, 0983598592, 9780983598596. man who helped run one of Europe's most important pharmaceutical companies. Nevertheless, when his organization's CEO deceitfully tells Stephen that he'll be helping humanity by firming financing for the research of a new medicinal molecule, Stephen makes a dishonest business decision. His task is simply to arrange alternate financing for the research of this new drug. Unbeknownst to him, however, this new molecule is also highly addictive and potentially fatal. Stephen quickly learns that his decision was about more than medicine when his CEO orders him to organize a business meeting with an Iranian crime lord and a prominent Tokyo mafia boss. As the Zurich winter approaches, Stephen begins to regret his actions. Nonetheless, when one of his employees is murdered, Stephen realizes that it is too late to turn back. As the business plan that Stephen

inadvertently helped create begins to unfold, people around the world are dying from the illegal drug. In addition, the Russian assassin who murdered Stephens employee is now hunting him. While the mysterious compound gains popularity worldwide, Stephen finds his company under investigation by Interpol and the DEA. His life begins to unravel before his eyes. But it isn't until an unimaginable personal tragedy occurs that Stephen must face the most horrific consequences of his actions. As a result of this event, he is forced to make one of the most important choices of his life as he attempts to lead himself on a potentially fatal path of redemption to stop the dreadful compound that he unwittingly helped create.

[On the Run with Bonnie and Clyde, John Gilmore](#) , 2012, 1878923226, 9781878923226. Decades in the making, On the Run With Bonnie & Clyde is a fast moving and gut-wrenching, highly original exploration into the personalities of the star-crossed lovers and "public enemies Bonnie Parker and Clyde Barrow. A thoroughly researched, in-depth study of the true natures of these notorious outlaws, by an acclaimed author well versed in the dark fields of violence, On the Run With Bonnie & Clyde breaks away from the usual police-blotter procedurals on these outlaw lovers. Delving deep into their character in his unique and uncompromising style, Gilmore places the reader squarely inside a stolen 1932 V-8 with the desperadoes on a dusty, two-year, devil-take-the-high-road spree of robberies, shoot-outs and murder. Through the dark windshield of legend, the short lives of these outlaw desperadoes on a relentless ride to an infamous end-in a torrent of blood and bullets-emerges as an essential and compelling narrative of these undying icons of American crime lore. On the Run With Bonnie & Clyde includes a controversial critical perspective of the unlawful ambush murder of Bonnie Parker, who was never officially accused of a violent crime. Heavily illustrated with rare photos from the author's collection.

This edition, Promises for Health and Healing, is a compilation of 36 Bible verses that provides hope and encouragement on God's desire and ability to provide health and healing during physical illness. Each edition of Promise In My Pocket is filled with God's Word and will enable you to experience His goodness, comfort and sufficiency in your life as you go about your day. The lightweight, portable format allows you to keep vital Bible promises with you to use for meditation, reference, memorization, or study. Each of the five editions of Promise In My Pocket is God's Word on the Go!

[We Are Poor but So Many : The Story of Self-Employed Women in India: The Story of Self-Employed Women in India, Ela R. Bhatt](#) , 2005, 0195346963, 9780195346961. Ela Bhatt is widely recognized as one of the world's most remarkable pioneers and entrepreneurial forces in grassroots development. Known as the "gentle revolutionary," she has dedicated her life to improving the lives of India's poorest and most oppressed citizens. In India, where 93 percent of the labor force are self-employed, 94 percent of this sector are women. Yet self-employed women have historically enjoyed few legal protections or worker's rights. In fact, most are illiterate and subject to exploitation and harassment by moneylenders, employers, and officials. Witnessing the terrible conditions faced by women working as weavers, stitchers, cigarette rollers, and waste collectors, Ela Bhatt began helping these women to organize themselves. In 1972, Ela Bhatt founded the Self-Employed Women's Association (SEWA) to bring poor women together and give them ways to fight for their rights and earn better livings. Three years after SEWA was founded, it had 7,000 members. Today it has a total membership of 700,000 women, making it the largest single primary trade union in India. Bhatt lead SEWA to form a cooperative bank in 1974 - with a share capital of \$30,000 - that offered microcredit loans to help women save and become financially independent. Today the SEWA Cooperative Bank has \$1.5 million in working capital and more than 30,000 depositors with a loan return rate of 94 percent. Through years of organization and strategic action, Ela Bhatt developed SEWA from a small, often ignored group into a powerful trade union and bank with allies around the world. During the last three decades, SEWA's efforts to increase the bargaining power, economic opportunities, health security,

legal representation, and organizational abilities of Indian women have brought dramatic improvements to hundreds of thousands of lives and influenced similar initiatives around the globe. *We Are Poor but So Many* is a first-hand account of the vision, rise, and success of SEWA, in India as well as internationally. The book begins with a history of the early days of SEWA and an exploration of the Gandhian philosophy that helped shape SEWA's formation and vision. It follows with an account of the struggles and challenges that SEWA faced in its journey and describes how these were addressed and overcome. It then explores the freedom that SEWA has facilitated for women working in the informal economy by presenting several inspirational stories of individual SEWA members. The final chapter describes the international extension of SEWA's work, the challenges that women face in the informal economy worldwide, and how SEWA can be effectively replicated in other parts of the world. This volume is unique in that it will elaborate the specific experience and knowledge of Ela Bhatt in her and SEWA's journey and provide insights and knowledge that no outside researcher would ever be in a position to replicate.

[A Mother's Wish, Kathy-jo Wargin](#) , 2006, 0060571713, 9780060571719. I make this wish on wings of love And send into the sky above That Mother holds me every day And never, ever goes away. Young Ella never forgets the wish she made upon the wings of a butterfly, even as the years pass by. Ella's mother also makes a butterfly wish, full of strength and love. With Irena Roman's timeless watercolor illustrations, Kathy-jo Wargin's touching story shows that the bond between mother and daughter is as unbreakable as it is tender.

[Drop Dead Sexy, Elisa Adams](#) , 2006, 1419907344, 9781419907340. Drop Dead SexyElisa AdamsFaced with writing an article about men's sexual fantasies, Joy turns to her sexy neighbor Nathan for a little inspiration. She just wants him to answer a few questions, but Nathan has a more hands-on approach in mind and Joy is more than agreeable to spending some time between the sheets. She never imagined her neighbor is keeping secrets. Dark, deep secrets he never intended for her to learn.Nathan thinks he has it all worked out. Spend a little time getting to know his neighbor on a very intimate level, get her out of his system and move on. He doesn't realize that Joy has a secret of her own, and it threatens to tear both their worlds apart-or bind them together forever.

[The Motivated Student: Unlocking the Enthusiasm for Learning, Robert A. Sullo](#) , 2009, 1416608109, 9781416608103.

Research has shown time and again that the traditional reward-punishment model does nothing to boost student achievement. In *The Motivated Student: Unlocking the Enthusiasm for Learning*, veteran educator Bob Sullo suggests a different approach: cultivating students' inner drive to learn by addressing their essential psychological needs. Drawing from in-depth interviews with successful educators, counselors, and administrators and a careful analysis of the research on classroom motivation, Sullo provides an indispensable blueprint for ensuring that students in grades 4-12 are engaged in the classroom. He offers practical, clear-cut strategies for getting students focused and ready to learn by eliminating external rewards for learning, building positive relationships with students, creating realistic expectations for your students, developing lesson plans that are relevant to students' lives, and planning with students' psychological needs in mind. As every teacher knows, students learn best when they actually want to learn. Whether at the elementary or high school level, this book will make you think about who your students really are and help you develop a culture of inquiry, trust, and engagement that will release each child's enthusiasm for learning.

[Chaucerian Conflict : Languages of Antagonism in Late Fourteenth-Century London: Languages of Antagonism in Late Fourteenth-Century London, Marion Turner](#) , 2006, 0191525936, 9780191525933.

*Chaucerian Conflict* explores the textual environment of London in the 1380s and 1390s, revealing a language of betrayal, surveillance, slander, treason, rebellion, flawed idealism, and corrupted campaigns. Taking a strongly interdisciplinary approach, it examines how discourses about social antagonism work across different kinds of texts written at this time, including Chaucer's *House of Fame*, *Troilus and Criseyde*, and *Canterbury Tales*, and other literary texts such as *St Erkenwald*, *Gower's Vox clamantis*, *Usk's Testament of Love*, and *Maidstone's Concordia*. Many non-literary texts are also discussed, including the *Mercers' Petition*, *Usk's Appeal*, the guild returns, judicial letters, *de Mezieres's Letter to Richard II*, and chronicle accounts. These were tumultuous decades in London: some of the conflicts and problems discussed include the Peasants' Revolt, the mayoral rivalries of the 1380s, the Merciless Parliament, slander legislation, and contemporary suspicion of urban associations. While contemporary texts try to hold out hope for the future, or imagine an earlier Golden Age, Chaucer's

texts foreground social conflict and antagonism. Though most critics have promoted an idea of Chaucer's texts as essentially socially optimistic and congenial, Marion Turner argues that Chaucer presents a vision of a society that is inevitably divided and destructive.

[Safe on Two Wheels, Cameron Macintosh](#) , 2009, 0195567404, 9780195567403. "Oxford Literacy has been specifically designed to support guided reading in the first three years of school. The Oxford Literacy fiction and non-fiction guided reading texts recognise that a guided reading group in a real classroom never has every student on the same level; therefore, the texts and supporting teaching versions allow educators to work with small groups of students across a range of levels within their stage of reading" --publisher's website.

[Marine Ecotourism: Issues and Experiences, Brian Garrod, Julie C. Wilson](#) , 2003, 1873150415, 9781873150412. An introduction to the concept of marine ecotourism, assessing its value as a sustainable development option. The first section examines the major issues involved in planning and managing marine ecotourism. The second section examines a range of experiences, based on case examples from around the world, of how those issues are being addressed in practice.

[Designing with Succulents, Debra Lee Baldwin](#) , 2011, 1604692960, 9781604692969. Succulent plants offer dazzling possibilities for garden design. From the undulating lines of *Agave americana* 'Marginata' to the frilly-leaved rosettes of *Echeveria* hybrids, succulents come in sculptural shapes, intriguing textures, and sizzling colors. Better still, these elegant plants--which survive drought by storing water in their leaves, stems, or roots--require only minimal maintenance to remain lush and alluring year round. Featuring the work of more than 50 professional garden designers and creative homeowners in dozens of private and public succulent gardens and containers, this complete design compendium is as practical as it is inspirational. Lavishly illustrated with over 300 photographs, it gives design and cultivation basics for paths, borders, slopes, and containers; hundreds of succulent plant recommendations; and descriptions of 90 easy-care, drought-tolerant companion plants. A chapter on growing succulents in cold climates identifies those that thrive in zones 8 and below. The comprehensive "plant Palette" is an especially helpful resource, encompassing tall, treelike, and immense succulents and companion annuals, bulbs, ground covers, perennials, trees, shrubs, grasses, and vines. The succulent gardener's canvas holds rich possibilities; here beginners and experienced designers, landscapers, and collectors alike will find what they need to visualize, create, and nurture the three dimensional work of art that is the succulent garden.

[Pirandello's Theatre of Living Masks: New Translations of Six Major Plays, Umberto Mariani, Alice Gladstone Mariani](#) , 2011, 1442662069, 9781442662063. Nobel Prize-winning dramatist Luigi Pirandello is known worldwide for his

innovative, complex plays. In Pirandello's Theatre of Living Masks, Umberto Mariani and Alice Gladstone Mariani offer the first new edition in nearly sixty years of six of his major works - Liola, It Is So If You Think So, Six Characters in Search of an Author, Henry IV, Each in His Own Way, and The Mountain Giants. Mariani and Mariani's translations of these texts are both vibrant and faithful to the originals, using contemporary expressions and unambiguous language to facilitate readability and comprehension. This edition also offers a critical introduction to each play's most significant characters and structures, highlighting themes and poetics as they correspond to Pirandello's entire body of work. Pirandello's Theatre of Living Masks will appeal to those already familiar with his plays and those looking to discover one of the twentieth century's great dramatists.

[What's That Word?: A Fun Way to Build Vocabulary, Anne Yale](#) , 2012, 0983790418, 9780983790419. Teacher Edition gives answers and tips to presenting the 36 themed lessons in the student workbook in an integrated, lexical approach to vocabulary acquisition that includes reading, writing, listening, and speaking. Exercises are based on brain research for ensuring maximum retention, thereby increasing verbal test scores. Topics are teen relevant and entertaining.

[Power, Passion and Purpose: 7 Steps to Energizing Your Life, Ann Nichols Roulac](#) , 2006, 0977332322, 9780977332328. Revitalize and focus your energy! Here are 24 user-friendly energy practices that will produce immediate benefits in your life. Ann Roulac demonstrates how energy practices, combined with a clear life purpose, are essential to dealing with the

challenges of our modern lifestyles. Transformation and change requires an understanding of the principles of energy. You will learn how the practices of meditation, Chi Gung, yoga and other ancient disciplines can get you back in touch with your own personal power with the four elements of energy practice—breath, movement, sound and stillness.

[Sound Doctrine: A Tactical Primer, Charles Heal, Sid Heal](#) , 2000, 1930051115, 9781930051119. The author presents a distillation of more than ninety tactical texts and provides an insightful and compelling call for rethinking tactics of law enforcement. Assuming the reader has no prior experience or understanding of tactical matters, the author draws from everyday life, such as competitive games, driving, or planning a vacation to show how to reconceptualize a difficult situation. Because the fundamental concepts explored apply to all types of emergencies, this book is suitable for not only law enforcement, but firefighters, private security, and other emergency responders.

[A Guide to Organic Chemistry Mechanisms, Peter Wepplo](#) , 2008, 0977931307, 9780977931309. Organic chemistry is a notably difficult course in which reaction mechanisms prove to be the greatest challenge. A Guide to Organic Chemistry Mechanisms uses example based teaching to break reaction mechanisms into manageable pieces at three levels of difficulty. This multi-tiered approach enables students to learn the logic of electron movement, repeat a reaction at a higher level, and finally to write a complete mechanism. At the first level of instruction, students start with nearly completed examples that they can solve by logic rather than rely on pattern matching or memorization. The knowledge gained at this level is raised by repetition at a more challenging level. Since their knowledge increases at each level, students succeed in writing complete solutions to problems. Thus, professors can replace traditional teaching, in which students passively copy notes, and replace it with productive thinking activities. Ultimately, students learn reaction mechanisms more easily and can apply them to new problems. Our reports show A Guide to Organic Chemistry Mechanisms successfully raised student scores on the American Chemical Society's standardized examination on organic chemistry by an average of 20 percentile points or more. The table of contents and index, including a new functional group transformation index, facilitate the guides use with functional group or mechanism based textbooks. It is intuitively laid out with the same reaction occurring on the same page in each level for easy navigation. A Guide to Organic Chemistry Mechanisms can be used in large classes, small groups, or individually.

[Resources And Industry, F. E. Ian Hamilton](#) , 1992, 0195209435, 9780195209433. The harnessing of resources and the development of industry are central to the evolution of modern society. The world's great diversity of resources and industries are the subject of this book. It explores and explains the variety of industrial systems, ranging from communities that depend for their livelihood on a single resource or industry, or retain traditional handicrafts, to those that are diverse, based on high technology industries and services. The book also reviews the global state of industry, looking in detail at examples from every region of the world. Through the colorful and informative mixture of photographs, maps, and diagrams--demonstrating the wide range of industrial processes and methods--this book provides a clear understanding of the resources at industry's disposal and how these things have been harnessed.

[Extraordinary Canadians Rene Levesque, Daniel Poliquin](#) , 2009, 0143173073, 9780143173076. He was the most unlikely leader: straightforward, uninterested in personal wealth, unprepossessing. Yet his charisma affected even those who disliked his political aim to achieve independence for Quebec. Ren Lvesque was born into a Quebec dominated by the Catholic Church, rural values, and Anglophone control of business. He was part of the 1960s Quiet Revolution that saw the province become a secular society bent on economic success and, for some, political independence. A journalist, war reporter, and television host, Lvesque channelled his communication skills into a political career that encompassed the most tumultuous periods in Canadian history. As founder of the Parti Qubecois, he held two close referenda in 1980 and 1995 that proved wrenching for Canadian unity and permanently altered the countrys political landscape. Acclaimed novelist and translator Daniel Poliquin offers a unique portrait of Lvesque the man and politician, at once affectionate, critical, and incisive.

[Our Secret, Siri Aang, Christina Kessler](#) , 2007, 0142408409, 9780142408407. twelve-year-old Namelok is thrilled when she finds a mother black rhino and her new baby in the bush while collecting firewood for her Maasai tribe. she vows to protect them, visit them, andmost importantkeep them a secret so that poachers will not try to hurt them. but when her initiation into womanhood threatens her secret visits, Namelok must say good-bye to her beloved animal friends. before

she can, though, she makes a horrifying discovery, one that sends her on a harrowing journey into the bush in a search for poachers, which soon becomes a desperate struggle for survival.

[From Fallow Fields To Hallowed Halls: A Theologian's Journey, John Dillenberger](#) , 2004, 0944344526, 9780944344521.

How do I get out of here? So begins John Dillenberger's account of his journey from a small Illinois farm overlooking the Mississippi to Princeton, Harvard, Columbia, Drew, San Francisco Theological Seminary, and ultimately the presidencies of the Graduate Theological Union and Hartford Seminary. Along the way, he served as a colleague of such notable scholars as Reinhold Niebuhr and Paul Tillich. "From Fallow Fields to Hallowed Halls is at once an account of the unfolding of a life and a picture of academic and cultural religious currents of the twentieth century. John Dillenberger was shaped by the times that he also shaped at critical junctures.

[Changing Your Mind's Spending Attitudes, Liz Weston](#) , 2010, 0132479729, 9780132479721. This is the eBook version of the printed book. This Element is an excerpt from *Easy Money: How to Simplify Your Finances and Get What You Want Out of Life* (9780132383837), by Liz Pulliam Weston. Available in print and digital formats. De-stressing money: how to get beyond the myths, misconceptions, and magical thinking that keep you from moving ahead. Sometimes, our money problems aren't just in our wallets. They're also in our heads. Confronting our misconceptions and replacing them with more accurate perceptions can go a long way toward defusing money anxieties. I'm not talking about magical thinking. I'm talking about positive, realistic thinking, which is the basis for all constructive change.

[Life of Miracles: Mystical Keys to Ascension \(3rd Edition\), Almine](#) , 2008, 1934070254, 9781934070253. Almine's developing spiritual awareness and abilities from her childhood in South Africa until she emerged as a powerful mystic, to devote her gifts in support of all humanity is traced. Deeply inspiring and unique in its comparison of man's relationship as the microcosm of the macrocosm. A detailed guide to living a joyous and balanced life and provides a carefully charted guide to achieving the magnificent destiny that awaits at the apex of human experience: Ascension. Includes a bonus Belvaspata section.

[To the Stars: Kansas Poets of the Ad Astra Poetry Project, Denise Low](#) , 2009, 0980010276, 9780980010275. Denise Low, 2nd poet laureate of Kansas, revives the British tradition of one-page publications, called "broadsides," as a way to present poetry. Her web-based broadsides include over forty poets with Kansas connections: Gordon Parks, William Stafford, James Tate, B.F. Fairchild, Diane Glancy, Albert Goldbarth, Jo McDougall, and Kevin Young to name a few. This book collects her Ad Astra Poetry Project broadsides in print form. Each entry presents a biography, poem, and commentary about the poem in concise form, easily accessible for readers. The 3rd Kansas poet laureate, Caryn Mirriam-Goldberg, adds discussion questions for those who wish to use this book for classes or other groups. Clear discussion of the poems, free of jargon, makes this ideal for sharing with students and friends. Low selects poems that comment, in some way, on Kansas experience. These Kansas poetry publications-available to arts organizations, schools, libraries, and

newspapers throughout the state-have attracted a national following.

[Monster lies: a woman's guide to controlling her destiny, Sally Franz, Jennifer Webb](#) , 2002, 0967959160, 9780967959160. [Intelligent Communication Systems: Toward Constructing Human Friendly Communication Environment, Nobuyoshi Terashima](#) , 2001, 0080518869, 9780080518862. This book offers a thorough review of research on intelligent communication systems, focusing on the applications of artificial intelligence to telecommunications that help realize user-friendly interfaces. Intelligent Communication Systems presents the direct result of more than a decade of the author's experiences, research activity, and education in applying artificial intelligence to telecommunications technology. In this book, several fundamental research areas are covered. Some of the areas covered are human-friendly interfaces for telecommunication services with such concepts as Telesensation and HyperReality, computer vision, and the telecommunication description method based on state space. In artificial intelligence research state space is the set of all attainable states of a problem and the possible alternative courses of action to determine the best solution to the problem.

[Dupain's Australians, Max Dupain, Frank Moorhouse, Jill White](#) , 2003, 0947322264, 9780947322267. The third book in a series on the work of Australia's master photographer, Max Dupain. With an introduction by Frank Moorhouse, this title features a superb selection of Dupain's photographs of people: his family, fellow officers in WWII, portraits, nudes and Australians in their working environment.

[Llamas & Alpacas: Small-Scale Camelid Herding for Pleasure and Profit, Sue Weaver](#) , 2009, 193395857X, 9781933958576. [Transformations: Your Inner Guide to Self-Exploration, Mark William Pezzelato](#) , 2011, 1462033180, 9781462033188.

"We are not human beings having a spiritual experience. We are spiritual beings having a human experience." -Teilhard de Chardin Transforming who you are begins by exploring your inner being. "Transformations: Your Inner Guide To Self-Exploration" leads the reader to an understanding of universal concepts and teachings. Each day with this book brings a new topic, inspirational quote, and reflection, providing basis for transforming one's life. Awaken your life purpose, eliminate existing cravings and aversions, and be guided to the happy, prosperous, and fulfilling life you deserve."Transformations" traces the six phases of personal growth necessary to achieve a greater sense of self-worth, reduced stress levels, appreciation, acceptance, and an expansion of conscious awareness. Over the course of a year, Transformations is an effective day-by-day guide through the fundamental disciplines of thought, insights from ancient Chinese philosophy, feelings and choices, chakras and senses, and the wisdom of nature. By exploring your inner being and transforming to a more purposeful life, new possibilities of limitless potential will be opened to you. Now is the time to find your inner peace, fulfillment, and joy.

[Lado English Series, Level 2, , Robert Lado](#) , 1990, 0135224004, 9780135224007. This six-level series is designed to help students understand, speak, read, and write English and to use these skills for meaningful communication and interaction.-- A wide variety of techniques and activities offer a balanced approach to teaching and learning.-- More controlled exercises focus the students' attention on learning grammatical rules, while freer open-ended activities offer ways of improving language skills.

[The Supply Chain Handbook, James A. Tompkins, Dale A. Harmelink](#) , 2004, 1930426038, 9781930426030. The Supply Chain Handbook brings together a team of 23 experts from management, engineering, technology, consulting, and academic backgrounds. These experts share proven operations methodologies, evaluate technologies and offer practical how-to instruction on topics impacting today's supply chains. Each topic is explored in-depth to provide readers with greater understanding and the ability to put the ideas presented into action. Innovative concepts and state-of-the-art technologies such as leaning the supply chain, logistics outsourcing, RFID, and supply chain execution software are explored in-depth helping you evaluate these solutions for your supply chain. The Supply Chain Handbook also covers fundamental topics such as warehousing operations, space layout and planning, distribution network planning and design, transportation, manufacturing strategies, material handling systems and integration, inventory management and more.

[The Life and Ministry of William J. Seymour: And a History of the Azusa Street Revival, Larry E. Martin, Larry Jay Martin](#) , 1999, 0964628945, 9780964628946. The Life and Ministry of William J. Seymour is the first fully researched, major biography of the pastor of the Apostolic Faith Mission at 312 Azusa Street in Los Angeles, CA. Beginning in 1906, Seymour hosted a revival that spread the Pentecostal message around the world. In 1999 religious newswriters voted the

Azusa Street revival as one of the ten most important religious events of the millennium. Seymour has been called the most influential black religious leader in American history. Born in 1870 in Centerville, Louisiana, Seymour's parents were both former slaves. His father was a union soldier in the Civil War. Seymour was reared in the poverty and oppression of the reconstruction south. Seymour left the south and lived in Missouri, Indiana, Illinois and Ohio, usually working as a hotel waiter. He was baptized as a Roman Catholic, converted in a Methodist Church, and then joined the Church of God Reformation movement. In 1905, he encountered Charles F. Parham in Houston, Texas and embraced the Pentecostal doctrine. Arriving in Los Angeles in February 1906, Seymour was locked out of the church that had called him to the city to preach. In April, a Pentecostal outpouring led to the establishment of the mission on Azusa Street. Seymour spent his later years at the church in Los Angeles and traveling to spread the message. He died in 1922. This work looks at every area of Seymour's life and gives considerable attention to the revival that made him famous. The book has over 100 illustrations, including never before published photos of the mission. - Publisher.

[Te Pukaki: He Pukapuka Mahi,](#) , 1996, . Te la Reo (The Current of Language) is a lively new course for learning and teaching Maori. It is the first Maori language course to be developed using a full range of modern approaches to language teaching. There are five levels and each level consists of three basic resources - a student textbook, a student workbook and a teachers guide. Supplementary resources include audiotapes, photocopy masters, readers and videotapes. Te la Reo is written primarily for secondary school students, but it can be used equally well in senior primary school classes, in tertiary institutions and with adult students. The second level Te Pukaki (The Stream) assumes that the student is confident with the language and structures of the first level Te Matapuna. It is built on a gradual step by step approach to learning the language.

[In the Blink of an Eye: The FBI Investigation of TWA Flight 800, Pat Milton](#) , 1999, 0375500863, 9780375500862. Like the sinking of the Titanic, the crash of TWA Flight 800 just off Long Island, New York, in the early evening of July 17, 1996, captured the world's imagination. Associated Press reporter Pat Milton has covered the story from day one and was granted unprecedented access to the FBI investigation--the largest and most complex in the agency's history. Initially suspecting that a crime had been committed, James Kallstrom, the head of the FBI's New York office, led the two-year investigation from the start. In the Blink of an Eye offers a rare look at the efforts of several government agencies--which often had different missions--to find the truth about the most mysterious and disturbing disaster in aviation history. Commercial jets don't just fall out of the sky. So what happened? Was TWA's Flight 800 the first plane to be downed by

enemy action within the United States? On the night of the crash, President Clinton told his national security advisors to ready a plan to retaliate if the destruction of Flight 800 proved to be a state-sponsored terrorist attack. If a bomb or missile had caused the disaster, Kallstrom was determined to find the perpetrators before they struck again. If it wasn't either of these, he was no less determined to preclude the sort of conspiracy theorizing that followed the Warren Commission report on the assassination of JFK. As Kallstrom and his agents tried to piece together the sequence of events that preceded the explosion of Flight 800's center fuel tank, the victims' families also had to come to terms with the tragedy. Their anguish was as much on Kallstrom's mind as the details of the mystery itself. In this vivid account, Pat Milntakes us inside the homes and lives of the victims' families as well as inside the investigation, and as close to the real cause of the crash as we'll ever come.

[Social Change, Steven Vago](#) , 1996, 0131865609, 9780131865600. This book is about the age-old concern with social change, which is one of the most important, challenging, and exciting topics in sociology. It is concerned with the questions of how society changes, in what direction, and by what forces this change occurs. Using exciting real-life case examples, this book draws attention to the characteristics, processes, and perspectives of social change in the United States and cross-culturally. It covers theories, patterns, spheres, duration, reactions, the impact, the costs, the strategies, and the assessment of social change. Because of its current and timely material, this is an excellent reader for social workers, counselors, and sociologists.

[The Story of Ourselves: Teaching History Through Children's Literature, Michael O. Tunnell, Richard Ammon](#) , 1993, 0435087258, 9780435087258. Students across the country have tagged history as their number one most-disliked subject in school. In "The Story of Ourselves," the contributors focus on the need for a stimulating history curriculum

with the application of children's trade book literature as an indispensable ingredient for such a curriculum. The book is a collection of writings by trade book authors and public school and college-level educators, designed to offer support and instruction for teachers who decide to use children's literature in their history/social studies programs. Included here are such well-known authors as Russell Freedman, Pam Conrad, Milton Meltzer, Joan Blos, and Leonard Everett Fisher.

[Instructions to the Cook: A Zen Master's Lessons in Living a Life That Matters, Bernard Glassman, Rick Fields](#) , 2010, 0307532607, 9780307532602. Instructions To The Cook is a distillation of Zen wisdom that can be used equally well as a manual on business or spiritual practice, cooking or life. The hardcover edition was featured in every major Buddhist magazine. "Be nourished and inspired! Magnificent work!"--Jon Kabat-Zinn.From the Trade Paperback edition.

[Netter's Obstetrics and Gynecology, Roger Perry Smith](#) , 2008, 1416056823, 9781416056829. Gain easy visual access to the common conditions and problems most often encountered in obstetrics and gynecology practice! This resource pairs more than 250 exquisite Netter images with concise descriptions of the most current medical thinking on common diseases/conditions, diagnostics, treatments, and protocols for a single easy-to-use quick reference. New and expanded coverage including a new section on gynaecological and obstetric procedures, overviews of preventative women's health, healthy pregnancy, and counseling place need-to-know guidance at your fingertips for regular office visits, while short reference lists cite graded evidence-based studies for more in-depth research. The result is a superb source for fast clinical reference as well as patient and staff education.Features concise text with standardized headings for quick access to expert medical thinking.Presents more than 250 exquisite Netter and Netter-style illustrations that provide a quick and memorable overview of each disease.Presents topics of importance to obstetrics and gynecology practice, including common procedures, health maintenance schedules, healthy pregnancy check-ups, contraception, counseling, and other preventive care.Includes an evidence-based reference list in each chapter, enabling you to research further into clinical studies with varying levels of evidence.Includes coverage of pathophysiology, when important, for clinical management.

[Scared Stiff.](#) , 2007, 0979311063, 9780979311062. A eclectic mix of inspired stories from best-selling authors William Maltese, Josh Lanyon, Sarah Black and Laura Baumbach. SCARED STIFF offers four very different tales of m/m ghostly doings that'll have readers panting (in more ways than one) under the covers. Maltese offers excitement and steamy pleasure in his Rendering Souls while Lanyon adds adventurous ghost hunters in his A Ghost of a Chance. Black gives you horrors from the past in Wild Onions, and Baumbach rounds out the volume with a hot tale of second chances in Soul Desire.

[The Journey of Crazy Horse: A Lakota History, Joseph M. Marshall, III](#) , 2005, 0143036211, 9780143036210. Drawing on vivid oral histories, Joseph M. Marshall's intimate biography introduces a never-before-seen portrait of Crazy Horse and his Lakota community Most of the world remembers Crazy Horse as a peerless warrior who brought the U.S. Army to its knees at the Battle of Little Bighorn. But to his fellow Lakota Indians, he was a dutiful son and humble fighting man

who--with valor, spirit, respect, and unparalleled leadership--fought for his people's land, livelihood, and honor. In this fascinating biography, Joseph M. Marshall, himself a Lakota Indian, creates a vibrant portrait of the man, his times, and his legacy. Thanks to firsthand research and his culture's rich oral tradition (rarely shared outside the Native American community), Marshall reveals many aspects of Crazy Horse's life, including details of the powerful vision that convinced him of his duty to help preserve the Lakota homeland--a vision that changed the course of Crazy Horse's life and spurred him confidently into battle time and time again. *The Journey of Crazy Horse* is the true story of how one man's fight for his people's survival roused his true genius as a strategist, commander, and trusted leader. And it is an unforgettable portrayal of a revered human being and a profound celebration of a culture, a community, and an enduring way of life.
