[The History of Western Ethics, Brian Duignan](#) , 2011, 1615303014, 9781615303014. Ethics is the business of moral philosophy by which humans try to determine what behaviors are right and wrong; good and bad; noble and ignoble. Each person strives for rectitude as they understand it, while working within the accepted values of a larger group dynamic. The moral view of the larger group is developed and refined within a state of flux, and new circumstances are constantly arising that defy individual consciences and compel each individual to reexamine how he or she applies ethical principles in everyday life. This absorbing volume looks at the development of the three major fields of Western ethics over time, while providing insightful cross-cultural comparisons between ancient moral philosophies of societies across the globe.

[The Substantive Law of the EU: The Four Freedoms, Catherine Barnard](#) , 2010, 0199562245, 9780199562244. The Substantive Law of the EU by Catherine Barnard is the perfect resource for anyone wishing to gain a thorough grasp of the four freedoms in EU law. An introductory chapter outlines the background to EU law in this area: the role of free trade theory, the evolution and expansion of the internal market and the fundamental principles underpinning this process. The following sections then provide a detailed examination of the four freedoms - goods, persons, services, and capital - which make up the core of EU law. The fully revised and updated third edition addresses the significant recent developments in EU legislation including expanded coverage of the free movement of services and more detailed consideration of the derogations and limitations to the four freedoms. Regular case studies help to unlock the subtleties of EU law in operation and frequent diagrams and flow charts clarify the more complex areas of substantive law. Online Resource Centre The book is accompanied by an Online Resource Centre providing: * An additional chapter on Intellectual property and the free movement of goods - useful for anyone needing to study this topic * An interactive map of Europe with hot-spots on all EU Member States providing factual information on each country * A timeline of the EU tracing key dates in EU legal history * Electronic copies of the figures from the book are available to lecturers for re-use in lectures and as handouts * A treaty navigation resource enabling the user to look first hand at the key primary sources of law and trace its development and evolution * Video clips from the EU archive demonstrate the important historical context to EU law helping students to appreciate the wider aspects of the EU's development * Web links to useful sources of information provide the ideal platform to online research

[The Slow Constellations Wheeled On, David Wayne Hampton](#) , 2012, 0982997329, 9780982997321. Randall is an ambitious boy trying to survive in a college town. He is also secretly a teenage runaway. His parents' failing marriage and a growing impatience to escape his small town prompts him to start a new life for himself. Precariously playing the part of a 21-year-old, while balancing school and his job in pizza delivery, is a bigger challenge than he thought, especially with the temptations of college life at every turn. He wants to make it on his own, yet battles the despair and loneliness

of living a lie that both repels him from and pulls him back to his troubles at home. His grandfather is an inspiration and voice of reason, but thoughts of his mother wrack his dreams and his conscience with guilt. It is the hardships he continually faces that may prove to be too much, though, ultimately challenging his beliefs in his own salvation, battering him emotionally and spiritually, bringing him to the edge of the abyss.

[Ramona, Helen Hunt Jackson](#) , 2004, 1596257199, 9781596257191. Set in Southern California shortly after the Mexican-American War, Helen Hunt Jackson's "Ramona" is the fictional story of its title character, a part Scottish and part Indian orphan girl who endures great discrimination while growing up in the late 1800s. Immensely popular when first published in 1884, "Ramona" is a timeless story of the discrimination that people of different cultures have endured throughout history exemplified by the conflict of cultures between Mexican, American, and Indian cultures that occurred in Southern California at the end of the 19th century.

[Crossed, Ally Condie](#) , 2011, 0141969989, 9780141969985. Rules are different outside the Society. Chasing down an uncertain future, Cassia makes her way to the Outer Provinces in pursuit of Ky-taken by the Society to his certain death-only to find that he has escaped into the majestic, but treacherous, canyons. On this wild frontier are glimmers of a different life and the enthralling promise of rebellion. But even as Cassia sacrifices everything to reunite with Ky, ingenious surprises from Xander may change the game once again. Narrated from both Cassia's and Ky's points of view, this hotly anticipated sequel to Matched will take them both to the edge of Society, where nothing is as expected and crosses and double crosses make their path more twisted than ever... Incredible sequel to acclaimed international bestseller, Matched

[If the Buddha Married: Creating Enduring Relationships on a Spiritual Path, Charlotte Davis Kasl](#) , 2001, 0140196226, 9780140196221. If the Buddha Married is filled with the same highly practical, spiritually sound guidance that so clearly touched a chord with readers of If the Buddha Dated. Charlotte Kasl, Ph.D., is renowned for her ability to speak with depth, wisdom, and humor on important matters of the heart. In this new book, Kasl inspires us to create fulfilling and vibrant relationships through a commitment to awareness and truth. Combining key teachings of Buddhism with elements of psychology, If the Buddha Married becomes a wise and trusted guide through the joys and thickets of relationships that last and grow.

[Degree of Guilt, Richard North Patterson](#) , 2010, 142995566X, 9781429955669. TV journalist Mary Carelli admits that she shot and killed Mark Ransom, one of the worlds most famous authors. She claims it was self-defense. She swears he tried to rape her. Now she has to prove it in a court of law with her former lover acting as her attorney Christopher Paget is one of the top lawyers in the country. But defending the mother of his son in the trial of the decade, he begins to have doubts. Is Mary telling the truth? Did she invent her story about the rape? What is she hiding? With each shocking revelation, Paget is forced to question his defense, his ethics, and the whole legal system. Because no one, not even the

judge, is completely innocent. And guilt is a matter of degree

[Trade Shocks in Developing Countries Volume 1. ' Africa ', Paul Collier, Jan Willem Gunning](#) , 1999, 0198293380, 9780198293385. Developing countries frequently experience trade shocks and the policy implications of this have been debated for decades. This book is the first volume of a comparative study covering 23 countries, using a common methodology to estimate the effects of shocks. The conventional wisdom has been that private agents, in particular peasant farmers, could not be trusted to use windfalls wisely. This was, and continues to be, the main rationale for stabilizing taxation of export crops. The convention was also that windfalls accruing to the public sector were a bane, since governments had low savings rates. The evidence in this study supports neither generalization. Trade shocks typically lead to high savings rates, irrespective of whether they accrue to private producers or to the government. However, the case studies find substantial policy errors so that windfalls are often not translated efficiently into permanent income increases and indeed often lead to a reduction in output. The studies argue for a drastic revision of the case for government action in response to trade shocks. This first volume deals with Africa.

[Plain Talk about Salvation: God's Plan and Man's Response to the Good Life Now, and Hereafter, Marvin L. Smith](#) , 1990, 0962511501, 9780962511509. PLAIN TALK ABOUT SALVATION is written as a person to person dialog between on seeking salvation & a trusted Minister of the Gospel. This work is presented as a guideline to help those who are seeking salvation, but, also to help Christians confirm what God has already done for them. Because this book is not lengthy, it "cuts through" heavy theological jargon to quickly inform the reader what part God the Father, God the Son, & God the Holy Spirit play in making salvation available to all mankind. Special information in Chapter III deals with the "State of Accountability," & chapter IX teaches the new Christian "How to Fit into the Body of Christ" in order to produce service for Christ, & to find spiritual fulfillment for himself as a Christian. Dr. Major L. Jemison who is Co-pastor of St. John Missionary Baptist Church in Oklahoma City, Okla. states: "Reverend Smith has written this volume in wholesome, simple & palatable language so that every layperson will be able to read, digest, & utilize this material. Every Christian Education program should include this information as a vital component in the orientation of new members & the training of present members."

[The Dividing Paths: Cherokees and South Carolinians Through the Revolutionary Era, Tom Hatley](#) , 1995, 019509638X, 9780195096385. Focusing on the American Cherokee people and the South Carolina settlers, this book traces the two cultures and their interactions from 1680, when Charleston was established as the main town in the region, until 1785, when the Cherokees first signed a treaty with the United States. Hatley retrieves the unfamiliar dimensions of a world in which Native Americans were at the center of Southern geopolitics and in which radically different social assumptions about the obligations of power, the place of women, and the use of the land fed the formative cultural psychology of the colonial South. Weaving together firsthand accounts, journals, and letters to give a human reality to the facts of war, politics, and the economy, he pinpoints the revolutionary decade--from the little known but decisive Cherokee war through the Revolution itself--in which both societies struggled over their own identities. Rather than focusing on the Cherokees and Carolinians separately, this book focuses on contacts, encounters, exchanges, intersections: their mutual history. Hatley argues that Cherokee and colonial histories cannot be understood separately--that they are inextricably linked--and that the origins of distinctive features of Native American and colonial ethnicity and seemingly unrelated twists in the political history of each society are rooted in this encounter.

[Distributed Renewable Energies for Off-grid Communities: Strategies and Technologies Toward Achieving Sustainability in Energy Generation and Supply, Nasir El Bassam, Preben Maegaard](#) , 2013, 0123971780, 9780123971784. Energy is directly related to the most critical economic and social issues which affect sustainable development such as mobility, food production, environmental quality, regional and global security issues. Two-thirds of the new demand will come from developing nations, with China accounting for 30%. Without adequate attention to the critical importance of energy to all these aspects, the global, social, economic and environmental goals of sustainability cannot be achieved. Indeed the magnitude of change needed is immense, fundamental and directly related to the energy produced and consumed nationally and internationally. Today, it is estimated that more than two billion people worldwide lack access to modern energy resources. Distributed Renewable Energies for Off-Grid Communities provides various options and case studies

related to the potential of renewable energies along with their environmental, economic and social dimensions. Case studies provide you with solutions to for future decentralized energy supply Expanded coverage over previous work in the field to include coverage of rural and urban communities Provides new solutions for future decentralized energy supply

[Mythology: The DC Comics Art of Alex Ross, Alex Ross, Chip Kidd](#) , 2005, . THE EISNER AWARDWINNING, NATIONALLY BEST--SELLING MYTHOLOGY IS HERE IN AN EXPANDED LIMITED HARDCOVER EDITION WITH 32 NEW PAGES. Mythology returns, in a newly expanded edition of the book Entertainment Weekly awarded a grade of A, saying: Alex Ross brings to his work an unparalleled sense of the real. His heroes both super and mortal have weight; they exist in space, and that space is affected by them in ways never before seen on the page. And so here they are, the incomparable cast of the DC Comics universe: Superman, Batman, Wonder Woman, the Flash, Aquaman, the Green Lantern, and the rest of the Justice League as you've never seen them before. Mythology brings together the best loved comic characters in the world, brought to life by Alex Ross, one of the most astonishing young artists working in the medium today. The award-winning designer/writer Chip Kidd and photographer Geoff Spear have teamed up to create a book like no other, with an introduction by M. Night Shyamalan, the acclaimed director of The Village and The Sixth Sense. Ross has often been called the Norman Rockwell of comics, and this book reveals not only his lifelong love of

these classic superheroes but also his vision: Mythology takes you into the studio for a behind-the-scenes look at his fascinating creative process. The combination of Rosss dynamic art and Kidds kinetic design makes images from his most memorable stories including Kingdom Come, Superman: Peace on Earth, Batman: War on Crime, and Uncle Sams soar off the more than 300 pages. The new material centers on Rosss startling new comic book series, Justice, including sketches, preliminary art, prototype figures, and more. Mythology is a book in which every page explodes with the power of the icons it celebrates.

[The discursive mind, Rom Harr, Grant Gillett](#) , 1994, 0803955014, 9780803955011. "I was delighted that the shortcomings of a causal approach to psychology were so eloquently argued. The authors are adamant that psychological properties (thoughts, feelings, beliefs) are not straightforwardly causal and, although language is socially acquired, our personal applications of meanings are not socially determined." --Self and Society "This fascinating book is an attempt to articulate the principal doctrines of a 'new paradigm' for psychological inquiry, a paradigm focusing on discourse and discourse analysis. . . . [Chapter] titles can only hint at the novelty of the approach and the richness and depth of the discussions. . . . Upper-division undergraduate through faculty." --Choice "Harr has launched a fertile field of inquiry, one that will receive substantial attention and acclaim from scholars of several disciplines over the next few years." --Clyde Hendrick, Dean, Texas Tech University "This is a bold effort. It aims at no less than a new paradigm for human psychology (a 'second cognitive revolution'). For a work so ambitious, The Discursive Mind is written in a style that is both clear and succinct. Rom Harr and Grant Gillett have a remarkable ability to get to the heart of an issue with a minimum of distraction." --James R. Averill, University of Massachusetts at Amherst "This book provides the best introduction to 'New Paradigm' psychology. The authors present a masterful outline of the philosophical roots and scientific applications of the emerging field of discursive psychology." --Kurt Danziger, York University "I am impressed with the book's unusual sweep, erudition, and breadth of scope tying as it does strands from diverse philosophical traditions to the history of contemporary psychology across a wide range of topics. It represents a useful statement of the discursive position and its implications for different psychological issues." --Arie W. Kruglanski, University of Maryland

The Discursive Mind presents an exhilarating tour of the key philosophical revolutions that are shaping contemporary psychology. Harr and Gillett herald a new paradigm in psychology, dissolving the Cartesian distinction between mind and body in favor of the discursive turn in psychological theory. This grand, interdisciplinary overview places its emphasis on discourse: the discursive origins of the self, the problem of agency, and a thoroughly social understanding of personality. In the process, the authors elevate the emotions to a far more significant place in our understanding of mind, action, and being. The Discursive Mind is an elegant and lucidly argued book, whose theoretical breadth is matched by its treatment of a remarkable range of subjects including consciousness, the brain, perception, thought, personality, and the emotions. Scholars, professionals, and students in psychology, communication, and sociology will find this volume provocative, insightful, delightful to read, and intellectually challenging.

[Mastery of Your Anxiety and Panic \(MAP-3\): Combination Kit for MAP-3 and Agoraphobia: Includes Client Workbook \(Agoraphobia\) and Monitoring Forms \(Agoraphobia\), Client Workbook \(MAP-III\) and Monitoring Forms \(MAP-III\), and a Pad of 50 Panic Attack Record Forms.](#) , 2000, 0195187067, 9780195187069. Map-III is a systematic cognitive-behavioral program, which uses behavioral self-monitoring to increase awareness of circumstances that trigger panic symptoms. Clients learn specific intervention skills, including how to slow down physiological reactivity through breathing retraining and muscle relaxing training; how to de-catastrophise through actual prediction testing; and how to lessen fearfulness through exposure to feared sensations in safe settings. The Mastery of Your Anxiety and Panic - Third Edition (MAP-III) program updates, extends, and improves on the previous program in numerous ways. The material is presented in such a way that the client can understand the appropriate information in a clear and understandable manner. This edition also contains new and better-informed rationales guided not only by new scientific developments but also by the extensive experience of practitioners who have used the MAP treatment program with thousands of clients around the world. In addition, all of the monitoring forms assigned to clients have been substantially redesigned to provide greater ease of use and more relevant information. Finally, the MAP-3 client workbooks have been completely rewritten at a more accessible reading level to make the material easier for all clients to understand. This Combination Kit for MAP-III and Agoraphobia includes Client Workbook (Agoraphobia) and Monitoring Forms (Agoraphobia), Client Workbook (MAP-III) and Monitoring Forms (MAP-III), and a pad of 50 Panic Attack Record forms.

[White Men's Magic: Scripturalization as Slavery, Vincent L. Wimbush](#) , 2012, 0199873577, 9780199873579. The Interesting Narrative of the Life of Olaudah Equiano, or Gustavus Vassa, the African, first published in England in 1789, was one of the earliest and remains to this day one of the best-known English language slave narratives. Characterizing Olaudah Equiano's eighteenth-century narrative of his life as a type of "scriptural story" that connects the Bible with identity formation, Vincent L. Wimbush's *White Men's Magic* probes not only how the Bible and its reading played a crucial role in the first colonial contacts between black and white persons in the North Atlantic but also the process and meaning of what he terms "scripturalization." By this term, Wimbush means "a social-psychological-political discursive structure" or "semiosphere" that creates a reality and organizes a society in terms of relations and communications. This scripturalization, achieved by the British to establish a colonial and racialized society in and through the promotion of literacy and the Bible as a "fetishized center-object," was also performed by an abject outsider or stranger like Equiano through his reading of the Bible as well as his own writing with the goal of imagining and promoting a more inclusive society. It is for this reason that Wimbush calls Equiano's narrative a "scriptural story," and he argues that this is why the talking book trope appears repeatedly in writings of eighteenth- and early nineteenth-century black Atlantic writers. He identifies three different types of scripturalization: (1) scripturalization as social-cultural matrix and comparative magic; (2) scripturalization in the service of nationalization and for the purpose of naturalization; and (3) scripturalization in negotiation and for resistance. Because it is based on the particularities of Equiano's narrative, Wimbush's theoretical work is not only grounded but inductive. Wimbush shows that scripturalization is bigger than either the historical or the literary Equiano. Scripturalization was not invented by Equiano, he says, but it is not quite the same after Equiano.

[Draining the Sea, Micheline Aharonian Marcom](#) , 2008, 1594489734, 9781594489730. A striking literary exploration of the effects of political violence as it reverberates through the Armenian Genocide of 1915, the Guatemalan civil conflict of the 1980s, and present-day Los Angeles—from award-winning novelist Micheline Aharonian Marcom. *Draining the Sea* is the most ambitious and provocative book to date from acclaimed author Micheline Aharonian Marcom. The story unfolds inside the mind of a man who spends his nights driving the streets of Los Angeles, racked by memories and visions of the Guatemalan civil war, and, in particular, of a beautiful young Mayan woman who died violently in it. He was in love with

her, but, it seems, may have played a role in her death. He also is very aware of the United States' complicity in the horrors of that conflict, further twisting his anguish. And in his mind, her fate resonates back to his own childhood as the grandson of survivors of the Armenian Genocide. Micheline Aharonian Marcom, herself descended from Armenian Genocide survivors, has always been haunted by the long-term effects of atrocity. In *Three Apples Fell from Heaven*, she told the tale of the forcible deportation and massacre of Armenians with unsparing directness. In *The Daydreaming Boy*, she imagined a man living in Beirut who is forced to face the emotional aftermath of his brutal boyhood as an orphan of the genocide. Now, in this darkly lyrical novel, Marcom offers a powerful testament about the far-reaching impact of political violence and lost love.

[Sacred Hoops: Spiritual Lessons of a Hardwood Warrior, Phil Jackson, Hugh Delehanty](#) , 2006, 1401308813, 9781401308810. With a new introduction, Phil Jackson's modern classic of motivation, teamwork, and Zen insight is updated for a whole new readership "Not only is there more to life than basketball, there's a lot more to basketball than basketball." --Phil Jackson Eleven years ago, when Phil Jackson first wrote these words in *Sacred Hoops*, he was the triumphant head coach of the Chicago Bulls, known for his Zen approach to the game. He hadn't yet moved to the Los Angeles Lakers, with whom he would bring his total to an astounding nine NBA titles. In his thought-provoking memoir, he revealed how he directs his players to act with a clear mind--not thinking, just doing; to respect the enemy and be aggressive without anger or violence; to live in the moment and stay calmly focused in the midst of chaos; to put the "me" in service of the "we"--all lessons applicable to any person's life, not just a professional basketball player's. This inspiring book went on to sell more than 400,000 copies. In his new introduction, Jackson explains how the concepts in *Sacred Hoops* are relevant to the issues facing his current team--and today's reader.

[The Further Adventures of a Lucky Dog: Owney, U.S. Rail Mail Mascot, Dirk Wales](#) , 2009, 0963245961, 9780963245960. Welcome to Owney's second book, a book that hopes to give his many fans a wider view of his life as the most traveled dog in America --- 143,000 miles in Rail Post Offices (RPO). What we don't know about Owney, is exactly where he went and who he met on each trip. The amazing part of his story is that Owney traveled to all these places alone. He rode on mail trains from city to city, and inside a city, on any mail wagon by himself. So, this means Owney had a life, friends and adventures that were not written down. Because he lived and traveled in a different time --- 1888 / 1896 ---he lived in a world that was different, more generous, and easier than the world we live in now. In a way, we can think of him as a dog who has come to tell us about this past world --- yet in this book, it's as if one of us were traveling along with him --- out of sight, watching this remarkable dog make friends and have adventures none of us could even dream of. Have fun as you travel along with Owney in his world.

[A Survival Guide for Landlocked Mermaids, Margot Datz](#) , 2008, 1582701601, 9781582701608. The landlocked mermaid is a symbol of the contemporary woman, trapped in a paradoxical dilemma of being part worldly and domesticated, part untamable and intuitive. In *A Survival Guide for Landlocked Mermaids*, artist Margot Datz sees the she-nymph within, struggling to emerge, and in a swirl of whimsical and witty wisdom, lovingly offers tips for today's world of dating, mating, and beyond. Margot's beautifully painted, contemporary mermaids are caught in the nets of their own comical dilemmas, circling the heart's fishbowl of romantic longings and in the murky depths of deep emotion. Whether it's the value of cultivating an inner water garden or coping with crow's feet and fish tails, Margot offers advice and an enchanting way of hydrating your weary mermaid soul. Coy, sweetly mischievous, and a pinch sagacious, this is a book that, like a good glass of wine, can be enjoyed multiple times, sipped on, or downed in one reading.

[Theodore Roosevelt, Lewis L. Gould](#) , 2012, 0199797013, 9780199797011. Sportsman. Naturalist. Warrior. President.

There are so many sides to Theodore Roosevelt that it is easy to overlook one of his most enduring contributions to American public life: the use of fame to fuel his political career. In this concisely written, enlightening book, presidential historian Lewis L. Gould goes beyond the "bully pulpit" stereotypes to reveal how Roosevelt used his celebrity to change American politics. Based on research gleaned from the personal papers of Roosevelt and his contemporaries, Theodore Roosevelt recaptures its subject's bold activism and irrepressible, larger-than-life personality. Beginning with his privileged childhood in New York City, the narrative traces his election to the New York Assembly, where he quickly rose through the ranks of the Republican Party. It is here that he first applied his shrewd ability to keep himself in the spotlight--a skill that served him well as commander of a volunteer regiment (dubbed "Roosevelt's Rough Riders") in the Spanish-American War. Gould shows how Roosevelt rode a wave of popular acclaim at the war's end, assuming the governorship of New York and serving as president from 1901 to 1909. While covering his major accomplishments as chief executive, including his successes as a trust-buster, labor mediator, and conservationist, Gould explains how fame both sustained and limited Roosevelt when he ran for president in 1912 and opposed Woodrow Wilson's policies during World War I. Theodore Roosevelt delivers the most insightful look yet at a pioneer of political theater--a man whose vigorous idealism as a champion of democracy serves as a counterpoint to the cynicism of today's political landscape. The book will coincide with the 100th anniversary of Roosevelt's third party run for the Progressive or Bull Moose Party.

[Bill Brandt: Shadow & Light, Sarah Hermanson Meister](#) , 2013, 0870708457, 9780870708459. Bill Brandt was the preeminent British photographer of the twentieth century, a founding father of photography's modernist tradition whose half-century-long career defies neat categorization. This publication presents the photographer's entire oeuvre, with special emphasis on his investigation of English life in the 1930s and his innovative late nudes. The Museum of Modern Art has been exhibiting and collecting Brandt's photographs since the late 1940s, and has recently more than doubled its collection of vintage prints of his work, which forms the core of this selection. An essay by Sarah Hermanson Meister, Curator in the Department of Photography at MoMA, sets the artist's life and work in the context of twentieth-century photographic history. With rich duotone illustrations that highlight the special characteristics of Brandt's prints, this volume is an invaluable resource to students and scholars alike. Lee Ann Daffner, the Museum's Andrew W. Mellon Foundation Conservator of Photographs, contributes an illustrated glossary of Brandt's retouching techniques, enhancing the appreciation of Brandt's printing processes. The book also includes a generously illustrated appendix of Brandt's published photo-stories during the Second World War. Bill Brandt (1904-1983) moved to London from Germany in 1934 and quickly began his investigation of British society, resulting in what would become his signature publications: *The English at Home* (1936) and *A Night in London* (1938). He continued to photograph in London throughout World War II, contributing regularly to *Picture Post* and *Harper's Bazaar*. His postwar career expanded to include portraits and landscapes, and the celebrated series of nudes that remain his crowning achievement. His other major books include *Camera in London* (1948), *Literary Britain* (1951) and *Perspective of Nudes* (1961). Brandt died in London in 1983.

So he put on his hat, and his shoes made in France... and opened a jar and put ants in his pants! So begins this monstrously funny, deliciously disgusting, horrifyingly hilarious story of a monster who follows his dream. Keith Graves' wacky illustrations and laugh-out-loud text will tickle the funny bone and leave readers clamoring for an encore.

[A Handful of Dust, Evelyn Waugh](#) , 2008, 0141037237, 9780141037233. Evelyn Waugh's A Handful of Dust is a satirical depiction of the 'sterile' generation between the wars. It tells the story of bored Lady Brenda Last, who abandons her husband's Gothic pile to conduct an affair with shallow socialite John Beaver of the Belgravia set. A Handful of Dust

remains one of the finest tragedies and comedies of ill manners.

[Molecular Biomineralization: Aquatic Organisms Forming Extraordinary Materials, W.E.G. Miller](#) , 2011, 3642212301, 9783642212307. The concept of biomineralization signifies mineralization processes that take place in close association with organic molecules or matrices. The awareness that mineral formation can be guided by organic molecules notably contributed to the understanding of the formation of the inorganic skeletons of living organisms. Modern electron microscopic and spectroscopic analyses have successfully demonstrated the participation of biological systems in several mineralization processes, and prominent examples include the formation of bio-silica in diatoms and sponges. This insight has already made the application of recombinant technology for the production of valuable inorganic polymers, such as bio-silica, possible. This polymer can be formed by silicatein under conditions that cannot be matched by chemical means. Similarly, the efforts described in this book have elucidated that certain organisms, bacteria in deep-sea polymetallic nodules and coccoliths in seamount crusts, are involved in the deposition of marine minerals. Strategies have already been developed to utilize such microorganisms for the biosynthesis and bioleaching of marine deposits. Moreover, studies reveal that bio-polymers enhance the hydroxyapatite formation of bone-forming cells and alter the expression of important regulators of bone resorption, suggesting a potential for bone regeneration and treatment / prevention of osteoporosis.

[Best New Poets 2009: 50 Poems from Emerging Writers, Kim Addonizio, Jeb Livingood](#) , 2009, 097662964X, 9780976629641. Entering its fourth year, Best New Poets has established itself as a crucial venue for rising poets and a valuable resource for poetry lovers. The only publication of its kind, this annual anthology is made up exclusively of work by writers who have not yet published a full-length book. The poems included in this eclectic sampling represent the best from the many that have been nominated by the countrys top literary magazines and writing programs, as well as some two thousand additional poems submitted through an open online competition. The work of the fifty writers represented here provides the best perspective available on the continuing vitality of poetry as its being practiced today. Distributed for the Samovar Press in cooperation with Meridian: The Semi-Annual from the University of Virginia

[Mayo Clinic Analgesic Pathway: Peripheral Nerve Blockade for Major Orthopedic Surgery, Robert L. Lennon, Terese T. Horlocker](#) , 2005, 0849395720, 9780849395727. Resolving to expedite the recovery process, this reference describes a comprehensive multimodal approach to intraoperative regional anesthesia and postoperative analgesia in patients undergoing major lower extremity orthopedic surgery-spanning the entire selection of regional anesthesia equipment,

strategies in pain management, and practical treatment guidelines for the management of inpatient and ambulatory peripheral nerve catheters. The authors' systematic approach to regional anesthesia and analgesia in patients undergoing total joint replacement has been recognized for its scientific and educational value by the American Academy of Orthopaedic Surgeons and the American Society of Anesthesiologists. This guide helps readers by: offering prudent, practical management guidelines for optimal medical care describing needle redirection cues for each block illustrating anatomical landmarks for selecting the needle insertion site supplying detailed medical illustrations of proper positioning for the patient and proceduralist.

[Stick Dog, Tom Watson](#) , 2013, 0062110799, 9780062110794. Introducing everyone's new best friend: Stick Dog! He'll make you laugh . . . he'll make you cry . . . but above all, he'll make you hungry. Follow Stick Dog as he goes on an epic quest for the perfect burger. With hilarious stick-figure drawings, this book has a unique perspective, as the author speaks directly to the reader throughout the story in an engaging and lively way. Supports the Common Core State Standards

[Horatio's One Wish, Joshua Kriesberg](#) , 2013, 0988696703, 9780988696709. It's Time for a Hedgehog Hero What if your best friend disappeared one day and didn't come back? You know his family is looking for him. You even have a sense he's calling you for help. Would you leave the only home you've known, venture out into a world where predators lurk all around, to try to rescue him? Horatio sets off to find his friend and begins an amazing adventure in this suspenseful, coming-of-age story. " Horatio's One Wish "takes you on a journey full of magic and mystery, of friendship and teamwork, of animal archers and strange beasts. Horatio is a beloved character in this humorous and heartwarming story that shows what true loyalty means. Horatio has lived alone for as long as he can remember. His only friend is a river otter named Rollic, who visits him nearly every day. But when Rollic goes missing, Horatio knows he must rescue him before it's too late. With the help of hamster twins, Whisklet and Whimser, Horatio sets off on the adventure of a lifetime. Along the way, Horatio meets Leala, a champion archer from the hedgehog village-a village Horatio never knew existed. Leala opens a door to a home Horatio has yearned for all his life. Will Horatio continue on and risk his life to rescue his friend or will he follow Leala back to his long-lost home?

[Adapting Health Communication to Cultural Needs: Optimizing Documents in South-African Health Communication on HIV and AIDS, Piet Swanepoel, Hans Hoeken](#) , 2008, 9027232474, 9789027232472. The question of what constitutes effective health communication has been addressed mainly by scholars working in American and European cultural contexts. Many people who could benefit most from effective health communication, however, come from different

cultures. A prime example is the threat posed by HIV/AIDS to the people of South Africa. Although it is generally acknowledged that health communication needs to be tailored to the target audience's characteristics with cultural background being one of the most salient ones, little research has been done on how to achieve this. In this book, we bring together leading scholars in the field of health communication as well as communication scholars from South Africa. As such, it can serve as an example of the promises and the limitations of general health communication theories to local praxis as well as provide guidelines for the development of better health communication in South Africa.

[Backwater, Joan Bauer](#) , 2005, 0142404349, 9780142404348. Ivy doesn't want to be a lawyer. Who cares?-well, her father, for starters, who expects his daughter to take up the Breedlove family profession with dedication and enthusiasm. What Ivy wants to be is a historian, a vocation that's getting quite a workout as she prepares a family history in honor of her beloved great-aunt Tib's eightieth birthday. As in Bauer's Rules of the Road, the central story is of a journey: Ivy hikes into the wilds of the Adirondacks to find her reclusive aunt Jo-and to find her own destiny as well. Persistent, mouthy, and good, Ivy is an admirable heroine who will be familiar to Bauer fans; older female friends (including Tib, Aunt Jo, and wilderness expert Mountain Mama) are equally attractive if given to message-laden dialogue. In fact, the book could have used less preaching and more story overall, but Ivy is such a darned fine gal that readers will be glad to make her acquaintance.

[The here and now: a novel, Robert Cohen](#) , 1996, . The Here and Now is the story of a chance encounter and the tumult that ensues when opposites (or apparent ones) turn into strange attractors. Samuel Karnish, a no-longer-quite-so-young editor at a Manhattan newsmagazine, has watched his career run aground, his marriage disintegrate, and his worldview shrink almost to the vanishing point. On the flight to his best friend Warren Pinsky's third wedding, he finds himself thrust into an awkward friendship with a young Hasidic couple from Brooklyn, a friendship that leads him on a strange and provocative odyssey and sends him reeling in the direction of what may be his truest self. As we are drawn in to the lives of this unlikely threesome, we see the moral confusions and crossed purposes that threaten believers and nonbelievers alike with estrangement from others and themselves.

[Mass Communication Theory An Introduction, Denis McQuail](#) , 1994, 0803977859, 9780803977853. The fully revised edition of this successful textbook has been comprehensively rewritten to take account of recent theory and research and to improve the accessibility of the text. The book provides a nontechnical introduction to the range of approaches to understanding mass communication. It offers an integrated treatment of the major components of mass communication - the sender, the message and the audience - and encompasses the various forms of mass communication in contemporary societies including television, radio, newspapers, film, music and new communication technologies. Throughout, Denis McQuail shows how theories of mass communication relate to the understanding of society as a whole.

[The Changing Legal Regulation of Cohabitation: From Fornicators to Family, 1600-2010, , Rebecca Probert](#) , 2012, 1107020840, 9781107020849. This book has three key aims: first, to show how the legal treatment of cohabiting couples has changed over the past four centuries, from punishment as fornicators in the seventeenth century to eventual acceptance as family in the late twentieth; second, to chart how the language used to refer to cohabitation has changed over time and how different terms influenced policy debates and public perceptions; and, third, to estimate the extent of cohabitation in earlier centuries. To achieve this it draws on hundreds of reported and unreported cases as well as legislation, policy papers and debates in Parliament; thousands of newspaper reports and magazine articles; and innovative cohort studies that provide new and more reliable evidence as to the incidence (or rather the rarity) of cohabitation in eighteenth- and nineteenth-century England. It concludes with a consideration of the relationship between legal regulation and social trends.

[A Scattered People, Gerald McFarland](#) , 2013, 0307828212, 9780307828217. The movement of millions of ordinary people westward across the American continent was one of the great folk migrations of all time, stretching over two centuries and thousands of hard-traveled miles. Using a canvas as broad as the country itself, Gerald McFarland turns this journey into a resonant personal experience by retelling the stories of five generations of a single, real family who are, in fact, his own pioneer ancestors. A Scattered People is a true-life saga that takes us from colonial settlements along the east coast to the California shore at the dawn of the twentieth century. Its cast is as rich as a historical novel: a born-again Christian farmer in eighteenth-century Connecticut; a Davy Crockettish rifleman in frontier Virginia; an infantryman at Antietam; a bold teen-age girl who forsakes Kansas for a New Mexico schoolhouse. They become our witnesses for the era's key events: the American Revolution, the Indian wars, the Gold Rush, Bleeding Kansas and Harpers Ferry, the Civil War, the Chicago Fire, booms and busts, political battles and technological upheavals. By fits and

starts, by foot and oxen, covered wagon and rail, the succeeding generations make their way west, and we watch a family tree and a nation develop and grow. What motivated men and women to take the risks of such moves, and what actually awaited them in each new home? By recreating in close focus that fundamental act of democratic aspiration pulling up stakes and moving west *A Scattered People* gives us an intimate and surprising new sense of the meaning of the American Dream.

[Ferdowsi, the Mongols and the History of Iran: Art, Literature and Culture from Early Islam to Qajar Persia, Robert Hillenbrand, A.C.S. Peacock, Furuza Abdullaeva](#) , 2013, 1780760159, 9781780760155. Iran's rich cultural heritage has been shaped over many centuries by its colorful and highly dramatic history. This impressive book, which assembles contributions by some of the world's most eminent historians, art historians and other scholars of the Iranian world, explores the history of the country through the prism of Persian literature, art and culture. The result is a seminal work which illuminates important, yet largely neglected, aspects of Medieval and Early Modern Iran and the Middle East. Its scope, from the era of the Shahnameh to the period of the Mongols, Timurids, Safavids, Zands and Qajars, examines the interaction between mythology, history, historiography, poetry, painting and craftwork in the long narrative of the Persianate experience. As such, the book will be essential reading and a reference point for students and scholars of Iranian history, Persian literature and the arts of the Islamic World.

[The Best Year of Your Life, Debbie Ford](#) , 2009, 0061738980, 9780061738982. No. 1 New York Times bestselling author Debbie Ford's *The Best Year of Your Life* is a call to action to stop pretending that the future will bring you the life of your dreams and to instead start living your dreams in this moment and for the rest of your life. Many of us spend our days thinking, talking and dreaming about what our lives could be like 'if only ...'. We make resolutions, we follow a new diet, we start exercise routines we begin working on our lifelong goals and then we give up, get too busy and forget about what's truly important to us. Another year passes by and our dreams remain out of reach. But what if today you discovered that the life you've always wanted is right in front of you, well within your grasp? Are you ready to live it? Debbie Ford not only answers these questions but offers a proven, practical blueprint for making today this moment the

beginning of the best year of your life.

[A world of difference: an inter-cultural study of Toni Morrison's novels, Wendy Harding, Jacky Martin](#) , 1994, 0313289808, 9780313289804. Throughout her novels, Toni Morrison explores the complex interaction of race, class, culture, and gender. This study takes into account both Western and Black traditions to show how Morrison not only denounces the constricting patterns of the dominant culture, but also, through the reversal or subversion of Western stereotypes, harnesses the rich potential for the significance they contain. While most recent studies of Morrison examine individual works separately, this book concentrates on particular dimensions of Morrison's fiction and explores the continuities and developments from her first to most recent novel. And while other studies generally approach Morrison from a particular critical perspective, this book instead considers the interaction of multiple determinants such as race and gender, and gives special attention to the pressure exerted by dominant cultural forms. The authors demonstrate

how in contradiction to the dominant culture's ideology of unity and homogeneity, Morrison makes a case for the value of difference in a diverse society.

[Musical Beginnings: Origins and Development of Musical Competence, Irne Delige, John A. Sloboda](#) , 1996, 0198523335, 9780198523338. From where, and by what mechanisms, does an individual's musical ability originate? This is a subject of major interest both to developmental and music psychologists, heightened by the recent research into prenatal perception of sound. This timely volume brings together authoritative reviewson central issues, beginning with prenatal auditory experience, through infancy and early childhood. The chapters chart the developmental progress with reference to the child's changing environment: from the uterus, through the intense and semi-exclusive mother-baby bond, to the wider contextsprovided by the family, school, and society at large. The book provides the most up-to-date integration of developmental and music psychology.

Uncle Pete was always doing foolish and reckless things that embarrassed Jimmie, but this time he had really gone too far...

[A Miracle, A Universe: Settling Accounts with Torturers, Lawrence Weschler](#) , 1990, 0226893944, 9780226893945.

During the past fifteen years, one of the most vexing issues facing fledgling transitional democracies around the world from South Africa to Eastern Europe, from Cambodia to Bosnia has been what to do about the still-toxic security apparatuses left over from the previous regime. In this now-classic and profoundly influential study, the New Yorker's Lawrence Weschler probes these dilemmas across two gripping narratives (set in Brazil and Uruguay, among the first places to face such concerns), true-life thrillers in which torture victims, faced with the paralysis of the new regime, themselves band together to settle accounts with their former tormentors. "Disturbing and often enthralling." New York Times Book Review "Extraordinarily moving. . . . Weschler writes brilliantly." Newsday "Implausible, intricate and dazzling." Times Literary Supplement "As Weschler's interviewees told their tales, I paced agitatedly, choked back tears. . . . Weschler narrates these two episodes with skill and tact. . . . An inspiring book." George Scialabba, Los Angeles Weekly

[The Exceptionally, Extraordinarily Ordinary First Day of School, Albert Lorenz](#) , 2010, 0810989603, 9780810989603. On the first day back to school from summer vacation, John is the new kid. When the librarian asks him if the school is any different from his last one, he begins a wildly imaginative story about what it was like. What follows are hilarious scenarios his old school bus was a safari jeep pulled by wild creatures, the school was a castle, and the lunch menu included worms! His imagination wins him the attention and awe of his librarian and peers, setting the tone for a compelling story about conquering the fears of being a new kid, as well as the first-day jitters that many children

experience. Albert Lorenz's over-the-top illustrations, reminiscent of the work of MAD magazine's early artists, bring the story to life. Speech bubbles and side panels make reference to and define objects in the art (in the most humorous and irreverent way).

[Savvy, Sassy and Bold After 50!: A Midlife Rebirth, Vicki Lynn Ward](#) , 2009, 0975516221, 9780975516225. *Savvy, Sassy and Bold After 50* is tailored for evolving women developing exciting new lifestyles. Subjects highlighted vary from women's health and nutrition, using mind-body medicine to achieve life balance, and renewing deferred dreams, to financial strategies for budgeting and seeking information for effective retirement planning. Long-held traditions of women connecting through generations is revealed in statements by maturing women who raise their voices in support of, and education for this next phase of life. They speak candidly of their finances, renewed sexuality, achieving goals, seeking new pursuits, thoughts on aging, and plans for retirement.

[Chickensing Little Book,](#) , 2003, 0974580333, 9780974580333. This book is one of a series that features stories from "Bear's Scrapbook." Bear is "just a dog" who relates incidents that happen on a farm, involving children, animals, and grandparents. This story is about Bear and the children finding a way to help the chickens add little chicken voices to their chorus, which has surprising results. This edition ("Little Book") is in a normal book format, but laminated to withstand heavy use. It contains original full-page illustrations and cutouts. Supplementary educational materials are available.

[The Single Woman: A Discursive Investigation, Jill Reynolds](#) , 2008, 0203939018, 9780203939017. The increase in numbers of single people has been described as one of the greatest social phenomena of western society. Most women will spend periods of their lives alone, without a committed partner relationship. Yet there is still a degree of social stigma attached to this status. Single women are a crucial group for study in relation to perceived changes in family life and relationships. This book provides a new understanding of what is often taken-for-granted female single identity. In an examination of extracts from her interviews with women aged 30 to 60 years and living alone, Jill Reynolds explores how women deal with this potentially stigmatized identity. She focuses on identity and self-representation through consideration of discourse and the conversational moves made by the participants. Her analysis highlights that the culturally available and familiar resources for understanding singleness are highly polarized. Single women weave their way through the extreme contrasts of a denigrated or an empowered identity. Thus, while most participants give very positive accounts, they also pay attention to widespread social expectations that success in life involves a long-term committed relationship. This book makes an important contribution to the understanding of the lives of single women and

represents a challenge to the considerable literature on gender and family life which has inadequately theorized singleness. It will be of great interest to academics and students in social psychology, sociology, social work and social policy. It will also be of particular interest to students of gender studies, qualitative research, narrative studies, conversation analysis and discourse analysis.

[Evil in Modern Thought: An Alternative History of Philosophy](#), , 2004, 0691117926, 9780691117928. Evil threatens human reason, for it challenges our hope that the world makes sense. For eighteenth-century Europeans, the Lisbon earthquake was manifest evil. Today we view evil as a matter of human cruelty, and Auschwitz as its extreme incarnation. Examining our understanding of evil from the Inquisition to contemporary terrorism, Susan Neiman explores who we have become in the three centuries that separate us from the early Enlightenment. In the process, she rewrites the history of modern thought and points philosophy back to the questions that originally animated it. Whether expressed in theological or secular terms, evil poses a problem about the world's intelligibility. It confronts philosophy with fundamental questions: Can there be meaning in a world where innocents suffer? Can belief in divine power or human progress survive a cataloging of evil? Is evil profound or banal? Neiman argues that these questions impelled modern philosophy. Traditional philosophers from Leibniz to Hegel sought to defend the Creator of a world containing evil. Inevitably, their efforts--combined with those of more literary figures like Pope, Voltaire, and the Marquis de Sade--eroded belief in God's benevolence, power, and relevance, until Nietzsche claimed He had been murdered. They also yielded the distinction between natural and moral evil that we now take for granted. Neiman turns to consider philosophy's response to the Holocaust as a final moral evil, concluding that two basic stances run through modern thought. One, from Rousseau to Arendt, insists that morality demands we make evil intelligible. The other, from Voltaire to Adorno, insists that morality demands that we don't. Beautifully written and thoroughly engaging, this book tells the history of modern philosophy as an attempt to come to terms with evil. It reintroduces philosophy to anyone interested in questions of life and death, good and evil, suffering and sense.

[Mathematical Population Genetics: I. Theoretical Introduction, Warren J. Ewens](#) , 2010, 1441918981, 9781441918987. This is the first of a planned two-volume work discussing the mathematical aspects of population genetics with an emphasis on evolutionary theory. This volume draws heavily from the authors 1979 classic, but it has been revised and expanded to include recent topics which follow naturally from the treatment in the earlier edition, such as the theory of molecular population genetics.

[The Quest for Statehood: Korean Immigrant Nationalism and U.S. Sovereignty, 1905-1945, Richard S. Kim](#) , 2011, 0199913269, 9780199913268. Honorable Mention, Book Award in History of the Association for Asian American Studies.

In this book, Richard S. Kim examines the central role played by immigrants in the independence movement that sought to liberate Korea from Japanese colonization. Regarding Japanese rule as illegitimate, Koreans in and out of the Korean peninsula viewed themselves as a stateless people. Their independence activities had to be carried out from abroad, creating conditions for the emergence of a diasporic nationalism. Using English and Korean language sources, Kim traces how Koreans in the United States articulated visions of national sovereignty, drawing particularly on American political rhetoric and symbolism, and increasingly relied on U.S. state power to mobilize international support for their cause. Their efforts to establish an independent homeland necessitated their participation in civic and political activities in the United States, engaging in organizational activity that led to the development of an ethnic consciousness and paradoxically established them as an American ethnic group. Ultimately, Kim argues, homeland nationalism was central to the assimilation of Korean immigrants as American ethnics, even as they were denied U.S. citizenship.

[Go Ask Ogre: Letters From A Deathrock Cutter, Jolene Siana](#) , 2005, 0976082217, 9780976082217. Teenage hell has never been captured with such intense honesty as these actual letters sent in the late 80s from a suicidal girl to the singer of her favorite band. Go Ask Ogre peers into the world of a misfit "cutter" who lives with an abusive mother in the rust belt. A tailspin of suicidal depression and self-injury leads her to write Ogre, front man for the industrial rock band Skinny Puppy. Soon he receives a flood of elaborately illustrated letters and journals filled with Jolene's most intimate thoughts from her most painful secrets to hilarious observations and lucid realizations about her life and those around her. At a concert, Ogre confides to Jolene that he has saved all her letters. Nine years later, a box from Ogre arrives at Jolene's door. Re-examining the documents, she realizes that writing these letters had saved her life. Go Ask Ogre compiles Jolene Siana's actual letters, artwork, illustrations, and ephemera into a unique and powerful story of an extremely troubled teen who made it through the worst years of her life, and, through the power of music and art, transformed herself in the process. It is heavily illustrated and full color throughout. Critical Praise: "Pure, lucid and

engaging...more authentic for a new generation of young women than, say, the 1971 cautionary tale about drugs,Go Ask Alice."Susan Carpenter,LA Times "Dark, funny and touching..."boingboing.net "Cringingly confessional, persistently desperate, yet often uproariously funny. All rendered and packaged in labor-intensive psychedelic outsider graphic design. An overdue riposte to the bludgeoning morality of the fabricatedGo Ask Alice."Doug Harvey,LA Weekly "By turns fierce, funny, heartbreaking and wise, Jolene Siana'sGo Ask Ogreburns onto the page in an intense collage of words and images that together create a portrait of a gifted young woman fighting to hang on to her own life and choosing an unlikelybut strangely suitableally for her battle."Caroline Kettlewell, author ofSkin Game "Amidst the cultural and political corruption of the late 1980s, seeking and artistic teens like Jolene Siana found cathartic solace in aggressive and so-called 'morbid' bands like Skinny Puppy. That she persevered with the help of music that parents, preachers, and politicians condemned, but rarely tried to understand, is a moving lesson."Alan Rapp, editor ofThe Journey is the Destination: The Journals of Dan EldonandDan Eldon: The Art of Life

[C in a Nutshell, Peter Prinz, Tony Crawford](#) , 2005, 0596550715, 9780596550714. Learning a language--any language--involves a process wherein you learn to rely less and less on instruction and more increasingly on the aspects of the language you've mastered. Whether you're learning French, Java, or C, at some point you'll set aside the tutorial and attempt to converse on your own. It's not necessary to know every subtle facet of French in order to speak it well, especially if there's a good dictionary available. Likewise, C programmers don't need to memorize every detail of C in

order to write good programs. What they need instead is a reliable, comprehensive reference that they can keep nearby. C in a Nutshell is that reference. This long-awaited book is a complete reference to the C programming language and C runtime library. Its purpose is to serve as a convenient, reliable companion in your day-to-day work as a C programmer. C in a Nutshell covers virtually everything you need to program in C, describing all the elements of the language and illustrating their use with numerous examples. The book is divided into three distinct parts. The first part is a fast-paced description, reminiscent of the classic Kernighan & Ritchie text on which many C programmers cut their teeth. It focuses specifically on the C language and preprocessor directives, including extensions introduced to the ANSI standard in 1999. These topics and others are covered: Numeric constants Implicit and explicit type conversions Expressions and operators Functions Fixed-length and variable-length arrays Pointers Dynamic memory management Input and output The second part of the book is a comprehensive reference to the C runtime library; it includes an overview of the contents of the standard headers and a description of each standard library function. Part III provides the necessary knowledge of the C programmer's basic tools: the compiler, the make utility, and the debugger. The tools described here are those in the GNU software collection. C in a Nutshell is the perfect companion to K&R, and destined to be the most reached-for reference on your desk.

[Dubliners Owc; James Joyce](#) , 2008, 0199536430, 9780199536436. 'I regret to see that my book has turned out un fiasco solenne' James Joyce's disillusion with the publication of Dubliners in 1914 was the result of ten years battling with publishers, resisting their demands to remove swear words, real place names and much else, including two entire stories. Although only 24 when he signed his first publishing contract for the book, Joyce already knew its worth: to alter it in any way would 'retard the course of civilisation in Ireland'. Joyce's aim was to tell the truth - to create a work of art that would reflect life in Ireland at the turn of the last century and by rejecting euphemism, reveal to the Irish the unromantic reality the recognition of which would lead to the spiritual liberation of the country. Each of the fifteen stories offers a glimpse of the lives of ordinary Dubliners - a death, an encounter, an opportunity not taken, a memory rekindled - and collectively they paint a portrait of a nation. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

[Moral Capitalism: Reconciling Private Interest with the Public Good, Stephen Young](#) , 2003, 1576752577, 9781576752579. Moral Capitalism is based on the Caux Round Table (CRT) Principles for Business, a code of ethics that sets consistent and attainable worldwide guidelines for how business can behave responsibly and ethically. The book shows readers how to manage market capitalism and globalization for economic and social justice and fairness, in the process improving individual lives and communities. Author Stephen Young argues that "brute capitalism" - profit-seeking regardless of effects - must give way to moral capitalism to attain widespread monetary and moral well-being. Emphasizing a cross-cultural perspective that draws on Chinese and Japanese philosophies of selflessness, Young links moral aspirations to practical, day-to-day guidelines for a profitable approach to business that is also ethical, resulting in the public good.

[Eb2Go Resource Manual: All the Tools, Tactics, G. Liam Thompson](#) , 2001, 0970151713, 9780970151711. For any entrepreneur, small business manager, sole proprietor, or any person with a vision and an idea who has wanted to compete and win in the connected economy, G. Liam Thompson has some good news: It's your turn now...and this time, it has nothing to do with spending a lot of money. The EB2GO Resource Manual is the quintessential field guide containing all the tools and online resources you need to launch, build, and manage an E-Business system that looks as good as the big online retailers, but at a fraction of the cost. With some inside information on what to use, and where to find it,

anyone with a computer and an Internet connection can look and operate just like Amazon.com; yet be 1000% more profitable than Amazon.com! This is the one resource that has it all - all the instant Shopping Cart systems, the ASP site-builders, the biz-wiz store-builders and hundreds of other online tools that have equipped thousands for online success today, with no programming required. The EB2GO Resource Manual shows how any organization, regardless of size or budget, can create, launch, and manage a successful, money-making E-Business today, for little or no cost at all. Through hundreds of footnoted resources, online tips, templates, and a variety of power tools and tactics, EB2GO shows how anyone with online access can compete in the Connected Marketplace, and win. Yet do it all without spending much more than a dollar a day.

[True Medical Detective Stories, Clifton K. Meador, M.D.](#) , 2012, 1475037287, 9781475037289. Modern technology has given rise to electronic medical records, remote monitoring systems, and satellite-enabled real-time examinations in which patient and physician might be separated by thousands of miles. Yet, when it comes to diagnosing difficult cases, the clinician's strongest asset might just be one of the oldest tools of the medical profession: careful listening. True Medical Detective Stories is a fascinating compendium of nineteen true-life medical cases, each solved by clinical deduction and facilitated by careful listening. These accounts present puzzling low-tech cases: most of them serious, some humorous that were solved either at the bedside or by epidemiological studies. Dr. Clifton Meador's book is a wonderful contribution to the genre of medical detective stories mastered by the legendary Berton Rouech. As a staff writer at The New Yorker from 1944 until his death fifty years later, Rouech popularized this form, which has provided source material for feature films and most recently supplied scenarios featured in medical television dramas, such as House. While Hollywood frequently oversimplifies and elides the real clinical situations, True Medical Detective Stories sets the record straight with a voice of authority and an engaging style rooted in the fact that most of the cases presented involve Dr. Meador's actual patients. Dr. Meador discovered Berton Rouech's writing as a teenager, when he first read *Eleven Blue Men*. In an astonishing twist of fate, Rouech, in later years, traveled to Nashville to meet with Dr. Meador and discuss one of his cases, with Rouech's account published posthumously under the title, *The Man Who Grew Two Breasts*. In a fitting tribute to Rouech, this perplexing case is revisited by Dr. Meador in the opening chapter of this highly enjoyable book. True Medical Detective Stories is a captivating read that will keep you marveling over the idiosyncrasies of the human body and the ingenuity of the human mind.

[American History, 1877 to the Present, Mary Jane Capozzoli Ingui](#) , 2003, 0764120050, 9780764120053. This book presents brief summaries and places in perspective key American men, women, and events from the post-Civil War era, through the course of the twentieth century, and concluding with today's post 9/11 crisis. For more than a decade, titles in this handy, quick study series have helped many college freshmen and others taking introductory 101-level college courses. Designed to be compatible with virtually all standard textbooks in their target subjects, EZ-101 Study Keys outline and organize subject material so that it resembles classroom lecture notes taken by attentive students. As such, these books provide a general overview of course material, and are ideal for brush-up and review study sessions before taking examinations or writing class papers.

[A Death in the Venetian Quarter: A Medieval Mystery, Alan Gordon](#) , 2007, 1466823100, 9781466823105. In 1203, the relative peace of the Byzantine Empire is imperiled when the ships of the Fourth Crusade show up outside the walls of Constantinople. Instead of traveling to the Holy Land to battle the infidels, the Crusade, having sailed out of Venice, has been subverted and is now besieging the city. The jester known as Feste, his wife Viola, and their compatriots within the city are faced with catastrophe as the peace the Fool's Guild has worked so hard to maintain is about to be shattered. With such a disaster looming, the death of one silk merchant in the Venetian Quarter of Constantinople seems insignificant. But Philoxenites, the Imperial Treasurer and one of the most power schemers at court, has taken a special interest in the case and wants Feste to investigate Venetian merchant's death. The merchant, of course, was not what he appeared to be and, if Constantinople is to have any hope of surviving the troops outside its gates, Feste must quickly uncover what forces were at work when the merchant lost his life.

[What is a Canadian?: Forty-three Thought-provoking Responses, Irvin Studin](#) , 2006, 0771083211, 9780771083211.

Each of these essays begins with the words A Canadian is . . . Each one is very different, producing a fascinating book for all thinking Canadians. Irvin Studin is an idealistic young Canadian who wanted to do something extraordinary for his

country. So he decided to approach leading Canadians he calls them sages to tell us what they believe defines us. The people who responded eagerly, to produce an essay of 1,500 to 2,000 words, are, in his words, all distinguished Canadian thinkers and achievers from all walks of life politics, the civil service, academia, literature, journalism, business, the arts from both official language groups, and from all regions of the country, as well as from the Canadian diaspora. The strength of this book lies in the contributors, listed in the sidebar. The variety ranges from the funny A Canadian is . . . someone who crosses the road to get to the middle (Allan Fotheringham) through the hostile . . . the citizen of a country badly in need of growing up (William Watson) through the surprising . . . adaptable. To illustrate, consider the depth and breadth of the Canadian womans wardrobe (Jennifer Welsh) or celebratory . . . a wonderful thing to be (Bob Rae). A Canadian is . . . certain to find this book fascinating. [Rachel Harrison: Museum with Walls, Eric Banks](#) , 2010, 3865608000, 9783865608000. This publication accompanies three exhibitions organised by Rachel Harrison over a one-year period between June 2009 and April 2010: Consider the Lobster, at the Centre for Curatorial Studies at Bard College; HAYCATION, at Portikus, Frankfurt; and Conquest of the Useless, at Whitechapel Gallery, London (April - June 2010). Given the wry title Museum with Walls, the following pages

provide a photographic sequencing of the route taken by visitors through the first iteration of the project, at Bard College a complex and precisely constructed exhibition by the artist acting as a survey and a remaking of her large scale installations, each of which formed the basis of previous exhibitions and previous projects. Creating kaleidoscopic fields of visual sensation and cultural references, Rachel Harrison combines a wide range of mediums including photography, painting, sculpture, video, installation and architectural interventions. This is the most comprehensive monograph of Rachel Harrison's innovative and challenging work to date. Special design with vinyl/plastic-finish jacket and inset Andre Malraux book jacket on cover make the book a collector's edition. Co-published with Whitechapel Gallery, Portikus, and Bard College.

[Jefferson's Second Father: The life and strange death of Chancellor Wythe, signer of the Declaration of Independence, John Bailey](#) , 2013, 1743342144, 9781743342145. "He was my ancient master, my earliest and best friend; and to him I am indebted for first impressions which have had the most salutary influence on the course of my life." Thomas Jefferson on George Wythe, 1806 This is the story of George Wythe, a man determined, steadfast and courageous, described by Benjamin Rush as possessing "dove-like simplicity and gentleness of manner." From his humble beginnings as a circuit lawyer in Virginia, Wythe was a prominent opponent of slavery and was instrumental in the creation of the constitution. His distinguished career saw him appointed the first professor of law in the United States. Wythe witnessed most of the great events leading to America's independence and formation as a nation and was a signatory to the Declaration of Independence. And then, in 1806, Wythe was murdered. This book tells the story of George Wythe's life, his amazing legacy, his role as second father to the fathers of the nation and offers a solution to the mystery of his bizarre and tragic death. Praise for *The Lost German Slave Girl* "Bailey has the gift of a novelist and a readiness to blend fact and conjecture ... What followed is a mystery, and an entirely fascinating one." - Washington Post "He has crafted a compelling tale of one woman's complex life ... and in the process he has given readers a revealing look at one of the darker periods of American history." - Miami Herald "Bailey, that rare scholar whose writing lives and breathes..." - Boston Globe "Reads like a splendid legal thriller." - Sydney Morning Herald

[Holy Bible: New American Bible, Pacific Duvelle Brown/tan Index, Reader's Edition, Oxford University Press](#) , 2006, 0195289048, 9780195289046. This edition is perfect for anyone needing a straightforward text of the New American Bible, whether for reading or personal devotions. It includes a presentation section, prayers and devotions of the Church, the Dogmatic Constitution on Divine Revelation (Dei Verbum), a select NAB concordance, an essay on using the lectionary, and weekday and Sunday lectionary readings. Translators' notes and references are positioned at the back of each book for ease of reading the text of Scripture. Convenient thumb indexing makes finding particular books in the Bible a snap. Gilded page edges and a ribbon marker make for a thoughtful gift. * A straightforward text edition of the NAB for reading or personal devotions. * All non-zipper styles feature convenient thumb indexing that makes finding

particular books in the Bible a snap. * Prayers and Devotions of the Church * Select NAB Concordance * Sunday and weekday lectionary readings.

[The Islands and the Sea: Five Centuries of Nature Writing from the Caribbean, John A. Murray](#) , 1991, 0195066774, 9780195066777. "Everyone has to learn to see the West Indies tropics for himself," wrote V.S. Naipaul in *The Middle Passage*. "The landscape has never been recorded...the depth of sky, the brilliancy of light, the insubstantiality of colour in the tropics. The more gifted painters have ceased to record the landscape: the patterns of the leaves are too beguiling." *The Islands and the Sea* includes dozens of writers--poets and novelists, naturalists and explorers--who, like Naipaul help us to see the beguiling Caribbean through their eyes. Editor John Murray opens this anthology, the first of its kind, with an informed essay that provides a perspective on the region in history and literature. Murray then presents writers ranging from Daniel Defoe to Barry Lopez, from Charles Darwin to Edward O. Wilson. In these selections, one can step ashore with Columbus on San Salvador Island in 1492, travel up the forbidding Orinoco River with Sir Walter Raleigh, and explore ancient Mayan ruins along the coast with swashbuckling John Stephens in 1843. Ernest Hemingway, writing to Maxwell Perkins from Key West, Florida, describes the aftermath of the famous Matecumbe hurricane: "Indian Key absolutely swept clean, not a blade of grass, and over the high center of it were scattered live conchs that came in with the sea, craw fish, and dead morays. The whole bottom of the sea blew over it." Other contemporary writers include Barry Lopez, Derek Walcott, Rachel Carson, Jamaica Kincaid, and Roger Caras. With each selection Murray includes an informative introduction. *A Republic of Rivers*, John Murray's anthology of nature writing on Alaska and the Yukon, was hailed for its judicious selections, deft editing, and, most importantly, its ability to capture and communicate a sense of place. In *The Islands and the Sea*, he once again gathers an enthralling collection of writings that convey the beauty Caribbean's luminous waters, its rich, green hillsides, teeming reefs, and remarkable varied people.

[Chess Tactics 1, Stephen A. Schneider](#) , 2006, . Chess Tactics 1 teaches scholastic players to use tactics like pins, forks, and skewers to gain positional or material advantage in the crucial middle game. Puzzles include checkmating with each piece, finding the "free piece", and sharpening skills with timed "Skill sets", short series of 8 puzzles to be done either quickly, or with more analysis. Best of all, players learn how to think like a master while applying their tactical skills as they play Bobby Fischer's "Game of the Century", a masterful game played when the future world champion was only thirteen years old.

[Deliver Us from Evil: The Slavery Question in the Old South, Lacy K. Ford](#) , 2009, 0199751080, 9780199751082. A major contribution to our understanding of slavery in the early republic, Deliver Us from Evil illuminates the white South's twisted and tortured efforts to justify slavery, focusing on the period from the drafting of the federal constitution in 1787 through the age of Jackson. Drawing heavily on primary sources, including newspapers, government documents, legislative records, pamphlets, and speeches, Lacy K. Ford recaptures the varied and sometimes contradictory ideas and attitudes held by groups of white southerners as they tried to square slavery with their democratic ideals. He excels at conveying the political, intellectual, economic, and social thought of leading white southerners, vividly recreating the

mental world of the varied actors and capturing the vigorous debates over slavery. He also shows that there was not one antebellum South but many, and not one southern white mindset but several, with the debates over slavery in the upper South quite different in substance from those in the deep South. In the upper South, where tobacco had fallen into comparative decline by 1800, debate often centered on how the area might reduce its dependence on slave labor and "whiten" itself, whether through gradual emancipation and colonization or the sale of slaves to the cotton South. During the same years, the lower South swirled into the vortex of the "cotton revolution," and that area's whites lost all interest in emancipation, no matter how gradual or fully compensated. An ambitious, thought-provoking, and highly insightful book, *Deliver Us from Evil* makes an important contribution to the history of slavery in the United States, shedding needed light on the white South's early struggle to reconcile slavery with its Revolutionary heritage.

[Jump Right In!: Essential Computer Skills Using Microsoft Office 2010, Jean Andrews](#) , 2011, 0789748223, 9780789748225. Computer skills are more crucial than ever, and the skills most people need have radically changed. Unfortunately, most typical introductory computer skills books haven't changed. Now, best-selling author and expert teacher Jean Andrews has completely reinvented the basic computer tutorial for today's students and workplaces. Andrews focuses on how computers are really used now in personal life, in academics, and in technical careers. She clears away distractions found in most introductory books, provides plenty of useful help, and teaches the #1 competency students need most: the ability to keep learning new skills on their own. She also prepares students for a key career milestone: passing CompTIA's entry-level Strata certification exam. Coverage includes: Using and managing Windows 7 computers Using the Internet to access and share information, and to do business Using the Web for academic research Capturing and organizing information with OneNote 2010 Using Word 2010 to communicate information and apply for a job Using PowerPoint 2010 to persuade an audience, present a compelling story, or deliver important information Using Excel 2010 to organize data, solve problems, make decisions, and transform data into knowledge Making informed computer buying decisions Keeping computers reliable, fast, and safe

[Meditation for Enduring Happiness, Michael Jeffrey McCartney](#) , 2011, 0968334113, 9780968334119. Meditation for Enduring Happiness is a practical guide for all. Enduring happiness is achievable by everyone. Michael McCartney reveals how each of us can follow our own unique path to happiness. Meditation has existed for thousands of years in many cultures, in many forms. Michael cuts through the cultural overlay and reveals the core teachings. Forty two meditations are included to give the reader a structure so they can progress from where they are now to a happy advanced meditation practitioner.

[Getting Grace: How God Teaches Us about His Grace](#), Tim Hoelscher , 2008, 0981601863, 9780981601861. Many have struggled and failed in their Christian life. Often they are wondering why is it so hard to live out the Christian life? Does God have a plan and design for our failure? If we understand grace, then where does sin and chastening fit into his design? These are some of the issues involving God and His Grace that are addressed in this book.

[A Guide Dog Puppy Grows Up](#), HarBrace Staff, Harbrace , 1995, .

[Eve of the Festival: Making Myth in Odyssey 19](#), Olga Levaniouk , 2011, 0674053354, 9780674053359. Eve of the Festival is a study of Homeric myth-making in the first and longest dialogue of Penelope and Odysseus (Odyssey 19). This study makes a case for seeing virtuoso myth-making as an essential part of this conversation, a register of communication important for the interaction between the two speakers. At the core of the book is a detailed examination of several myths in the dialogue in an attempt to understand what is being said and how. The dialogue as a whole is interpreted as an exchange of performances that have the eve of Apollo's festival as their occasion and that amount to activating, and even enacting, the myth corresponding within the Odyssey to the ritual event of the festival.

[A Theory of Universals: Volume 2: Universals and Scientific Realism](#), , D. M. Armstrong , 1980, 052128032X, 9780521280327. This is a study, in two volumes, of one of the longest-standing philosophical problems: the problem of universals. In volume I David Armstrong surveys and criticizes the main approaches and solutions to the problems that have been canvassed, rejecting the various forms of nominalism and 'Platonic' realism. In volume II he develops an important theory of his own, an objective theory of universals based not on linguistic conventions, but on the actual and

potential findings of natural science. He thus reconciles a realism about qualities and relations with an empiricist epistemology. The theory allows, too, for a convincing explanation of natural laws as relations between these universals.

[The Lady And The Peacock: The Life of Aung San Suu Kyi of Burma, Peter Popham](#) , 2011, 1409033481,

9781409033486. Peter Popham's major new biography of Aung San Suu Kyi draws upon previously untapped testimony and fresh revelations to tell the story of a woman whose bravery and determination have captivated people around the globe. Celebrated today as one of the world's greatest exponents of non-violent political defiance since Mahatma Gandhi, she was awarded the Nobel Peace Prize only four years after her first experience of politics. In April 1988, Suu Kyi returned from Britain to Burma to nurse her sick mother but, within six months, found herself the unchallenged leader of the largest popular revolt in the history of Burma. When the party she co-founded won a landslide victory in Burma's first free elections for thirty years, she was already under house arrest and barred from taking office by the military junta. Since then, 'The Lady' has set about transforming her country ethically as well as politically, displaying dazzling courage in the process. Under house arrest for 15 of the previous 20 years, she has come close to being killed by her political enemies and her commitment to peaceful revolution has come at extreme personal cost. In November 2010, after fraudulent elections in which she played no part, Suu Kyi was again freed. She was greeted by ecstatic crowds but only time will tell what role this remarkable woman will have in the future of her country.

[Modern Shibori, Silke Bosbach](#) , 2013, 1408151480, 9781408151488. Shibori is one of the richest textile movements in the world and is currently undergoing a revival. Re-discover this fantastic textile technique and learn all the latest methods and materials artists are using today. Commonly associated with Japan, it is in fact a technique long used in Africa, India and South America. Shibori is the Japanese term for the dye-resist technique of binding, clamping or gathering the cloth up tightly so that the dye cannot reach certain parts. Those skilled in the techniques can create very delicate and intricate patterns and effects. The traditional basic materials are simply threads, fabrics and the dyes themselves so it is easy for anyone to get started. Modern Shibori is packed with inspirational illustrations and clear instructions. The perfect book for anyone interested in discovering this beautiful textile art.

Ideas of diverse men and women will add multicultural and interdisciplinary insights to the minds of a new generation of students. New edition features greater coverage of diversity, new critical thinking questions, and an easier-to-read single column format.

[Pick-a-WooWoo - Wizards Words of Wisdom: Egone Missing! the Ancient Wizard Shares His Amazing Secrets with You, Book 1, Julie-Ann Harper](#) , 2009, 0980366968, 9780980366969. 'Egone Missing' the ancient wizard shares his amazing secrets with you. Ever wondered why animals are so important? How crystals heal? What is an aura or chakra? How to share love or even why Angels are around us? This ancient wizard and his 'froggy friends' will share some of their wisdom in this wonderful, humorously illustrated book. The Pick-a-WooWoo books for children are a series of books designed to encourage spiritual growth. These books inspire joy and laughter and help create a more enlightened world by helping children with their mind, body, spirit connection. Each Pick-a-Woo Woo Children's Book is designed to: - Embrace Love - Touch the Heart - Kindle the Spirit - & Enlighten the Mind

[Create Marketplace Disruption: How to Stay Ahead of the Competition, Adam Hartung](#) , 2010, 0132703858, 9780132703857. Master the #1 Principle for Long-Term Market Dominance! The Phoenix Principle Create Marketplace Disruption is as thought-provoking as it is entertaining. Adam Hartung offers business managers and leaders new insights to long-term success that apply across markets and industries. Steve Burke, President, Comcast Cable Communications, Philadelphia, PA "Talking innovation is easier than practicing innovation. Adam offers an excellent approach for corporations to identify how to innovate to gain competitive advantage. A must read. Praveen Gupta, Editor-in-Chief,

International Journal of Innovation Science and Chairman, Accelper Consulting, Schaumburg, IL Some companies cant change in response to market disruptions. Those companies die. Other companies do respond...eventually. They survive, but they see their profits squeezed, their growth flattened. Then,there are the long-term winners: companies that create their own disruptions and thrive on change. In Create Marketplace Disruption, Adam Hartung shows how to become one of those rare companies, creating lasting growth and profits. This book reveals why so many companies behave in ways that are utterly incompatible with long-term success...and why even good to great companies are struggling for air. Youll discover how to reposition your organization away from the Flats and Swamps of traditional Defend and Extend Management and back into the Rapids of accelerated growth. Hartung demonstrates how to attack competitors Lock-ins, make their Success Formulas obsolete, and create the White Space needed to invent your own new formulas for success. Create Marketplace Disruption shows how disrupting yourself is critical to reaping the benefits of market changes, and part of a process that executives and strategists can reproduce over and over again for improved results. How we got into this messand how to get out of it The myth of perpetuity and the dark side of success Reinventing success: no more Defend and Extend Creating your new Success Formulas and keeping them competitively advantaged Why thinking outside the box doesnt work First, get outside the box. Then, think! Maintaining The Phoenix Principle for long-term success Practicing Disruption until it comes naturally

[The Little Book Of Bleeps, Revolver Books](#) , 2005, 0954940725, 9780954940720. Described by Time magazine as enthralling and the Los Angeles Times as mind-bending, What the Bleep Do We Know?! Is a deftly woven, entertaining and enlightening tapestry of live action drama, interviews, and visionary animation. Academy Award-winner Marlee Matlin plays Amanda, an unhappy, self-loathing professional photographer. By chance, she meets nine-year old Reggie (Robert Bailey, Jr.) who asks her Just how far down the rabbit hole of mysteriousness do you want to go? Thus begins her Alice-in-Wonderland-like journey. Interlaced with her unfolding dissolution, transformation and rebirth are ongoing interviews with 14 top scientists and mystics. They relate our current understanding of the nature of the universe and our place in it, including what and how we human beings are wired. This is the essential, must have companion to the movie What the Bleep Do We Know?! From the ground-breaking and award-winning feature film, What the Bleep Do We Know?!, comes this collection of inspiring, reality-expanding quotations, illustrated with scenes from the movie. Featured are paradigm-altering ideas from the film's scientific and spiritual experts. It might just change you life!
