

[Creole Genesis, Attitudes and Discourse: Studies Celebrating Charlene J. Sato, John R. Rickford, Suzanne Romaine](#) , 1999, 9027252424, 9789027252425. This collection in honor of creolist Charlene Junko Sato (1951 1996) brings together contributions by leading specialists in pidgin-creole studies in three primary areas: Pidgin-Creole Genesis and Development; Attitudes and Education, and Creole Discourse and Literature. The varieties covered come from English, French and Spanish lexical bases and from places as far apart as Africa, Australia, Hawaii, and the Caribbean. Editors Rickford and Romaine introduce each of the papers and provide a biography and bibliography of Sato. A short story and poems in Hawaiian Creole, Sato's native language and the variety which was the focus of her research and writing, round out the collection.

Sometimes the gift is clear, other times hidden. These gifts are always meant to make us stronger and resilient. I believe that life's obstacles, trials and pains are all blessings in disguise. If you are blessed to see these as gifts, then you will be less angry and more patient. When you have the opportunity to find them, you will become more understanding, loving and the road will be easier to travel. I am thankful that I was given the chance to find my hidden gift, my handicapped son Michael.

[Praying the Bible: Pathway to Spirituality: Seven Steps to a Deeper Connection with God, Wesley Campbell](#) , 2011, 0830756949, 9780830756940. Wesley and Stacey Campbell lead us continually upward on our pathway to spirituality, from walking to running to becoming directly connected with the presence of God! They begin with the timeless biblical truth that underscores the importance of prayer and explains how to pray for proved effectiveness. As they guide us through their seven steps along the path, they highlight the journey with exciting personal life prayer experiences. Practical, revelational, enriching and educational, this is an invaluable prayer tool for novice prayers and seasoned intercessors alike.

[An Affair of State: the investigation, impeachment, and trial of President Clinton, Richard A. Posner](#) , 2009, 0674042328, 9780674042322. In a book written while the events were unfolding, Richard Posner presents a balanced and scholarly understanding of President Clinton's year of crisis which began when his affair with Monica Lewinsky hit the front pages in January 1998. With the freshness and immediacy of journalism, Posner clarifies the issues involved, carefully assesses the conduct of Independent Counsel Kenneth Starr, and examines the pros and cons of impeaching President Clinton as well as the major procedural issues raised by both the impeachment in the House and the trial in the Senate. This book, reflecting the breadth of Posner's experience and expertise, will be the essential foundation for anyone who wants to understand President Clinton's impeachment ordeal.

[What Happened to Us: Simple Truths Behind Leadership Crises, Mortaza Zainaleain](#) , 2012, 0982401515, 9780982401514. Do you feel blindsided and confused? Would you like to know WHAT HAPPENED TO US? Why do we keep finding ourselves in these chaotic situations? You need a dose of Simple Truths Behind Leadership Crises. Decades of studies and observations have shown that most successful companies and organizations have at least one important thing in common. They know that better leaders create better results. Companies with effective leadership outperform competitors. These leaders have vision and passion for achieving what is best for their organizations. Yet, the majority of today 's corporate leaders act as if they don t know or don t care. It 's proven that better leadership gets better results. WHAT HAPPENED TO US ? strengthens leadership capabilities by identifying characteristics that show you how to develop your own strategies tailored to your unique business needs. This book awakens leadership potentials through powerful insight and discussions, It helps the readers to identify, develop, and deploy strong leadership in all aspects of the society. This book is not about the academic side of leadership nor does it deal with fancy concepts and strategic positioning. It is a book about leadership as it is practiced today the good, the bad and the ugly. This is a book about leadership that digs deep for truth to find the root of what is causing our leadership to malfunction and what needs to be done to fix it. It is a study of today 's leadership trends with its unique approach to one of the most complex issues of our time. Dr. Zainaleain's WHAT HAPPENED TO US?" is a book about effective leadership that stands out from the plethora of management and leadership books in remarkable ways. [The Violence of Green Revolution: Third World Agriculture, Ecology and Politics, Vandana Shiva](#) , 1991, 0862329655, 9780862329655. As the agricultural systems of many countries are poised, as a result of the recent advances in biotechnology for what may soon come to be called the Second Green Revolution, this book is particularly appropriate. Vandana Shiva examined the impact of the first Green Revolution on the breadbasket of India. In a cogent empirical

argument, she shows how the 'quick fix' promise of large gains in output pushed aside serious pursuit of an alternative agricultural strategy grounded in respect for the environmental wisdom of peasant systems and building an egalitarian, needs-prioritized agriculture consistent with the village-based, endogenous political traditions of Gandhism. Dr Shiva documents the destruction of genetic diversity and soil fertility that resulted and in highly original fashion shows how the Green Revolution also contributed to the acute social and political conflicts now tearing the Punjab apart. Set in the context of a sophisticated critique of the privileged epistemological position achieved by modern science, whereby it both aspires to provide technological solutions for social and political problems while at the same time disclaiming responsibility for the new problems which it creates in its wake, the author looks to the future in an analysis of a new project to apply the latest Gene Revolution technology to India and warns of the further environmental and social damage which will ensue.

[The Road to Iwo Jima, Tom McGraham](#) , 2010, 098279231X, 9780982792315. Iwo Jima veteran Tom McGraham shows us WWII and the Battle of Iwo Jima through the eyes of a Marine who lived it.

[The Oxford History of the French Revolution., William Doyle](#) , 1990, 0192852213, 9780192852212. Massacres were nothing new to the late eighteenth-century world, but the prospect of a government systematically executing its opponents by the cartload for months on end presented Europe with a new and unimaginable horror. The Reign of Terror and the French Revolution as a whole transformed the meaning of political change and history itself. Written by a leading historian, this authoritative and comprehensive history draws on a wealth of new research in order to reassess the greatest of all revolutions. Beginning with the accession of Louis XVI in 1774, William Doyle traces the history of France through revolution, terror, and counter-terror, to the triumph of Napoleon in 1802, along the way analyzing the impact of these events in France upon the rest of Europe. He explores how a movement which began with optimism and general enthusiasm soon became a tragedy, not only for the ruling orders, but for millions of ordinary people all over Europe. They were the ones who paid the price for the destruction of the old political order and the struggle to establish a new one, based on liberty and revolution, in the face of widespread indifference and hostility. Highly readable and meticulously researched, The Oxford History of the French Revolution will provide new insights into one of the most important events in European history.

[Chronicles of a Cruise Ship Crew Member: Answers to All the Questions Every Passenger Wants to Ask \(2nd Edition\), Joshua Kinser](#) , 2012, 1479383716, 9781479383719. In this often hilarious, sometimes shocking, and always insightful book, the well-published travel and guidebook writer Joshua Kinser provides a behind-the-scenes exposé into what it is really like to work as a cruise ship crew member. The perfect book to read on your next cruise, Chronicles of a Cruise Ship Crew Member, goes below the waterline to explore the cramped, dirty and dimly lit crew areas on a revealing tour of the ship's underworld. Go where no passenger has gone before and learn what the crew eats, where they sleep, how they

party, and finally understand why all of the officers on a cruise ship are Italian. Climb aboard an adventure on the high seas and witness the wonderful side of ship life where crew members have whirlwind escapades while traveling the world aboard a massive sailing city. Drawing from his experiences working as a musician onboard cruise ships for more than five years, Joshua tells the laugh-out-loud funny and also beautifully poignant story of what cruise ship crew members experience from the minute they first step onto a ship to the day they walk down that gangway for the last time.

[Tales of the African Frontier, John A. Hunter](#) , 2006, 1571572422, 9781571572424. The colorful characters of East Africa's early colonial period walk across the pages of this powerful book by John Hunter and Dan Mannix. Meet Tippu Tib, the greatest of all slave traders and the man who owned the slave responsible for killing the elephant with the biggest tusks ever recorded. Read how Ewart Grogan walked from the Cape to Cairo and how Joseph Thompson faced not only the ferocious Masai but also incredible hardships during his explorations into the interior of East Africa. Find out how John Boyes, elephant poacher extraordinaire, declared himself king of the Wa-Kikuyu and how Robert Foran, the notorious Lado Enclave ivory poacher, cheated Belgian and British authorities alike.

[Bonita Rose: A True Story, Bonnie M. Lemke](#) , 2001, .

[John Calvin's American Legacy, Thomas Davis](#) , 2010, 0199741727, 9780199741724. Though his influence on American society has often been forgotten or misunderstood, John Calvin played a formative role in the traditions of almost every sector of American life. This wide-ranging study, comprising twelve essays, shows for the first time the extraordinary extent to which Calvinist thoughts and practices are woven into the fabric of American society, theology, and letters, from the colonial period to the twenty-first century. John Calvin's American Legacy examines the economics of the Colonial period, Calvin's effect on American identity, and the evidence for Calvin's influence on American democracy. The book next addresses Calvin's critical role in American theology, inspecting the relationship between Jonathan Edwards's and Calvin's church practices, the diverse views on the Calvinist theological tradition in the nineteenth century, the ways in which Calvin was understood in the historiography of Williston Walker and Perry Miller, and Calvin's influence on twentieth-century theologies. Finally, the book explores Calvinism's influence on American literature, examining the work of such writers as Samson Occom, Harriet Beecher Stowe, Max Weber, Mark Twain, John Updike, and Marilynne Robinson. This important book is the first to introduces readers to the breadth and depth of Calvin's influence along the spectrum of American thought and society, from the 18th century to modern times.

[Pigs in Hiding,](#) , 1988, 0590445030, 9780590445030. A game of hide-and-seek played by a number of pigs allows the reader to find the animals in their hiding places.

[The Crime Junkie's Guide to Criminal Law: From Law and Order to Laci Peterson, Jim Silver](#) , 2007, 0275994147, 9780275994143. Historically, prime-time television has devoted at least one-third of its programming to crime. The extreme popularity of crime shows continues unabated. From Law & Order to CSI, Americans are riveted by crime TV. Court TV and other cable channels produce true crime series, too, that take viewers through both current crimes and trials and cold cases. Yet, despite efforts in these shows to depict real investigative and legal techniques, chances are, viewers have questions about criminal procedure, legal issues, and related concerns. For instance, why do police get

angry when a suspect just asks for a lawyer? Or, what's the difference between being an accomplice to a crime and being a conspirator? The Crime Junkie's Guide to Criminal Law is written specifically for the millions of crime junkies who make up the audiences for the variety of crime dramas, both real and fictional, that blaze across our screens night after night.

[The Bookie's Son, Andrew Goldstein](#) , 2012, 0984824502, 9780984824502. The year is 1960 and the place is the Bronx.

All twelve-year-old Ricky Davis wants to do is play stickball with his friends and flirt with the building super's daughter.

But when his father crosses gangster Nathan Glucksman and goes into hiding, Ricky has to take over his father's bookie business and figure out a way to pay back his debt-before the gangsters make good on their threats. Meanwhile, Ricky's mother, Pearl, a fading beauty of failed dreams, plots to raise the money by embezzling funds from one of her boss's clients: Elizabeth Taylor. Fast-paced, engrossing and full of heart, The Bookie's Son paints the picture of a family forced to decide just how much they're willing to sacrifice for each other-and at what cost.

[Equality and Tradition: Questions of Value in Moral and Political Theory, Samuel Scheffler](#) , 2012, 0199899576,

9780199899579. The notions of the cosmic city and the common law are central to early Stoic political thought. As Vogt shows, together they make up one complex theory. A city is a place governed by the law. Yet on the law pervading the cosmos can be considered a true law, and thus the cosmos is the only real city. A city is also a dwelling-place--in the case of the cosmos, the dwelling-place of all human beings. Further, a city demarcates who belongs together as fellow-citizens. The thought that we should view all other human beings as belonging to us constitutes the core of Stoic cosmopolitanism. All human beings are citizens of the cosmic city in the sense of living in the world. But the demanding task of acquiring wisdom allows a person to become a citizen in the strict sense: someone who lives according to the law, as the gods do. The sage is the only citizen, relative, friend and free person; via these notions, the Stoics explore the political dimensions of the Stoic idea of wisdom. Vogt argues against two widespread interpretations of the common law--that it consists of rules, and that lawful action is what right reason prescribes. While she rejects the rules-interpretation, she argues that the prescriptive reason-interpretation correctly captures key ideas of the Stoics' theory,

but misses the substantive side of their conception of the law. The sage fully understands what is valuable for human beings, and this makes her actions lawful. The Stoics emphasize the revisionary nature of their theory; whatever course of action perfect deliberation commands, even if it be cutting off one's limb and eating it, we should act on its command, and not be held back by conventional judgments. "[The book] provides an innovative and convincing way in which to understand a great many difficult Stoic ideas in the areas of politics and ethics. It also makes a very good case for integrating the political ideas into the context of Stoic ethics more generally. And best of all, it makes Stoic political theory seem reasonable, at least in the context of Stoicism as a whole - rather than simply crazy, as it has often looked before - and also makes it understandable why they should want to present this theory as political." - Richard Bett, The Johns Hopkins University

The author argues that the very scanty evidence about Zeno's Republic, if correctly understood, does not propose a framework for an actual city; rather it sets out what it would mean for someone to have wisdom (i.e. be virtuous, on the Stoic view): it would be to understand oneself as a citizen in the community of gods and men structured by the law constituted by perfect rationality. Her book thus aims to serve as a counterweight or alternative to Schofield's *The Stoic Idea of the City* ." - Charles Brittain, Cornell University

[A Bill to Make Racial Violence a Specific Criminal Offence, to Make Other Related Amendments of the Law, and for Connected Purposes, Great Britain. Parliament. House of Commons](#) , 1993, 0103100938, 9780103100937.

[The Universal Pedagogical: Theology.](#) , 2005, . This Universal Pedagogical Theology is commissioned to help the abused women, and all those who are associated with knowledge, which is a physical matter of limited resources, and \$1Billion 1mg Knowledge. This Universal Pedagogical Theology addresses the expressions, phrases, terms or otherwise, as related to data, information, and knowledge, of about the minimum expressions of 80 basic laws of nature, its ten commandments, Pillars, and international Protocols. [The Chatham School Affair, Thomas H. Cook](#) , 2010, 0307434834, 9780307434838. Attorney Henry Griswald has a secret: the truth behind the tragic events the world knew as the Chatham School Affair, the controversial tragedy that destroyed five lives, shattered a quiet community, and forever scarred the young boy. Layer by layer, in *The Chatham School Affair*, Cook paints a stunning portrait of a woman, a school, and a town in which passionate violence seems impossible...and inevitable. "Thomas Cook's night visions, seen through a lens darkly, are haunting," raved the *New York Times Book Review*, and *The Chatham School Affair* will cement this superb writer's position as one of crime fiction's most prodigious talents, a master of the unexpected ending. From the Paperback edition.

[Stolen Childhood: Slave Youth in Nineteenth-century America, Wilma King](#) , 2011, 0253222648, 9780253222640. One of the most important books published on slave society, *Stolen Childhood* focuses on the millions of children and youth enslaved in 19th-century America. This enlarged and revised edition reflects the abundance of new scholarship on slavery that has emerged in the 15 years since the first edition. While the structure of the book remains the same, Wilma King has expanded its scope to include the international dimension with a new chapter on the transatlantic trade in African children, and the book's geographic boundaries now embrace slave-born children in the North. She includes data about children owned by Native Americans and African Americans, and presents new information about children's knowledge of and participation in the abolitionist movement and the interactions between enslaved and free children.

[The Book of Werewolves, Sabine Baring-Gould](#) , 2008, 1605201138, 9781605201139. Eclectic British scholar SABINE BARING-GOULD (1834-1924) inspired *My Fair Lady*, wrote the hymn "Onward Christian Soldiers," and published more than five hundred literary works. Among his foremost folkloric studies is 1865's *The Book of Werewolves*, the first serious academic study of the shape-shifters of mythological lore. "This work is the most frequently cited early study of lycanthropy and is regarded by most scholars as the foundation work in the field," says cryptozoologist Loren Coleman in his new introduction. "The *Book of Werewolves* was so visionary that it foresaw that future discussions within werewolf studies would necessarily travel down many side paths. Indeed, midway through *The Book of Werewolves*, Baring-Gould treks into the shadowy world of crimes vaguely connected to werewolves, including serial murders, grave desecration, and cannibalism." This new edition, complete with the original illustrations, is part of Cosimo's Loren Coleman Presents series. LOREN COLEMAN is author of numerous books of cryptozoology, including *Bigfoot!: The True Story of Apes in*

America and Mothman and Other Curious Encounters.

[Nurturing Your Self While Caring for Another, Rose Kaszycki, Juanita Liepelt](#) , 2007, 097913174X, 9780979131745.

Nurturing Your Self While Caring for Another is for all those who face the prospect of caring for aging parents. The reflections shared in this book are written from their hearts, with the hope that readers will find the hope and courage, sprinkled with a smile and sense of humor, to carry on through what can be a very difficult time. Drawing on their own experiences, sisters Rose Kaszycki and Juanita Liepelt impart 31 days of inspirational thoughts, one for each day of the month, that point out the importance of the care you give to your self. "We hope that something in this little book will help you make good decisions in the care of your loved ones, and to understand that the most important decision you will make is to take good care of your self." Rose Kaszycki is a certified massage therapist, with a background in oncology massage. She is also a certified infant massage instructor. Rose is currently volunteering at Rush University Hospital, Chicago, working with cancer patients at the Cancer Integrative Medicine Program. Juanita received a B.S. in applied psychology from Loyola University Chicago, and an M.A. in pastoral studies from the Institute of Pastoral Studies/Loyola University Chicago. She is a Grief Recovery Specialist and received training from The Grief Recovery Institute . Juanita has created a series of workshops based on the practice of mindfulness and spiritual growth.

[The Spy Game, Georgina Harding](#) , 2010, 1408801000, 9781408801000. On a freezing January morning in 1961, eight-year-old Anna's mother disappears into the fog. That same morning, a spy case breaks in the news. Obsessed by stories of espionage, Anna's brother Peter begins to construct a theory that their mother, a refugee from eastern Germany, was an undercover spy and might even still be alive. As life returns to normal, Anna struggles to sort fact from fantasy. Did her mother have a secret life? And how do you know who a person was once she is dead?

[Elegant Failure: A Guide to Zen Koans, Richard Shrobe](#) , 2010, 1930485514, 9781930485518. Zen koans are stories of exchanges between Zen masters and their disciples at the moment of enlightenment or near-enlightenment. These stories have long fascinated Western readers because of their wisdom, humor, and enigmatic quality. Drawing on over 30 years of practice and teaching, Richard Shrobe (himself a recognized Zen Master) has selected 22 cases from The Blue Cliff Record and Wu-men-kuan that he finds deeply meaningful and helpful for meditation practice. In *Elegant Failure*, he provides a wealth of background information and personal anecdotes for each koan that help to illuminate its meaning without detracting from its paradoxical nature. As Shrobe reminds us, "The main core of Zen teaching is the bare bones of what is there. In a certain sense, embellishing a story takes away from the central teaching: Don't embellish anything, just be with it as it is."

[Pavarotti: My World, Luciano Pavarotti, William Wright](#) , 1996, 009964181X, 9780099641810. Every generation or so an opera singer attains the kind of public adulation and affection usually reserved for film stars or pop singers. Luciano Pavarotti reached this level of fame: he was the most celebrated tenor of all time, his concerts attended by thousands, his records selling millions of copies. In *Pavarotti: My World*, he talks candidly about his successes and trials, from his forays into popular music and his performances in China, to the boos he endured at La Scala, from the near-fatal illness of his youngest daughter, to his worldwide efforts to convert people to the joys of classical music and opera. Pavarotti's

acclaimed autobiography shows us how this great artist felt about his extraordinary voice, how he saw his work and how he regarded his extraordinary position in the world of music and entertainment. Generously illustrated with photographs taken from Pavarotti's private collection, this is an intimate, absorbing and wonderfully honest account of an astonishing talent.

[100 Haiku: Classic Japanese Poetry, Stefan Mager](#) , 2010, 0980843316, 9780980843316. Haiku is a form of Japanese poetry traditionally invoking an aspect of nature or the seasons. While English verse is typically characterised by meter, Haiku verse counts sound units, known as on. Traditional haiku consist of 17 on, in three phrases of 5, 7, 5. The fundamental aesthetic quality of haiku is that it is internally sufficient, independent of context, and will bear consideration as a complete work. With many beautiful illustrations.

[The Caribbean Short Story: Critical Perspectives, Lucy Evans, Mark A. McWatt, Emma Smith](#) , 2011, 1845231260, 9781845231262. The short story has been integral to the development of Caribbean literature, and continues to offer possibilities for invention and reinvigoration. As the most comprehensive study of its kind, this important and timely volume explores the significance of the short story form to Caribbean cultural production across the twentieth and twenty-first centuries. The twenty original essays collected here offer a unique set of inquiries and insights into the historical, cultural and stylistic characteristics of Caribbean short story writing. The book draws together diverse critical perspectives from established and emerging scholars, including Shirley Chew, Alison Donnell, James Procter, Raymond Ramcharitar and Elaine Savory. Essays cover the publishing histories of specific islands; intersections of the local, global and diasporic; treatments of race and gender; language, orality and genre; and cultural contexts from tourism to calypso to cricket.

[A Mother's Wish, Dilly Court](#) , 2010, 0099538776, 9780099538776. From this major talent in saga-writing, author of Mermaids Singing; The Cockney Sparrow; A Mother's Courage and The Constant Heart comes this compelling new story set in turn-of-the-twentieth-century London. Since the untimely death of her husband, young mother Effie Grey has been forced to live on a narrowboat owned by her tyrannical, crippled father-in-law Jacob. She is determined to protect her brother Tom and her baby son Georgie from Jacob's bullying ways. Effie and Tom see little of the pittance they are able to earn by trading along the River Lea, and with no other family to support them they have no choice but to put up with their increasingly difficult situation. When Tom is sent packing, Effie is driven to desperation and she steals Jacob's hidden cache of money and escapes with her son. She begins her frantic search for her beloved brother and vows that whatever happens she will make a home for Georgie and keep him safe from harm. From the Hardcover edition.

Chapters cover: establishment of the Court; mission and strategy objectives; jurisdiction and casework; appointment of justices; transparency and openness; a court on an international stage; corporate services; management commentary; and the accounts.

[The Soft Place, Kate Schapira](#) , 2012, 0982989628, 9780982989623. Poetry. "In my mind, THE SOFT PLACE makes traces around what works to keep us together or keep us going: kindness, stitches ('this inner thing is mine'), seeds, family lines, and the symmetries and asymptotes therein. With intimacy and intelligence, Schapira reminds us of those mirrors (between us and us, us and others or lovers, us and the wound or the world) that sometimes hold together, sometimes shatter: 'Nature doesn't mirror us, but it senses us.' She holds the shards between pictures up to each other in reciprocity, responsiveness; that is to say, she holds it together."Eleni Sikelianos

[Smith, L. A. Graf, Dafydd Ab Hugh](#) , 1998, 0671021850, 9780671021856. The ultimate Star Trek saga, spanning four thrilling adventures! Long ago, even before the days of myth and legend, our worlds belonged to them. Now, across time and space, comes a fury that will test every one of Starfleet's greatest heroes.... STAR TREK: FIRST STRIKE Diane Carey The Invasion begins when Captain Kirk receives a desperate plea for help from the Klingon Empire. A mysterious starship has invaded Klingon space, but the worst is yet to come as Kirk discovers that this ship is only the vanguard of a vast alien fleet intent on conquering the entire Alpha Quadrant! STAR TREK: THE NEXT GENERATION THE SOLDIERS OF FEAR Dean Wesley Smith & Kristine Kathryn Rusch After a century of peace, the Furies return, more powerful than before. Now their arsenal includes a way to project incapacitating fear into the minds of their enemies. To defeat the enemy and save the Federation, Captain Picard and his crew must first conquer the darkest terrors of their unconscious minds! STAR TREK: DEEP SPACE NINE TIME'S ENEMY L.A. Graf Millennia ago, the Furies were first driven from the Alpha Quadrant, but what became of the enemy that drove them out? The answer may lie in a mysterious starship found frozen in an icy cloud of cometary debris. Now Captain Sisko must discover the secrets of the past to ensure the future of the Federation! STAR TREK VOYAGER THE FINAL FURY Dafydd ab Hugh Far from the Federation, now under assault by the Furies, Captain Janeway discovers the very source of the Invasion itself. Now, at last, "Voyager" takes the battle to the enemy -- for the sake of a homethey may never see again! Collected at last...the bestselling "Star Trek" epic of all time!

[Teaching Students with Mild Disabilities: Instructor's Manual with Tests, William N. Bender](#) , 1992, .

[Youth, J. M. Coetzee](#) , 2003, 0099433621, 9780099433620. A searing portrait of a young colonial in early 1960s London -- from the two-time winner of the Booker Prize. Youths narrator, a student in 1950s South Africa, has long been plotting an escape from his native country. Studying mathematics, reading poetry, saving money, he tries to ensure that when he arrives in the real world he will be prepared to experience life to its full intensity, and transform it into art. Arriving at last in London, however, he finds neither poetry nor romance. Instead he succumbs to the monotony of life as a computer programmer from which random, loveless affairs offer no relief. Devoid of inspiration, he stops writing and begins a dark pilgrimage in which he is continually tested and continually found wanting. Youth is a remarkable portrait of a consciousness turning in on itself. J.M. Coetzee explores a young mans struggle to find his way in the world, with tenderness and a fierce clarity.

[The Ageless Woman: Natural Health And Beauty After Forty With Maharishi Ayurveda, Nancy Lonsdorf](#) , 2004, 0972123350, 9780972123358. Inspiring, Informative, and Empowering, The Ageless Woman weaves timeless wisdom and the latest medical discoveries into a unique, highly-effective anti-aging guide for women. Natural medicine expert, Dr. nancy Lonsdorf, presents a highly-individualized, practical handbook, rich in health tips, weight-control strategies, and treasured beauty secrets from Maharishi Ayurveda, the complete system of natural medicine from the Vedic tradition of

ancient India. With the insightful guidance of *The Ageless Woman*, every woman can grow in health, beauty, and fulfillment after forty.

[Eat Smart in Indonesia: How to Decipher the Menu, Know the Market Foods and Embark on a Tasting Adventure, Joan B. Peterson, David C. Peterson](#) , 1997, 0964116812, 9780964116818. The third in the EAT SMART series is a

comprehensive, readable survey of the whole scope of Indonesian gastronomy. It confers savvy to partake as fully and gloriously of Indonesian food as desired and is essential reading for any foodie visiting this vast archipelago. The newest (and third) guide in this authoritative series *Eat Smart in Indonesia: How to Decipher the Menu, Know the Market Foods & Embark on a Tasting Adventure* is a paean to Indonesian cuisine. It contains a rich historical perspective on the origins and varieties of Indonesian food and extensive background on the delectable regional dishes. Indonesian phrases are included to make ones culinary adventure even more successful. At the core of the book are two extensive glossaries in Indonesian with English translations. The Menu Guide demystifies food selection, allowing visitors to order with confidence in restaurants; the Foods & Flavors Guide is a comprehensive list of foods, spices, cooking utensils, cooking styles, etc., to make shopping in the colorful outdoor markets easy and fun. Authors Joan and David Peterson (inveterate travelers, cooks, seekers of unusual herbs and spices, and new ways to prepare familiar ingredients) have added a delicious bonus by providing a chapter of recipes for travelers to preview the tastes before departure, thus broadening the guides appeal to cookbook lovers as well. From deep within the New York hip-hop scene, author and b-boy Joe Schloss takes participant/observer fieldwork to its extreme. The first serious study of b-boying, the pre-eminent form of hip-hop dance commonly known as "breakdancing," Foundation: B-boys, B-girls and Hip-Hop Culture in New York holds to its name, presenting a truly foundational study of the core concepts in the history, practice, and pedagogy of the dance form. The book delivers a powerful new paradigm for the study of hip-hop culture and of popular culture more broadly, and promises to become a seminal text in hip-hop scholarship and dance theory.

[New & Selected Potatoes, John Hegley](#) , 2013, 1852249781, 9781852249786. Poet, comic, singer, songwriter, and glasses-wearer, John Hegley has captivated and devastated audiences all over the UK, in theatres and festivals, at gigs at the Edinburgh Festival, and with numerous appearances on radio and television. This new compilation shows the breadth of his appeal, with seriously funny, cleverly comic poems on everything from love, family, France, art, and the sea; to dogs, dads, gods, taxidermy, carrots, spectacles, and - of course - potatoes.

[Sleepless Souls: Suicide in Early Modern England, Michael MacDonald](#) , 1990, 0198229194, 9780198229193. Sleepless Souls is a social and cultural history of suicide in early modern England. Self-murder was regarded as a heinous crime in Tudor and Stuart England, and was subject to savage punishments. Those who committed suicide had their property forfeited to the crown, and their bodies were denied Christian burial and desecrated. In Georgian England suicide was in practice de-criminalized, tolerated and even sentimentalized. Michael MacDonald and Terence R. Murphy, using a wide

variety of contemporary sources, especially local records, trace the causes of this dramatic change in attitude. They analyse suicide within its contemporary context, relating shifts in opinion and practice to the complex framework of life in early modern England. Political events, religious changes, philosophical fashions, conflicts between centre and localities, and differing class interests all played their part. The authors' focus on the trauma of death by suicide uncovers the forces that were reshaping the mental outlook of different English classes and social groups. Their detailed and scholarly exploration of the 'crime' of self-murder thus provides a history of social and cultural change in English society over three centuries.

[America in 1857 : A Nation on the Brink: A Nation on the Brink, Berkeley Kenneth M. Stamp Morrison Professor of History Emeritus University of California](#) , 1990, 0199729034, 9780199729036. It was a year packed with unsettling events. The Panic of 1857 closed every bank in New York City, ruined thousands of businesses, and caused widespread unemployment among industrial workers. The Mormons in Utah Territory threatened rebellion when federal troops approached with a non-Mormon governor to replace Brigham Young. The Supreme Court outraged northern Republicans and abolitionists with the Dred Scott decision ("a breathtaking example of judicial activism"). And when a proslavery minority in Kansas Territory tried to foist a proslavery constitution on a large antislavery majority, President Buchanan reneged on a crucial commitment and supported the minority, a disastrous miscalculation which ultimately split the Democratic party in two. In *America in 1857*, eminent American historian Kenneth Stamp offers a sweeping narrative of this eventful year, covering all the major crises while providing readers with a vivid portrait of America at mid-century. Stamp gives us a fascinating account of the attempt by William Walker and his band of filibusters to conquer Nicaragua and make it a slave state, of crime and corruption, and of street riots by urban gangs such as New York's Dead Rabbits and Bowery Boys and Baltimore's Plug Uglies and Blood Tubs. But the focus continually returns to Kansas. He examines the outrageous political frauds perpetrated by proslavery Kansans, Buchanan's calamitous response and Stephen Douglas's break with the President (a rare event in American politics, a major party leader repudiating the president he helped elect), and the whirl of congressional votes and dramatic debates that led to a settlement humiliating to Buchanan--and devastating to the Democrats. 1857 marked a turning point, at which sectional conflict spun out of control and the country moved rapidly toward the final violent resolution in the Civil War. Stamp's intensely focused look at this pivotal year illuminates the forces at work and the mood of the nation as it plummeted toward disaster.

[Yoga for Anxiety: Meditations and Practices for Calming the Body and Mind, Mary NurrieStearns, Rick NurrieStearns](#) , 2010, 1572246510, 9781572246515. Many of us face daily demands and overwhelming difficulties that cause seemingly uncontrollable feelings of anxiety and fear. When you feel this way, it's healing to calm yourself and to reclaim your sense of innate goodness and well-being. For centuries, yoga has offered a quiet retreat away from life's pressures and has enabled us to reconnect to our inner wisdom and peace. Regular yoga practice has been proven to calm stress, enhance concentration, and reduce the symptoms of anxiety. This book offers meditations, mindfulness practices, self-inquiry exercises, and yoga poses that soothe anxious feelings and develop mental clarity. Before long, you'll free yourself from the anxiety and fears that hold you back and learn to live with a more open heart and resilient mind. Just as yoga helps you feel more at home in your body, the mental and physical practices in Yoga for Anxiety help you increase your sense of contentment in life.

[Bird Child, Nan Forler](#) , 2009, 0887768946, 9780887768941. Bullying and the ability to rise above it are at the heart of this strikingly beautiful picture book. All school-aged children have either bullied, been bullied, or witnessed bullying, and all too often, they feel powerless to stop what has been set in motion. Such is not the case with Eliza. Her mother has given her wings to fly and the ability to see all the possibilities that lie before her. So, when bullies pick on the new student, Lainey, gradually robbing her of her smile and ability to paint beautiful pictures, Eliza wants to help, and she does, by finding a way to show Lainey all that she can be. Then in the schoolyard, Eliza stands up to the bullies. One by one, the other children add their voices, and soon the bullies have skulked away. Lyrical and eloquent yet realistic and down to earth, Nan Forlers text is complemented beautifully with Francois Thisdales haunting images. This is a book for every child, every classroom, and every library.

[The Well of Destiny, Jerome Goddard](#) , 2010, 0982532156, 9780982532157. Dr. Judd Manson, disillusioned by the South, soured on marriage, returns to Mississippi to investigate a lethal disease outbreak. The disease, mosquito-carried encephalitis, suddenly emerges in late July in the southeastern corner of the State and health department officials scramble to contain the outbreak. The new form of Encephalitis is unique, making genetic engineering or bioterrorism real possibilities. The Centers for Disease Control in Ft. Collins send the 39 year-old Dr. Manson (a specialist in infectious disease outbreaks) to Mississippi to aid local Health Department officials in handling the outbreak. He hates going back to the South because he was deeply offended during adolescence by the rigid, prim and proper South and pressures to conform. During his investigation, Judd discovers that infectious disease outbreaks are bad enough by themselves, but immensely more serious when intentionally spread. He also learns while working the outbreak that more important than the disease itself is that life is really all about going home.

[Persons, Situations, and Emotions : An Ecological Approach: An Ecological Approach, Hermann Brandstatter Professor in](#)

[the Department of Social and Economic Psychology Johannes Kepler University \(Emeritus\), Andrzej Elias Professor and](#)

[Chair of the Temperament and Ecological Bases of Personality Development Unit at the Institute of Psychology Polish](#)

[Academy of Sciences](#) , 2001, 019535057X, 9780195350579. People's experience in their everyday lives has attracted much research interest in the past two decades. This book focuses on the interplay of temperament and other personality traits with characteristics of situations and events in hourly and daily mood fluctuations. All contributors used the Time Sampling Diary (TSD) in collecting data from a variety of populations over several weeks, at least four times a day at randomly selected points of time. Part 1 of the book introduces the TSD technique with detailed instructions for data collection, coding, and analysis. Part 2 covers reports on a study of Polish bank employees. The chapters of Part 3 reflect the experience of dangerous work situations in a steel factory, the emotional adjustment of adolescents to short and long-term unemployment, and the influences of husbands' daily or weekly commuting on their wives coping with housework and childcare. The chapters of Part 4 take a more philosophical approach to the material. The first contribution shows that personality traits influence well-being primarily in situations characterized by freedom of choice; the second introduces a rather new methodological approach clarifying the affinities of situations and subjective experience.

[Bluegrass Winners: A Cookbook](#) , 1985, 0961444207, 9780961444204. There is a close relationship between horse farms and entertaining that has made the hospitality of Kentucky famous throughout the world. This collection is a compilation of many family traditions and grand dining events.

[The Locke Reader: Selections from the Works of John Locke with a General Introduction and Commentary, John Locke](#) , 1977, 0521290848, 9780521290845. John Yolton seeks to allow readers of Locke to have accessible in one volume sections from a wide range of Locke's books, structured so that some of the interconnections of his thought can be seen and traced. Although Locke did not write from a system of philosophy, he did have in mind an overall division of human knowledge. The readings begin with Locke's essay on Hermeneutics and the portions of his Essay Concerning Human Understanding on how to read a text. The rest of the selections are organized around Locke's division of human knowledge into natural science, ethics, and the theory of signs. Yolton's introduction and commentary explicate Locke's doctrines and provide the reader with the general background knowledge of other seventeenth-century writers and their works necessary to an understanding of Locke and his time.

[3D Fibre Reinforced Polymer Composites, L. Tong, A.P. Mouritz, M. Bannister](#) , 2002, 0080525822, 9780080525822.

Fibre reinforced polymer (FRP) composites are used in almost every type of advanced engineering structure, with their usage ranging from aircraft, helicopters and spacecraft through to boats, ships and offshore platforms and to automobiles, sports goods, chemical processing equipment and civil infrastructure such as bridges and buildings. The usage of FRP composites continues to grow at an impressive rate as these materials are used more in their existing markets and become established in relatively new markets such as biomedical devices and civil structures. A key factor driving the increased applications of composites over the recent years is the development of new advanced forms of FRP materials. This includes developments in high performance resin systems and new styles of reinforcement, such as carbon nanotubes and nanoparticles. This book provides an up-to-date account of the fabrication, mechanical properties, delamination resistance, impact tolerance and applications of 3D FRP composites. The book focuses on 3D composites made using the textile technologies of weaving, braiding, knitting and stitching as well as by z-pinning.

[The Justice Trilogy: Dustland, Justice and Her Brothers, and The Gathering, Virginia Hamilton](#) , 2012, 1453276785, 9781453276785. In this dystopian fantasy series, four children must uncover the secrets of their magical powers Justice and Her Brothers For Justice and her identical twin brothers Levi and Thomas, the summer begins like any other. But as the slow days pass, Justice begins to notice a strange energy between her brothers, beyond their normal twin connection. Thomas becomes increasingly bossy and irritable, while Levi seems weak and absentminded. And there are changes happening within Justice, as well. Soon she discovers that she possesses a mysterious, extraordinary ability. Will Justice and her brothers uncover the secret behind their newfound powers? Dustland Using their psychic abilities, the four children have formed a unit: Justice, the Watcher; Dorian, the healer; Thomas, the magician; and Levi, the sufferer. Together, they mind-travel to a strange future world called Dustland. And together they can survive anything. But when tensions run high between Thomas and Justice, will Thomas leave them stranded in this desolate land? With the future of their unit uncertain, the children are threatened by an even greater danger: Mal, the evil entity that controls Dustland. Will they unite in time to fight against this new threat? The Gathering Justice, the Watcher; Thomas, the magician; Levi, the sufferer; and Dorian, the healer, know they have unfinished business in the future. They join together once again and time-travel to Dustland. The unit hopes to guide the beings of Dustland out of the dangerous, barren place in the hopes of finding a safer home. But neither the unit nor the inhabitants of Dustland are truly safe as long as the sinister Mal remains in power. Will the four children be able to overcome Mal once and for all?

[Race, Rape, and Lynching : The Red Record of American Literature, 1890-1912: The Red Record of American Literature, 1890-1912, Ann Arbor Sandra Gunning Assistant Professor of English University of Michigan](#) , 1996, 0195356659,

9780195356656. In the late nineteenth century, the stereotype of the black male as sexual beast functioned for white supremacists as an externalized symbol of social chaos against which all whites would unite for the purpose of national renewal. The emergence of this stereotype in American culture and literature during and after Reconstruction was related to the growth of white-on-black violence, as white lynch mobs acted in "defense" of white womanhood, the white family, and white nationalism. In *Writing a Red Record* Sandra Gunning investigates American literary encounters with the conditions, processes, and consequences of such violence through the representation of not just the black rapist stereotype, but of other crucial stereotypes in mediating moments of white social crisis: "lascivious" black womanhood; avenging white masculinity; and passive white femininity. Gunning argues that these figures together signify the tangle of race and gender representation emerging from turn-of-the-century American literature. The book brings together Charles W. Chestnutt, Kate Chopin, Thomas Dixon, David Bryant Fulton, Pauline Hopkins, Mark Twain, and Ida B. Wells: famous, infamous, or long-neglected figures who produced novels, essays, stories, and pamphlets in the volatile period of the 1890s through the early 1900s, and who contributed to the continual renegotiation and redefinition of the terms and boundaries of a national dialogue on racial violence.

[The Russian Word's Worth: A Humorous and Informative Guide to Russian Language, Culture and Translation, Mishel Berdi](#) , 2011, 5717200919, 9785717200912. The book will sure find its way into the classroom. Publishing Trends A

quirky, opinionated, sometimes hilarious yet always thoughtful and authoritative guide, Michele A. Berdy looks at Russia's changing culture, politics, and daily life through language and the art of translation. She explores the language of popular and youth culture, politics, the workplace, culture (high and low), and the comical struggle of expats trying to cope with a foreign language and culture. The entries in this book are grouped thematically, and with the forty-eight page index, it can be used as a dictionary. *The Russian Word's Worth* is essential reading for students and teachers of Russian, translators, Russia-watchers, and anyone who wants to understand Russia today.

[Souls in Exile, David Hair](#) , 2011, 8184755473, 9788184755473. Bollywood actress Sunita Ashoka's reality show Swayamvara Live has ended in bloodshed and disaster. Vikram, Amanjit and Rasita are on the run, accused of the actress' murder. Exiled like the heroes of the Ramayana, they are seemingly beset by the same perils, especially when Vikram encounters an unlikely temptress. Then another tragedy, also foretold in the Ramayana, forces Vikram into the open. But there is hope: Amanjit's skills as a warrior are returning, Rasita is beginning to remember her own past lives, and Deepika is awakening to powers undreamt. But the Enemy, Ravindra, has also found allies-the nightmarish Rakshasa army. Memories and legends are coming alive all over India, from the bloodied sands of Ullal and the fortress of Jhansi to secret places in Mumbai, Pushkar and Varanasi. The fight to the finish has begun . . .

[Academic Careers and the Gender Gap, Maureen Baker](#) , 2012, 0774823984, 9780774823982. Women earn nearly half of all new PhDs in Canada, the United States, Australia, New Zealand, and the United Kingdom. Why, then, do they occupy a disproportionate number of the junior-level positions at universities while their male counterparts continue to snap up 80 percent of the more prestigious jobs? In *Academic Careers and the Gender Gap*, Maureen Baker explains the reasons behind this inequality, drawing on interviews with male and female scholars, previous research, and her own thirty-eight-year academic career. Using a feminist political economy and interpretive theoretical framework, she argues that current university priorities and collegial relations often magnify the impact of gendered families and identities and perpetuate the academic gender gap. Baker sets academia in the wider context of restructuring labour markets and gendered earning patterns within families. The result is a revealing portrait of significant and persistent differences in job security, institutional affiliation, working hours, rank, salary, job satisfaction, collegial networks, and career length between male and female scholars.

[The Last Blackrobe of Indiana: And the Potawatomi Trail of Death, John William McMullen](#) , 2006, 0979130409, 9780979130403. From the author of *Roman: Unparalleled Outrage* comes a true story of a French attorney-turned missionary priest, Benjamin Petit, and his mission to the Diocese of Vincennes, Indiana. Under the urging of Bishop Simon Brute, Petit joined the northern Indiana Potawatomi tribes in 1837, a year before their forced removal west. McMullen retells the story of Petit, who traveled with the Potawatomi and became part of their story. Of all the names connected with this crime, there is one, Father Benjamin Petit, the Christian martyr, which stands like a star in the firmament, growing brighter and it will shine on through ages to come. Benjamin Stuart John William McMullen, a native of Vincennes, Indiana, holds a Masters Degree in Theological Studies from Saint Meinrad School of Theology in Indiana. He is a Third Order Benedictine Oblate; a member of the Thomas More Society of Southwestern Indiana; and a member of the Holy Cross Historical Society of Notre Dame, Indiana. He is a Theology Instructor at Mater Dei High School in Evansville, Indiana, and an adjunct Philosophy Professor at Ivy Tech Community College of Indiana. McMullen has written numerous articles on religion and politics, a collection of short stories, and five previous novels: *ROMAN: Unparalleled*

Outrage; Defector From Hell; Utopia Revisited; 2084: Tomorrow is Today; and Poor Souls. He is currently working on another novel. He resides in Evansville with his wife and children.

[The Neuropsychology of Vision, Manfred Fahle, Mark W. Greenlee](#) , 2003, 0198505825, 9780198505822. The Neuropsychology of Vision describes a range of new approaches to neuropsychological investigation and provides a broad overview of visual neuropsychology. The book starts by presenting the results from new research employing single-unit recordings, on the neuronal basis of perception demonstrating that the visual system relies strongly on feedback from higher to lower levels of information processing, and that neuronal plasticity exists in the primary sensory cortices of adults, areas previously considered to be hard-wired. The book also describes other new and adapted techniques to measure brain activity, including multi-unit sum potential recording, functional magnetic resonance imaging and employing transcranial stimulation to induce temporary, circumscribed lesions in the cortices of normal subjects to mimic disorders. The coverage then moves on to review the experience of patients suffering from disturbances of visual perception. The disorders covered include agnosia, neglect, blindsight and achromatopsia. The final chapter is devoted to recovery and rehabilitation from cerebral visual disorder. Professors Fahle and Greenlee have brought together some of the leading international specialists in the field to provide this comprehensive and up-to-date review.

[Handbook of Low and High Dielectric Constant Materials and Their Applications, Hari Singh Nalwa](#) , 1999, 0125139055, 9780125139052. Recent developments in microelectronics technologies have created a great demand for interlayer dielectric materials with a very low dielectric constant. They will play a crucial role in the future generation of IC devices (VLSI/UISI and high speed IC packaging). Considerable efforts have been made to develop new low as well as high dielectric constant materials for applications in electronics industries. Besides achieving either low or high dielectric constants, other materials' properties such as good processability, high mechanical strength, high thermal and environmental stability, low thermal expansion, low current leakage, low moisture absorption, corrosion resistant, etc., are of equal importance. Many chemical and physical strategies have been employed to get desired dielectric materials with high performance. This is a rapidly growing field of science--both in novel materials and their applications to future packing technologies. The experimental data on inorganic and organic materials having low or high dielectric constant remain scattered in the literature. It is timely, therefore, to consolidate the current knowledge on low and high dielectric constant materials into a single reference source. Handbook of Low and High Dielectric Constant Materials and Their Applications is aimed at bringing together under a single cover (in two volumes) all low and high dielectric constant materials currently studied in academic and industrial research covering all aspects of inorganic and organic materials from their synthetic chemistry, processing techniques, physics, structure-property relationship to applications in IC devices. This book will summarize the current status of the field covering important scientific developments made over the past decade with contributions from internationally recognized experts from all over the world. Fully cross-referenced, this book has clear, precise, and wide appeal as an essential reference source for all those interested in low and high dielectric constant material.

[Good-bye Round Robin, Updated Edition: 25 Effective Oral Reading Strategies, Michael F. Opitz, Timothy V. Rasinski](#) , 2008, 0325025800, 9780325025803. Good-bye Round Robin offers numerous practical suggestions for engaging English language learners in meaningful oral-language activities, all connected to wonderful, recently-published books for

students of different ages and reading abilities. Opitz' book provides specific strategies teachers can use to help their ELLs develop both oral and written English proficiency. This book is an excellent resource for any teacher, but it is an especially useful resource for teachers of English language learners.- Yvonne and David Freeman Authors of Essential Linguistics and Teaching Reading in Multilingual Classrooms Oral reading can increase the comprehension, fluency, and strategic thinking of every reader - if you have the right strategies. Good-bye Round Robin, Updated Edition, gives you the 25 best ways to turn oral reading into one of your most effective literacy tools. Good-bye Round Robin, Updated Edition, makes it easy to work the right amount and the right types of oral reading into your teaching. Michael Opitz and Timothy Rasinski present proven oral-reading strategies, every one of which fits easily into your existing literacy block routines. And this Updated Edition goes further than ever to help you get the most from every oral-reading opportunity. It's newly designed to help you match readers to instruction more quickly and confidently. Opitz and Rasinski have revised and expanded their booklists to include over 300 new children's literature titles, enabling you to choose the best book for your lessons and your readers. What's more they offer classroom-tested ways to use oral reading to support struggling readers and English learners at all stages of language acquisition. Use Good-bye Round Robin, Updated Edition, and make the most of oral reading.

[Over the Rooftops of Time: Jewish Stories, Essays, Poems, Myra Sklarew](#) , 2003, 0791455769, 9780791455760. In this collection of essays, stories, and poems, award-winning poet and fiction writer Myra Sklarew traces a journey across the latter half of the twentieth century and into the twenty-first. Her point of view is Jewish, though her subjects include science, exile, the future, the Holocaust, the remaining Jewish community of Morocco, Yiddish poetry, the visual arts, and teaching. Many of these pieces deal with personal subjects: the search for a grandfather's birthplace, the death of a mother, the profound effect of a teacher, the struggle of a woman to embrace Judaism. Whether writing about medicine, Messiah, or the first speech of an infant, Sklarew's work finds its roots in Judaism, a Judaism fashioned in large part by the author's own hands. Ultimately, the book is about access, about following one's own curiosity despite the obstacles that might appear along the way. And it is about a kind of belief: that nothing will be wasted, that all that we can learn will have a place in our lives eventually, though we may not know its purpose at the time.

[The Trouble Between Us: An Uneasy History of White And Black Women in the Feminist Movement, Wini Breines](#) , 2006, 0195179048, 9780195179040. Inspired by the idealism of the civil rights movement, the women who launched the radical second wave of the feminist movement believed, as a bedrock principle, in universal sisterhood and color-blind democracy. Their hopes, however, were soon dashed. To this day, the failure to create an integrated movement remains a sensitive and contested issue. In *The Trouble Between Us*, Winifred Breines explores why a racially integrated women's

liberation movement did not develop in the United States. Drawing on flyers, letters, newspapers, journals, institutional records, and oral histories, Breines dissects how white and black women's participation in the movements of the 1960s led to the development of separate feminisms. Herself a participant in these events, Breines attempts to reconcile the explicit professions of anti-racism by white feminists with the accusations of mistreatment, ignorance, and neglect by African American feminists. Many radical white women, unable to see beyond their own experiences and idealism, often behaved in unconsciously or abstractly racist ways, despite their passionately anti-racist stance and hard work to develop an interracial movement. As Breines argues, however, white feminists' racism is not the only reason for the absence of an interracial feminist movement. Segregation, black women's interest in the Black Power movement, class differences, and the development of identity politics with an emphasis on "difference" were all powerful factors that divided white and black women. By the late 1970s and early 1980s white feminists began to understand black feminism's call to include race and class in gender analyses, and black feminists began to give white feminists some credit for their political work. Despite early setbacks, white and black radical feminists eventually developed cross-racial feminist political projects. Their struggle to bridge the racial divide provides a model for all Americans in a multiracial society.

[Exceptional Learners: An Introduction to Special Education, Daniel Patrick Hallahan, James M. Kauffman, Paige C. Pullen](#) , 2012, 0132626993, 9780132626996. Exceptional Learners is an outstanding introduction to the characteristics of exceptional learners and their education, emphasizing classroom practices as well as the psychological, sociological, and medical aspects of disabilities and giftedness. In keeping with this era of accountability, all discussions and examples of educational practices are grounded in a sound research base. With hundreds of new references added to the 12th edition, the authors are committed to bringing the most current and credible perspectives to bear on the ever-increasing complexity of educating students with special needs in today's schools. The authors have written a text that reaches the heart as well as the mind, promoting a conviction that professionals working with exceptional learners need to develop not only a solid base of knowledge, but also a healthy attitude toward their work and the people whom they serve, and constantly challenge themselves to acquire a solid understanding of current theory, research, and practice in special education and to develop an ever more sensitive understanding of exceptional learners and their families. [Pharmaceutical Chemistry, Jill Barber, Chris Rostron](#) , 2013, 0199655308, 9780199655304. Taking medication is a common occurrence for many people, whether it is to soothe an aching head, regulate blood sugars, or to treat life threatening conditions, such as HIV or cancer. In the UK alone, over 900 million prescriptions are dispensed every year. Overseeing all of this are pharmacists: experts in medicines and their use. The Integrated Foundations of Pharmacy series supports those who are at the beginning of their journey to become a pharmacist. The reader will begin to understand how a drug molecule is made; the process that turns it into a medicine; the role the pharmacist has when dispensing that medicine; and what happens in the body when it is taken. Most importantly, the series shows how each of these aspects are integrated, reflecting the most up-to-date teaching practices. Pharmaceutical Chemistry provides a

wide-ranging overview of organic chemistry as applied to the study and practice of pharmacy. Drugs are simply chemicals, so to fully understand their manufacture, formulation, and the way they work in our bodies, an understanding of organic compounds and their reactions is essential. Online Resource Centre The Online Resource Centre to accompany Pharmaceutical Chemistry features: For registered adopters of the book: - Figures from the book, available to download. For students: - Self-assessment questions to help the reader to check and reinforce understanding of the material introduced in each chapter. - Related additional resources.

[The Theology of William Tyndale, Ralph S. Werrell, Rowan Williams](#) , 2006, 0227679857, 9780227679852. In his major new study, Ralph Werrell, focuses on the richness of Tyndale's intellectual background. The great reformer's theological roots lie in the Lollard tradition, but his expression and thrust show the range and depths of the influences on him. Although he used continental theology, he was not influenced by it. Werrell scrutinizes all these factors, presenting a fresh and original picture of the Protestant martyr. Tyndale started a new strand of Reformation theology. He should be recognised not only for his contribution to the development of the English language, but also for providing us with a reformed theology, bringing new scriptural insights into Christian and academic thinking. Tyndale's contribution to English thought has all too often been under-played and Werrell redresses the balance. His work is: . The first examination of Tyndale's corpus in the setting of his full theological thinking. . A study 'urgently needed', according to Professor David Daniell, Chairman of the Tyndale Society, given that the genial theologian is increasingly seen as the father of the English Bible. . An essential basis for a better understanding of Tyndale's reading of the New Testament, as well as for further works on the subject. . Aimed primary at those concerned with the theology and history of the early Reformation, and non-specialist readers interested in William Tyndale. The Author: Ralph Werrell is an Anglican priest whose doctoral thesis forms the basis for this book. He participated in the foundation of the Tyndale Society in 1995. As an Honorary Research Fellow at the University of Birmingham, Dr. Werrell is currently studying the roots of Tyndale's theology.

[Eight Mistakes Women Make in Relationships: A Woman's Guide to Getting it Right, Tony A. Gaskins Sr](#) , 2011, 0984482237, 9780984482238. This book is a hand-guide for women. [Not Like Us: How Europeans Have Loved, Hated, and Transformed American Culture Since World War II, Richard Pells](#) , 2008, 0786723963, 9780786723966. It is a common experience for Americans traveling in Europe to discover that the cultural icons of the United States have followed them across the Atlantic. On the billboards are Michael Jordan and Arnold Schwarzenegger, on the television are Seinfeld and Friends, and on the radio are Garth Brooks and Madonna. Much has been written about the influence of McDonald's or about the "Coca-colonization" of the world, but in Not Like Us, the eminent historian Richard Pells examines the more subtle and intriguing interplay between America and Europe in the decades since the end of World War II. In a masterful analysis of the past fifty years, Pells describes how the cultures on each side of the Atlantic have transformed one another, and he reveals the reasons why the Europeans never became truly "Americanized" and why it was a good thing that they didn't.

[Perinatal and Pediatric Respiratory Care, Page 445](#), , Brian K. Walsh, Michael P. Czervinske, Robert M. DiBlasi , 2009, 1416024484, 9781416024484. With the in-depth coverage you need, this text helps you provide quality treatment for neonates, infants and pediatric patients. It discusses the principles of neonatal and pediatric respiratory care while emphasizing clinical application. Not only is this edition updated with the latest advances in perinatal and pediatric medicine, but it adds a new chapter on pediatric thoracic trauma plus new user-friendly features to simplify learning. A comprehensive approach covers all of the major topics of respiratory care for neonates, infants and children, including both theory and application. Exam preparation is enhanced by the inclusion of the content in the exam matrix for the NBRC's neonatal/pediatric specialty exam. A streamlined, logical organization makes it easy to build a solid foundation of knowledge. Unique Pediatric Thoracic Trauma chapter focuses on common forms of thoracic trauma, a condition that accounts for 5-10% of admissions to pediatric trauma centers. Learning objectives at the beginning of each chapter highlight what you should learn by breaking down key content into measurable behaviors, criteria, and conditions. Assessment questions in each chapter are written in the NBRC multiple-choice style as found on the neonatal and pediatric specialty exam, with answers, page references, and rationales available on a companion Evolve website. Case studies help you master the more difficult areas of care for neonatal and pediatric disorders. New learning features and a fresh look make this text easier to study and use. A companion Evolve website includes links to related sites for further research and study.

[The Quirk](#), Gordon Merrick , 1998, 1555832946, 9781555832940. "The Quirk" tells the story of Rod, a handsome, rich artist whose casual affair with an attractive male model may be more than just a "quirk" to be discounted along with his affairs with women.

[Seeds of the Kingdom : Utopian Communities in the Americas: Utopian Communities in the Americas](#), Anna L. Peterson Professor of Religion University of Florida , 2005, 0198040431, 9780198040439. In these skeptical and disillusioned

times, there are still groups of people scattered throughout the world who are trying to live out utopian dreams. These communities challenge the inevitability and morality of dominant political and economic models. By putting utopian religious ethics into practice, they attest to the real possibility of social alternatives. In *Seeds of the Kingdom*, Anna L. Peterson reflects on the experiences of two very different communities, one inhabited by impoverished former refugees in the mountains of El Salvador and the other by Amish farmers in the Midwestern U.S. What makes these groups stand out among advocates of environmental protection, political justice, and sustainable development is their religious orientation. They aim, without apology, to embody the reign of God on earth. The Salvadoran community is grounded in Roman Catholic social thought, while the Amish adhere to Anabaptist tradition. Peterson offers a detailed portrait of these communities' history, social organization, religious life, environmental values, and agricultural practices. She discovers both practical and ideological commonalities in these two comparatively successful and sustainable communities, including a strong collective identity, deep attachment to local landscapes, a desire to preserve non-human as well as human lives, and, perhaps unexpectedly, a utopian horizon that provides both goals and the hope of reaching them. By examining the process by which people struggle to live according to a transcendent value system, she sheds light on both the actual and the potential place of religion in public life. Peterson argues that the Amish and Salvadoran communities, geographically and culturally removed from the industrialized West, have relevance for the political and environmental problems of the developed world. These communities have succeeded in the face of significant internal and external challenges, offering important practical and theoretical lessons on how to achieve ecological sustainability and social justice in the wider world.

[Open Questions: Reading for Critical Thinking and Writing, Chris Anderson, Lex Runciman](#) , 2005, 0312416350, 9780312416355. We all make many ethical choices, small and large, every day. Should we give money to that homeless person? Should we shade the truth to protect someone else's feelings? Should we endanger ourselves by chasing that purse-snatcher? A first-year college composition course devoted to critical thinking and writing presents an ideal opportunity for students to reflect on what goes into making such decisions, and to refine their own understanding of what constitutes ethical action. The first reader to tap into this opportunity, *Open Questions* presents a wide variety of perspectives on profound ethical issues, along with a unique method of approaching those issues based on careful listening, analytic thinking, and persuasive writing.

[Kurt Godel: Selected Correspondence, Solomon Feferman, John William Dawson, Warren Goldfarb, Charles Parsons](#) , 2004, 0198566026, 9780198566021. Kurt Godel was one of the most outstanding logicians of the twentieth century, famous for his work on the completeness of logic, the incompleteness of number theory, and the consistency of the axiom of choice and the continuum hypothesis. He is also noted for his work on constructivity, the decision problem, and the foundations of computation theory, as well as for the strong individuality of his writings on the philosophy of mathematics. He is less well known for his discovery of unusual cosmological models for Einstein's equations, in theory, permitting time travel into the past. These books are the fourth and fifth part of a five-volume set, which is the first to make available all of Godel's writings in the one place. The first three volumes have received acclaim, and consist of the papers and essays of Godel. The final two volumes of the set deal with Godel's correspondence with his contemporary mathematicians. The fourth volume consists of material from correspondents from A-G, with explanatory and introductory material. The final volume consists of the remaining correspondence from H-Z. The Collected Works of Kurt Godel is designed to be useful and accessible to a wide audience without sacrificing scientific or historical accuracy. They are the only complete editions available in English, and are essential to students and professionals in logic, mathematics, philosophy, history of science and computer science as well as those curious about one of the great minds of the twentieth century.

[Violent Conflict and the Transformation of Social Capital: Lessons from Cambodia, Rwanda, Guatemala, and Somalia, Volume 795, Nat J. Colletta, Michelle L. Cullen](#) , 2000, 0821344129, 9780821344125. "Armed conflict within a state weakens its social fabric and divides the population by undermining interpersonal and communal group trust, destroying the norms and values that underlie cooperation and collective action for the common good, and potentially perverting the mobilization of social relationships away from cooperative development and toward communal strife." 'Violent Conflict and the Transformation of Social Capital' is an attempt to better understand the interactions between armed conflict and social capital. The World Bank's Post-Conflict Unit (PCU) undertook an investigation of four conflict-affected countries and their changing social capital dynamics. The initial phase examined Cambodia and Rwanda as case studies and the second phase studied social capital transformations and conflict in Guatemala and Somalia. Based on the four-country project, this book discusses: changes in social capital due to conditions of conflict; the interaction between social capital and

conflict; and methods for civil society, government, and international actors to nurture social capital for conflict prevention rehabilitation and reconciliation measures. The types of conflict experienced, definitions and indicators of social capital, and study conclusions are compared. In the final section, recommendations for social policy and practices emerging from these studies are presented. 'Violent Conflict and the Transformation of Social Capital' is an invaluable resource for policy and operational specialists working in conflict-affected countries.

[Iris Murdoch, Philosopher, Justin Brookes](#) , 2012, 0199289905, 9780199289905. Iris Murdoch was a notable philosopher before she was a notable novelist and her work was brave, brilliant, and independent. She made her name first for her challenges to Gilbert Ryle and behaviourism, and later for her book on Sartre (1953), but she had the greatest impact with her work in moral philosophy--and especially her book *The Sovereignty of Good* (1970). She turned expectantly from British linguistic philosophy to continental existentialism, but was dissatisfied there too; she devised a philosophy and a style of philosophy that were distinctively her own. Murdoch aimed to draw out the implications, for metaphysics and the conception of the world, of rejecting the standard dichotomy of language into the 'descriptive' and the 'emotive'. She aimed, in Wittgensteinian spirit, to describe the phenomena of moral thinking more accurately than the 'linguistic behaviourists' like R. M. Hare. This 'empiricist' task could be achieved, Murdoch thought, only with help from the idealist tradition of Kant, Hegel, and Bradley. And she combined with this a moral psychology, or theory of motivation, that went back to Plato, but was influenced by Freud and Simone Weil. Murdoch's impact can be seen in the moral philosophy of John McDowell and, in different ways, in Richard Rorty and Charles Taylor, as well as in the recent movements under the headings of moral realism, particularism, moral perception, and virtue theory. This volume brings together essays by critics and admirers of Murdoch's work, and includes a longer Introduction on Murdoch's career, reception, and achievement. It also contains a previously unpublished chapter from the book on Heidegger that Murdoch had been working on shortly before her death, and a Memoir by her husband John Bayley. It gives not only an introduction to Murdoch's important philosophical life and work, but also a picture of British philosophy in one of its heydays and at an important moment of transition.

[Rise and Shine Rosie, Mary Kay Pyles](#) , 2013, 098878369X, 9780988783690. Eleven year old Rosie is left at home to take care of her older brother and her two four year old twin siblings, Anthony and Sophie. Her mother was once fun-loving and kind, but now she is addicted to drugs and has become threatening. They are afraid they will be taken to foster homes. Rosie struggles to cope through harmful situations in their neighborhood while her mother brings further harm to her and to the family. Remembering the words of her grandfather, "Rise and shine, Rosie" she meets her problems head on with the help of a teacher. A must read for every teenager.

[Surprised by Joy/ The Four Loves, C. S. Lewis](#) , 2011, 0547599390, 9780547599397. "If wit and wisdom, style and scholarship are requisites to passage through the pearly gates, Mr. Lewis will be among the angels." The New Yorker C.S. Lewis was an unfailingly honest and acutely perceptive observer of humanity. In *Surprised by Joy*, he recounts his search for joy, a spiritual journey that led him from a traditional Christian childhood in Belfast to a youthful atheism and, finally, back to a confident Christianity. *The Four Loves*, a candid, wise and deeply personal book, is a reflection on the four basic kinds of human love: affection, friendship, erotic love, charity and all of the pleasures and risks that accompany them. C.S. Lewis (1898-1963) gained international renown for an impressive array of beloved works of both popular and scholarly literary criticism, children's literature, fantasy literature, and numerous books on theology. *Surprised by Joy* and *The Four Loves* are among his most celebrated achievements, as are *Out of the Silent Planet*, *The Chronicles of Narnia*, and *The Screwtape Letters*.

[Hitler's Empire: How the Nazis Ruled Europe, Mark Mazower](#) , 2009, 014311610X, 9780143116103. Drawing on an unprecedented range and variety of original research, *Hitler's Empire* sheds new light on how the Nazis designed, maintained, and lost their European dominion and offers a chilling vision of what the world would have become had they won the war. Mark Mazower forces us to set aside timeworn opinions of the Third Reich, and instead shows how the party drew inspiration for its imperial expansion from America and Great Britain. Yet the Nazis' lack of political sophistication left them unequal to the task of ruling what their armies had conquered, despite a shocking level of

cooperation from the overwhelmed countries. A work as authoritative as it is unique, Hitler's Empire is a surprising and controversial new appraisal of the Third Reich's rise and ultimate fall.

[Dancing Teepees: Poems of American Indian Youth](#), , 1989, 0192798812, 9780192798817. An illustrated collection of poetry on the theme of youth from the oral tradition of Native Americans.

[Rotational Structure in Molecular Infrared Spectra, Carlo Di Lauro](#), , 2013, 0124077714, 9780124077713. Recent advances in infrared molecular spectroscopy have resulted in sophisticated theoretical and laboratory methods that are difficult to grasp without a solid understanding of the basic principles and underlying theory of vibration-rotation absorption spectroscopy. Rotational Structure in Molecular Infrared Spectra fills the gap between these recent, complex topics and the most elementary methods in the field of rotational structure in the infrared spectra of gaseous molecules. There is an increasing need for people with the skills and knowledge to interpret vibration-rotation spectra in many scientific disciplines, including applications in atmospheric and planetary research. Consequently, the basic principles of vibration-rotation absorption spectroscopy are addressed for contemporary applications. In addition to covering operational quantum mechanical methods, spherical tensor algebra, and group theoretical methods applied to molecular symmetry, attention is also given to phase conventions and their effects on the values of matrix elements. Designed for researchers and PhD students involved in the interpretation of vibration-rotation spectra, the book intentionally separates basic theoretical arguments (in the appendices), allowing readers who are mainly concerned with applications to skip the principles while at the same time providing a sound theoretical basis for readers who are looking for more foundational information.- Reviews basic theory and contemporary methods of vibration rotation absorption spectroscopy, including operational quantum mechanical methods, spherical tensor algebra, and group theoretical methods applied to molecular symmetry - Covers sophisticated mathematical topics in simple, easy-to-read language - Discusses methods and applications separately from basic theoretical arguments for quick reference

[Honest to God: A Change of Heart That Can Change the World, Neale Donald Walsch, Brad Blanton](#), , 2002, 0970693818, 9780970693815. This is a conversation between two great minds, exploring the possibilities of creating a world in which the truth is told, compassion is more important than the bottom line and how we can make a contribution to that vision.

[Exposing the Real Che Guevara: And the Useful Idiots Who Idolize Him, Humberto Fontova](#), , 2007, 1440622086,

9781440622083. The perfect conservative contrast to the upcoming movie about Che. Hollywood, Madison Avenue, and the mainstream media celebrate Ernesto "Che" Guevara as a saint, a sex symbol, and a selfless martyr. But their ideas about Che — whose face adorns countless T-shirts and posters — are based on the lies of Fidel Castro's murderous dictatorship. Che's hipster fans are classic "useful idiots," the name Stalin gave to foolish Westerners who parroted his lies about communism. And their numbers will only increase after a new biopic is released this fall, starring Benicio Del Toro. But as Humberto Fontova reveals in this myth-shattering book, Che was actually a bloodthirsty executioner, a military bumbler, a coward, and a hypocrite. In fact, Che can be called the godfather of modern terrorism. Fontova reveals: ? How he longed to destroy New York City with nuclear missiles. ? How he persecuted gays, blacks, and religious people. ? How he loved material wealth and private luxuries, despite his image as an ascetic. Are Che fans like Angelina Jolie, Jesse Jackson, Carlos Santana, and Johnny Depp too ignorant to realize they've been duped? Or too anti-American to care?
