

BUYING RURAL FARMLAND 101

Thursday, September 9 • 6–8pm
Online Webinar • \$10/person

FINDING AND BUYING RURAL FARMLAND is not the same as finding and buying a house in a city or a suburb. So gear up to go about it in a wise way by attending this webinar. The three experienced speakers will cover everything from a good search strategy and how to find the right realtor to understanding the purchase process, assessing the total property package (including septic fields and wells), financing, appraisals, and even adjusting to rural life. Two hours isn't enough time to cover everything, but you'll come away with a much better understanding than you had coming in.
