

# afrimapr community meetups

Facilitators: Anelda van der Walt & Anne Treasure

*Welcome to afrimapr 2022!*

Welcome back after the December break! In this month's meetup we'll use the opportunity to connect with each other, share some of our plans for the year, and explore opportunities to collaboratively grow the afrimapr community in 2022.

Come along and tell us what you have planned for the year or just say hello! No preparation or experience with R or mapping needed!

*afrimapr's monthly virtual meetups aim to support the development of an active African R mapping community. It offers you a chance to learn about new resources, ask questions, showcase your work, and grow your R mapping network.*

**Date:** 26 January 2022

**Time:** 10:00 - 11:00 UTC

**Where:** Online

Join our mailing list for connection details

<https://groups.google.com/g/afrimapr/>

**Who should join?**

Researchers, analysts, students making maps using African data. Newcomers to R welcome.
