[Evelina, Fanny Burney, Frances Burney](#) , 1994, 0140433473, 9780140433470. Leaving the secluded home of her guardian for the first time, beautiful Evelina Anville is captivated by her new surroundings in London's beau monde - and in particular by the handsome, chivalrous Lord Orville. But her enjoyment soon turns to mortification at the hands of her vulgar and capricious grandmother, and the rakish Sir Clement Willoughby, who torments the naive young woman with his unwanted advances. And while her aristocratic father refuses to acknowledge her legitimacy, Evelina can hold no hope of happiness with the man she loves. Published anonymously in 1778, Frances Burney's epistolary novel brought her instant fame when the secret of its authorship was revealed. With its ingenious combination of romance and satire, comedy and melodrama, Evelina is a sparkling depiction of the dangers and delights of fashionable society.

[What You Must Know about Women's Hormones: Your Guide to Natural Hormone Treatment for PMS, Menopause, Osteoporosis, PCOS, and More, Pamela Wartian Smith](#) , 2010, 0757003079, 9780757003073. Hormonal imbalances can occur at any age before, during, or after menopause and for a variety of reasons. While most hormone-related problems are associated with menopause, fluctuating hormonal levels can also cause a variety of other conditions, and for some women, the effects can be truly debilitating. What You Must Know About Women's Hormones is a clear guide to the treatment of hormonal irregularities without the health risks associated with standard hormone replacement therapy. This book is divided into three parts. Part I describes the body's own hormones, looking at their functions and the problems that can occur if these hormones are not at optimal levels. Part II focuses on the most common problems that arise from hormonal imbalances, such as PMS, hot flashes, and endometriosis. Lastly, Part III details hormone replacement therapy, focusing on the difference between natural and synthetic hormone treatments. Whether you are looking for help with menopausal symptoms or you simply want to enjoy vibrant health, What You Must Know About Women's Hormones can make a profound difference in your life.

[Guide to Housing Benefit, Martin Ward, John Zebedee, Institute of Housing \(Great Britain\), SHAC \(Organization\), SHAC.](#) , 1989, 0948857323, 9780948857324.

[The Hirsch Chumash: Sefer Shemos, , ISBN 1583301968, 9781583301968,](#) , 2000, 158330746X, 9781583307465. Since it first appeared, nearly 150 years ago, the Hirsch Commentary on Chumash has gained worldwide popularity for the breathtaking scope of insight and information it offers to scholar, student, and layman alike. This expansive work combines history, halacha, hashkafa, and Ta'amei HaMitzvos into one magnificent pattern that stretches brilliantly across all of Chamisha Chumshai Torah. And underlying the commentary is Rav Hirsch's unique approach to Lashon HaKrah: his profound analysis of the letters, root words, and structure of words found in Chumash. To better accommodate today's English speaking public, we proudly present this new translation, designed to clearly and accurately convey the meaning of the original text, in its entirety. We invite you to open the new Hirsch Chumash and experience the length and breadth of this magnificent work as never before. The volumes will appear in the following order: Shemos: Now available Vayikra: March 2008 Bamidbar: May 2008 Bereishis: October 2008 Devorim, and complete set: December 2008

[The Mpire: In Search of the Lost, T. L. James](#) , 2007, 0979187648, 9780979187643. The trilogy of The Mpire starts with, In Search of the Lost, which is the story Mallory Towneson Haulm, a sexy financial powerhouse, who lives in a quasi paradise in Austin, Texas. His opulent world is decorated with expensive toys and women more exquisite than an exotic candy shop. After fourteen years of separation from his family, Mallory is summoned to return back home to join The Family Business. Poised for success, Mallory is focused on turning around the ailing business, not realizing that taking his assigned reigns will put him in a position of unrelenting power which he is unaware he even has. His world crashes as he reunites with his brothers and becomes Death, the fourth horseman of the Apocalypse. With every complication popping up in his life, the biggest one by far is in the form of an old lover from the past coming back to reclaim the spot in Mallory's heart. What would you sacrifice to be a part of the Mpire?

[Send Yourself Roses: Thoughts on My Life, Love, and Leading Roles, Kathleen Turner](#) , 2008, 0446581127, 9780446581127. From her film debut as the sultry schemer in Body Heat to her award-winning role as Martha in Who's Afraid of Virginia Woolf?, actress Kathleen Turner's unique blend of beauty, intelligence, and raw sexuality has driven her personal and professional life. Now, in this gutsy memoir, the screen icon tells us of the risks she's taken and the lessons she's learned-sometimes the hard way. For the first time, Turner shares her childhood challenges-a life lived in countries around the world until her father, a State Department official whom she so admired, died suddenly when she was a teenager. She talks about her twenty year marriage, and why she and her husband recently separated, her close relationship with her daughter, her commitment to service, and how activism in controversial causes has bolstered her beliefs. And Turner reveals the pain and heartbreak of her struggle with rheumatoid arthritis, and how, in spite of it, she made a daring decision: to take a break from the movies and relaunch her stage career. Along the way, Turner describes

what it's like to work with legends like Jack Nicholson, Michael Douglas, William Hurt, Steve Martin, Francis Ford Coppola, John Huston, John Waters, Edward Albee...and, with characteristic irreverent humor, shares her behind-the-screen stories of dealing with all types of creative, intimidating, and inspiring characters. Kathleen Turner has always known that she would play the lead in the story of her life. It's impossible not to take her lessons on living, love, and leading roles to heart. And it won't be long until you'll be sending yourself roses!

[Dying Scream, Mary Burton](#) , 2012, 1420129910, 9781420129915. The killing just won't stop as a ruthless psychopath revisits his greatest obsession--but this time, a Richmond, Virginia homicide detective is determined to stop him in his bloody tracks. . . An aspiring artist. A high-school senior. A stripper. Three missing women with only one thing in common--wealthy Craig Thornton knew them all. For that, they paid the ultimate price. When Craig's widow, Adrianna, begins to receive cards and flowers from her late husband, she assumes it's someone's cruel joke. Then grisly remains are found on the Thornton estate. Detective Gage Hudson believes the bodies are linked to Craig. But the biggest shocks are yet to come. A psychopath has resumed his work, each death a prelude to his most cherished target. The only way to stop him is to uncover a family's dark past--and a twisted love someone will kill for, again and again. . ."A twisted tale. . .I couldn't put it down!" --Lisa Jackson Praise for the novels of Mary Burton"Will have readers sleeping with the lights on." --Publishers Weekly on *Before She Dies* (starred review) "Terrifying. . .this chilling thriller is an engrossing story." --Library Journal on *Merciless*"Stieg Larsson fans will find a lot to like in Burton's taut, well-paced novel." --Publishers Weekly on *Senseless*

[Shadowmancer: What Can Stand Against an Ancient Evil..., G. P. Taylor](#) , 2002, . An apocalyptic battle between good and evil is vigorously, violently fought in British author G.P. Taylor's suspenseful, action-packed fantasy. The story, set in the 1700s on the Yorkshire coastline, revolves around Vicar Obadiah Demurral, a corrupt-but-inept, dead-conjuring "shadowmancer" who desires to control the universe by overthrowing God, or Riathamus. When two hard-luck near-orphans, (13-year-old Thomas Barrick, a bitter enemy of Demurral, and his troubled friend Kate Coglund) band together with a young African stranger named Raphah, they spend the rest of the book trying to stop the wicked Vicar as if their very souls are at stake...they are. Along the way, the three youths meet an enormous cast of friends and foes, some agents of Riathamus, others of Satan (Pyratheon), and some godless (but not for long) smugglers like Jacob Crane. Readers who love fanciful storybook characters will find mermaidlike Seloth, smelly hobs, leg-dragging servants, goodhearted whores, and benevolent boggles. Age-old superstitions abound, though old magic and witchcraft are clearly denounced here as the work of the devil. Indeed, the author, an English vicar himself, tells a very Christian story and his often deliciously dramatic adventure lapses into stiffly presented glowing-halo Touched by an Angel moments(readers will be lured into the Enchanted Forest, but tricked into Sunday school). Nonetheless, *Shadowmancer*, the first of a series, is a pageturner bursting with magic and myth, and will appeal to fantasy lovers who don't mind the Bible mixed in with

their boggles. (Ages 11 and older) --Karin Snelson --This text refers to an out of print or unavailable edition of this title.

[Information Trickery: The Great IT Upgrade Scam : an Expose of the State of IT in Business, Mike Lee, Brian Hitchen](#) , 2002, 0954364201, 9780954364205.

[The Soul Collectors, Chris Mooney](#) , 2011, 1407470604, 9781407470603. Ten years ago CSI Darby McCormick investigated a sinister child abduction case. Today, the missing child is back from the dead and holding his family hostage. He makes only one demand. Bring me Darby McCormick. Charlie Rizzo has his family at gunpoint and when Darby arrives to defuse the scene, she finds him horrifically mutilated. What happened to him and just where has Charlie Rizzo been held all these years? Darby faces the toughest case of her career and, as the body count rises, one that will bring her into great personal danger and leave her in fear of losing her mind, if not her soul. For the Soul Collectors are the monsters from your worst nightmares.

[At a Stroke, Huw Watkins](#) , 2006, 0954821998, 9780954821999. Huw Watkins' wife suffered a brainstem stroke in May 2003. For the next six months he found himself on an emotional roller-coaster as he looked after her, and learnt to look after himself at the same time. This is his story, together with his advice to help other carers of stroke victims.

[Truth Over 24: An Experiment in Enhancing Creativity, Kristen Anastasia](#) , 2011, 0984715819, 9780984715817. Truth Over 24: An Experiment in Enhancing Creativity is Strange Bela's (aka Joe Perry) first book, detailing his original theoretical framework about the craft of cinema, and how to maximize your creativity as a cultural artist in any medium. Includes a measurable assessment of on-screen success, a revealing look at your own 24-hour day, and challenging real-world exercises that will push you into a new creative stratosphere. Discovered as he completed the post-production of his feature film, In Medias Res, Joe gained new insight into an actor's performance, viewable second-to-second in the editing room. Here, he presents a new method for analyzing the visual film work of actors, directors, editors, and more.

[Private, Kate Brian](#) , 2008, 1439103496, 9781439103494. Tradition, Honor, Excellence...and secrets so dark they're almost invisible Fifteen-year-old Reed Brennan wins a scholarship to Easton Academy -- the golden ticket away from her pill-popping mother and run-of-the-mill suburban life. But when she arrives on the beautiful, tradition-steeped campus of Easton, everyone is just a bit more sophisticated, a bit more gorgeous, and a lot wealthier than she ever thought possible. Reed realizes that even though she has been accepted to Easton, Easton has not accepted her. She feels like she's on the outside, looking in. Until she meets the Billings Girls. They are the most beautiful, intelligent, and intensely confident girls on campus. And they know it. They hold all the power in a world where power is fleeting but means everything. Reed vows to do whatever it takes to be accepted into their inner circle. Reed uses every part of herself -- the good, the bad, the beautiful -- to get closer to the Billings Girls. She quickly discovers that inside their secret parties and mountains of attitude, hanging in their designer clothing-packed closets the Billings Girls have skeletons. And they'll do anything to keep their secrets private.

[Happy Tango: Sallycat's Guide to Dancing in Buenos Aires 2nd Edition, Sally Blake](#) , 2012, 0956530613, 9780956530615. Every tango dancer longs to go to Buenos Aires, but negotiating the complexities, traditions and practicalities of the world centre of tango can be daunting. This essential guide lets you in on everything you need to know, including: 11 rules for discovering the best of Buenos Aires tango; an A to Z of indispensable advice to help you fit in fast; a simple method for

choosing where to dance first. Sallycat followed her own tango heart to Buenos Aires in 2007 and stayed to dance on; Happy Tango distils all her adventures on the city's dance floors into an honest and inspirational book-shaped friend. If you're dreaming of tango heaven in Argentina, why go it alone? Travel with Sallycat, and take the journey that's right for you.

[Virtue Ethics, Richard Taylor](#) , 1991, 0960328815, 9780960328819.

[The Great Apparitions of Mary: An Examination of the Twenty-two Supranormal Appearances, Ingo Swann](#) , 1996, 0824516141, 9780824516147. The great apparitions of Mary, starting with Guadalupe in 1531, occur with a steady and increasing drumbeat across the decades and centuries. The places and the principals involved change, but the messages calling people to turn from lives of violence and sin and to seek repentance are remarkably similar. By focusing on the most widely known and documented appearances and presenting them in chronological order, the power of the events and the messages emerge in a powerful way. Swann shows how advances in science have placed the apparitions in a more intriguing light. One of the historic challenges concerning them was how could something which was not there be there in a way that registered on the eye mechanisms? The discovery of holography, where images that appear to be three-dimensional, having bulk, shape and mass, can be photographed, have provided an analogy that enlarges our perception of the physical laws and challenges the skeptics' verdict of hallucination.

[Matterhorn of the Midwest: A History of Wilmot Mountain Ski Area \(1938-2001\), Charles C. Roberts](#) , 2001, 0971505004, 9780971505001. Illustrated history of Wilmot Mountain Ski Area from 1938-2001. Includes the role of the Stopa family in developing the area as well as the development of the ski school and ski patrol at the ski area. Advances in snowmaking technology, ski instruction methodologies in the Central Division of PSIA are covered. Also covered are the development of the ski industry in the Midwest and the use of the area for sports car races for the Sports Car Club of America during the 1950s and 1960s.

[Understanding Stress, Part 4,,](#) , 1987, 0114300224, 9780114300227.

[Reimagining the Bible : The Storytelling of the Rabbis: The Storytelling of the Rabbis, St. Louis Howard Schwartz Professor of English University of Missouri](#) , 1997, 0195355695, 9780195355697. Reimagining the Bible collects a dozen essays by Howard Schwartz. Together the essays present a coherent theory of the way in which each successive phase of Jewish literature has drawn upon and reimagined the previous ones. The book is organized into four sections: The Ancient Models; The Folk Tradition; Mythic Echoes; Modern Jewish Literature and the Ancient Models. Within these divisions, each of the essays focuses on a specific genre, ranging from Torah and Aggadah to Kabbalah, fairy tales, and the modern Yiddish stories of S.Y. Agnon and Isaac Bashevis Singer. Arguing the important thesis that there is a continuity in Jewish literature which extends from the Biblical era to our own times, over a period of more than 3,000 years, this collection also serves as a guide to the history of that literature, and to the genres it comprises.

[The Italians, Luigi Barzini](#) , 1991, 0140145958, 9780140145953. The 'fatal charm of Italy' has held Lord Byron and millions of tourists ever since in its spell. Yet, beneath 'the brilliant and vivacious surface', what are the realities of Italian life? Few writers have ever painted a portrait of their compatriots as crisp, frank and fearless as Luigi Barzini's. Cutting through the familiar clichés, he instructs us with a cascade of anecdotes and provides a marvellous guided tour through centuries of history. He examines Machiavelli and Mussolini, popes, pilgrims and prostitutes, cliques and conspiracies, Casanova and the crippling power of the Church. Yet alongside the Baroque exuberance and spectacular display, the love of life and the life of love, he also shows us a divided nation, injustice, ignorance, poverty and fear. All this is Italy, a country of dazzling achievement and an uncanny aptitude for getting round problems; both its virtues and its vices are celebrated in this sparkling book

[A Synopsis of the Natural Treasures of the Lower Hunter Valley, W. J. Needham](#) , 1984, 0959400613, 9780959400618.

[Collocation: Applications and Implications, Geoff Barnbrook, Oliver Mason, Ramesh Krishnamurthy](#) , 2013, 1137297255, 9781137297259. All aspects of the concept of collocation the phenomenon whereby words naturally tend to occur in the company of a restricted set of other words are covered in this book. It deals in detail with the history of the word collocation, the concepts associated with it and its use in a linguistic context. The authors show the practical means by which the collocational behaviour of words can be explored using illustrative computer programs and examine applications in teaching, lexicography and natural language processing that use collocation in formation. The book investigates the place that collocation occupies in theories of language and provides a thoroughly comprehensive and up-to-date survey of the current position of collocation in language studies and applied linguistics.

[Springer Handbook of Nanotechnology, Bharat Bhushan](#) , 2007, 3540298576, 9783540298571. Since 2004 the Springer Handbook of Nanotechnology has established itself as the definitive reference in the Nanoscience field. It integrates the knowledge from nanofabrication, nanomechanics, materials science, and reliability engineering in just one volume. Reflecting further developments, the new edition has grown from six to eight parts and from 38 to 58 chapters. Existing chapters have been thoroughly updated and new material has been added to cover developing fields such as bionanotechnology, nanorobotics, and NEMS/MEMS reliability. This classic reference book addresses mechanical and electrical engineers, materials scientists, physicists and chemists who work either in the nano area or in a field that is or will be influenced by this new key technology. From the reviews of the first edition: "The strong point is its focus on many of the practical aspects of nanotechnology... Anyone working in or learning about the field of nanotechnology would find this an excellent working handbook. IEEE Electrical Insulation Magazine"Outstandingly succeeds in its aim It really is a magnificent volume and every scientific library and nanotechnology group should have a copy." Materials World"The integrity and authoritativeness is guaranteed by an experienced editor and an international team of authors which have well summarized in their chapters information on fundamentals and applications." [Connors, Blake E. Hayward](#) , 1995, 1557389004, 9781557389008. Presents several short term trading methods which may be used in stocks, options, indices, and futures. Detailed historical testing results and trading illustrations are presented for each method. These methods may be used by the average trader and most require no computer software or intraday monitoring. Should prove immensely helpful to the short term trader.

[Lance Armstrong: Tour de Force, Daniel Coyle](#) , 2006, 0007195281, 9780007195282. The worlds most challenging athletic endeavour is also one of the biggest and most popular annual sports events in the world. The 2005 race witnessed Texan Lance Armstrong clinch his seventh Tour de France victory - something that no other rider has achieved in the events 100-year history. This book will look into the unprecedented build up to the Tour, focusing on Armstrongs season and on the physical and mental limits of endurance through which he forced himself. Starting off in February when he made his annual move to Girona in Spain where preparation for the Tour becomes all-consuming, all the details of his hypermasochistic training regime will be unveiled, from sleeping in an altitude tent to the miles of gruelling riding through the pain barrier. This inside story will also involve access to Armstrongs US Postal Service Team and key rivals in the battle for the Yellow Jersey - among them German Jan Ulrich, American Tyler Hamilton, and Spaniard Joseba Beloki. Above all, Armstrongs motivational strengths and burning desire to achieve will be the focus of a book that celebrates a unique sporting phenomenon. It promises to be a fascinating look at history in the making and the colourful world of pro cycling.

[S! Salud Integral Hojas de Actividades: Vida Integral y Abundante, John B. Youngberg, Millie Youngberg, Wesley Youngberg, Winston Ferris](#) , 2008, 0981512372, 9780981512372.

[Tragedy in Tin Can Holler, Rozetta Mowery](#) , 2009, 0982122349, 9780982122341. "Tragedy in Tin Can Holler" is a captivating must read true story of a family's past transgressions revealing a family member who was a serial killer that got away with murder during the great depression, incest and child abuse, lies and betrayals and domestic violence buried for decades! The vicious murder of the author's mother haunted her for 48 years, but discovering the truth about her mother's murder was just the tip of the iceberg. Her story is spell-bounding as she unveils the hidden secrets that

shocked the residents of 3 counties in southeast Tennessee. This book has also been made into a documentary. This hard cover version has some new material.

[The Beaded Garden: Creating Flowers with Beads and Thread, Diane Fitzgerald](#) , 2005, 1931499551, 9781931499552.

Using needle and thread, crafters of all skill levels can create a veritable greenhouse of beaded flowers from the patterns in this book. Beaders and gardeners alike will delight in these projects that use brick, peyote, net, and herringbone stitches, as well as right-angle weave and combination stitches, to create a brilliant bouquet of beaded flowers.

Instructions for leaves and stems are included to transform each bloom into a spectacular piece, perfect for dressing up home decors and special occasions. In addition to more than 25 blossom patterns, including water lilies, poppies, orchids, and roses, whimsical insect patterns populate this everlasting garden. A section on beading basics brings beginners up to speed, and a gallery of professionals' creations inspires future projects. The clear instructions and diagrams make these most delicate creations accessible and fun for beaders looking to add new techniques and sparkle to their repertoire.

[The Cloud of Unknowing and Other Works, PENGUIN GROUP \(UK\)](#) , 2001, 0141907592, 9780141907598. Contains The Cloud of Unknowing, The Mystical Theology of Saint Denis, The Book of Privy Counselling, and An Epistle on Prayer. Against a tradition of devotional writings which focussed on knowing God through Christ's Passion and his humanity, these texts describe a transcendent God who exists beyond human knowledge and human language. These four texts are at the heart of medieval mystical theology in their call for contemplation, calm, and above all, love, as the way to understand the Divine.

[Agency in action: the practical rational agency machine, Samuel Charles Coval, Peter G. Campbell](#) , 1992, 0792316614, 9780792316619. When agency or intentional causation has occurred the theory presented here identifies an object ascribable to the agent -- his action -- which, through its properties, reveals its intentional cause. Such a unified view of agency and action leads to unitary views of intention and the intentional and of all explanatory objects ascribable to agents. While at odds in these matters with the prevailing theories of action, the semantics of this explanatory theory is shown to better satisfy widely accepted criteria for a viable theory of action. The revelatory character of action and its essential reference to agency shows that action theory needs agency theory. To this end, a logic of practical rational agency is developed which is intended to be neutral between competing theories of mind. A sketch of this model of agency and action, analyzes cases of agency in natural discourse. PRAGMA and its manual are available separately. This work is of interest to theorists concerned with the fundamental practical rational structure of persons, their actions and

the discourse appropriate to them: to philosophers and to political, legal, AI and economic theorists.

[Turtle and Snake at Work, Kate Spohn](#) , 1999, 0141302704, 9780141302706. What do two best friends, Turtle and Snake, do when they're at work? Turtle tells the cars when to stop and when to go. Snake throws the pizza crust in the air and spins it high and low. At the end of the day they share a pizza pie with their friends. These two endearing characters help beginning readers gain confidence.

[Fat Man in History, Peter Carey](#) , 2010, 0307764273, 9780307764270. If, in some post-Marxist utopia, obesity were declared counterrevolutionary, how would a houseful of fat men strike back? If it were possible to win a new body by lottery, what kind of people would choose ugliness? If two gun-toting thugs decided to take over a business -- and run it through sheer terror -- how far would their methods take them? These are the questions that Peter Carey, author of *The Tax Inspector* and *Oscar and Lucinda*, brilliantly explores in this collection of stories. Exquisitely written and thoroughly envisioned, the tales in *The Fat Man in History* reach beyond their arresting premises to utter deep and often frightening truths about our brightest and darkest selves.

[My Secret Unicorn: Twilight Magic, Linda Chapman](#) , 2006, 0141916141, 9780141916149. A new adventure starring Lauren and her magical pony, Twilight who turns into a beautiful, snow-white unicorn when Lauren says the magic words. There's great excitement at the stables - a beautiful mare called Apple has just had a foal! The new foal is gorgeous and seems to be watching Lauren with a very wise look in his huge eyes. Lauren's excitement is spoiled when snooty Jade Roberts turns up. Jade goes to Lauren's school and used to be Twilight's owner but she sold him because he was too quiet and dull. Lauren, of course, knows better... That night Lauren and Twilight visit the foal in secret. Suddenly Twilight hears a noise and they find Jade up to no good. Apple, fiercely protective of her foal, is frightened and angry at Jade's intrusion. Even though she doesn't like Jade, Lauren knows she has to do something to help. Lauren and Twilight make a daring rescue to save Jade who has to admit that she may have been wrong about Twilight after all. Later, Lauren and Twilight discover the reason for Apple's over-protectiveness - that maybe, just maybe, Currant is a new unicorn, but they'll have to wait at least a year to find out...

[Disabilities and Disorders in Literature for Youth: A Selective Annotated Bibliography for K-12, Alice Crosetto, Rajinder Garcha, Mark Horan](#) , 2009, 0810869624, 9780810869622. One in every five Americans lives with at least one disability or disorder, including both the obvious, such as those requiring the use of a wheelchair, and the less evident ones, such as eating disorders or Asperger's syndrome. Those responsible for teaching disabled students and providing services and support for them need ready access to reliable and up-to-date resources. Disabilities and Disorders in Literature for Youth: A Selective Annotated Bibliography for K-12 identifies almost 1,000 resources to help educators, professionals,

parents, siblings, guardians, and students understand the various disabilities and disorders faced by children today. This bibliography consists of four major headings_Emootional, Learning, Physical, and Multiple Disabilities_which are further categorized into works of fiction and nonfiction. Annotations provide a complete bibliographical description of the entries, and each entry is identified with the grade levels for which it is best suited and resources are matched with appropriate audiences. Reviews from recognized publications are also included wherever possible. Anyone interested in identifying helpful resources regarding disabilities and disorders will find much of value in this essential tool.

[Teaching Religion and Violence, Brian K. Pennington](#) , 2012, 0195372425, 9780195372427. Many people now see religious violence as one of the defining characteristics of the modern world. Instructors are often asked about it in their courses that deal with religion. Classroom discussion of violence committed in the name of religion can either open the door to a more subtle appreciation of complex and divisive social realities or allow students to display the kind of ignorance, prejudice, and recalcitrance that can derail critical analysis. The etiology of religious violence requires the kind of careful distinctions that instructors must work hard to communicate even in the best of classroom circumstances. Teaching Religion and Violence is designed to help instructors to equip students to think critically about religious violence, particularly in the multicultural classroom. The book is organized into two sections. The first, "Traditions," addresses topics and methods appropriate for teaching violence in particular religious traditions. Each essay provides a solid starting point for the instructor developing a new course on violence in one tradition. The overarching aims of the second section, "Approaches," are to suggest alternative rubrics for initiating or furthering discussion of religion and violence and to aid instructors in demonstrating the wide applicability of the questions and concepts developed here. The volume as a whole and each of the essays is firmly grounded in the theoretical literature on religion and violence, in the theory of pedagogy, and in the collective experience of its authors.

[A Design Manual, Shirl Brainard](#) , 1997, 0137592345, 9780137592340. This book focuses on the basic essentials of generic 2-dimensional design- helping readers think about and explore ways of approaching their work in their chosen design field. Often using common-place illustrative materials, this book first explores each of the elements of design individually, then explains the principles of design, and finally, shows how elements and principles are combined in the design "process." Artists and designers in any field.

[Yogi Berra: Eternal Yankee, Allen Barra](#) , 2009, 0393062333, 9780393062335. Yogi Berra is one of the most popular former athletes in American history, and the most quoted American since Abraham Lincoln. Part comedian, part feisty competitor, Berra is also the winningest player (fourteen pennants, ten World Series, three MVPs) in baseball history. In this revelatory biography, Allen Barra presents Yogi's remarkable life as never seen before, from his childhood in "Dago Hill," the Italian-American neighborhood in St. Louis, to his leading role on the 1949-53 Yankees, the only team to win

five consecutive World Series, to the travails of the '64 pennant race, through his epic battles and final peace with George Steinbrenner. This biography, replete with nearly one hundred photos and countless "Yogi-isms," offers hilarious insights into many of baseball's greatest moments. From calling Don Larsen's perfect game to managing the 1973 "You Gotta Believe" New York Mets, Yogi's life and career are a virtual cutaway view of our national pastime in the twentieth century.

[Willow Chair: How to Build Your Very Own, Joseph S. Stone](#) , 1992, 0963199803, 9780963199805. Willow chairs have increasingly become very popular throughout the U.S. This book reveals the mystique surrounding willow chairs & will show how it is constructed with dozens of photos & drawings illustrating simple techniques & step-by-step instructions. It includes chapters on willow history, harvesting willow, tools, marketing, & finishes. Plus, chapters on how to make a rocking willow chair & loveseat. There is no other book on the market that unlocks the secrets of this wonderful traditional folk art, & craftspeople have been looking for years for just such a book as this one.

[The Science of Discworld IV: Judgement Day, Terry Pratchett, Ian Stewart, Jack Cohen](#) , 2013, 1448147050, 9781448147052. The fourth book in the Science of Discworld series, and this time around dealing with THE REALLY BIG QUESTIONS, Terry Pratchett's brilliant new Discworld story Judgement Day is annotated with very big footnotes (the interleaving chapters) by mathematician Ian Stewart and biologist Jack Cohen, to bring you a mind-mangling combination of fiction, cutting-edge science and philosophy. Marjorie Daw is a librarian, and takes her job - and indeed the truth of words - very seriously. She doesn't know it, but her world and ours - Roundworld - is in big trouble. On Discworld, a colossal row is brewing. The Wizards of Unseen University feel responsible for Roundworld (as one would for a pet gerbil). After all, they brought it into existence by bungling an experiment in Quantum Thaumodynamics. But legal action is being brought against them by Omnians, who say that the Wizards' god-like actions make a mockery of their noble religion. As the finest legal brains in Discworld (a zombie and a priest) gird their loins to do battle - and when the Great Big Thing in the High Energy Magic Laboratory is switched on - Marjorie Daw finds herself thrown across the multiverse and right in the middle of the whole explosive affair. As God, the Universe and, frankly, Everything Else is investigated by the trio, you can expect world-bearing elephants, quantum gravity in the Escher-verse, evolutionary design, eternal inflation, dark matter, disbelief systems - and an in-depth study of how to invent a better mousetrap.

[The texture of industry: an archaeological view of the industrialization of North America, Robert Boyd Gordon, Patrick M. Malone](#) , 1994, 0195058852, 9780195058857. The Texture of Industry looks at the industrialization of North America from the perspective of the industrial archaeologist. This heavily illustrated study demonstrates the value of material evidence in the interpretation of the past. Using examples that range from Indian steatite quarries to automobile plants and coal mines, the authors examine manufacturing technology, transportation systems, and the effects of industrialization on the land. While historians have given ample attention to stories of entrepreneurship, heroic invention, and labor conflict, they have told us little about actual workplaces and the skills employed in them. Americans from past

generations seldom wrote about their daily work. However, they did leave us examples of their tools, products, shops, and factories. They also left us industrial landscapes and communities that speak eloquently of the costs associated with the production of wealth from natural resources. Industrial archaeologists study physical traces in combination with documents and other sources. Their research has greatly expanded our understanding of industry and focused attention on the contributions of anonymous artisans who applied their skills to shape our industrial heritage. The incremental, unrecorded innovations of countless workers are finally brought to light in this pathbreaking book.

[Big Red Bath, Julia Jarman, Adrian Reynolds](#) , 2011, 1408313936, 9781408313930. Ben and Bella are having such a lovely, splashy time in the big, red bath that soon everybody wants to join in the fun! But will there be room for all the animals - even Hippopotamus?

[Jean Racine: Four Greek Plays: Andromache-Iphigenia, Phaedra-Athaliah, Jean Racine](#) , 1982, 052128676X, 9780521286763. Racine's poetry is always thought to be untranslatable; so one of the world's great dramatists remains inaccessible to readers without French. This is the best translation into English; Professor Knight has used a regular English blank verse which conveys remarkably well both the formality and the passion of the original. the plays given

here - Andromache, Iphigenia, Phaedra and Athaliah - are chosen because the first three are those which come nearest in subject and feeling to the Attic tragedy that Racine always claimed as his inspiration; while the final biblical drama with its choruses comes nearest to the original Greek form, and perhaps to its spirit. These choruses in Professor Knight's version adhere to the French poetic form, and can be sung to the original music by Moreau. This will be a very helpful group of texts for students of drama. They will act well, and also give the armchair reader a sense of the original.

[George Inness in Italy, , Mark D. Mitchell, George Inness](#) , 2011, 0300171161, 9780300171167. A canonical figure in American painting, George Inness (1825-1894) is widely admired as the pioneer of the landscape aesthetic known as Tonalism, which is distinguished by soft focus and diaphanous layers of paint. This is the first book about the artist's two Italian sojourns (1851-52 and 1870-74) and their formative impact on his work. Italy's art and its landscape offered Inness a font of inspiration as he developed his unique artistic vision. This handsome book presents ten oil paintings surveying Inness's Italian subjects dating from 1850 to 1879, including the Philadelphia Museum of Art's recently restored *Twilight on the Campagna*, which has not been on view since 1952. This was the first of Inness's works completed in Italy, and its reemergence offers a unique opportunity to reconsider the career of a leading American artist.

[Charlie Ate My Hat!, Ruth Lynn Kirk](#) , 2004, 0967541026, 9780967541020. This is BOOK 3 in the CHARLIE SERIES. Currently advertised in *HORSE ILLUSTRATED* and *YOUNG RIDER'S Book Bag* Dec. 2004.

[Transport policies and programme: 1998-1999, Volume 1, Bournemouth Borough Council. Development Services Directorate](#) , 1998, 095001155X, 9780950011554.

[Basic Carpentry Projects, John Bowler](#) , 2000, 1853918725, 9781853918728. This manual covers a number of handy projects for the home, including simple shelves, built-in cupboards and an easy partition wall. It goes on to cover basic carpentry, providing projects for a hanging door, replacing skirting boards and repairing timber floors. For the more confident there are specialized projects that even the novice can achieve, such as installing a new handrail and balustrade and building a pilaster to conceal an exposed pipe.

[Lucky Stars and Gold Bars: A World War II Odyssey, Karen Sladek](#) , 2003, 0972192581, 9780972192583. A South Dakota farm boy has no inkling his destiny is tied to Japan's conquest of China and Hitler's rampage in Europe. Just three months into college, his world is turned upside down by the surprise attack on Pearl Harbor. Agonizing over his military service options, he is lured by travel and adventure and joins the Army Air Corps. Favored by lucky stars and spurred by burning ambition, he emerges from Yale Technical Training Command sporting the gold bars of a second lieutenant. While serving as a Cryptographic Security and Intelligence Officer in China-Burma-India (CBI), European, and Mediterranean theatres of war, he observes profound socioeconomic changes occurring in Asia and Europe. Posting some 400 letters home from five continents, he unwittingly captures the dreams and sacrifices of his family and brings the historical events of an epic era to life. "Lucky Stars and Gold Bars" sheds light into the seldom-told noncombat side of WWII experienced by four out of five GIs. This intimate, coming of age narrative transports the readers back to a pivotal time in world history, personalizing the common experiences of many Americans.

[The daughter of Neoptolemus, Michael Dimitri](#) , 1993, 1884191010, 9781884191015. THE DAUGHTER OF NEOPTOLEMUS is one of the few extensive works on Olympias, the mother of Alexander the Great. Beginning with her introduction to Philip II during the sacred Mysteries of Samothrace as a teenager, the novel of Macedonia's most well-known rulers as well as the reign of her son Alexander & her role in the power struggles following his death. The novel ends with Olympias's assassination in 316 B.C. THE DAUGHTER OF NEOPTOLEMUS is an important addition to any collection not only because it is the only full-length favorable work on Olympias, but also because of its extensive research on Ancient Macedonia & the clarity with which the novel format presents the history & the culture of this time. A multitude of issues are explored in a logical & scholarly manner such as the cult of Samothrace, Orphism, Philip's assassination, the death of Alexander the Great, & interpretations of recent archaeological discoveries in Macedonia; all are presented in a beautifully narrated work of literature. A must have! Available from Alexandra Publishing, P.O. Box 5187. Ft. Wayne, IN 46895; 219/471-0787.

[The Collected Works of Jeremy Bentham: An Introduction to the Principles of Morals and Legislation, Jeremy Bentham](#) , 1996, 0191589756, 9780191589751. The new critical edition of the works and correspondence of Jeremy Bentham (1748-1832) is being prepared and published under the supervision of the Bentham Committee of University College London. In spite of his importance as jurist, philosopher, and social scientist, and leader of the Utilitarian reformers, the only previous edition of his works was a poorly edited and incomplete one brought out within a decade or so of his death. Eight volumes of the new Collected Works, five of correspondence, and three of writings on jurisprudence, appeared between 1968 and 1981, published by the Athlone Press. Further volumes in the series since then are published by Oxford University Press. The overall plan and principles of the edition are set out in the General Preface to The Correspondence of Jeremy Bentham, vol. 1, which was the first volume of the Collected Works to be published. An Introduction to the Principles of Morals and Legislation, Jeremy Bentham's best-known work, is a classic text in modern philosophy and jurisprudence. First published in 1789, it contains the important statement of the foundations of utilitarian philosophy and a pioneering study of crime and punishment, both of which remain at the heart of contemporary debates in moral and political philosophy, economics, and legal theory. Printed here in full is the definitive edition, edited by the distinguished scholars J. H. Burns and H. L. A. Hart. An introductory essay by Hart, first published in 1982 and a widely acknowledged classic in its own right, is reprinted here. It contains an important analysis of Bentham's principle of utility, theory of action, and an account of the relationship between law and morality. A new introduction by the leading Bentham scholar F. Rosen, specially written for this Clarendon Paperback edition, provides students with a helpful survey of Bentham's main ideas and an extensive bibliographical study of recent critical work on Bentham. Professor Rosen's

essay also contains a new analysis of the principle of utility in Bentham's philosophy which is compared with its use in Hume and J. S. Mill.

[Annual Reports on NMR Spectroscopy, Volume 38, Graham A. Webb](#) , 1999, 012505338X, 9780125053389. Over recent years, no other technique has grown to such importance as that of NMR spectroscopy. It is used in all branches of science where precise structural determination is required, and where the nature of interactions and reactions in solution is being studied. Annual Reports on NMR Spectroscopy has established itself as a means for the specialist and non-specialist alike to become familiar with new applications of the technique in all branches of chemistry, including biochemistry, and pharmaceuticals. Once again, the Annual Reports on NMR Spectroscopy represents the best work in the field, both in applied and theoretical NMR spectroscopy. The high calibre reports in Volume 38 show the wide biological and physical applications that benefit from this analytical technique.

[For the Love of Music: Invitations to Listening: Invitations to Listening, Michael Steinberg, Larry Rothe](#) , 2006, 0195162161, 9780195162165. The power of music, the way it works on the mind and heart, remains an enticing mystery. Now two noted writers on classical music, Michael Steinberg and Larry Rothe, explore the allure of this melodious art--not in the clinical terms of social scientists--but through stories drawn from their own experience. In For the Love of Music, Steinberg and Rothe draw on a lifetime of listening to, living with, and writing about music, sharing the delights and revelatory encounters they have had with Mozart, Brahms, Stravinsky, and a host of other great (and

almost-great) composers. At once highly personal and immediately accessible, their writings shed light on those who make music and those who listen to it--drawing readers into the beautiful and dangerous terrain that has meant so much to the authors. In recounting how they themselves came to love music, Steinberg and Rothe offer keys for listening. Here you will find the story of a boy discovering a lifelong passion as he huddled in an alley behind a movie theater in World War II England, listening to the Fantasia soundtrack. You will meet the man who created the sound of Hollywood's Golden Age. You will learn how composers have addressed issues as contemporary as AIDS and the terrorist attacks of September 11. You will sit in on strange and enlightening listening sessions with one of America's quirkiest music critics. And you will enter a world of mind- and soul-nourishing pleasures. Articulate and impassioned, sophisticated but never esoteric, Steinberg and Rothe offer invigorating reflections on music that will delight both the beginning and the seasoned listener.

[Learn Adobe Dreamweaver CS5: Core Training in Web Communication,](#) , 2010, 0321719816, 9780321719812. This complete training program from Adobe Press and video2brain combines over 12 hours of exceptional video training with a full-color 120-page guide to teach you the fundamentals of Adobe Dreamweaver CS5 as well as the basic principles of web design. Trainer Candyce Mairs shows you how to use essential commands and tools to master the program's interface and design websites that combine type and images with rich media. Other topics include: * An HTML refresher * Customizing the Dreamweaver workspace * Site definition and planning * Adding text content to web pages * Integrating images and rich media into your website * Creating tables, forms, and templates * Publishing and managing your website and more! The lessons are wrapped in a feature-rich interface that lets you jump to any topic and bookmark individual sections for later review. Full-Screen mode provides a hi-def, immersive experience, and Watch-and-Work mode shrinks the video into a small window so you can play the videos alongside your application. As with all titles in the Learn by Video series, the project files used in the lessons are included with the course, and interactive review questions help reinforce what you've learned. Selected videos are also provided ready to be downloaded for viewing on your iPhone, iPod, or other compatible mobile device. This Adobe-approved title is structured around the objectives of the "Web Communication using Adobe Dreamweaver CS5" exam at the Adobe Certified Associate level. Note from the

publisher: FREE Adobe Dreamweaver CS5.5 updates are available for this title. Simply register your product at www.peachpit.com/register and you will receive the updates when they become available.

[Markov Processes for Stochastic Modeling, Oliver Ibe](#) , 2013, 0124077951, 9780124077959. Markov processes are processes that have limited memory. In particular, their dependence on the past is only through the previous state. They are used to model the behavior of many systems including communications systems, transportation networks, image segmentation and analysis, biological systems and DNA sequence analysis, random atomic motion and diffusion in physics, social mobility, population studies, epidemiology, animal and insect migration, queueing systems, resource management, dams, financial engineering, actuarial science, and decision systems. Covering a wide range of areas of application of Markov processes, this second edition is revised to highlight the most important aspects as well as the most recent trends and applications of Markov processes. The author spent over 16 years in the industry before returning to academia, and he has applied many of the principles covered in this book in multiple research projects. Therefore, this is an applications-oriented book that also includes enough theory to provide a solid ground in the subject for the reader. Presents both the theory and applications of the different aspects of Markov processes. Includes numerous solved examples as well as detailed diagrams that make it easier to understand the principle being presented. Discusses different applications of hidden Markov models, such as DNA sequence analysis and speech analysis.

[The Two Noble Kinsmen, , Eugene M. Waith](#) , 1989, 0192814982, 9780192814982. Based on Chaucer's Knight's Tale, *The Two Noble Kinsmen* was written at the end of Shakespeare's career, as a collaboration with the rising young dramatist John Fletcher. Neglected until recently by directors and teachers, the play deserves to be better known for its moving dramatization of the conflict of love and friendship. This new edition, compiled by distinguished scholar Eugene M. Waith, offers helpful new material on the play's authenticity as a work of Shakespeare, his collaboration with Fletcher, the relevance to the play of the contemporary ideals of chivalry and friendship, and its limited but increasing stage history. Based on the Quarto of 1634, Waith's edition also sets out to clarify the stage directions, address problems of mislineation, and provide useful guides to unfamiliar words, stage business, allusions, and textual problems. About the Series: For over 100 years Oxford World's Classics has made available the broadest spectrum of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, voluminous notes to clarify the text, up-to-date bibliographies for further study, and much more.

[A Haunted Love Story, Mark Spencer](#) , 2012, 0738731587, 9780738731582. A Haunted Love Story is two tales in one: a modern family's attempt to embrace their strange, spirit-inhabited home and a vintage love affair kept secret for six decades. When Mark Spencer bought the beautiful old Allen House in Monticello, Arkansas, he knew that it was famously haunted. According to ghost lore, the troubled spirit of Ladell Allen, who mysteriously committed suicide in the master bedroom in 1948, still roamed the historic mansion. Yet Mark remained skeptical--until he and his family began witnessing faceless phantoms, a doppelganger spirit, and other paranormal phenomena. Ensuing ghost investigations offered convincing evidence that six spirits, including Ladell, inhabited their home. But the most shocking event occurred the day Mark followed a strange urge to explore the attic and found, crammed under a floorboard, secret love letters that

touchingly depict Ladell Allen's forbidden, heart-searing romance--and shed light on her tragic end.

It includes many new worked examples, figures, and schedules and is filled with clear, handwritten dimensions with detailed explanatory notes. An introduction to computerized measurement is also provided.

[Women, Writing, and Revolution, 1790-1827, Gary Kelly](#) , 1993, 0198122721, 9780198122722. The French Revolution stirred a bitter debate in Britain about the nature of civil society and the political nation. This is an original and lively study of contemporary women writers' efforts to base a reformed state and national culture on virtues and domains traditionally conceded to women. The pre-Revolutionary call for the feminization of culture acquired new and controversial meaning during the Revolution debate with the claims of Mary Wollstonecraft and others for intellectual, vocational, sexual, and even political equality with men. But women writers of the period were faced with a literary discourse that assigned learned, sublime, and controversial genres and public and political themes to men. Women writers therefore undertook bold literary experiments which were derided and suppressed in their time, and which are still misunderstood. Gary Kelly investigates this hitherto neglected achievement by combining a wide survey of women's writing in its historical context with detailed analyses of three leading women writers: Helen Maria Williams, Britain's most widely-read eyewitness to the Revolution; the determined feminist and self-styled 'female philosopher' Mary Hays; and Elizabeth Hamilton, relentless 'feminizer' of supposedly 'masculine' discourse, from satire to social reform, classics to theology. This is a wide-ranging and lucid contribution to current debates concerning the intersections between women's writing, revolution, and Romanticism.

[Beyond Capricorn: How Portuguese Adventurers Secretly Discovered and Mapped Australia and New Zealand 250 Years Before Captain Cook, Peter Trickett](#) , 2007, 097511459X, 9780975114599. 'Beyond Capricorn' radically rewrites the first chapter of European contact with Australia and New Zealand. In 'Beyond Capricorn', Peter Trickett challenges the commonly held view that the European discovery of Australia and New Zealand was made first by the Dutch, followed later by Britain's Captain James Cook. Trickett argues the remarkable claim that in the year 1522 - a century before the

Dutch and 250 years before Captain Cook - the Portuguese sailed past Fraser Island and into Botany Bay, around Wilson's Promontory, and as far as Kangaroo Island before returning to their base in Malacca via the North Island of New Zealand. Drawing from primary and secondary historical sources, archaeological evidence and stories handed down through Aboriginal oral tradition, Peter Trickett tells a story of espionage, revenge and secret voyages made by the Portuguese to corner the fabulously rich spice trade in the east and find the islands of gold alluded to by Marco Polo. Secret voyages that resulted in the discovery of Australia and New Zealand almost 500 years ago.

[The Oxford Handbook of Inter-Organizational Relations, Steve Cropper, Mark Ebers, Chris Huxham, Peter Smith Ring](#) , 2010, 019958592X, 9780199585922. Inter-organizational relations (IOR), the study of Strategic Alliances, Joint Ventures, Partnerships, Networks and other forms of relationship between organizations, is a field of study that has burgeoned over the last four decades, but is fragmented, drawing contributions from a wide variety of disciplines, theoretical bases, and sectoral interests. The Oxford Handbook of Inter-Organizational Relations provides a structured overview of the field. With contributions from leading international experts on their particular areas of expertise, it is an authoritative introduction to its research findings. The material is organized in three main sections. The first relates to research that focuses on particular manifestations of IORs such as industry, supply, policy and project networks, public and voluntary sector partnerships, strategic alliances, and so on. The second section relates to research that stems from distinct disciplinary or theoretical bases, including social networks, evolutionary theory, transaction cost economics, management process, psychology, critical theory political theory, economic geography, and the legal perspective. The third section focuses on key topics in contemporary IOR topics - or those that will become so in the future. These include, trust, power, development interventions, social capital, learning and knowledge, dynamics and change, and evaluation.

[A Quick Overview of the Bible: Understanding How All the Pieces Fit Together, Douglas A. Jacoby](#) , 2012, 0736944257, 9780736944250. Moses' world would hardly be recognizable today. David and Solomon, Isaiah and Nehemiah, Peter and Paul...all the biblical authors wrote to people whose mind-sets were very different from readers' today. Add to that the immensity of the Bible story...no wonder the Scriptures can be difficult to understand! Bible scholar Douglas Jacoby has taught Bible survey courses for more than 25 years, bridging the gulf between the biblical world and the twenty-first century. He uses clear, easy-to-understand language to explain the big picture of the Bible and show how each of the pieces fit together. Among the many compelling issues covered, readers will discover... the basic chronological outline of the Bible; the most important themes of the Old and New Testaments; how the Bible relates to a twenty-first-century worldview. Perfect for personal or group use, this survey removes many of the barriers that keep people from

understanding and enjoying the Bible.

[Summerkin, Sarah Prineas](#) , 2013, 1782061312, 9781782061311. A land of summer... A human child... A dangerous test. Fer is the Lady of the Summerlands - a magical realm on the other side of the Way. But Fer is also just a girl. There are many in the lands who think she should return to her own world. To prove herself, Fer must face the toughest contest of her life against leaders with powers far greater than her own. And if she loses, she risks plunging her beloved lands back into a terrible darkness... An action-packed adventure through a land of wonder, mystery and danger.

[Unhappy Appy, Dandi Daley Mackall](#) , 2011, 1414364237, 9781414364230. Twelve-year-old Winnie Willis has a way with horses. Along with her dad and sister, Lizzy, Winnie is learning how to live without her mom who was also a natural horse gentler. As Winnie teaches her horses about unconditional love and blind trust, God shows Winnie that he can be trusted as well. Readers will be hooked on the series' vivid characters, whose quirky personalities fill Winnie's life with friendship and adventure. In Unhappy Appy, Winnie misses her mom more than ever, and her dad has invited some new woman for Thanksgiving dinner. More than ever, Winnie needs God to open her eyes to see his hand at work.

[The Day John Met Paul: An Hour-by-Hour Account of How the Beatles Began, Jim O'Donnell](#) , 2006, 0203961412, 9780203961414. With many new photos and an updated introduction, The Day John Met Paul, a critically-acclaimed Beatles book, reappears in a visually stunning second edition. The book is an hour-by-hour account of the fateful day the two founding Beatles met in July 1957. But it is much more than that: it's a spellbinding story of how fate brought together two men who would radically change the face of popular music, from its look and feel to its sound. Jim O'Donnell, a veteran rock music writer, spent eight years researching The Day John Met Paul. Published in 1996 and translated into several languages, the book was widely praised for its blend of accurate reporting and colorful storytelling. Long out of print, but revered among Beatles fans, the new printing enlivens the text with many well-chosen photos of the Liverpool landmarks--from Strawberry Field to Penny Lane--that played a role in the Beatles' lives and works. The Day John Met Paul chronicles the first "Day in the Life" of the Beatles--a day that changed the musical world.

0102928312, 9780102928310. This report examines whether the PPP deals for running of the London Underground infrastructure are likely to be successful. The assessment was based around three questions: are performance outcomes likely to improve; are the key success factors in place for the partnership to work; are there any constraints. It concludes that so far performance against benchmarks has been mixed but there is potential to deliver improvements for customers; however it is not certain that the oversight mechanisms will enable London Underground to deliver the outcomes promised in the contracts.

[Only Paradoxes to Offer: French Feminists and the Rights of Man, Joan Wallach Scott](#) , 2009, 0674043383,

9780674043381. When feminists argued for political rights in the context of liberal democracy they faced an impossible choice. On the one hand, they insisted that the differences between men and women were irrelevant for citizenship. On the other hand, by the fact that they acted on behalf of women, they introduced the very idea of difference they sought to eliminate. This paradox--the need both to accept and to refuse sexual difference in politics--was the constitutive condition of the long struggle by women to gain the right of citizenship. In this new book, remarkable in both its findings and its methodology, award-winning historian Joan Wallach Scott reads feminist history in terms of this paradox of sexual difference. Focusing on four French feminist activists--Olympe de Gouges, who wrote the "Declaration of the Rights of Woman and Citizen" during the French Revolution; Jeanne Deroin, a utopian socialist and candidate for legislative office in 1848; Hubertine Auclert, "the" suffragist of the Third Republic; and Madeleine Pelletier, a psychiatrist in the early twentieth century who argued that women must "virilize" themselves in order to gain equality--Scott charts the repetitions and variations in feminist history. Again and again, feminists tried to prove they were individuals, according to the standards of individuality of their day. Again and again, they confronted the assumption that individuals were men. But when sexual difference was taken to be a fundamental difference, when only men were regarded as individuals and thus as citizens, how could women also be citizens? The imaginative and courageous answers feminists offered to these questions are the subject of this engaging book.

[How to Make Books: Fold, Cut & Stitch Your Way to a One-of-a-Kind Book, Esther K. Smith](#) , 2012, 0770434193,

9780770434199. From zines you can fold in a minute to luxurious leather journals and sumptuous sketchbooks, How to Make Books will walk you through the easy basics of bookmaking. Whether you're a writer, a scrapbooker, a political

activist, or a postcard collector, let book artist Esther K. Smith be your guide as you discover your inner bookbinder. Using foolproof illustrations and step-by-step instructions, Smith reveals her time-tested techniques in a fun, easy-to-understand way.

[Medical Terminology Complete!, Bruce S. Wingerd](#) , 2012, 0133073122, 9780133073126. This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. This clear, concise, and conversational book teaches the most current and accepted language of healthcare, using a self-guided programmed learning approach that has helped thousands of students prepare for health careers. MEDICAL TERMINOLOGY COMPLETE!, 2/e emphasizes the medical terms used most commonly by hospitals and clinics, while providing only essential information on anatomy and physiology. Discussions are supported by accurate and compelling illustrations and photographs throughout, including many new images. Questions are provided both within and after each chapter, and many medical reports and case studies are provided to enable students to apply what they've learned. This edition has been improved with even more sample reports and case studies; expanded coverage of sight and hearing; and robust interactive tools online.

[Zorro En La Escuela / Fox at School, Edward Marshall](#) , 1996, 0140379800, 9780140379808. Starring in the school play means hard work, and being left in charge means keeping the class under control. Fox thinks there's nothing to it. And, when he's put to the test, will Fox retreat? Never! [Narrow Dog to Wigan Pier, Terry Darlington](#) , 2013, 0857500635, 9780857500632. At seventy-five, Terry and Monica Darlington had done everything they could think of doing, including starting a business and becoming athletes and running a literary society. Lately they had become boating adventurers and Terry a bestselling writer. But in their Midlands canal town in November, life was looking dull and short on surprises. Then their famous canal boat was destroyed by fire. Within a few days they had bought a new one and soon headed north in the Phyllis May 2 - to Liverpool, Lancaster, the Pennines and Wigan Pier. Terry recorded the journey, and alongside it the story of his life and his marriage and his dog Jim, with his broken ear like a flat cap, and Monica's dog Jess, known with heartbreaking reason as the Flying Catastrophe. Funny, affecting and beautifully told, this is a story that brims with incident and excitement, and is full of the famous and fascinating people the Darlings have met - a story of an adventurous life well lived.

Sparkling with comic genius and narrative exuberance, I Served the King of England is a story of how the unbelievable came true. Its remarkable hero, Ditie, is a hotel waiter who rises to become a millionaire and then loses it all again against the backdrop of events in Prague from the German invasion to the victory of Communism. Ditie's fantastic journey intertwines the political and the personal in a narrative that both enlightens and entertains.

[Egyptian Ideas of the Future Life, E. A. Wallis Budge](#) , 2009, 1775413500, 9781775413509. In the pursuit of their amazingly complex vision of the afterlife, the ancient Egyptians created some of the most remarkable structures ever built by human hands. In Egyptian Ideas of the Future Life, famed Egyptologist and philologist E.A. Wallis Budge sets forth a comprehensive overview of the ancient culture's conception of the afterlife and the profound influence it exerted on virtually every aspect of Egyptian life.

[The Reluctant Assassin \(WARP Book 1\), Eoin Colfer](#) , 2013, 0141341777, 9780141341774. The Matrix meets Oliver Twist, WARP: The Reluctant Assassin is the first of a major new series by Eoin Colfer, the bestselling author of Artemis Fowl. It all began with the FBI and WARP (Witness Anonymous Relocation Programme). Hiding witnesses in the past to protect the future - until now . . . Riley is a Victorian orphan, hurtled into the twenty-first century and on the run from his evil master . . . Albert Garrick, the terrifying assassin-for-hire pursuing Riley through time, along with . . . Chevie Savano,

[The Guide to Community Preventive Services : What Works to Promote Health?: What Works to Promote Health?, Task Force on Community Preventive Services](#) , 2005, 0199759782, 9780199759781. As the gold standard for evidence-based public health, this book will be a primary resource for improving health and preventing disease, whether in states, communities, local organizations, healthcare organizations, worksites, or schools. Developed under the leadership of the independent, non-federal Task Force on Community Preventive Services, the Guide is based on comprehensive, systematic review methods for evaluating population-oriented health interventions. Its recommendations are explicitly linked to the scientific evidence gathered from these systematic reviews, which evaluated interventions for their quality based on study design and execution. The book examines the effectiveness, economic efficiency, and feasibility of efforts to combat such risky behaviors as tobacco use, physical inactivity, and violence; to reduce the impact of specific conditions such as cancer, diabetes, vaccine-preventable diseases, and motor vehicle injuries; and to address social determinants of health such as education, housing, and access to care. The chapters are grouped into three broad categories: changing risk behaviors; reducing specific diseases, injuries, and impairments; and methodological background for the book itself. All health professionals should find this book an indispensable source of practical, science-based information for making better decisions about effective approaches to health promotion and disease prevention. It will serve as a filter for the large, inconsistent, or seemingly inaccessible scientific literature on specific health problems.

[Knife Sharpener: Selected Poems Translated from the Arabic by the Author,](#) , 2009, 0954966678, 9780954966676. ?This posthumous commemoration and celebration of Sargon Boulus is a collection of poems, written between 1991 and 2007 that he translated himself, together with an essay, Poetry and Memory, written a few months before he died.

[How Does Earth Work?: Physical Geology and the Process of Science, Gary Allen Smith, Aurora Pun](#) , 2009, 0136003680, 9780136003687. With its unconventional yet highly effective approach, How Does Earth Work? demonstrates the process of science as a vehicle for investigating physical geology. Smith and Pun connect readers to the evidence behind the facts, instead of reproducing known factssparking interest in how science is practiced and how we know what we know. Like geology detectives, readers learn to think through the scientific process and uncover evidence that explains Earth's mysteries. Chapters open with an essay that places a curious investigator in a realistic field or lab setting to observe and ask questions about geological phenomena. Integrated real-world connections link topics to issues of societal concern or relevant experience to increase appreciation of the value of discovering science; and annotated illustrations with thoughtful descriptions help readers observe the hypotheses presented. Why Study Earth? Minerals: Building Blocks of the Planet; Rocks and Rock-Forming Processes; Formation of Magma and Igneous Rocks; Formation of Sediment and

Sedimentary Rocks; Formation of Metamorphic Rocks; Earth Materials as Time Keepers; Journey to the Center of Earth; Making Earth; Motion Inside Earth; Deformation of Rocks; Global Tectonics: Plates and Plumes; Tectonics and Surface Relief; Soil Formation and Landscape Stability; Mass Movements: Landscapes in Motion; Streams: Flowing Water Shapes the Landscape; Water Flowing Underground; Glaciers: Cold-Climate Sculptors of Continents; Shorelines: Changing Landscapes Where Land Meets Sea; Wind: A Global Geologic Process; Global Warming: Real-time Change in the Earth System. MARKET: An interesting reference for anyone interested in learning more about Earth's processes.

[The Muses Among Us: Eloquent Listening and Other Pleasures of the Writer's Craft, Kim Stafford](#) , 2012, 0820340367, 9780820340364. The Muses Among Us is an inviting, encouraging book for writers at any stage of their development. In a series of first-person letters, essays, manifestos, and notes to the reader, Kim Stafford shows what might happen at the creative boundary he calls "what we almost know." On the boundary's far side is our story, our poem, our song. On this side are the resonant hunches, griefs, secrets, and confusions from which our writing will emerge. Guiding us from such glimmerings through to a finished piece are a wealth of experiments, assignments, and tricks of the trade that Stafford has perfected over thirty years of classes, workshops, and other gatherings of writers. Informing The Muses Among Us are Stafford's own convictions about writing--principles to which he returns again and again. We must, Stafford says, honor the fragments, utterances, and half-discovered truths voiced around us, for their speakers are the prophets to whom writers are scribes. Such filaments of wisdom, either by themselves or alloyed with others, give rise to our poems, stories, and essays. In addition, as Stafford writes, "all pleasure in writing begins with a sense of abundance--rich knowledge and boundless curiosity." By recommending ways for students to seek beyond the self for material, Stafford demystifies the process of writing and claims for it a Whitmanesque quality of participation and community.

[Day and Section Hikes Pacific Crest Trail: Southern California, David Money Harris](#) , 2013, 0899976840, 9780899976846. The Pacific Crest Trail was designated as one of the first National Scenic Trails way back in 1968. As it traverses the high road from Mexico to Canada, incredible views are not only commonplace but also uniquely diverse, because the trail connects six of North America's seven eco-zones. The PCT's familiar, well-worn path is a special place for hikers from all walks of life on walks of all lengths and for all reasons. Instead of guiding you through the arduous task of hiking the

entire PCT, the goal of this book is to help you plan trips that incorporate hiking on the PCT in Southern California, whether you have just an afternoon to spare or you want to escape for the entire weekend. Carefully edited maps and elevation graphs generated with GPS data collected by the author on the trail will help make your trip a success. This cargo-pocket guide offers author-tested advice to help you make the most of your time away from civilization, however long (or short) that stretch may be.

[The Twentieth Century, John D. Clare](#) , 1995, 0174351607, 9780174351603. Offering students a clear and stimulating approach to History, this series provides a set of options from which to formulate a scheme of work.

[Are You a True Citizen of Heaven?, R. C. Lee](#) , 2011, 098324944X, 9780983249443. In these last days we must be sure that we are true citizens of heaven. Only true citizens of heaven will inherit eternal life. Do not be deceived. This book is a checklist of the qualities of a true citizen of heaven.

[The Legal Environment of Business and Online Commerce, Henry R. Cheeseman](#) , 2004, 0131465333, 9780131465336.

This up-to-date, best-selling book focuses on how the legal environment impacts business decisions. It fully integrates the AACSB curriculum standards with extensive international, ethical and critical thinking examples throughout. Cheeseman and Walker examine how the current legal environment, government regulation, and e-commerce environment impact today's business decisions. The cases are cutting edge, exciting, and engaging, and the reasoning of each case is presented in the language of the court. A seven-part organization covers the legal and ethical environment, domestic and international law, traditional contracts and electronic commerce, agency and business organizations, employment and equal opportunity law, regulatory environment, and property and bankruptcy. For individuals interested in the legalities of business.

[Cosmetic Surgery, Norman Waterhouse](#) , 2008, 0191607657, 9780191607653. Cosmetic surgery has become the subject of intense media and public interest in the last few years. It is unique amongst the surgical specialties in that prospective patients are directly targeted by advertising, and often, through the use of aggressive sales and marketing techniques. For the general public and potential patients, understanding the procedures and accessing high-quality care is problematic, and independent professional advice from an appropriately trained and experienced doctor is essential. This advice should include a realistic assessment of the benefits and complications of any treatment. This book provides a clear and informative guide to cosmetic surgery and an overview of the range of procedures now available. The book also features an explanation of what makes a well-trained cosmetic surgeon and how to choose one. Individual chapters are devoted to specific procedures including facelifting, breast surgery, eyelid and chin lifts, liposuction, lasers/peels, botox and fillers and abdominoplasty.

[Last Night, Hyewon Yum](#) , 2008, . A little girl doesn't like her dinner and is sent to her room. She seeks comfort from her friend Bear and falls asleep. So begins a fantastic dream voyage deep into the forest, where the girl and her friend dance

and play all night. And in the morning, mother and child make up. With brilliant linocut illustrations and not a single word to break the spell, this picture book marks an impressive American debut for Hyewon Yum.

[Sudoku Book, Griffith-Jones](#) , 2005, . Have you been bitten by the Sudoku bug? Do you consider yourself a Sudoku guru? Perhaps you have been completing a daily puzzle in your newspaper, or downloading them from the Daily Sudoku website. Do you feel that many of these puzzles are too easy? Are you looking for something more challenging? Then this book is for you The book contains 101 advanced puzzles, arranged in order of increasing difficulty: 10 warm up puzzles to get you started, followed by 50 tough, and 41 devilish puzzles. In each case you can test yourself against the new Target Times The puzzles towards the end of the book approach the limit of difficulty for the standard 9 by 9 Sudoku puzzle, while maintaining the rule that every puzzle has a single solution that can be attained using only forward logic - that is, you should never have to employ trial and error tactics to determine the next move.

[The Wandering Who?: A Study of Jewish Identity Politics, Gilad Atzmon](#) , 2011, 1846948754, 9781846948756. An investigation of Jewish identity politics and Jewish contemporary ideology using both popular culture and scholarly texts. Jewish identity is tied up with some of the most difficult and contentious issues of today. The purpose in this book is to open many of these issues up for discussion. Since Israel defines itself openly as the e~Jewish Statee(tm), we should ask what the notions of e(tm)Judaisme(tm), e~Jewishnesse(tm), e~Jewish culturee(tm) and e~Jewish ideologie(tm) stand for. Gilad examines the tribal aspects embedded in Jewish secular discourse, both Zionist and anti Zionist; the e~holocaust religione(tm); the meaning of e~historye(tm) and e~timee(tm) within the Jewish political discourse; the anti-Gentile ideologies entangled within different forms of secular Jewish political discourse and even within the Jewish left. He questions what it is that leads Diaspora Jews to identify themselves with Israel and affiliate with its politics. The devastating state of our world affairs raises an immediate demand for a conceptual shift in our intellectual and philosophical attitude towards politics, identity politics and history.

[Powerful Writing Skills: A Quick and Handy Guide for Any Manager Or Business Owner, Richard Andersen](#) , 1994, 1564141454, 9781564141453. Everyone who has to write memos, reports, proposals or other business-related documents will quickly discover what a valuable and frequently used addition this Business Desk Reference is to business libraries. Powerful Writing Skills offers tried-and-true guidelines for getting it right whenever you write. It includes quick answers to common questions about grammar, usage and style, and will help you improve the quality of everything you write.

[Catalyst, Laurie Halse Anderson](#) , 2003, 110154970X, 9781101549704. Meet Kate Malone--straight-A science and math geek, minister's daughter, ace long-distance runner, new girlfriend (to Mitchell "Early Decision Harvard" Pangborn III), unwilling family caretaker, and emotional avoidance champion. Kate manages her life by organizing it as logically as the periodic table. She can handle it all--or so she thinks. Then, things change as suddenly as a string of chemical reactions; first, the Malones' neighbors get burned out of their own home and move in. Kate has to share her room with her nemesis, Teri Litch, and Teri's little brother. The days are ticking down and she's still waiting to hear from the only college she applied to: MIT. Kate feels that her life is spinning out of her control--and then, something happens that truly blows it all apart. Set in the same community as the remarkable *Speak*, *Catalyst* is a novel that will change the way you look at the world.

[The Papin Sisters, Rachel Edwards, Keith Reader](#) , 2001, 0198160100, 9780198160106. The 1933 killing by the Papin sisters of their mistress and her daughter was an act of unexampled violence by women against women, whose repercussions have been felt in French culture ever since. It received wide journalistic coverage at the time, and subsequently prominent literary figures such as Jean-Paul Sartre, Simone de Beauvoir and Jean Genet have dealt with the case, which has also formed the basis of a stage play (by Wendy Kesselmann) and films by Nico Papatakis, Nancy Meckler and Claude Chabrol. The case casts fascinating light on French provincial life between the wars, the role of women (especially unmarried ones) in French society, and French views of the criminal outsider. Its impact on psychoanalytic discourse, through the work first of Jacques Lacan, then of Francis Dupre and Marie-Magdeleine Lessana, has also been considerable, notably in its contribution to the development of the key notion of the mirror-phase. The almost obsessive recurrence of the case makes of it a fascinating prism through which to examine multiple aspects of recent French culture.

[Efficiency and Complexity in Grammars, John A. Hawkins](#) , 2004, 0199252696, 9780199252695. John Hawkins demonstrates a clear link between how languages are used and the conventions of their grammars. He sets out a theory in which performance shapes grammars and accounts for the variation patterns found in the world's languages. He backs this up with evidence from a wide array of languages. He also considers the profound consequences of this correspondence for explanations of language change and evolution, and for models of performance and acquisition. His book is of fundamental importance for linguistic theory.

[The Best Short Hikes in the Great Smoky Mountains, Kenneth Wise](#) , 1997, 0870499734, 9780870499739. The Best Short Hikes in the Great Smoky Mountains Kenneth Wise and James Andrews Located astride the Tennessee-North Carolina border, the Great Smoky Mountains National Park contains more than one hundred trails that trace eight hundred miles of rugged terrain. This fact is certain to bewilder any newcomer who might be eager to explore the Park's backcountry but is unsure where to start. This book, intended as a beginner's guide to hiking the Smokies, offers lively,

informative descriptions of twenty-two trails that can be completed in a day or less. For anyone who has yet to discover the beauty of the Smokies, the highest North American mountains east of the Mississippi, the trails described here offer a splendid introduction. Scenic overlooks at Mount Le Conte, Clingmans Dome, Gregory Bald, and other peaks are included along these pathways, as are some of the well-known waterfalls of the Park, such as Laurel Falls, Rainbow Falls, and Ramsay Cascades. In addition to vital data about the length of the trail, its elevation gain, and "how to get there," each trail description is packed with interesting facts and Smoky Mountain lore. Detailed maps are also included. In their introduction, the authors provide a brief overview of the park's history as well as useful tips for novice hikers. The Authors: Kenneth Wise, an administrator at the University of Tennessee Library, Knoxville, has hiked in the Great Smoky Mountains National Park for more than twenty years. He is the author of *Hiking Trails of the Great Smoky Mountains: A Comprehensive Guide*. James Andrews, a partner in the firm of Andrews, Hudson & Wall, P.C., has hiked the Park trails for more than a decade. He is the coauthor, with Wise, of *The Best Overnight Hikes in the Great Smoky Mountains*.

[DNA Topology, Andrew D. Bates, Anthony Maxwell](#) , 1993, 0199633495, 9780199633494. The basic structure of the DNA double helix has been recognized for many years, but more recently the existence and biological importance of different conformations of DNA have become known. The most prominent of these are the "topological" deformations such as supercoiling and catenation. Almost all biological processes involving DNA--such as replication, recombination, and transcription--have effects on, and are affected by, the topological state of the DNA. *DNA Topology: In Focus* provides clear, concise explanations of these concepts in their biological contexts, making it a valuable text for students of molecular biology, biochemistry and related disciplines, and for all researchers in this field.

[Despair,](#) , 2012, 0141196963, 9780141196961. Self-satisfied, delighting in the many fascinating quirks of his own personality, Hermann Hermann is perhaps not to be taken too seriously. But then a chance meeting with a man he believes to be his double reveals a frightening 'split' in Hermann's nature. With shattering immediacy, Nabokov takes us into a deranged world, one full of an impudent, startling humour, dominated by the egotistical and scornful figure of a murderer who thinks himself an artist.

[Hereditary Hearing Loss and Its Syndromes, Helga V. Toriello, Shelley D. Smith](#) , 2013, 0199731969, 9780199731961. This is the third edition of the foremost medical reference on hereditary hearing loss. Chapters on epidemiology, embryology, non-syndromic hearing loss, and syndromic forms of hearing loss have all been updated with particular attention to the vast amount of new information on molecular mechanisms, and chapters on clinical and molecular diagnosis and on genetic susceptibility to ototoxic factors have been added. As in previous editions, the syndromes are grouped by system (visual, metabolic, cardiologic, neurologic, musculoskeletal, endocrine, etc.), with each chapter written by a recognized expert in the field. Written for practicing clinicians, this volume is an excellent reference for physicians, audiologists, and other professionals working with individuals with hearing loss and their families, and can also serve as a text for clinical training programs and for researchers in the hearing sciences.

[The Mermaid of Brooklyn: A Novel, Amy Shearn](#) , 2013, 1451678290, 9781451678291. Hailed by The Washington Post as tantalizing and mesmerizing, The Mermaid of Brooklyn is a whip-smart, heartfelt exploration of what happens when

modern day motherhood meets with a little touch of magic. Sometimes all you need in life is a fabulous pair of shoes and a little help from a mermaid. Formerly an up-and-coming magazine editor, Jenny Lipkin is now your average, stretched-too-thin Brooklyn mom, tackling the challenges of raising two children in a cramped Park Slope walk-up. All she really wants is to survive the sweltering New York summer with a shred of sanity intact. But when her husband, Harry, vanishes one evening, Jenny reaches her breaking point. And in a moment of despair, a split-second decision changes her life forever. Pulled from the brink by an unexpected ally, Jenny is forced to rethink her ideas about success, motherhood, romance, and relationships. But confronting her inner demons is no easy task.

But his parents are giving a party, so instead he's got to wear a tie, dress shoes, and talk to grownups! Because he loves his parents, Little Bill tries hard to turn this bad day into a good one.

[No More Square Pegs: How to Hire Winners for Your Business, Rob McKay](#) , 2011, 0986468452, 9780986468452. Hiring staff is a chore. It takes time, it costs money and it's usually hard work. So it's no wonder New Zealand managers too often hire the wrong people, pushing square pegs into round holes. These people - the misfit employees and the misguided managers who hire them - destroy the value in your business. The best way to avoid these disasters is to understand why they happen and how to avoid them. No More Square Pegs reveals the secrets to hiring the right people first time, as employment specialist Rob McKay shares his 7-step guide for finding winners.

[Small Pig, Arnold Lobel](#) , 1988, 0064441202, 9780064441209. No mud! Small Pig loves to sit in good, soft mud. When the farmer's wife cleans his pigpen, Small Pig runs away. In the city he finds a new mud puddlebut it is not full of mud at all. And now Small Pig has one big problem!

[Electronic Data Interchange Implementation Guide, Ray Harris, Martin Silman](#) , 1996, 0113308426, 9780113308422.

Provides practical information which should enable readers to implement EDI successfully, and is aimed primarily at IS professionals and managers responsible for implementing EDI in government departments and agencies. It should also be of use to business managers affected by EDI, particularly those who need to understand how best to achieve maximum benefits, and EDI partners outside government who need to understand the approach taken by departments

and agencies.

[Your Flying Car Awaits: Robot Butlers, Lunar Vacations, and Other Dead-Wrong Predictions of the Twentieth Century](#),

[Paul Milo](#) , 2009, 0061960101, 9780061960109. Talking dolphins . . . Underwater cities . . . Two-hundred-year life spans . . . Welcome to the present! People have always imagined what life would be like in the future. Most of the time they've been wrong. Often they were really, really wrong. *Your Flying Car Awaits* looks at the most outrageous predictions from twentieth-century scientists, novelists, and social commentators, detailing the technologies and philosophies that led some great (and not so great) minds to think the ridiculous was achievable. Includes phenomenally inaccurate predictions such as: Space tourism will be ubiquitous by the year 2000 Nuclear explosives will be used for commercial demolition Engineered and man-made oceans will cover the planet Weather will be as predictable and controllable as a train schedule An eye-opening, fascinating, and endlessly entertaining collection of truly boneheaded scientific predictions from the past hundred years, *Your Flying Car Awaits* shines an illuminating light on the people of the previous century by examining the ridiculous theories they envisioned about this one.
