[The Origins of Modern Literary Yiddish, Dov-Ber Kerler](#) , 1999, 0198151667, 9780198151661. This is the first systematic attempt to trace the beginnings of modern literary Yiddish, an issue of great significance in the linguistic, literary, and social history of the Yiddish language. The eighteenth century marked the turning point in the history of literary Yiddish, a period of rapid linguistic assimilation to German and Dutch in the West and, by sharp contrast, the increasing cultural autonomy of Eastern European Jewry. Books printed in the West reflected the impact of NewHigh German and contemporary Western Yiddish. Books published in Eastern Europe, the new centre for Yiddish printing, used Eastern Yiddish both for new works and for new editions of old Yiddish works. Dr Kerler examines hitherto neglected Yiddish books from the period in order to analyse the linguistic changes manifest in both the transition and shift from old to nascent Modern Literary Yiddish within the broader context of genre and literary traditions and in the framework of Yiddish dialectology, grammar, and sociolinguistics. Many of the grammatical norms of nineteenth and early twentieth-century literary Yiddish are shown to have their origins in the eighteenth century. A major work of linguistic scholarship, *The Origins of Modern Literary Yiddish* is an important contribution to the study of the crystallization process of literary languages, highlighting in the case of Yiddish the dynamics of emergence in the absence of the usual governmental support.

[My Father's Blood, Amy Krout-Horn](#) , 2011, 0984639292, 9780984639298. "Darkness: the place where light best reveals itself." In the potent and poignant language of fine literature, this stunningly honest autobiographical novel grants candid views of chronic illness, blindness, and Native American racial identity, against the backdrop of a world often determined to demean, degrade, and disenfranchise. Though Amy Krout-Horn's inheritance brings illness, it also brings strong medicine, medicine remembered on a cellular level, derived from the profound wisdom of her Lakota ancestors. But can the ancient council fire's "spark" that ignited within a young girl's heart continue to guide the woman, even as the

monster drags her into the "darkest darkness"? Like the reverberations of a native drum, Amy Krout-Horn's visceral voice resounds, imparting the message that, sometimes, our bloodlines become our lifelines.

So begins the magically illustrated story of the - Christmas Tree Tangle - in which the kitten, the cat, the dog, the goat and even the pigs get stuck in the branches of the town Christmas tree. This is a delightful tale to read along with Children at the festive season.

[The Acne Diet: The Holistic Plan to Achieve Clear, Youthful, Acne-Free Skin with Natural Nutrition, Stress Relief and Organic Skincare, Julie Gabriel](#) , 2013, 1481934163, 9781481934169. Acne is a tough cookie, and most people who deal with acne often sigh in despair as yet another heavily advertised product fails to deliver its promise. Yet, combating acne can be easier than you think. The answer could be in the foods you eat and beauty products you put on your skin. Thankfully, today you can achieve clear, acne-free skin simply by adding certain foods to your diet while avoiding hidden acne triggers. The Acne Diet: Holistic Plan to Achieve Clear, Youthful, Acne-Free Skin with Natural Nutrition, Stress Relief and Organic Skincare teaches you how to eat and take care of your acne-prone skin naturally, without use of conventional acne treatments that often have unpleasant side effects. Based on recent scientific findings and full of practical, step-by-step instructions and useful tips, this book will help you dramatically improve your acne skin condition using the powers of nutrition and natural skincare. Inside this book you will find information about health benefits of skin-clearing nutrients, vitamins and minerals as well as latest scientific findings about skin-damaging effects of common foods and various food and cosmetic additives. You will learn which foods will help make your skin clear and glowing and which ones you should avoid as they can trigger further acne outbreaks. You will also understand how to take care of your skin in the most natural way and how stress relief helps maintain glowing complexion. The author Julie Gabriel, holistic nutritionist and the founder of organic skincare brand, Petite Marie Organics, explains how the modern, chemical-laden diet and skincare affect our skin condition. This book introduces the new principles of eating for beautiful, clear, acne-free skin based on years of scientific research on cosmetics and nutrition, as well as author's own personal

experience with acne. Clear explanations how to make changes in your diet to achieve clear complexion; Scientifically proven effects of certain nutrients and food additives on acne condition; Holistic nutritional plan to dramatically improve symptoms of acne; Stress relief as a powerful tool to achieve gorgeous, acne-free skin; Guidelines for making natural acne-cleansing products; Natural treatments and recipes to reduce the appearance of acne scars; Organic and natural at-home acne facials; Suggested food supplements for clear, gorgeous, acne-free skin at any age. This book also includes delicious recipes and easy acne-busting homemade skincare formulations. Acne is a whole-body disorder. No one has to live with acne or suffer from premature skin aging endured in the process of battling acne with conventional methods. Instead, treat your acne condition holistically and naturally to benefit not only your skin but your general health and well-being.

[Called to His Supper: A Preparation for First Eucharist, Jeannine Timko Leichner](#) , 2007, 1592762999, 9781592762996.

Designed for use in the classroom or at home, *Called to His Supper, Revised* is the perfect way to help children prepare to celebrate the Sacrament of First Eucharist. Here is catechesis at its finest - and consistent with the "Catechism of the Catholic Church," Page after page of ideas and activities engage children and reinforce lessons presented by a parent or catechist.

[Economic Turbulence: Is a Volatile Economy Good for America?, Clair Brown, John Haltiwanger, Julia Lane](#) , 2008, 0226076342, 9780226076348. Every day, in every sector of our economy, a business shuts down while another starts up, jobs are created while others are cut, and workers are hired while others are laid off. This constant flux, or turbulence, is a defining characteristic of our free market system, yet it mostly inspires angst about unemployment, loss of earnings, and the overall competitiveness of corporations. But is this endless cycle of fluctuation really so bad for America? Might something positive be going on in the economy as a result of it? In this penetrating work, three esteemed economists seek to answer these questions by exploring the real impact of volatility on American workers and businesses alike. According to the authors, while any number of events--shifts in consumer demand, changes in technology, mergers and acquisitions, or increased competition--can contribute to economic turbulence, our economy as a whole is, by and large, stronger for it, because these processes of creation and destruction make it more flexible and adaptable. The authors also acknowledge and document the adverse consequences of this turbulence on different groups of workers and firms and discuss the resulting policy challenges. Basing their argument on an up-close look into the dealings and practices of five key industries--financial services, retail food services, trucking, semiconductors, and software--the authors demonstrate the positive effects of turbulence on career paths, employee earnings, and firm performance. The first substantial attempt to disentangle and make clear the complexities of this phenomenon in the United States, *Economic Turbulence* will be viewed as a major achievement and the centerpiece of any discussion on the subject for years to come.

[Commercial Activity, Markets and Entrepreneurs in the Middle Ages: Essays in Honour of Richard Britnell, Ben Dodds, Christian Drummond Liddy](#) , 2011, 184383684X, 9781843836841. Long dominated by theories of causation involving class conflict and Malthusian crisis, the field of medieval economic history has been transformed in recent years by a better understanding of the process of commercialisation. In recognition of the important work in this area by Richard Britnell, this volume of essays brings together studies by historians from both sides of the Atlantic on fundamental aspects of the medieval commercial economy. From examinations of high wages, minimum wages and unemployment, through to innovative studies of consumption and supply, business fraud, economic regulation, small towns, the use of charters, and the role of shipmasters and peasants as entrepreneurs, this collection is essential reading for the student of the medieval economy. Contributors: John Hatcher, John Langdon, Derek Keene, John S. Lee, James Davis, Mark Bailey, Christine M. Newman, Peter L. Larson, Maryanne Kowaleski, Martha Carlin, James Masschaele, Christopher Dyer

[The Weed Forager's Handbook: A Guide to Edible and Medicinal Weeds in Australia, Adam Grubb, Annie Raser Rowland](#) , 2012, 1864471212, 9781864471212. Step into the world of our least admired botanical companions, peel back the layers of prejudice, and discover the finer side of the plants we call weeds. This book reveals how to distinguish a tasty sandwich-filler from its dangerous look-alike, which weeds are among the most nutritious vegetables ever tested, and how you cook with delicious nettles without fear of being stung ... It will forever change your concept of where to go looking for lunch.

[Isaac Bashevis Singer: A Life, Janet Hadda](#) , 1997, 0195084209, 9780195084207. Isaac Bashevis Singer, winner of the Nobel Prize in 1978, was the greatest Yiddish writer of the 20th century, a profoundly important voice in world literature, and an invaluable witness to the vanishing culture of Eastern European Jews. He was also a consummate storyteller. In such classic short stories as "Gimpel the Fool," "Short Friday," and "Yentl," and such acclaimed novels as *The Family Moskat* and *Enemies, A Love Story*, Singer combined a subtle psychological insight, deep sympathy for the eccentricities of Jewish folk custom, and an unerring feel for the heroism of everyday life. In doing so, he brought before the English-speaking world the vibrant milieu of pre-Holocaust Polish Jewry and provided an insight into human character and culture unsurpassed in our time. In *Isaac Bashevis Singer*, Janet Hadda brings her dual expertise--as a practicing psychoanalyst and a Yiddish literary scholar--to this illuminating study of Singer's life and work. Drawing on extensive interviews with his wife, his translators, and fellow writers, and using original Yiddish sources, Hadda traces Singer's remarkable trajectory from the grinding poverty of Bilgoray, Poland, to his early struggles and paralyzing self-doubts as a lonely immigrant in New York in the 1930s, and finally to his rise to the pinnacle of literary fame. Hadda views Singer's personal life through the lens of his troubled relationships with his brilliant family. She discusses for the first time the critical role his sister and brother--both literary figures in their own right--played in his emotional and intellectual development. We

see, for example, the close resemblance between his epileptic sister and the demonically possessed heroine of Satan in Goray, and learn how Singer's admiration for and competition with his brother, Israel Joshua, both spurred and inhibited his own artistic growth. Hadda also explores how opposing parental forces--his effeminate rabbi father and masculine rationalist mother--bequeathed to Singer a set of contradictions and a loneliness that would haunt his entire life. Despite his famous memoir, *In My Father's Court*, which idealizes his parents, Hadda shows a childhood that left him deeply neglected and from which he turned to fiction for escape and compensation. His sense of isolation intensified in adulthood with the knowledge that the Yiddish-speaking audience for whom he wrote and whose world provided the foundation for his work was disappearing. Debilitating depression, epic womanizing, estrangement from his brother, sister, and son all contributed to a private personality far different from the simple, grandfatherly self his readers perceived. Indeed, vast discrepancies existed between his public, private, and several literary personas. The naive voice of Jewish folk culture was also a sophisticated artist, an acerbic critic and, in the view of some (most notably, Saul Bellow), a calculating careerist. Hadda's account gives us, in the end, an enormously complicated man profoundly afflicted by the contradictions of his historical circumstance and personal suffering who was yet able to transform his burdens into a marvelously compassionate literature. Compellingly written, filled with vivid detail, telling anecdote, and a wealth of fresh insight, Isaac Bashevis Singer reveals the complex array of historical, familial, cultural, and artistic forces that shaped one of this century's most eminent literary figures.

[Jebel Khalid on the Euphrates: The pottery, , ISBN 0958026505, 9780958026505, , , 2009, 095802653X, 9780958026536.](#)

[Pharmacology of Cytokines, Alberto Mantovani, Charles A. Dinarello, Pietro Ghezzi , 2000, 0198500424, 9780198500421.](#)

Cytokines are polypeptide mediators which act as communication signals among cells of the immune system as well as among other cells and tissues in the body. They are a heterogeneous and complex group and include interferons, tumor necrosis factor and chemokines. They play a key role in homeostasis and in host defence and are involved in such inflammatory and autoimmune diseases such as rheumatoid arthritis as well as infectious diseases such as HIV infection and septic shock. Modulation of the production and action of cytokines, as well as their exploitation as therapeutic agents, has been the object of intense and competitive research. The pharmacology of cytokines is an exploding area which is entering the clinical arena. This book gives an overview of cytokine research and describes the various approaches that have been taken to develop the pharmacology of these novel mediators. Within the framework of the immunobiology of cytokines, the book examines the interactions with the cytokine system of a variety of compounds ranging from simple synthetic chemicals to biotechnological products . In addition to examining individual agents and approaches, it reviews the pathophysiology of individual body systems and analysis specific contexts for the pathophysiology of these mediators as well as pharmacological approaches for their control.

[Julius Caesar: A Verse Translation, William Shakespeare](#) , 2011, 0983637903, 9780983637905. This complete, line-by-line translation of Julius Caesar makes the language of Shakespeare's play contemporary while preserving the metrical rhythm, complexity, and poetic qualities of the original. The aim is to capture both sound and sense of Shakespeare's tragedy without the need for glosses or notes to use contemporary language without simplifying or modernizing the play in any other way. Readers experience Shakespeare's tale of the brutal assassination of Rome's most famous leader with the comprehension and delight of audiences 400 years ago, the way Shakespeare intended. Features Line-by-line, not prose paraphrases. Complete. No lines deleted. No dumbing down. Accurate and authentic iambic pentameter. True to the feel and look of Shakespeare's original. Tone, complexity, and poetic devices preserved. Subtlety and richness revealed without the need of notes and glosses. Accessible introduction to classic drama. Attractive, uncluttered, easy-to-read layout. Stage-ready for an audience-pleasing theatrical. "Too often, unless we read a Shakespeare play beforehand, we process the language as if it were coming from a poorly tuned-in radio station. Shakespeare didn't write his plays to be experienced impressionistically as 'poetry;' he assumed his language was readily comprehensible. At what point does a stage of a language become so different from the modern one as to make translation necessary? Mr. Richmond is brave enough to assert that, for Shakespeare, that time has come. The French have Moliere, the Russians have Chekhov and now, we can truly say that we have our Shakespeare." John McWhorter, Manhattan Institute

[MEG: An Introduction to Methods, Peter Hansen, Morten Kringelbach, Riitta Salmelin](#) , 2010, 0199719136,

9780199719136. Magnetoencephalography (MEG) is an exciting brain imaging technology that allows real-time tracking of neural activity, making it an invaluable tool for advancing our understanding of brain function. In this comprehensive introduction to MEG, Peter Hansen, Morten Kringelbach, and Riitta Salmelin have brought together the leading researchers to provide the basic tools for planning and executing MEG experiments, as well as analyzing and interpreting the resulting data. Chapters on the basics describe the fundamentals of MEG and its instrumentation, and provide guidelines for designing experiments and performing successful measurements. Chapters on data analysis present it in detail, from general concepts and assumptions to analysis of evoked responses and oscillatory background activity. Chapters on solutions propose potential solutions to the inverse problem using techniques such as minimum norm estimates, spatial filters and beamformers. Chapters on combinations elucidate how MEG can be used to complement other neuroimaging techniques. Chapters on applications provide practical examples of how to use MEG to study sensory processing and cognitive tasks, and how MEG can be used in a clinical setting. These chapters form a complete basic reference source for those interested in exploring or already using MEG that will hopefully inspire them to try to develop new, exciting approaches to designing and analyzing their own studies. This book will be a valuable resource for researchers from diverse fields, including neuroimaging, cognitive neuroscience, medical imaging, computer modelling, as well as for clinical practitioners.

[Introduction to Statistics in Psychology, Dennis Howitt, Duncan Cramer](#) , 2005, 0131399853, 9780131399853.

Introduction to Statistics in Psychology Statistics can be difficult, but this revised 3rd edition of Introduction to Statistics in Psychology makes it much easier. Any psychology student, whether at introductory, intermediate or advanced level will find the book a very useful companion to their statistics course. Introduction to Statistics in Psychology is written in a jargon free style, it is comprehensive and accessible, and laid out with great visual clarity. Complex mathematics are kept to a minimum and concepts that are often difficult to grasp are explained step-by-step, using a wide variety of examples. Introduction to Statistics in Psychology can be used alone or to complement the authors' Introduction to Research Methods in Psychology and Introduction to SPSS in Psychology also published by Prentice Hall. The revised 3rd edition: - Provides a comprehensive guide to understanding a wide range of statistics - Meets student needs at all stages of their course - Teaches how to choose appropriate statistical tests - Describes how to analyse data of all sorts - Provides models of how to report findings - Employs a flexible modular approach for effective study and reference - Requires only a simple understanding of mathematics for success - The best single resource for confidence intervals, statistical power, reliability, meta-analysis, log-linear and other advanced techniques Dennis Howitt and Duncan Cramer are both Readers in Psychology at LoughboroughUniversity

[Villain School: Good Curses Evil, Stephanie S. Sanders](#) , 2011, 1599908484, 9781599908489. Rune Drexler, Big Bad Wolf Jr., and Countess Jezebel Dracula are students at Master Dreadthorn's School for Wayward Villains. It's like military school for the children of famous villains; it's where you learn to be bad. But Rune is failing at his villainous studies, so when he lands himself in detention (again), Master Dreadthorn assigns him a Plot. In one week, Rune and his friends must find a henchman, steal a baby, kidnap a princess, and overthrow a kingdom. There's only one problem: Rune's not very evil. In fact, his behavior seems suspiciously heroic. . . . This hilarious adventure stretches across a fairy tale world where the mistakes of famous villains become valuable lessons for our heroes-er, villains. The mix of familiar characters and a wholly original Plot will delight young readers.

[Finder, Terri-Lynne Defino](#) , 2010, 0982946724, 9780982946725. Survival along Therk's seedy coast is precarious. Hounds rule the streets with fear and fists. Former highwaymen now call themselves Merchants. Spices, rare since the desert swallowed the Spice Way, are forbidden to all but the wealthy and powerful. Ethen's ability to Find lost objects has helped him survive in this world; now, it's going to make him rich. The Merchant Juddah Luash has offered him a fortune, but not for an object he wants Found. Juddah wants Ethen to Find a person, the escaped slave, Zihariel. To find her brother, sold after the Purge of Calaira, Zihariel has fled her luxurious life as a musician performing for the wealthiest households in the desert. She soon discovers the world is much bigger than she ever suspected, teeming with those who see her only as a pooni, an object to be bought and sold, used until she is used up. Not even her music belongs to her, but to the Dommi-sa who etches his mark onto her skin. From the deserts of Therk to the island of Moscrea and across the Bloodbane Sea, Ethen and Zihariel lie and thief their way to the great city of Bosbana. There, Ethen's promised fortune and Zihariel's greatest performance await - unless they sacrifice all to flee together into the Dragonbacks and become fugitives for the rest of their lives.

[The Wapshot Chronicle, John Cheever](#) , 1998, 0099275279, 9780099275275. In the novel that established his reputation as an unparalleled observer of the dialectic between compassion and decorum, John Cheever followed the destinies of the impecunious and wildly eccentric Wapshots of St. Botolphs, Massachusetts. There are the stories of Cap-tain Leander Wapshot, venerable sea-dog and would-be suicide; of his licentious older son, Moses; and of Moses's adoring and errant younger brother, Coverly. Tragic and funny, ribald and splendidly picaresque, THE WAPSHOT CHRONICLE is a family narrative in the traditions of Trollope, Dickens, and Henry James.

[Ruby to the Rescue, Maggie Glen](#) , 1992, 0399221492, 9780399221491. Ruby--that spunky, endearing teddy bear with the crooked nose and leopard-spot fur--is back in another delightful adventure. After going to school with Susie, Ruby comes up with a bold plan to get her new friends, Anyone's Bears, out of the playhouse and into the arms of someone who will think Anyone's Bears are as special as Ruby is. Full-color illustrations.

[Light, Timothy O'Grady](#) , 2013, 0099584077, 9780099584070. An elderly Pole sits in a cafe in Krakow. At another table a young man with a ravaged face is drinking wine and reading Werner Heisenberg's Physics and Philosophy. They begin to talk. All through the night as they go from bar to bar the young man tells the story of the great love of his life, of how in the midst of their rapture the woman inexplicably disappeared, and of how he is now driving across Europe in a desperate attempt to find her. After they part in the pre-dawn light the old man returns to his rooms and finds himself beset by questions. Why can he not forget this young man? Who was the woman he was with and why did she leave him? These questions lead him back through his own life, from pre- and post-war Poland, to his membership of the Communist Party and his own life-altering love affair with a woman he met in Berlin and then ran away with to the sand dunes of the Baltic coast until she, too, left him without explanation. Through the years that followed he wandered the world trying to escape from the memory of her. Now, back in a small town in Poland, he begins to assemble stories both from his own past and that of the young man and the woman he loved and lost until he finds himself on an unexpected quest. Light traverses Europe and parts of America, the history of physics and political changes in Central Europe. It is about love and ruin, East and West, friendship and betrayal, the search for certainty and the consequent disillusionment. It is, too, about the making of stories and how they can lead, inadvertently, to revelation.

[The Wolf Man of Kane, Pennsylvania: An Historical Novel about Doctor Edward H. McCleery and His Lobo Wolves, Nancy](#)

[A. Avolese](#) , 2012, 098570683X, 9780985706838. Edward McCleery (1867-1962) was a medical doctor in Kane, Pennsylvania. He saved the last four wolf pups from slaughter when the Federal government began to eliminate the wolves in the Rocky Mountain regions in the 1920s. Doctor McCleery then started a tourist attraction to educate folks about wolves, and prove that, with care and kindness, wolves could live in harmony with humans. By doing so, he saved the Canis lupus nubilus (Lobo Wolves) from extinction.

[How To Think More About Sex, Alain De Botton](#) , 2012, 1447202279, 9781447202271. In this rigorous and supremely honest book Alain de Botton helps us navigate the intimate and exciting - yet often confusing and difficult - experience that is sex. Few of us tend to feel we're entirely normal when it comes to sex, and what we're supposed to be feeling rarely matches up with the reality. This book argues that 21st-century sex is ultimately fated to be a balancing act between love and desire, and adventure and commitment. Covering topics that include lust, fetishism, adultery and pornography, Alain de Botton frankly articulates the dilemmas of modern sexuality, offering insights and consolation to help us think more deeply and wisely about the sex we are, or aren't, having. One in the new series of books from The School of Life, launched May 2012: How to Stay Sane by Philippa Perry How to Find Fulfilling Work by Roman Krznaric How to Worry Less About Money by John Armstrong How to Change the World by John-Paul Flintoff How to Thrive in the Digital Age by Tom Chatfield How to Think More About Sex by Alain de Botton

[H, Elizabeth Shepard](#) , 1996, 0140243895, 9780140243895. H is for Elliot. Elliot is twelve-year-old Benjamin Sherman's best friend. To the counselors at the camp where he is spending his first summer, Benjamin is a "freaky kid" who shuns his peers and is strangely - and perhaps dangerously - attached to Elliot, his stuffed letter H. To his mother, Benjamin is an object of anxiety and pity. To his father, he's bizarre and embarrassing. To his psychiatrist, he is a case study in mental illness. Benjamin has a ritual and reason for everything, from the way he makes pizza bagels to his first kiss to his communion with the toy that the grownups all around him are so intent on taking away. And if those rituals are in any way disturbed, the outcome may not be Benjamin's "recovery" - it may be his destruction. Through the letters of Benjamin's mother and father, his sister, Lemon, his camp counselors and psychiatrist - and most touchingly through those Benjamin himself writes to his stuffed confidant, Elliot - this audacious and utterly unsentimental novel gives us a moving and sometimes shocking intimacy with a child whose disorder may be a kind of fragile genius. H is compelling, disturbing, and truthful in a single breath - a riveting look at what is irrevocably lost as Benjamin becomes "more normal."

[Brief Calculus & Its Applications](#), , 2009, 0321629221, 9780321629227. Brief Calculus and Its Applications, Twelfth Edition is a comprehensive text for students majoring in business, economics, life science, or social sciences. Without sacrificing mathematical integrity, the book clearly presents the concepts with a large quantity of exceptional, in-depth exercises. The authors' proven formula--pairing substantial amounts of graphical analysis and informal geometric proofs with an abundance of exercises--has proven to be tremendously successful with both students and instructors. The textbook is supported by a wide array of supplements as well as MyMathLab and MathXL, the most widely adopted and acclaimed online homework and assessment system on the market. This text is designed for a one-semester course in applied calculus.

These beautiful 4/color literature anthologies are an affordable way to introduce students to a variety of authors from the Spanish-speaking world. Organized by themes, students interact with poems, songs, informational readings, short stories, and excerpts from outstanding literature, including many AP\* Literature authors. Teacher's Guides provide pre- and post-reading activities plus graphic organizers. Ten themes include 42 reading selections by writers such as Paz, Neruda, Ponce, Delgado, Borges, El Topo, Garcia Marquez, De Burgos, Lopez y Fuentes, Mistral, Machado, Allende, Cisneros, Santiago, Ibarbourou, and Vargas Llosa.

[The Federalist: Excerpts with Commentary, Roderick Saxey, Alexander Hamilton, James Madison, John Jay](#) , 1994, 0964365626, 9780964365629. Many people misunderstand the purpose & intended role of the federal government & its

relationship to the states & to the citizens. The Founders clarified these matters in THE FEDERALIST, but few read it today because it is long & sometimes turgid. This convenient new book assembles FEDERALIST excerpts which are particularly clear & pertinent to our times. For instance, concerning excessive legislation, "It will be of little avail to the people, that the laws are made by men of their own choice, if the laws be so voluminous that they cannot be read, or so incoherent that they cannot be understood..." Accompanying commentary highlights relevance of the text to current political issues such as size of government or the debate on term limits. Bound with the Constitution, including all amendments; five & a half by eight & a half inches, hardcover. Copies may be ordered by sending a check or money order to: THE KITHARA, P.O. Box 1941, Lake Oswego, OR 97035. 503-251-4809. Write or call for volume or wholesale discounts.

[Essentials for Design XHTML, Kelly Valqui](#) , 2004, 0131466453, 9780131466456. This series is ideal for any course that includes desktop publishing and/or web design software applications as well as web scripting languages. Courses can be found in Computer Information Systems, Computer Science, and Fine Arts Departments, as well as Continuing Education, and Journalism. The Essentials series by Prentice Hall is based on a learning-by-doing approach that encourages students to grasp application related concepts as they expand their skills through hands-on tutorials. Now a part of the Essentials series, Prentice Hall's Essentials Graphic Design titles offer a clean, easy-to-follow, full color layout with two different levels available. Instructor Resource CD-ROMs include assessments, PowerPoint presentation materials, and additional projects.

[Schoolmatch Guide to Public Schools, William L. Bainbridge](#) , 1990, 0137809581, 9780137809585. Twelve hundred public school districts in sixty major metropolitan areas are profiled in this reference based on the SchoolMatch educational database. Charts relate each district to national averages for class size, test scores, pupil-teacher ratio, and other measures of school quality.

[The Laws of Manu, Manu](#) , 1991, 0140445404, 9780140445404. The Several Brahmin Hands Who Wrote The Laws Of Manu Drew On Jurisprudence, Philosophy And Religion To Create An Extraordinary, Encyclopaedic Model Of How Life Should Be Lived, In Public And In Private, By Untouchables As Well As By Priests And Kings, By Women As Well As By Men. The Sanskrit Text Was First Translated Into English In 1794, And Translations Into Other European Languages Swiftly Followed. For Nietzsche The Humane Wisdom Of Manu Far Surpassed That Of The New Testament; For The British Raj It Seemed To Be The Perfect Tool With Which To Rule The Hindu. No Understanding Of Modern India Is

Possible Without It, And In The Richness Of Its Ideas, Its Aphoristic Profundity And Its Relevance To Universal Human Dilemmas, Manu Stands Beside The Great Epics, The MahBhRata And The RMYana. Many Commentators Find Manu Contradictory And Ambiguous; Others Perceive A Clear Thematic Integrity; And The Argument Is Renewed By Wendy Doniger And Brian K. Smith In Their Illuminating Introduction. Wendy Doniger Provides A Landmark Translation, The First Authoritative English Rendering This Century. It Is Also The First To Set The Unadulterated Text In Narrative Form, Making It Accessible And Enjoyable Both To Specialist Scholars And To A Wider Audience. &Nbsp;

[Carnavoria, Laurie Saurborn Young](#) , 2012, 0983221561, 9780983221562. The poems in this dark and hopeful book evoke a ghostly quality, as if reaching for the ethereal might make the tangible more vital, as if we must always bring

along our ghosts. Strange elements float in this suspension: cake and pliers, dragonflies and faucets, creation and keys. The hands-on material of these poems rushes forward all at once, lifted and hurled by the sense that the cosmos is a great metaphysical flood. These are strange compositions, indeed, but they recognize with great force that the world itself is strangely composed. -- Maurice Manning There are many poets who go by the name Laurie Saurborn Young in CARNAVORIA. Some tender, some teasing, some sassy, some will break your heart. All of them impossible to say enough about. Read these poems. Let them offer their means of transport. Patient, quick, gentle, ornery, calm, tough, surprising, loving, fearless and fierce, generous, frank, clear and true. Here is the best inch in view. -- Dara Wier

[Adventures in the Rocky Mountains, Isabella Bird](#) , 2007, 0141963271, 9780141963273. Endlessly restless and endlessly curious, Isabella Bird (1831-1904) travelled the world looking for new experiences, but never more delightfully than in her pony-bound adventures in the Colorado Territory at a time when it was only notionally under the control of the American authorities. A vanished world of grizzly hunters, cowboys, isolated cabins and plagues of rattlesnakes is here beautifully brought back to life. Great Journeys allows readers to travel both around the planet and back through the centuries but also back into ideas and worlds frightening, ruthless and cruel in different ways from our own. Few reading experiences can begin to match that of engaging with writers who saw astounding things: Great civilisations, walls of ice, violent and implacable jungles, deserts and mountains, multitudes of birds and flowers new to science. Reading these books is to see the world afresh, to rediscover a time when many cultures were quite strange to each other, where legends and stories were treated as facts and in which so much was still to be discovered.

[Virgin Mother Goddesses of Antiquity, Marguerite Rigoglioso](#) , 2012, 113729342X, 9781137293428. Various goddesses of the ancient Mediterranean world were once understood to be Virgin Mothers - creators who birthed the entire cosmos

without need of a male consort. This is the first book to explore evidence of the original parthenogenetic power of deities such as Athena, Hera, Artemis, Gaia, Demeter, Persephone, and the Gnostic Sophia. It provides stunning feminist insights about the deeper meaning of related stories, such as the judgment of Paris, the labors of Heracles, and the exploits of the Amazons. It also roots the Thesmophoria and Eleusinian Mysteries in female parthenogenetic power, thereby providing what is at long last a coherent understanding of these mysterious rites.

[The Pool Party, Roderick Hunt](#) , 1998, 0199186685, 9780199186686. Wolf Hill is an exciting series from Roderick Hunt and Alex Brychta, creators of the Oxford Reading Tree. It is designed to provide an easy, supportive and sustained read for those pupils who need to gain confidence and motivation in their reading. The stories will appeal to reluctant readers aged approximately 7-11 and deal with the real-world adventures of a group of friends who live and attend school in an area called Wolf Hill. The children experience lively, amusing adventures and the stories also deal with issues about friendship, school and life in a modern urban environment. The books are designed to look like popular novels for older children with a spine and chapters, boosting confidence and interest of those who may have been stuck on reading scheme books aimed at younger children and appealing to the most image-conscious pupils. This book is also available as part of a mixed pack of 6 different books or a class pack of 36 books.

[Lost and Found in the Mississippi Sound: Eli and the Dolphins of Hurricane Katrina, Katie Carpenter, Mary Carpenter](#) , 2010, 0977353656, 9780977353651. Eight bottlenose dolphins, swept out to sea by Hurricane Katrina and unable to find food or fight off predators, are finally recovered by heroic dolphin trainers and Gulf Coast rescuers. Even Eli-the youngest, feistiest dolphin-survives!

[The Stone Angel, Margaret Laurence](#) , 1993, 0226469360, 9780226469362. The Stone Angel, The Diviners, and A Bird in the House are three of the five books in Margaret Laurence's renowned "Manawaka series," named for the small Canadian prairie town in which they take place. Each of these books is narrated by a strong woman growing up in the town and struggling with physical and emotional isolation. In *The Stone Angel*, Hagar Shipley, age ninety, tells the story of her life, and in doing so tries to come to terms with how the very qualities which sustained her have deprived her of joy. Mingling past and present, she maintains pride in the face of senility, while recalling the life she led as a rebellious young bride, and later as a grieving mother. Laurence gives us in Hagar a woman who is funny, infuriating, and heartbreakingly poignant. "This is a revelation, not impersonation. The effect of such skilled use of language is to lead the reader towards the self-recognition that Hagar misses."Robertson Davies, *New York Times*"It is [Laurence's] admirable achievement to strike, with an equally sure touch, the peculiar note and the universal; she gives us a portrait of a remarkable character and at the same time the picture of old age itself, with the pain, the weariness, the terror, the impotent angers and physical mishaps, the realization that others are waiting and wishing for an end."Honor Tracy, *The New Republic*"Miss Laurence is the best fiction writer in the Dominion and one of the best in the hemisphere."Atlantic"[Laurence] demonstrates in *The Stone Angel* that she has a true novelist's gift for catching a character in mid-passion and life at full flood. . . . As [Hagar Shipley] daydreams and chatters and lurches through the novel, she traces one of the most convincing and the most touching portraits of an unregenerate sinner declining into senility since Sara Monday went to her reward in Joyce Cary's *The Horse's Mouth*."Time"Laurence's triumph is in her evocation of Hagar at ninety. . . . We sympathize with her in her resistance to being moved to a nursing home, in her preposterous flight, in her impatience in the hospital. Battered, depleted, suffering, she rages with her last breath against the dying of the light. *The Stone Angel* is a fine novel, admirably written and sustained by unfailing insight."Granville Hicks, *Saturday Review*"*The Stone Angel* is a good book because Mrs. Laurence avoids sentimentality and condescension; Hagar Shipley is still passionately involved in the puzzle of her own nature. . . . Laurence's imaginative tact is strikingly at

work, for surely this is what it feels like to be old."Paul Pickrel, Harper's

[The Prophetic Power of the Hour: A Revolutionary Revelation, Irma Elizabeth Diaz](#) , 2002, 0971624003, 9780971624009.

Written from a Jewish perspective and deep revelation, "The Prophetic Power of the Hour, " reveals dimensional truths, which will change your walk with God forever. We are living in the night of the morning before daybreak. It was in the night of the morning that Jesus Christ prepared for the work of the day. It was through touching the heart of His Abba, Father. You will be inspired to seize the moment you are living in when "The Prophetic Power of the Hour" becomes a reality in your life. Prepare for Daybreak!

[Grits, Eboni, Eboni Hogan](#) , 2009, 0984151303, 9780984151301. Poetry. African American Studies. "GRITS uses bold imagery and precise narratives to highlight overlooked moments in daily life: a sobbing passenger on an airplane, two women celebrating Valentine's Day dressed in black, and relates those small moments to the themes of love, madness and the nebulous emotional space that exists between the two. Eboni's first book takes reader to places ranging from Nigeria to the West Village. These poems reflect the work of a woman who has lived many lives in many different places and isn't afraid to indict and challenge the status quo. Eboni demonstrates comfort in her own voice and strong command over persona. Poems in voices of Cicily Tyson, Mary Woodson, Eunice Waymon accentuate the musical quality of the language throughout the book. In particular, these women all are connected to music and violence by their own hands or others. The poems in this book truly reflect the title; they are small grains that contribute to a very fulfilling and satisfying read"--Ekoko Omadeke.

rivalry for the love of Edmund Thompson, a handsome railway porter, pits them against one another. With humour and sensitivity, *No Crystal Stair* reveals both the conflict and the human heart of the proud, tightly knit Black community of the Little Burgundy district of Quebec in the mid-forties. It recaptures the days when Montreal was a cosmopolitan hub. It was a city inhabited by jazz musicians, cafe society, artists, gangsters - those whose world revolved around Rockhead's Paradise - and others who clung to the community church at the end of prohibition, the depression and the anxious years of World War II.

[SAMS Teach Yourself TCP/IP Network Administration in 21 Days, Brian Komar](#) , 1998, 0672312506, 9780672312502.

Sams Teach Yourself TCP/IP Network Administration in 21 Days, 3E, is a straightforward professional tutorial on the popular, but poorly documented protocol suite, TCP/IP. It teaches the reader how to set-up and maintain their network using the suite of TCP/IP protocols. From the basics about open systems, standards and protocols, SLIP and PPP, and security, to the ins and outs of using TCP & IP, this book will teach the reader creatively?using quizzes, Q&A, and workshop sections. Like Teach Yourself TCP/IP in 24 Hours, Teach Yourself TCP/IP Network Administration in 21 Days, 3E will cover all the topics a reader will need in order to implement TCP/IP onto their network. However, the 21 days book will go into more depth for each topic, taking the time (and pages) to explain and explore the nuances of this far-reaching suite of protocols more thoroughly for the network administratorA complete guide to setting up and running a TCP/IP network for network system administratorsThoroughly understand the essentials of TCP/IP?from how the protocols work to the implementation of a TCP/IP network (including network topology and the possible pitfalls of a heterogeneous environment)?to more advanced topics like NFS and NIS, and application integration (like FTP and HTTP)Written by an experienced network administrator, trainer and consultant who teaches colleagues how to implement, install, and manage TCP/IP.

[In Context: Reading and Writing in Cultural Conversations, Ann Merle Feldman, Ellen McManus, Nancy Downs](#) , 2004, 0321233026, 9780321233028. In Context is a thematically-organized reader which invites students to use reading and

writing to participate in ongoing cultural conversations. In Contexts units focus on four ongoing conversations that have an impact on events in the world and that affect the way we see ourselves. These units include: what it means to be authentic, how we establish a sense of place, how to get people involved in civic dialogues, and how the increasingly global economy affects us as workers and consumers. The essays, dialogues, editorials, newspaper articles, and other documents included in this book reflect moments in these conversations. Both the readings and the writing assignments encourage students to see the ways in which others use writing to make things happen and ways in which they themselves can use writing to participate in these various local, national, and global conversations. What sets In Context apart from other readers is: (1) its thoughtful and sustained attention to rhetorical issues?students are introduced to four rhetorical concepts (situation, genre, language, and consequences) and are asked to use these as both a reader and writer; (2) the fact that students are asked to do more than critique culture, and to focus on how societies and individuals use writing and reading to do work, to affect outcomes, and to achieve results; and 3) the inclusion of assignments that allow students to compose not only analytical essays, but other genres as well?reports, letters to the editor, proposals, and more.

[The Many Lives of Benjamin Franklin,](#) , 1977, 0135560195, 9780135560198. A simple biography of Benjamin Franklin emphasizing his contributions to American literature, politics, and science.

[India and Central Asia: Commerce and Culture, 1500-1800, Scott Cameron Levi, Muzaffar Alam](#) , 2007, 0195686470, 9780195686470. "Most scholarly works and textbooks characterize the medieval Indo-Central Asian relationship as more or less unidirectional and violent defined by successive waves of aggressive Turko-Afghan Islamic invasions of a passive Hindu India. They also tend to overlook the peaceful exchange of people, ideas, and material goods. Departing from the traditional scholarship, this reader, the eighth in the Debates in Indian History and Society series, provides new insights into India-Central Asia relations between the sixteenth and nineteenth centuries." "Did India's relationship with Central Asia grow during the period under consideration or falter? Were cultural or commercial connections more significant? India and Central Asia raises some important questions. In an incisive Introduction, Scott C. Levi examines the key contours of various debates and the changing historiographical perspectives. He also investigates areas where new issues have emerged, and others that need further investigation." "The book is divided into two parts. The first section on commercial relations deals with Mughal-Uzbek relations, trade patterns, commodity structure, merchant networks and the Indian diaspora. It conclusively questions the notion that Indo-Asian trade suffered a general decline. Highlighting active socio-religious connections, the second part discusses the Central Asian heritage of the Mughal rulers, Fargana's contacts with India, and the Impact of Central Asian Sufism on Islam in India. It also explores Perso-Islamic cultural exchanges and cross..fertilization in the field of literature, painting, religion, and astronomy."--BOOK JACKET.

[The Legend of the Rose Swan, Willian Watson](#) , 2002, 0972777008, 9780972777001. "Theme: love, unselfish &

unending love. The princess was willing to marry the prince of a nearby country to secure for own war - ridden country, support to rebuild - she would make the ultimate sacrifice, but she had one last request, to visit the black forest - her wish was granted - she went to the forest & found the ineptical pond, but she never returned. Why, what happened? However, the reason for her marrying the prince was resolved with her disappearance in a wondrous way - love - true love conquered all."

[Esio Trot, Roald Dahl](#) , 2013, 0141348674, 9780141348674. Roald Dahl's Esio Trot in glorious full colour! A lavish, large format full-colour edition of this funny, tender and poignant Roald Dahl story with coloured backgrounds on every page, illustrated by Quentin Blake, Roald Dahl's favourite illustrator. Roald Dahl was born in Wales in 1916. He was educated in England before going to work for the Shell Oil Company in Africa. With the outbreak of World War II, he became an RAF fighter pilot. He began writing for adults at the close of the war, with the encouragement of C. S. Forester. His first children's book, James and the Giant Peach, was published in 1961 and each of his subsequent books became bestsellers. He is still the best selling children's writer of all time. Quentin Blake is one of Britain's most successful illustrators. His first drawings were published in Punch when he was sixteen. He has illustrated nearly three hundred books and he was Roald Dahl's favourite illustrator. He has won many awards including the Whitbread Award and the Kate Greenaway Medal. Besides being an illustrator he taught for over twenty years at the Royal College of Art and in 1999 he became the first ever Children's Laureate! Six years later he was awarded a CBE for services to children's literature and in 2013 he was knighted in the New Year's Honours - which means his full title is Sir Quentin Blake, although we can still all go on calling him Quentin as usual.

[Heading Home, Katie Flynn](#) , 2010, 0099520257, 9780099520252. Claudia Muldoon and her younger sister, Jenny, live with their parents and their gran in her house in Blodwen Street. Both parents have good jobs and the family assume they are settled for life, but then Grandpa Muldoon has a seizure and begs his son to return to Ireland and the family croft. The Muldoons leave and Gran has to take in lodgers to make ends meet, for the Depression is beginning to bite. In Ireland, however, the Muldoons flourish and the girls love the freedom of their new life, though as they grow up, disadvantages become clear. Claudia has to find work, so both sisters return to Liverpool and to their old pal Danny, who still adores the beautiful Claudia and welcomes them back with delight. But both girls' lives take an unexpected turn when Danny's friend, the flamboyant and successful Rob Dingle, returns from America...

[Foundations of Policing in Canada, Paul Francis McKenna](#) , 1997, 0138994366, 9780138994365. Appropriate for community policing courses offered at colleges. This text looks at the history and development of the concept of

community policing and closely examines the problem-solving approach that has become one of the key components of this model of modern policing. It considers this approach as part of the overall process of organizational change which is occurring in policing across Canada.

[Empowering Your Vocabulary, James Hawley](#) , 2003, . This book explains the definitions and usage of over 350 English words commonly used in high school and college. It shows how to pronounce words and how they are used in sentences. It includes five types of quizzes for memorization, and it has complete answer keys to quizzes.

Landing on a dreary, colorless planet, the Rainbow Riders begin zapping colors into being until they begin to squabble among themselves and lose their magic. Will they be able to reunite as friends and spread rainbow magic throughout the galaxy?

[Value Added Tax \(Input Tax\) \(Amendment\) \(No. 3\) Order 1995: Value Added Tax, Great Britain, Stationery Office, The, Great Britain. Treasury](#) , 1995, 0110552156, 9780110552156. Value Added Tax (Input Tax) (Amendment) (No. 3) Order 1995

[Sabbath'S Theater, Philip Roth](#) , 2007, 0099511088, 9780099511083. Once a scandalously inventive puppeteer, Micky Sabbath at sixty-four is still defiantly antagonistic and exceedingly libidinous. But after the death of his long-time mistress - an erotic free spirit whose adulterous daring exceeds even his own - Sabbath embarks on a turbulent journey into his past. Bereft and grieving, besieged by the ghosts of those who loved and hated him most, he contrives a succession of farcical disasters that take him to the brink of madness and extinction.

[Inside Moves, Todd Walton](#) , 2013, 0988172518, 9780988172517. Jerry Maxwell and his good friend Roary are both handicapped. They divide their time between Max's bar in San Francisco and the bleachers of the Oakland Sports Complex to cheer on the Golden State Warriors. Together the two set out to make Jerry's dream of playing professional basketball a reality. Inside Moves is an off-beat, exuberant and extremely emotional novel focusing on the bonds of friendship between two men brought together by physical and psychological challenges, and their dreams of creating more meaningful lives for themselves and their friends. Often classified as a sports novel, basketball is merely the backdrop to this human comedy of love and sorrow and the healing powers of friendship and community. Released to wide critical acclaim by Doubleday in 1978, Inside Moves went on to sell over 160,000 copies through numerous printings. A motion picture of Inside Moves was released in 1980, directed by Richard Donner with a screenplay by Barry Levinson and Valerie Curtin.

[Practical Decoupage, Denise Thomas, Mary Fox](#) , 1993, 0943955785, 9780943955780. An authoritative and practical guide to the art of decoupage: over 100 beautiful specially commissioned colour photographs and diagrams; clear step-by-step instructions; comprehensive reference section explaining the techniques and materials involved; over 30 finished

projects demonstrating the versatility of decoupage.

[The Skeptic's Dictionary: A Collection of Strange Beliefs, Amusing Deceptions, and Dangerous Delusions, Robert Carroll](#) , 2011, 1118045637, 9781118045633. A wealth of evidence for doubters and disbelievers"Whether it's the latest shark cartilage scam, or some new 'repressed memory' idiocy that besets you, I suggest you carry a copy of this dictionary at all times, or at least have it within reach as first aid for psychic attacks. We need all the help we can get."-James Randi, President, James Randi Educational Foundation, randi.org"From alternative medicine, aliens, and psychics to the farthest shores of science and beyond, Robert Carroll presents a fascinating look at some of humanity's most strange and wonderful ideas. Refreshing and witty, both believers and unbelievers will find this compendium complete and captivating. Buy this book and feed your head!"-Clifford Pickover, author of The Stars of Heaven and Dreaming the Future"A refreshing compendium of clear thinking, a welcome and potent antidote to the reams of books on the supernatural and pseudoscientific."-John Allen Paulos, author of Innumeracy and A Mathematician Reads the Newspaper"This book covers an amazing range of topics and can protect many people from being scammed."-Stephen Barrett, M.D., quackwatch.orgFeaturing close to 400 definitions, arguments, and essays on topics ranging from acupuncture to zombies, The Skeptic's Dictionary is a lively, commonsense trove of detailed information on all things supernatural, occult, paranormal, and pseudoscientific. It covers such categories as alternative medicine; cryptozoology; extraterrestrials and UFOs; frauds and hoaxes; junk science; logic and perception; New Age energy; and the psychic. For the open-minded seeker, the soft or hardened skeptic, and the believing doubter, this book offers a remarkable range of information that puts to the test the best arguments of true believers.

[The Arhoolie Foundation's Strachwitz Frontera Collection of Mexican and Mexican American Recordings, Agustin Gurza](#) , 2012, 0895511487, 9780895511485. The Strachwitz Frontera Collection is the largest repository of commercially produced Mexican and Mexican American vernacular recordings in existence. More than 40,000 recordings, all produced during the first half of the 20th century, have been digitized and are available to researchers and the general public online. Although border music is the focus of the collection, it also includes notable recordings of other Latin forms, including salsa, mambo, sones, and rancheras. Agustin Gurza explores the Frontera Collection, discussing genre, themes, and some of the thousands of performers whose recordings are archived. He considers the cultural significance of the recordings, notably what the lyrics reveal about relationships between not only Anglos and Mexicans but also Mexican nationals and other immigrant and ethnic groups. Jonathan Clark focuses on recordings by mariachi ensembles. Topical lists of recordings and a guide to the collection with suggestions for searching the online files complete the volume.

[A Chocolate Moose for Dinner, Fred Gwynne](#) , 2009, 1439599483, 9781439599488. A gorilla war? Car pools? Playing the piano by ear? It's no wonder a little girl is confused by some of the strange things she overhears her mommy and daddy saying. With his hilarious wordplay and zany illustrations, Fred Gwynne keeps children of all ages in stitches!

[Forensic Investigation of Stolen-Recovered and Other Crime-Related Vehicles, Eric Stauffer, Monica Bonfanti](#) , 2006, 0080477887, 9780080477886. Forensic Investigation of Stolen-Recovered and Other Crime-Related Vehicles is the ultimate reference guide for any auto theft investigator, crime scene technician, criminalist, police investigator, criminologist, or insurance adjuster. In addition to a thorough treatment of auto theft, the book covers vehicles involved in other forms of crime dealing extensively with the various procedures and dynamics of evidence as it might be left in any crime scene. An impressive collection of expert contributors covers a wide variety of subjects, including chapters on vehicle identification, examination of burned vehicles, vehicles recovered from under water, vehicles involved in terrorism, vehicle tracking, alarms, anti-theft systems, steering columns, and ignition locks. The book also covers such topics as victim and witness interviews, public and private auto theft investigations, detection of trace evidence and

chemical traces, vehicle search techniques, analysis of automotive fluids, vehicle registration document examination, and vehicle crime mapping.\* Extensively researched and exceptionally well-written by internationally-recognized experts in auto theft investigation and forensic science \* All the principles explained in the text are well-illustrated and demonstrated with more than 450 black and white and about 100 full-color illustrations, many directly from real cases\* Serves as both a valuable reference guide to the professional and an effective teaching tool for the forensic science student

[Cassandra--live at Carnegie Hall!](#), Nancy J. Hopper , 1998, 0803723296, 9780803723290. How do you get to Carnegie Hall? For Cassandra, it's right downstairs! Popular novelist Nancy Hopper brings all her humor and story telling gifts to this lively story set in New York City in 1944. Thirteen-year-old Cassandra Lord is horrified to learn that her family is moving from their cozy Connecticut home to New York. Her father is a band leader, and to save money they'll live in his rehearsal studio...in Carnegie Hall While a friendship with cute neighbor Tony Ferrante is definitely a plus, living over the famous concert hall has its ups and downs. This warm and funny novel evokes teenage life during World War II as it explores issues of growing up and finding out where you belong.

[Ginormous Dreams](#), M. J. Saltz , 2012, 0984173919, 9780984173914. It's time for bed and Andrew and his younger brother Jerry are not at all sleepy. So when the lights go out, the fun begins. These boys share their hopes and dreams like becoming the world's most adored baseball star, swimming around the world braving fierce alligators and frigid waters, and then zipping their chartered rocket bus into space to explore the galaxy and beyond. They also reflect upon how they can make the world a better place, wishing to find a cure to heal all the sick people in the world so no one will even get the slightest case of sniffles again. With heart and compassion, they envision ways they can provide sight to those who can't see and sound to those who can't hear. They wish to fill the land with music and laughter and monster-size cakes for all to enjoy. It's a story about having happy dreams, but having dreams that help others have happiness, too.

[A Mennonite Family in Tsarist Russia and the Soviet Union, 1789-1923, David G. Rempel](#) , 2011, 1442613181, 9781442613188. In this vivid and engaging study, David Rempel combines his first-hand account of life in Russian Mennonite settlements during the landmark period of 1900-1920, with a rich portrait of six generations of his ancestral family from the foundation of the first colony - the Khortitsa Settlement - in 1789 to the country's cataclysmic civil war. Born in 1899 in the Mennonite village of Nieder Khortitsa on the Dnieper River, the author witnessed the upheaval of the next decades: the 1905 revolution, the quasi-stability wrought from Stolypin reforms, World War I and the threat of property expropriation and exile, the 1917 Revolution, and the Civil War during which he endured the full horrors of the Makhnovshchina - the terror of occupation of his village and home by the bandit horde led by Nestor Makhno - and the typhus epidemic left in their wake. Published posthumously, this book offers a penetrating view of one of Tsarist and early Soviet Russia's smallest, yet most dynamic, ethno-religious minorities.

[Fundamentals of Comparative Cognition, Sara J. Shettleworth](#) , 2013, 0195343107, 9780195343106. With the growing accessibility of original journal articles and papers, a staggering number of professors teaching junior/senior level courses are turning away from the use of textbooks in favor of primary research papers. The Fundamentals of Cognition series covers the main topics in the field of Cognitive Psychology, and will address the need professors have for a brief, yet detailed, overview of specific topics in cognitive psychology. The books in this series will serve as a unifying discussion of the topic and provide continuity and cohesion to the discussion of primary research papers. These primers will be written by prominent cognitive scientists with the ability to write accessibly about complex subjects. They will capture the current state of this fast moving field and reflect the authors' views. Comparative Cognition has countless connections to the rest of psychology and encompasses the comparative and evolutionary basis of development and social psychological

processes as well as every aspect of cognition. Comparative research also provides the basis for the animal models used in behavioral neuroscience and genetics. This text on the Fundamentals of Comparative Cognition will convey the richness and excitement of this diverse field while addressing the fundamental questions of what makes us uniquely human and what we share with other creatures. Professors' experience with Shettleworth's graduate text and her clear, direct, and interesting writing style makes them very excited about the possibility of Shettleworth writing an undergraduate text in this field.

[Color Space and Its Divisions: Color Order from Antiquity to the Present, Rolf G. Kuehni](#) , 2003, 0471461466, 9780471461463. It has been postulated that humans can differentiate between millions of gradations in color. Not surprisingly, no completely adequate, detailed catalog of colors has yet been devised, however the quest to understand, record, and depict color is as old as the quest to understand the fundamentals of the physical world and the nature of human consciousness. Rolf Kuehni's *Color Space and Its Divisions: Color Order from Antiquity to the Present* represents an ambitious and unprecedented history of man's inquiry into color order, focusing on the practical applications of the most contemporary developments in the field. Kuehni devotes much of his study to geometric, three-dimensional arrangements of color experiences, a type of system developed only in the mid-nineteenth century. Color spaces are of particular interest for color quality-control purposes in the manufacturing and graphics industries. The author analyzes three major color order systems in detail: Munsell, OSA-UCS, and NCS. He presents historical and current information on color space developments in color vision, psychology, psychophysics, and color technology. Chapter topics include: A historical account of color order systems Fundamentals of psychophysics and the relationship between stimuli and experience Results of perceptual scaling of colors according to attributes History of the development of mathematical color space and difference formulas Analysis of the agreements and discrepancies in psychophysical data describing color differences An experimental plan for the reliable, replicated perceptual data necessary to make progress in the field Experts in academia and industry, neuroscientists, designers, art historians, and anyone interested in the nature of color will find *Color Space and Its Divisions* to be the authoritative reference in its field.

9780415893534. History of Early Childhood Education presents a thorough and elegant description of the history of early childhood education in the United States. This book of original research is a concise compendium of historical literature, combining history with the prominent and influential theoretical background of the time. Covering historical threads that reach from ancient Greece and Rome to the early childhood education programs of today, this in-depth and well-written volume captures the deep tradition and the creative knowledge base of early care and education. History of Early Childhood Education is an essential resource for every early childhood education scholar, student, and educator.

[Stories of Bridal Veil: A Company Mill Town, 1886-1960, Thomas J. Cowling](#) , 2001, 0970870108, 9780970870100. This book tells the story of Bridal Veil, Oregon - the mill, the town and the people who lived there. It contains a collection of oral and written histories by people who knew Bridal Veil well, each of them having lived or worked there at some time during its' seventy-five year life span. Photographs, many of them over 100 years old, are used throughout the book in telling the story of Bridal Veil.

[Theatrical legitimation: allegories of genius in seventeenth-century England and France, Timothy Murray](#) , 1987, 0195042689, 9780195042689. In *Theatrical Legitimation*, Timothy Murray provides a post-structural analysis of three frameworks of 17th-century dramatic and literary criticism: authorship, patronage, and spectatorship. Discussing a wide range of primary materials from England and France--including dedicatory epistles, title pages, anti-theatrical tracts, and art treatises-- Murray reflects on different strategies of "legitimizing" theater, all illustrating the period's broader ideological concern with the "allegory of genius." Following introductory remarks linking "legitimation" to "allegory," Murray's detailed discussion of Ben Jonson and his folio reveals how printing contributed to conventions of authorial constancy and genius. He then moves on to an analysis of patronage that focuses on Richelieu and French written portraiture, arguing that the legitimation of theater memorialized historical personages as "textual figures." Finally, Murray demonstrates that French aesthetic theories fueled by the legitimation of drama ultimately dwell not on authorship or patronage, but on figures of spectatorship, desire, and the sublime.

[Across the Top of the World: The Quest for the Northwest Passage, James P. Delgado](#) , 1999, 1926706536, 9781926706535. The centuries-long quest for the fabled Northwest Passage rivals the story of Antarctic exploration for heroism, drama, and tragedy. Expedition after expedition set off in search of a sea route connecting Europe with Asia's riches; each expedition suffered extreme hardship and ended in defeat, until Roald Amundsen finally succeeded in 1903-06. Across the Top of the World brings this incredible saga to life through exhaustive research, grim firsthand accounts, and hundreds of dramatic images. Paintings, engravings, and photos of the intrepid men and their ships, as well as of relics and archaeological sites, provide a poignant and compelling link with the past, while landscapes and seascapes of the harsh yet beautiful Arctic illustrate the challenges that faced explorers. Covering all the major expeditions in detail, and written with passion and authority, this book is both a scholarly reference and an eminently readable history of Arctic exploration.

[Supply Chain Management Based on SAP Systems: Order Management in Manufacturing Companies, Gerhard F. Knolmayer, Peter Mertens, Alexander Zeier](#) , 2002, 3540669523, 9783540669524. In recent years, Supply Chain Management (SCM) has become one of the most widely discussed issues on top management`s agenda. One essential precondition for the implementation of SCM concepts are powerful information systems. Many manufacturing companies deploy the logistics modules of the SAP R/3 system. In 1997 SAP enlarged its focus beyond Enterprise Resource Planning (ERP) systems and started an SCM initiative, which resulted in the Advanced Planner and Optimizer (APO) system. Today, APO has become one of the main components of the mySAP.com solutions. This book describes the principles and methods of intra- and inter-company SCM with reference to Release 4.6 of the SAP R/3 and to Release 3.0 of the SAP APO system. It also discusses potential future developments of these widely used software systems. The final chapter of the book contains an annotated overview of the most valuable online resources dealing with SCM.

[In My Father's Country: An Afghan Woman Defies Her Fate, Saima Wahab](#) , 2012, 0307884945, 9780307884947. Born in Kabul, Afghanistan, at age three Saima Wahab watched while her father was arrested and taken from their home by the KGB. She would never see him again. When she was fifteen an uncle who lived in Portland, Oregon brought her to America. Having to learn an entire new language, she nonetheless graduated from high school in three years and went on to earn a bachelor's degree. In 2004 she signed on with a defense contractor to work as an interpreter in Afghanistan, never realizing that she would blaze the trail for a new kind of diplomacy, earning the trust of both high-ranking U.S. army officials and Afghan warlords alike. When she arrived in Afghanistan in the winter of 2004, Saima was among the few college-educated female Pashto speakers in the entire country. She was stunned to learn how little U.S. and coalition forces knew about the Pashtun, who comprise 40% of the population and from whom the Taliban arose. The blessing of the Pashtun is essential, but the U.S. army was so unaware of the workings of this ancient, proud, insular ethnic group, that they would routinely send Farsi interpreters into Pashtun villages. As a Pashtun-born American citizen, Saima found herself in an extraordinary position to be able to explain the people of her native land to those of her adopted one, and vice versa, in a quest to forge new and lasting bonds between two misunderstood cultures. In My Fathers Country follows her amazing transformation from child refugee to nervous Pashtun interpreter to intrepid human terrain specialist, venturing with her twenty-five-soldier force protection into isolated Pashtun villages to engage hostile village elders in the first, very frank dialogue they had ever had with the Americans. From her posting at the forward operating base Farah in Afghanistans blistering western frontier to the year she spent in Jalalabad translating for provincial governor Hollywood Pashtun Sherzai to the near-suicide missions of a year and a half in the Khost Province, where before every mission, she left instructions on how to dispose of her belongings, having to face the very real possibility of not coming back alive, Saima Wahabs is an incomparable story of one young womans unwavering courage and undaunted spirit.

[Understanding and Using Health Experiences: Improving patient care, Sue Ziebland, Angela Coulter, Joseph D. Calabrese, Louise Locock](#) , 2013, 0191643246, 9780191643248. Improving patient experience is a global priority for health policy-makers and care providers. The need to look at healthcare delivery through the eyes of patients is widely accepted, but how should it be done? What use can be made of this information, and what evidence is there that such exercises lead to better care? Understanding and Using Health Experiences: Improving patient care examines a broad range of different sources and techniques for gathering and analyzing health experiences. Providing an accessible and pragmatic overview of the diversity and richness of research in the field this book explores the strengths and limitations of different approaches, and assesses what each method can contribute to improving people's experience of illness, and the way that health services are delivered. The book looks at topics such as using focus groups to understand experiences of health and illness, patient surveys, and the internet as a source of information on people's experience. Using clear and engaging examples throughout, the book is accessibly written by experts in social science, health services, and health policy, and will be valuable to postgraduate students, healthcare practitioners, and individuals working in health and social policy, public sector management, and research.

[SOA with REST: Principles, Patterns & Constraints for Building Enterprise Solutions with REST, Thomas Erl, Benjamin Carlyle, Cesare Pautasso, Raj Balasubramanian, Herbjrn Wilhelmsen, David Booth](#) , 2012, 0132869918, 9780132869911.

The Definitive Guide to Building Web-Centric SOA with REST The World Wide Web is based on the most successful technology architecture in history. It has changed how we view, access, and exchange information and, with the advent of REST, it has also provided us with compelling ways to build and improve automation solutions. REST provides a great deal of guidance to ensure that an architecture and its automation logic are technically sound, though it is still your responsibility to build services that actually add value to your business. SOA with REST is the first comprehensive tutorial and reference for designing and building RESTful services as part of service-oriented solutions and in conjunction with service-oriented architecture (SOA). This book demonstrates that REST is not only a suitable medium for building truly service-oriented solutions, but also that the service-oriented architectural model is a necessary foundation for REST technology architectures to realize their full business potential. The authors provide thorough mapping of REST constraints and architectural goals with service-orientation principles and SOA characteristics. Using real-world examples, they show how to leverage REST's simplicity, flexibility, and low overhead without compromising the power or manageability of service-oriented solutions and architectures. This ebook will be valuable to IT architects, developers, and any practitioner seeking to use SOA and REST together.

[Morgenthau, Law and Realism, Oliver Jtersonke](#) , 2010, 113949130X, 9781139491303. Although he is widely regarded as

the 'founding father' of realism in International Relations, this book argues that Hans J. Morgenthau's legal background has largely been neglected in discussions of his place in the 'canon' of IR theory. Morgenthau was a legal scholar of German-Jewish origins who arrived in the United States in 1938. He went on to become a distinguished professor of Political Science and a prominent commentator on international affairs. Rather than locate Morgenthau's intellectual heritage in the German tradition of 'Realpolitik', this book demonstrates how many of his central ideas and concepts stem from European and American legal debates of the 1920s and 1930s. This is an ambitious attempt to recast the debate on Morgenthau and will appeal to IR scholars interested in the history of realism as well as international lawyers engaged in debates regarding the relationship between law and politics, and the history of International Law.

Stories and cross-curricular texts with full-color illustrations stimulate students' interest, while carefully graded English introduces them to new language. Pictures support the story clearly Text in different colors makes it easier to follow the dialogue "Read and do": integrated activities for every page of reading Picture Dictionary in each book Notes for teachers and parents in each book

[Successful Fundraising Through Dinner Journals, Nicholas J. Ciprani](#) , 2001, 0966422635, 9780966422634.

[Introduction to Differential Equations, Richard K. Miller](#) , 1991, 013478264X, 9780134782645. A thorough examination of the classical topics of differential equations, contemporary models and applications, and areas of theoretical research.

[Linear Algebra with Applications, Otto Bretscher](#) , 2001, 0130198579, 9780130198570. For courses in Introductory Linear Algebra and Matrix Methods. With the most geometric presentation now available, this text emphasizes linear transformations as a unifying theme, and enables students to 'do' both computational and abstract maths in each chapter. A second theme is introduced half way through the text - when eigenvectors are reached - on dynamical systems. It also includes a wider range of problem sets than found in any other text in this market. NEW - Earlier introduction to vector spaces ('linear spaces' ). Extensive visualization and geometrical interpretations throughout - E.g., the determinant; the Gram-Schmidt process; the singular value of decomposition; the QR-factorization; and the use of phase portraits for dynamical systems. Avoidance of the 'wall of vector spaces'. Early, strong introduction to linear transformation. This becomes an underlying theme of the text. All chapters have some theory. More and better problems and exercises than in any other linear algebra text. After Eigenvalue chapter, a running theme in applying dynamical systems. Extensive historical references throughout.

[The Long Kill, Reginald Hill](#) , 2010, 0007334842, 9780007334841. When a hitman starts missing, it's time to retire. And

where better than the Lake District where the air is healthy, the scenery spectacular, and there's a handsome young widow who's caught your eye. Everything in this Garden of Eden seems lovely to Jaysmith. But soon he begins to discover, as many another retired man before him, that settling down to the quiet life is not as easy as it seems. His old employers aren't keen to lose him, his past is always lying in wait, and when Anya introduces him to her family, Jaysmith realizes there's no way out. He's back in business, and it makes little difference that this time it's to defend, not destroy. However you wrap it up, his one accessible talent is the long kill.

[Pioneers of Modern Design: From William Morris to Walter Gropius, Nikolaus Pevsner](#) , 2005, 0300105711, 9780300105711. One of the most widely read books on modern design, Nikolaus Pevsner's landmark work today remains as stimulating as it was when first published in 1936. This expanded edition of *Pioneers of Modern Design* provides Pevsner's original text along with significant new and updated information, enhancing Pevsner's illuminating account of the roots of Modernism. The book now offers many beautiful color illustrations; biographies and bibliographies of all major figures; illustrated short essays on key themes, movements, and individuals; a critique of Pevsner's analysis from today's perspective; examples of works after 1914 (where the original study ended); a biography detailing Pevsner's life and achievements; and much more. Pevsner saw Modernism as a synthesis of three main sources: William Morris and his followers, the work of nineteenth-century engineers, and Art Nouveau. The author considers the role of these sources in the work of early Modernists and looks at such masters of the movement as C.F.A. Voysey and Charles Rennie Mackintosh in Britain, Louis Sullivan and Frank Lloyd Wright in America, and Adolf Loos and Otto Wagner in Vienna. The account concludes with a discussion of the radical break with the past represented by the design work of Walter Gropius and his future Bauhaus colleagues.

[The World's History: Combined Volume, Howard Spodek](#) , 2000, 013028257X, 9780130282576. A true exploration of world history, this text presents world history through an analysis of eight chronological turning points seen through the prisms of eight different themes: origins, cities, empires, religion, trade, migrations, revolutions, and technology. Focusing throughout on three major questions: What do we know? How do we know it? What difference does it make? it helps readers make sense of the immensity of human historical experience: the most significant activities, accomplishments and failures throughout the world, from earliest times to the present. Volumes I and II cover the following turning points: human origins and human cultures: 5 million B.C.E. - 10,000 B.C.E., The first cities: 10,000 B.C.E. - 1000 C.E., Empire and Imperialism: 2300 B.C.E. - 1100 C.E., the rise of world religions: 600 B.C.E. - 1500 C.E., world trade: 1100 - 1776 C.E., migration: 1500-1750, social change: 1688-1914 and exploding technologies: 1914-1900s. For individuals interested in a comprehensive, yet manageable presentation of world history.

[A Monk and Two Peas: The Story of Gregor Mendel and the Discovery of Genetics, Robin Marantz Henig](#) , 2000, 0753811227, 9780753811221. Gregor Mendel was determined to work out how traits are inherited. He spent seven years

in his monastery garden experimenting on over 300,000 strains of plants. While Darwin's work provoked agitated debate, Mendel's work was completely ignored. A fellow scientist told him that his work was incomplete and unconvincing. Was he furious that a younger man had struck on something far more original than he could ever produce? After Mendel's death all his papers were burnt. Was this the result of a fit of jealousy by a monk who succeeded him as abbot? Finally, in 1900, Mendel's paper was found, and it became apparent that he was onto something extremely significant. Had Darwin known about his work many of the debates about the details of natural selection might have been resolved.

[Inflation: Its Real Causes, Michael McCain](#) , 1982, 0960831401, 9780960831401.

[The Psychology of Human Movement, Mary M. Smyth, Alan M. Wing](#) , 1984, 012653022X, 9780126530223.

[Brilliant Microsoft Expression Web, Steve Johnson](#) , 2007, 0136137024, 9780136137023. Written by Steve Johnson, this book allows readers to master the new Microsoft Expression Web Designer package.

[Cecil's New Year's Eve Tail,](#) , 2007, 0975567527, 9780975567524. Cecil is excited about attending the year's most fancy party on New Year's Eve, but is discouraged when he reads the last line of the invitation, which demands that the invitees wear patent-leather shoes--a problem since he is a snake.

[Special Report New Minimum Wage, Prentice Hall](#) , 1990, .

[Collected poems, Peter Porter](#) , 1984, 0192119656, 9780192119650. This collection of Peter Porter's work includes the great majority of his poems published between 1961 and 1981.

[The Psychic Wave Power of Atlantis : an Amazing Way to Occult Wonders and Prosperity, E. R. Keslum](#) , 1992, 0969488319, 9780969488316.

[From Grief to Grace: Images for Overcoming Sadness and Loss, Helen Reichert Lambin](#) , 1997, 0879461543, 9780879461546. A collection of images to assist people in naming, processing and overcoming grief caused by illness, a loved one's death, a job loss or similar difficult situations.
