[Power of the Unemployed, Kathryn Welbourn, Chris Brookes](#) , 2011, 0980914477, 9780980914474. The Great Depression of the 1930s was a time of desperation for millions of people in North America. In Newfoundland, where a democratic government was replaced by a British-controlled commission, the thousands of people living on the dole had no where to turn. As the situation worsened, a voice arose amongst the poor. Pierce Power, a firebrand leader of unemployed workers in St. John s, led a challenge against Newfoundland s business and political elite. In this play, Power of the Unemployed, the story of a poor underclass rising up during Newfoundland s darkest years is told.

[Risks of Hazardous Wastes, Paul E. Rosenfeld, Lydia Feng](#) , 2011, 1437778437, 9781437778434. Hazardous waste in the environment is one of the most difficult challenges facing our society. The purpose of this book is to provide a background of the many aspects of hazardous waste, from its sources to its consequences, focusing on the risks posed to human health and the environment. It explains the legislation and regulations surrounding hazardous waste; however, the scope of the book is much broader, discussing agents that are released into the environment that might not be classified as hazardous waste under the regulatory system, but nonetheless pose substantial hazards to human health and the environment. It provides a background of some of the major generators of hazardous wastes, explains the pathways by which humans and wildlife are exposed, and includes discussion of the adverse health effects linked to these pollutants. It provides numerous case studies of hazardous waste mismanagement that have led to disastrous consequences, and highlights the deficiencies in science and regulation that have allowed the public to be subjected to myriad potentially hazardous agents. Finally, it provides a discussion of measures that will need to be taken to control society's hazardous waste problem. This book was designed to appeal to a wide range of audiences, including students, professionals, and general readers interested in the topic. Provides information about sources of and health risks posed by hazardous wasteExplains the legislation and regulations surrounding hazardous wasteIncludes numerous case studies of mismanagement, highlights deficiencies in science and regulation and discusses measures to tackle society's hazardous waste problems

[Home Movies of Narcissus: Poems, Rane Arroyo](#) , 2002, 0816521956, 9780816521951. A first-generation Latino born in Chicago, Rane Arroyo is a leading poeta puertorriqueo and playwright whose readership transcends his ethnicity. In Home Movies of Narcissus, his fourth collection of poetry, he writes more deliberately and with greater assurance of his search for identityboth cultural/racial and gender/sexualand his discovery of it within family and community. Using

sophisticated language to inspect life from barrio childhood to cosmopolitan manhood, Arroyo explores themes of gay strength and alienation, linked to his experiences as both a Puerto Rican and an intellectual. Through a variety of approaches, he examines a major recurrent Latino paradox: the need to write about Latino issues while being criticized for being too self-centered. Sometimes reserved, sometimes passionate, Arroyo writes with humor and a remarkable quickness of association, moving with a grace that makes seamless use of speech ranging from the formal to the vernacular. Taking in love and sexuality, world literature and history, and the exile's heritage of a shifting geography of identity, he invokes remarkable imagery with language that is economical, fresh, and mischievous. Some of Arroyo's poems take an autobiographical approach and show how poets have both the luxury and necessity of speaking for those in their lives. Others create personas that take in the American experience from a variety of viewpoints including gays, who are often marginalized by the larger Latino community. "The Ponce de Len Poems" pit the poet against a ghost who seeks to direct his writing, while a final section, "The Black Moon Poems," deals with the many sleepless nights that Arroyo has spent struggling with questions over the worth of his art and whether he has betrayed those he loves by writing-or not writing-about them. "In his home movies," he writes, "Narcissus is both the seen and the seer." As Arroyo's insightful words demonstrate, the writer must come to value his own image but not fall in love with it, for it will change, age, and, if he is fortunate, finally grow wise. As readers will discover in Home Movies of Narcissus, Rane Arroyo has seen past the mirror and charted a new territory of self-discovery.

[Historical Theory, Mary Fulbrook](#) , 2003, 0203450655, 9780203450659. Practising historians claim that their accounts of the past are something other than fiction, myth or propaganda. Yet there are significant challenges to this view, most notably from postmodernism. In Historical Theory, a prominent historian develops a highly original argument that evaluates the diversity of approaches to history and points to a constructive way forward. Mary Fulbrook argues that all historians face key theoretical questions, and that an emphasis on the facts alone is not enough. Against postmodernism, she argues that historical narratives are not simply inventions imposed on the past, and that some answers to historical questions are more plausible or adequate than others. Illustrated with numerous substantive examples and its focus is always on the most central theoretical issues and on real strategies for bridging the gap between the traces of the past and the interpretations of the present. Historical Theory is essential and enlightening reading for all historians and their students.

"Through a series of review essays, this powerful, thought-provoking book explodes the myth of minimal resistance to white invasion and domination. It goes a long way to restoring these Aboriginal heroes to their rightful place in our national consciousness and to the recovery of Aboriginal history. Incorporating findings from the Royal Commission into Aboriginal Deaths in Custody and the High Court Decision on Native Title, this updated edition (first published in 1988) provides signposts for the way to move forward in the ongoing process of reconciliation."--BACK COVER.

[Araminta Spookie 5: Ghostsitters, , Angie Sage](#) , 2009, 0061975532, 9780061975530. When Aunt Tabby and Uncle Drac head off to Transylvania, Araminta is upset they're going to be away on her birthday. However, when it turns out that her almost-grown-up cousin, Mathilda, will be babysitting, it seems things couldn't get any better. But Mathilda's brought along trouble: two rowdy teenage ghosts, Ned and Jed, who listen to no one. It's a disaster! Can the girls figure out a way to get Ned and Jed out of the house for good?

[Feminist Imagination: Genealogies in Feminist Theory, Vikki Bell](#) , 1999, 1848609345, 9781848609341. Reading feminist theory as a complex imaginative achievement, *Feminist Imagination* considers feminist commitment through the interrogation of its philosophical, political and affective connections with the past, and especially with the 'race' trials of the twentieth century. The book looks at: the 'directionlessness' of contemporary feminist thought; the question of essentialism and embodiment; the racial tensions in the work of Simone de Beauvoir; the totalitarian character in Hannah Arendt; the 'mimetic Jew' and the concept of mimesis in the work of Judith Butler. Vikki Bell provides a compelling rethinking of feminist theory as bound up with attempts to understand oppression outside a focus on 'women'. She affirms feminism as a site and mode of making these connections.

[China's Book of Martyrs, Paul Hattaway](#) , 2007, 1903689406, 9781903689400. In *China's Book of Martyrs*, the first of the *Fire & Blood* series, Paul Hattaway charts the story of the Christian church in China from the earliest beginnings to present day. This comprehensive first volume tells the stories of those who have died for their faith in Christ in China, from all creeds or denominations and nationalities, including indigenous Chinese believers. Its features are: 1. History of the Christian church in China listed province by province from AD 845 to the present. 2. All denominations and creeds included. 3. All known martyrs included around 1000 named individuals or groups (501 profiles). 4. Includes over 2000 footnotes and source references, an extensive bibliography and indexes that list martyrs per country of origin and province in China where they were martyred. 5. Contains more than 500 black and white photos or drawings. All those interested in the church movement, especially within China, will find this resource invaluable to their studies.

Among the topics covered are ethnic and identity conflicts; culture, relativism and human rights; post-conflict trauma and reconciliation; and modeling varieties of conflict resolution practice. Context and Pretext in Conflict Resolution is the winner of the 2014 Conflict Research Society Book of the Year Prize.

[What Do We Know: Poems and Prose Poems, Mary Oliver](#) , 2002, 030680994X, 9780306809941. For the many admirers of Mary Oliver's dazzling poetry and luminous vision, as well as for those who may only now be discovering her work, What Do We Know will be a revelation and, in the words of Stanley Kunitz, "a blessing." These forty poems of observing, of searching, of pausing, of astonishment, of giving thanks embrace in every sense the natural world, its unrepeatable moments and its ceaseless cycles. Mary Oliver evokes unforgettable images from one hundred white-sided dolphins on a summer day to bees that have memorized every stalk and leaf in a field even as she reminds us, after Emerson, that "the invisible and imponderable is the sole fact." What was most wonderful? The sea, and its wide shoulders; the sea and its triangles; the sea lying back on its long athlete's spine. What did you think was happening? The green breast of the hummingbird; the eye of the pond; the wet face of the lily; the bright, puckered knee of the broken oak; the red tulip of the fox's mouth; the up-swing, the down-pour, the frayed sleeve of the first snow so the gods shake us from our sleep. from "Gratitude"

For courses in Cost-Benefit Analysis, taught in Economics Departments, Public Policy Departments, and Public Administration Departments. Also ideal for practicing policy analysts and public managers. This authoritative, market leading book is distinct for its consistent application of a nine-step framework for conducting or interpreting a cost-benefit analysis.

[Mr Dickens and Master Betty, Alan Stockwell](#) , 2010, 095650132X, 9780956501325. Charles Dickens, the nascent novelist, is employed to write the life story of the former infant prodigy Master Betty known as Young Roscius. Dickens, a self-proclaimed "delver into the human soul," clashes with his employer's overweening arrogance and revenges himself by unearthing the hidden truths lurking in the older man's psyche. The story tells of two teenage boys, both with feckless

spendthrift fathers. One scrapes a miserable existence in a boot-blackening factory for six shillings a week; the other earns fifty guineas a night idolised by the highest in the land. "The sad decline - heart-breaking at times - of the infant prodigy compared with the upstart young genius. It makes an enthralling read. I couldn't put it down - it is a history of the time." (Sir Donald Sinden - eminent actor and historian). This unusually-written short novel reeks of the atmosphere of the early 19th century; through its pages weave many historical personages in this true story imaginatively told. "Very fresh and vivid and illuminating of the young Charles Dickens." (Simon Callow - noted actor and writer).

[The Analysis of Natural Waters: Direct preconcentration techniques, Volume 2, , ISBN 0198557523, 9780198557524, , ISBN 0198557523, 9780198557524, Thomas Roy Crompton](#) , 1993, 0198553943, 9780198553946. One of the problems in the analysis of natural and potable waters is that the equipment used is often insufficiently sensitive to detect the low concentrations of organic and inorganic substances present in the samples. The problem can, however, be overcome to some extent by preconcentrating the sample before analysis. This two-volume set provides a comprehensive review of the techniques available for preconcentration and explains how each can be applied to cations, anions, organic substances, and organometallic compounds. Volume 1 describes methods involving complex formation, while Volume 2 covers direct preconcentration techniques. Both books contain useful practical advice which will be of value to all analytical chemists and environmental scientists concerned with water analysis.

[Family Secrets: William Butler Yeats and His Relatives, William Michael Murphy](#) , 1995, 0815603010, 9780815603016.

One of the world's leading Yeats scholars completes his definitive history, begun with the highly acclaimed Prodigal Father, in Family Secrets, a biography of William Butler Yeats, his younger brother Jack, and sisters Susan Mary (Lily) and Elizabeth Corbet (Lollie). This long-awaited sequel follows in the earlier book's tradition of the "right book written by exactly the right man" (Hugh Kenner). Never before has the public been privy to the story of these lives woven in such intimate detail. Murphy takes us into some of the family's darkest "secrets: " the strains of emotional instability among the Pollexfen aunts and uncles; interest in mysticism and the occult (about which Yeats wrote considerably); the father's long platonic relationship with Miss Rosa Butt; the tensions between Lily and Lollie (the "weird sisters"), and Lollie's difficult, even paranoid personality. Drawing on correspondence and an extensive number of unpublished letters and materials not hitherto available and more than one hundred photographs and illustrations (many never before published), Family Secrets explores a gallery of characters not often found within the confines of a single family. Their story, which reads like a novel, will not only capture the fancy of general readers but will make a significant contribution to the letters of twentieth-century literature.

[Punishment and Responsibility: Essays in the Philosophy of Law, Herbert Lionel Adolphus Hart](#) , 2008, 0199534780, 9780199534784. This classic collection of essays, first published in 1968, has had an enduring impact on academic and public debates about criminal responsibility and criminal punishment. Forty years on, its arguments are as powerful as ever. H.L.A. Hart offers an alternative to retributive thinking about criminal punishment that nevertheless preserves the central distinction between guilt and innocence. He also provides an account of criminal responsibility that links the distinction between guilt and innocence closely to the ideal of the rule of law, and thereby attempts to by-pass unnerving debates about free will and determinism. Always engaged with live issues of law and public policy, Hart makes difficult philosophical puzzles accessible and immediate to a wide range of readers. For this new edition, otherwise a reproduction

of the original, John Gardner adds an introduction engaging critically with Hart's arguments, and explaining the continuing importance of Hart's ideas in spite of the intervening revival of retributive thinking in both academic and policy circles. Unavailable for ten years, the new edition of Punishment and Responsibility makes available again the central text in the field for a new generation of academics, students and professionals engaged in criminal justice and penal policy.

[Making Trade Agreements Relevant for Poor Countries: Why Dispute Settlement Is Not Enough, Chad Philips Bown, Bernard M. Hoekman, Brookings Institution. Global Economy and Development](#) , 2007, 0979037646, 9780979037641.

"Poor countries are rarely challenged in formal WTO trade disputes for failing to live up to commitments, reducing the benefits of their participation in international trade agreements. This paper examines the political-economic causes of the failure to challenge poor countries and discusses the static and dynamic costs and externality implications of this failure. Given the weak incentives to enforce WTO rules and disciplines against small and poor members, bolstering the transparency function of the WTO is important to make trade agreements more relevant to trade constituencies in developing countries. While our focus is on the WTO system, our arguments also apply to reciprocal North-South trade agreements" -- page 4.

[Lux Et Nox](#) , 2008, 0500500185, 9780500500187. Internationally renowned photographer Bill Henson is a passionate and visionary explorer of twilight zones, between day and night, nature and civilization, youth and adulthood, male and female. Bill Hensons photographs of landscapes at dusk, of the industrial no-mans land at the outskirts of our cities, of androgynous girls and boys adrift in the nocturnal turmoil of adolescence are painterly tableaux that continue the traditions of romantic literature and painting. The rich chiaroscuro, the oscillating light, and the masterful composition of his photographs map enigmatic states that escape rationalisms iron grip, providing a much-needed antidote to a culture that increasingly loses itself in a numbing vortex of blinking screens and glittering surfaces.

[The Pornographer, John McGahern](#) , 2009, 057125019X, 9780571250196. Michael, a writer of pornographic fiction, creates an ideal world of sex through his two stock athletes, Colonel Grimshaw and Mavis Carmichael, while he bungles every phase of his entanglement with an older woman who has the misfortune to fall in love with him. But his insensitivity to this love is in direct contrast to the tenderness with which he attempts to make his aunt's slow death in hospital tolerable, while his employer, Maloney, failed poet and comic king of pornographers, comes gradually to preside over this broken world. Everywhere in this rich novel is the drama of opposites, but, above all, sex and death are never far from each other.'A marvellous novel, deep, moving, rich and resonant, about love, lust, life and death.' Sunday Express'A novel that succeeds beautifully in doing what it sets out to do; to record and illuminate varieties of

disenchantment.' Times Literary Supplement'An admirable book, one of the finest I have read for a long time ... I cannot recommend Mr McGahern too strongly.' Sunday Telegraph

[The Everlasting Word: A Daily Devotional, Frans Bakker](#) , 2007, 1601780273, 9781601780270. With great pleasure we offer this daily devotional of meditations from the late Rev. Frans Bakker (1919-1965). His devotionals and meditations proved to be comforting and edifying to many of God's people in the Netherlands. Writing in a simple but penetrating style, Bakker emphasized the fullness of Christ for needy sinners. In *The Everlasting Word*, all of Bakker's published meditations have been translated and compiled with additional selections from his sermons. We trust that the end result is a collection filled with great nuggets of spiritual wisdom that you will enjoy. May this devotional be both an encouragement that edifies God's people and an admonition for a life with Christ in the present age. Author Frans Bakker (1919-1965) was a minister of the Christelijke Gereformeerde Kerken in The Netherlands, serving congregations in Huizen and Driebergen. He is best known among English speakers for his book *Praying Always*, published by The Banner of Truth Trust. Endorsement "These pages are filled with profundities of the Christian life, but they are communicated in simple, seemingly unstudied, language. Frans Bakker obviously had a tremendous gift of communication, but he wrote only in Dutch. Now, English readers can enjoy the riches of his work, and be drawn closer to the Christ whose praise is throughout this daily devotional. Highly recommended!" - Michael Haykin

[Against Ethics: Contributions to a Poetics of Obligation with Constant Reference to Deconstruction, John D. Caputo](#) , 1993, 025311487X, 9780253114877. "Against Ethics is beautifully written, clever, learned, thought-provoking, and even inspiring." -- Theological Studies "Writing in the form of his ideas, Caputo offers the reader a truly exquisite reading experience.... his iconic style mirrors a truly refreshing honesty that draws the reader in to play." -- Quarterly Journal of Speech "Against Ethics is, in my judgment, one of the most important works on philosophical ethics that has been written in recent years.... Caputo speaks with a passion and a concern that are rare in academic philosophy. His profound sense of humor deepens the passion of the viewpoints he develops." -- Mark C. Taylor "Obligation happens!" declares Caputo in this brilliant and witty postmodern critique of ethics, framed as a contemporary restaging of Kierkegaard's *Fear and Trembling*.

[The Circle: The Engelsfors Trilogy--Book 1, Sara B. Elfgren, Mats Strandberg](#) , 2013, 1468307614, 9781468307610. On a night after the apparent suicide of high school student Elias Malmgren, a blood-red moon fills the night sky. Minoo wakes up outside her house, still in her pajamas, and is drawn by an invisible force to an abandoned theme park on the

outskirts of town. Soon five of her classmates Vanessa, Linna, Anna-Karin, Rebecka, and Ida arrive, compelled by the same force. A mystical being takes over Ida's body and tells them they are fated to fight an ancient evil that is hunting them. As the weeks pass, each girl discovers she has a unique magical ability. They begin exploring their powers. The six are wildly different and definitely not friends . . . but they are the Chosen Ones. In this gripping first installment of The Engelfors Trilogy, a parallel world emerges in which teenage dreams, insanely annoying parents, bullying, revenge, and love collide with dangerous forces and ancient magic. An international sensation with rights sold in 26 countries, The Circle is razor-sharp and remarkable from start to finish. For more information visit: <http://www.worldofengelfors.com>

[How to Draw from Photographs: Learn how to make your drawings "picture perfect", Diane Cardaci](#) , 2010, 1610598644, 9781610598644. Photographs are valuable reference tools that most artists use. Complex subjects are generally easier to draw from photos plus other factors, such as weather, movement, and lighting, can make drawing from life nearly impossible. Children and animals, for example, rarely sit still when you want them to, making it much easier to draw them from photographs. However, many beginning artists aren't confident in their picture-taking skills, or they don't know how to translate their photos into drawings. That's where this innovative book comes in! In no time, beginning artists will be drawing animals, people, landscapes, and still lifes that look real enough to reach out and touch!

[Writing Clear Paragraphs.](#) , 1983, 0139700048, 9780139700040. This classic book/workbook helps readers who feel underprepared for writing tasks move step-by-step toward writing competency. Using a clear, informal, light-hearted narrative and intensive practice, it guides readers assuredly through the process of organizing a paragraph, structuring its sentences, and choosing effective wording and punctuation. Explains how to apply the details and methods of arrangement required to compose unified, coherent, and well-developed paragraphs for all major modes of writing -- narrating, describing, explaining a process, explaining with examples, comparing or contrasting, classifying, defining, persuading. Intersperses grammar instruction between writing instruction and word instruction. Features anecdotes, student and professional examples, cartoons, and exercises throughout. Provides a "Do's and Don'ts" section in all chapters. Includes numerous boxed Guidelines for a convenient quick overview or review of important concepts in encapsulated form. For anyone needing to develop writing competency at the paragraph level.

[Love for No Reason: 7 Steps to Creating a Life of Unconditional Love, Marci Shimoff, Carol Kline](#) , 2011, 1847377696, 9781847377692. Following on from New York Times bestseller Happy for No Reason, Marci Shimoff introduces a new paradigm of love in Love For No Reason, describing it as a state of being that doesn't depend on external circumstances. When a person experiences love for no reason, they don't need to get it from other people, the right partner, the perfect body or a great job. They bring love to the world around them, rather than expect love from it. In short, they aren't

looking for love - they are love. Supported by the latest findings in neuroscience, Love For No Reason offers readers breakthrough methods to experience unconditional love in every area of their lives. The book begins by defining this new paradigm of love, underscoring why there has never been a more important time to cultivate it. It then outlines a practical programme to develop and nurture this love from the inside out. Love For No Reason introduces the groundbreaking concept of the 'Love Body' - a positive energy field that encompasses and enriches the body and mind. This revolutionary programme is based on the most recent scientific research on the biochemistry of love - including cutting-edge studies and interviews with experts such as Dr Mehmet Oz. In the final section of the book, Marci supplies readers with strategies for maintaining unconditional love in the face of everyday challenges in the areas of relationships, work and overall health and wellbeing.

[Death in the Stocks, Georgette Heyer](#) , 2006, 0099493624, 9780099493624. A moonlit night. A sleeping village. And an unaccountable murder...An English bobbie returning from night patrol finds a corpse in evening dress locked in the stocks on the village green. He identifies the body immediately. Andrew Vereker was not a well-loved man, and narrowing down the suspects is not going to be an easy job. The Vereker family are corrupt and eccentric -and hardly cooperative ...It's another case for the resourceful Superintendent Hannasyde, who sets off on the trail of a killer so cunning that even his consummate powers of detection are tested to their limits...

[Dictionary of the Theatre: Terms, Concepts, and Analysis, Patrice Pavis](#) , 1998, 0802081630, 9780802081636. Patrice Pavis is one of France's most brilliant academics and a leading expert internationally in the theory of theatre. Dictionary of the Theatre is an English translation of Pavis's acclaimed Dictionnaire du thtre, now in its second printing in France. This encyclopedic dictionary includes theoretical, technical, and semiotic terms and concepts. Alphabetical entries range from 'absurd' to 'word scenery' and treat the reader to a vast panoply of theatre and theory. The extended discussions are supported by useful examples drawn from the international repertoire of plays and playwrights, both classic and contemporary. The Foreword is by Marvin Carlson. This dictionary is remarkably well integrated, partly because of its excellent system of cross-referencing, but also because it represents the vision and scholarship of a single, recognized authority. There is no other source like it available and it will be warmly welcomed by the English-language theatre world.

[Ulysses, James Joyce](#) , 2000, 0141184434, 9780141184432. A modernist novel of supreme stylistic innovation, James Joyce's Ulysses is the towering achievement of twentieth century literature. This Penguin Modern Classics edition includes an introduction by Declan Kiberd. For Joyce, literature 'is the eternal affirmation of the spirit of man'. Written between 1914 and 1921, Ulysses has survived bowdlerization, legal action and bitter controversy. Capturing a single day in the life of Dubliner Leopold Bloom, his friends Buck Mulligan and Stephen Dedalus, his wife Molly, and a scintillating cast of supporting characters, Joyce pushes Celtic lyricism and vulgarity to splendid extremes. An undisputed modernist classic, its ceaseless verbal inventiveness and astonishingly wide-ranging allusions confirm its standing as an imperishable monument to the human condition. Declan Kiberd says in his introduction that Ulysses is 'an endlessly open book of utopian epiphanies. It holds a mirror up to the colonial capital that was Dublin on 16 June 1904, but it also offers redemptive glimpses of a future world which might be made over in terms of those utopian moments.' This edition is the standard Random House/Bodley Head text that first appeared in 1960. James Joyce (1882-1941), the eldest of ten children, was born in Dublin, but exiled himself to Paris at twenty as a rebellion against his upbringing. He only returned to Ireland briefly from the continent but Dublin was at heart of his greatest works, Ulysses and Finnegans Wake. He lived in poverty until the last ten years of his life and was plagued by near blindness and the grief of his daughter's mental illness. If you enjoyed Ulysses, you might enjoy Virginia Woolf's Mrs Dalloway, also available in Penguin

Classics. 'Everybody knows now that Ulysses is the greatest novel of the twentieth century' Anthony Burgess, Observer

[The End of Power: From Boardrooms to Battlefields and Churches to States, Why Being in Charge Isn't What It Used to Be, Moiss Nam](#) , 2013, 046503781X, 9780465037810. We know that power is shifting: From West to East and North to South, from presidential palaces to public squares, from once formidable corporate behemoths to nimble startups and, slowly but surely, from men to women. But power is not merely shifting and dispersing. It is also decaying. Those in power today are more constrained in what they can do with it and more at risk of losing it than ever before. In *The End of Power*, award-winning columnist and former Foreign Policy editor Moiss Nam illuminates the struggle between once-dominant megaplayers and the new micropowers challenging them in every field of human endeavor. Drawing on provocative, original research, Nam shows how the antiestablishment drive of micropowers can topple tyrants, dislodge monopolies, and open remarkable new opportunities, but it can also lead to chaos and paralysis. Nam deftly covers the seismic changes underway in business, religion, education, within families, and in all matters of war and peace. Examples abound in all walks of life: In 1977, eighty-nine countries were ruled by autocrats while today more than half the world's population lives in democracies. CEOs are more constrained and have shorter tenures than their predecessors. Modern tools of war, cheaper and more accessible, make it possible for groups like Hezbollah to afford their own drones. In the second half of 2010, the top ten hedge funds earned more than the world's largest six banks combined. Those in power retain it by erecting powerful barriers to keep challengers at bay. Today, insurgent forces dismantle those barriers more quickly and easily than ever, only to find that they themselves become vulnerable in the process. Accessible and captivating, Nam offers a revolutionary look at the inevitable end of power and how it will change your world.

[Children Of The Dust, Louise Lawrence](#) , 2013, 1446430782, 9781446430781. A powerful post-nuclear holocaust novel described by the author as, 'my cry against the monstrous weapons men have made'. Everyone thought, when the alarm bell rang, that it was just another fire practice. But the first bombs had fallen on Hamburg and Leningrad, the headmaster said, and a full-scale nuclear attack was imminent . . . It's a real-life nightmare. Sarah and her family have to stay cooped up in the tightly-sealed kitchen for days on end, dreading the inevitable radioactive fall-out and the subsequent slow, torturous death, which seems almost preferable to surviving in a grey, dead world, choked by dust. But then, from out of the dust and the ruins and the desolation, comes new life, a new future, and a whole brave new world...

[Arthur Tress: Fantastic Voyage : Photographs 1956-2000, Richard Lorenz, Arthur Tress](#) , 2001, 0821226002, 9780821226001. Arthur Tress is one of the most intriguing art photographers at work today. His whole career can be seen as a long, fantastic voyage--from early photojournalism into the realm of surrealism, eroticism, & miniature worlds like that of Fish Tank Sonata. This retrospective is the first overview of Tress' career, a long-awaited event in the photographic community. As the title implies, Tress' work is full of fantasy--nothing is what it seems at first. His images contain dark undercurrents & light wit, violence & beauty, futuristic scenes & homoerotic & psychologically charged tableaux. Some are manipulated: like the figure, half bride & half groom, standing amidst ruins. Others are dreamlike moments seized from the flow of everyday life. Tress often creates complex series of photographs, many of which have been published in small books like Teapot Opera or Shadow, but these books are long out of print & sell for many times their original value on the rare book market. The 250 images range from early black-and-white work to the richly colored surrealistic images of the 1990s, through his latest, unpublished work in progress. Richard Lorenz, curator of the exhibition, offers an in-depth biographical essay on Tress & the development of his vision. An essay by noted photo critic John August Wood puts Tress in context.

[Forensic Victimology: Examining Violent Crime Victims in Investigative and Legal Contexts, Brent E. Turvey](#) , 2013, 0124079202, 9780124079205. Published in 2009, the first edition of Forensic Victimology introduced criminologists and criminal investigators to the idea of systematically gathering and examining victim information for the purposes of addressing investigative and forensic issues. The concepts presented within immediately proved vital to social scientists researching victims-offender relationships; investigators and forensic scientists seeking to reconstruct events and establish the elements of a crime; and criminal profilers seeking to link pattern crimes. This is because the principles and guidelines in Forensic Victimology were written to serve criminal investigation and anticipate courtroom testimony. As with the first, this second edition of Forensic Victimology is an applied presentation of a traditionally theoretical subject written by criminal justice practitioners with years of experience-both in the field and in the classroom. It distinguishes the investigative and forensic aspects of applied victim study as necessary adjuncts to what has often been considered a theoretical field. It then identifies the benefits of forensic victimology to casework, providing clearly defined methods and those standards of practice necessary for effectively serving the criminal justice system. 30% new content, with new chapters on Emergency Services, False Confessions, and Human TraffickingUse of up-to-date references and case examples to demonstrate the application of forensic victimologyProvides context and scope for both the investigative and forensic aspects of case examination and evidence interpretationApproaches the study of victimology from a realistic standpoint, moving away from stereotypes and archetypesUseful for students and professionals working in relation to behavioral science, criminology, criminal justice, forensic science, and criminal investigation

[Formative Fictions: Nationalism, Cosmopolitanism, and the "Bildungsroman", Tobias Boes](#) , 2012, 0801478030, 9780801478031. The Bildungsroman, or "novel of formation," has long led a paradoxical life within literary studies, having been construed both as a peculiarly German genre, a marker of that country's cultural difference from Western Europe, and as a universal expression of modernity. In *Formative Fictions*, Tobias Boes argues that the dual status of the Bildungsroman renders this novelistic form an elegant way to negotiate the diverging critical discourses surrounding national and world literature. Since the late eighteenth century, authors have employed the story of a protagonist's journey into maturity as a powerful tool with which to facilitate the creation of national communities among their readers. Such attempts always stumble over what Boes calls "cosmopolitan remainders," identity claims that resist nationalism's aim for closure in the normative regime of the nation-state. These cosmopolitan remainders are responsible for the curiously hesitant endings of so many novels of formation. In *Formative Fictions*, Boes presents readings of a number of novels—Goethe's *Wilhelm Meister's Apprenticeship*, Karl Leberecht Immermann's *The Epigones*, Gustav Freytag's *Debit and Credit*, Alfred Döblin's *Berlin Alexanderplatz*, and Thomas Mann's *Doctor Faustus* among them—that have always been felt to be particularly "German" and compares them with novels by such authors as George Eliot and James Joyce to show that what seem to be markers of national particularity can productively be read as topics of world literature.

[Songs in Their Heads: Music and Its Meaning in Children's Lives, Patricia Shehan Campbell](#) , 1998, 019511101X, 9780195111019. This book explores the meaning and value of music in children's lives, based upon their expressed thoughts and actual "musicking" behaviors in school and at play. Blending standard education field experiences with ethnomusicological techniques, Patricia Campbell demonstrates how music is personally and socially meaningful to children and what values they place on particular musical styles, songs, and functions. She explores musical behaviors in various contextual settings, and presents in notated narrative forms some of the "songs in their heads," balancing music learned with music "made," and intentional, purposeful music with natural music behavior. *Songs in Their Heads* is a vivid and engaging book that bridges the disciplines of music education, ethnomusicology, and folklore. Designed as a text or supplemental text in a variety of music education method courses, as well as a reference for music specialists and classroom teachers, this book will also appeal to parents interested in understanding and enhancing music making in their own children.

[Harcourt School Publishers Signatures: Reader Grade 1 Skimper-Scamper, Harcourt Brace Publishing](#) , 1997, 0153067489, 9780153067488.

[Virtual Reality Technology, Volume 1, , Grigore C. Burdea, Philippe Coiffet](#) , 2003, 0471360899, 9780471360896. A groundbreaking Virtual Reality textbook is now even better. Virtual reality is a very powerful and compelling computer application by which humans can interface and interact with computer-generated environments in a way that mimics real life and engages all the senses. Although its most widely known application is in the entertainment industry, the real

promise of virtual reality lies in such fields as medicine, engineering, oil exploration and the military, to name just a few. Through virtual reality scientists can triple the rate of oil discovery, pilots can dogfight numerically-superior "bandits," and surgeons can improve their skills on virtual (rather than real) patients. This Second Edition of the first comprehensive technical book on the subject of virtual reality provides updated and expanded coverage of the technology where it originated, how it has evolved, and where it is going. The authors cover all of the latest innovations and applications that are making virtual reality more important than ever before, including: Coverage on input and output interfaces including touch and force feedback Computing architecture (with emphasis on the rendering pipeline and task distribution) Object modeling (including physical and behavioral aspects) Programming for virtual reality An in-depth look at human factors issues, user performance, and sensorial conflict aspects of VR Traditional and emerging VR applications The new edition of Virtual Reality Technology is specifically designed for use as a textbook. Thus it includes definitions, review questions, and a Laboratory Manual with homework and programming assignments. The accompanying CD-ROM also contains video clips that reinforce the topics covered in the textbook. The Second Edition will serve as a state-of-the-art resource for both graduate and undergraduate students in engineering, computer science, and other disciplines. GRIGORE C. BURDEA is a professor at Rutgers-the State University of New Jersey, and author of the book Force and Touch Feedback for Virtual Reality, also published by Wiley. PHILIPPE COIFFET is a Director of Research at CNRS (French National Scientific Research Center) and Member of the National Academy of Technologies of France. He authored 20 books on Robotics and VR translated into several languages. An Instructor's Manual presenting detailed solutions to all the problems in the book is available from the author's website. <http://www.caip.rutgers.edu/vrtechnology/>

[Squirmy Wormy: How I Learned to Help Myself, Lynda Farrington Wilson](#) , 2009, 1935567187, 9781935567189. Voted 2012 Book of the Year by Creative Child Magazine, Squirmy Wormy is a wonderful little children's book about a boy named Tyler, who has autism and SPD (Sensory Processing Disorder). Together with Tyler, the reader learns about SPD, and what everyday easy therapies he can do by himself feel better. For instance: "I feel like running really fast, run run run! Maybe I just need a s-q-u-e-e-z-e between the couch cushions like a hot dog. Whew! I feel better." Endorsed by Dr. Temple Grandin, this book is sure to help many children, who perhaps previously did not even know they had SPD, lead calmer, richer lives.

[The College Racket, Andrew L. Simon](#) , 2000, 0966573447, 9780966573442. He sets forth his opinions about college education in the US today what's good and what's bad in his estimation. Like Charlton Heston, whose

[Dave Litfin's Expert Handicapping: Winning Insights Into Betting Thoroughbreds, Dave Litfin](#) , 1995, 0316527815, 9780316527811. As the Daily Racing Form's featured handicapping columnist, Dave Litfin has become one of the most recognized and trusted authorities in the racing world. Now, for the first time in a book, Dave Litfin shares his expertise and provides an arsenal of new information, strategies, and competitive angles for smarter, more successful betting. According to Dave Litfin, there is no single, surefire system of betting. Instead, consistent success is based on a synergistic combination of class, form, speed, pace, and trainers. With his unique experience, Litfin examines hundreds of races and result charts from the Daily Racing Form and shows how to evaluate a race's possibilities from all angles and uncover the information that matters in a horse's past performances. Here, horseplayers are given the first comprehensive look at how to use speed figures to determine a horse's improving or declining form. But speed figures document only how fast a horse has raced in the past, and the form of a racehorse is constantly changing. With this in mind, Litfin discloses methods that will help handicappers recognize horses that are about to run the race of their lives and those that should be avoided, since their good form is already exposed. Written in direct, plainspoken style, and with unique access to the Daily Racing Form, Dave Litfin's Expert Handicapping offers an insider's look at the information - and strategies that will provide horseplayers with the winning edge over their competition.

[The stolen white elephant, and other detective stories, , , ISBN 0195113454, 9780195113457, Mark Twain](#) , 1996, 0195114175, 9780195114171. Three detective stories by Mark Twain with an introduction by Walter Mosely, the modern master of mystery writing, and an afterword by noted scholar Lillian S. Robinson. "The Stolen White Elephant" is a broad farce mocking the self-proclaimed omniscience of many fictional detectives, told entirely in the form of a series of ridiculous telegraphs. Revolving around the theft of a literal white elephant, the gift of the King of Siam, this manifestly absurd story is nevertheless modeled after the real life efforts of a blundering New York Police Department to recover the corpse of one Alexander T. Stewart, stolen from his family vault in 1878. "A Double-Barreled Detective Story" is another delightful spoof of the mystery genre, then in its infancy, this time introducing the reader to Sherlock Holmes as he has never been seen before or since. Far from his usual elegant London haunts, the great detective is caught up in a melodramatic murder mystery of love, betrayal, and vengeance in a rough California mining town. Finally, in "Tom Sawyer, Detective," Twain gives us a lively adventure featuring Tom Sawyer as the great detective and Huck Finn as his

Watson, investigating diamond thefts and murders back in Hannibal. Three delightful stories, all with Twain's trademark wit and sense of fun.

[Liber Amicorum for the Rt. Hon. Lord Wilberforce, PC, CMG, OBE, QC, Maarten Bos, Ian Brownlie](#) , 1987, 0198255950, 9780198255956. Lord Wilberforce is one of Britain's most respected and distinguished judges. He became a QC in 1954, a Judge of the High Court (Chancery Division) in 1961 and a Lord of Appeal in Ordinary in 1964, finally retiring from the judiciary in 1982. He was President of the International Law Association for twenty-five years and is currently its Patron. He has been involved with many judicial and non-judicial activities, including spells as a visiting Fellow of Linacre and Wolfson Colleges in Oxford. He is High Steward of the University of Oxford, and a fellow of All Souls College. To most lawyers Lord Wilberforce will be known for the clarity and extreme breadth of knowledge displayed in his judgements over the years. He is a gifted scholar who has contributed in innumerable ways to the growth and development of English law. As a commercial lawyer his work is well known, but he has played a part in recent developments in administrative law and not least in international commercial arbitration. The festschriften in this book include contributions from distinguished lawyers from around the world, including Lord Hailsham, Judge Elias, Sir Robert Jennings, Professor Goedhuis, Judge Eero Manner, Professor Nicholas Matte, Professor G.H. Treitel, Professor D.G.T. Williams, Dr F.A. Mann, President Nagendra Singh, Lord Justice Kerr, Lord Justice Mustill, N.P.M. Elles, and Professor C.J. Olmstead.

[Program Evaluation: Methods and Case Studies, Emil J. Posavac](#) , 1997, 0132553325, 9780132553322. Posavac and Carey provide a comprehensive, but accessible, introduction to the field of program evaluation. By adopting a flexible philosophy of evaluation, the authors demonstrate how program evaluation can be applied to answer a wide variety of questions in many different settings. Enjoying widespread acceptance, Program Evaluation includes case studies of completed program evaluations and sketches of the careers of program evaluators to help readers develop an appreciation of the applicability of evaluation methods. By viewing program evaluation as a formalization of something that people do all the time and, indeed, find essential, the implicit threat of evaluation is reduced by the authors' approach. Posavac and Carey stress the importance of working with representatives of all groups affected by the

program, whether they be program staff or managers, recipients, or people providing financial or moral support. The Improvement-Focused Model of Evaluation can be used to include many people in the evaluation process. The authors show that the application of program evaluation serves to contribute to making society more effective, just, and healthy.

[A Shropshire Lad, A.E. Housman](#) , 2009, 0141190841, 9780141190846. This magical and poignant evocation of coming of age in the countryside describes lovers in secluded lanes, cricket and church bells, cherry trees hung with snow and woods full of bluebells. Yet in A Shropshire Lad the fields and hills are also places of loss and sorrow, where men die young or are sent far away to fight in foreign wars. Aching with longing for a vanished world, these exquisite verses are a meditation on the fleeting nature of love, youth and happiness. Generations of inhabitants have helped shape the English countryside but it has profoundly shaped us too. It has provoked a huge variety of responses from artists, writers, musicians and people who live and work on the land as well as those who are travelling through it. English Journeys celebrates this long tradition with a series of twenty books on all aspects of the countryside, from stargazey pie and country churches, to man's relationship with nature and songs celebrating the patterns of the countryside (as well as ghosts and love-struck soldiers).

A grief-stricken widower learns to open his heart again in this touching and emotionally charged novel... Late summer, Browerville, Minnesota, 1950: Life is just about perfect for Eddie Olczak. A devoted husband and father, a man of unshakable faith, he derives intense pleasure from the life he's built with his beloved wife, Krystyna, and their two daughters, and from his work as dedicated handyman for St. Joseph's, the Catholic church that is the cornerstone of Browerville. But when a tragic accident cuts Krystyna's life short, Eddie is sure his heart is broken forever. As friends and relatives rally around the family in the dark days that follow, there is one person who is unable to express what the loss of Krystyna means to her. Sister Regina, the girls' teacher at St. Joseph's school, has always felt a special affinity for the family. Yet her religious vows prevent her from becoming too close to them, even in their time of need. Now, the strict rules of the Benedictine sisterhood, which once gave her life a sense of meaning, chafe at her. As Sister Regina and Eddie Olczak continue to cross paths, they realize there is something between them a connection that somehow goes beyond their shared love of Krystyna and the girls. Thrilled and secretly frightened they both must summon the courage to look within their hearts and make their own choices. A Literary Guild Main Selection

[Texas Oil and Gas, Jeff A. Spencer](#) , 2013, 1467130214, 9781467130219. Texas Oil and Gas documents in postcards the rapid growth of the Texas petroleum industry from its beginnings near Corsicana in the 1890s through the next several decades of oil booms throughout the state. The young 20th century opened with the Lucas Gusher at Spindletop in 1901. Thousands rushed from the oilfields of Pennsylvania, Ohio, and West Virginia to find work and riches. Continued drilling success along the Texas Gulf Coast transformed Houston into a major city and the Beaumont area into a major petrochemical center. Through the 1910s and 1920s, oil booms occurred in North Texas, the Panhandle, Central Texas, and West Texas. The giant East Texas oilfield, the second largest North American oilfield to Alaska's North Slope, was discovered in 1930. Texas oil replaced coal as fuel for the nation's railroads and provided fuel for our military in two world wars.

[Nobly Born: An Illustrated History of the Knights Templar, Stephen Dafoe](#) , 2007, 0853182809, 9780853182801. The Poor Fellow Soldiers of Christ and the Templar of Solomon, popularly known as the Knights Templar, was the most famous and infamous of the crusading military orders. Created in the aftermath of the First Crusade, (1096-1099) the Templars were established to ensure the safety of the large numbers of European pilgrims, who flowed towards Jerusalem after its conquest. The Templars were an unusual Order in that they lived both an active and contemplative life; making them effectively the first warrior-monks in the western world. As such the Templars quickly expanded beyond their role as protectors of pilgrims and played a vital role in many battles of the Crusades. Although they suffered more defeats than celebrated victories, the Templars are remembered as Christendom's most fearless military force. Through innovative financial techniques that could be considered the foundation of modern banking and the use of a well established network of land holdings, the Templars in many ways resembled today's multi-national corporations. The Order's highly organised infrastructure, coupled with influential patrons, allowed the Order to gain great wealth and power in a relatively brief period of time. This rise in power and prosperity continued until the Templars ran foul of King Philip IV of France, who arrested the Templars on October 13, 1307 on a variety of heretical charges. Philip had the Templars tortured in order to extract confessions of guilt and many of their number were ultimately burned at the stake. Under the influence of King Philip, Pope Clement V disbanded the Order on March 22, 1312. In *Nobly Born: An Illustrated History of the Knights Templar*, noted expert Stephen Dafoe explores the Order from its origins through to its dissolution, set against the complex political and sociological backdrop that was the middle ages; a period of history where enemies could become allies at the drop of a hat. Individual chapters examine: -The factors that led to the First Crusade as well as a detailed account of the capture of Jerusalem.-The origin of the Templars between the years of 1118 - 1120 AD.-The Order's rise to papal favour and power and their commercial activities.-The day to day life of the Templar in the convent.-The military structure and discipline of the Order in the field.-The major battles fought by the Templars during the Crusades.-The downfall of the Order following the loss of the Holy Land in 1291.-The legacy and mythos of the Templars that has developed since their demise. Alongside the author's well-researched and comprehensive text is a superb illustrative content, vividly portraying the life of the Templars during this remarkable period of history.

[↵](#) , 2001, 4770027516, 9784770027511. A comprehensive, communicative, and practical guide to using Japanese, Kodansha's Furigana English-Japanese Dictionary is an invaluable reference tool for anyone with an interest in the Japanese language. It has been edited with the needs of English-speaking users in mind students, teachers, business people, and casual linguists. What is furigana and why is it so important? Furigana refers to the small kana that are printed above or alongside kanji to show the pronunciation of the Chinese character. With furigana superscripts, the beginner who is familiar with hiragana and katakana is able to read even the most difficult and obscure kanji at a glance. Other dictionaries either provide little or no guide to kanji readings or romanize some or all of the Japanese words and sentences. In the past, romanized dictionaries were of some value to students using textbooks that contained no Japanese script. Now, however, an increasing number of influential curriculums around the world are based on a rationale and methodology that demands the introduction of hiragana and katakana from the earliest stages. Learners and their teachers studying under such curriculums will inevitably feel more comfortable with a dictionary such as Kodansha's Furigana English-Japanese Dictionary, one that shows the pronunciation of kanji with familiar and authentic kana script. FEATURES o More than 14,000 entries comprising the most commonly used words in English o Furigana pronunciation guides added to all kanji o Semantic and usage differences between Japanese words and expressions

explained clearly in English o Thousands of full-length example sentences illustrate typical usage in natural Japanese o Idioms, phrases, and common expressions help expand vocabulary and sentence building skills o Many encyclopedic entries offer useful background information on Japanese history and culture o Includes many current terms such as artificial intelligence and internet o Hundreds of scientific and medical terms with full Japanese equivalents With its sister publication, Kodansha's Furigana Japanese-English Dictionary, this dictionary makes the perfect reference for all students of Japanese. The two books are combined in Kodansha's Furigana Japanese Dictionary.

[They Heard Georgia Singing, Zell Miller](#) , 1996, 0865545049, 9780865545045. Georgia's music history is diverse in that it covers gospel singer Thomas Dorsey, soul singer James Brown, opera singer Jessye Norman, country singer Alan Jackson, folk singer Hedy West and symphony and choral conductors Robert Shaw and Yoel Levi. They Heard Georgia Singing provides brief musical biographies of the men and women who have made major contributions to Georgia musical history either as natives or as personalities within the context of Georgia music.

[Mining for Closure: Policies and Guidelines for Sustainable Mining Practice and Closure of Mines.](#) , 2005, 011989775X, 9780119897753. The Mining For Closure report aims to present a basis for action within South Eastern Europe (SEE) and the Tisza River Basin (TRB) - covering the Balkan region, Bulgaria, Romania, the Slovak Republic and Hungary - towards the development of corporate practice, regulatory frameworks, governance guidelines and/or financial and insurance markets suitable for the support of a modern mining industry in the region. The book recommends integrated mine planning where a mine closure plan should be an integral part of a project life cycle and be designed to ensure that: future public health and safety are not compromised; environmental resources are not subject to physical and chemical deterioration; the after-use of the site is beneficial and sustainable in the long term; any adverse socio-economic impacts are minimized and socio-economic benefits are maximized. In addition, there is a great interest in the legacies of the past

- and how to deal with them. Although the report deals with a particular area, the ideas are intended to be generic.

[Boxcars, Jim T. Barfield](#) , 2013, 1481216945, 9781481216944. In May, 1944, a Jewish teenager's career as a promising concert violinist has been derailed, and he is on the run from the Nazis. With the Gestapo at his heels, he discovers a hidden cave in western France which he establishes as his hideout. There, amidst ancient cave drawings containing possible hidden meanings, and an underground river fed by soothing hot springs, he finds refuge but shallow peace until he joins the French Resistance. At age 17, he is called upon to take part in daring missions against the Germans who are racing to fortify the Atlantic Coast in anticipation of D-Day. At the same time, a Romani teenage prisoner at Auschwitz, who the famously sadistic Dr. Mengele refers to as "that Gypsy waif," escapes from a Nazi medical experiment and attempts to make her way back to France. The two teens are destined to meet under such circumstances that their lives become desperately entangled as they struggle to survive the Holocaust. These young adults of radically different backgrounds are cast together during war to experience their own distinct coming-of-age epiphany as they painfully explore their increasingly complicated and awkward relationship brewing beneath the canopy of dissonant cultures and beliefs.

[The Imperfect Art: Reflections on Jazz and Modern Culture, Ted Gioia](#) , 1988, 0195053435, 9780195053432. By the 1930s, the radio and phonograph had transformed the experience of music in America from unique, live performances to the repetitive playing or broadcasting of records. In an age of mechanical reproduction, music was everywhere, but as Ted Gioia points out in this brilliant new volume, its impact was watered down, debased. It had become, in Erik Satie's words, "furniture music." Jazz, according to Gioia, stands opposed to this dehumanizing trend, emphasizing improvisation and the human element (the performer) over the work of art. Taking a wide-ranging approach rare in jazz criticism, Gioia draws upon fields as disparate as literary criticism, art history, sociology, and aesthetic philosophy as he places jazz within the turbulent cultural environment of the 20th century. The book can be read on several levels: as a history of jazz and a study of its major figures; as a critique of major schools of thought, such as minimalism, deconstruction, and primitivism; as an attempt to define precise standards of good and bad in jazz; and as a meditation on the possibility of improvised art. Gioia argues that because improvisation--the essence of jazz--must often fail under the pressure of on-the-spot creativity, jazz should be seen as an "imperfect art" and judged by an "aesthetics of imperfection," which he outlines in a key chapter. Incorporating the thought of such seminal thinkers as Walter Benjamin, Jose Ortega y Gasset, and Roland Barthes, *The Imperfect Art* is a feast for the thoughtful jazz aficionado, filled with vivid portraits of the giants of jazz and with startling insight into this vital musical form and the interaction of society and art."

[Hard Bargains: The Politics of Sex, Linda R. Hirshman, Jane E. Larson](#) , 1998, 0195096649, 9780195096644. Men and women have always bargained for sex. In Hard Bargains, philosopher-lawyer Linda Hirshman and legal historian Jane

Larson provide the first complete analysis of power in heterosexual relationships, combining an eye-opening legal history of sexual regulation with thought-provoking predictions of what the future might bring. Hirshman and Larson tell a riveting tale that spans the centuries--from early accounts of adulterers hanging from the gibbet, to the impact of the Kinsey Reports and Hugh Hefner's playboy philosophy, to the Swinging Sixties judge who argued in favor of sex with eleven year-olds. The book examines the factors that have shaped our notions of sex, from Catholic teaching to the theories of Sigmund Freud, and it explores the Supreme Court decisions of the last few decades that revolutionized the politics of sex. And *Hard Bargains* not only provides a deep understanding of historical and current disputes, it also offers striking predictions of what sexual bargaining will look like in the future--rape laws replaced by laws of sexual autonomy, adultery subjected to breach of contract action, fornicators responsible for each other's rent, prostitution considered an unfair labor practice. These are a few of the surprising--and surprisingly workable--solutions the authors foresee in the 21st century. *Hard Bargains* takes a forthright and level-headed look at all aspects of one of the biggest controversies in contemporary American society--heterosexual sex--and delivers a radically new perspective on the sexual lives of women and men.

[Jade Rooster, R. L. Crossland](#) , 2006, 0977997707, 9780977997701. Two Americans, one civilian, one navy enlisted man, are drawn into the hard-boiled underworld of early 20th Century Japan as they investigate the grisly discovery of three severed human heads adrift in an open boat belonging to a missing ship. Their exploration of the seedy side of the Asiatic Fleet exposes brutal violence and betrayal lurking in unexpected quarters. Blending the historical authenticity of Patrick O'Brian with the crackling narrative and dialogue of Raymond Chandler, Crossland establishes himself as a unique voice in nautical fiction.

[Generalized Least Squares, Takeaki Kariya, Hiroshi Kurata](#) , 2004, 0470866977, 9780470866979. Generalised Least Squares adopts a concise and mathematically rigorous approach. It will provide an up-to-date self-contained introduction to the unified theory of generalized least squares estimations, adopting a concise and mathematically rigorous approach. The book covers in depth the 'lower and upper bounds approach', pioneered by the first author, which is widely regarded as a very powerful and useful tool for generalized least squares estimation, helping the reader develop their understanding of the theory. The book also contains exercises at the end of each chapter and applications to statistics, econometrics, and biometrics, enabling use for self-study or as a course text.

[Who2Bee: The Inside Story, Jane C. Williams, Sandra G. Gilmer, Mina J. Cook](#) , 2010, 0944337503, 9780944337509.

Who2Bee: The Inside Story is the first book of a new series which aims to teach basic concepts of Perceptual Control Theory to elementary school students. Developed by Jane Williams, Sandra Gilmer, and Mina Cook, Who2Bee is both educational and fun. As students play and laugh with the story's characters, they will learn PCT, including components of the loop. Equally important, students will learn more about themselves and how to become the people they want to be. The book has been designed to enhance the standard course of study for reading and writing. Teachers who

incorporate the story and accompanying activities into curriculum instruction ensure a meaningful and successful experience for students.

[William and Harry: Behind the Palace Walls, Katie Nicholl](#) , 2010, 1602861463, 9781602861466. William and Harry is a fascinating insight into the lives and loves of two extraordinary young men who have captured not only the hearts and minds of not only the British public, but those the world over. This is the definitive book about the princes, bringing their story right up to date. It is the tale of two brothers who have carried the legacy of their mother, Diana, Princess of Wales, into the twenty-first century and on whom the future of the House of Windsor largely depends. Drawing on her unique set of contacts Katie Nicholl recounts the royal brothers' extraordinary lives and reveals William and Harry's real characters as they become front-line soldiers and modern princes. Through her network of sources, some of which have agreed to speak for the very first time, Katie tells the story of one of Prince William's earliest romances, and his struggle with his destiny as a future King of England. As a royal wedding between Prince William and Kate Middleton seems more probable, Katie has spoken to a wealth of contacts close to the couple who reveal how their love affair really started at St Andrews, the hurdles the pair overcame and the challenges they still face. She recounts the story of Harry's time at Eton, his relationship with Chelsy Davy, and his three months he spent on the front line in Afghanistan. She analyses William and Harry's complex relationship with their father, and the woman who will one day become Queen Camilla. She talks to their friends, contemporaries and confidants to paint a unique and revealing portrait of the two most famous brothers in the world.
