[Pacific Crest Trail: A Hiker's Companion, Karen Berger, Daniel R. Smith](#) , 2000, 0881504319, 9780881504316. A narrative field guide to the unique plants, animals, history, and landscapes of the 2,650-mile Pacific Crest Trail. For many people, the Pacific Crest is the ultimate long-distance hiking trail. Beginning in the dry valleys of southern California, it follows the crest of the snow-capped Sierras, and ends in the ancient forests of Washington's Cascades. Along the way, national treasures such as Yosemite, Crater Lake, and Mount Rainier make this trail one of the premier hiking destinations in the world. But hiking is about much more than getting from A to B. This book begins where basic trail guides and maps leave off. For each section of the trail, the authors describe the route in detail and recommend the best day hikes and short backpacks from each trailhead. They describe the plants and animals hikers will see, tell stories about local history, explain plate tectonics, and in a thousand other ways enrich the experiences of the journey. In addition, Berger and Smith draw on their tremendous experience--together, they have logged more than 12,000 miles on the PCT--to give tested advice to long-distance hikers on trip planning, gear and safety, seasonal considerations, trailheads and resupplies, permits, and much more. Color photographs and illustrations, 20 maps.

[Creating Understanding: A Handbook for Christian Communications Across Cultural Landscapes, Donald K. Smith](#) , 2010, 0310877318, 9780310877318. This eBook is built on twenty-three propositions about communication, propositions that, when taken together, encompass fundamental truths about human communication from a Christian perspective. Creating Understanding puts communications media into proper perspective. It makes meaning and understanding the focus of the effort of communication. It is committed to having the purposes of communication determine the means to be employed. This eBook is a foundation on which the enterprise of Christian ministry can be built or refined. It provides perspective, constantly, on the ways the cultural landscape is informing and affecting the communication process.

[Breakthrough Marketing Plans: How to Stop Wasting Time and Start Driving Growth, Tim Calkins](#) , 2012, 1137107618,

9781137107619. Almost every company creates a marketing plan each year, and many spend hundreds of employee hours researching, preparing and presenting their tomes to senior executives. But most marketing plans are a waste of time; they are too long, too complicated and too dense. They end up sitting on a shelf, unread and unrealized.

Breakthrough Marketing Plans is an essential tool for people who create marketing plans and people who review them.

The book provides simple, clear frameworks that are easy to apply, and highlights why marketing plans matter, where they go wrong and how to create a powerful plan that will help build a strong, profitable business.

Hanumantha Rao explores the growth and equity consequences of India's economic reforms. In the context of the agricultural sector and the rural economy, he identifies investment in infrastructure, expanding of institutional credit and removal of restrictions on domestic trade as key factors for increasing agricultural growth in order to sustain reforms.

[In for Winter, Out for Spring, Arnold Adoff](#) , 1991, . The glories of the change of seasons are seen afresh through a young girl's perspective. As the youngest member of a multigenerational family, Rebecca observes and celebrates the changes in both nature and her own family's activities as the year passes. What a celebration indeed.--Booklist. Full-color illustrations.

[Beyond the Third Eye, Rochelle Moore](#) , 2009, 0982397119, 9780982397114. Beyond The Third Eye takes the reader on a journey through life, death and beyond and explores what happens after we die. A fascinating account of life after death through an intriguing look at both scientific fact and Spiritual beliefs down through the eras. Whether you are a Christian, Jewish, Wiccan, Hindu, Buddhist, Muslim, Jehovah's Witness, Occult, Atheist, Agnostic (etc..), or if you have ever lost a loved one, this is a must read! You don't have to be a Theologian to appreciate this awe-inspiring study; you only have to be a person who is curious about what happens when (and after) you die! From the very beginning of time mankind has tried to explain what happens after physical death and in Beyond The Third Eye we will research different religious beliefs in the afterlife dating back through the eras, learn about Near Death Experience, see if ghosts really do exist, try to understand the paranormal, go in search for the most famous ghosts and explain who we are, what is our purpose on Earth and investigate what happens to our spirit when our physical body dies. Everything you want to know about your past, present and future is contained within this book. Here, we analyze every spectrum of life in a serious attempt to answer the ultimate question; Why are we here and what happens when we die? Follow me in the search for the truth about the afterlife where we seek answers from within different religions and cultures, both ancient and modern, in our quest to unravel the mystery of life after death. Beyond The Third Eye is an inspiring journey into the abundant nature of the universe which examines issues related to Near Death Experiences, Reincarnation, ESP, Ghosts, Quantum Physics, Psychology, Psychics, The Montauk Project and many more by examining the areas in which Science and the Paranormal merge. If you have ever wondered about what happens after death, this is the book to read. If you have ever wondered about where we go when we die, this book answers this question for you. If any book can come close to bridging the gap between Science and Religious, Spiritual and Metaphysical beliefs, this is it.

[Caterpillars in the Field and Garden: A Field Guide to the Butterfly Caterpillars of North America, Thomas J. Allen, James P. Brock, Jeffrey Glassberg](#) , 2005, 0195183711, 9780195183719. Jeffrey Glassberg's acclaimed Butterflies through Binoculars guides have revolutionized the way we view butterflies. Now there's a field guide in the same practical format, and with the same emphasis on conservation, to identify caterpillars. Caterpillars are as varied, fascinating, and often as colorful as the adult butterflies they become. This is the most comprehensive guide to these creatures available. It

contains all the information necessary to find and identify the caterpillars of North America--from Two-tailed Swallowtails, some of the largest butterfly caterpillars at just over two inches when fully grown, to tiny Western Pygmy-Blues.

Caterpillar seekers will learn how to distinguish between butterfly caterpillars and moth caterpillars, where and how to find caterpillars, and the visual differences between young and older caterpillars. Each species section describes how to identify the caterpillar, complete with brilliant photos--many published here for the first time. To make for easy field use, each caterpillar's key physical features, abundance, habitat, and major hostplants are listed on the same page as its photo. The book also contains a special section on butterfly gardening, offering valuable information on how to set up a butterfly garden and raise healthy butterfly caterpillars, and provides a thorough list of the plants butterflies most like to feast on. From the concerned gardener who wishes not to kill caterpillars that may one day become beautiful butterflies to the serious butterflier wishing to take the hobby to the next level, this remarkable guide will provide all of the information necessary for an enriching caterpillar experience.

[Unlocking Opportunities for Growth: How to Profit from Uncertainty While Limiting Your Risk, Ian C. MacMillan, Alexander](#)

[B. van Putten](#) , 2008, 0132716011, 9780132716017. This book is a must for any Business Development Manager,

Corporate Strategist, R&D Director, and anyone else who is accountable for growth in a corporation. It is an easy read that is practical and not fraught with useless academic theories. Ron Pierantozzi, Ph.D., CEO of PPT Research and Former Director, Business Development, Air Products & Chemicals, Inc. A Breakthrough Approach to Investing in Business Innovation Most companies analyze investments using tools that bias them against real innovation and lead them to avoid their best opportunities. This book introduces a breakthrough alternative: Opportunity Engineering . Drawing upon recent advances in financial analysis, but without requiring a lot of math, the authors show how to engineer the risk out of uncertain opportunities so you can pursue more high-payoff innovations. You'll learn how to escape from the go/no-go vise and implement more flexible decision-making that considers all the business alternatives, models, and opportunities associated with each project. You'll learn how to systematically structure high-potential projects to limit downside

exposure and boost your potential upside. The authors show how to define the scope of investment opportunities, identify key drivers of potential profits, document assumptions, design out major risks, and tease out key challenges and vulnerabilities. Using these techniques, you can escape the mindset that limits you to low-impact innovations and begin pursuing serious growth opportunities--and make business uncertainty work for you, not against you. Why companies avoid their best opportunities for innovation Getting past risk-averse analysis that snuffs out experimentation and innovation Systematically engineering your opportunities Capturing the upside, slicing out the downside Beyond rigid go/no-go decisions How flexible, staged innovation creates more opportunities for delivering value Constructing an engineered growth portfolio of innovation investments Optimizing your mix of core-enhancing investments and high potential long shots

[Unholy Sacrifice, Sally Hayton-Keeva](#) , 1992, 0962629588, 9780962629587. "This remarkable historical novel about the Conquest of Mexico is a difficult, sobering & shocking book, but it is every bit worth the time & effort of readers searching for an educational experience as well as a literary one. For years, women have vanished between the lines of history books, & women of ethnicity have suffered the most. But here, the author has reawakened a woman from history - a young Mexican who served as translator for Hernan Cortez, born Malinalli & later christened Dona Marina when she became Cortez's mistress & translator... Besides being a fascinating historical account of the Conquest of Mexico & the pivotal role played by a native woman in that Conquest, UNHOLY SACRIFICE is simply an extraordinarily well-written book. The characters are highly developed...so real & so believable that it's almost possible to believe they have penned their own autobiographies - that is how skillful the author is at characterization. This book has great depth & is difficult yet challenging, containing many native words that are defined in its glossary. It's educational, entertaining & enlightening, & perhaps most importantly, it's a history shaped by women. This is a highly recommended book for serious readers."

[Exotic Names: For the New Millennium, Allisun Jones](#) , 2003, 096573384X, 9780965733847.

[J R, William Gaddis](#) , 2012, 1564786978, 9781564786975. A great masterpiece by William Gaddis, with a new introduction by Rick Moody. Winner of the 1976 National Book Award, J R is a biting satire about the many ways in which capitalism twists the American spirit into something dangerous, yet pervasive and unassailable. At the center of the novel is a hilarious eleven year old J R who with boyish enthusiasm turns a few basic lessons in capitalist principles, coupled with a young boy's lack of conscience, into a massive and exploitative paper empire. The result is one of the funniest and most disturbing stories ever told about the corruption of the American dream.

[Recipe for a Country Inn: Fine Food from the Inn at Twin Linden, Donna Leahy](#) , 2002, 0060184922, 9780060184926.

What is it really like to own and run a country inn? Lancaster County, Pennsylvania, is a world unto itself. A world of rolling hills, Amish horse-drawn buggies, and Mennonite barn raisings and home of the awardwinning Inn at Twin Linden, owned by Donna and Bob Leahy. Although the inn is known for elegant accommodations and warm hospitality, it is Donna's bountiful breakfasts and elegant dinners that keep visitors returning time after time after time. In this book, she shows you how to re-create the simple, fresh, and uniquely inspired country cooking of the Inn at Twin Linden. There's no better start to your day in Lancaster County, or your own kitchen, than one of Donna Leahy's breakfast recipes: Baked French Toast with Peaches and Blueberries, Apple and Walnut Pancakes, Smoked Salmon and Eggs with Sorrel, or Crab and Eggs in Chive Crepes. And then there are Donna's legendary dinners. In summer, start with any of her extraordinary chilled soups such as Sparkling Strawberry Soup, Crab Gazpacho, or Apricot Raspberry Soup. Warm soups for cold winter nights include Spiced Cranberry Pear Soup, Lobster Thyme Bisque, and Apple Cheddar Soup. Donna's salads, usually right from her gardens, transcend a simple mix of greens. Try the Minted Strawberry Salad with Balsamic Vinegar, Marinated Green Beans with Crispy Leeks, or Shrimp Salad with Cilantro and Sweet Corn Salsa. Donna's philosophy of freshness and do-ahead simplicity makes her recipes ideal for home cooks. Main dishes include Beef Tenderloin with Caramelized Onion Tart, Rack of Lamb with Mint Pesto and Chvre Crust, and Seafood Pot Pie with Saffron and Dill. Desserts and teatime treats such as Fudge Pecan Tart, Raspberry and White Chocolate Tarts, and Wild Blueberry Scones are easy to prepare and will satisfy your guests' craving for a sweet treat. Offering much more than a cookbook, Donna also shares the highs and lows, joys and frustrations of living out the dream of running your own inn. Recipe for a Country Inn details the nuts and bolts of innkeeping (as well as sketching the unusual characters who sometimes are your guests). Join Donna as she takes you through the day-to-day life of innkeeping -- whipping up egg dishes for breakfast, taking reservations, setting up the sideboard for afternoon tea, planning elegant dinners, and most important of all, greeting her guests and making them feel right at home. If you love country inn cooking and have perhaps dreamed of buying your own country inn, enjoy the entire delicious experience in Recipe for a Country Inn.

[Ossie's Dream: My Autobiography, Ossie Ardiles](#) , 2010, 1409084310, 9781409084310. Ossie Ardiles is one of the most iconic footballers ever to have graced the game. After winning the World Cup with Argentina in 1978, Ossie became the first foreign player to make an impact in England, paving the way for the modern era of multinational teams. and was immortalised in Chas & Dave's hit record "Ossie's Dream (Spurs Are On Their Way to Wembley)". In that unforgettable 1981 FA Cup Final, the silky skills of Ossie and fellow Argentine midfielder Ricky Villa inspired Spurs to their famous victory over Man City. He also helped Spurs to retain the trophy the following year, and to win the UEFA Cup in 1984, and even found time to star in the classic football film Escape to Victory with Bobby Moore, Pel, Michael Caine and Sylvester Stallone. Thirty years on from those glory days, Ossie has a unique perspective on the football world, through his long career both playing and in management, with the emphasis always on style and entertainment. He also talks about growing up under a military dictatorship, how he was torn between two countries owing to the outbreak of the Falklands War, which claimed the life of one of his cousins, and how that football world has changed over the decades.

[Unruly Americans and the Origins of the Constitution](#), Woody Holton , 2008, 1429923660, 9781429923668. Average Americans Were the True Framers of the Constitution Woody Holton upends what we think we know of the Constitution's origins by telling the history of the average Americans who challenged the framers of the Constitution and forced on them the revisions that produced the document we now venerate. The framers who gathered in Philadelphia in 1787 were determined to reverse America's post-Revolutionary War slide into democracy. They believed too many middling Americans exercised too much influence over state and national policies. That the framers were only partially successful in curtailing citizen rights is due to the reaction, sometimes violent, of unruly average Americans. If not to protect civil liberties and the freedom of the people, what motivated the framers? In *Unruly Americans and the Origins of the Constitution*, Holton provides the startling discovery that the primary purpose of the Constitution was, simply put, to make America more attractive to investment. And the linchpin to that endeavor was taking power away from the states and ultimately away from the people. In an eye-opening interpretation of the Constitution, Holton captures how the same class of Americans that produced Shays's Rebellion in Massachusetts (and rebellions in damn near every other state) produced the Constitution we now revere. *Unruly Americans and the Origins of the Constitution* is a 2007 National Book Award Finalist for Nonfiction.

[Inside Out and Back Again](#), Thanhha Lai , 2013, 070225116X, 9780702251160. Moving to America turns Ha's life inside out. For all the 10 years of her life, Ha has only known Saigon: the thrills of its markets, the joy of its traditions, the warmth of her friends close by, and the beauty of her very own papaya tree. But now the Vietnam War has reached her home. Ha and her family are forced to flee as Saigon falls, and they board a ship headed toward hope. In America, Ha discovers the foreign world of Alabama: the coldness of its strangers, the dullness of its food, the strange shape of its landscape, and the strength of her very own family. This is the moving story of one girl's year of change, dreams, grief, and healing as she journeys from one country to another, one life to the next.

[Bartender's Guide: An A to Z Companion to All Your Favorite Drinks](#), John K Waters , 2008, 1440515816, 9781440515811. Whether you're looking to mix a traditional martini, or concoct one of today's more trendy cocktails, you'll find everything you need to shake, stir, and serve over 2,000 drinks with style in this easy-to-use *Bartender's Guide*. [The Takeaway Secret: How to cook your favourite fast-food at home, Kenny McGovern](#) , 2011, 0716022877, 9780716022879. The Takeaway Secret is a book which will enable readers to cook their own tasty takeaway food at home. After over 5 years of research and investigation, the secret ingredients and cooking techniques used by takeaway and fast food restaurants can now finally be revealed. In today's increasingly health conscious and now financially cautious world, there's never been a better time to learn the secrets of cooking your own takeaway food at home. From now on, the takeaway menu will become an inspiration to cook, not an expensive option for dinner. Some of the recipes which can now be faithfully recreated at home include Lamb Donner and Chicken Kebabs, Chicken and Vegetable Pakora, Szechuan Chicken, Sweet and Sour Chicken, Chicken Wings, Spare Ribs, Triple-Decker Burgers, Chicken Burgers, Spiced Onions, Kebab Sauces, Sub Rolls, Wraps and many more. Many recipe books call for an extensive and expensive list of ingredients, often interesting to read but impractical for everyday cooking. The Takeaway Secret will stand out as the modern cookbook, ideal for a generation of people who desire delicious food, delivered quickly without the need to slave over a hot stove for hours on end. The recipes included make it possible for home cooks, both novice and professional, to recreate their favourite takeaway and fast food restaurant dishes in their own kitchen.

[King Lear: Text of the First Folio 1623, , Paul Illidge](#) , 2006, 0968634761, 9780968634769. Shakespeare's major plays are not abridged or summarized in these editions, but are paraphrased line-by-line in modern English to create a prose narrative that also incorporates stage directions and dialogue. The flavor of the original is retained by the use of iambic pentameter and rhyme, but higher flights of symbolism and poetic allusion are omitted and Elizabethan usage is stripped away altogether. Making the plays unfold as if they were novels, the books in this series are carried along by the intensity of Shakespeare's page-turning plots and the rich development of character, mood, and setting.

[Footprints in the Snow: An Unusual Discourse : E-mails with Umi, Umi](#) , 2000, 096959383X, 9780969593836. Spiritual seekers ask the very questions you would ask, as their often draunatic stories unfold on every page. Beginning in late 1998, these 21 San Franciscans have an arguing email interaction with the mystic, Umi -- then living in England. Underlying questions are "What is life about?" and "Who am I?"

[Closing the Asylum: The Mental Patient in Modern Society, Peter Barham](#) , 1997, 0140265805, 9780140265804. Although 'community care' may seem an attractive way to avoid the institutionalisation of the Victorian mental hospital, it involves implications for the standards of care available to ex-mental patients. Barham exposes the system's hidden costs.

[Insect Timing: Circadian Rhythmicity to Seasonality, David L. Denlinger, J. M. Giebultowicz, David Stanley Saunders](#) , 2001, 044450608X, 9780444506085. Leading experts in the field bring together diverse aspects of insect timing mechanisms. This work combines three topics that are central to the understanding of biological timing in insects: circadian rhythms, photoperiodism, and diapause. The common theme underlining each of the contributions to this book is an understanding of the timing of events in the insect life cycle. Most daily activities (emergence, feeding, mating, egg laying, etc.) undertaken by insects occur at precise times each day. Likewise, seasonal events such as the entry into or termination from an overwintering dormancy (diapause) occur at distinct times of the year. This book documents such events and provides an up-to-date interpretation of the molecular and physiological events undergirding these activities. The study of circadian rhythms has undergone a flowering in recent years with the molecular dissection of the components of the circadian clock. Now that many of the clock genes have been identified it is possible to track daily patterns of clock-related mRNAs and proteins to link the entraining light cycles with molecular oscillations within the cell. Insect experiments have led the way in demonstrating that the concept of a "master clock" can no longer be used to explain the temporal organization within an animal. Insects have a multitude of cellular clocks that can function independently and retain their function under organ culture conditions, and they thus offer a premier system for studying how the hierarchical organization of clocks results in the overall temporal organization of the animal. Photoperiodism, and its most obvious manifestation, diapause, does not yet have the molecular underpinning that has been established for circadian rhythms, but recent studies are beginning to identify genes that appear to be involved in the regulation of diapause. Overall, the book presents the rich diversity of challenges and opportunities provided by insects for the study of timing mechanisms.

[Cultural Diversity in Health and Illness, Rachel E. Spector](#) , 2009, 0135035899, 9780135035894. The seventh edition of this well-respected book continues to promote an awareness of the dimensions and complexities involved in caring for people from diverse cultural backgrounds. Completely revised and updated, it examines the differences existing within North America by probing the health care system and consumers, and examples of traditional health beliefs and practices among selected populations. An emphasis on the influences of recent social, political, and demographic changes helps to explore the issues and perceptions of health and illness today. An essential for any health-care professional, this book sets the standard for cultural perspectives. FEATURES INCLUDE: Pocket Guide to Assessment and Health Tradition available online for downloading Companion Website www.prenhall.com/spector with activities, test questions, and more New Research on Culture feature depicting recent studies related to cultural competence New photographs displaying examples and icons of various cultures New learning outcomes at the beginning of every chapter Expanded content on

the influence of spirituality and religion on health in cultural contexts Updated chapter on the health care delivery system including discussions of barriers and alternatives Demographic background discussion of each of the U.S. Census Bureau's categories of the population for a statistical overview of the diversity of patient populations

[The Most Amazing Song of All!: A Dynamic, Equivalent Translation of the Song of Songs from the Ancient Hebrew Into Modern English,](#) , 2011, 1936578034, 9781936578030. Breathtaking and beautiful, we see the Shulamite journey unveiled in this anointed allegory. It becomes a journey that not only describes the divine parable penned by Solomon, but a journey that every longing lover of Jesus will find as his or her very own. In this new Passion Translation, the translator uses the language of the heart based on a passion for love to translate the book from Hebrew to English. While many translations overlook the story line of how Jesus makes His bride beautiful and holy by casting out her fear with perfect love, this unparalleled translation focuses on the anointed words of adoration of our Bridegroom for His radiant bride. This heaven-sent revelation is waiting to be received with all its intensity and power to unlock the deepest places of your heart. Indulge in the art of the inspired Song of Songs, sung from the heart of Jesus Christ for His longing bride. It is full of cultural symbols, subtle art forms, and poetry that all point to a story of unending love. Be prepared to see yourself in this journey as you hear His lyrics of love sung over you in the greatest song of all time.

[Causality and Modern Science, Mario Bunge](#) , 2011, 1412812151, 9781412812153. The causal problem has become topical once again. While we are no longer causalists or believers in the universal truth of the causal principle we continue to think of causes and effects, as well as of causal and noncausal relations among them. Instead of becoming indeterminists we have enlarged determinism to include noncausal categories. And we are still in the process of characterizing our basic concepts and principles concerning causes and effects with the help of exact tools. This is because we want to explain, not just describe, the ways of things. The causal principle is not the only means of understanding the world but it is one of them. The demand for a fourth edition of this distinguished book on the subject of causality is clear evidence that this principle continues to be an important and popular area of philosophic enquiry. Non-technical and clearly written, this book focuses on the ontological problem of causality, with specific emphasis on the place of the causal principle in modern science. Mario Bunge first defines the terminology employed and describes various formulations of the causal principle. He then examines the two primary critiques of causality, the empiricist and the romantic, as a prelude to the detailed explanation of the actual assertions of causal determinism. Bunge analyzes the function of the causal principle in science, touching on such subjects as scientific law, scientific explanation, and scientific prediction. In so doing, he offers an education to layman and specialist alike on the history of a concept and its opponents. Professor William A. Wallace, author of *Causality and Scientific Explanation* said of an earlier edition of this work: "I regard it as a truly seminal work in this field."

[Prose: Performance Text for Oral Interpretation Competition, J. P. Fugler](#) , 2010, 1448918987, 9781448918980. In a

literary world that covers all genres from Walt Whitman to Dr. Seuss, it can prove daunting to find text meant for performance. Having competed on the high school and college levels myself, I know the frustration all too well. You need a piece, and you need it NOW! This book is a collection of competition-ready material that caters to the needs of speech teams. Combining duo, prose and poetry, Prosestry could be the oral interpreter's new best friend. I wrote the piece for you, cut it down to the necessary time constraints, and now all you have to worry about is your performance. Sorry, but I can't help you there.

This comprehensive collection of the tricks of the trade is the next best thing to having a pro at your elbow. More than 2,000 time-saving, money-saving, work-saving tips for the home and workshop put you in command of your tools and materials. Brief, clear instructions and over 1,300 full-color illustrations will enable you to do almost any job more quickly and easily. Hints cover a wide variety of jobs, from setting up a workshop to creating more storage space, from working with plumbing, electrical, and heating systems to sprucing up your home and your garden, from repairing and refinishing furniture to framing and hanging pictures. In short, The Family Handyman Helpful Hints has it all.

[Missing Links, Audrey Parsons, Jean Guiton](#) , 2004, 095794201X, 9780957942011.

[From Sacred Lies to Holy Wisdom: A Faith Journey in a Postmodern World, Judith Boice Casanova](#) , 1998, 0966325575, 9780966325577. When all you've ever believed turns out to be a lie, when try as you might, you cannot hold on to what you have been taught, when you look for God & come up against brick walls & when you still refuse to let it go, but struggle on until belief & life experience support & validate each other, then you move from sacred lies to holy wisdom & you discover that the journey was worth the struggle, that all of life has become sacred & that now, you are truly happy. This is a record of a faith that refused to give up & quite possibly of a God who doesn't give up either. It calls attention to the harm done by Christian teaching, both as experienced personally at the hands of believers & as adopted by the wider culture, but the voice calling is unmistakably rooted in a living faith. John Cobb has called FROM SACRED LIES TO HOLY WISDOM "a book of uncompromising honesty & profound insight." Butch Henderson proclaims every page "a lived moment into meaning." Judith Merkel Riley says that "the reader who enters this lucid text" will come away "clearer in

mind & closer to his or her own God." To order contact Pinch Publications, 691 W. 12th St., Claremont, CA 91711, Tel. 909-625-5994.

[Yes, Helen, There Were Dinosaurs, Lewis S. Brown](#) , 1982, 0964750503, 9780964750500.

[CITY OF WOMEN, Christine Stansell](#) , 2012, 0307826503, 9780307826503. In this brilliant and vivid study of life in New York City during the years between the creation of the republic and the Civil War, a distinguished historian explores the position of men and women in both the poor and middle classes, the conflict between women of the laboring poor and those of the genteel classes who tried to help them and the ways in which laboring women traced out unforeseen possibilities for themselves in work and in politics. Christine Stansell shows how a new concept of womanhood took shape in America as middle-class women constituted themselves the moral guardians of their families and of the nation, while poor workingwomen, cut adrift from the family ties that both sustained and oppressed them, were subverting through their sudden entry into the working and political worlds outside the home the strict notions of female domesticity and propriety, of woman's place and woman's nature, that were central to the flowering and the image of bourgeois life in America. Here we have a passionate and enlightening portrait of New York during the years in which it was becoming a center of world capitalist development, years in which it was evolving in dramatic ways, becoming the city it fundamentally is. And we have, as well, a radically illuminating depiction of a class conflict in which the dialectic of female vice and virtue was a central issue. City of Women is a prime work of scholarship, the first full-scale work by a major new voice in the fields of American and urban history.

[Investigating Oceanography, Keith Sverdrup, Raphael Kudela](#) , 2013, 0078022916, 9780078022913. This introductory

oceanography text is intended to teach students the tremendous influence oceans have on our lives. They are encouraged to look at oceanography as a cohesive and united discipline rather than a collection of subjects gathered under a marine umbrella. This first edition teaches students about the historical, geological, physical, chemical and biological characteristics of the ocean environment using remarkable images and photos. The authors have incorporated essays written by several scientists discussing topics in their fields of specialization. And in order to understand the constant barrage of information concerning our planet and marine issues, the authors believe students must have a basic command of the language of marine science in addition to understanding processes and principles. By the end of this course, the authors want students to be prepared for future environmental discussions and the ability to make decisions as informed global citizens.

[Suspension of a Secret in Abandoned Rooms, Joshua Marie Wilkinson](#) , 2005, 0972192646, 9780972192644. Born out of the author's exploration of Egon Schiele's work, region and era, "Suspension of a Secret in Abandoned Rooms" is a book length poem published in a stunning edition.

[River of Stars, Guy Gavriel Kay](#) , 2013, 0670068403, 9780670068401. "In his critically acclaimed novel "Under Heaven," Guy Gavriel Kay told a vivid and powerful story inspired by China's Tang Dynasty. Now, the international bestselling and multiple award-winning author revisits that invented setting four centuries later with an epic of prideful emperors, battling courtiers, bandits and soldiers, nomadic invasions, and a woman battling in her own way, to find a new place for women in the world - a world inspired this time by the glittering, decadent Song Dynasty." Ren Daiyan was still just a boy when he took the lives of seven men while guarding an imperial magistrate of Kitai. That moment on a lonely road changed his life--in entirely unexpected ways, sending him into the forests of Kitai among the outlaws. From there he emerges years later--and his life changes again, dramatically, as he circles towards the court and emperor, while war approaches Kitai from the north. Lin Shan is the daughter of a scholar, his beloved only child. Educated by him in ways young women never are, gifted as a songwriter and calligrapher, she finds herself living a life suspended between two worlds. Her intelligence captivates an emperor--and alienates women at the court. But when her father's life is endangered by the savage politics of the day, Shan must act in ways no woman ever has. In an empire divided by bitter factions circling an exquisitely cultured emperor who loves his gardens and his art far more than the burdens of governing, dramatic events on the northern steppe alter the balance of power in the world, leading to events no one could have foretold, under the river of stars.

[Wine, Women, and Song: Students' Songs of the Middle Ages](#) , 2002, 0486419134, 9780486419138. From the 13th-century manuscript known as the Carmina Burana come these love songs, drinking songs, hymns to spring, and more. Sung by the wandering students of the Middle Ages, these verses include "Welcome to Spring," "Love Among the Maidens," "Wine and Venus," "Death Takes All," many others. 6 black-and-white illustrations.

Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related. This ebook is a static version of an article from Oxford Bibliographies Online: Philosophy, a dynamic, continuously updated, online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study Philosophy. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit www.oxfordbibliographies.com.

[The Inner Journey: Views from the Gurdjieff Work, Jacob Needleman](#) , 2008, 1596750219, 9781596750210. The Gurdjieff tradition, commonly referred to as "The Work, describes people's daily lives as completely mechanical, conducted asleep. Gurdjieff's intent, as with many sacred traditions, was literally to aid in one's awakening. The tools for doing this are many but integrated. The various methods of "The Work" are intended to specifically integrate a person's physical, emotional, and intellectual centers into a fourth way of consciousness. Like Zen, this tradition has been an oral one emphasizing the relationship of teacher to student. But there have also been extensive writings on this tradition, and The Inner Journey collects some of the best of these in the form of essays, interviews, and fables. To expand readers' experience and understanding of both Gurdjieff's life and his teachings, the book is bundled with the feature film Meetings with Remarkable Men, Peter Brook's critically acclaimed adaptation of the early years of Gurdjieff's search for meaning.

[Encyclopedia of Microbiology, Four-Volume Set, Volume 1, Martin Alexander, Barry R. Bloom, David A. Hopwood, Roger Hull, Barbara H. Iglewski, Allen I. Laskin, Stephen G. Oliver, Moselio Schaechter, William C. Summers](#) , 2000, 0080548482, 9780080548487. The First Edition of the Encyclopedia of Microbiology was hailed by leading scientists and researchers around the world as "excellent," "outstanding," and "impressive." This Second Edition will serve as an up-to-date version of this reference which has been useful to academic, industrial, and personal libraries for years. The Encyclopedia of Microbiology, Second Edition both challenges and stimulates the reader, and illustrates the importance of microbiology, a field that cannot be over emphasized in this booming biotechnology age. Key Features* Completely redesigned and revised approach with 65% new material* Contains approximately 300 articles, 1000 illustrations, and 400 tables* New design includes thematic table of contents, combined glossary of terms, and appendix* Provides color plate sections in each volume* 17 subject areas, including exciting coverage of microbes in extreme environments and microbes in emerging infections

[The Custodians: Beyond Abduction, Dolores Cannon](#) , 1998, 1886940045, 9781886940048. This book traces the phenomenon of UFOs and alien abductions from the simple to the complex, exploring areas untouched by other investigators. It makes the unbelievable become acceptable and understandable.

[Digital Signal Processing System Design: LabVIEW-based Hybrid Programming, Nasser Kehtarnavaz](#) , 2008, 0123744903, 9780123744906. This book combines textual and graphical programming to form a hybrid programming approach, enabling a more effective means of building and analyzing DSP systems. The hybrid programming approach allows the

use of previously developed textual programming solutions to be integrated into LabVIEW's highly interactive and visual environment, providing an easier and quicker method for building DSP systems. This book is an ideal introduction for engineers and students seeking to develop DSP systems in quick time. Features . The only DSP laboratory book that combines textual and graphical programming . 12 lab experiments that incorporate C/MATLAB code blocks into the LabVIEW graphical programming environment via the MathScripting feature . Lab experiments covering basic DSP implementation topics including sampling, digital filtering, fixed-point data representation, frequency domain processing . Interesting applications using the hybrid programming approach, such as a software-defined radio system, a 4-QAM Modem, and a cochlear implant simulator Nasser Kehtarnavaz is Professor of Electrical Engineering at University of Texas at Dallas. He has written numerous papers and five other books pertaining to signal and image processing, and regularly teaches digital signal processing laboratory courses, for which this book is intended. Among his many professional activities, he is Coeditor-in-Chief of Journal of Real-Time Image Processing, and Chair of the Dallas Chapter of the IEEE Signal Processing Society. Dr. Kehtarnavaz is a Fellow of SPIE, a Senior Member of IEEE, and a Professional Engineer. All disc-based content for this title is now available on the Web. * The only DSP project book that combines textual and graphical programming * 12 Lab projects that incorporate MATLAB code blocks into the LabVIEW graphical programming environment via the MathScripting feature.* Interesting applications such as the design of a cochlear implant simulator and a software-defined radio system.

The guidance notes may be used as a programme of advice or as a source of reference. It includes advice on time management, work-planning, preparing and writing essays, reading skills, how to generate ideas, how to write more fluently, the use of computer technology and how to enhance the structure of work by planning and creating multiple drafts. It also includes useful suggestions on revision, examinations and working in seminars and tutorials.

[Weaving a Library Web: A Guide to Developing Children's Websites, Helene Blowers, Robin Bryan](#) , 2004, 0838908772, 9780838908778. Eager to feed their curiosity with interactive information, children are becoming more responsive to technology, and many now use a mouse more effectively than a crayon. By embracing the possibilities of the Internet when programming for children, libraries can empower the young with great information while supplementing traditional children's services. These award-winning children's web developers and librarians build their virtual library services starting from the four pillars of children's librarianship: readers' advisory, homework reference help, programming, and outreach. Presenting a wide assortment of possibilities, the authors offer guidance, inspiration, and practical direction - complete with sample screen shots - to: Create appropriate sites for different ages; Develop a project plan, including an Approach to Success document; Map our details with storyboards and flowcharts; Make user experiences easy and fun using mascots, navigation tools, and downloads; Authoritative and comprehensive, this guide provides sample documents and hands-on help on technical issues - usability testing, dealing with online privacy, monitoring, maintaining, promoting the site, testing for

9780646575179. Cut Out the Crap for Kids has over 80 tasty recipes that are all gluten, dairy and preservative free.

Catering not only for those children with food allergies or intolerances but also for those families who simply choose to be healthy starting with what they eat. Packed with scrumptious recipes that will appeal to all ages. From snacks and lunches, sides and salads, dinners to sweet treats. Be prepared to work your way through the entire book as you are inspired by the tempting full colour photo of each recipe. These recipes will not only keep mum and dad happy and satisfied but impress the fussiest of little eaters.

[Rest in Peace : A Cultural History of Death and the Funeral Home in Twentieth-Century America: A Cultural History of Death and the Funeral Home in Twentieth-Century America, Gary Laderman Associate Professor of American Religious History and Culture Emory University](#) , 2003, 0195343972, 9780195343977. Though it has often been passionately

criticized--as fraudulent, exploitative, even pagan--the American funeral home has become nearly as inevitable as death itself, an institution firmly embedded in our culture. But how did the funeral home come to hold such a position? What is its history? And is it guilty of the charges sometimes leveled against it? In *Rest in Peace*, Gary Laderman traces the origins of American funeral rituals, from the evolution of embalming techniques during and after the Civil War and the shift from home funerals to funeral homes at the turn of the century, to the increasing subordination of priests, ministers, and other religious figures to the funeral director throughout the twentieth century. In doing so he shows that far from manipulating vulnerable mourners, as Jessica Mitford claimed in her best-selling *The American Way of Death* (1963), funeral directors are highly respected figures whose services reflect the community's deepest needs and wishes. Indeed, Laderman shows that funeral directors generally give the people what they want when it is time to bury our dead. He reveals, for example, that the open casket, often criticized as barbaric, provides a deeply meaningful moment for friends and family who must say goodbye to their loved one. But he also shows how the dead often come back to life in the popular imagination to disturb the peace of the living. Drawing upon interviews with funeral directors, major historical events like the funerals of John F. Kennedy and Rudolf Valentino, films, television, newspaper reports, proposals for funeral reform, and other primary sources, *Rest in Peace* cuts through the rhetoric to show us the reality--and the real cultural value--of the American funeral.

[To Trust a Stranger, Karen Robards](#) , 2002, 0743424565, 9780743424561. Karen Robards, who delivered "a racy read" (*Cosmopolitan*) in her acclaimed bestseller *Paradise County*, once again electrifies the page with hardwired passion and thrilling suspense in this heart-pounding new novel. Suspicion. It burned through every nerve and ber of Julie Carlson --

the heartbreaking, infuriating suspicion that her husband was having an affair. To the rest of the world, Sid Carlson was a wealthy contractor with friends in highly influential places. But to Julie, he was a man who had cheated on their marriage vow -- and she knew she had to take desperate measures. Who can she trust? Heartbroken by her husband, Julie turns to a handsome stranger. Mac McQuarry knew better than to mix women and work: the private detective had tracked enough cheating spouses to know unbridled desire usually has no good end. And he had enough trouble of his own: the disgraced former cop had been bumped way down to his current status after an explosive shakedown of the Charleston police department. But when Julie Carlson hires him, Mac can't resist. Not only is she drop-dead gorgeous, but her husband, a longtime enemy, was a player in Mac's inglorious downfall -- and he'd love nothing more than to catch the corrupt jerk with his pants down, so to speak. But what begins as a run-of-the-mill assignment spiced by a rivalry with beautiful Julie suddenly spirals into a harrowing race for survival. Tracking the Carlsons' car down a lonely road one night, Mac witnesses an incredible hit that targeted Julie -- and suddenly Mac and Julie have become the hunted. With the mob and the police in hot pursuit, they can rely only on each other as they crash their way through a maze of buried secrets and deadly deceptions.

[The Many Troubles of Andy Russell, David A. Adler](#) , 2005, 0152054405, 9780152054403. Boy, does Andy have troubles! His gerbils escaped and are scampering all over the basement. He's late for school and he sure doesn't want to give that boring Ms. Roman another excuse to call his parents. And he planned to ask his parents today if his good friend Tamika could live with his family until her parents fully recover from a terrible accident. It is definitely not a good day for gerbil troubles. And when Andy learns that his mother is pregnant, he knows he'll have to do some really fancy footwork if his family is going to make room for Tamika. If gerbils threaten to foul up his plan, his meddlesome sister, Rachel, could make matters even worse. It's a good thing for Andy that he's charming and full of bright ideas. As this first chapter book in a new series unfolds, it's clear the Russell household is in for more trouble--and lots of fun!

[Remedies: Cases and Materials, Doug Rendleman, Caprice L. Roberts](#) , 2011, 0314264663, 9780314264664. Remedies Eighth teaches students how to traverse the complex territory of choice and measurement of plaintiffs' remedies. Accessible and readable decisions build on upper-level students' first-year courses in contracts, torts, property, constitutional law, and civil procedure. This book is organized to teach students how to choose and measure damages, injunctions, and restitution. It emphasizes the lawyer's tactics in addition to the court's decisions. It examines law and economics in selecting between tort and contract remedies. Remedies Eighth cites and discusses the freshly minted 2011 Restatement (Third) of Restitution and Unjust Enrichment. New decisions in Remedies Eighth examine ?actual damages, medical monitoring, the American attorney-fee Rule and the private-attorney-general exception, the Supreme Court's punitive damages opinions in Exxon Shipping Company v. Baker and Philip Morris USA v. Williams, state constitutional limits on damages caps, eBay v. MercExchange on the elements for an injunction, the standard for a preliminary injunction in light of eBay v. MercExchange and Winter v. Natural Resources Defense Counsel, unconscionability in a contract to arbitrate, and contractual limitations on recovery of damages.

[Survival of the Fattest 4: An Alternative Review of the '97-98 Football Season, Judi Holly](#) , 1998, 0952661047, 9780952661047.

[X-Events: The Collapse of Everything, John L. Casti](#) , 2012, 0062088289, 9780062088284. An acclaimed theorist offers a provocative and chilling warning: today's advanced societies have grown overcomplex and highly vulnerable to extreme

events that could topple civilization. The modern industrialized world is a complex system on a scale never before witnessed in the history of humankind. Technologically dependent, globally interconnected, it offers seemingly limitless conveniences, choices, and opportunities. Yet this same modern civilization may be as unstable as a house of cards, fear complexity scientists like John Casti. All it would take to "downsize" our way of life to send us crashing back to the nineteenth century is a nudge from what Casti calls an "X-event," an unpredictable occurrence with extreme, even dire, consequences. When an X-event strikes and scientists believe it will finance, communication, defense, and travel will stop dead in their tracks. The flow of food, electricity, medicine, and clean water will be disrupted for months, if not years. What will you do? A renowned systems theorist, Casti shows how our world has become impossibly complicated, relying on ever more advanced technology that is developing at an exponential rate. Yet it is a fact of mathematical life that higher and higher levels of complexity lead to systems that are increasingly fragile and susceptible to sudden, spectacular collapse. Fascinating and chilling, X-Events provides a provocative tour of the catastrophic outlier scenarios that could quickly send us crashing back to the preindustrial age: global financial "black swans"; a worldwide crash of the Internet that would halt all communication; the end of oil; nuclear winter; "nanoplagues"; robot uprisings; electromagnetic pulses; pandemic viruses; and more. You won't ever look at the world the same way again.

[Africans Thought of It: Amazing Innovations, Bathseba Opini, Richard B. Lee](#) , 2011, 155451276X, 9781554512768. The ingenuity of African peoples from ancient times to today. Did you know that aloe vera -- now found in countless products, including sunscreens and soaps -- was first used by Africans? They ground it into powder and used it to treat burns and other skin conditions, and hunters used it to disguise their scent from animals. They also used the nutritious oil from the fruit of the oil palm tree in everything from cooking to medicines to wine. And the marimba, better known to us as the xylophone, is believed to have originated 700 years ago in Mali. Other unique African innovations include the technique of banana leaf art and using horns -- and hairdos! -- to communicate important messages. Africans Thought of It features descriptive photos and information-packed text that is divided into sections, including: Agriculture Food Medicine Music Architecture Games & Sports This fourth book in Annick's successful We Thought of It series takes readers on a fascinating journey across the world's second largest continent to discover how aspects of its culture have spread around the globe.

[Imprint Training of the Newborn Foal: A Swift, Effective Method for Permanently Shaping a Horse's Lifetime Behavior,](#) [Robert M. Miller](#) , 2003, 1585746665, 9781585746668. IMPRINT TRAINING OF THE NEWBORN FOAL offers an easy-to-

follow, step-by-step approach to handling and training newborn foals, as well as numerous techniques and exercises that aid the foal in halter training and later in performing riding maneuvers. Imprinting can be defined as a learning process occurring soon after birth in which a behavior pattern is established. The newborn foal is imprinted to follow and bond with whatever large object looms above it at the time of birth. Dr. Miller's methods lay the foundation for teaching a horse most of what it will need to know to serve as a useful animal for the rest of its life. Early training can, in an amazingly brief period of time, assure an ideal relationship between horse and human, with the horse bonded and submissive to the human. In addition, the horse will be desensitized to the everyday frightening stimuli that typically elicit a flight reaction in the young horse, and which account for the frequent injuries that afflict horses and the people who work with them. The book includes nineteen chapters beginning with initial imprinting training, then following with subsequent sessions, halter training, performance basics, response reinforcement, problem prevention, and sections on racehorses, mules, and brood mares.

Now more than ever, the ability to sight-read fluently is an essential part of the pianist's training, whether playing alone, as an accompanist or with ensemble. This workbook is designed to help overcome the nerves that can cause sight-reading problems. Step by step it helps the player create a complete picture of each piece, first through rhythmic and melodic exercises related to specific problems, then by the study of prepared pieces with associated questions for the student to answer, then finally to the real, unprepared sight-reading test itself. Check-boxes for each stage allow both teacher and pupil to evaluate progress.

[Paleoshorelines and Prehistory: An Investigation of Method, Lucille Lewis Johnson](#) , 1991, 0849388554, 9780849388552.

Archaeologists have always been concerned with the relationship between the sites they study and the environments in which the sites are found. Since the end of the Pleistocene Era, sea levels have risen at least 120 meters, a factor that has considerable effect on many archaeological sites. *Paleoshorelines and Prehistory: An Investigation of Method* discusses the various processes that may affect coastal sites, or inland sites on shallow coastal plains, and presents a variety of methods that have been developed to reconstruct the shoreline at the time the sites were occupied. The focus of the chapters is on processes affecting coastal sites in the Americas, although the methods discussed are applicable to archaeologists worldwide. The book will also guide archaeologists in designing surveys to discover site locations, whether these are now inland or underwater. All archaeologists and students in archaeology and geology will find a tremendous wealth of useful information in this remarkable volume.

[A Bridge Between, Velia Pola](#) , 2012, 0988437309, 9780988437302. A simple family vacation intended to satisfy an old man's wish to revisit his ancestral village quickly becomes a journey filled with adversity, perseverance and revelation. For a family crossing northern Italy, the beauty of the region provides a colorful backdrop while their past weaves together with the present and they come to terms with a new reality. They struggle to keep their heads above water in Venice, battle Comacchian eel on the Adriatic coast and endure a frantic game of hide and seek in Ravenna. They nourish their bodies and souls in Emilia-Romagna, best a belligerent agent in Bellagio and reflect on love and loss in winter's

shadow on Lake Como. From Venice to Savona, vivid landscapes and historic venues blend in a family love story about aging with grace and determination. As a generation of baby boomers confronts the long-term care of their parents, *A BRIDGE BETWEEN* transcends the role of travelogue to become a socially relevant commentary on devotion, acceptance, and the evolution of familial relationships.

[In My Shoes: A Memoir, Tamara Mellon](#) , 2013, 067092363X, 9780670923632. When Tamara Mellon's father lent her the money to start a high-end shoe company, he cautioned her: 'Don't let the accountants run your business.' Little did he know. Over the next fifteen years the struggle between 'the suits' and 'the creatives' would dominate, as Tamara Mellon's business savvy and design flair built Jimmy Choo into a premier name in the ultra-competitive fashion world. Tamara Mellon grew Jimmy Choo into a billion dollar brand. She became the Prime Minister's trade envoy and was honoured with an OBE. Vogue photographed her wedding; Vanity Fair covered her divorce and the criminal trial that followed. It was never an easy road. Her seemingly glamorous beginnings in the mansions of London and Beverly Hills were marked by a broken family life, battles with anxiety and depression, and a stint in rehab. Determined not to end up penniless and under the control of her alcoholic mother, Mellon honed her natural business sense and invested in what she knew best: fashion. In creating the shoes that became a fixture on Iand Hollywood's red carpets, she relied on her own impeccable sense of what the customer wanted - because she was that customer. Jimmy Choo's success came at a high price - including epic struggles with the first CEO, a turbulent marriage, a brutal takeover attempt, and a mother who tried to steal her hard-earned wealth. Now, as she builds her next fashion venture, Tamara Mellon finally shares her whole larger-than-life story. *In My Shoes* is a must-read for fashion aficionados, aspiring entrepreneurs, and anyone who loves a juicy true story about sex, drugs, money, power, overcoming adversity . . . and high heels. 'The Sunday Times once wrote that I seemed 'less an actual person than the heroine of some dicey Danielle Steel Bonkathon'. The basic Danielle Steel conceit is to take a plucky heroine, set her on a quest, and then subject her to every villain and viper and obstacle imaginable. Which, I suppose, is not an entirely bad summary of my life so far.' Who Is Tamara Mellon? 'When it comes to Tamara Mellon, you should never assume anything.' Financial Times 'The Shoe Queen.' Vogue 'A kind of Henry James heroine for the bling generation.' Vanity Fair 'A woman shaped by hardship and scandal.' The Cut 'Tamara is an incredible businesswoman.' Tory

Burch as quoted by The New York Times 'The Jimmy Choo brand has gone on to infiltrate popular culture on a mass scale, becoming synonymous with a kind of feminine luxury lifestyle that Mellon herself - strong, smart, independent and glamorously larger than life - has come to personify.' Interview 'Wonderfully bling. Fans of Sex and the City will love this memoir - perfect for grown-up fashionistas. A dose of riches-to-rags-to-riches reality.' Sunday Times 'A lesson about an alchemist who won applause by being prepared to fashion a brand out of a stylish product and female chutzpah.' The Economist 'If Tamara Mellon didn't exist you'd have to make her up. For every bit of juicy backstabbing gossip, there is a handy morsel of MBA-lite to wash it down.' Harper's Bazaar 'Part memoir, part MBA masterclass, this is an impressively erudite and candid autobiography. Reads like a Danielle Steel novel, only way more incredible - and glamorous!' Glamour UK 'Brilliant memoir of the genius who created the world's sexiest shoes.' Mail on Sunday 'It's a testament to Tamara's fighting spirit, and astonishing ability to retain a sense of humour, that the book reads more like an epic adventure than a maudlin Greek tragedy. Not one gory detail is spared in her tell-all autobiography.' Red Magazine 'Compelling. A fascinating journey.' Hello!

[Policy and Politics in West Germany: The Growth of a Semisovereign State, Peter J. Katzenstein](#) , 1987, 0877222649, 9780877222644. How can we account for the lack of large-scale policy change in West Germany despite changes in the partisan make-up of the federal government? This formulation of "the German Question" differs from the one commonly posed by students of German politics, a version usually focused on Germany's tragic confrontation with modernity and a possible revival of militarism and authoritarianism. Katzenstein here uncovers the political structures that make incremental policy change such a plausible political check against the growing force of government. This book examines in detail how West German policy and politics interrelate in six problem areas: economic management, industrial relations, social welfare, migrant workers, administrative reform, and university reform. Throughout these six case studies, Katzenstein suggests that West Germany's semi-sovereign state provides the answer to the German Question as it precludes the possibility of central authority. Coalition governments, federalism, para-public institutions, and the state bureaucracy are the domestic forces that have tamed power in the Federal Republic. Author note: Peter J. Katzenstein is Professor of Government at Cornell University, as well as a former editor of International Organization.

[Don't Fire Them, Fire Them Up: Motivate Yourself and Your Team, Frank Pacetta](#) , 1995, 0684800500, 9780684800509. Don't Fire Them, Fire Them Up is a real-world story of winning in business by motivating employees in the most positive way possible -- nurturing them, showing that you value their accomplishments, and giving them the skills and the responsibility to become winners. Frank Pacetta, the hard-working man who engineered the drastic performance turnarounds of Xerox's Cleveland and Columbus sales staffs, gives the reader the same techniques he uses to build a

winning business team: * How to develop trust and create loyalty * How to generate enthusiasm and excitement * How to establish feedback and accountability * How to rebuild an organization, and then lead and energize it * How to put the organization on top and keep it there year after year This book is check-full of practical, proven tips on leadership and management, everything from motivation to communication to all the nuts and bolts of selling successfully. And Pacetta has included his Top Ten Tips (and created Ten More Top Tips), which were featured in The Wall Street Journal and which have been copied and posted on office bulletin boards across the country.

[Surrealism and Cinema, Michael Richardson](#) , 2006, 1845202260, 9781845202262. Tracing the work of Luis Buuel, Jacques Prvert, Nelly Kaplan, Walerian Borowczyk, Jan vankmajer, Raul Ruiz and Alejandro Jodorowsky, this book charts the history of surrealist filmmaking in both Europe and Hollywood from the 1920s to the present day. At once a critical introduction and a provocative re-evaluation, Surrealism and Cinema is essential reading for anyone interested in surrealist ideas and art and the history of film.

[Beyond Stress: Ingrdients to Living Powerfully, David R Dicks](#) , 2007, 0979016339, 9780979016332. Relief, Freedom and Healing for Police Officers and Other Frontline Professionals Who Have Experienced Critical Incidents Help Our Helpers This book is in memory of two colleagues who for years worked in the field investigating deadly (hit and run) accidents, fatal shootings of citizens, gruesome murder scenes as well as suicides. One of them survived after being shot in his eye by a suspect. Nonetheless, they pushed themselves to make the streets safer while struggling to keep their marriages healthy. In 2010 their public service work came to an end. Both friends committed suicide like thousands of cops before them. They departed without saying a word to their children or wives. Both of them left without saying goodbye to me. I wanted to blame them for their selfish act, but when I reviewed the nationwide data regarding police suicide, the only thing I could do is live with the painful loss and grief of friends who gave until they could not give anymore. Worldwide, cops are screaming for help but are afraid that you might criticize them. Now, with the economy in its condition, no cop is willing to share his desire to commit suicide with colleagues or department heads because he/she will be labeled as weak, and/or lose their career. What if those cops are in need of your help right now? DO POLICE OFFICERS HAVE HIGHER SUICIDE RATES THAN THE GENERAL POPULATION? According to (Langston, 1995), the statistics commonly cited in the media suggest the "suicide rate for law enforcement personnel is 22 deaths per 100,000 officers compared to 12 deaths per 100,000 in the general population. This estimate of police suicide is based on a 1995 Fraternal Order of Police (FOP) study of insurance claims by 92 local chapters in 24 states." In my opinion, cops who are affected psychologically and physiologically by (ptsd) but do not commit suicide will be ineffective on or off the job. Very soon, you are going to see a rise in police shootings, inappropriate behavior (i.e.) drug dealing, substance abuse and addiction, domestic violence and more perpetrated by cops.

[The Fragments of Parmenides: A Critical Text with Introduction and Translation, the Ancient Testimonia and a](#)

[Commentary, Parmenides](#) , 2009, 1930972679, 9781930972674. Edited with New Translation by Richard McKirahan With

a New Preface by Malcolm Schofield This book is a revised and expanded version of A.H. Coxon's full critical edition of the

extant remains of Parmenides of Elea--the fifth-century B.C. philosopher by many considered "one of the greatest and

most astonishing thinkers of all times." (Karl Popper) Coxon's presentation of the complete ancient evidence for

Parmenides and his comprehensive examination of the fragments, unsurpassed to this day, have proven invaluable to our

understanding of the Eleatic since the book's first publication in 1986. This edition, edited by Richard McKirahan and with

a new preface by Malcolm Schofield, is released on the 100th anniversary of Coxon's birth. This new edition for the first

time includes English translations of the testimonia and of any Ancient Greek throughout the book, as well as

an English/Greek glossary by Richard McKirahan, and revisions by the late author himself. The text consists of Coxon's

collations of the relevant folios of manuscripts of Sextus Empiricus, Proclus and Simplicius and includes all extant

fragments, a commentary, the testimonia, a complete list of sources, linguistic parallels from both earlier and later

authors, and the fullest critical apparatus that has appeared since Diels' *Poetarum Philosophorum Fragmenta* (1901). The

collection of testimonia includes the philosophical discussions of Parmenides by Plato, Aristotle and the Neoplatonists, most

of which had been omitted by Diels. The introduction discusses the history of the text, the language and form of the

poem, Parmenides' use and understanding of the verb 'to be', his place in the history of earlier and later philosophy and

the biographical tradition. In the commentary Coxon deals in detail with both the language and the subject matter of the

poem and pays full attention to Parmenides' account of the physical world. The appendix relates later Eleatic arguments

to those of Parmenides.

[Crisco, Martin Bchi, Adrian Billington, Stphan Petit, Arup Nanda](#) , 2011, 1430234857, 9781430234852. Expert PL/SQL

Practices is a book of collected wisdom on PL/SQL programming from some of the best and the brightest in the field.

Each chapter is a deep-dive into a specific problem, technology, or feature set that you'll face as a PL/SQL programmer.

Each author has chosen their topic out of the strong belief that what they share can make a positive difference in the

quality and scalability of code that you write. The path to mastery begins with syntax and the mechanics of writing

statements to make things happen. If you've reached that point with PL/SQL, then let the authors of Expert PL/SQL

Practices show you how to combine syntax and mechanics with features and techniques to really make the language

sing. You'll learn to do more with less effort, to write code that scales and performs well, and to eliminate and avoid

defects. These authors are passionate about PL/SQL and the power it places at your disposal. They want you to succeed,

to know all that PL/SQL can offer. Let Expert PL/SQL Practices open your eyes to the full power of Oracles world-class language for the database engine. Goes beyond the manual to cover good techniques and best practices Delivers knowledge usually gained only by hard experience Covers the functionality that distinguishes PL/SQL as a powerful and scalable programming language for deploying logic inside the database engine What youll learn Learn when PL/SQL is best used, and when to avoid it Move data efficiently using bulk SQL operations Write code that scales through pipelining, parallelism, and profiling Choose the right PL/SQL cursor type for any given application Reduce coding errors through sound development practices such as unit-testing Create and execute SQL and PL/SQL dynamically at runtime Who this book is for Expert PL/SQL Practices is for PL/SQL developers who want to develop deep expertise in key aspects of the language and its use in database programming. Any developer writing code against Oracles class-leading database engine will find value from the collected wisdom in this book. Some knowledge of PL/SQL is assumed. Readers should at least be past the beginning stage with the language. Table of Contents Do Not Use Dynamic SQL: Handling the Unknown PL/SQL and Parallel Processing Warnings and Conditional Compilation PL/SQL Unit Testing Bulk SQL Operations Know Your Code Contract-Oriented Programming PL/SQL from SQL Choosing the Right Cursor PL/SQL Programming in the Large Evolutionary Data Modeling Profiling for Performance Coding Conventions and Error Handling Dependencies and Invalidations

[Citizen 13660](#), 1946, 0295959894, 9780295959894. Mine Okubo was one of 110,000 people of Japanese descent--nearly two-thirds of them American citizens -- who were rounded up into "protective custody" shortly after Pearl Harbor. Citizen 13660, her memoir of life in relocation centers in California and Utah, was first published in 1946, then reissued by University of Washington Press in 1983 with a new Preface by the author. With 197 pen-and-ink illustrations, and poignantly written text, the book has been a perennial bestseller, and is used in college and university courses across the country. "[Mine Okubo] took her months of life in the concentration camp and made it the material for this amusing, heart-breaking book. . . . The moral is never expressed, but the wry pictures and the scanty words make the reader laugh -- and if he is an American too -- blush." -- Pearl Buck Read more about Mine Okubo in the 2008 UW Press book, Mine Okubo: Following Her Own Road, edited by Greg Robinson and Elena Tajima Creef.

[Foundations of Divine Prosperity, Paul David Cooper](#) , 2012, 0984871004, 9780984871001. God's plan is for His people to prosper - spiritually, physically, and financially. Do you doubt that? Do you question the theology behind those words? Do you wonder why prosperity seems lacking in your own life? In this thought-provoking book, author Paul David Cooper shines the light of Scripture on the often-misunderstood subject of divine prosperity. The results may surprise you. In presenting God's plan for prosperity in your life, Foundations of Divine Prosperity discusses enlightening examples from the Creation through the early Church to present-day believers. You will find God's prosperity plan in ... God's covenant with Abraham and his descendants the children of Israel's exodus from Egypt the inspired words of the psalmists and prophets the ministry of Jesus the teachings of the Apostles. The New Testament model of evangelism is built on the concept of divine prosperity. God gives in abundance to his people; his people give in abundance to the work of the Gospel. Yet prosperity remains a controversial topic among believers. Foundations of Divine Prosperity explores common misconceptions about prosperity, and tackles the seemingly contradictory truths of Christian suffering and Christian abundance. Divine prosperity is not just a central theme in Christian history; it is also a key component in every believer's life in Christ. To deny it is to deprive yourself of the full portion of God's blessings. Are you prepared to claim God's prosperity for your own life?

[Montessori: The Science Behind the Genius, Angeline Stoll Lillard](#) , 2008, 0199888019, 9780199888016. One hundred years ago, Maria Montessori, the first female physician in Italy, devised a very different method of educating children, based on her observations of how they naturally learn. In Montessori, Angeline Stoll Lillard shows that science has finally caught up with Maria Montessori. Lillard presents the research behind eight insights that are foundations of Montessori education, describing how each of these insights is applied in the Montessori classroom. In reading this book, parents and teachers alike will develop a clear understanding of what happens in a Montessori classroom and, more important, why it happens and why it works. Lillard, however, does much more than explain the scientific basis for Montessori's system: Amid the clamor for evidence-based education, she presents the studies that show how children learn best, makes clear why many traditional practices come up short, and describes an ingenious alternative that works. Now with a foreword by Renilde Montessori, the youngest grandchild of Maria Montessori, Montessori offers a wealth of insights for anyone interested in education.

[Cotillion, Georgette Heyer](#) , 2011, 1446456471, 9781446456477. A brilliant and compelling Regency romance by one of our best-known and most beloved historical novelists of all time. The three great-nephews of cantankerous Mr Penicuik know better than to ignore his summons, especially when it concerns the bestowal of his fortune -- the wily old

gentleman has hatched a typically freakish plan for his stepdaughter's future and his own amusement: his fortune will be Kitty's dowry. But while the beaux are scrambling for her hand, Kitty counters with her own inventive, if daring, scheme: a sham engagement which should keep wedlock at bay ... Cotillion shows what made Georgette Heyer the undisputed queen of historical romance - one of the most popular novelists of her day, she is still adored by a huge readership.

[Andrew Wyeth: memory & magic, Anne Classen Knutson, Christopher Crosman, Kathleen A. Foster, Michael R. Taylor, High Museum of Art, Philadelphia Museum of Art](#) , 2005, 0847827712, 9780847827718. Prior to the 1960s, Andrew Wyeth enjoyed a stellar reputation as a rising star in the art world. Since then, critics and scholars have largely ignored him. Wyeth, however, who is age 88 at the date of publication, has continued to paint, to the delight of his admirers, collectors, and the art-loving public. Now, in association with the High Museum exhibition, Andrew Wyeth: Memory & Magic takes a fresh look at the work of one of America's most beloved artists. In examining his entire oeuvre, the book celebrates the artist's ongoing love affair with everyday life-domestic, natural, and architectural. Found throughout Wyeth's work, these objects form patterns that illuminate core themes and reveal the artist wrestling with issues of memory, temporality, embodiment, and the metaphysical. Organized chronologically and thematically, the book explores how the artist's approach to these subjects was formed in his early career, and has been revisited in new and surprising ways in recent years. Andrew Wyeth: Memory & Magic comprises 150 tempera paintings and 50 drawings and watercolors- including his most-famous works, but also many published here for the first time.

[Perfect Pigs: An Introduction to Manners, Marc Tolon Brown, Stephensen-Payne, Glenda Baum](#) , 1983, 0808537075, 9780808537076. A simple introduction to good manners to use with family, friends, at school, during meals, with pets, on the phone, during games, at parties, and in public places.

[Green's Functions and Condensed Matter, G. Rickayzen](#) , 2013, 0486499847, 9780486499840. Green's functions, named for the mathematician who developed them in the 1830s, possess applications in many areas of physics. This volume presents the basic theoretical formulation, followed by specific applications, and is suitable for advanced undergraduates, graduate students, and professionals in the area of condensed matter physics. Beginning with a description of Green's

function in classical physics from a modern point of view, the text progresses to the definition and properties of Green's functions in quantum physics. Most of the book explores applications, focusing on transport coefficients of a metal, the Coulomb gas, Fermi liquids, electrons and phonons, superconductivity, superfluidity, and magnetism. The treatment assumes a good working knowledge of quantum mechanics and a familiarity with the occupation number representation. An appendix provides the main formulas and the correspondence with wave mechanics. Each chapter concludes with references and problems for further study.

[Dominoes: Two: V is for Vampire, Lesley Thompson](#) , 2013, 0194249832, 9780194249836. 'He's great, Vera,' said Angie. When Viktor Sarav takes a job at Ballantine's, Angie and her brother Don - the young owners of the New York fashion company - are pleased. But Angie and Don's parents died in an unusual plane accident, and other strange deaths in the company follow. Is there a vampire at work at Ballantine's? Vera Donato, a company director with secrets to hide, is against Viktor. But Ed Valdemar, the company lawyer, trusts him. Who is right? And what happens to Viktor, Angie, Don, and Vera in the end?

[Fundamentals of Electrical Control, Clarence A. Phipps](#) , 1999, 0130126993, 9780130126993. Newly, revised, this book offers the logic of design to startup, operation and maintenance, and all aspects of wiring, relay logic, programmable logic controllers and a host of electrical control applications and challenges you'll encounter on the job. A new chapter covers heat and enclosures and includes information on the creation of heat in electronic devices and how it can be dissipated. Beginning with the basic principles of electrical logic, the author guides you through each step of the design of a sequencing logic system, including developing the schematic diagram, making a bill of materials, and designing component wiring diagrams.

cast . . . a fresh story. As they say in church, Hallelujah. -- "Los Angeles Times" * A "New York Times" Bestseller * An Oprah Book Club Selection At the Church of Fire and Brimstone and God's Almighty Baptizing Wind, Grandpa Herman makes the rules for everyone, and everyone obeys, or else. Try as she might, Ninah hasn't succeeded in resisting temptation -- her prayer partner, James -- and finds herself pregnant. She fears the wrath of Grandpa Herman, the congregation and of God Himself. But the events that follow show Ninah that God's ways are more mysterious than even Grandpa Herman understands . . .

[Drugs Make You Un-Smarter, Savanna Peterson, Jill Ammon Vanderwood](#) , 2011, 1935723243, 9781935723240. What do you do when a parent, a grandparent, your brother, cousins, and an uncle are doing drugs? You are also expected to do drugs, right? Fifteen-year-old Savanna Peterson went beyond the expectations of others and took a stand against drugs, even when her older brother had parties while her mom was at work, the cops were watching her house, and her dad spent most of her life in prison for drug-related crimes. *Drugs Make You Un-Smarter* is written by a high school student and her grandmother. The book includes stories of people who have abused drugs and interviews with actors and professionals. Learn facts about drugs and hear about goal-oriented kids who, like Savanna, have made a choice to remain drug-free.

[Scripting Language Handbook, Michael McMillan](#) , 1999, 0124856802, 9780124856806. With the growth of the World Wide Web, there has been a corresponding growth in the development and use of scripting languages for creating Web-based and programming applications. The *Scripting Language Handbook* presents an overview of several major scripting languages, including Perl, Tcl/Tk, Python, JavaScript, and VBScript. The book features the details of each language, then considers them in different applications, explaining which languages are appropriate for a particular area. The application areas surveyed include CGI and Web-based applications, systems administration, and scripting as supporting other application languages. Sample scripts developed in each language are provided, as well as examples of how a language can be used to develop a particular application project. Timing tests are also featured to measure the efficacy of each of the scripting languages at solving the problems arising from different applications. The *Scripting Language Handbook* is the first to make objective comparisons among the major scripting languages. It can help the programmer make an informed decision on which scripting language to implement upon a particular project, saving time and money.

[Buck's Rodeo](#) , 2012, 0981973663, 9780981973661. Four boys lounge around a campfire beside the lapping edge of

Lake Inclement. They each are a perfect 12 years of age, at the stepping off point of their teenaged years, when diving in the lake with friends and gobbling hotdogs around the fireside is just about more important than anything else. The star-studded sky stretches out above them, and they talk about nothing much when suddenly a glow appears in the woods to the south. All of them-- Walt, Paxton, Carpenter, Zack, and his faithful beagle, Flash, wonder at the sight, but it is Grampa Clondyke, Carp's beloved grandfather that is there to tell the tale of the light in the forest. It is a story he has kept buried deep inside for 70 years. He paints them a picture with his words of life in Inclement in the 1930's. He talks about Orland Buck, an unusual African American father and his daughter, Delilah, who arrive in Inclement in a pristine white Cadillac with money flowing from their pockets in a never ending stream. Orland Buck built himself and his daughter a house high up on what is now known as Buck's Point, and then he built his pretty little Delilah a rodeo arena simply because she wanted it. . Grampa's story weaves a spell over the boys, and they return night after night to hear more and more about Buck's Rodeo, the magical Delilah and the undercurrent of racism that the Buck family and anyone who associated with them faced all those years ago. And the boys begin to notice strange coincidences, odd correlations of current events with the story Grampa is sharing. Zack, also a newcomer to Inclement, begins to wonder how his father, a well-known photographer now dead 8 long years, could be connected to the photographer in this Inclement of the past. The boys decide that hearing the story is not enough. They need to travel up to Buck's Point and to whatever mysteries lie there even after Grampa strictly forbids them to go. There they learn the secrets of Buck's Rodeo, of Delilah's magical talent, and the horrible consequences of senseless hate. In the end, some mysteries are solved, while others are continued in the next book in the series, *The Western Radio Hub*. *Buck's Rodeo* is written with a strong descriptive voice that paints a story for your imagination to savor. It is written for those 12 and up, but all ages will enjoy this trip to the mythical town of Inclement, Iowa which rests on the shores of sparkling Lake Inclement. Like any other small town, characters abound, from Thorson Poe, the owner of the excellent Poe's Pizza Pies, to the scruffy band BETWIXT who plays folksongs in the park and seems to have some sort of mystical connection to Buck's Rodeo. Come visit. Stay a while. Take a dip in the lake. Sit around the fire and let it bake your clothes dry as you listen to a gravelly voice transport you to another time and place. Scarf down a hotdog with the boys. But don't forget to throw a bite to Flash every once in a while. Beagles love campfire cookin'.

Christ child, born this night in Bethlehem.

[Roman Roadside Settlement and Rural Landscape at Brentford: Archaeological Investigations at London Syon Park Waldorf Astoria 2004-10, Robert Cowie, Amy Thorp, Angela Wardle](#) , 2013, 1907586199, 9781907586194. Excavations in Syon Park, Brentford, have made a substantial contribution to our knowledge of this Roman rural settlement on the LondonSilchester road, by a ford across the Thames. The site yielded a well-dated sequence from the mid 1st to early 5th century AD including occupation deposits and two 2nd-century timber buildings destroyed by fire, as well as details of the main road and adjacent field system. These and a large assemblage of finds, including a surgical instrument and a roundel depicting the Medusa, provide a rare glimpse of life in the countryside in the hinterland of Londinium. A detailed overview of Roman Brentford (the first to be published since 1978) is included.

[Southern Mail, Antoine de Saint-Exupry](#) , 2000, 0141183748, 9780141183749. Antoine de Saint-Exupry, an intrepid and eccentric adventurer, transferred his passion for flying to the written word by writing several classics of aviation literature, including Southern Mail and Night Flight. Based on Saint-Exupry's trail-blazing flights for the French airmail service over the Sahara and later, the Andes, these two novels evoke the tragic courage and nobility of the airborne pioneers who took enormous risks, flying in open cock-pits in planes that were often fragile and unstable.

[The Shabbos kitchen, Simcha Bunim Cohen](#) , 1991, 0899068820, 9780899068824. This book is a guide to the preparation of food and other kitchen activities on Shabbos. This sefer focuses on the thirty-nine 'Avos Melachos' (and their Rabbinic extensions) that affect the Shabbos meals. Some are applicable to the preparation, others to the meal itself, and others to cleaning up afterwards.

[Happy Baby Slipcase, Roger Priddy](#) , 2007, 0312499574, 9780312499570. Hibbert delivers a superbly detailed picture of the life and times of George IV including his exorbitant spending on his homes, his clothes, and his women; his patronage of the arts; his "illegal" marriage to Catholic Mrs Fitzherbert, and lesser known facts such as his generous charity donations and his witty one-liners, including one he uttered when he met his bride-to-be (Caroline of Brunswick) for the first time: "Harris, I am not well, fetch me a brandy." George IV was the son of George III

(who went insane and inspired "The Madness of King George") and was the founder of the prestigious King's College in London.

[The Happy Dust Gang: How Sex, Scandal and Deceit Founded a Drugs Empire, David Leslie](#) , 2011, 1780571224, 9781780571225. Charlie, snow, toot, white: cocaine goes by many different names. But in Glasgow in the early 1980s, they called it Happy Dust. At no-holds-barred parties of the glamorous and wealthy, cocaine was the new aphrodisiac. A few lines of Charlie and a humdrum party could become an orgy. Hot from the forests of Colombia, Charlie flooded onto the streets of Glasgow and was passed along the line to the cocktail set, highly paid sports stars and yuppies desperate for kicks and thrills. Behind it all was a man they called the Parachutist. But all too soon, the party was over. People became too greedy and the Parachutist was double-crossed. Some of the gang did shady deals with detectives in hotel rooms; others flew to seek shelter in the sun, their reputations destroyed but not their fortunes. The good times might have been over for the Happy Dust Gang, but their legacy lives on to this day.

This publication focuses on continual service improvement (CSI) from both an IT service and IT service management perspective. It introduces the concept of CSI at a high level and defines its value before describing common methods and techniques. The guidance is written for managers and practitioners at all levels.

[A Guide to Trance Land: A Practical Handbook of Ericksonian and Solution-Oriented Hypnosis, Bill O'Hanlon](#) , 2009, 0393705781, 9780393705782. A friendly and brief guide to the essentials of hypnosis. Popular author Bill O'Hanlon offers an inviting and reassuring guide to the essentials of hypnosis, alleviating the newcomers anxieties about how to make the most of this clinical tool. This brief book illustrates the benefits of solution-oriented hypnosis, which draws on the work of the pioneering therapist Milton Erickson (with whom O'Hanlon studied) and emphasizes doing what is needed to get resultswhich, more often than not, means trusting that the client holds within him- or herself answers or knowledge that need only be tapped or released by the therapist. O'Hanlon covers the key aspects of hypnosis, including: using possibility words and phrases; using passive language; and inducing trance. O'Hanlon offers practical tips and friendly encouragement for the novice hypnotherapistin his characteristic warm, reassuring, and humorous style.

[Contemporary America, Russell Duncan, Joseph Goddard](#) , 2013, 1137014873, 9781137014870. A broad-ranging and lively introduction to all aspects of life in America which combines original insights on history, politics, sociology and cultural studies. Fully revised, the fourth edition includes analysis of the 2012 election results, and has been updated to

take account of key domestic and international developments.

[An Unattended Death, Victoria Jenkins](#) , 2012, 1579622844, 9781579622848. "On a hot August morning, Anne Paris is found dead, her body floating in the slough at the bottom of her family's remote summer property on an island in Puget Sound, the apparant victim of a sailing accident. Irene Chavez, the lone female detective in a rural Washington State sherriff's department, is assigned to investigate the death of this privileged young psychiatrist. As Irene gets to know Anne's family, their houseguests and neighbors - and Anne herself, as the dead woman emerges in the accounts of the peopl who knew her - she comes to believe that it was not the boom of a sailboat that whacked Anne on the back of the head, but someone close to her. Irene's own past loss and unrealized ambitions, along with her awareness of the distinctions of social strata, compromise her objectivity and professionalism as she attempts to maintain composure in the face of the opaque and entitled enclave of summer people. Working with unusual autonom and urgency while her supervisor is on vacation, Irene resists the easy solution - and the family's wishes - to close the case as an accident and persists in a homicide investigation. Paralleling Irene's professional challenges, her fourteen-year-old-son is arrested, bringing home to Irene the perils of growing up in a small town or anywhere, and the inevitable parenting limitations of a working single mother. It is in the context of her son's arrest that Irene first become acquainted with the new Mason County prosecuting attorney, a potential ally or adversary, she isn't sure which " -- Jacket cover.

[All about Hydraulic Ram Pumps: How and where They Work, Don R. Wilson](#) , 1995, 0963152629, 9780963152626. The ram pump is a useful 'old-tech' device that can pump water from a flowing source of water above the source with no other power required except the force of gravity. Invented 'way before electric water pumps, this rugged and dependable device works just as well, and is just as useful, today as ever. Typically installed at remote homesites, for watering

livestock or gardens, or for decorative lily ponds, water wheels and fountains. This book explains in simple terms and with illustrations how the ram pump works, where it can be set up, and how to keep it going. A second section of the book gives step-by-step plans for building a fully operational Atlas ram pump from readily available plumbing fittings with --No welding, drilling, tapping or special tools required. The final chapter shows how to build an inexpensive ferro-cement water storage tank with up to 15,000 gallon capacity.

[Fantastic Mr. Fox, Roald Dahl](#) , 2009, 0142414549, 9780142414545. "Every time Mr. Fox steals a chicken from the farm, Farmers Boggis, Bunce, and Bean grow wild with rage. They're the nastiest crooks in the valley, and they've concocted a cunning plan to dig him out of his hole once and for all. But it never occurs to them that Mr. Fox has a fantastic plan of his own..."--P. [4] of cover.

[Entrepreneurs and Politics in Twentieth-century Mexico, Roderic A. Camp](#) , 1989, 0195057198, 9780195057195. Based on six years of research, including interviews with leading Mexican entrepreneurial and political leaders and the assessment of hitherto unavailable materials, this work focuses on the complex political relationship between the Mexican state and leading businessmen from the 1920s to the present. Analyzing nearly 3000 biographies to compare Mexico's two leading competitors for political power, the author uses a humanistic approach to test a number of assumptions about the relationship between the business community and the state and provides new insights into the existence of a power elite, the exchange between economic and political leaders, the self-image of Mexican entrepreneurs, the position of family-controlled firms, and the influence of capitalists on the decision-making process. Camp also provides detailed information on the ownership of Mexico's top 200 firms, including names of stockholders, board members, and managers.

[Brand Sense: Sensory Secrets Behind the Stuff We Buy, Martin Lindstrom](#) , 2010, 1439172013, 9781439172018. Did you know that the gratifying smell that accompanies the purchase of a new automobile actually comes from a factory-installed aerosol can containing "new car" aroma? Or that Kellogg's trademarked "crunch" is generated in sound laboratories? Or that the distinctive click of a just-opened jar of Nescafé freeze-dried coffee, as well as the aroma of the crystals, has been developed in factories over the past decades? Or that many adolescents recognize a pair of Abercrombie & Fitch jeans not by their look or cut but by their fragrance? In perhaps the most creative and authoritative book on how our senses affect our everyday purchasing decisions, global branding guru Martin Lindstrom reveals how the world's most successful companies and products integrate touch, taste, smell, sight, and sound with startling and sometimes even shocking results. In conjunction with renowned research institution Millward Brown, Lindstrom's innovative worldwide study unveils how all of us are slaves to our senses -- and how, after reading this book, we'll never be able to see, hear, or touch anything from our running shoes to our own car doors the same way again. An expert on consumer shopping behavior, Lindstrom has helped transform the face of global marketing with more than twenty years

of hands-on experience. Firmly grounded in science, and disclosing the secrets of all our favorite brands, Brand Sense shows how we consumers are unwittingly seduced by touch, smell, sound, and more.
