[Faux Chic: Creating the Rich Look You Want for Less, Carol Endler Sterbenz, Genevieve Sterbenz](#) , 2004, 1592531156, 9781592531158. Why create a single faux element? a painted table, wallpaper, or window treatment? when you can design an entire room in faux decor? This exciting book, now in paperback, will enable home decorators and artists to swath their homes and workspaces in faux fashion? without breaking the bank. Sidebars and photographs illustrate how to ?fake it? from floor to ceiling, with projects including special Gallic effects such as trompe l'oeil; glazing, marbling, and striping techniques for walls and ceilings; flea-market finds transformed into antique furniture look-alikes; floors that recall the cobblestone streets of New England; art prints and collectibles; accents such as fireplaces, trellises, and Brittany lace window treatments. A fun and practical guide to decorating in the Faux Chic philosophy of style, color, comfort, and charm, this book will help readers transform ordinary living spaces into fabulous fake London flats, charming Tuscany farmhouses, and more.

[The Kingfisher Illustrated Dinosaur Encyclopedia, David Burnie](#) , 2001, 0753452871, 9780753452875. Come jaw-to-jaw with an amazing array of awe-inspiring prehistoric reptiles and other incredible creatures in this dramatic trek back in time to the dawn of life on our planet and the age of the dinosaurs. Spectacular, full-color illustrations, photographs, and realistic dinosaur reconstructions based on the latest scientific discoveries bring each creature to life. The text combines hard facts about dinosaurs with interesting and intriguing details about their lifestyle and behavior. Species spreads detail the members of specific dinosaur families, giving information about their habitats and behavior, sizes, and the locations of fossil finds, while special subject spreads focus on various aspects of dinosaur life. Packed with dramatic photographs and illustrations, this colorful volume is an indispensable reference for young dinosaur enthusiasts and a captivating resource for the whole family. Special Features: Comprehensive, chronological encyclopedia of dinosaurs through the ages. Timelines give a visual guide to prehistoric periods. Up-to-the-minute research focuses on the latest finds. Includes glossary and general index.

[The Second Coming, , David H. Burton](#) , 2010, 0986594105, 9780986594106. Five hundred years have passed since the

Earth shifted on its axis - a catastrophic event that wiped out civilization and released the powers of the dead. Now, a dark age shrouds our world once more. Journey into a future rife with witchcraft, demons, and vengeful gods that have returned to reclaim their former dominions. Follow the fates of three intertwined characters in this sinister new realm: Paine, a young man cursed with the ability to summon the dead and on the run from Witch Hunters; Brahm, the battle-hardened woman that slaughtered his mother and in whose body the woman's soul now resides; and John, a friar once imprisoned for heresy, now assigned by a woman Pope to destroy the boy he unwillingly fathered. Take a voyage to the future as the legions of heaven and hell combine to bring the Words of the Prophecy to fruition. The Second Coming is nigh. And the God we expect to deliver us from evil is not who He seems." Beautifully written, dark and eerie vision of an apocalyptic future." - Margaret Weis, New York Times Bestselling Author "David H. Burton is a dark new talent in the genre. This one will make you leave the lights on for a week!" - USA Today Bestseller, Cathy Clamp

[Disaster Communications in a Changing Media World, Kim S Haddow, George Haddow](#) , 2008, 0080877842,

9780080877846. Communications is key to the success of disaster mitigation, preparedness, response and recovery. Accurate information disseminated to the general public, to elected officials and community leaders, and to the media reduces risk, saves lives and property, and speeds recovery. The ability to communicate is no longer an afterthought or a luxury; timely communication is now as important as logistics or the pre-deployment of materials. Planning and controlling the flow of information before, during and after a disaster will define your organization's credibility, trustworthiness, authority, and effectiveness. The emergence of new media like the internet, e-mail, blogs, text messaging, cell phone photos, and the increasing role played by "first informers"-- witnesses who now have the ability to transmit information immediately from the event--are redefining the roles of government and media. The government's historical role as gatekeeper is now an anachronism. Traditional media's role as the sole conduit of reliable and officially-sanctioned information has been eclipsed by the advent of new media. The tools and rules of communications are evolving and disaster communications must evolve to capitalize on these changes and exploit the opportunities they provide. Bloggers have the potential either to add to the chaos during a crisis, or to help convey accurate data and report on local conditions. Disaster communications must incorporate a way to manage their impact and if possible use them for the common good. Finally, even though the means to the end are evolving, the goals, the values, and the underlying principles of effective disaster communication-- the need for transparency, increased accessibility, trustworthiness and reliability, and to create partnerships with the media--have not changed and need to be embraced along with the practical ability to convey information effectively. \* Applies the principles of emergency management to communications during a disaster\* Covers terrorist incidents, accidents, and natural disasters like hurricanes and earthquakes\* Shows how to use blogs, text messages, and cell phone cameras as well as government channels and traditional media to communicate during a crisis

[At the heart of the Reich: the secret diary of Hitler's army adjutant, Gerhard Engel](#) , 2005, 1853676551, 9781853676550.

Major Gerhard Engel was Hitler's Army Adjutant from March 1938 to March 1943. Remarkably, this atmospheric account from a member of Hitler's closest circle has never been published in English before. During his years with Hitler, Engel kept the diary in the form of six notebooks. After the war, he added material to shed further light on certain events, military and political decisions and Hitler's attitude to particular problems. His diary covers the decision-making process behind crucial military actions, including the annexation of Austria, the invasion of Czechoslovakia, and the war against Russia. He also addresses the intrigue within Hitler's inner circle and his casual conversations with Halder, Guderian and Brauchitsch, among others. Engel was responsible for certain racial issues and his conversations with Hitler shed important light on the Fnhrrer's core beliefs. The diary includes the statement made by Hitler in 1941, 'I am now as before a Catholic.' Engel also details his views on German Jews and, in particular, he dwells on the extent to which they served in the Wehrmacht. He also addresses the deportation of Jews from Salonika and Hitler's order to Himmler to select a destination, the details of which Hitler was apparently unconcerned with. The final part of the diary is mostly devoted with the war against Russia. Engel's reports confirm that the master plan was to take Leningrad and Rostov in 1941, then close pincers behind Moscow in 1942. The plan was frustrated by senior army commanders' lack of enthusiasm and Hitler's failure to exert firm leadership in the first two months of the offensive. Engel depicts Hitler as a vacillating, contrary man. It is not unlikely that this betrayed itself to his generals and gave them the encouragement they needed to argue their plan to rush Moscow, which ultimately contributed to the defeat of the Third Reich.

[Son of Oscar Wilde,](#) , 1988, 0192821970, 9780192821973. As the public interest in Oscar Wilde grew, and the lies about

him multiplied, Vyvyan Holland, Wilde's son, decided to write his own account of the "Oscar Wilde scandal" and its aftermath. The first publication of *Son of Oscar Wilde* in 1954 was a daring endeavor, considering that homosexuality remained a crime in England at that time, and his father had been convicted of that crime. Now available with a new Foreword by Merlin Holland, Vyvyan Holland's son, this memoir--which Vyvyan Holland described as "not a very amusing or entertaining story"--reveals Oscar Wilde as a much-loved though often absent member of the family. Focusing on the scandal from the point of view of a small boy, it dramatically portrays how the family dealt with Oscar's persecution, and after his death, attempted to deny that he ever lived by taking the extreme measure of changing the sons' names from Wilde to Holland. Vyvyan Holland describes in detail his early happy years followed by the exile and his years in Germany and Monaco, his return to England and his adolescent years, and his decision as a mature adult to lay to rest the bitter memory of his early years by recording them for posterity. This edition also contains 33 of Oscar Wilde's letters to friends; a reminiscence of Wilde by W.W. Ward; some prose poems by Wilde; letters from Lord Alfred Douglas to Vyvyan Holland; and several contemporary newspaper reports of events during and after the Oscar Wilde affair. A tragic story of prejudice, fear, and much sadness, this memoir reveals one boy's ability to survive such extreme cruelty and suffering.

[Rebellious Prussians: Urban Political Culture Under Frederick the Great and His Successors, Florian Schui](#) , 2013,

0199593965, 9780199593965. Prussian discipline is legendary. Central to debates about modern German history is the view that an oppressive Prussian state cast a shadow on the development of civil society. In particular, historians have seen the absence of a revolution in the eighteenth century as a symptom of a delayed and incomplete emancipation of the Prussian bourgeoisie. Prussia's urban dwellers have often been portrayed as poor relations of the self-reliant and assertive bourgeois of Western Europe and the Atlantic world. Economically backward and politically oppressed, they were allegedly in no position to challenge the iron grip of the state and question the authority of the Hohenzollern dynasty. Drawing from extensive and original research, Florian Schui challenges the accepted view and argues that Prussians in the eighteenth century were much more willing to challenge the state than has been recognised. Schui explores several instances where urban Prussians successfully resisted government policies and forced Frederick the Great and his successors to give in to their demands. Rebellious Prussians thus sheds light on a little-known historical reality in which weak Hohenzollern monarchs - and a still weaker Prussian bureaucracy - were confronted with prosperous, fearless, argumentative, and occasionally violent Prussian burghers. Such conflicts between state and citizens were by no means unique to Prussia. Rather the events in Prussia were, on many levels, connected to similar contemporary developments in other parts of Europe and North America. Florian Schui systematically explores these links and thus develops a new European and Atlantic perspective on Prussian history in the eighteenth century.

[Inigo Jones on Stonehenge: Architectural Representation, Memory and Narrative, Caroline van Eck](#) , 2009, 9076863830, 9789076863832. In the autumn of 1620, King James I (1566-1625) stayed at Wilton with the Earl of Pembroke. During his stay, he sent his court architect Inigo Jones (1573-1652) to the nearby prehistoric ruins of Stonehenge, with the aim of demonstrating that these were the remains of a temple built by the Romans during their occupation of England. His visit resulted in a description, measurements and drawings of Stonehenge as Jones had found it, and a reconstruction on paper. In doing so, he produced the first monographic study of a building constructed on English soil. Jones refused to believe that the Druids could have been responsible for such a monument; he identified Stonehenge as a Roman structure and 'restored' it on paper. This book is a facsimile of his findings.

[How to Sail a Boat, Matt Vance](#) , 2013, 1877551856, 9781877551857. To be on the sea is something magical. It is to be under fleeting illusion of being free and beyond the reach of the land with its attendant frustrations and pettiness. Under sail you are immediately confronted with a simple set of rules that require you to observe intently and engage your entire

being in the enterprise of moving across the ocean. Despite the enormity of this effort the sailor has little effect on the sea. The wake of a yacht is quickly zipped up behind leaving no trace of your passing. The same cannot be said of the sea's effect on the sailor. It subtly unzips you, pulling out the stuffing that has lay buried by life on the land. *How to Sail a Boat* is an examination of some of that stuffing, revealing things about the sailor only the sea might know.

[The Winter Wolf, D.J. McIntosh](#) , 2013, 0143190016, 9780143190011. A chilling psychological tale of mistaken identity inspired by the Brothers Grimm fairy tale Little Red Riding Hood. After the worst ice storm in living memory, Elizabeth Hill begins a perilous trek across a frozen city to her Grandmothers house in search of company and comfort. A chance encounter leaves Elizabeth terrified and in a greater rush to safety that she could have ever imagined. From the nationally bestselling author of *The Witch of Babylon*, and the new sequel, *The Book of Stolen Tales*, about a rare 17th century book of fairy tales and their Mesopotamian origins. .

[The Black and the White, Evelin Weber](#) , 2013, 0988644215, 9780988644212. Meet Isabelle, a small town girl with big ambitions. Determined to repay her mother for putting her through college, she has bought a one-way ticket from Nowheresville to New York, leaving her boyfriend behind for a new life as a junior trader. But the Wall Street Isabelle discovers is one of high finance and low morals: the only things black and white are the Amex cards and the wraps of cocaine; the men are the masters of the universe, and the women are expected to play along. On a trip to Sin City for some corporate schmoozing, Isabelle finds herself in bed with the bank's biggest client, and he doesn't want what happens in Vegas to stay in Vegas. Then she discovers her boss is cheating the system as well as his wife - a move that could see them both swapping VIP clubs for a different set of bars ...

[Aging in Canada, Neena L. Chappell, Marcus J. Hollander](#) , 2013, 0195447662, 9780195447668. Canada, like other countries, is aging. The media has reported on a "grey tsunami," a demographic change reflecting longer life expectancy and the retirement of the so-called baby boomer generation. The numbers and percentages of older adults within our population continue to increase. In 2010, 15.3 percent of Canada's population was over 65; in 2030, it will be 24.1 percent. Many commentators have risen alarm about this flood of adults potentially bankrupting our health care system. This book gives us the facts in a clear, concise, and balanced way. It is true that our population is aging; however, this is not a crisis. We learn that the actual cost drivers are technology, labour, and increased service utilization across all ages- not uncontrollable demographic factors like population growth. The perceived crisis in the sustainability of our health care system should be framed in terms of challenges related to the reorganization and management of health services, particularly for older adults. Cost effectiveness is the key. Two experts on aging review the latest information. They explore topics such as how our health changes as we age and how our health care needs change as a consequence; how the needs of older adults are currently met; and how we can improve in the future. From discussion of informal caregiving to a cost-benefit analysis of continuing care, this fascinating and informative book provides an eye-opening look at the realities of our aging population.

[Oxford Maths Zone, Oxford University Press](#) , 2000, . The Oxford Maths Zone provides a coherent plan for delivering the National Numeracy Strategy, ensuring all objectives are met and saving teachers' time by providing at-a-glance lesson plans. The series contains a wide range of resources intended to make classroom management easy and show children how to use maths in the real world, making it relevant and enjoyable.

[Groups: Process and Practice, Marianne Corey, Gerald Corey, Cindy Corey](#) , 2013, 1133945465, 9781133945468. Learn to blend theory with practice in group work with GROUPS: PROCESS AND PRACTICE, the respected book that so many helpers (and helpers in training) rely on every day. Focusing on the what is and the how to of group counseling, the authors use up-to-date examples, guidelines, insights, and an enhanced diversity perspective to show you how group leaders can apply the key concepts of the group process to a variety of groups, including work with children, older adults, and in school settings. Available with InfoTrac Student Collections <http://goengage.com/infotrac>. [Written in Bones,](#) , 2007, 1848040016, 9781848040014. This work by international experts shows how the careful study of bones can reveal a compelling picture of the lives, cultures and beliefs of ancient societies. It reveals 36 case studies from sites around the world, including the world's oldest dwarf and the Chinchorro mummies of Chile.

[Whitman the Political Poet, Betsy Erkkila](#) , 1996, 0195113802, 9780195113808. Recent critical studies have emphasized the formal, mystical, and psychological dimensions of Walt Whitman's art, dwelling mainly upon his Emersonian and Transcendental sources. This study is the first book to undertake a detailed analysis of Whitman's entire work in relation to the political struggles of the 19th century. Erkkila repairs the split between the private and the public, the personal and the political, the poet and history, that has in the past defined the analysis and evaluation of Whitman's work. Her approach combines close reading and historicist analysis, examining his poems as both products and agents of the political culture of his time. Among the topics explored are the ways in which the politics of race, class, gender, capital, technology, western expansion, and war enter into the poetic design of "Leaves of Grass"; the relation between Whitman's (homo)sexual body and the body politic of his poems; and the ways in which the Civil War and its aftermath affected Whitman's artistic ordering and reordering of his work.

[Just and Unjust Wars: A Moral Argument with Historical Illustrations, Michael Walzer](#) , 2006, 0465037070, 9780465037070. From the Athenian attack on Melos to the My Lai Massacre, from the wars in the Balkans through the first war in Iraq, Michael Walzer examines the moral issues surrounding military theory, war crimes, and the spoils of war. He studies a variety of conflicts over the course of history, as well as the testimony of those who have been most directly involved--participants, decision makers, and victims. In his introduction to this new edition, Walzer specifically addresses the moral issues surrounding the war in and occupation of Iraq, reminding us once again that "the argument about war and justice is still a political and moral necessity."

[Common Skin Diseases: A Handbook for the Aesthetician, , Pamela Hill](#) , 2007, 140188170X, 9781401881702. Common Skin Diseases: A Handbook for the Aesthetician, part of Milady's Aesthetician Series, is designed to offer the aesthetician with the tools needed to work with clients who present with unfamiliar or unusual skin lesions. While it is critical for the aesthetician to know the answers to questions posed by clients, it is equally important for the aesthetician to avoid medical diagnosis and treatment recommendations. The aesthetician should know as much as possible about common skin diseases and disorders including what they look like, what the possible cause could be, what the course of action should be, and finally the outcome. This book addresses the common and sometimes not-so-common diseases and

disorders that are seen on the skin, what they look like, and what to do about them. With the aid of photographs, descriptions, and illustrations, this book will help the clinician to know what they are looking at and what recommended action should be taken.

[The Perfect Handmade Bag: Recycle and Reuse to Make 35 Beautiful Totes, Purses, and More, Clare Youngs](#) , 2009,

1906525811, 9781906525811. Give fabric a new lease of life with one of these fantastically chic recycled bags. In today's modern, environmentally conscious society, with its emphasis on reusing and avoiding plastic bags, a practical bag has become an essential part of everyday life. However, practical doesn't have to mean boring, as any of the 35 fun and functional projects in this book show. Every bag is designed to make the most of the materials that are readily available and easily recyclable. Try turning a dish-towel into a smart shopper to carry all your groceries in, or use an old hessian sack to make a sassy bag to take to the gym. Reuse is at the heart of this book, as projects like the floral scrap tote bag and the patchwork weekend bag demonstrate, and you will soon be able to transform an old blanket or a few scraps of discarding clothing into a unique bag in no time at all. Each project comes complete with beautifully illustrated step-by-step instructions and there are designs suitable for all skill levels--the packaging bag requires just a few simple stitches, while the design of the adorable owl pocket bag will appeal to more experienced crafters. You are certain to find the ideal bag for you or the perfect gift to give to friends and family. \* 35 brilliant bags designed with thrift, function, and fashion in mind.\* There are bags for everyone--from a tote for the groceries to school bags for kids--all made from recycled materials.\* Full-color step-by-step instructions and techniques section.

Police recruiters have identified responsibility, honor and action as the prime motivators that attract men and women to police work. In this fictional work, police officer Brad Phillips is often forced to make value judgments and life-or-death decisions. Would confronting a deranged person with a briefcase full of dynamite or waving a hand grenade at you change your value

system? How much money would it take to turn a good cop into a bad cop? Join Brad Phillips as he gives you an intimate and riveting portrait of what life is like beyond the badge and blue uniform of an officer with the Los Angeles Police Department.

[Awake and Asleep: The Dawn of Awareness, James Nemec](#) , 2013, 0979280524, 9780979280528. AWAKE AND ASLEEP: STORIES OUR BODIES CAN TELL, by celebrated craniosacral therapist, James Nemec, narrates more compelling stories of heart centered presence and whole body emotional healing. Craniosacral Therapy is his point of departure, which is a light touch, hands-on approach that goes beyond traditional medicine. Actual case histories, as lyrical stories, with symptoms successfully relieved and treated including Dental Trauma, Marathon Runner's Block, Ankle Sprain, Seizures, and Birth Trauma. All with a non-intrusive, light touch, and the stories our bodies can tell.'Awake and Asleep' continues the healing journeys started in 'Touch the Ocean' and 'Journeys,' and is the last book in the Craniosacral series by author, James Nemec.

[Standing Pelican: Key West Poems and Stories, Edward Steinhardt](#) , 2008, 0964123525, 9780964123526. John Hemingway, writing in the Foreword to this book of poems, short fiction and a play, "This excellent collection of poems, short stories and drama are a subtropical alfresco that has all the heat, ambiguity and humor that had originally attracted my grandfather to the island in the 1920s."...In the best Hemingway tradition (the stories) let you feel what the character experiences but with an economy of words and description that only true artists and poets are capable of."

[Strung Out to Die: A Divorced Diva Mystery, Tonya Kappes](#) , 2013, 1481948474, 9781481948470. \*\*BONUS BEADED BRACELET PATTERN IN THE BOOK\*\* Holly Harper's life is finally getting back on the right track after her divorce from "what's his name." She and a group of divorcees have formed a strong bond plotting creative ways to get back at their exes and created a self-help group known as The Divorced Divas where their meetings are held in Holly's bead store, The Beaded Dragonfly. It's no secret that Holly's ex husband, Sean Harper, and the wealthiest bachelor in Swanee, Doug Sloan, don't get along because Sean is constantly fixing all of Doug's shoddy handy man work. Plus all the Divas would love to get their claws in some of Doug's money. When Doug ends up dead on the floor of The Beaded Dragonfly with a string of cat eye beads around his neck, it's up to Holly to figure out whose framing her.

[Chemical Oscillations and Instabilities: Non-linear Chemical Kinetics, Peter Gray, Stephen K. Scott](#) , 1990, 0198556462, 9780198556466. Today, scientists in many fields are expressing considerable interest in non-linearity and the ideas of oscillations and chaos. Chemical reactions provide perfect examples of these phenomena. This book is an excellent introduction to the area of nonlinear phenomena in chemical kinetics that involve chemical feedback such as chain branching, autocatalysis, and self-heating. The emphasis is on physical and pictorial representation, and on identifying those gross features which are essential. The experimental conditions under which such behavior will occur can be predicted using simple mathematical recipes, and these are also included. Readers will find full discussions of long-lived

oscillations for autocatalytic or exothermic reactions in closed vessels and stationary states, bistability, and oscillations in continuous flow reactors and diffusion cells. Other topics considered include chemical wave propagation, pattern selection and formation, heterogeneous reactions, complex oscillations, quasiperiodicity, and chemical chaos, both forced and spontaneous. The second part of the book describes actual experimental systems, such as the Belousov-Zhabotinskii reaction, and include discussion of the behavior of important gas-phase reactions. This volume is an ideal sourcebook of applied problems for graduate courses in dynamical systems, advanced chemical kinetics, and chemical reactor engineering, as well as for research workers in physical chemistry, and mathematicians, biologists, physicists, and physiologists.

[Killer Heels, Rebecca Chance](#) , 2013, 0857204866, 9780857204868. From the boardroom to the bedroom, the catwalk to the kerbsideStarry-eyed ingnue Coco Raeburn is passionately ambitious. She will do anything - and anyone - to get her own editorship at a top fashion magazine.And her ruthless boss Victoria Glossop, editor at top UK fashion magazine Style, will do everything in her power to stop her But Victoria has her own ambitions - she wants the top job at Style's US headquarters, and nothing will come between her and her dream.Uber-svengali Jacob Dupleix, media magnate, owner of Style, and one of the most powerful men in New York and London, is used to controlling all he sees. But when Victoria demands that he give her the US Style editorship, he gives in, little realizing that his empire could be about to fall apart.In New York, mentor and voice of calm in a storm, Mereille watches the shifts of power with detached amusement. If only they knew quite how much power she could wield if she had to

[The Road to Wigan Pier, George Orwell](#) , 2001, 0141913886, 9780141913889. A searing account of George Orwell's observations of working-class life in the bleak industrial heartlands of Yorkshire and Lancashire in the 1930s, The Road to Wigan Pier is a brilliant and bitter polemic that has lost none of its political impact over time. His graphically unforgettable descriptions of social injustice, cramped slum housing, dangerous mining conditions, squalor, hunger and growing unemployment are written with unblinking honesty, fury and great humanity. It crystallized the ideas that would be found in Orwell's later works and novels, and remains a powerful portrait of poverty, injustice and class divisions in Britain. Includes illustrations, explanatory footnotes, and an introduction by Richard Hoggart.

[Renewable Energy: Its Physics, Engineering, Use, Environmental Impacts, Economy, and Planning Aspects, Bent Srensen](#) , 2004, 0126561532, 9780126561531. This third edition of Renewable Energy is undoubtedly one of the most complete accounts of the subject, from source through to extraction and use. The book is academically rigorous, but accessible.The author first describes the effect of the sun on the atmosphere and the creation of wind and waves, including the effects of global warming. For each type of renewable energy, from direct solar radiation to wind and biomass, there follows a technical description of the devices that can be used to transform the energy into useful forms. The author explores new solar cell types, including polymer and organic cells, new biofuel processes and new wave

energy devices. The final part of the book looks at social and economic aspects of renewable energy - the costs of our current fuel bills versus new energy sources, and the difference it could make to developing as well as developed countries. The concept of whole new energy systems based around wind, solar, and other energies is put into a real-life context. Key features include: Reference paths: the reader may follow the general process from source through to distribution, or concentrate on a specific type of energy. The material is divided into undergraduate text and advanced options. Details the significant expansion of the field since the publication of the previous edition. Updated material includes offshore wind technologies, polymer and organic solar cells, new developments in hydrogen storage, pipeline transmission, biofuel processes, and wave energy devices, evaluation of biomass options, and an outlook on the renewable energy market. \* The only rigorous theory and applications book available \* Provides the principles of renewable energy flows/sources and energy conversion processes\* Details the significant expansion of the field since the publication of the previous editions

[Memoirs of A Hi-Tech Hustler, Gregory D. Evans](#) , 2002, 0974561142, 9780974561141. T, MCI, Sprint, PageNet, MobileCom, GTE, Cellular One, Skytel, Motorola, Compaq, and Dell Computers have in common? They were all victims of America's largest Hi-Tech criminal organization that call themselves Hi-Tech Hustlers. This organization that is responsible for over \$500 million in theft, corporate losses and damages in the 12 year span. It was not until one of the founders of the organization, Gregory Evans was caught and indicted by the U.S. Attorney's Office for hacking and defrauding AT&T, MCI, Sprint and many others for more than \$24 million in a 6 month Hi-Tech crime spree. While behind bars, Gregory Evans had written some personal memoirs about his Hi-Tech organizations and the Hi-Tech capers that cost companies and consumers millions of dollars. This exciting book reads like a blockbuster movie, even though names, dates and places have been changed to protect the guilty you will find yourself mesmerized, dazzled and entertained.

[The Macquarie Home Guide to Health and Medicine, Warwick J. Carter, Jan Bowen](#) , 1991, 0949757586, 9780949757586. A clearly written and illustrated volume outlining the symptoms, disease profiles, and possible treatments and cures for a wide range of ailments. Included are sections on dentistry, first aid and medical ethics.

[The Tale of the Lucky Cat,](#) , 2008, 0979933935, 9780979933936. This retelling of the most famous Japanese folktale captures positive values, love and kindness. A toymaker who cares for an injured cat ends up having his own life saved and is repaid with good fortune. This classic story reminds us that doing a good deed may offer its own rewards.

[Port of Victoria: A History, Charles D. Spurlin](#) , 2010, 0982916612, 9780982916612. Port of Victoria tells the story of navigation on the Guadalupe River, and the ultimate construction of a man-made barge canal linking Calhoun and Victoria counties to the Gulf Intracoastal Waterway. Futhermore, it is a story of visionary individuals who overcame a variety of obstacles to provide a brighter economic future for their communities. These far-sighted leaders epitomized what a loveable lady once advocated: "Those who do will find a way. Those who do not will find an excuse."--Jacket.

[Love Lessons, Dale R. Starks](#) , 1991, 096307900X, 9780963079008.

[Joel-Peter Witkin: Vanitas,](#) , 2012, 8087164725, 9788087164723. Joel-Peter Witkin: Vanitasoffers a concise survey of one of the most controversial photographers alive. Since the late 1970s, Witkin's black-and-white portraits and still-lives of hermaphrodites, body parts, severed heads, mutilations and similar themes have inevitably provided shock fodder to

the religious right, while seeming to evoke an easy relationship to ideas of decadence and morbidity. For Witkin, the goal is simple: "I wanted my photographs to be as powerful as the last thing a person sees or remembers before death."

Witkin's photographs offer up examples of life's extremities as unblinking confrontations with mortality, whose power derives not merely from their content but from the keen compositional instincts governing that content. Witkin's gift for still life and his use of religious motifs such as crucifixion and sainthood have been nourished by his appreciation of the likes of Francisco Goya, Odilon Redon and Hieronymus Bosch, whose examples he has translated for the concerns of the present. Witkin's photographs have made a colossal impact upon contemporary culture, influencing artists such as the Chapman Brothers and Erwin Olaf, musicians such as Diamanda Gals and Trent Reznor, and the late fashion designer Alexander McQueen, among many others. Vanitas provides a cross-section of the artist's work from the 1970s to the present. In addition to photographs, it includes many lesser-known drawings and paintings, as well as Witkin's most recent, previously unpublished photographs. A bilingual (English/Czech) text by the art historian Otto M. Urban summarizes the development of Witkin's life and work. Joel-Peter Witkin was born in Brooklyn, New York, in 1939, and lives in Albuquerque, New Mexico.

[Unfaithful to the Game, Man Man, Suave](#) , 2011, 0982677286, 9780982677285. With the skills of Michael Vick and the looks of Tyrees, Andrew Davis, aka Amir, was destined to be a star. But in the streets of Raleigh, NC. NFL dreams can quickly vanish, and a black man could either go with the flow or become another obituary name, added to the local Newspaper. They say it takes a village to raise a child. Amir had the whole hood behind him.

[The Local Government Act 1988 \(Defined Activities\) \(Exemption\) \(Broxtowe Borough Council and Harrogate Borough Council\) Order 1994, Great Britain, Great Britain. Department of the Environment](#) , 1994, 0110439023, 9780110439020.

[The Sweetpotato, Gad Loebenstein, G. Thottappilly](#) , 2009, 1402094752, 9781402094750. In the last four decades of the twentieth century the use of sweetpotato was diversified beyond their classification as subsistence, food security, and famine-relief crop. In developing countries they serve both as human food and for feeding livestock. In Western countries they appeal to health conscious consumers because of their nutritional aspects. The sweetpotato is very high in nutritive value, and merits wider use on this account alone. The book has 2 parts. A general one giving up-to-date information on the history, botany, cultivars, genetic engineering, propagation, diseases and pests, nutritional data and marketing; and a second part presenting data on sweetpotato growing practices in different areas of the world. The information should be useful to researchers, practitioners and crop administrators in different countries.

[Organizational behaviour: a critical introduction, Fiona Margaret Wilson](#) , 1999, 0198782578, 9780198782575. [Trade Shocks in Developing Countries: Africa, Volume 1, Paul Collier, Jan Willem Gunning](#) , 1998, 0198293380, 9780198293385. Developing countries frequently experience trade shocks and the policy implications of this have been debated for decades. This important book is Volume 1 of a comparative study covering 23 countries, using a common methodology to estimate the effects of shocks. The conventional wisdom has been that private agents, in particular peasant farmers, could not be trusted to use windfalls wisely. This was, and continues to be, the main rationale for stabilising taxation of export crops. The convention was also that windfalls accruing to the public sector were a bane since governments had low savings rates. The evidence in this definitive study supports neither generalisation. Trade shocks typically lead to high savings rates, irrespective of whether they accrue to private producers or to the government. However, the case studies find substantial policy errors so that windfalls are often not translated efficiently into permanent income increases and indeed often lead to a reduction in output. The studies argue for a drastic revision of the case for government action in response to trade shocks. Volume 1 deals with Africa, Volume 2 with Asia and Latin America.

[The Creation of Wealth: The Tatas from the 19th to the 21st Century, R. M. Lala](#) , 2006, 0143062247, 9780143062240.

When Jamsetji Tata started a trading firm in 1868, few could have guessed that he was also opening an important chapter in the making of modern India. Jamsetji saw that the three keys to India's industrial development were steel, hydroelectric power, and technical education and research. A century and a half later, the Tatas can claim with justice to have lived up to the vision of their founder. But the road to success has never been smooth. Appearing for the first time in this edition is the story of how the Tatas, with Ratan Tata at the helm, have had to grapple with change in the post-1992 era of economic reforms. In a frank epilogue, Ratan Tata talks about the difficulties he faced in implementing change, including resistance from his colleagues. The Creation of Wealth is R.M. Lala's best-selling account of how the Tatas have been at the forefront in the making of the Indian nation not just by their phenomenal achievements as industrialists and entrepreneurs but also by their signal contributions in areas like factory reforms, labour and social welfare, medical research, higher education, culture and arts, and rural development.

[Dear American Airlines, Jonathan Miles](#) , 2008, 0547054017, 9780547054018. Sometimes the planes don't fly on time. Bennie Ford, a fifty-three-year-old failed poet turned translator, is traveling to his estranged daughter's wedding when his flight is canceled. Stuck with thousands of fuming passengers in the purgatory of O'Hare airport, he watches the clock tick and realizes that he will miss the ceremony. Frustrated, irate, and helpless, Bennie does the only thing he can: he starts to write a letter. But what begins as a hilariously excoriating demand for a refund soon becomes a lament for a life gone awry, for years misspent, talent wasted, and happiness lost. A man both sinned against and sinning, Bennie writes in a voice that is a marvel of lacerating wit, heart-on-sleeve emotion, and wide-ranging erudition, underlined by a consistent groundnote of regret for the actions of a lifetime -- and made all the more urgent by the fading hope that if he can just make it to the wedding, he might have a chance to do something right. A margarita blend of outrage, wicked humor, vulnerability, intelligence, and regret, Dear American Airlines gives new meaning to the term airport novel and announces the emergence of major new talent in American fiction.

[Adobe Edge Animate Classroom in a Book, Adobe Creative Team](#) , 2012, 0133084914, 9780133084917. Adobe Edge Animate is a powerful, intuitive tool for creating stunning animated and interactive content using HTML5, CSS3 and JavaScript. Edge Animate is intuitive and has powerful features that can save time and headaches. Content made with Edge Animate runs gracefully on mobile devices and desktops, expanding your reach on the modern web. Creative professionals seeking the fastest, easiest, most comprehensive way to learn Adobe Edge Animate choose Adobe Edge Animate Classroom in a Book from the Adobe Creative Team. The 7 project-based lessons in this book show readers step-by-step the key techniques for working in Edge Animate and how to create Web-Standards compliant graphics with animation and interactivity using this new HTML5 authoring tool from Adobe. This new Classroom in a Book starts out by showing you how to create shapes and make transformations, then add creative typography using Web fonts within precision layouts using intuitive tools. The next project introduces motion graphics on a timeline with property-based keyframing, and goes on to add complexity with nested animations and easing. Integrating interactivity comes next and shows users how to choose a method depending on their knowledge of coding: beginners can use built-in code snippets or more advanced users can employ custom JavaScript. Finally, the reader learns how to use percentage-based positioning and sizing for responsive designs that dynamically adapt their contents resolution to a variety of browsers and devices. At the end of the course, the reader will have mastered Adobe Edge Animate to create interactive and animated content that runs seamlessly across desktops, smart phones, and tablets. The Classroom in a Book series is by far the best training material on the market. Everything you need to master the software is included: clear explanations of each lesson, step-by-step instructions, and the project files for the students. Barbara Binder, Adobe Certified Instructor, Rocky Mountain Training((Classroom in a Book, the best-selling series of hands-on software training workbooks, helps you learn the features of Adobe software quickly and easily. Classroom in a Book offers what no other book or training program doesan official training series from Adobe Systems Incorporated, developed with the support of Adobe product experts.

[Encounters with Destiny: Autobiographical Reflections : a Translation of Apna Grebaan Chaak, Jvd Iqbal](#) , 2006, 0195471423, 9780195471427. This book is an English translation of the Urdu Autobiography of Javid Iqbal, published in 2002, which has already been through four editions. His candid descriptions of his personal life in chaste and simple Urdu have been translated into English idiom. The translators have adhered to the substance of the book without making a literal translation. The book covers four major stages of the life of Javid Iqbal. First, his relations with his father, the world renowned poet and visionary, who conceived the idea of Pakistan as an independent homeland for the Muslims of the Indian Subcontinent. The second stage deals with his legal and judicial career and his travels as a political and cultural ambassador of Pakistan. The third part deals with Pakistan's political and judicial culture and the various civil and military governments. He ends the book in the form of a letter addressed to his father inquiring as to what should be the

guidelines for coming generations of Pakistanis in developing the country on the model envisaged by Iqbal and Jinnah.

[Dancing with Death: The True Story of a Glamorous Showgirl, Her Wealthy Husband, and a Horrifying Murder, Shanna Hogan](#) , 2011, 0312532288, 9780312532284. Phoenix, Arizona, 2004. Former stripper turned suburban housewife

Marjorie Orbin filed a missing persons report on her husband. She claimed that Jay, a successful art dealer, had left town on business after celebrating their sons birthday more than a month before. Jay loved his family more than life itself and no one believed he would ever abandon them. Authorities suspected foul play. A WIFE LYING IN WAIT. The search for Jay made local headlines. But key elements in Marjorie's story still weren't adding up: Why did she wait so long before going to police? If Jay was away on business, as she claimed, why were there charges made to his credit card in Phoenix?

Then, the unthinkable happened. A SHOCKING DISCOVERY. Jay's headless, limbless torso was discovered on the outskirts of the Phoenix desert and all evidence pointed to Marjorie as the killer. Soon, an exhaustive investigation would reveal surprising new details about her life: six previous marriages, an ongoing and passionate affair with a man from her gym, alleged ties to the New York mafia, a drug habit and lead to her conviction for the murder and dismemberment of her seventh husband. Shanna Hogan's *Dancing with Death* includes 8 pages of dramatic photos

[Rhetorics of Motherhood, Lindal Buchanan](#) , 2013, 0809332213, 9780809332212. Normal.dotm 0 0 1 286 1750 SIU Press

28 8 2121 12.0 0 false 18 pt 18 pt 0 0 false false false !--StartFragment-- Becoming a mother profoundly alters one's perception of the world, as Lindal Buchanan learned firsthand when she gave birth. Suddenly attentive to representations of mothers and mothering in advertisements, fiction, film, art, education, and politics, she became intrigued by the persuasive force of the concept of motherhood, an interest that unleashed a host of questions: How is the construct defined? How are maternal appeals crafted, presented, and performed? What do they communicate about gender and power? How do they affect women? Her quest for answers has produced *Rhetorics of Motherhood*, the first book-length consideration of the topic through a feminist rhetorical lens. Although both male and female rhetors employ motherhood to promote themselves and their agendas, Buchanan argues it is particularly slippery terrain for women on the one hand, affording them authority and credibility but, on the other, positioning them disadvantageously within the gendered status quo. *Rhetorics of Motherhood* investigates that paradox by detailing the cultural construction and performance of the Mother in American public discourse, tracing its use and impact in three case studies, and by theorizing how, when, and why maternal discourses work to women's benefit or detriment. In the process, the reader encounters a fascinating array of issues including birth control, civil rights, and abortion and rhetors, ranging from Diane Nash and Margaret Sanger to

Sarah Palin and Michelle Obama. As Buchanan makes clear, motherhood is a rich site for investigating the interrelationships among gender, power, and public discourse. Her latest book contributes to the discipline of rhetoric by attending to and making a convincing case for the significance of this understudied subject. With its examination of timely controversies, contemporary and historical figures, and powerful women, *Rhetorics of Motherhood* will appeal to a wide array of readers in rhetoric, communications, American studies, women's studies, and beyond. !--EndFragment--

[As Iron Sharpens Iron: Building Character in a Mentoring Relationship, Howard G. Hendricks, William Hendricks](#) , 1999, 0802456316, 9780802456311. Think about the people who influenced your life most. Why did they do it? What did they do? How did they go about it? Answer these questions and you will be hooked on mentoring for the rest of your life. In *As Iron Sharpens Iron*, respected authors Howard and Bill Hendricks show that the most dramatic spiritual and personal growth often happens through the influence of a mentor. Rooted in biblical principles, this book is both a profound and

practical guide to mentoring relationships for men. You'll learn how to identify the kind of mentor you need, maximize your mentoring relationship, model your relationship after biblical examples, grow through the shared wisdom of another believer, and influence others as you replicate the mentoring process. Whether you are looking for a mentor or wish to mentor someone else, this book provides specific steps to begin the relationship and make the most of it.

Back of book activities include conversation scripts, teacher notes, and quizzes.. Emphasis on routine building with checklist, "Amazing Facts" page and play focussed activities.

[Unbowed: One Woman's Story](#), Wangari Maathai , 2007, 0099493098, 9780099493099. Born in a rural Kenyan village in 1940, Wangari Maathai was already an iconoclast as a child, determined to get an education even though most African girls then were uneducated. In her remarkable and inspiring autobiography, she tells of her studies with Catholic missionaries, earning bachelors and master's degrees in the United States, and becoming the first woman both to earn a

PhD and to head a university department in Kenya. She tells of her numerous run-ins with the brutal government of Daniel arap Moi and of the political and personal reasons that compelled her, in 1977, to establish the Green Belt Movement, which spread from Kenya across Africa, and which helps restore indigenous forests while assisting rural women by paying them to plant trees in their villages. Maathai's extraordinary courage and determination helped transform Kenya's government into the democracy in which she now serves as Deputy Minister for the Environment and Natural Resources and as a Member of Parliament. Eventually her achievement was internationally recognized in the Nobel Peace Prize, awarded in recognition of her 'contribution to sustainable development, human rights, and peace'. In UNBOWED, we are in the presence of a hugely charismatic yet humble woman whose remarkable story carries with it an inspiring message of hope. Hers is an extraordinary story, spanning different worlds and changing times, and revealing what the courage, determination, tenacity and humour of one good woman can achieve; how as small a thing as planting a seedling and watering it can make all the difference in the world.

[The Mediterranean World in Late Antiquity, 395-700 AD, Averil Cameron](#) , 2012, 0415579627, 9780415579629. This thoroughly revised and expanded edition of *The Mediterranean World in Late Antiquity*, now covering the period 395-700 AD, provides both a detailed introduction to late antiquity and a direct challenge to conventional views of the end of the Roman empire. Leading scholar Averil Cameron focuses on the changes and continuities in Mediterranean society as a whole before the Arab conquests. Two new chapters survey the situation in the east after the death of Justinian and cover the Byzantine wars with Persia, religious developments in the eastern Mediterranean during the life of Muhammad, the reign of Heraclius, the Arab conquests and the establishment of the Umayyad caliphate. Using the latest in-depth archaeological evidence, this all-round historical and thematic study of the west and the eastern empire has become the standard work on the period. The new edition takes account of recent research on topics such as the barbarian invasion, periodization, and questions of decline or continuity, as well as the current interest in church councils, orthodoxy and heresy and the separation of the miaphysite church in the sixth-century east. It contains a new introductory survey of recent scholarship on the fourth century AD, and has a full bibliography and extensive notes with suggestions for further reading. *The Mediterranean World in Late Antiquity 395-700 AD* continues to be the benchmark for publications on the history of Late Antiquity and is indispensable to anyone studying the period.

[The Light and the Glory: 1492-1793, Peter Marshall, David Manuel](#) , 2009, 0800732715, 9780800732714. Did Columbus believe that God called him west to undiscovered lands? Does American democracy owe its inception to the handful of Pilgrims that settled at Plymouth? If, indeed, there was a specific, divine call upon this nation, is it still valid today? *The Light and the Glory* answers these questions and many more for history buffs. As readers look at their nation's history from God's point of view, they will begin to have an idea of how much we owe to a very few--and how much is still at stake. Now revised and expanded for the first time in more than thirty years, *The Light and the Glory* is poised to show new readers just how special their country is.

[The Emperor of All Things, , Paul Witcover](#) , 2013, 0593070704, 9780593070703. Tempus Rerum Imperator: Time, Emperor of All Things 1758. England is embroiled in a globe-spanning conflict that stretches from her North American colonies to Europe and beyond. Across the Channel, the French prepare for an invasion - an invasion rumored to be led by none other than Bonnie Prince Charlie. It seems the map of Europe is about to be redrawn. Yet behind these dramatic scenes, another war is raging - a war that will determine not just the fate of nations but of humanity itself... Daniel Quare is a journeyman in an ancient guild, The Worshipful Company of Clockmakers. He is also a Regulator, part of an elite network within the guild devoted to searching out and claiming for England's exclusive use any horological innovation that could give them an upperhand, whether in business or in war. Just such a mission has brought Quare to the London townhouse of eccentric collector, Lord Wichcote. He seeks a pocket watch rumored to possess seemingly impossible properties that are more to do with magic than with any science familiar to Quare or to his superiors. And the strange timepiece has attracted the attention of others as well: the mysterious masked thief known only as Grimalkin, and a deadly French spy who stop at nothing to bring the prize back to his masters. Soon Quare finds himself on a dangerous trail of intrigue and murder that leads far from the world he knows into an otherworld of dragons and demigods, in which nothing is as it seems . . . time least of all.

[Using Drupal, Angela Byron, Addison Berry, Bruno De Bondt](#) , 2012, 1449390528, 9781449390525. Take advantage of Drupals vast collection of community-contributed modules and discover how they make this web framework unique and valuable. With this guide, you'll learn how to combine modules in interesting ways (with minimal code-wrangling) to develop several community-driven websites including a job posting board, photo gallery, online store, product review database, and event calendar. The second edition focuses on Drupal 7, the latest version of this open source system. Each project spans an entire chapter, with step-by-step "recipes" to help you build out the precise functionality the site requires. With this book, developers new to Drupal will gain experience through a hands-on introduction, and experienced Drupal developers will learn real-world best practices. Learn Drupals concepts and building blocks, and how everything works together Hit the ground running build your first Drupal site hands-on Explore solutions that meet each projects requirements, and discover why specific modules were selected Understand the projects through case studies, including the clients needs and desires Learn how to configure modules with a birds-eye view of how they work Discover new modules, including Drupal Commerce, Media, and Workbench

[Discovering modernism: T.S. Eliot and his context, Louis Menand](#) , 1988, 0195057171, 9780195057171. A study of a literary success, and the forces that combine to create a successful literary movement, Discovering Modernism places T.S. Eliot in his cultural context to discover why his poetry and criticism answered the needs of a particular moment. Menand's analysis, which includes a reevaluation of the influence of Eliot's doctoral dissertation in philosophy on his later

work, yields fresh readings of some familiar features of Eliot's style--the use of literary allusion, the valorization of "tradition," the critical formulae of the objective correlative and the dissociation of sensibility, and the notes to *The Waste Land*. But this book is about more than T.S. Eliot. Because Menand's larger subject is the crisis in literature that produced Eliot and the entire Modernist movement, he examines the ways in which the literary values of the 19th century became problems for their 20th-century counterparts. With discussion of such topics as Conrad and the rise of professionalism, Darwinism and the late 19th century notion of style, Tennyson's posthumous reputation, and Pater and the Imagists, he contributes to our knowledge of the ties that bound Modernism to the 19th century, and sheds new light on how writers go about "making it new."

[Band Director's Curriculum Resource: Ready-to-use Lessons & Worksheets for Teaching Music Theory, Connie M. Ericksen](#) , 1997, 0137921691, 9780137921690. Gives junior & senior high school band directors a ready-to-use sequential curriculum for teaching students about music as well as how to play it, including 37 detailed lesson plans & 122 related worksheets for in-class or take-home assignments. Divided into 6 units covering six elements of music: linear pitch, vertical pitch, duration, acoustics, style & form. Also includes answer keys for all assignment worksheets, unit vocabulary worksheets, & unit quizzes.

[Going for Broke, Neil McKellar](#) , 2009, 095442994X, 9780954429942. Going for Broke is a gripping modern morality tale about the corruption of innocence, greed, power and control. Dominic Thomson is a young printer working in partnership with his father, Albert, happy to coast along in his father's shadow. Until, that is, the day of Albert's heart attack... Driven partly by his ambitious wife Caroline, Dominic finds himself on a dizzying trajectory to the top. But on the way he discovers a ruthless stranger inside himself, tormented by inner demons he only slowly recognises and struggles to control. A taut and compelling drama set in the world of wheeler-dealing and cut-throat business.

[Microcomputers in biochemistry: a practical approach, Charles F. A. Bryce](#) , 1992, 0199632529, 9780199632527. The importance of computer applications in the biological sciences has grown dramatically and continues to increase at a rapid rate. Biochemistry represents one of the most active areas in which this technology has been put to use, and this volume provides a diverse selection of some of the most successful and popular applications. This guide contains detailed coverage of topics such as programming languages, expert systems, networking, nucleic acid and protein sequence management, and productivity tools. This lucid work distils vast experience of this important field into an easily accessible form. It will appeal to novices wishing to enter this developing area, as well as experienced users interested in more specialized applications.

[The Kid Comes Back, John R. Tunis](#) , 2011, 1453221182, 9781453221181. Roy Tucker left the Dodgers to become a war hero and now hes fighting to get back onto the baseball diamond Roy Tucker was one of the best prospects the Dodgers had first as a pitcher, then as an outfielder when he injured the elbow of his throwing arm. Then he went off to serve in World War II, where a plane crash over France left him with pain in his hips and back. The war is nearly over, and players are starting to return from the front to play ball again. If the Dodgers aim to have any chance at the pennant, the kid from Tomkinsville will have to fight his way back into the game once more.

[The Sun Sign Reader: What Astrology Reveals about Authors, Books and Fictional Characters, Joan Revill](#) , 2000, 0953026132, 9780953026135. Drawing from literature, radio and television, this book is a useful guide to birthdays and event dates. It sets out to breathe new life into numerous classics, contemporary texts and forgotten works. Find out if there are similarities between those born under the same Sun sign, and build up an understanding of the zodiac by meeting various characters and authors.

[Python for Unix and Linux System Administration, Noah Gift, Jeremy Jones](#) , 2008, 0596515820, 9780596515829. Python is an ideal language for solving problems, especially in Linux and Unix networks. With this pragmatic book, administrators can review various tasks that often occur in the management of these systems, and learn how Python can provide a more efficient and less painful way to handle them. Each chapter in Python for Unix and Linux System Administration presents a particular administrative issue, such as concurrency or data backup, and presents Python solutions through hands-on examples. Once you finish this book, you'll be able to develop your own set of command-line utilities with Python to tackle a wide range of problems. Discover how this language can help you: Read text files and extract information Run tasks concurrently using the threading and forking options Get information from one process to another using network facilities Create clickable GUIs to handle large and complex utilities Monitor large clusters of machines by interacting with SNMP programmatically Master the IPython Interactive Python shell to replace or augment Bash, Korn, or Z-Shell Integrate Cloud Computing into your infrastructure, and learn to write a Google App Engine Application Solve

unique data backup challenges with customized scripts Interact with MySQL, SQLite, Oracle, Postgres, Django ORM, and SQLAlchemy With this book, you'll learn how to package and deploy your Python applications and libraries, and write code that runs equally well on multiple Unix platforms. You'll also learn about several Python-related technologies that will make your life much easier.

[Daughters of Isis: Women of Ancient Egypt, Joyce Tyldesley](#) , 1995, 0140175962, 9780140175967. In ancient Egypt women enjoyed a legal, social and sexual independence unrivalled by their Greek or Roman sisters, or in fact by most women until the late nineteenth century. They could own and trade in property, work outside the home, marry foreigners and live alone without the protection of a male guardian. Some of them even rose to rule Egypt as female kings . Joyce Tyldesley s vivid history of how women lived in ancient Egypt weaves a fascinating picture of daily life marriage and the home, work and play, grooming and religion viewed from a female perspective, in a work that is engaging, original and constantly surprising.

[Journal of A Voyage to Lisbon EasyRead L, Henry Fielding](#) , 2006, 1425032060, 9781425032067. A fantastic historical travelogue of Fielding when he had a trip to Portugal. It captures the spirit of the age and gives us an insight into the mindset of that time. A great classic!

[The Center Within: Lessons from the Heart of the Urantia Revelation, Fred Harris, Byron Belitsos](#) , 1998, 157983003X, 9781579830038. These invaluable exercises bring the Urantia revelation to life, unveiling for the first time the spiritual essence of this underground masterpiece in a series of practical lessons that simplify and amplify its majestic teachings. This unusual book of celestial wisdom shows that the spiritual path must eventually lead to the divine centre within, the indwelling light that corresponds with the transcendent light of God. The book provides 130 lessons that restate the original teachings of Jesus -- as presented in The Urantia Book -- within a startling new cosmological framework. This is the first of a series of books based on the Teaching Mission, a unique movement initiated by an organised corps of celestial teachers linked to the Urantia revelation. Their lessons are designed to be a helpful and practical companion to the complex Urantia text, as each instruction is matched with a pertinent quote from The Urantia Book itself. In this first volume, readers will discover a new cosmic spirituality that locates the love of our Father-Mother-Creator at the centre of a vast universe of inhabited planets -- and at the heart-centre of each one of us.

["Shattered Nerves": Doctors, Patients, and Depression in Victorian England, Janet Oppenheim](#) , 1991, 0195057813, 9780195057812. No Victorian portrait of nervous breakdown is more celebrated than John Stuart Mill's description of his own crisis recounted in his Autobiography. But Mill was only the most notable British Victorian to suffer from "shattered nerves," for depression appears again and again in nineteenth-century history and literature, among men and women of all classes. It was a problem that doctors struggled to understand and treat--largely unsuccessfully. Their debates over the nature of depression, Janet Oppenheim writes, offer us a unique window on the Victorian mind. In "Shattered Nerves", Oppenheim looks at how British doctors and patients tried to make sense of depression in an era of limited psychological knowledge and intense social prejudices. Ranging from the dawn of the Victorian era to the First World War, she draws on letters, memoirs, medical reports, literature, and many other sources to paint a detailed portrait of the slowly evolving knowledge of mental illness. She reveals how a host of "nerve specialists" searched for the physical causes of mental depression--even the term "nervous breakdown" came from the belief that mental health depended on maintaining supplies of "nerve force," much like recharging a battery. Especially interesting are her rich descriptions of the impact of Victorian prejudices on the ways in which doctors and patients viewed depression. Overwork and worries about money and other manly responsibilities were seen as acceptable causes of nervous collapse among men--in contrast to the range of sexual causes, including masturbation, which Victorian doctors frequently found at the root of

male mental illness. Women, it was assumed, were naturally prone to hysteria and depression--and if they made the mistake of competing with men or pursuing higher education, then mental derangement was sure to follow. On the other hand, Oppenheim also reveals a number of surprises about Victorian medical thinking: For instance, even though Freud's revolution went largely ignored in Britain before the First World War, many physicians considered sexual abstinence to be unhealthy. She also points out that anorexia nervosa was identified as early as 1873 and was extensively discussed before the turn of the century. The nineteenth century was a critical period in the evolution of modern thought about the mind and the body, an era when medical knowledge grew rapidly but human psychology remained enigmatic. In exploring how Victorians addressed this problem, "Shattered Nerves" provides valuable insight into the way they saw their world.

[The Water Resources Development Act of 2007: A Review of Implementation in Its Third Year : Hearing Before the Committee on Transportation and Infrastructure, House of Representatives, One Hundred Eleventh Congress, Second Session, March 3, 2010, United States. Congress. House. Committee on Transportation and Infrastructure](#) , 2010, 0160869935, 9780160869938.

[Spies Unlimited](#) , 2006, 0192763318, 9780192763310. George is spy-crazy--at home he sleuths around to his heart's content with all sorts of gadgets and at school with his mate Stan he runs a spy club with a secret language, codes, a spy magazine and special missions. The suspicious behaviour of his drama teacher and the hold-up of the bank by a mysterious granny give George a real challenge; can he piece it all together? And what will he do when discovers a sinister plot to take over the country? Here are poems that can be read as stand-alone pieces but that also form humorous and fun storylines. With lots of variety in design and content, including plenty of different types of poem such as haiku, acrostics, diary poems and shape poems, this is a book with much direct appeal to children that can also be used as a resource by teachers.

[Living the Wonder of It All: Positive, Empowering Messages from the Daily Motivator, Ralph S. Marston](#) , 2003, 0966463412, 9780966463415. A collection of positive, motivational messages from The Daily Motivator website including the text to the popular "Right Now" presentation by Ralph Marston.

[Electrotechnology: Industrial and Environmental Applications, Nicholas P. Cheremisinoff](#) , 2013, 0080946380, 9780080946382. A survey of electrotechnologies and their status is presented here. Principles of operation and significant applications, both current and potential are outlined, and an assessment is made wherever possible of the selected topics. Many of the technologies and processes discussed are in their infancy and development stages. Some have developed and are developing rapidly, while all show great future promise. Rapid progress is being made in numerous industrial and environmental applications. The electrotechnologies identified in the volume have been selected for evaluation based on their potential impact in key industrial sectors and implications for industrial energy patterns. The

objectives of this book are twofold: To identify and describe the range of industrial and environmental applications of electrotechnologies. To identify those applications that have potential for commercialization and that are likely to affect energy consumption patterns.

[Corrimal Cemetery, Alice Weber](#) , 2006, 0975080768, 9780975080764. Corrimal Catholic Cemetery is the oldest landmark in Corrimal. It is situated on the Princes Highway, across the road from the parish church, St Columbkille's. The land for Corrimal Catholic Cemetery was donated by Murty and Bridget Farragher. Following the death of their son Denis in 1863, they gave the land to the parish so it could be used as a place for his interment.

[Another Fine Mess: A History of American Film Comedy, Saul Austerlitz](#) , 2010, 1556529511, 9781556529511. Charlie Chaplin. Buster Keaton. The Marx Brothers. Billy Wilder. Woody Allen. The Coen brothers. Where would the American film be without them? Yet the cinematic genre these artists represent--comedy--has perennially received short shrift from critics, film buffs, and the Academy Awards. Saul Austerlitz's *Another Fine Mess* is an attempt to right that wrong. Running the gamut of film history from *City Lights* to *Knocked Up*, *Another Fine Mess* retells the story of American film from the perspective of its unwanted stepbrother--the comedy. In 30 long chapters and 100 shorter entries, each devoted primarily to a single performer or director, *Another Fine Mess* retraces the steps of the American comedy film, filling in the gaps and following the connections that link Mae West to Doris Day, or W. C. Fields to Will Ferrell. The first book of its kind in more than a generation, *Another Fine Mess* is an eye-opening, entertaining, and enlightening tour of the American comedy, encompassing the masterpieces, the box-office smashes, and all the little-known gems in between.

[What If I Had Never Tried It: The Autobiography, Valentino Rossi](#) , 2006, 0099486962, 9780099486961. Valentino Rossi is the greatest living motorcyclist. His legions of fans adore him (over 4,000 turned up to see him in Leicester Square last March). He has fought through the 125 and 250 class groups to win the World Championships five times and has been ranked in the top three places at the World Championships for the last nine years. He is currently the MotoGP World Champion, and has won on a Honda bike - considered the best - and most recently on a Yamaha - considered the worst. He is arguably the greatest racer ever - and certainly the most entertaining - his post race antics and cheeky personality have won him as many fans as his on-track prowess. He is the kind of star who only comes along once in a while - a

Muhammad Ali or Pele - hugely talented, massively driven, yet also scorching charismatic, unnervingly rebellious and totally endearing - a twentieth-century version of the hell-raisers of old. All who know Rossi say he is a consummate professional, that he works harder than anyone could ever realise, but that most of all, he still loves what he does. He just seems to win more because he's still enjoying himself so much. He is infamous for his on the edge riding, pushing himself and his bike to the very limits of what they can do, and screaming around racecourses in record times. But he is also well known for his good looks, his techni-coloured hair and cheeky humour - and for his sheer youthful exuberance in victory - his post-match victory laps have become a thing of legend. Previously he has driven victory laps in full beach gear, including flip-flops, with a man sized chicken riding pillion (and also, in a jibe to Max Biaggi who had an unceremonious break-up with the model Naomi Campbell, with a life size doll of Claudia Schiffer strapped on behind him.) His warmth of character coupled with his amazing career statistics to date - his first GP win aged 17, his first world title at 18, his first 500 class win at 21 and his first MotoGP win at 22 - mean that this young man has the motorcycle racing world at his feet. His raw talent coupled with his firm belief in the 'entertainment' aspect of his sport and the importance of his fans, means that he really is the David Beckham of bikes - he has done the near impossible and transcended his own territory. His appeal - being at the top of his game without being a purist, still being seen to be young and excited by the game, and being a perfectionist on and off the track when it comes to his driving - means that he really is one of the superstars of the sporting world.

[Apple Pro Training Series: Logic Pro 8: Beyond the Basics, David Dvorin](#) , 2007, 0132798018, 9780132798013. In this Apple-certified guide, author David Dvorin demonstrates the powerful advanced features in Logic Pro that have led many of the world's top producers, composers, and engineers to make this program the centerpiece of their music studios. Starting with advanced set-up in the brand-new interface in Logic Pro 8, he teaches you important skills like music production and editing, notation, and scoring to picture. Along the way, he reveals real-world techniques for mixing, editing, and producing, and shares professional secrets for streamlining production workflows and constructing a mix to meet the most exacting standards. Experienced Logic users and newcomers alike will find invaluable methods for manipulating tempo and pitch, fine-tuning audio and MIDI tracks, managing signal flow, and getting the most out of Logic's revolutionary audio instruments. A companion DVD includes the lesson and media files needed to complete the book's exercises, plus free trial Logic plug-ins from leading manufacturers.

[Three-Quarters Dead, Richard Peck](#) , 2011, 0606231587, 9780606231589. Being the new girl at school is rough. But when the popular girls choose Kerry as the newest member of their ultra-exclusive clique, she thinks her troubles are finally finished. When her three new friends are killed in a horrifying car crash, her life seems over as well. But then the texts begin. . . . Richard Peck returns to his contemporary teen- and ghost-story roots in this suspenseful page-turner with a subtle commentary on peer pressure that fans of television dramas such as "Pretty Little Liars" and "Vampire

Diaries" will devour.

[Teaching Science for Understanding: A Human Constructivist View, Joel J. Mintzes, James H. Wandersee, Joseph Donald](#)

[Novak](#) , 1998, 012498360X, 9780124983601. Science education has undergone a revolution in recent years, shifting its emphasis from breadth and memorization to depth and understanding. Teaching Science for Understanding begins with an overview of the changes in science education. It then presents a review of each major instructional strategy, information about how it is best used, and the effectiveness of the strategies for understanding and retention of information. The book presents the main strategies used to achieve this depth of understanding, including the use of computer simulations, small laboratories, and journal writing, and it discusses how to use each strategy at the elementary, secondary, and college level.\* Presents an overview of changes in science education \* Discusses both teaching and learning strategies for better understanding\* Covers strategies for use at elementary, secondary, and college levels of teaching\* Reviews specialized teaching methods including computer simulations, small labs, and journal writing

[Fearless Love: Rediscovering Jesus' Spirit of Martyrdom, With Meditations of Christ and His Love, David Witt, Mujahid El](#)

[Masih](#) , 2009, 061524033X, 9780615240336. "Fearless Love" gives answers and tools to overcome terrorism with transformation. It is written for those curious about the basic teachings of Islam, suffering and death, how to reach out to Muslims, and how a relationship with Jesus Christ brings us to a growing fearless love. It is formatted as an eight week study that works well in small groups, Sunday Schools, or as a personal study. Rediscover Jesus' Spirit of Martyrdom with meditations of Christ and His Love.

[Accountability in the Contemporary Constitution, Nicholas Bamforth, Peter Leyland](#) , 2013, 0199670021, 9780199670024.

Accountability is regarded as a central feature of modern constitutionalism. At a general level, this prominence is perhaps unsurprising, given the long history of the idea. However, in many constitutional democracies, including the UK and the USA, it has acquired a particular resonance in contemporary circumstances with the declining power of social deference, the expanding reach of populist accountability mechanisms, and the increasing willingness of citizens to find mechanisms for challenging official decision-making. These essays, by public law scholars, seek to explore how ideas of and mechanisms associated with accountability play a part in the contemporary constitution. While the majority of contributors concentrate on the United Kingdom, others provide comparative discussion with particular reference to the United States and aspects of European Union law. The main focus of the volume is the contemporary UK constitution. Chapters are included which analyse the historical context (including the role of Dicey), common law constitutionalism, the constitutional role of Parliament, the constitutional role of the courts, judicial accountability, human rights protection under the constitution and the contribution of non-judicial accountability mechanisms. Further chapters explore the public service principle, the impact of new public management on public service delivery, and the relationship between accountability and regulation. Finally accountability is discussed in the light of constitutional reform including the challenges posed by the 'multi-layered' government at the supra national level of EU membership and sub-national national levels of devolution and local government.

[Global Positioning System: Signals, Measurements, and Performance, Volume 1, , Pratap Misra, Per Enge](#) , 2001,

0970954409, 9780970954404. An introductory book on GPS combining theory and practice. The book has two purposes - to offer a textbook on GPS for seniors and first-year graduate students in engineering and applied sciences, and to provide a self-study guide for science majors. "This book exposes students to elements of global coordinate frames,

clocks and timekeeping, astrodynamics, least-squares parameter estimation, signal theory, and receiver design, while focusing on navigation and positioning with GPS. The emphasis is on concepts related to civil applications. Intuitive development of ideas is emphasized. A certain amount of mathematical formalism, however is essential, and is introduced to the extent necessary to supplement the intuitive development... " -- Preface.

[Islamic Art in Context: Art, Architecture, and the Literary World, Robert Irwin](#) , 1997, 0135998123, 9780135998120. For courses in Nonwestern Art, Islamic Art or supplement to the Western Art Survey. \*The first social history of Islamic art, this text offers a thematic exploration of both court and everyday Islamic art--from its beginnings until the late seventeenth century--in the Islamic world from Spain to Afghanistan. Written in a lively, engaging style by a noted historian, it pays unusually focused attention to context--the literary, social, and cultural background for art works. An abundance of high-quality photographs, many in color, illustrates the full range of Islamic arts--from buildings, paintings, and sculptures, to carpets, coins, ivory inlay, jade carvings, metalwork, glass, ceramics, calligraphy, etc. All-encompassing in approach, it considers the masterful as well as the commonplace, the preserved as well as the lost. \*Part of the Perspectives series of modestly priced, heavily illustrated, high-quality paperback books on specific subjects in art history.

[Sentencing: State and Federal Law in Victoria, Richard George Fox, Arie Freiberg](#) , 1999, 0195535707, 9780195535709. This is the long-awaited second edition of Australia's leading text on the law of sentencing. It examines sentencing principles of general application throughout Australia, as well as the law applicable to the sentencing of federal offenders.

[The Ghost at Widower's Pond, Karen Chilton](#) , 2009, 0982057512, 9780982057513. Paige Parker is adjusting to life in Heather Hollow. She's O.K. with the ghost-girl roommate, the Hounds of Hell, and the vampire buried around the corner. What's really scary? The mean girls at Heather Hollow High. Queen bee Heather Duffy is using all her nastiest tricks to make the new girl in town feel very unwelcome. Meanwhile, Heather's parents and Duffy Development have big plans for their little town: a brand-new upscale housing subdivision on lands rumored to be a Native American burial ground. Is it a coincidence that a ghost begins making an appearance, gliding across the surface of a local pond? As Paige investigates, she finds more questions than answers. Why does a Hound of Hell seem to be her new running buddy? Is the librarian, Myrtle Thyme, really a harmless little old lady, or is she something else altogether? And what is that vegetarian stuff her mother keeps making for dinner? With the help of her wisecracking best friend Amelia and her super-cute new buddy Gabe, Paige tries to solve the mounting mysteries. She uncovers secrets at every turn, some darker than others. With just days to go until her fourteenth birthday, Paige finds herself in a place where the government waged an unthinkable war against children. Will Paige Parker live long enough to blow out the candles on her birthday cake?

[Loving Couple's Path to Lasting Happiness: Harness the Positive Energy of Compatibility, Resonance and Lasting Happiness in Your Loving Relationship, Veeder South](#) , 2013, . This book is about becoming conscious in your loving

relationship. It is about what you can do (if you decide to) to greatly increase the chances that your loving relationship will stay happily together for the rest of your life, no matter how long you have been together or what shape your loving relationship is currently in. In this book, you will learn how to harness the positive conscious energy spiritual love within your self and in your loving relationship to keep your relationship solid, attractive, active, intimate, connected, interesting and lovingly together - with an excellent chance of lasting a lifetime.

[Classics for Pleasure, Michael Dirda](#) , 2008, 0156033852, 9780156033855. This is not your fathers list of classics. In these delightful essays, Pulitzer Prize winner Michael Dirda introduces nearly ninety of the worlds most entertaining books. Writing with affection as well as authority, Dirda covers masterpieces of fantasy and science fiction, horror and adventure, as well as epics, history, essay, and childrens literature. Organized thematically, these are works that have shaped our imaginations. "Loves Mysteries" moves from Sappho and Arthurian romance to Sren Kierkegaard and Georgette Heyer. In other categories Dirda discusses not only Dracula and Sherlock Holmes but also the Tao Te Ching and Icelandic sagas, Frederick Douglass and Fowlers Modern English Usage. Whether writing about Petronius or Perelman, Dirda makes literature come alive. Classics for Pleasure is a perfect companion for any reading group or lover of books.

[American Tragedy: Kennedy, Johnson, and the Origins of the Vietnam War, David E. Kaiser](#) , 2000, 0674006720, 9780674006720. Fought as fiercely by politicians and the public as by troops in Southeast Asia, the Vietnam War--its origins, its conduct, its consequences--is still being contested. In what will become the classic account, based on newly opened archival sources, David Kaiser rewrites what we know about this conflict. Reviving and expanding a venerable tradition of political, diplomatic, and military history, he shows not only why we entered the war, but also why our efforts were doomed to fail. American Tragedy is the first book to draw on complete official documentation to tell the full story of how we became involved in Vietnam--and the story it tells decisively challenges widely held assumptions about the roles of Eisenhower, Kennedy, and Johnson. Using an enormous range of source materials from these administrations, Kaiser

shows how the policies that led to the war were developed during Eisenhower's tenure and nearly implemented in the closing days of his administration in response to a crisis in Laos; how Kennedy immediately reversed course on Laos and refused for three years to follow recommendations for military action in Southeast Asia; and how Eisenhower's policies reemerged in the military intervention mounted by the Johnson administration. As he places these findings in the context of the Cold War and broader American objectives, Kaiser offers the best analysis to date of the actual beginnings of the war in Vietnam, the impact of the American advisory mission from 1962 through 1965, and the initial strategy of General Westmoreland. A deft re-creation of the deliberations, actions, and deceptions that brought two decades of post-World War II confidence to an ignominious end, *American Tragedy* offers unparalleled insight into the Vietnam War at home and abroad--and into American foreign policy in the 1960s.

[Down and Dirty, Chris Irvine, Les Rowley](#) , 2008, 0954533372, 9780954533373.

[The Kosher Carnivore: The Ultimate Meat and Poultry Cookbook, June Hersh](#) , 2011, 0312699425, 9780312699420.

Kosher meat is prized by home chefs of all faiths for its high quality, savory flavor and the humane and well-supervised conditions it was raised and butchered under. The 120 all-new, innovative meat and poultry recipes in *The Kosher Carnivore* will delight families who keep kosher, but will satisfy other cooks as well once they discover the fresh mixture of classic, elegantly ethnic and innovative recipes, such as:--Standing Prime Rib with Yorkshire Pudding--Classic Pot Roast--Grilled Steak Chimichurri--Slow-day BBQ Brisket--Moroccan Chicken--Crispy Fried Chicken--Pesto-Crusted Lamb--Orecchiette Pasta with Turkey Sausage and Broccoli Rabe-- Pan-seared Duck Breasts with Figs and Madeira--The Perfect Burger

*The Kosher Carnivore* focuses on meat, but provides fantastic dairy-free soups, side dishes, marinades and sauces, too from Creamed Spinach without the butter or cream, to Fresh Guacamole. It also provides complete and smart instructions on how to grill, roast, braise, stew and pan-sear, along with tips from expert butchers, organic farmers, a leading cookware and gadget guru, a wine authority and a knife skills professional: all there to help the home cook buy and prepare the best in kosher meat and poultry. Kosher eating is a trend 3,300 years in the making. This book addresses both the new face of kosher as well as the traditional kosher consumer, with a focus on meat and poultry. Whether you buy kosher chicken because it is plumper and tastier or kosher steak because you are observant and would not consider eating anything else, this book is an indispensable resource.--from *Kosher Carnivore's* introduction

[Duke's Handbook of Medicinal Plants of the Bible, James A. Duke, Peggy-Ann K. Duke, Judith L. DuCellier](#) , 2008, 0138292280, 9780138292287. Finalist for 2009 The Council on Botanical & Horticultural Libraries Literature Award! A Comprehensive Guide Addressing Safety, Efficacy, and Suitability About a quarter of all the medicines we use come from rainforest plants and more than 1,400 varieties of tropical plants are being investigated as potential cures for cancer. Curare comes from a tropical vine and quinine from the cinchona tree. A comprehensive guide to safety, efficacy, and suitability, Dukea (TM)s Handbook of Medicinal Plants of Latin America responds to continuing interest in medicinal plants and the potential remedies they contain. Determine Which Species Can Be Used for Specific Targets The author of Green Pharmacy Herbal Handbook and CRC Handbook of Medicinal Herbs, James A. Duke covers roughly 500 of the more important Native Latin American medicinal plants in a highly organized format. After a brief introduction, each entry contains scientific and colloquial names, synonyms, reference to illustrations, notes, biological activities, medicinal indications, dosages, potential hazards, extracts, and references. This format supplies a starting point for determining which species can be used for specific targets. Better Data Helps You Focus Your Search Year-round moderate temperatures, abundant rainfall, and rich soils make tropical Latin America home to nearly 100,000 of the worlda (TM)s 300,000 known species of plants, and therefore home to untold numbers of potential cures. Focusing on 500 of the most well-known and well-studied plants, this book helps you focus your search for ammunition against constantly evolving pathogens and newly emerging diseases.

[Mog's Missing, , Helen Nicoll, Jan Piekowski](#) , 2007, 0141500247, 9780141500249. It's Midsummer Eve and Meg and Mog fly off to meet their friends, but naughty Mog is messing around and falls from the broom. Meg and friends form a search party, but however hard they look, Mog just can't be found! It takes a special spell to reveal Mog's hiding place and when they find him curled up in the cauldron, he receives a firm telling off from Meg before being flown home in time for breakfast.

[Queensland Criminal Law, Andreas Schloenhardt](#) , 2011, 019557513X, 9780195575132. Queensland Criminal Law offers fresh and critical perspectives on many issues of contemporary criminal justice in Queensland and present old problems in new and comparative contexts. The book seeks to raise many questions about the criminal law in Queensland, rather than provide definitive answers and readers of this book are invited to critically reflect on their relationship to the criminal law as citizens, as students, as practitioners of the discipline and, perhaps, as potential subjects of its sanctions. Now in its second edition, the book facilitates the study of the criminal law in Queensland; by exploring and analysing the general principles and specific offences under Queenslands criminal law; and drawing comparisons where relevant to developments at common law, federal criminal law, and in other jurisdictions. Key Features: Gives detailed consideration to both QLD criminal law and common law - explores and analyses the general principles and specific offences under Queenslands criminal law and comprehensively covers the rapidly expanding area of federal criminal law and the general

principles of criminal responsibility under the Criminal Code (Cth). The structure and case matrices throughout the book assist students in the preparation for and answering of exam questions and case analyses. Tables, flowcharts and other illustrations summarise some key points and visualise many of the complexities of its general principles and specific offences. New to this Edition: Two new chapters on terrorism and offences against liberty. New offences relating to organised crime have been included. The new partial defence of domestic violence, introduced in February 2010, is discussed. Abortion, incest, prostitution offences, and property damage and destruction are now also included in this book. .

[Governing the World: The History of an Idea, 1815 to the Present, Mark Mazower](#) , 2012, 1101595892, 9781101595893.

A majestic narrative reckoning with the forces that have shaped the nature and destiny of the worlds governing institutions The story of global cooperation is a tale of dreamers goading us to find common cause in remedying humanity's worst problems. But international institutions are also tools for the powers that be to advance their own interests. Mark Mazower's *Governing the World* tells the epic, two-hundred-year story of that inevitable tension—the unstable and often surprising alchemy between ideas and power. From the rubble of the Napoleonic empire in the nineteenth century through the birth of the League of Nations and the United Nations in the twentieth century to the dominance of global finance at the turn of the millennium, Mazower masterfully explores the current era of international life as Western dominance wanes and a new global balance of powers emerges.

[Crude Policy, Joel Albert](#) , 2011, 1462067778, 9781462067770. The United States is sitting on the brink of total economic collapse. A major energy shortage has crippled the economy. Unemployment and inflation are spiraling out of control. The media is focused on America's impending fall, and a growing state of panic is taking over the country. Unwilling to let the nation decline without a fight, the president has initiated a bold plan to build a major new oil and gas

refinery. The new program becomes the beacon of hope for the country and the target of destruction by America's most deeply rooted enemies, who will go to any lengths to make sure it fails. Brian Larson has worked this whole career to get to this moment: the moment when he would take control over the most powerful oil company in the world. But Brian's hopes and dreams are shattered when the outgoing company president sabotages Brian's advancement, leaving him unemployed for the first time in his career. With no family and few friends, Brian feels lost until he suddenly finds himself selected to lead the building of the new government refinery. Brian must lead a team of the world's experts in building the refinery a project that would typically take seven years in nine months. Brian is reenergized by his key role in saving the country's economy. But will his renewed career and a team of world class engineers be enough to save America from imminent decline?

[Advances in Experimental Social Psychology, Volume 5, , Leonard Berkowitz](#) , 1970, 0120152053, 9780120152056.

[The Annotated Hans Christian Andersen, Hans Christian Andersen](#) , 2008, 0393060810, 9780393060812. In her most ambitious annotated work to date, Maria Tatar celebrates the stories told by Denmark's "perfect wizard" and re-envision Hans Christian Andersen as a writer who casts his spell on both children and adults. Andersen's most beloved tales, such as "The Emperor's New Clothes", "The Ugly Duckling" and "The Little Mermaid", are now joined by "The Shadow" and "Story of a Mother", mature stories that reveal his literary range and depth. Tatar captures the tales' unrivalled dramatic and visual power, showing exactly how Andersen became one of the world's ten most translated authors, along with Shakespeare, Dickens and Marx. Lushly illustrated with more than a hundred and fifty rare images, many in full colour, by artists such as Arthur Rackham and Edmund Dulac, "The Annotated Hans Christian Andersen" will captivate readers with annotations that explore the rich social and cultural dimensions of the nineteenth century and construct a compelling portrait of a writer whose stories still fascinate us today.

[The Middle School Years: A Parents' Handbook, Nancy Berla, Anne T. Henderson, William Kerewsky](#) , 1989, 0934460353, 9780934460354. This handbook suggests ways for parents to help improve the achievement of their middle school-age children. A general introduction discusses the development of 10- to 14-year-olds and ways parents can help these children reach their potential. Chapter 1 begins with a description of middle schoolers and changes in their growth, the way they act with friends and family, their feelings, and their learning. In chapter 2, parents are reminded that the middle school years are a critical time for students to use and refine basic skills and learn how to solve problems. Chapter 3 describes ways schools are organized for 10- to 14-year-olds, and discusses size, teaching, atmosphere, and understanding of students at the best middle schools. Chapter 4 helps parents evaluate their child's middle school and offers suggestions for working in a group to improve the school. Chapter 5 reminds parents of the importance of involvement in their child's education. Chapter 6 identifies barriers to parent involvement in the schools. Chapter 7 lists negative practices parents may encounter in middle schools. Step-by-step instructions for insuring that one's child

receives fair treatment are provided. Additional resources and organizations are listed, as are promising programs in middle schools. (RH)

From house author and popular management trainer, Harry Chambers, comes a paperback original for ambitious individuals who aspire to achieve growth, development, and promotability in their current job. Chambers dispels the modern day myth that the only way to move up is to move out, and provides a wide array of hands-on strategies and tactics to analyze today's promotional realities, obtain critical skills, recognize internal and external obstacles, and position yourself for success. Drawing from original interview research with managers and trainers in a wide array of industries, Getting Promoted shows workers at all levels how to focus on the most promotable skills, manage perceptions of colleagues and bosses, avoid promotion-killing behaviors, and assess the competitive landscape.

[Bangkok Street Food: Cooking and Traveling in Thailand, Tom Vandenberghe, Eva Verplaetse](#) , 2010, 9020987836, 9789020987836. NATIONAL & REGIONAL CUISINE. Food is one of the reasons many tourists visit Thailand each year, not only for its affordability, but because the Kingdom's exotic cuisine offers an unrivalled culinary experience and is internationally famous for its distinctive flavours. "Bangkok Street Food" provides you with all the best addresses in Bangkok as well as more than 65 authentic street food recipes. This book offers a lot more than the traditional green, yellow and red curry recipes. As you open the volume, you can smell coconut milk, coriander and lemon grass. Besides the appetising recipes, it explains everything you need to know on cooking techniques and products. Otherwise said, "Bangkok Street Food" is not just a culinary feast, but an unrivalled adventure!

[Human Resource Management, R. Wayne Mondy, Robert M. Noe, Shane R. Premeaux](#) , 2002, 0130423505,

9780130423504. Primarily for introductory undergraduate level courses in Human Resource Management. This best-selling survey of contemporary human resource management offers a balance of practical and applied material as well as

underlying Human Resource Management theory. It reflects the latest information, including the impact of global competition and rapid technological advances, that have accelerated trends such as shared service centers, outsourcing and just-in-time training. A wealth of actual company examples demonstrates how concepts are being used in today's leading-edge organizations.

[On Baba's Front Porch: The Story of the Pavuk Family of Jessup, Pennsylvania, Alexander Pavuk](#) , 2003, 0978864492, 9780978864491.

[Working with helicopters \[looseleaf\], Great Britain: Department for Communities and Local Government, Chief Fire & Rescue Adviser](#) , 2010, 0117540676, 9780117540675. [The Evergreen Country: A Memoir of Vietnam, Thuong Vuong-Riddick](#) , 2007, 0978344006, 9780978344009. The Evergreen Country: A Memoir of Vietnam is startling and beautiful memoir by Vancouvera(TM)s THUONG VUONG-RIDDICK. We learn of how her Chinese family must struggle to overcome difficulties during the rise of the Viet Cong in Northern Vietnam and their eventual journey to Southern Vietnam where war would soon follow them. This memoir tells the little known story of how Chinese born families struggled to maintain their dignity and their lives while being persecuted by rapidly changing political forces.

[Revolutionary America, 1750-1815: Sources and Interpretation, Cynthia A. Kierner](#) , 2003, 0130898678, 9780130898678. A core text or supplementary reader for advanced undergraduate courses on the era of the American Revolution. Unique in both coverage and focus, this collection of primary documents and original interpretive essays provides an unusually well-balanced introduction to the era of the American Revolution. Chronologically, the text explores the period from 1750 to 1815 examining sources of both stability and discontent within the British Empire (and thereby discouraging students from assuming the inevitability of the Revolution), and ending with the War of 1812 (which many Americans saw as securing independence and the ideals of the Revolution). Topically, the text covers traditional political and military subjects as well as the newer social and cultural history of the era providing students with a broad understanding of the Revolution as both a war for independence and an occasion for political, social, and cultural conflict and transformation. The wide variety of documents range from classic texts such as Common Sense and the Federalist to excerpts from diaries and travelers' accounts to newspapers advertisements and selections from contemporary histories and novels.

[The Tender Soldier: A True Story of War and Sacrifice, Vanessa M. Gezari](#) , 2013, 1439177414, 9781439177419. A sharp-eyed look at the complexities of war (Parade), that explores the inner workings of the Human Terrain System, a Pentagon program that sends civilian social scientists into war zones to help soldiers understand local culture. On the day

Barack Obama was elected president in November 2008, a small group of American civilians took their optimism and experience to a village west of Kandahar, Afghanistan. They were part of the Pentagon's controversial attempt to bring social science to the battlefield, driven by the notion that you can't win a war if you don't understand the enemy and his culture. The field team in Afghanistan that day included an intrepid Texas blonde, a former bodyguard for Afghan president Hamid Karzai, and an ex-military intelligence sergeant who had come to Afghanistan to make peace with his troubled past. But not all goes as planned. In this tale of moral suspense, journalist Vanessa Gezari follows these three idealists from the hope that brought them to Afghanistan through the events of the fateful day when one is gravely wounded, an Afghan is dead, and a proponent of cross-cultural engagement is charged with his murder. Through it all, these brave Americans ended up showing the world just how determined they were to get things right, how hard it was to really understand a place like Afghanistan where storytelling has been a major tool of survival, and why all future wars will involve this strange mix of fighting and listening. Vanessa Gezari is the only journalist to have gained access to the lives of people inside this troubled Army program, including the brilliant, ambitious figures who conceived it. This true story of war and sacrifice will upend your ideas about what really went wrong in Afghanistan.
