[The Tactical Shotgun: The Best Techniques and Tactics for Employing the Shotgun in Personal Combat, Gabriel Suarez](#) , 1996, 0873648986, 9780873648981. In his second book on tactical weapons, Suarez sets the record straight on the true role of the shotgun in combat. He shows you what you need to know to defend your home, family or business, including multiple hostiles, low-light situations, moving targets and more.

[South Sea Tales, Robert Louis Stevenson](#) , 1996, 0192824392, 9780192824394. "In these stories, as in his work generally, Stevenson shows himself to be a virtuoso of narrative styles: his Pacific fiction includes the domestic realism of 'The Beach of Falesa', the folktale plots of 'The Bottle Imp' and 'The Isle of Voices', and the modernist blending of naturalism and symbolism in *The Ebb-Tide*. But beyond their generic diversity the stories are linked by their concern with representing the multiracial society of which their author had become a member. In this collection - the first to bring together all his shorter Pacific fiction in one volume - Stevenson emerges as a witness both to the cross-cultural encounters of nineteenth-century imperialism and to the creation of the global culture which characterizes the post-colonial world."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. [Look and Tremble: A Novel of West Florida, Jesse Earle Bowden](#) , 2000, 0942407539, 9780942407532. Ring Jaw -- sleepy Chipola River country town -- flashes back woods-toughened West Florida characters and their violent lives of the 1930s and 1940s. Chance Cahoon left at 15; thirty years later, seeking his ancestry, he returns to the haunted river shoal, Look and Tremble, scene of murder, ghosts -- violent episodes told by his grandfather, Sol Cahoon, Old Man of Ring Jaw. World War II hero Roscoe Ransom, Chance's father, haunts his boyhood with hard lessons of manhood. Chance's ironic journey coincides with a murder in Mobile, climaxing a long blood feud, and leads to another Look and Tremble death. Ageless Sol Cahoon relives violent tales of the "the heathen." Chance and his boyhood friends seek the "Ghost of Look and Tremble" -- a murdered man walking the dark woods, seeking his head that had been severed by a pocketknife. The Old Man of Ring Jaw warns the boys of real ghosts. But Ring Jaw bullies Rooster Reddoake and Hunky Hoggen turn a Look and Tremble peanut-boiling night into a hellish nightmare. A lyrical, poetic portrait of Smalltown West Florida, now vanished, flashbacks in seamless narrative unfold with Civil War ancestors, a brutal 1934 lynching, death of a snake-handling Georgia preacher, snakekillers, foxhunters, whiskeymakers; hard white men honestly befriending blacks sharing their trapped lives. Evoking verdant beauty of Chipola River Country, Jesse Earle Bowden resurrects a generation living by sweat and muscle when the measure of men was surviving bullet-and-blade meanness.

[Extending Ourselves:Computational Science, Empiricism, and Scientific Method: Computational Science, Empiricism, and Scientific Method, Paul Humphreys](#) , 2004, 0195158709, 9780195158700. Computational methods such as computer simulations, Monte Carlo methods, and agent-based modeling have become the dominant techniques in many areas of science. Extending Ourselves contains the first systematic philosophical account of these new methods, and how they require a different approach to scientific method. Paul Humphreys draws a parallel between the ways in which such computational methods have enhanced our abilities to mathematically model the world, and the more familiar ways in which scientific instruments have expanded our access to the empirical world. This expansion forms the basis for a new kind of empiricism, better suited to the needs of science than the older anthropocentric forms of empiricism. Human abilities are no longer the ultimate standard of epistemological correctness. Humphreys also includes arguments for the primacy of properties rather than objects, the need to consider technological constraints when appraising scientific methods, and a detailed account of how the path from computational template to scientific application is constructed. This last feature allows us to hold a form of selective realism in which anti-realist arguments based on formal reconstructions of theories can be avoided. One important consequence of the rise of computational methods is that the traditional organization of the sciences is being replaced by an organization founded on computational templates. Extending Ourselves will be of interest to philosophers of science, epistemologists, and to anyone interested in the role played by computers in modern science.

[Working Men: Stories, Michael Dorris](#) , 2003, 0312422792, 9780312422790. Working Men features fourteen stories in as many different voices: of men and women, young and old, blue collar and middle class, salesmen and craftsmen, vets and draft dodgers. They are the voices of Native Americans, New England Yankees, southern gentlewomen, by turns serious and comic, gay and straight, playful and sad. Masterfully spun and compellingly crafted, these stories comprise a diverse gallery of characters, written with an almost magical ability to bring each one achingly, vividly, truthfully to life.

[Empowered: A Woman-To-Woman Guide to Preventing and Surviving Breast Cancer, Sheryl Ellinwood](#) , 2009, 0980008476, 9780980008470. This year 192,300 women in the United States will develop breast cancer. Every two to three minutes another woman will learn she has this disease. Although many books have been written about breast cancer, most focus on just a single aspect of the disease. Breast cancer survivor Sheryl Ellinwood researched its multiple fronts--prevention, politics, standard treatment, alternative treatment, and more--before making her treatment decisions. She discovered that knowledge provides power. Doing research enabled her to avoid a life-threatening mistake and to choose the right treatment. In Empowered, she shares findings that you may not be aware of--woman-to-woman, clearly, and comprehensibly--and then provides links to in-depth information on each topic. She also explains the risks and benefits of food choices, the role of hormones and mineral deficiencies in breast cancer growth, and how to avoid cancer-causing toxins. She examines how these factors create an environment for breast cancer to grow and explains how

women can make choices that reduce their risk. In *Empowered*, Sheryl helps other women by leading them step-by-step through the process of doing their own research so they will be sure to choose the best treatment.

SYNOPSIS Historical Romance on the Great Lakes of the 1800's As is the custom, *Windsong*, a young princess and widow, is to marry a man from her totem. Her husband must be capable of teaching her infant son, Sky, how to one day be chief. For love, Etienne, a former French-Canadian >voyageur

[North and South, Elizabeth Gaskell](#) , 2012, 0141198923, 9780141198927. The Penguin English Library edition of *North and South* by Elizabeth Gaskell 'How am I to dress up in my finery, and go off and away to smart parties, after the sorrow I have seen today?' Elizabeth Gaskell's compassionate, richly dramatic novel features one of the most original and fully-rounded female characters in Victorian fiction, Margaret Hale. It shows how, forced to move from the country to an industrial northern town, she develops a passionate sense of social justice, and a turbulent relationship with mill-owner John Thornton. *North and South* depicts a young woman discovering herself, in a nuanced portrayal of what divides people, and what brings them together. The Penguin English Library - 100 editions of the best fiction in English, from the eighteenth century and the very first novels to the beginning of the First World War.

[Diabetes, Insulin and Alzheimer's Disease, Suzanne Craft](#) , 2010, 3642043003, 9783642043000. This volume brings together experts from basic and clinical science to provide a broad survey of the role of insulin in the brain, and to discuss the mechanisms through which insulin dysregulation contributes to the development of cognitive impairment and late-life neurodegenerative disease. Each author has greatly furthered our understanding of the relationships among insulin, diabetes, and Alzheimer's disease, moving us far beyond the belief that the brain is an insulin-insensitive organ. Given the recent pandemic of conditions associated with insulin resistance, it is imperative that we achieve a comprehensive knowledge of the mechanisms through which insulin resistance affects brain function in order to develop

therapeutic strategies to address these effects.

[Abu Nuwas: A Genius of Poetry, Philip F. Kennedy](#) , 2007, 1851685103, 9781851685103. [Native Speaker, Chang-rae Lee](#) , 1996, 1101660031, 9781101660034. The debut novel from critically-acclaimed and New York Times bestselling author Chang-rae Lee. In *Native Speaker*, author Chang-rae Lee introduces readers to Henry Park. Park has spent his entire life trying to become a true Americana native speaker. But even as the essence of his adopted country continues to elude him, his Korean heritage seems to drift further and further away. Park's harsh Korean upbringing has taught him to hide his emotions, to remember everything he learns, and most of all to feel an overwhelming sense of alienation. In other words, it has shaped him as a natural spy. But the very attributes that help him to excel in his profession put a strain on his marriage to his American wife and stand in the way of his coming to terms with his young son's death. When he is assigned to spy on a rising Korean-American politician, his very identity is tested, and he must figure out who he is amid not only the conflicts within himself but also within the ethnic and political tensions of the New York City streets. *Native Speaker* is a story of cultural alienation. It is about fathers and sons, about the desire to connect with the world rather than stand apart from it, about loyalty and betrayal, about the alien in all of us and who we finally are. His most recent book, *On Such a Full Sea*, will be published in January 2014.

[Raven's Cry, Christie Harris](#) , 1992, 1550540556, 9781550540550. The Haida are a proud and cultured people, whose home is Haida Gwaii (the Queen Charlotte Islands) off the coast of Northern British Columbia. Until the first Europeans

arrived in 1775, the Haida were the lords of the coast. The meeting of cultures was a fateful one: the Europeans had the advantages of firearms and immunity to their own deadly diseases. In just 150 years, the Haida and their culture were pushed to the edge of extinction. In *Raven's Cry*, Christie Harris recreates this tale of tragedy and the ultimate survival of native spirit with dignity, beauty and ethnographic accuracy.

[500 Tattoo Designs, Henry Ferguson](#) , 2009, 1843405350, 9781843405351. More and more people are getting into body art, but how do you go about choosing a design? It is, after all, a lifetime decision that's going to cost thousands of dollars to erase or alter? Now in paperback, *500 Tattoo Designs* is the ultimate source for inspiration and guidance. Neatly organized by theme, the clearly-executed line drawings cover every conceivable subject area, from historical and traditional to modern. A variety of imagery includes native American Indian tribal symbols, Japanese and Chinese characters, arcane hieroglyphics, Gothic skulls, Celtic amulets, Maori armbands, nymphs, dragons, talismans and religious symbols. In addition to the designs, this book also includes sections on health and safety, how to choose a tattoo parlour and tattoo aftercare. Whether you want to start from scratch or elaborate on an existing tattoo, show off your design or conceal it, this book is packed with hundreds of ideas and possibilities.

[Phylogeography: The History and Formation of Species, John C. Avise](#) , 2000, 0674666380, 9780674666382.

Phylogeography is a discipline concerned with various relationships between gene genealogies--phylogenetics--and geography. The word "phylogeography" was coined in 1987, and since then the scientific literature has reflected an exploding interest in the topic. Yet, to date, no book-length treatment of this emerging field has appeared.

Phylogeography: The History and Formation of Species fills that gap. The study of phylogeography grew out of the observation that mitochondrial DNA lineages in natural populations often display distinct geographic orientations. In recent years, the field has expanded to include assessments of nuclear as well as cytoplasmic genomes and the relationships among gene trees, population demography, and organismal history, often formalized as coalescent theory. Phylogeography has connections to molecular evolutionary genetics, natural history, population biology, paleontology, historical geography, and speciation analysis. Phylogeography captures the conceptual and empirical richness of the field, and also the sense of genuine innovation that phylogeographic perspectives have brought to evolutionary studies. This book will be essential reading for graduate students and professionals in evolutionary biology and ecology as well as for anyone interested in the emergence of this new and integrative discipline.

[Introduction to Modern Philosophy: Examining the Human Condition, Alburey Castell, Donald M. Borchert, Arthur Zucker](#) , 2000, 0130194581, 9780130194589. This popular introduction to modern philosophy features question-based chapters with a stimulating debate-style format, and intersperses primary sources with commentary. Each chapter deals with a fundamental question about human existence, exploring the subject through representative readings by classic, modern, and contemporary philosophers--with at least two contrasting perspectives for each main position. What Is Philosophy? Am I a Body and a Mind? Am I Free or Determined? What Grounds Do I Have For Belief in God? On What Principle Do I Judge Things Right or Wrong? When Should I Obey the Law? What Things Shall I Call Art? When Can I Say "I Know?" What Is Science? Positivism to Post-Modernism. Applied Ethics (medical ethics, business ethics, environmental ethics). Making Sense Out Of Life (a multi-cultural perspective). For anyone interested in modern philosophy.

[Rabbit on a Shovel: Aussies Cooking Around the Campfire, Lummo](#) , 2003, 0975166603, 9780975166604. Over 100 basic bush recipes. First published over 20 years ago, 'Rabbit on a Shovel' is a wonderful compendium of how to survive in the scrub.

[Mma Ramotswe's Cookbook, Stuart Brown](#) , 2009, 184697139X, 9781846971396. The heroine of The No. 1 Ladies' Detective Agency novels is challenging celebrity food writers like Jamie Oliver and Nigella Lawson by launching her own cookbook. The recipes include traditional stew, fruit cakes, fat cakes (doughnuts) and other delicacies, with the proceeds of the venture being shared among several African charities. The cookbook, supposedly written by Ramotswe, is the brainchild of Stuart Brown, a charity worker and former BBC journalist from Edinburgh. He collected authentic Botswanan

recipes while working for a charity in Africa and was given Mr McCall Smith's blessing for the project. The author has written a forward and reflections from Ramotswa to accompany the recipes in the book.

[Dark World: Into the Shadows with the Lead Investigator of The Ghost Adventures Crew, Zak Bagans, Kelly Crigger](#) , 2011, 1936608855, 9781936608850. It's easy to say ghosts exist or don't exist. Anyone can do that. Trying to figure out the why or what is a different story. Paranormal investigator Zak Bagans, host of the popular Travel Channel series Ghost Adventures, pulls from his years of experience with paranormal activities and unexplained phenomena to provide an evenhanded look at a divisive subject. In Dark World, regardless of whether you believe in the afterlife or not, Zak does his best to find and share answers to the phenomena that people encounter. He wants you to experience a haunting through his eyes: to feel what it's like to be scared, freaked out, pushed, cold, sluggish, whispered-at and touched by an ethereal being or attacked by a demonic spirit. But beyond simply experiencing these events, Zak is looking for the reasons behind them, searching for answers to the unanswered questions. Addressing all the major issues and theories of the field in an impartial way, Dark World is a must read for paranormal enthusiasts, those who don't believe and anyone who's ever wondered about things that go bump in the night.

[Steps Toward Inner Peace: Harmonious Principles for Human Living, Peace Pilgrim](#) , 1992, 094373424X, 9780943734248. Twelve simple preparations, purifications & relinquishments from a master of the peaceful life.

[I Want to Be Free, Joseph Slate](#) , 2009, 0399243429, 9780399243424. Before I die, I want to be free. But the Big Man says, "You belong to me." A runaway slave has broken the chains that bound him, but as he sets out for the land of the free, he still carries the weight of an iron ring around his ankle. As long as it remains, and as long as the Big Man hunts him, he'll never truly be free. But rescuing an orphaned slave child from certain capture gives him the strength to keep moving on, and miraculously, the child's love and gratitude are all that is needed to destroy the shackle once and for all. This moving, poetic text is based on a story from the sacred literature of Buddha.

[The Windward Road, Archie Carr](#) , 2013, 0307832112, 9780307832115. The Windward Road, published in 1956, made history. When Archie Carr began to rove the Caribbean to write about sea turtles, he saw that their numbers were dwindling. Out of this appeal to save them grew the first ventures in international sea turtle conservation and the establishment of the Caribbean Conservation Corporation. In addition to sea turtle biology, Carr recorded his general impressions, producing a natural history sprinkled with colorful stories.

[A Family in Paris: Stories of Food, Life and Adventure, Jane Paech](#) , 2011, 1921382368, 9781921382369. When Australian Jane Paech moves to Paris, her visions of afternoons in bijou bistros and bookshops on the Left Bank are kept

in check by the needs of a young family and a long to-do list that includes apartment-hunting, school selection, and multiple trips to IKEA. Through a collection of sharp observations, insightful travel articles and laugh-out-loud anecdotes, *A Family in Paris* conveys the joys and difficulties of living in this most famous of cities. It introduces us to the Parisians and their eccentricities, explores the intricate rituals of daily life, and takes us beyond the well-trodden tourist sites to the best eating spots, boutiques, museums and markets that only a local could know about. Frank, intimate and beautifully photographed, *A Family in Paris* is about making a home in a strange land, finding a community, and discovering the joy of renewal.

[Causal Learning: Psychology, Philosophy, and Computation: Psychology, Philosophy, and Computation, Alison Gopnik, Laura Schulz](#) , 2007, 0195176804, 9780195176803. Understanding causal structure is a central task of human cognition. Causal learning underpins the development of our concepts and categories, our intuitive theories, and our capacities for planning, imagination and inference. During the last few years, there has been an interdisciplinary revolution in our understanding of learning and reasoning: Researchers in philosophy, psychology, and computation have discovered new mechanisms for learning the causal structure of the world. This new work provides a rigorous, formal basis for theory theories of concepts and cognitive development, and moreover, the causal learning mechanisms it has uncovered go dramatically beyond the traditional mechanisms of both nativist theories, such as modularity theories, and empiricist ones, such as association or connectionism.

[Tashi and the Genie, Anna Fienberg, Barbara Fienberg](#) , 2006, 1741760275, 9781741760279. 'the flying carpet bucked like a wild horse - trying to throw me off' Jack is bursting to hear Tashi's fantastic stories about the sly genie and his three wishes...and what Tashi does when he comes face to face with the ferocious war lord again. Tashi is always ready for anything. Follow his bold adventures in the other Tashi books.

[The Near Death Experiment, Steve Glassman](#) , 2001, 0966617371, 9780966617375. The most sinister crime family is trying to frame Bru Bruton for the nation's biggest product-tampering scam, one that involves the entire Florida orange juice crop.

[Toleration and the Constitution, David A. J. Richards](#) , 1989, 0195363086, 9780195363081. Why have the issues of religious liberty, free speech and constitutional privacy come to figure so prominently in our society? What are the origins of the basic principles of our constitutional law? This work develops a general theory of constitutional interpretation based on an original synthesis of political theory, history, law, and a larger approach to the interpretation of culture. Presenting both historical and theoretical arguments in support of a theory that affirms the moral sovereignty of the people, Richards maintains that toleration, or respect for conscience and individual freedom, is the central constitutional ideal. He discusses such current topics of constitutional controversy as church-state relations, the scope of free speech, and the application of the constitutional right to privacy, to abortion, and consensual adult sexual relations.

[Handbook of Australian, New Zealand & Antarctic Birds: Parrots to dollarbird](#), , [S. Marchant, Peter Jeffrey Higgins](#) , 1999, 0195530713, 9780195530711. The Handbook of Australian, New Zealand and Antarctic Birds (HANZAB) is one of the most exciting and significant projects in Australasian ornithology today. It provides an up-to-date, comprehensive, and accurate synthesis of our knowledge of all the birds that live in the region. Continuing the tradition that began with Gould's Handbook of the Birds of Australia (1865), this authoritative and exciting volume will have a major impact on the direction of future research and the conservation of Australasian and Antarctic Birds. Nearly 900 species in the regions of Australia, New Zealand, Antarctica, and the islands and reefs of the Coral Sea have been recorded and studied by many ornithologists around the world. Each account includes a full list of references, black-and-white illustrations of behavioral postures and plumage features, maps showing breeding and non-breeding distribution, sonograms of calls and songs, and diagrams of timing of breeding and moulting. The book also includes 70 color plates, painted by J.N. Davies. Volume 3 covers the pratincoles, migratory waders and shore birds, skuas, gulls and terns, and pigeons and doves. Some of the 115 species covered are only well known in Australasia, while others are familiar to ornithologists throughout the world.

[Ojibwe Journeys: Treaties, Sandy Lake and the Waabanong Run](#), [Charlie Otto Rasmussen](#) , 2003, 0966582020, 9780966582024. History of Ojibwe Indians in Lake Superior Region centered on land use, treaties, spirituality and interaction with white culture from the years 1800-2000. Also explores the evolution of the Ojibwe running tradition.

[McMafia: Seriously Organised Crime](#), [Misha Glenn](#) , 2009, 1409077144, 9781409077145. Have you ever bought a pirate DVD? Taken drugs? Fallen for a phishing scam? Organised crime is part of all our worlds - often without us even knowing. McMafia is a journey through the new world of international organised crime, from gunrunners in Ukraine to money launderers in Dubai, by way of drug syndicates in Canada and cyber criminals in Brazil. During his investigation into the dark side Misha Glenn speaks to countless gangsters, policemen and victims of organized crime, and also explores the ferocious consumer demands for drugs, trafficked women, illegal labour and arms across five continents.

[What Really Happened During the Mutiny: A Day-by-Day Account of the Major Events of 1857-1859 in India](#), [P. J. O. Taylor](#) , 1999, 0195651138, 9780195651133. This volume tells the story of the great events that took place in India between 1857 and 1859. It presents a day-by-day account of the events, intended to offer the newcomer to the story of the Indian Mutiny or the First Freedom Struggle a clear chronology.

[Scratch and Solve Sports Hangman, Mike Ward](#) , 2006, 1402737211, 9781402737213. This ingenious twist on the classic word game is a hit, with over 250,000 copies sold in just a few months! And these two brand-new entries will have movie lovers and sports fans playing anytime and anywhere! Word lovers can take the challenge any time they want with this clever, solitary version of hangman. It works much like a lottery ticket. Each page features one puzzle, and each puzzle has the 26 letters of the alphabet accompanied by silver circles to scratch off. Choose a letter, give it a rub, and see if it's in the puzzle, and where. But watch out: six misses and you're hanged!

[Rimbaud: Complete Works, Selected Letters, a Bilingual Edition, Jean Nicholas Arthur Rimbaud](#) , 2010, 0226719782, 9780226719788. The enfant terrible of French letters, Jean-Nicholas-Arthur Rimbaud (1854-91) was a defiant and precocious youth who wrote some of the most remarkable prose and poetry of the nineteenth century, all before leaving the world of verse by the age of twenty-one. More than a century after his death, the young rebel-poet continues to appeal to modern readers as much for his turbulent life as for his poetry; his stormy affair with fellow poet Paul Verlaine and his nomadic adventures in eastern Africa are as iconic as his hallucinatory poems and symbolist prose. The first translation of the poet's complete works when it was published in 1966, *Rimbaud: Complete Works, Selected Letters* introduced a new generation of Americans to the alienated genius among them the Doors's lead singer Jim Morrison, who wrote to translator Wallace Fowlie to thank him for rendering the poems accessible to those who "don't read French that easily." Forty years later, the book remains the only side-by-side bilingual edition of Rimbaud's complete poetic works. Thoroughly revising Fowlie's edition, Seth Whidden has made changes on virtually every page, correcting errors, reordering poems, adding previously omitted versions of poems and some letters, and updating the text to reflect current scholarship; left in place are Fowlie's literal and respectful translations of Rimbaud's complex and nontraditional verse. Whidden also provides a foreword that considers the heritage of Fowlie's edition and adds a bibliography that acknowledges relevant books that have appeared since the original publication. On its fortieth anniversary, *Rimbaud* remains the most authoritative and now, completely up-to-date edition of the young master's entire poetic oeuvre.

[Fire Truck to the Rescue!, , Sonia Sander](#) , 2009, 0606058729, 9780606058728. There's a fire in LEGO City. The firefighters are in their fire truck and on their way. With their tall ladder and the very best equipment, they'll save the day. Full color.

[Anything Goes, Jessica Tilles](#) , 2002, 0972299009, 9780972299008. *Anything Goes* is a fast-paced, intriguing tale of deceit, murder, revenge and betrayal. The plot is simple. Raven engages in a series of erotic adventures, has her feelings hurt by sleazy men, is caught up in plotting revenge, hurts a lot of people, and plunges headlong toward disaster. She has some feeble impulses toward living a decent life with a decent man, but, well, you'll just have to read it. Each character is interesting, well drawn, and over-sexed.

['Have You Seen...?': A Personal Introduction to 1,000 Films Including Masterpieces, Oddities and Guilty Pleasures \(with](#)

[Just a Few Disasters](#)), [David Thomson](#) , 2010, 014102075X, 9780141020754. This is possibly the most entertaining, surprising and enjoyable film book ever written. Thomson set himself the near-foolhardy task of writing one page each on 1000 of the films that he has particularly liked or in some cases, abhorred. Some half-million words of funny, vigorous, wayward prose later, we are all the happy beneficiaries of his deranged labour. Always unexpected, never repetitive, *Have You Seen ?* can be read consecutively from *Abbott and Costello Meet Frankenstein* to *Zabriskie Point* or dipped into over many years, and it is a masterclass in how to write about films and how to love them. Sometimes Thomson will be interested in the director, sometimes in the culture that made such a film possible at such a time, sometimes in the stars (always in the stars, to be honest), and sometimes even in the outrageous cynicism and corruption of most financial backers. *Have You Seen ?* is crammed with great love stories, westerns, musicals, war stories, comedies, and dramas. It is as in awe of film noir as of silent farce, and adores Hollywood but also favours British, Japanese and European cinema: camp disasters, kitsch and pretention hold no fears. If Thomson has a bottom line it is his incredulity that so much that is so enjoyable and moving and worthwhile was ever made at all and that thanks to DVD we can now watch it forever. *Have You Seen ?* will redirect how you spend your evenings for the rest of your life for the better.

[Assessment in English in S1 and S2](#), [Lionel Jackson](#), [Gordon Liddell](#), [Ernest Spencer](#) , 1984, 094794205X, 9780947942052. Developed by the Third Scottish Control Committee on English, this sourcebook for teachers is intended to provide guidance on student assessment in the first and second year of high school. The first section of the sourcebook provides the background information on the development of the guide, while the second section addresses the need for assessment, for whom, and when it happens. The third section discusses types of assessment (formative, diagnostic, continuous, criterion-referenced, and summative), the recording and reporting of assessments, assessment criteria, and assessment validity and reliability. Basic principles are presented in the next section, which is followed by a lengthy section that examines formative assessment in writing, reading, speaking, and listening. Section six discusses summative assessment and the final section takes into consideration departmental procedures for school assessments. Appendixes include a pupil's record of work, a pupil profile, a categorization of school writing, a checklist of reading skills, a lesson plan on attentive listening and oral paraphrasing, an example of examination design, and an example of an examination illustrating the recommended strategy. (HOD)

[Health, Prevention and Economics](#), [David R. Cohen](#), [John B. Henderson](#) , 1991, 0192621661, 9780192621665. "An ounce of prevention is worth a pound of cure," but is it more efficient? In the quest for improvements in health and reduction in health care costs, attention focuses on the cost-effectiveness of preventive versus curative medical care. The aim of this book is to give, for the first time, a comprehensive overview of the economics of prevention. The book extends far beyond the study of comparative costs in its coverage of the meaning of health and prevention and the scope of economics; the impact of the economy on avoidable ill-health and of prevention on the economy; the economic rationale

for provision of preventive services and regulation of hazardous activities; the cost-benefit approach and the nature of efficiency in prevention; case studies in primary prevention; case studies in secondary prevention; the practice of economic appraisal; economic influences on the demand for hazardous commodities and screening services; theories of preventive behavior; national prevention program budgeting and priority setting; and an overall assessment of the potential contribution of health economics.

[Latitudes of Melt, Joan Clark](#) , 2011, 0307375358, 9780307375353. This bountiful, magical novel opens with the discovery by two fishermen of a baby floating in a cradle on an ice pan in the North Atlantic off the coast of Newfoundland in 1912. To the small fishing community into which the foundling is adopted, Aurora, as they name her with her shock of white hair, one blue eye and one brown is clearly enchanted. But it is not until Aurora is herself an old woman that she learns the heart-wrenching story behind her miraculous survival on the ice. From the Trade Paperback edition.

[The Harriet Lane Handbook: Mobile Medicine Series - Expert Consult, Johns Hopkins Hospital, Kristin Arcara, Megan Tschudy](#) , 2011, 0323081673, 9780323081672. Trusted by generations of residents and practitioners, The Harriet Lane Handbook from The Johns Hopkins University remains your first choice for fast, accurate information on pediatric diagnosis and treatment. Now even more convenient to carry, its your go-to resource for a wealth of practical information, including the latest treatment and management recommendations, immunization schedules, procedures, and therapeutic guidelines, as well as a unique, comprehensive drug formulary. New information on dermatology treatments, eczema complications, lead poisoning, and signs of child abuse keeps you completely up to date. You'll also have easy access to the entire contents online, with frequent updates to drug information, treatment protocols, vaccination schedules, and downloadable images at www.expertconsult.com. Benefit from time-tested, practical wisdom - from the first book written "by residents, for residents," reviewed by expert faculty at The Johns Hopkins Hospital, and essential for all health care professionals who treat children. Find information quickly and easily, even in the most demanding circumstances, with a modified outline format. Rely on the most dependable drug information available with the thoroughly updated, one-of-a-kind pediatric formulary. Ensure accurate and efficient diagnosis and treatment with all-

new coverage of dermatology treatments, eczema complications, and lead poisoning, as well as new CDC immunization schedules, vaccine abbreviations, and full-color images of the signs of child abuse. Access the complete contents online at www.expertconsult.com, including frequent updates to the trusted and comprehensive Pediatric Drug Formulary. Carry it more easily in your pocket with its smaller, more concise format - still delivering the same high-quality information you can refer to with confidence, but in a more convenient size.

[The Perfect Stage Crew: The Compleat Technical Guide for High School, College, and Community Theater, John Kaluta](#) , 2003, 1581153155, 9781581153156. Here is an indispensable, nuts-and-bolts guide to putting on a stunning, low-budget show in less than 40 days! The Perfect Stage Crew explains the pitfalls to avoid and provides solutions to the most common as well as most complex stage performance problems. Readers without Broadway-size budgets and resources will learn the low-cost, low-tech approaches to painting scenery, building sets, hanging lights, setting cues, and operating sound. They'll also find crucial guidance for generating publicity, preparing tickets, technical rehearsals, and more. Written in a clear, direct, and jargon-free style Features 45 lively anecdotes from the author's own experience working in virtually every backstage capacity

[A Trilogy of Greek Voices in Australia: Zissis \(Jack\) Dardalis, , Anastasios M. Tamis](#) , 2012, 0987290606, 9780987290601. "This study is not strictly prosopographical or a socially aristocratic account of historiography depicting the lives of three selected individuals; it is an attempt to portray the way that these three individuals blended their resources and socio-economic standings with their involvement in communal affairs to benefit the Greek community and enhance the image of Hellenism in the mainstream society. The three Australian Greek voices appearing in this volume could be treated as a sample pattern; they are all unique cases of settlers with advanced civic conscience, who acquire national and international reputation dedicating their charisma to the common cause."-- Introduction.

[A Hopeless Case, K. K. Beck](#) , 2001, 0759524319, 9780759524316. Jane da Silva knows a Cole Porter tune and a silky voice will only carry you so far through the urbane cabarets of Europe. So when the young widow's "eccentric" Uncle Harold dies, she jets back to the States to claim the fortune she dearly needs to ransom her Visa card. Unfortunately, Jane finds her inheritance conditional and her situation critical. It seems Uncle Harold and his old-codger cronies are part of a secret society dedicated to aiding and abetting offbeat lost causes, and Jane must carry on her uncle's "work" if she expects to see anything resembling a windfall. But just how far will the chic expatriate go when her "hopeless case" forces her to mingle with a sleaze-ball lawyer, a scheming psychiatrist, a sinister New Age cult, a stone-cold corpse--and a ruthless murderer?

[Recipe for Life 2: The Gawler Foundation Cookbook, Dorothy Edgelow](#) , 2008, 1427094624, 9781427094629. Why would you want to make changes to your style of eating and cooking? We need good reasons to make changes; they can be upsetting to our usual routine and to other family members. Changing this basic activity may be expensive and time consuming as well, but the benefits can be long lasting. Food is naturally associated with life and it is steadily being proven and accepted that it plays a part in how good that life is.

[Montezuma Amish Mennonite Cookbook, Ruth Yoder](#) , 1988, 0963070401, 9780963070401. THE MONTEZUMA AMISH MENNONITE COOKBOOK is a compilation of recipes handed down through generations of Amish & Mennonite ladies. Recipes are mostly good basic home-cooking with a broad appeal to Northern, Southern, Eastern, & Western tastes, even though usually, most cookbooks are regional or national. Strong emphasis has been placed on simple clear directions, with the novice or inexperienced cook in mind. Over 800 recipes offered with over 400 useful household hints & information gathered through the years. 36,000 books sold thru' May 1993. Listed below are some quotes from satisfied customers. "This cookbook is wonderful for the young & inexperienced, as well as the most experienced of chefs. Everything is already on your kitchen shelf or in your refrigerator. Simple instructions, can't go wrong & tastes wonderful. One of the best regional cookbooks selling in my store."--J.J. Luke, Manager, Bookland 110, Albany, GA. "I loved my first book so much, I'm ordering...one as a bridal shower gift."--Klara Shad, Warren, MI. "It's a great cookbook!"--M. Neumann, Naperville, IL. "I want to say 'Thank You.' I am a former Home Economics teacher...& I want to say of all the cookbooks I had the privilege to use, this one is the best. May God bless you & keep you in His care."--Mrs. J. Patterson, Jr., Macon, GA. "Thank you for mailing this cookbook. My friend has this book, & it is superb!"--V.M. Alexis, Columbus, OH. Bookstores or dealers please call for prices 912-472-8921 or 912-472-7419. Yoder's Catering Service, R#2 Box 182, Montezuma, GA 31063.

[The Atoms of Language, Mark C. Baker](#) , 2002, 019860632X, 9780198606321. Human languages are strikingly different from each other, and also strikingly the same. One of the most indecipherable codes used in World War II was Navajos speaking their native language. Yet the Navajos were able to translate messages to and from English quickly and accurately. This showsthat, for all their differences, languages must have a strong common denominator. Linguistic research is discovering that, in spite of the differences among human languages, the underlying rules that form them are virtually identical. Just as a small number of discrete elements (atoms) combine to form all physical substances, so a small number of discrete factors combine to formlanguages as varied as English, Japanese, Mohawk, and Hixkaryana. All

sentences in all languages are built following a common 'recipe', called Universal Grammar. That recipe contains a finite number of choice points, called parameters, which interact with each other in complex ways. As a result, the shapes of phrases and sentences in languages look completely different, even though the underlying rules that form them are almost identical. In this fascinating and illuminating book, Mark C. Baker shows that these parameters can be gathered together systematically into a 'Periodic Table of Languages' that defines the structure of all natural languages. He also discusses some implications of these ideas for our understanding of the origins of human language and the value of preserving linguistic diversity.

[Deep Sea Sailing, Erroll Bruce](#) , 2008, 1443768995, 9781443768993. PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is dependent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream-fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another

matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

The only problem is, most musicians misuse the many features that MySpace offers and simply don't squeeze the most potential out of them. Use this new book to get the most bang for your MySpace buck!

[The International Judge: An Introduction to the Men and Women Who Decide the World's Cases, Daniel Terris, Cesare P.R. Romano, Leigh Swigart](#) , 2007, 0199238731, 9780199238736. Over the last century, international courts, once reserved for arcane matters of diplomacy and trade, have begun to address a broad range of human experience and activity. This volume corrects some of the common misperceptions about international judges, while providing a balanced introduction to both the strengths and shortcomings of their work. As they rule on crucial issues of war and peace, human rights, and trade, in addition to high-profile criminal trials, international judges are playing a critical role in developments that will affect world affairs for years to come. Based on interviews with more than 30 international judges, this volume is the first comprehensive portrait of the men and women in this new global profession. The working environment of international judges is closely examined in courts around the world, highlighting the challenge of carrying out work in multiple languages, in the context of intricate bureaucratic hierarchies, and with a necessary interdependence between judges and their courts' administration. Arguing that international judges have to balance their responsibilities as interpreters of the law and as global professionals, the authors discuss the challenges of working in the fluid circumstances of international courts. Profiles of five individual judges provide insight into the experience and dilemmas of the men and women on the international bench.

[World Lexicon of Grammaticalization, , Bernd Heine, Tania Kuteva](#) , 2002, 0521005973, 9780521005975. While the comparative method is concerned with regularities in phonological change, grammaticalization theory deals with regularities of grammatical change. In an A-Z format, this 2002 book summarizes the most salient generalizations that have been made on the unidirectional change of grammatical forms and constructions. The product of ten years of research, World Lexicon of Grammaticalization provides the reader with the tools to show how different grammatical meanings can be related to one another in a principled way, how to deal with issues such as polysemy and heterosemy, or why certain linguistic forms have simultaneous lexical and grammatical functions. It covers several hundred grammaticalization processes, in each case offering definitions of lexical concepts, suitable examples from a variety of languages, and references to the relevant research literature. Indices organized by source and target concepts allow for

flexible use, and the findings delineated in the book are relevant to students of language across theoretical boundaries.

[Excellence in Business Communication, John V. Thill, Courtland L. Bove](#) , 2010, 0136103766, 9780136103769. Learn Business Communication Skills By Example. Excellent, effective, and practical business communication skills are necessary in order to succeed in today's business world. Excellence in Business Communication delivers an abundance of the most realistic model documents and tools, helping readers learn business communication skills by example. The ninth edition is a more efficient, rigorously revised textbook that maintains solid coverage of fundamentals while addressing developments in the business communication field. The authors also understand that to succeed in today's social media environment, business communicators must abandon outdated thinking and embrace the new social communication model that's redefining business communication and the relationships between companies and their stakeholders. By offering practical advice and hands-on experience through dozens of activities and cases, this edition helps readers adapt their communication skills to this important new media.

[Mind, meaning, and mental disorder: the nature of causal explanation in psychology and psychiatry, Derek Bolton, Jonathan Hill \(Prof.\), Jonathan Hill](#) , 1996, 0192615041, 9780192615046. Philosophical ideas about the mind, brain, and behavior can seem theoretical and unimportant when placed alongside the urgent questions of mental distress and disorder. However, there is a need to give direction to attempts to answer these questions. On the one hand, a substantial research effort is going into the investigation of brain processes and the development of drug treatments for psychiatric disorders, and on the other, a wide range of psychotherapies is becoming available to adults and children with mental health problems. These two strands reflect traditional distinctions between mind and body, and causal as opposed to meaningful explanations of behavior. In this book, which has been written for psychiatrists, psychologists, philosophers, and others in related fields, the authors propose a radical re-interpretation of these traditional distinctions. Throughout the discussions philosophical theories are brought to bear on the particular questions of the explanation of behaviors, the nature of mental causation, and eventually the origins of major disorders including depression, anxiety disorders, schizophrenia, and personality disorder.

[The Theosophical Society: The History of a Spiritualist Movement, Jeffrey D. Lavoie](#) , 2012, 1612335535, 9781612335537. This peer-reviewed study represents a culmination of years of research into the history of the Theosophical Society. In this unique project which combines biographies with source analyses, Jeffrey D. Lavoie records a detailed history of the early Theosophical Society and examines its relationship with the modern Spiritualist movement between the years 1875-1891. Special attention has been paid to some of the neglected figures associated with these organizations including Arthur Lillie- the Gnostic-occultist and early critic of the Theosophical Society; the Davenport Brothers- the Spiritualist mediums who developed many of the standard elements which became associated with modern Spiritualism; Alfred Wallace- the prominent scientist, Spiritualist, and supposed member of the Theosophical Society and many others. This work will appeal to a wide array of readers including those interested in modern religious movements, Western Esotericism, South Asian history, and Victorian studies.

[Zambia Stole My Heart, Volume 1, Merfyn Morley Temple](#) , 2010, 095303691X, 9780953036912. Fired with the vision of missionary work in Africa, Merfyn Temple trained as a Methodist minister and sailed for Northern Rhodesia in 1943. Yet he soon came to reject the classic colonial-missionary mould. He joined the campaign for Zambian independence and became a close friend of President Kenneth Kaunda, working for the new Zambia in its struggles and mistakes. In his seven years of grass-roots life in the village of Chipapa, Merfyn combined the roles of rural development manager, outspoken advocate for justice, and local community worker, encouraging self-reliance and organic agriculture. He tells of his persistent belief in the people, and in their capacities to build their lives and livelihoods: attitudes that are gaining a wider currency, forty years after his pioneering work. "He is a major prophet of the modern Church, and to crown his other gifts he has absorbed the African skill for enthralling story-telling." Author and broadcaster Dr Colin Morris

[Printers and Press Freedom : The Ideology of Early American Journalism: The Ideology of Early American Journalism,](#)

[Jeffery A. Smith Professor of Journalism and Head of the Center for Communication Study University of Iowa](#) , 1990, 0195362365, 9780195362367. In the United States, the press has sometimes been described as an unofficial fourth branch of government, a branch that serves as a check on the other three and provides the information necessary for a democracy to function. Freedom of the press--guaranteed but not defined by the First Amendment of the Constitution--can be fully understood only when examined in the context of the political and intellectual experiences of 18th-century America. Here, Jeffery A. Smith explores how Madison, Franklin, Jefferson, and their contemporaries came to see liberty of the press as a natural and vital part of a democratic republic. Drawing on sources ranging from political philosophers to court records and newspaper essayists, *Printers and Press Freedom* traces the development of a widespread conception of the press as necessarily exempt from all government restrictions, but still liable for the defamation of individuals. Smith carefully analyzes libertarian press theory and practice in the context of republican ideology and Enlightenment thought--paying particular attention to the cases of Benjamin Franklin and his relatives and associates in the printing business--and concludes that the generation that produced the First Amendment believed that government should not be trusted and that the press needed the broadest possible protection in order to serve as a check on the misuse of power.

[Celtic Alphabets, Aidan Meehan](#) , 1997, 0500279802, 9780500279809. Of all the ornamental applications of Celtic art, the decorated letter is perhaps the richest. This collection of sixteen complete alphabets, created by Aidan Meehan from his deep knowledge of Celtic illuminated letters and styles, includes knotwork, animal and plant forms, spirals, and human figures. From seventh-century spirals to twelfth-century leonine dragons, from early uncials decorated with bird heads to modern capitals laced with Celtic eel knots, over five hundred drawings cover the whole spectrum of Celtic ornament in its most useful form. Artists, designers, calligraphers and craftspeople will find this an invaluable work of reference and inspiration.

[The Salt God's Daughter, Ilie Ruby](#) , 2012, 1593764901, 9781593764906. Set in Long Beach, California, beginning in the 1970s, *The Salt Gods Daughter* follows Ruthie and her sister, Dolly as they carve out a life in a place filled with natural beauty, meteorological myths, and exotic folklore. Raised by a mother drawn to the ocean and guided by the moons, their heritage is a mystery and their mother often absent, forcing the two girls to confront the social and sexual mores of the time on their own, caught in the riptide of a culture that alternately glorifies and demonizes female sexuality. Ruthie's daughter, Naida, is born into this conflicting landscape with a secret she tries to keep hidden, bullied and harassed by her

peers as she seeks out the father she never knew. Woven with a traditional Scottish folktale and hints of Jewish mysticism, this examines how far we'll go to find our place in a world that is often hostile to those who are different.

[The Butterfly Sister: A Novel, Amy Gail Hansen](#) , 2013, 0062234625, 9780062234629. The past just arrived on Ruby's doorstep . . . To uncover the truth about a friend's disappearance, a fragile young woman must silence the ghosts of her past in this moving debut tale that intertwines mystery, madness, betrayal, love, and literature. "My past was never more than one thought, one breath, one heartbeat away. And then, on that particular October evening, it literally arrived at my doorstep." Twenty-two-year-old Ruby Rousseau is haunted by memories of Tarble, the women's college she fled from ten months earlier, and the painful love affair that pushed her to the brink of tragedy. When a suitcase belonging to a former classmate named Beth arrives on her doorstep, Ruby is plunged into a dark mystery. Beth has gone missing, and the suitcase is the only tangible evidence of her whereabouts. Inside the bag, Ruby discovers a tattered copy of Virginia Woolf's *A Room of One's Own*, the book she believes was a harbinger of her madness. Is someone trying to send her a message and what does it mean? The search for answers leads to Tarble. As Ruby digs into Beth's past, she has no choice but to confront her own odyssey that will force her to reexamine her final days at school, including the married professor who broke her heart and the ghosts of illustrious writers, dead by their own hand, who beckoned her to join their tragic circle. But will finding the truth finally set Ruby free . . . or send her over the edge of sanity?

[Predators and Child Molesters: What Every Parent Needs to Know to Keep Kids Safe, Robin Sax](#) , 2009, 1591027128,

9781591027126. There is no crime not even murder that worries and sickens parents more than child sexual abuse. Parents wonder how to protect their children when almost every day the news reports another incident of someone in authority arrested on suspicion of child abuse from clergy and teachers to family members themselves. Even law enforcement has had trouble defining the problem and only recently has the Department of Justice begun recording statistics of sexual assault against children. Amid the confusion generated by sensational news reports and uncertainty regarding the nature and extent of child sexual abuse, what can parents do? In this straightforward, clearly written guidebook, veteran sex-crimes prosecutor and Los Angeles deputy district attorney Robin Sax answers one hundred questions that she has most often encountered in her fifteen years of experience. From the definition of abuse to the profiles of a predator to how to report an incident and to whom, Sax provides practical, reassuring, and appropriate information. For ease of use, the book is organized into six major sections: -Recognizing predators: molesters, pedophiles, and opportunists -Talking to kids about risks and identifying potential problems -Recognizing abuse -Reporting sexual abuse -Going to court -Healing and moving on Sax makes it clear that protecting children begins with every parent in the home. Parents must view protecting children from the potential of sexual assault as a priority. Teaching children preventive measures should be viewed as important as teaching kids how to dial 9-1-1. Sax concludes by emphasizing that the best defense against sexual offenders is information. Her book provides realistic answers to empower parents and educators, even in the face of one of life's scariest threats.

[Against lord and state: religion and peasant uprisings in Malabar, 1836-1921, K. N. Panikkar](#) , 1989, . Arguing against the generally held view that the Mappila uprisings of Malabar resulted either from communal tension or agrarian discontent, this book analyzes the complex interrelationships between economic discontent and religious ideology in which the conflicts were rooted. Panikkar delineates the evolution of a negative class consciousness among the rural Hindu Mappilas from the early years of British rule to the final and decisive 1921 uprising against the lord and state.

[The Power of Biblical Thinking, Ken Wilson](#) , 2000, 0976249642, 9780976249641.

[Last Chance for Justice: A Bloomfield Novel, Kathi Macias](#) , 2013, 1433677172, 9781433677175. Welcome to Bloomfield, where life is simple, love is real, and stories are shared. Lynn Myers is still reeling from losing her husband of thirty-five years when word comes that her only sibling, an older brother, has also died. With no one else to settle the estate, she must return to her small hometown of Bloomfield, however briefly, to settle his affairs. Lynn's daughter, Rachel, has just graduated from Bible college and with no other commitments comes along to sort through her uncle's huge old home,

right next to the local cemetery. It isn't long before Rachel has two men -- a handsome CPA and the youth pastor -- seriously vying for her attention. At the same time, Lynn's attention is drawn to a set of journals her brother has left behind detailing a long-standing Bloomfield mystery. As they pursue solving this mystery, Rachel must make some personal decisions about her future, while Lynn is forced to face unexpected issues from her own past.

Brought up in the wizard guild, alone and with no family to turn to, Jed reluctantly sets out on a quest. When he meets and falls under the charm of the beautiful and mysterious Karma, he agrees to go on a quest with her and her companions.

[Understanding Today's Police, Mark L. Dantzker](#) , 2003, 0130941069, 9780130941060. This volume provides readers with a thorough exploration of the many facets of today's policing starting with the role of today's police officer. It offers a mixture of theory and practicality highlighted by real experiences, observations, and anecdotes. The volume addresses the police role in our society, patrol issues, criminal investigations and other support units, plus organization and management, the use of discretion, relating to the community, recruitment, quality police personnel, women police officers, the personality of police officers, and issues today and tomorrow. For those interested in an examination of policing today.

[A Field Guide to the Life and Times of Roger Conant, Roger Conant](#) , 1997, 0965744604, 9780965744607. Roger Conant was an author, educator, researcher, and conservationist with a dual career in zoos and in herpetology. His contribution to the Peterson Field Guide Series made him one of the most influential American herpetologists of the twentieth century. This in-depth autobiography is as much a history of American Zoos and North American Herpetology as it is an account of the diverse and exciting life of Roger Conant. Details included in this book make it a hidden treasure for twentieth century folklore as well. Conant also studied extensively in Mexico and offers detailed accounts of his several excursions which were spread throughout much of the twentieth century.

[Nomad Diaries: A Novel, Yasmeen Maxamuud](#) , 2009, 0970858736, 9780970858733. Nomad Diaries is an endearing, heartbreaking story of loss, despair, and family bonds tested by the destruction of a country. Nomad Diaries examines the human condition at its weakest. The corridors of Cedar Springs Luxury Apartments hold many secrets. If you were to peek into the lives of Somali refugees who call this notorious run-down high-rise home, you will find all that eighteen years of civil war has produced. Strong-willed women dealing with language barriers, hardships, and a new country called America where everything is vastly different from what they were used to, Americanized children and polygamous husbands. Come and eavesdrop on the lives of these colorful refugees to get a slice of American immigrant life with strong willed women, rebellious teens and a rare taste of American immigrant life with a twist.

[Hummingbirds and Hard Hats: The Circle of Love Story of Ingrid Reeves, Susan D. Brandenburg](#) , 2011, 0983384800, 9780983384809. HUMMINGBIRDS & HARD HATS Perched on a limb thirty feet in the air, she squinted as shafts of sunlight sliced through branches of the tall elm tree, picking up the sparkling blonde highlights in her hair. A tiny

hummingbird darted by ... iridescent fleeting beauty. Fair Ingrid sighed. Even at eight years old, she knew that life, too, was fleeting. Squaring her thin shoulders and closing her eyes, the little girl let go, falling purposely to what she knew was her certain death. That failed suicide attempt at age eight left Ingrid with a broken arm but a healing heart. "I didn't die that day, but I wanted to. My mother had tried to sell me again," declares Ingrid Reeves, recalling her dark, desperate youth as the only white child in a black family. Ingrid lived to triumph over hate, hardship and prejudice. As a wife and mother, the contemporary pioneer woman lived without electricity for twelve years, carving out a Circle of Love sanctuary on a remote mountain in the California wilderness. For thirty years, she wore a hard hat, bravely working in a danger zone by her husband's side to build a business. Today, Ingrid invites you on an amazing journey to a land of bubble magic, beauty and rich bounty. Don your pink hard hat, dive into adventure and taste the sweet nectar of success!

[The Complete Rigger's Apprentice: Tools and Techniques for Modern and Traditional Rigging, Brion Toss](#) , 1997, 0071791574, 9780071791571. Combining and updating the renowned Rigger's Apprentice and Rigger's Locker, meets the changing face of modern materials and technology while remaining true to rigging's best traditional principles and practices. It's much more than a knot book, though the knots a sailor needs are all here. It's a book for sailors who want the satisfaction and hard-cash savings of stepping their own masts, inspecting and maintaining their own rigs, and turning their own tailsplices and wire eyesplices. It is for boatowners who want to replace an entire gang of rigging themselves--measuring, choosing appropriate wire, turning soft eyes, leathering, and serving. It is for bluewater voyagers who want to feel secure in the knowledge that, should a shroud carry away far at sea, they will be able to repair it. The Complete Rigger's Apprentice is also a free-roaming collection of useful ideas and tips on everything from supplementing winches with block and tackle, to rigging snubbers at anchor, to using pantyhose for an emergency fanbelt. In short, it's the definitive book on the art of rigging, written by its most entertaining practitioner.

[Sensitive Skin Number 9, Bernard Meisler](#) , 2012, 0983927162, 9780983927167. Sensitive Skin #9 features an exclusive interview with, and music by, seminal guitarist Fred Frith (Henry Cow), the missing chapter from the latest novel by science fiction legend Samuel R. Delaney, a portfolio of paintings from actor (Stranger Than Paradise) and musician (Lounge Lizards) John Lurie, a memoir by Marty Thau, former manager of Suicide and The New York Dolls, a new translation of poetry by Vladimir Mayakovsky, photographs of the seamy side of Tijuana by Chris Bava and an interview with Darius James conducted by Ghazi Barakat, about his new documentary, 'The United States of Hoodoo.' The front cover is by illustrator J.D. King, and the back cover features a comic written and drawn by James Romberger. There's more writing, by Doug Rice, Susan Scutti, Larissa Shmailo, Bradley Spinelli, Anna Mockler, Jesus Angel Garcia, and Aman Sabet, as well as art by Ha Young Kim, Marcin Owczarek, John Griffin, David West and Justine Frischmann, and photographs by Ted Barron, Ruby Ray, Hal Hirshorn, N.D. Koster and Geoffrey Ithen. Sensitive Skin, an anthology of post-beat, pre-apocalyptic art, writing, music and whatnot, features work by both world-famous and new-and-emerging artists, writers, and musicians from around the globe.

[Forest Resource Economics and Finance, W. David Klemperer](#) , 2003, 0974021105, 9780974021102. Perfect for the first course in Forest Economics, this text emphasizes economics as a way of thinking in which added costs and benefits of action are compared in order to maximize net benefits. Geared for those students with an economic background (microeconomics preferred), Klemperer has focused on solving basic economic problems forestry analysts encounter, as well as discussing enough economic theory to understand the solutions. Because of that, the basics in capital theory are interwoven and students learn how to evaluate forestry investments in a way which embraces important environmental factors.

[Oxford Handbook of Internet Psychology, Adam Joinson, Katelyn McKenna, Tom Postmes, Ulf-Dietrich Reips](#) , 2007,

0191008087, 9780191008085. Over one billion people use the Internet globally. Psychologists are beginning to understand what people do online, and the impact being online has on behaviour. It's making us re-think many of our existing assumptions about what it means to be a social being. For instance, if we can talk, flirt, meet people and fall in love online, this challenges many of psychology's theories that intimacy or understanding requires physical co-presence. "The Oxford Handbook of Internet Psychology" brings together many of the leading researchers in what can be termed 'Internet Psychology'. Though a very new area of research, it is growing at a phenomenal pace. In addition to well-

studied areas of investigation, such as social identity theory, computer-mediated communication and virtual communities, the volume also includes chapters on topics as diverse as deception and misrepresentation, attitude change and persuasion online, Internet addiction, online relationships, privacy and trust, health and leisure use of the Internet, and the nature of interactivity. With over 30 chapters written by experts in the field, the range and depth of coverage is unequalled, and serves to define this emerging area of research. Uniquely, this content is supported by an entire section covering the use of the Internet as a research tool, including qualitative and quantitative methods, online survey design, personality testing, ethics, and technological and design issues. While it is likely to be a popular research resource to be 'dipped into', as a whole volume it is coherent and compelling enough to act as a single text book. "The Oxford Handbook of Internet Psychology" is the definitive text on this burgeoning field. It will be an essential resource for anyone interested in the psychological aspects of Internet use, or planning to conduct research using the 'net'.

[Prayer of Petition: Breaking Through the Impossible, Jerry Savelle](#) , 2011, 1459614690, 9781459614697. When God's people pray, they want answers. Yet many Christians don't know how to pray both effectively - in a way that gets results - and humbly - in a way that aligns with God's will. Prayer is a powerful weapon against the true adversaries of God's people: principalities, powers, dark rulers and spiritual wickedness in high places. These forces are the perpetrators of all kinds of evil: Addiction, abuse, poverty and spiritual bondage run rampant through families, churches, cities and nations. What can believers do to battle these forces? They can pray. Not just any prayer: the prayer of petition, known throughout Christian history as the prayer that gets results. Prayer of Petition explores this powerful prayer in detail, from the many examples found in God's Word to more recent instances of incredible miracles ushered in by this prayer.

Readers will learn the biblical definitions of petition and supplication, and examine the key components of preparation, thanksgiving and humility. As readers learn to petition the Ruler of All, their confidence that God will prevail - no matter what - will grow, and as they learn to rest in His promises, peace will reign over their hearts through the coming revival.

[The Icl Inquiry Report: Explosion at Grovepark Mills, Maryhill, Glasgow 11 May 2004, ICL Inquiry, Lord Gill](#) , 2009, 0102952248, 9780102952247. On Tuesday 11 May 2004, at about noon, an explosion occurred at Grovepark Mills, Maryhill, Glasgow which caused the substantial collapse of the former Mill building. As a result, 9 people lost their lives and 45 people were seriously injured or exposed to the risk of death or injury. The investigation established that the explosion was caused by the ignition of an explosive atmosphere that had formed in the basement area of the building. Excavations found that an underground pipe connecting an LPG storage tank to the LPG-fired oven was significantly corroded and this was aggravated by the weight of a piece of concrete that rested on it. There was a crack in the underside of a right-angled bend which caused a considerable leak close to the entry point of the pipe into the basement. It was not possible to determine for how long the gas had been leaking into the basement. ICL Tech and ICL Plastics were each fined 200,000 in court for health and safety failures, but the Inquiry also highlights inadequate risk appreciation and inspection by the Health and Safety Executive. The report examines the weaknesses of the regulatory regime that this disaster has exposed and sets out the general principles on which a proper safety regime for LPG should be based. An urgent programme of replacement of buried metallic pipework with polyethylene piping is recommended. A new safety regime for LPG is outlined. Research into the safety of polyethylene piping is also necessary. There should be prompt and effective communication between all interested parties of all technical developments in matters of LPG safety.

[My Apprenticeship, Maksim Gorky](#) , 2000, 0898751179, 9780898751178. "Two beings dwelt within me: one of them, having seen too much of filth and loathsomeness, had become chastened. Life's dreadful humdrum had made him skeptical and suspicious, and he looked with helpless compassion upon all people, including himself. This individual longed to lead a quiet, retired life far away from cities and people. He dreamed of going to Persia, of entering a monastery, of living in a forester's hut or the lodge of a railway guard, or becoming a night watchman somewhere on the outskirts of town. The fewer the people and the more remote, the better." The other individual, baptized by the holy spirit of wise and truthful books, realized that life's dreadful humdrum exerted a ruthless power which might easily lop off his head or crush him under a grimy heel. And so he summoned all his strength in self-defense, baring his teeth, clenching his fists, ever ready for a fight or an argument." In *My Apprenticeship*, Maxim Gorky (1868-1936) gives an exact account of his own adolescence. After the death of his mother, fourteen-year-old Alexei Peshkov (Gorky) sets out to earn his own living. First he is the errand boy in a shoe shop; then, in turn, a draughtsman's apprentice, a dishwasher on a Volga steamboat, and an apprentice in a studio where icons are painted. Repulsed by the ugly mediocrity of middle-class life, by the "senseless, stupid animosity poisoning the life around him," he constantly searches for something better. *My Apprenticeship* (1916) is the second book of Gorky's autobiographical trilogy, each book of which represents an independent work.

[The Golden Fleece, Robert Graves](#) , 2011, 0141197641, 9780141197647. In order to reclaim his father's kingdom, Jason has been sent on an impossible mission - to take the golden ram's fleece that lies far away, guarded by a dragon. Jason, who is so attractive that women fall instantly in love with him, sets sail in the *Argo*, along with the greatest heroes of ancient Greece, including the surly (and often drunk) Hercules, the enchanting musician Orpheus and the battling twins Castor and Pollux. As they battle clashing rocks, monsters and seductresses, watched over by pitiless gods, they will learn that victory comes at a price. In *The Golden Fleece* Robert Graves transforms Greek myth into a thrilling and richly imagined story, bringing the ancient world vividly alive. 'Shows the legendary cruise as one of the bawdiest, bloodiest, most boisterous expeditions of all time.' *Time*

[Marvel Super Heroes Super Showdown Action Pop-Ups!, Marvel](#) , 2011, 0794423140, 9780794423148. Marvel Heroes leap right off the pages in this colorful book, thanks to the three big super hero action pop-ups that extend out of the book when the pages are opened. Spider-Man and the rest of the Marvel Heroes are larger than life in this colorful book. When Doctor Doom unleashes his latest evil plot, Spider-Man, Hulk, Hawkeye, and Wolverine have to band together to stop him. A series of super-battles follows. The battle action is captured in a big way, as three of the spreads open to reveal fold-out panels that contain dramatic pop-ups featuring the Marvel Heroes using their powers.

[The Disney Way, Revised Edition: Harnessing the Management Secrets of Disney in Your Company, Bill Capodagli, Lynn Jackson](#) , 2006, 0071766812, 9780071766814. So useful you may whistle while you work- Fortune The original edition of The Disney Way was awarded a coveted Best Business Book of the Year by Fortune magazine. The world's foremost experts on Disney, Bill Capodagli and Lynn Jackson revealed Walt's secret success formula that propelled his company into the highest echelon of business, creativity, innovation, and success. Now this fully revised edition profiles a new set of diverse organizations-from The Cheesecake Factory, Ernst and Young, and Four Seasons Hotels and Resorts, to Griffin Hospital, John Robert's Spa, and Men's Wearhouse-that have redefined their businesses by embracing The Disney Way. Walt's dream, believe, dare, do credo is a powerful foundation that will support any business, drive any team, and guide any leader to newfound levels of success. It was the Disney standard of imagination and engagement that inspired me so many years ago...Now, Bill and Lynn bring these ideals and practices into practical use, with something for any dreamer to use.-from the new foreword by John Christensen, coauthor of the bestselling book FISH! This book is about the real magic: Stimulating and harmonizing the collective energy of your people.-Ken Blanchard, bestselling author of The One Minute Manager

[Tort Law in America: An Intellectual History, G. Edward White](#) , 2003, 019513964X, 9780195139648. This history of tort law in America looks at how the subject has been conceptualized, pointing out why changes in rules occurred, and who did the changing. White approaches his subject from four perspectives: intellectual history, the sociology of knowledge, the phenomenon of professionalization in the late 19th and 20th centuries in America, and the recurrent concerns of tort law since it became a discrete field.

[Grave Dare ; And, A Helping Hand, Trevor Millum](#) , 1996, 0198335679, 9780198335672. This is part of a series of fiction for 11-14 year olds with reading ages of 6-9 years. The storybooks are carefully graded into four levels, using the Fry reading scale, and range from 400-3000 words in length. Built-in progression, through story length, language level and conceptual loading, allows reluctant readers to increase their reading skills and stamina gradually. The stories range across the genres of mystery, fantasy, romance, true stories, crime and horror. Each level is supported by a Teacher's Book and three cassettes.

[Hijack at Malacca, Sydney D. Gould](#) , 2007, 0979800404, 9780979800405. Hijack at Malacca is a political action thriller inspired by present day world oil conditions where the control of crude dominates the success or failure of nations.

Yvonne Bakuna, a French secret service operative with Nigerian roots, learns of an underground movement attempting to improve life for all citizens. secretly, she contacts the organization and offers her help. For working with them, she can avenge a dark chapter written in her life when she was a young girl. Amari Okira, leader of the People's Movement is more than happy to accept the beautiful black woman into his group. He's been forced to take his plan against corrupt officials to the next level. Amari and Yvonne intercept a dangerous plan to hijack Canadian Lite as the tanker delivers crude to Singapore. Crude will be traded for weapons used as bargaining chips with the government. They are trapped in a scheme of betrayal and greed that leads to murder. "An excellent first book, Your pace and detail is enjoyable to a reader. Your research is terrific. You couldn't have done better on your beginning effort as a writer. Hijack at Malacca is a fun read." Clive Cussler "Try to get this done as a movie. The storyline is interesting and it reads more like a screenplay. You've done a good job with the progression of the story, and your dialogue is realistic." Kevin Smith, Editor, Pocket Books, Div. of Simon and Shuster

[The Mill on the Floss, , George Eliot](#) , 1998, 0192833642, 9780192833648. `But it's bad - it's bad,' Mr Tulliver added - `a woman's no business wi' being so clever; it'll turn to trouble, I doubt.' Rebellious and affectionate, Maggie Tulliver is always in trouble. Recalling her own experiences as a girl, George Eliot describes Maggie's turbulent childhood with a sympathetic engagement that makes the early chapters of The Mill on the Floss among the most immediately attractive she ever wrote. As Maggie Tulliver approaches adulthood, her spirited temperament brings her into conflict with her family, her community, and her much-loved brother Tom. Still more painfully, she finds her own nature divided between the claims of moral responsibility and her passionate hunger for self-fulfilment. George Eliot's searching exploration of Maggie's complex dilemma has made this one of the most enduringly popular of her works. This edition offers the definitive Clarendon text with a new introduction that gives an account of the book's place in Eliot's life and the

that have not yet been adequately reviewed. It discusses selected processes in tutorial overviews with implementation guide lines and an introduction to the literature. Though edited to stand alone, when taken together, Thin Film Processes II and its predecessor present a thorough grounding in modern thin film techniques. Key Features* Provides an all-new sequel to the 1978 classic, Thin Film Processes* Introduces new topics, and several key topics presented in the original volume are updated* Emphasizes practical applications of major thin film deposition and etching processes* Helps readers find the appropriate technology for a particular application

Questions at the end of each book develop language skills.

[The Worst Witch Saves the Day.](#) , 2006, 0141314346, 9780141314341. It's the start of a new term at Miss Cackle's Academy for Witches and Mildred Hubble is determined not to be the worst witch this year. Everything starts so well. Mildred's class has a new form teacher - no more Miss Hardbroom for Mildred and her friends! But then the new teacher, Miss Granite, starts acting fishy; Mildred has a very bad hair day when a hair growth spell goes wrong and she has to put up with know-it-all Ethel Hallow being 'helpful'. To top it all, her beloved cat Tabby is having a nervous breakdown and refuses to fly.
