[Snowbird Mating Season, Bernita Jackson Brown](#) , 1992, 0963255509, 9780963255501. "A humorous & gentle depiction of how a seemingly dead town in the summer is revitalized & brimming with flavor as Snowbirds (Retired People) from across the United States & Canada converge on southern Arizona in the winter, bringing their nests (RV's) with them. Along with her humorous anecdotes Brown is a storyteller of the first order."--Randy Sherman, Palo Verde Valley Times,

Blythe, California. "What an enjoyable book! Not only informative, but also entertaining. An excellent book for first time RVers, or people who have enjoyed the RV way of life for years & are wondering about the options available for their retirement."--Jack Bradt, Rushmore Resort & Campground, Keystone, South Dakota. SNOWBIRD MATING SEASON is printed in large type for easy reading & is full of delightful cartoons. A must read for anyone who has ever traveled in a recreational vehicle. The story begins in the small town of Quartzsite, Arizona, which grows from a population of 2,000 to 50,000 when the Snowbirds arrive. The book ends at a plush RV resort where residents are treated to an activity calendar second to none.

[The Call of the Writer's Craft: Writing and Selling the Book Within, Tom Bird](#) , 2009, 1440514070, 9781440514074.

Getting a book successfully published is as much about talent and creative drive as it is a matter of determination and business practice. Luckily for would-be authors, this book delivers the how-to on both the creativity and the business. Lecturer and writing retreat leader Tom Bird introduces authors to their Divine Author Within, and guides them through the process of listening to this inner muse. They will learn how to tap into their "creative connected mind" and relax their "logical critical mind" so they will be able to write the book they've always wanted to--in just two drafts! Once the book is complete, writers learn how to sell their book. Bird instructs his readers how to successfully navigate the publishing world so that they can make the right choices for their work.

[Death at His Private Zoo, Tom Howard](#) , 1991, 0949149128, 9780949149121. Suspense-adventure tale, involving a murder investigation set in a bizarre and nightmarish social background. The heroic central figure is a female P a retired detective inspector brought out of retirement to work on a particularly difficult case. By the author of TDead Lucy' and TThe Rim of Heaven'.

[Magic Kitten: A Splash of Forever, , Sue Bentley](#) , 2008, 0141917962, 9780141917962. A purrfect series filled with chaos, adventure and magic spells! When Alice hears about her school's swimming gala, which everyone must take part in, she's terrified. She hates the water. But when special grey-and-white kitten Flame arrives to make a real splash in her life, suddenly the gala doesn't seem quite so scary . . .

[Firms, Contracts, and Financial Structure, Oliver Hart](#) , 1995, 019160688X, 9780191606885. This book provides a framework for thinking about economic institutions such as firms. The basic idea is that institutions arise in situations where people write incomplete contracts and where the allocation of power or control is therefore important. Power and control are not standard concepts in economic theory. The book begins by pointing out that traditional approaches cannot explain on the one hand why all transactions do not take place in one huge firm and on the other hand why firms

matter at all. An incomplete contracting or property rights approach is then developed. It is argued that this approach can throw light on the boundaries of firms and on the meaning of asset ownership. In the remainder of the book, incomplete contracting ideas are applied to understand firms' financial decisions, in particular, the nature of debt and equity (why equity has votes and creditors have foreclosure rights); the capital structure decisions of public companies; optimal bankruptcy procedure; and the allocation of voting rights across a company's shares. The book is written in a fairly non-technical style and includes many examples. It is aimed at advanced undergraduate and graduate students, academic and business economists, and lawyers as well as those with an interest in corporate finance, privatization and regulation, and transitional issues in Eastern Europe, the former Soviet Union, and China. Little background knowledge is required, since the concepts are developed as the book progresses and the existing literature is fully reviewed.

[Guns in American Society: An Encyclopedia of History, Politics, Culture, and the Law \[3 volumes\], Gregg Lee Carter Ph.D.](#)

, 2012, 0313386714, 9780313386718. The landmark 2002 edition of *Guns in American Society: An Encyclopedia of History, Politics, Culture, and the Law* was acclaimed for helping readers get beyond the sometimes overheated rhetoric and navigate the overwhelming amount of unbiased academic research on gun-related issues. Now, in light of the steady rate of gun violence and several high-profile shooting incidents, this extraordinary three-volume work returns in a timely and thoroughly updated edition. With over 100 new entries, the latest edition of *Guns in American Society* is the most current resource available on all aspects of the gun issue, including rates of violence, gun control, gun rights, regulations and legislation, court decisions, pro- and anti-gun organizations, gun ownership, hunters and collectors, public opinion toward guns, and much more. With expert contributions from the fields of criminology, history, law, medicine, politics, and social science, it gives students, journalists, policymakers, and researchers a foundation for their own investigations, while helping readers of all kinds make decisions as family members, potential gun owners, and voters.

[On Common Ground 1, Don Stone, Jeanne Godfrey, F. C. Ward](#) , 1995, 0195410645, 9780195410648. *On Common Ground* is a series of anthologies of outstanding reading material that has been carefully chosen to appeal to teenagers. The selections are from a wealth of sources, both traditional and contemporary, and display a wide range of genres, in both fiction and non-fiction. All of the literature features strong narrative lines that reflect the common interests and concerns of adolescents of diverse abilities, needs, and cultural backgrounds. A Teacher's Resource provides stimulating activities for each of the selections; a bank of teaching/learning strategies; classroom management techniques; and clearly explained, practical approaches to assessment and evaluation.

[Finding a Balance: Issues of Power in the Human/dog Relationship, Suzanne Clothier](#) , 1996, 096465296X, 9780964652965. *Finding A Balance* examines the differences between canine & human perceptions of power and leadership. What we consider loving and responsible behavior, our dogs may see as ineffective leadership. This booklet offers tips on evaluating the balance of power in your household, as well as easy to use, commonsense guidelines for establishing or restoring a healthy balance to your relationship with your dogs. If your goal is a friendship, not a dictatorship, *Finding A Balance* will help you recognize your dog's cultural needs for leadership and find ways to meet

those needs in a holistic and loving way.

[On the Outskirts of Normal, Debra Monroe](#) , 2011, 0983547742, 9780983547747. "Having driven across the country to see her brand-new adopted granddaughter, Debra Monroe's mother says the first thing that comes into her head: 'I knew she'd be black, but not this black.' Monroe simply says, 'Mom, there's a blank in the baby book called Grandma's First Words.' The sly, dry humor of this offering of the second chance, the reminder that everything, even the mistakes, will be written down tells you most of what you need to know about Monroe's approach to life, and to memoir. Her generosity of spirit never fails her." Marion Winik, author of *First Comes Love*

[Archaic and Classical Greek Epigram, Manuel Baumbach, Andrej Petrovic, Ivana Petrovic](#) , 2010, 0521118050, 9780521118057. With contributions written by leading experts in the field, this volume explores the dialogue between Archaic and Classical Greek epigrams and their readers. The authors examine questions surrounding the identity of the speakers and the addressees. They also discuss the spatial, religious, historical and political contexts of epigram, as well as aspects of intertextuality, poetic variation and the creation of epigrammatic sub-genres. Collectively the volume demonstrates that the dominant view of epigram as a genre that became literary and artistic only in the Hellenistic period has to be revised. Archaic and Classical Greek epigrams did not simply serve the objects they describe but also demonstrate a high degree of aesthetic and literary achievement. This volume breaks new ground in the study of the genre and is important for scholars of classics, archaeology, epigraphy and papyrology.

[Marketing Research: Text and Cases, W. Bruce Wrenn, David L. Loudon, Robert E. Stevens](#) , 2002, 0789015900, 9780789015907. Teach students the power of marketing with effective research strategies! This step-by-step textbook shows students how to design, conduct, and interpret market research. *Marketing Research: Text and Cases* covers the full range of this topic from the difference between strategic and tactical decisions to choosing the proper research design and on to advice on successfully presenting results. *Marketing Research* provides clear explanations of complex issues, including the interpretation of statistics. Its charts, graphs, figures, sample questionnaires, and case studies make important points easier to grasp. The practice cases (including an SPSS data disk) offer engaging real-world problems that test the students research and analysis skills. *Marketing Research* offers all the course-planning extras you need, including: thorough instructors manual sample syllabus research project tips, assignments, and forms test bank with true-false and multiple choice questions also available: 20-30 PowerPoint slides per chapter *Marketing Research* is an ideal textbook for introductory marketing research courses, and its thorough course planning gives instructors the tools they need.

[An Aussie in America: Laughter and Lessons Across the Cultural Divide, Anne Maxwell High](#) , 2006, 1594111103, 9781594111105. A small town's worth of Aussies are scattered throughout the USA. By the time the author joined this nebulous village she had been exposed to so much American culture in Australia, she assumed she had America pretty well figured out. Soon enough she found herself stumbling into... the cultural divide. Take this insider's tour of the similarities and differences between the Australian and US cultures. Witness the hilarious incomprehension that occurs between two English-es. Discover why Australians and Americans are not always satisfied with each other's cuisines, and taken aback by each other's eating habits. Unearth the assumptions Australians make about Americans, and the artefacts of Australiana that influence American perceptions of Australia. Delve into the historical and geographic forces that have shaped these two cultures. Aussies, get tips on tipping and other social minefields, and be cheered to find you are not alone! Americans, see your own culture in a new light, and know all this could happen to you in reverse! Everyone else, join us for a fascinating glimpse into the realm of cross-cultural encounters.

[Home-Front Heroes, Robert Burch](#) , 1992, 0140360301, 9780140360301. Originally titled Hut School and the Wartime Home-Front Heroes, this is "a gentle, leisurely story about the elasticity of children during wartime".--The New York Times Book Review. "The evocation of the '40s and the rural Georgia background are vivid".--School Library Journal.

[The Extraordinary and Unusual Adventures of Horatio Lyle, Catherine Webb](#) , 2006, 1904233619, 9781904233619. In Victorian London at the height of the industrial revolution, Horatio Lyle is a former Special Constable with a passion for science and invention. He's also an occasional, but reluctant, sleuth. The truth is that he'd rather be in his lab tinkering with dangerous chemicals and odd machinery than running around the cobbled streets of London trying to track down stolen goods. But when Her Majesty's Government calls, Horatio swaps his microscope for a magnifying glass, fills his pockets with things that explode and sallies forth to unravel a mystery of a singularly extraordinary nature. Thrown together with a reformed (i.e. 'caught') pickpocket called Tess, and a rebellious (within reason) young gentleman called Thomas, Lyle and his faithful hound, Tate, find themselves pursuing an ancient Chinese plate, a conspiracy that reaches to the highest levels of polite society and a dangerous enemy who may not even be human. Solving the crime will be hard enough - surviving would be a bonus...

[Harm to the Environment: The Right to Compensation and the Assessment of Damages, Peter Wetterstein](#) , 1997, 0198262744, 9780198262749. In international and comparative environmental law the notion of environmental damage is gaining increasing interest. The question of compensating environmental damage challenges traditional rules and concepts of tort law. This book addresses two key issues: 1) the right to and extent of damages for environmental impairment and 2) the methods for conducting natural resource damage assessments. The strong and diverse contributions to this volume of essays, contributed by an internationally known team of experts, underline the view that prevention should be the focus of effort to protect the environment. Such an approach is needed because of the limited

possibilities offered by the law for adequate and effective compensation in the case of environmental damage. With limited exceptions most countries have adopted a cautious approach to the issue of compensation but new developments on the civil liability front have approved reasonable restoration costs as a basic measure for recoverable damages. It also appears that the methods for evaluating environmental damage developed so far have been artificial and arbitrary. This and many other issues are discussed in detail and implications and consequences for the future spelled out.

[Healthy Feet for People with Diabetes, Mark Hinkes](#) , 2012, 098562860X, 9780985628604. Healthy Feet for People with Diabetes is the most comprehensive, easy-to-read guide for prevention, treatment, and self-care of foot problems; practical information which is vital for people with diabetes and their caregivers. People with diabetes are at the greatest risk of having foot care issues. In fact, every 30 seconds, someone loses a limb due to diabetes. Dr. Mark Hinkes, who has been a podiatrist for more than 30 years, has seen too many of his patients require debilitating toe, foot or leg amputation. He developed this easy-to-follow educational "owner's manual" to help people quickly identify possible foot problems and stop them before they get out-of-control. To make the book more user-friendly, medical terms are simplified; Do's and Don'ts are clearly identified; and there are "Top Tips" for everything from selecting socks and shoes, to skin care, to suggestions for caregivers. The 150-page book is colorfully designed as a blend of a magazine and textbook, with large type, boxed lists, pictures that make foot health issues easy to visually identify, and an extensive reference to Internet links and foot health care informational resources. Recommendations are fully backed by scientific evidence. The 20 concise, yet thorough, chapters start with a focus on prevention. Using easy-to-follow directions, such as how to wash and dry your feet and inspect your socks and shoes, the book carefully explains what steps to take to prevent diabetic foot lesions. As it progresses, the book delves into descriptions of most common foot problems -- everything from skin and toenail troubles to warts, tumors and cysts -- along with directions on how to manage these issues. It quickly becomes apparent; however, that what may appear to be a minor issue - incorrectly cutting a toenail or stepping on a pin while walking barefoot at home - can "trigger" a drastically more serious problem, which, if left untreated, can cause pain, nerve damage, infection, inflammation, and, in the worst case, the type of wound or ulcer that ultimately can lead to an amputation. Chapters devoted to caregivers, the medical team and podiatrists, give people with diabetes a clear understanding of whom they can call upon for personal and professional assistance, what role they can play, and the background and expertise of various healthcare professionals. If you or someone you care for has diabetes, reading this insightful book and following its well thought-out guidelines is a proactive approach to taking responsibility for your health that has the potential to greatly decrease your health care expenditures and greatly improve your quality of life. Further, it is an excellent reference tool for families, medical students, and healthcare providers.

[The Legend of Phoenix Mountain, Tina Tsai](#) , 2010, 0984607722, 9780984607723. Kyle Lin's got his American dream all planned out-ace all the tests, have extracurricular activities, graduate valedictorian, get accepted into all the top

colleges...and hopefully get the girl of his dreams, who just so happens to be his best friend's girlfriend. His grandfather, who thinks of him as a pathetic failure despite his impressive GPA, has other plans for him and drags him on a trip to Asia to learn about the world outside his classroom walls. There Kyle meets Tai, the rudest, most combative girl he's ever come across, and after a sure punch in the face, Kyle finds himself whisked away to a world of dragons, goddesses, immortals, and demons. As if that weren't enough, he's trapped there with Tai, a girl that clearly hates his guts. To get back home to their own world, Kyle and Tai must learn qi script, the ability to change Chinese calligraphy into tangible power, and figure out how to put up with each other as they go on a quest to the Phoenix Mountain to defeat a legendary demon. The Legend of Phoenix Mountain will take you on an action-packed adventure full of martial arts, teenage drama, and what it really takes to grow up.

Activities can be created from this material to use at home or at school with one player/student and multiples of two players or students.

[The Joy of Eating, Rose Greenberg](#) , , 095966050X, 9780959660500.

[The Longman History of the United States of America, Hugh Brogan](#) , 1999, 0582368073, 9780582368071. Here at last is a new edition of this celebrated single volume history of America, from the first British colonies right up to modern times. Hugh Brogan offers an objective and balanced account of America's development to global superpower, written with great brio and illuminated throughout by vivid sketches of its key figures. The new edition takes the story forward from the fall of Nixon (1977) to the close of the Reagan era and the end of the Cold War. A book for students, scholars and general readers alike.

[The National Health Service Trusts \(Trust Funds: Appointment of Trustees\) \(Amendment\) Order 2010, Great Britain](#) , 2010, 0111494702, 9780111494707. [The Alan Carter Price Guide to Antiques and Collectables, Alan Carter](#) , 2009, 0980390842, 9780980390841. ANTIQUES & COLLECTABLES. AUSTRALIAN. The gold edition celebrating Alan Carter's 50th year in the antiques and collectables industry. Contains 768 full colour pages containing more than 9500 fabulous photographs, all with accurate descriptions and current values.

[The Islamic Roots of Democratic Pluralism, Abdulaziz Sachedina](#) , 2001, 0195139917, 9780195139914. This book tackles the most significant issues facing Muslims today. Sachedina argues that we must reopen the doors of religious interpretation--to correct false interpretations, replace outdated laws, and formulate new doctrines. His book critically analyzes Muslim teachings on such issues as pluralism, civil society, war and peace, and violence and self-sacrifice.

[The Reader Tries for Happiness, Philip Davis, Jane Davis](#) , 2008, 0955116864, 9780955116865. Most literary magazines

focus on the craft of writing and cater to a highly select audience of writers, literary critics, and scholars of literature. In contrast, *The Reader* is a quarterly literary magazine aimed at the intelligent common reader.

[Orthodoxy and the Conversion of England, Derwas James Chitty](#) , 1990, 0950981516, 9780950981512.

[The Green Tiger: The Costs Of Ecological Decline In The Philippines, Barbara Goldoftas](#) , 2006, 0195135105, 9780195135107. The Philippines was once famous for the beauty of its reef-ringed islands, white beaches, and lush forests. In less than a half-century, its forests were felled, its oceans over-fished, and its coral reefs destroyed. The rapid harvest of once-abundant resources has brought droughts, deadly flash floods, and the collapse of vital fisheries. As the rural economy weakened and millions migrated to cities, they overwhelmed the urban infrastructure. Today, the Philippines stands as an example of the profound and sweeping consequences of ecological decline. In *The Green Tiger*, Barbara Goldoftas documents this tragic trajectory. But hers is not a story of hopelessness and inevitable defeat. In lyrical, unflinching prose, she traces the struggle for conservation in the Philippines, from isolated villages to large cities, and in the process illustrates the surprising ways in which conservation and economic growth can effectively co-exist.

[Secrets to Real Estate Success: Increase Your Efficiency And Profits in 90 Days Or Less, Jerry Pujals](#) , 2006, 0974414999, 9780974414997. What are your thoughts about your career as a real estate agent? 70% of all real estate agents quit the business within 18 months! Its true. Yet, only 3% of all agents ever reach the ranks of the top producers. What about you? What are your thoughts about your career as a real estate agent? Are you satisfied with your sales performance? Do you wish you could do better? Do you watch one or two star performers in your community and wonder how they do it? If you are a new agent, how would you like to avoid the bad habits that slow people down and shorten your learning curve to success? If you are a veteran agent, how would you like to enhance your current success and bring your real estate career to a whole new level? Now you can! *Secrets to Real Estate Success* shows you how to develop the mindset and hone the high-impact habits that will propel you to the top. Are you ready for your new life? We know youre busy. We know you have lots of clients to take care of, and you have a family, too. Thats why Jerry designed this book so its a quick and easy read. He purposely kept each chapter short, so you can quickly read it while youre in your car, in between appointments, or waiting for your client to arrive. Each chapter covers one key area you need to improve upon to reach that top 3%. Where appropriate, you will find action items, exercises, and scripts so you can embark on your new journey prepared and confident. By utilizing the information in this book and practicing it consistently, you will reach that elusive 3%. Whether youre a real estate pro looking to reach the next level, or a newbie fresh out of school and looking

for reliable information, this book will give you the edge you need. You'll sell more homes, work fewer hours, and have more fun in the process. Sure, it will take some work on your part initially, but the rewards will be worth it.

[CloudCuckooLand, Simon Armitage](#) , 2004, 0571224105, 9780571224104. In 1996, Simon Armitage bought a powerful Russian telescope and began to inspect the night sky from his West Yorkshire home. The sequence of short poems in the middle of this book must have something to do with that new interest, each receiving its classical title from one of the constellations, while turning out to be less concerned with pure astronomy than with moments in the life of the poet's mind. Celestial themes loom large elsewhere, with a number of what could be called religious poems towards the beginning of the book, and a play based on events around a total eclipse of the sun at the end. This dramatic tour de force was commissioned by the National Theatre, for performance by children, and confirmed Armitage as one of our true poetic experimenters - ceaselessly exploring and capable of making his stylistic advances without ever losing the confidence of his audience.

[Corvette Body Repair Guide 1963 Thru 1967: \(Crash Repair Guide\) Instructions for Installing Front Fiberglass Body Parts and Fiberglass Repair, Ray J. Schiro](#) , 1999, 0970206631, 9780970206633.

[Interactive multimedia: visions of multimedia for developers, educators & information providers, Sueann Robinson Ambron, Kristina Hooper](#) , 1988, 1556151241, 9781556151248. A forward-thinking collection of 21 articles by leading researchers that explore the opportunities for educational multimedia technology--filled with examples and pilot projects that define the new meaning of multimedia.

[1987 Autumn School of Studies on Alcohol and Drugs, Department of Community Medicine, St. Vincent's Hospital, Melbourne: Proceedings of Seminars and of Scientific Sessions,](#) , 1987, 0958826838, 9780958826839.

[Light of India: A Conflagration of Indian Matchbox Art, Warren Dotz](#) , 2013, 160774614X, 9781607746140. With all the zany vibrancy of a Bollywood musical, the colorful matchbox labels of LIGHT OF INDIA present a fascinating confluence of popular culture and a sophisticated graphic arts tradition that stretches back for centuries. Populated with pouncing Bengal tigers, regal jungle elephants, and Hindu gods and goddesses, these miniature masterpieces are worlds unto themselves, skillfully illustrated with a naive yet irresistible charm. This delightful art book is sure to fire the imagination of all who wish to study, preserve, and celebrate India's more humble, but no less brilliant, visual arts heritage. A dazzling collection of more than 300 vintage matchbox labels from India, dating from the turn of the century through the 1950s. Includes a discussion of Hindu iconography, recurring visual themes and symbols, and the cultural and historical significance of matchbox art. A great resource for graphic artists and designers, collectors of paper ephemera or advertising art, and students of Indian culture. Gift edition slipcase includes a textured novelty "striker strip" along the spine.

9780945271208.

[Smart Eats, Smart Supplements, and Smart Exercise, Dusty Green](#) , 1997, 0965525406, 9780965525404. WHY THIS BOOK? The non-technical step-by-step format of this book makes it very easy to plan for all people to follow. The results in mental acuity, physical performance, rehabilitation, & emotional well-being are most, ASTOUNDING. SECTION I - SMART EATS - The first major step in feeling, looking & performing (mentally & physically) better deals with eating smart. Weight loss, maintenance, &/or gain (in the right places) is discussed along with the freedom to "PIG OUT." Junk foods (if desired) are a significant part of this SCIENTIFICALLY-BACKED EATING PLAN as are fruits & vegetables. SECTION II - SMART SUPPLEMENTS - Supplementing smart is one of the main reasons you can "pig out" at your favorite restaurants & eat junk food while you are losing body fat. If taken correctly, Smart Supplements (natural medicine) are "THE STUFF THAT MIRACLES ARE MADE OF" FOR CURING MOST DISEASES KNOWN TO MAN. SECTION III - SMART EXERCISE - Contrary to the popular "no-pain, no-gain" philosophy that many so-called experts in the exercise industry advocate, Smart Exercise is a "NO-PAIN, WITH GAIN" program. It eases you into a fun, non-sore, healthy heart, body fat reducing approach to exercise. Aerobic/cardiovascular & anaerobic (such as safe weight training) techniques are presented in a time/user-friendly manner. Order from Natural Health Solutions: 888-675-1004 or [www.spindle.net/dusty](http://www.spindle.net/dusty) or 817-868-0220.

[In the Shadow of the Law: A Novel, Kermit Roosevelt](#) , 2006, 1429931493, 9781429931496. Morgan Siler is one of Washington, D.C.'s most powerful K Street law firms, its roster of clients stocked with multi-billion-dollar corporations. Through the obsessive efforts of its founder's son, Peter Morgan, his father's old-fashioned business has been transformed into a veritable goliath, embracing bankruptcy and merger divisions that Archibald Morgan had deemed ungentlemanly. As Peter reaches the pinnacle of his career, his firm is embroiled in two difficult cases: a pro bono death-penalty case in Virginia, and a class-action lawsuit brought against Hubble Chemical of Texas after an on-site explosion killed dozens of workers. Assigned to these cases is a group of young associates and seasoned partners struggling to make their way in the firm. Mark Clayton, fresh out of law school, is beginning to loathe his dull workload, and to be frightened by the downgrading of his personal life, when he is assigned to the pro bono case. Assisting him is the mercurial Walker Eliot, a brilliant third-year associate whose passion for the law is as great as his skill at unraveling its intricacies. The aggressive, profane, and wildly successful litigator Harold Fineman is leading the Hubble defense, assisted by first-year Katja Phillips, whose twin devotion to productivity and idealism intrigue him, and Ryan Grady, another first-year, whose quest to pick up girls is starting to interfere with his work. In this complex, ambitious, and gripping first novel, Kermit Roosevelt vividly illustrates the subtle and stark effects of the law on the lives not only of a group of lawyers, but also on communities and private citizens. In the Shadow of the Law is a meditation about the life of the law, the organism that is a law firm, and its impact on those who come within its powerful orbit.

[The Art of Happiness, Epicurus](#) , 2012, 0143107216, 9780143107217. New to Penguin Classics and the perfect companion volume to bestselling author Daniel Klein's new book, *Travels with Epicurus* The teachings of Epicurus about life and death, religion and science, physical sensation, happiness, morality, and friendship attracted legions of adherents throughout the ancient Mediterranean world and deeply influenced later European thought. Though Epicurus faced hostile opposition for centuries after his death, he counts among his many admirers Thomas Hobbes, Thomas Jefferson, Karl Marx, and Isaac Newton. This volume includes all of his extant writings his letters, doctrines, and Vatican sayings alongside parallel passages from the greatest exponent of his philosophy, Lucretius, extracts from Diogenes Laertius' *Life of Epicurus*, a lucid introductory essay about Epicurean philosophy, and a foreword by Daniel Klein, author of *Travels with Epicurus* and coauthor of the New York Times bestseller *Plato and a Platypus Walk into a Bar*.

[Through the Eyes of a Young Heart, Pamela K. Costa](#) , 1994, 0964300206, 9780964300200.

[If the Ocean was Whiskey and God was a Duck: And Other Stories, Roger Scott Jackson](#) , 2011, 0984048618, 9780984048618. Having begun keeping a record of all his communications with God, nine-year-old child-evangelist Brother Sam suspects he's been duped. When he's conned into preaching at the family's brush arbor revival, on whiskey-cooking Birch Blake's land, young Brother Sam uses the opportunity to clear up some questions about right and wrong. Hilarious and provocative, *If the Ocean was Whiskey and God was a Duck* brings vividly to life the time, the place, and the people that produced Sam Singleton Atheist Evangelist.

[139 Ways to Prevent Sexual Assault: A New Design for Female Empowerment, Richard Hart](#) , 2006, 0978747607, 9780978747602. A quick and easy read yet extremely thorough in its coverage of events or situations that can lead to rape or sexual assault and how to avoid or deal with them. Appropriate for ages 14 or 15 and up.

[The Hero's Guide to Saving Your Kingdom, Christopher Healy](#) , 2013, 0062117459, 9780062117458. Prince Liam. Prince Frederic. Prince Duncan. Prince Gustav. You've never heard of them, have you? These are the princes who saved *Sleeping Beauty*, *Cinderella*, *Snow White*, and *Rapunzel*, respectively, and yet, thanks to those lousy bards who wrote the tales, you likely know them only as Prince Charming. But all of this is about to change. Rejected by their princesses and cast out of their castles, the princes stumble upon an evil plot that could endanger each of their kingdoms. Now it's up to them to triumph over their various shortcomings, take on trolls, bandits, dragons, witches, and other assorted terrors, and become the heroes no one ever thought they could be. Christopher Healy's *Hero's Guide to Saving Your Kingdom* is a completely original take on the world of fairy tales, the truth about what happens after happily ever after. It's a must-have for middle grade readers who enjoy their fantasy adventures mixed with the humor of the *Diary of a Wimpy Kid*

books. Witty black-and-white drawings by Todd Harris add to the fun.

[Racing to the Beginning of the Road: The Search for the Origin of Cancer](#), Robert Allan Weinberg , 1998, 0716732831, 9780716732839. From his unique perspective at the center of the maelstrom, Dr. Weinberg provides an insightful look at the human forces that propel the race forward or, just as often, hold it back. Some scientists, sensing the urgency and elusiveness of their goal and competition on all sides, leap into brilliantly productive collaborations; others, driven by the same high stakes, construct elaborate deceptions. Like Watson's and Crick's account of discovery in *The Double Helix*, *Racing to the Beginning of the Road* reveals the immediate impact of scientific progress: successful proofs of one hypothesis explode others previously held as fact and lead to even more challenging conundrums.

[Tigerlily's Orchids: A Novel, Ruth Rendell](#) , 2011, 1439154384, 9781439154380. Is it dangerous to know too much about your neighbors? In Tigerlily's Orchids, Diamond Dagger Awardwinning Ruth Rendell has written psychologicallythrilling novel about the eccentric inhabitants of a London terraceabout the secrets they keep, and what they will do to hide them. When Stuart Font decides to throw a housewarming party in his new flat, he invites all the people in his buildingthree flippant young girls, a lonely spinster, a man with a passion for classical history, and a woman determined to drink herself to death. After some deliberation, he even includes the unpleasant caretaker and his wife. He considered inviting a few other friends, but he definitely does not want his girlfriend, Claudia, in attendance, as he would also have to invite her lawyer husband. As it turns out, the party will be one everyone remembers. Living in a townhouse opposite Stuarts building, in reclusive isolation, is a young, beautiful Asian woman known as Tigerlily. As though from some strange urban fairytale, she emerges infrequently to exert a terrible spell. And Stuarts parents, always worried about their handsome, hopelessly naive, and undermotivated son, have even more cause for concern. Darkly humorous, piercingly insightful about human behavior, Ruth Rendell, whom People magazine calls one of the most remarkable novelists of her generation, has created an extraordinarily compelling story of our lives and crimes.

[Making an Elephant: Writing from Within, Graham Swift](#) , 2010, 0307374203, 9780307374202. From the acclaimed Booker Prizewinning author of Last Orders, this highly personal book is a singular and open-spirited account of a writers life. In Making an Elephant, Swift brings together richly varied essays, portraits, poetry and interviews, full of insights into his passions and motivations, and wise about the friends, family and other writers who have mattered to him over the years. Kazuo Ishiguro advises on how to choose a guitar, Salman Rushdie arrives for Christmas under guard, and Ted Hughes shares the secrets of a Devon river. There are private moments, too, with long-dead writers, as well as musings on history and memory that readers of Swifts novels will recognize and love. Making an Elephant is a book of encounters: between a son and his father, between an author and his younger selves, between writer and reader, and between friends. It brims with charm and candour, and reveals Swifts alertness to experience and his true engagement with words. From the Hardcover edition.

[The Exodus Happened 2450 BC, Gerald Aardsma](#) , 2008, .

[My Mommy Has Breast Cancer, But She is Okay!, Kerri M. Conner](#) , 2010, 0982247915, 9780982247914. A marvelous tool for discussing a difficult topic with young children and a source of inspiration and hope for all. Follow young Madison and her Mommy along their motivational journey of love, hope and recovery. My Mommy Has Breast Cancer, But She is OK! is a children's book written by first time author and breast cancer survivor, Kerri Marie Conner. Studies show that 1 out of 8 women will be diagnosed with this devastating disease. Kerri hopes this book will inspire young mothers with breast cancer as well as their young children to continue the fight. Join the main character Maddie and her mother as they embark on the journey so many families are taking part in today. Hopefully one day this journey will lead to a world without breast cancer. A portion of the proceeds will be used for breast cancer awareness programs.

[Blood and belonging: journeys into the new nationalism, Michael Ignatieff](#) , 1994, 0140232621, 9780140232622. Until the end of the Cold War, the politics of national identity was confined to isolated incidents of ethnic strife and civil war in distant countries. Now, with the collapse of Communist regimes across Europe and the loosening of the Cold War's clamp on East-West relations, a surge of nationalism has swept the world stage. In "Blood and Belonging," Ignatieff makes a thorough examination of why blood ties--in places as diverse as Yugoslavia, Kurdistan, Northern Ireland, Quebec, Germany, and the former Soviet republics--may be the definitive factor in international relations today. He asks how ethnic pride turned into ethnic cleansing, whether modern citizens can lay the ghosts of a warring past, why--and whether--a people need a state of their own, and why armed struggle might be justified. "Blood and Belonging" is a profound and searching look at one of the most complex issues of our time.

[The BCAP Code: The UK Code of Broadcast Advertising, Broadcast Committee of Advertising Practice, Stationery Office](#)

[\(Great Britain\)](#) , 2010, 0117064114, 9780117064119. All UK TV and radio advertisements must comply with this BCAP code which reflects and complements the law, demanding that all ads are legal, decent, honest and truthful.

Broadcasters have a duty to ensure advertisements are in line with the spirit as well as the letter of the BCAP code, and there is an overarching requirement for all advertisements to be developed with a sense of social responsibility. This new edition brings together the previous four separate codes for radio, TV, TV scheduling and text services. The code also contains important information on sector or audience-specific rules that are intended to protect consumers and provide a level playing field for advertisers. These rules cover, for example: advertising and children; environmental claims; alcoholic drinks; food advertising and nutritional claims; gambling; motoring; charities; medicines and health; premium rate phone services. The code is applied by the Advertising Standards Authority as the independent advertising regulator.

[Reducing Transport Emissions Through Planning,](#) , 1993, 0117527858, 9780117527850. Transport accounts directly for approximately 20% of carbon dioxide emissions in the UK. The UK government has signed the Climate Change Convention which calls for measures to reduce carbon dioxide to 1990 levels by 2000. This study examines the

contribution that land-use planning could make through, for example, influencing densities, urban structure and facilities at the neighbourhood level, with respect to reducing overall travel demand and to encouraging the use of more emissions-efficient modes of travel. A range of research techniques are utilized including case studies and statistical analyses; simulations using existing models; a literature review; and empirical work at the neighbourhood level.

[In Search of the Holy Grail: The Quest for the Middle Ages, Veronica Ortenberg](#) , 2006, 1852853832, 9781852853839.

The Middle Ages, the age of Charlemagne, Chaucer and Dante, had an indelible effect on European culture. In Search of the Holy Grail is a survey of the fascination for the Middle Ages, and for medieval values, on later periods and on the modern world. Many artistic, political and literary movements have drawn inspiration and sought their roots in the thousand years between 500 and 1500 AD. Medieval Christianity, and its rich legacy, has been the essential background to European culture as a whole. Gothic architecture and chivalry were two key concepts to Romanticism and Victorianism, while nationalist states, including the Nazis, looked back to the Middle Ages to find emerging signs of national character. In literature and art few myths have been as durable or popular as those of King Arthur, stretching from the Dark Ages to Hollywood. In Search of the Holy Grail is a vivid account of how later ages learnt about and interpreted the Middle Ages. Veronica Ortenberg shows how medieval ideas surround us still in the twenty-first century.

[Through the Eyes of Innocents, Emmy E. Werner](#) , 2008, 0465011675, 9780465011674. World War II was the first modern war in which more civilians than soldiers were killed or maimed: When it ended in August 1945, more than thirty-nine millions civilians had died as a direct result of the war, and some thirteen million of these were children. In Through the Eyes of Innocents, Emmy Werner tells the story of the children of World War II through their own words. Drawing on diaries, letters, and journals kept by youngsters caught up in the war, Werner shows the universality of their experience. Children and teenagers from a dozen countries - England, Germany, France, Japan, the former Soviet Union, Austria, Holland, Belgium, Denmark, Norway, Poland and the United States - are all represented in some 200 eye-witness accounts. Werner focuses on their shared reactions to the war, the hardships they endured, how they coped, and how the war experience shaped their lives. The message they share with other children in contemporary wars is an extraordinary affirmation of life and the sustaining power of hope and human decency.

[Constitutional Dilemmas: Conflicts of Fundamental Legal Rights in Europe and the USA, Lorenzo Zucca](#) , 2007,

0199204977, 9780199204977. This book deals with one of the most important issues of philosophy of law and constitutional thought: how to understand clashes of fundamental rights, such as the conflict between free speech and privacy. The main argument of this book is that much can be learned about the nature of fundamental legal rights by examining them through the lens of conflicts among such rights, and criticizing the views of scholars and jurists who have discussed both fundamental legal rights and the nature of conflicts among them. Theories of rights are necessarily abstract, aiming at providing the best possible answers to pressing social problems. Yet such theories must also respond to the real and changing dilemmas of the day. Taking up the problem of conflicting rights, Zucca seeks a theory of rights that can guide us to a richer, more responsive approach to rights discourse. The idea of constitutional rights is one of the most powerful tools to advance justice in the Western tradition. But as this book demonstrates, even the most ambitious theory of rights cannot satisfactorily address questions of conflicting rights. How, for instance, can we fully secure privacy when it clashes with free speech? To what extent can our societies assist people in dying without compromising the protection of life? Exploring the limitations of the rights discourse in these areas, Zucca questions the role of law in settling ethical dilemmas helping to clarify thinking about the limitations of rights discourse.

[A Guide to Library Research in Music, Pauline Shaw Bayne](#) , 2008, 0810862115, 9780810862111. A Guide to Library Research in Music introduces the process and techniques for researching and writing about music. This informative textbook provides concrete examples of different types of writing, offering a thorough introduction to music literature. It clearly describes various information-searching techniques and library-based organizational systems and introduces the array of music resources available. Pauline Shaw Bayne has clearly organized the material in three succinct parts, allowing for three independent tracks of study. Part I treats essentials of the research process. It explains starting point resources like library catalogs, dictionaries, and bibliographies; addresses scholarly documentation, the use of style manuals, and basics of copyright; and provides samples of common written research products. Part 2 develops skills and strategies for library and Internet-based research, describing database structures and library catalogs, subject searching in catalogs and journal indexes, keyword searching techniques, related-record searching and citation databases, and the use of experts, the Internet, and thematic catalogs. In Part 3, Bayne describes music uniform titles and select resources that follow the organization of a music library, such as score collections, books and journals in music literature, and music teaching publications. Each chapter concludes with learning exercises to aid the students' concept application and skill development. Appendixes provide short cuts to specific topics in library organizational systems, including Library of Congress Subject Headings and Classification. The concluding bibliography provides a quick overview of music literature and resources, emphasizing electronic and print publications since 2000, but including standard references that all music researchers should know.

[The Aging America Resource Guide, Charles Puchta, Aging America Resources](#) , 2002, 0972210407, 9780972210409.

The Aging America Resource Guide provides families with practical information, perspectives, tools and tips that people can immediately begin to apply to assist their aging parent or loved one. Most people try to deal with issues in isolation. We help people see the Big Picture, we group everything into four categories, show how issues 'interlock', and prepare people for the challenges ahead.

[A Rainy Day Big Book: Fiction: Variety Starter Stage, Maire Buonocore](#) , 1999, 0199157227, 9780199157228. The Oxford Literacy Web is an exciting new literacy programme designed to guide schools successfully through the primary years. Fitting the requirements of the National Literacy Strategy, National Curriculum in England and Wales, English Language 5-14 in Scotland, and Common Curriculum in Northern Ireland, the Oxford Literacy Web guides pupils through the core skills associated with learning to read and write with a diverse range of literary styles within the genres of fiction, non-fiction, rhymes, language, and poetry. The "Fiction" strand: there can be no better way to learn to read than through the Duck Green School and Variety story strands. Exciting stories, hilarious events, and dynamic illustrations combine to ensure diversity and enjoyment. Variety stories extend children's experience of different styles of fiction. They reinforce

vocabulary but include a more challenging element to push upward toward the next level. Starter Stage Pack A is a pack of wordless stories for beginning readers to develop book knowledge and practise language skills. The "Stories We Know" cluster consists of 3 amusing retellings of traditional stories and rhymes by Keith Gaines, while the "Teddy and Me" books are original stories by Maire Buonocore about a young girl and her toys. The books are available in both standard and 'big book' format.

[A Dictionary of Chinese Ceramics, , Kelun Chen](#) , 2002, 9810460236, 9789810460235. This volume, the first ever

attempted in such a format in the English language, is aimed at the collector, connoisseur, curator and all those engaged in this fascinating study. Information is provided in an encyclopedic format to serve a comprehensive range of enquiries, that have been carefully researched and written by world-renowned author, Professor Wang Qingzheng and his team of experts in the ceramics department of the Shanghai Museum, translators and editors. Though not a strict taxonomic study, this book is intended to address a vast number of enquiries into the artistic, stylistic, technical and historical aspects of Chinese ceramics. The book is essentially organised into seven chapters: Shapes and Forms; Ceramics Materials and Manufacture; Kiln Sites, Factories, Guilds and Wares; Decoration Methods, Glazes and Colors; Motifs; Marks and Inscriptions; Potters, Books and Studies on Ceramics. The book contains more than 2,500 entries, more than 1,000 color and black and white illustrations, and is supported by maps and dynamic and time chronologies. Selected line drawings provide a graphic analysis of shapes and decorative styles occurring throughout China's history of ceramic production. In addition, each entry title is accompanied by references in and Chinese characters for further reference, and wherever possible within the entry information supplied. Comprehensive indices in English will assist the reader in searching for desired entries. Owing to the complexity and conflicts arising in direct translations an from the Chinese language, an alphabetical order is implemented wherever possible in each chapter and/or sections or groups of topics within them, in general accordance with Western dictionary conventions.

[Eternal Russia: Yeltsin, Gorbachev, and the Mirage of Democracy, Jonathan Steele](#) , 1994, 0674268377, 9780674268371.

Here is an eyewitness account of the six years of turbulent change from the Soviet Union to Russia. Jonathan Steele's three decades as a journalist covering that eternal nation have given him a keen and deeply informed perspective on the democratic revolution and the issues still threatening the new nation. What does the future hold for Russian democracy under Yeltsin? Can market reform work? Under all the news and confusion, how much has the country really changed? Eternal Russia draws on Steele's interviews with key figures, including Gorbachev and the former Communist Party Politburo, as well as senior members of the Yeltsin inner circle.

[The Yardbirds: The Band that Launched Eric Clapton, Jeff Beck, Jimmy Page, Alan Clayson](#) , 2002, 0879307242, 9780879307240. (Book). Although together for only five years, The Yardbirds exerted tremendous influence on the music and style of the '60s and for decades beyond. Their impact has been felt throughout the rock genre, from psychedelia to blues-rock, heavy metal, and the music of today's jam bands. The Yardbirds came from middle-class England, embraced the soulful music of the African-American South, and helped re-import it back into the States as the embryo of heavy metal music. In the process, the band produced three guitar greats: Eric Clapton, Jimmy Page and Jeff Beck. Every fan of The Yardbirds, or of '60s-derived music in general, will revel in this book (which includes more than 50 photos from the group's heyday, plus a detailed diary of every gig, recording and broadcast they did) and enjoy reading the stories old and new as much as Clayson enjoys telling them.

[A Dictionary of Statistics, Graham J. G. Upton, Ian Cook, Ian T. Cook](#) , 2006, 0198614314, 9780198614319. This wide-ranging, jargon-free dictionary contains over 2,000 entries on all aspects of statistics including terms used in computing, mathematics, operational research, and probability, as well as biographical information on over 200 key figures in the field, and coverage of statistical journals and societies. It embraces the whole multi-disciplinary spectrum of this complex subject, and will be invaluable for students and professionals from a wide range of disciplines, including politics, market research, medicine, psychology, pharmaceuticals, and mathematics. The entries are generously illustrated with useful figures and diagrams, and include worked examples where applicable, which place them in a practical context.

Appendices include a historical calendar of important statistical events, and tables of statistical and mathematical notation. Fully updated for the second edition, the dictionary now boasts over 200 new entries including over 30 new biographies, as well as internet links which point to useful sites for further information, and many additional illustrative examples that clarify terms by showing them in use. Concise and practical, this is an invaluable work of reference for students and professionals in fields related to statistics, and a clear introduction to the subject for the general reader.

[Nature and Understanding: The Metaphysics and Method of Science, Nicholas Rescher](#) , 2000, 0198250851, 9780198250852. Exploring the central ideas of traditional metaphysics--such as the simplicity of nature, its comprehensibility, or its systematic integrity--this book analyzes looking at such notions from a scientific point of view. It seeks to describe in a clear, accessible manner the metaphysical situation that characterizes the process of inquiry in natural science, aiming to shed light on reality by examining the modus operandi of natural science itself and focusing as much on its findings as on its conceptual and methodological presuppositions. Written by an eminent scholar of philosophy, this book is the culmination of many years of penetrating work. It is the definitive presentation of some of Nicholas Rescher's most fascinating ideas and is an engaging source for philosophers and non-philosophers alike.

[No Time for Fear: How a Shark Attack Survivor Beat the Odds, Paul De Gelder](#) , 2012, 0143567322, 9780143567325.

IMPROVISE. ADAPT. OVERCOME. These three words - the mantra of the Australian Army - resonated with Paul de Gelder the first time he heard them. Paul chased adventure wherever he could find it, from his wild ride as a hoodlum teen and his drug-and-alcohol fuelled stint working in a strip club to hauling his way up to the elite echelons of the defence forces. But trouble hunted him down in the form of a brutal shark in February 2009. Paul lost two limbs, and his career as a daredevil navy clearance diver was flung into jeopardy. Drawing on everything his eventful life had taught him, Paul left nothing to chance in his recovery. He fought through excruciating pain, smashing challenge after challenge, and amazing the medical staff with his will to succeed. His inspiring story takes 'never say die' to a whole new level. From rebel, drug dealer and strip club worker to adventurer, soldier, fitness enthusiast, Navy diver, shark attack survivor, top motivational speaker and mentor to schoolkids across Australia, Paul de Gelder is an exceptional young man. He is now determined to carve out the best future for himself he could possibly imagine. Paul is a true survivor and an incredible inspiration.

[The Brazilian Puzzle: Culture on the Borderlands of the Western World, David J. Hess, Roberto da Matta](#) , 1995, 0231101155, 9780231101158. How do Brazilians think about their own culture in comparison with those of North America and Western Europe? The Brazilian Puzzle provides a unique picture of everyday life in Brazil viewed from a comparative perspective. Brazilian scholars and Brazilianists explore a range of topics in everyday life in Brazil, including sports, music, voluntary associations, religion, political practices, race and gender, and poor neighborhoods. The authors show how Brazilian culture involves a complex negotiation in which the traditional values of hierarchy and personalism permeate even the most modern institutions. The Brazilian Puzzle is emblematic of the new era in Brazilian studies in which Brazilian scholars are leading the way. Many of the authors draw on the work of the Brazilian anthropologist Robert

DaMatta, who has questioned the perspective of observers from developed Western countries. DaMatta argues that they often project their own categories onto Brazilian society, and instead he suggests that Latin Americans and other peoples develop their own theories rooted in their own unique experiences. In this way *The Brazilian Puzzle* contributes to the end of an era of Brazilianists and the decolonizing of area studies.

Dr. Zeff offers practical advice that will help boys express their feelings, exhibit empathy, and increase their self-esteem in the family, at school, with friends, and in sports.

[Journey to Disappeared: Discovery, Map Whitman](#) , 2012, 0988269929, 9780988269927. Will the future destroy our civilization? Will the Earth revolt against the demons humanity has unleashed? Will humans transform themselves to rebuild a more compassionate society? Would you? Or is it already too late? The rising storms of corporate greed, peak

oil, climate change, pollution, species extinction, new viruses, and over-population have wrought an apocalypse in the not-too-distant future. Life there is recognizable, and yet a hauntingly contradictory blend of high tech and horse-and-buggy. Living on the precipice of this apocalypse, Alma and her brother Uly toil to maintain a mountain homestead safely tucked away from the pitiless corporations which control what remains of a technologically advanced civilization. There, Uly's mysterious panic attacks might go unnoticed by everyone but his family. But then their parents, working for a corporation to study a virus that attacks the human genetic code, join the long lists of people who have inexplicably Disappeared. Their mountain paradise shattered, Alma and Uly must make a choice. Do they hobble along in relative safety without their parents? Or do they risk a journey to Disappeared, knowing the corporation will send assassins to stop them? Their extraordinary odyssey through rugged mountains, parched high deserts, dangerous squatter towns, and surreal cutting-edge walled cities leads to cataclysmic discovery - about their civilization, their government, their environment, and ultimately about what it means to be human.

[Counselling for Anxiety Problems, Diana Sanders, Frank Wills](#) , 2003, 0761965750, 9780761965756. `Any cognitive therapy text which quotes from Alice in Wonderland is off to a good start - and in the case of Counselling for Anxiety Problems, it gets better and better. This is an excellent book written by counselling psychologists, aimed primarily at counselling psychologists. Diana Sanders and Frank Wills are experienced cognitive therapists, who, through various books, are performing a valuable role of building bridges between counsellors and the practice of cognitive therapists. In doing so, they lay to rest many of the misconceptions counsellors may have about cognitive therapy (often based on an 80s version of the therapy), and place particular emphasis on the central importance of therapeutic relationship in cognitive therapy, as in counselling. Their review and discussion of the anxiety disorders is comprehensive and

contemporary, as indicated by the number of references from the past five years. Furthermore their clinical experience, as well as their humour, shines through. Although primarily aimed at the counselling market, it will be just as useful for therapists from a variety of backgrounds. I can thoroughly recommend this book' - Amazon Review Anxiety is one of the most common psychological problems for which people seek help. Through research, major advances have been made in understanding the causes of anxiety, the different forms it takes and how problems perpetuate. In turn this has led to the development of more targeted ways of helping sufferers. Based on these findings, *Counselling for Anxiety Problems, Second Edition* presents accessible and up-to-date guidelines on the most effective ways of helping clients with anxiety problems. The authors outline general methods of working with anxiety sufferers and highlight the issues specific to this client group. Counsellors need to select appropriate interventions depending on the particular problems experienced by each client. The second part of the book therefore shows how to adapt counselling interventions to different forms of anxiety, such as: - panic - worry - agoraphobia - social and other phobias - health anxiety, and - obsessive-compulsive disorder (OCD). Whilst being cognitive in focus, the book is accessible to counsellors from different orientations who wish to broaden their understanding and skills in relation to anxiety. Based on the authors' own clinical experience, the book makes extensive use of detailed case examples to illustrate different ways of formulating and working with anxiety. *Counselling for Anxiety Problems, Second Edition* is suitable for practitioners of all levels, from those in training to those with more experience who wish to update and refresh their methods of working with anxious clients.

[Amidst Traffic: Short Stories, Michel Sauret](#) , 2012, 098837840X, 9780988378407. "Amidst Traffic" is a collection of high-caliber, interconnected short stories with a literary flair: A short-order cook digs a hole in his back yard to escape nightmares of mutilated children; A woman covers her body in tattoos to hold on to emotions that continue to slip away; A soldier who returns home from Iraq struggles with the idea of gratitude, which, if resolved, may save his marriage; A man begins a game of watching strangers to see what it feels like to play God. All of these stories, and others, are linked somehow. With each tale, more lines and connections begin to form. What initially feels like chaos, gradually begins to take order. A purpose exists that is unveiled by the end. Every story is crafted with a sense of compassion for the human spirit, while seeking answers about the conflicts we live through in everyday life. The characters in these stories will make you care about their struggles and hope for their redemption.

[Singapore: Wealth, Power and the Culture of Control, Carl A. Trocki](#) , 2005, 0203099834, 9780203099834. This volume examines Singapore's culture of control, exploring the city-state's colonial heritage as well as the forces that have helped to mould its current social landscape. Taking a comparative approach, Trocki demonstrates the links between Singapore's colonial past and independent present, focusing on the development of indigenous social and political movements. In particular, the book examines the efforts of Lee Yew Kuan, leader of the Peoples Action Party from 1959 until 1990, to produce major economic and social transformation. Trocki discusses how Singapore became a workers paradise, but what the city gained in material advancement it paid for in intellectual and cultural sterility. Based on the latest research, Singapore addresses the question of control in one of the most prosperous and dynamic economies in the world, providing a compelling history of post-colonial Singapore.

[Salquin to the Rescue, Rosie Reay](#) , 2010, 0971015716, 9780971015715. This is the second book in the Chimona Chronicles series for young readers and their parents. Here the critters of Lake Okanagan are helping with a rescue on the lake, as well as around the resort. This book provides a simple interweaving of two stories... the rescue of some Scottish tourists, and the rescue of a missing boat. An ideal travel and mystery title that will amuse the kids for hours - and not bore the parents too soon. Readers will recognize some of their favorite critters, as well as meet new ones, and see how they interact with humans - especially Salquin and the Boat Keeper. A matching online glossary and full character profile will help children learn some of the new places and words used. Once again, it contains some lovely illustrations to keep the attention of those who can't read yet, as well as to help tell the story and bring the critters special personalities to life.

[Field Theories of Condensed Matter Physics, , Eduardo Fradkin](#) , 2013, 0521764440, 9780521764445. Presenting the

physics of the most challenging problems in condensed matter using the conceptual framework of quantum field theory, this book is of great interest to physicists in condensed matter and high energy and string theorists, as well as mathematicians. Revised and updated, this second edition features new chapters on the renormalization group, the Luttinger liquid, gauge theory, topological fluids, topological insulators and quantum entanglement. The book begins with the basic concepts and tools, developing them gradually to bring readers to the issues currently faced at the frontiers of research, such as topological phases of matter, quantum and classical critical phenomena, quantum Hall effects and superconductors. Other topics covered include one-dimensional strongly correlated systems, quantum ordered and disordered phases, topological structures in condensed matter and in field theory and fractional statistics.

[Images Of Animals, Eileen Crist](#) , 2010, 1439904723, 9781439904725. Seeing a cat rubbing against a person, Charles Darwin described her as "in an affectionate frame of mind"; for Samuel Barnett, a behavioralist, the mental realm is beyond the grasp of scientists and behavior must be described technically, as a physical action only. What difference does this difference make? In Eileen Crist's analysis of the language used to portray animal behavior, the difference "is that in the reader's mind the very image of the cat's 'body' is transfigured...from an experiencing subject...into a vacant object." Images of Animals examines the literature of behavioral science, revealing how works with the common aim of documenting animal lives, habits, and instincts describe "realities that are worlds apart." Whether the writer affirms the Cartesian verdict of an unbridgeable chasm between animals and humans or the Darwinian panorama of evolutionary continuity, the question of animal mind is ever present and problematic in behavioral thought. Comparing the naturalist writings of Charles Darwin, Jean Henri Fabre, and George and Elizabeth Peckham to works of classical ethology by Konrad Lorenz and Nikolaas Tinbergen and of contemporary sociobiology, Crist demonstrates how words matter. She does not attempt to defend any of these constructions as a faithful representation of animal existence, but to show how each internally coherent view molds the reader's understanding of animals. Rejecting the notion that "a neutral language exists, or can be constructed, which yields incontestably objective accounts of animal behavior," Crist argues that "language is not instrumental in the depiction of animals and, in particular, it is never impartial with respect to the question of animal mind."

[The Philosopher At The End Of The Universe: Philosophy Explained Through Science Fiction Films, Mark Rowlands](#) , 2012, 1448116678, 9781448116676. 'It's Schopenhauer and the will. It's Plato, it's Hume, Baudrillard and the concept of the Nietzschean superman!' Keanu Reeves on The Matrix The Philosopher at the End of the Universe allows anyone to understand basic philosophical concepts from the comfort of their armchair, through the plots and characters of spectacular blockbusting science-fiction movies. Learn about: The Nature of Reality from The Matrix; Good and Evil from Star Wars; Morality from Aliens; Personal Identity from Total Recall; The Mind-Body Dilemma from Terminator; Free Will from Minority Report; Death and the Meaning of Life from Blade Runner; and much more. As someone once said, things must be said and knowledge known, and the cast list assembled to tell us does not disappoint: Tom Cruise, Plato, Harrison Ford, Immanuel Kant, Sigourney Weaver, Friedrich Nietzsche, Keanu Reeves and Rene Descartes. From characters in the biggest films (with lots of explosions and bad language) to Ludwig Wittgenstein (no explosions and too much language in general), hear all the arguments. I think, therefore... I'll be back!

[Hope Is an Imperative: The Essential David Orr, David W. Orr](#) , 2010, 1597267007, 9781597267007. For more than three decades, David Orr has been one of the leading voices of the environmental movement, championing the cause of ecological literacy in higher education, helping to establish and shape the field of ecological design, and working tirelessly to raise awareness of the threats to future generations posed by humanity's current unsustainable trajectory. Hope Is an Imperative brings together in a single volume Professor Orr's most important works. These include classics such as What Is Education For?, one of the most widely reprinted essays in the environmental literature, The Campus and the Biosphere, which helped launch the green campus movement, and Loving Children: A Design Problem, which renowned theologian and philosopher Thomas Berry called the most remarkable essay I've read in my whole life. The book features thirty-three essays, along with an introductory section that considers the evolution of environmentalism, section introductions that place the essays into a larger context, and a foreword by physicist and author Fritjof Capra. Hope Is an

Imperative is a comprehensive collection of works by one of the most important thinkers and writers of our time. It offers a complete introduction to the writings of David Orr for readers new to the field, and represents a welcome compendium of key essays for longtime fans. The book is a must-have volume for every environmentalists bookshelf.

[The Legion Condor: A History of the Luftwaffe in the Spanish Civil War, 1936-1939, Karl Ries, Hans Ring](#) , 1992, 0887403395, 9780887403392. This classic book now makes its first appearance in English. Long out-of-print this study is one of the few books dedicated to the history of the infamous Legion Condor, the German volunteer unit that fought with pro-Franco forces during the Spanish Civil War from 1936-1939. Many of the tactics and strategies of the Luftwaffe were first formulated and used during operations in Spain. Also, various aircraft were tested and used, such as the famous Ju 87, Do 17, He 111 and Bf 109 - all stalwarts of the later Luftwaffe during World War II. Many Luftwaffe pilots received combat training in Spain; Werner Molders and Adolf Galland first earned their wings as members of the Legion Condor. Renowned Luftwaffe experts Karl Ries and Hans Ring have brought together over 480 photographs, including aerial reconnaissance photos, detailed unit insignia, and action shots. The history of the Legion Condor is discussed in great detail, including the many personalities, thorough battle analysis, and technical aspects of the weaponry. The result is a superb historical study of the early Luftwaffe. Karl Ries is the author of many books on the Luftwaffe including Luftwaffe Rudder Markings 1936-1945 with Ernst Obermaier, available from Schiffer Military History. Hans Ring is co-author with Werner Girbig of a unit history of JG 27.

[God on Death Row, Michael Nadraus](#) , 2005, 0976918641, 9780976918646. Could convicted cannibal Jeffrey Dahmer get to heaven before you? If I shot thirteen people, could I still get to heaven? These and other questions are addressed in, God on Death Row. It's a journey through the lives of murderers and their amazing stories of finding faith in God, and salvation, as told through their letters. "Son-of-Sam" David Berkowitz, who once said, "I didn't want to hurt them; I only wanted to kill them," now calls himself the "Son of Hope." 19 convicted murderers in all. The book includes tons of personal letters, photos, last statements, last meals, etc.

[Reading Youth Writing: "new" Literacies, Cultural Studies & Education, ISSN 1523-9543, Michael Hoehsmann, Bronwen E. Low](#) , 2008, 1433101777, 9781433101779. This book aims to provide new insights into the complexities of theorizing contemporary adolescent literacies. It proposes a theoretical approach to understanding youth cultural production which addresses several lacunae in the field of new literacy research. Through a series of examinations of youth -writing both inside and outside of school, the book builds an approach to the study of contemporary youth expression that draws on the theoretical and methodological insights of cultural studies. The voices of youth are central, and both the content and form of what they have to say ground the project. Reading Youth Writing is intended for a cross-disciplinary academic

audience: it will be of particular interest to scholars and both undergraduate and graduate students in the fields of education, new literacy, cultural studies, communications and media studies, rhetoric and composition studies, sociology, and sociolinguistics. Since the content is based on youth cultural production in a period of economic and cultural globalization, the book has relevance to a broad international audience."

[The treatment of prisoners under international law, Nigel S. Rodley](#) , 1987, 0198255632, 9780198255635. Triggered by the atrocities of World War II, the last few decades have seen an increasing international awareness of the persistence of such practices as torture, abduction and arbitrary, summary, and extrajudicial execution committed or tolerated by state agents or officials. The government of the world have, through intergovernmental bodies such as the United Nations, been developing a complex and sophisticated set of rules aimed at ensuring the humane treatment of prisoners and allowing intercedence on behalf of prisoners whose personal saftey is at risk. This book describes and analyzes the main principles of international law that impose limitations on the ways governments may treat those they deprive of liberty.

[Indicators of School Crime and Safety: 2010, Jennifer Truman, Simone Robers, Jijun Zhang](#) , 2011, 0160872588, 9780160872587. Ensuring safer schools requires establishing good indicators of the current state of school crime and safety across the nation and regularly updating and monitoring these indicators. This is the aim of Indicators of School Crime and Safety. The indicators in this report are based on information drawn from a variety of data sources, including national surveys of students, teachers, and principals. Sources include results from a study of violent deaths in schools, sponsored by the U.S. Department of Education and the Centers for Disease Control and Prevention; the National Crime Victimization Survey and School Crime Supplement to the survey, sponsored by the BJS and NCES, respectively; the Youth Risk Behavior Survey, sponsored by the Centers for Disease Control and Prevention; and the Schools and Staffing Survey and School Survey on Crime and Safety, both sponsored by NCES. The most recent data collection for each indicator varied by survey, from 2007 to 2009. Each data source has an independent sample design, data collection method, and questionnaire design, or is the result of a universe data collection. The report covers topics such as victimization, teacher injury, bullying, school conditions, fights, weapons, availability oand student use of drugs and

alcohol, and student perceptions of personal safety at school. Indicators of crime and safety are compared across different population subgroups over time.

[The Age of Amy: Bonehead Bootcamp, Bruce Edwards](#) , 2012, 0983760411, 9780983760412. A diehard city girl, Amy is uprooted to the Midwest against her will. Miserable in her new home and unpopular at school, the 16-year-old blasts her parents for destroying her happiness. But when Amy's verbal attacks turn physical, she is sent away to a reformatory to learn some manners. Bonehead Bootcamp plays host to Amy and three other unruly -- and very competitive -- teenagers. The motley group is forced to navigate an obstacle course like those used for military training. The similarity ends, however, when climbing over a wall lands them in a frightening fantasy world of confusion, deception, and time-travel. The juvenile adversaries must now join forces as they search for a way back to reality. On their journey, they confront their individual character flaws through a series of freakish encounters, unveiling the hidden truths behind their rebellious natures.

[Beginning Philosophy, Richard Double](#) , 1999, 0195117816, 9780195117813. Beginning Philosophy offers students and general readers a uniquely straightforward yet challenging introduction to fundamental philosophical problems. Readily accessible to novices yet rich enough for more experienced readers, it combines serious investigation across a wide range of subjects in analytic philosophy with a clear, user-friendly writing style. Topics include logic and reasoning, the theory of knowledge, the nature of the external world, the mind/body problem, normative ethics, metaethics, free will, the existence of God, and the problem of evil. A concluding chapter outlines the worldview developed in the text and connects that view to questions about the meaning of life. The interconnection of philosophical problems and the relationship of philosophy and science are emphasized throughout. The book includes both extensive quotes from historical figures such as Aquinas, Descartes, and Hume and references to philosophically minded nonphilosophers like Dostoevski, Stephen Jay Gould, and Carl Sagan. Beginning Philosophy is designed for use in introductory philosophy courses at a wide range of institutions. It contains numerous pedagogical materials at the end of each chapter: sections called "misconceptions" list errors that introductory readers should avoid; guide questions prompt students to explain in their own words what the text is saying; review questions help students prepare for examinations; open-ended discussion questions call for independent judgment; and annotated bibliographies provide suggestions for further reading. The volume is further enhanced by a list of famous quotations from philosophers, a glossary of philosophical terms, a glossary of names of the most famous philosophers and scientists discussed in the text, and an extensive bibliography listing every work cited.

[The Empire Strikes Back?: The Impact of Imperialism on Britain from the Mid-nineteenth Century, Andrew Stuart](#)

[Thompson](#) , 2005, 0582438292, 9780582438293. `The Empire Strikes Back' will inject the empire back into the domestic history of modern Britain. In the nineteenth century and for much of the twentieth century, Britain's empire was so large that it was truly the global superpower. Much of Africa, Asia and America had been subsumed. Britannia's tentacles had stretched both wide and deep. Culture, Religion, Health, Sexuality, Law and Order were all impacted in the dominated countries. `The Empire Strikes Back' shows how the dependent states were subsumed and then hit back, affecting in turn England itself.
