[The Design and Performance of Road Pavements, David Croney](#) , 1997, 0070144516, 9780070144514. Build first-rate road pavements in a fraction of the time! You'll design longer-lasting, more cost-effective road pavements faster and within your budget--every time--when you have this guide at your fingertips. This plain-English problem-solver is the first tool to combine the latest analytical design techniques with the results of more than 60 years of real-world pavement studies. Its foolproof design system is guaranteed to take the sweat out of designing, specifying and building new road pavements--and maintaining current ones. Put this hands-on pavement consultant to work and get the instant know-how to: perform everyday design tasks faster than ever; validate your designs with real-world pavement test results; complete your projects on time and within tight budgets; meet current standards and specs: AASHTO, ASTM, PSA and others; identify flaws in your designs before construction begins; strengthen existing roads for increased safety and longer life; solve tough day-to-day problems--from measuring skid resistance to reducing pavement deformation; and much, much more.

[Unlocking Opportunities for Growth: How to Profit from Uncertainty While Limiting Your Risk, Alexander B. van Putten, Ian C. MacMillan](#) , 2009, 0132237903, 9780132237901. This book is a must for any Business Development Manager, Corporate Strategist, R&D Director, and anyone else who is accountable for growth in a corporation. It is an easy read that is practical and not fraught with useless academic theories. Ron Pierantozzi, Ph.D., CEO of PPT Research and Former Director, Business Development, Air Products & Chemicals, Inc. A Breakthrough Approach to Investing in Business Innovation Most companies analyze investments using tools that bias them against real innovation and lead them to avoid their best opportunities. This book introduces a breakthrough alternative: Opportunity Engineering. Drawing upon recent advances in financial analysis, but without requiring a lot of math, the authors show how to engineer the risk out of uncertain opportunities so you can pursue more high-payoff innovations. You'll learn how to escape from the go/no-go vise and implement more flexible decision-making that considers all the business alternatives, models, and opportunities associated with each project. You'll learn how to systematically structure high-potential projects to limit downside exposure and boost your potential upside. The authors show how to define the scope of investment opportunities,

identify key drivers of potential profits, document assumptions, design out major risks, and tease out key challenges and vulnerabilities. Using these techniques, you can escape the mindset that limits you to low-impact innovations and begin pursuing serious growth opportunities--and make business uncertainty work for you, not against you. Why companies avoid their best opportunities for innovation Getting past risk-averse analysis that snuffs out experimentation and innovation Systematically engineering your opportunities Capturing the upside, slicing out the downside Beyond rigid go/no-go decisions How flexible, staged innovation creates more opportunities for delivering value Constructing an engineered growth portfolio of innovation investments Optimizing your mix of core-enhancing investments and high potential long shots

[Wireless Multimedia: A Guide to the IEEE 802.15.3 Standard, James P. K. Gilb](#) , 2004, 0738136689, 9780738136684.

Wireless Multimedia: A Handbook to the IEEE 802.15.3 Standard clarifies the IEEE 802.15.3 standard for individuals who are implementing compliant devices and shows how the standard can be used to develop wireless multimedia applications. The 802.15.3 standard addresses an untapped market that does beyond 802.11 and Bluetooth wireless technologies. The standard addresses the consumer need for low-cost, high data-rate, ad-hoc wireless connections. Some of these applications include: wireless keyboards and printers, personal video and digital cameras, cordless telephones and intercoms, digital audio players and headphones, gaming (including interactive gaming, multiplayer consoles, handheld multiplayer gaming, digital music, video, and image uploads to handheld games), home theater system and stereo system components, video conferencing, and more! Navigating through the IEEE 802.15.3 standard to find the required information can be a difficult task for anyone who has not spent a considerable amount of time involved in standards development within the IEEE 802.15.3 Working Group. Written by Dr. James Gilb, Technical Editor of the IEEE 802.15.3 Standard, Wireless Multimedia contains an "insider's view" of the standard in which implementation issues that are not obvious in the text of the standard are highlighted with in-depth explanations. Impact the future of your business Wireless Multimedia: A Handbook to the IEEE 802.15.3 Standard brings it all together for those looking to standardize their wireless applications. It introduces and eases the implementation of devices compliant to the IEEE 802.15.3 standard. You will discover the types of implementations that were anticipated when the standard was developed, which will help you to determine what architectures are ideal for developing IEEE 802.15.3 products.

Reading Tree remains the nation's favourite reading scheme and countless children have learnt to read with Biff, Chip, and Kipper. We are delighted to unveil its fresh new look for today's children, teachers and parents, with lively new covers and fresh artwork. Engaging new artwork and covers Alex Brychta's unique style of artwork enthralls and entertains children, and the fresh new look will heighten their pleasure in reading the stories. With freshly drawn artwork for all the favourite core stories at Stages 2 - 5 and fantastic new covers, Oxford Reading Tree is more appealing than ever! Stories children love The Oxford Reading Tree stories have always captivated children's imagination, inspiring them to read - and the stories and characters in the new editions haven't changed at all. Apart, that is, from an exciting new story at Stage 3, The Egg Hunt, which replaces the Dolphin Pool. Simplified structure We have also simplified the structure of the scheme in response to feedback from you: Owls Storybooks become Stages 6 and 7 Storybooks; magpies become Stages 8 and 9 Storybooks; wrens at Stage 2 have become patterned stories at Stage 1+; and wrens at Stage 3 are now patterned stories at Stage 2. New teaching support material In addition to the existing guided reading cards, perfect for use in guided reading sessions, we have brought out new teaching materials to reflect the needs of teachers in today's classroom: DT Flexible, friendly teacher's notes included FREE with each pack of Oxford Reading Tree books - these are easy to store and will save you hours of preparation! DT New Take-Home cards for every Storybook from Stages 1 - 9 to help parents or carers get the most out of reading with their child DT Free resources website at www.oup.com/uk/primary with downloadable photocopy masters New Teacher's Handbook and special edition for Scotland

[Lost Detroit: Stories Behind the Motor City's Majestic Ruins, Dan Austin](#), 2010, 1596299401, 9781596299405. Lost Detroit tells the stories behind 12 of the city's most beautiful, all-but-forgotten landmarks and of the people behind them, from the day they opened to the day they closed. While these buildings might stand as ghosts of the past today, their stories live on within these pages. The team behind BuildingsofDetroit.com brings you the memories of those who caught trains out of the majestic Michigan Central Station, necked with girlfriends in the balcony of the palatial Michigan Theatre, danced the night away at the Vanity Ballroom and kicked out the jams at the Grande Ballroom. As Detroit Free Press

Architecture Critic John Gallagher said, the buildings in these pages "held a central place in the story of Detroit's Auto Century. It was America's story, too. Detroiters lived, loved, toiled, played, celebrated and dreamed great dreams in these buildings and thereby helped shape a nation."

[Thirty Girls, Susan Minot](#) , 2014, 0307266389, 9780307266385. The long-awaited novel from the best-selling, award-winning author of *Evening* is a literary tour de force set in war-torn Africa. Esther is a Ugandan teenager abducted by the Lord's Resistance Army and forced to witness and commit unspeakable atrocities, who is struggling to survive, to escape, and to find a way to live with what she has seen and done. Jane is an American journalist who has traveled to Africa, hoping to give a voice to children like Esther and to find her center after a series of failed relationships. In unflinching prose, Minot interweaves their stories, giving us razor-sharp portraits of two extraordinary young women confronting displacement, heartbreak, and the struggle to wrest meaning from events that test them both in unimaginable ways. With mesmerizing emotional intensity and stunning evocations of Africa's beauty and its horror, Minot gives us her most brilliant and ambitious novel yet.

[A Long Way from You, Gwendolyn Heasley](#) , 2012, 006197885X, 9780061978852. For too long, Kitsy has had to satisfy her dreams of becoming a real artist by giving her friends makeovers before prom. So when her best friend Corrinne's family offers to sponsor her for a summer art course in New York City, Kitsy bids a temporary good-bye to Texas to say hello to the West Village. Between navigating the subway and the New Yorkersnamely, the Art Boy who has a nice trick of getting under her skinKitsy knows that this summer is going to be about a lot more than figure drawing.

[Test Your Cultural Literacy, Diane Zahler](#) , 1993, . A runaway smash hit in its first edition, this fascinating quiz book dared Americans to prove their knowledge of Western and global culture--and wound up a national bestseller. Now it's back to challenge and entertain a new crop of readers and to offer brand-new coverage of the key events and ideas that are reshaping today's world. Photographs and locator maps.

[Hector and the Search for Lost Time: A Novel, Francois Lelord](#) , 2012, 1101587415, 9781101587416. The delightful third book in the multimillion-copy internationally bestselling series *Being up against the clock* was a real problem for so many people, thought Hector. What could he possibly do to help them? First he tackled happiness. Then he took on love. And

now Hector, our endearing young French psychiatrist, confronts the persistent march of time. His patients lament that there is not enough time in the day. Or they feel that life is passing them by. And in one case, a young boy turns the problem on its head: He's impatient to grow up! Hector himself is increasingly aware of time: He doesn't feel quite so young anymore, and the clock is ticking on his relationship with his beloved Clara. So as time flies, so does our wise and winsome hero in his latest adventure, traveling around the world to understand the past, the future, and how best to enjoy the present.

[Cops, Mark Baker](#) , 1989, 0671685511, 9780671685515. [Langrishe, Go Down, Aidan Higgins](#) , 2007, 1905494467, 9781905494460. To the people of Celbridge, County Kildare, the name Langrishe spells money, position and respect. Yet long years of parsimony and neglect are telling on the family home and its inhabitants. Here, Imogen begins her discreet affair with Otto Beck, the German who has lived rent-free in the Langrishe farm longer than any of them can remember.

[Nelson Qmaths for the Australian Curriculum 9, Stephen Swift, Ross Brodie, Stephen Corcoran, Sue Garner](#) , 2012, 0170194817, 9780170194815. Nelson QMaths for the Australian Curriculum 7 a 10 is a brand new series that has been developed to support teachers implementing the Australian Mathematics Curriculum for Years 7 a 10 students in Queensland. Each student book gives access to the NelsonNet online student resources. NelsonNet and the NelsonNetBook (interactive eBook) are available to teachers and students who use the accompanying student book as a core educational resource in their classroom.

[Sunset in Sarasota, Piero Rivolta](#) , 2007, 0979201209, 9780979201202. When his longtime lover, Marianne, unsettles a comfortable relationship by her search for greater commitment and meaning, Albert embarks on his own quest for love. Leaving behind a successful career in high finances his newly awakened discontent leads him from Wall Street to London, Milan and the Vermont woods. He eventually settles in Sarasota. Haunted by lost opportunities, he looks back at their time together with nostalgia and ponders what is really important in life, work, society and himself. Alienation and disillusionment, cause his vision and insight to shift. He passes through friendships, relationships, and engaging projects, until he finally discovers the one truth that both anchors his soul and sets him free. to sail into the mystical light and spectacular sunsets in Sarasota. This first book in the Sarasota Trilogy conveys the tender musings of a man's quest for love and understanding in poetic prose that engages the heart and mind of the reader like a siren's song.

[The Spider Truces, Tom Connolly](#) , 2010, 0956251528, 9780956251527. Ellis is a quirky soul - awkward, sensitive and with an often embarrassing habit of speaking his thoughts out loud. Between early attempts at relationships, building jobs,

flat-sharing and drug-addled nights on the beach, he muddles his way towards adulthood. Family banter is Ellis' lifeline - a counterpoint to the constant heartache of his desire to know something, anything, about his mother. Set against the background of 1980s rural Kent, Connolly's novel is a moving portrait of growing up.

[Bushels and Bales: A Food Soldier in the Cold War, Howard Steele](#) , 2008, 0980081491, 9780980081497. Poverty and prosperity, fear and fun, mistakes, corruption, incompetence, language and cultural glitches, and developmental successes-the author recounts his government service on six continents in a 34-year career. Take one Pennsylvania-born, university-trained development economist, mix with the people, problems, and opportunities of 43 countries, stir in a variety of U.S. government programs, and you can learn a lot. Howard Steele certainly did, and survived gun-toting Bolivian revolutionaries, Viet Cong mortar and rifle fire, deadly anarchy in Sri Lanka, a shakedown by Tanzanian police, Taiwanese cockroaches the size of kittens, and sheep's eye stew in Saudi Arabia. Marriage survival was more difficult. As Steele advanced from midlevel technician to a senior rank U.S. representative, he at times had to battle his own government and navigate its bureaucracy, just as he did with dozens of overseas regimes and their national cultures. From Brazil, just after its 1964 revolution, to Switzerland in 1995-with assignments in South Vietnam, Guatemala, Bolivia, Honduras, Costa Rica, Saudi Arabia, Iran, and Nepal, among numerous others along the way-Steele recounts his service on six continents in a 34-year career. He tells it as it happened, no partisan spin, all authentic, on-the-scene detail. Poverty and prosperity, fear and fun, mistakes, corruption, incompetence, language and cultural glitches, and developmental successes are all here.

[The Terror Courts: Rough Justice at Guantanamo Bay, Jess Bravin](#) , 2013, 0300189206, 9780300189209. Soon after the September 11 attacks in 2001, the United States captured hundreds of suspected al-Qaeda terrorists in Afghanistan and around the world. By the following January the first of these prisoners arrived at the U.S. military's prison camp in Guantanamo Bay, Cuba, where they were subject to President George W. Bush's executive order authorizing their trial by military commissions. Jess Bravin, the Wall Street Journal's Supreme Court correspondent, was there within days of the prison's opening, and has continued ever since to cover the U.S. effort to create a parallel justice system for enemy aliens. A maze of legal, political, and moral issues has stood in the way of justice issues often raised by military prosecutors who found themselves torn between duty to the chain of command and their commitment to fundamental American values. While much has been written about Guantanamo and brutal detention practices following 9/11, Bravin is

the first to go inside the Pentagon's prosecution team to expose the real-world legal consequences of those policies.

Bravin describes cases undermined by inadmissible evidence obtained through torture, clashes between military lawyers and administration appointees, and political interference in criminal prosecutions that would be shocking within the traditional civilian and military justice systems. With the Obama administration planning to try the alleged 9/11 conspirators at Guantanamo and vindicate the legal experiment the Bush administration could barely get off the ground, the Terror Courts could not be more timely.

[Mystic City, Theo Lawrence](#) , 2012, 0375986421, 9780375986420. For fans of Matched, The Hunger Games, X-Men, and Blade Runner comes a tale of a magical city divided, a political rebellion ignited, and a love that was meant to last forever. Book One of the Mystic City Novels. Aria Rose, youngest scion of one of Mystic City's two ruling rival families, finds herself betrothed to Thomas Foster, the son of her parents' sworn enemies. The union of the two will end the generations-long political feud and unite all those living in the Aeries, the privileged upper reaches of the city, against the banished mystics who dwell below in the Depths. But Aria doesn't remember falling in love with Thomas; in fact, she wakes one day with huge gaps in her memory. And she can't conceive why her parents would have agreed to unite with the Fosters in the first place. Only when Aria meets Hunter, a gorgeous rebel mystic from the Depths, does she start to have glimmers of recollection and to understand that he holds the key to unlocking her past. The choices she makes can save or doom the city including herself.

[Introduction to Political Sociology: The Social Anatomy of the Body Politic, Anthony M. Orum](#) , 1983, 013491399X, 9780134913995. This comprehensive collection of readings shows the broad social bases of politics and identifies how politics and actions by government can influence the fate of nations and their citizens. The text provides insight into recent political sociological theories and helps students make sense of the many major social and political changes taking place in the world. Text focuses on the economy and politics, states and societies, civil society and politics, basic forms of political rule, power and equality in modern America, political parties and citizen participation. For individuals interested in a comprehensive look at social movements and political changes.

entire teams-Plumbing the depths of several complex topics, including eating disorders and injury and identity issues. In addition to covering some of these complex and deeply personal topics, the text details the fundamental issues of applied sport psychology, including developing the consultant-client relationship and connecting with teams, coaches, and individuals. In dealing with relationships a sport psychologist would typically face, *Sport Psychology in Practice* addresses serious ethical and philosophical issues and asks more general questions about the field and how to work with clients. *Sport Psychology in Practice* contains insights from an elite list of contributors who explain, using real-life examples, how they successfully and ethically do sport psychology. Methods that have worked for the most respected practitioners in the field are presented with an informal, engaging approach and rely substantially on dialogue and actual experiences. In addition, the book offers expert commentary after three chapters, expanding on the issues within each of those chapters. It includes an afterword that analyzes the key points in the book. This book is a great starting point for discussion among students and long-time practitioners regarding how the field should evolve and what issues should continue to be debated. Part I of *Sport Psychology in Practice* addresses the processes of presenting sport psychology to groups, including youths and disabled athletes. Part II tackles the complex issues surrounding athletes' concerns and ethical situations. The authors discuss cases that required great compassion in dealing with athletes in fragile conditions and precarious situations. Part III explores issues related to working with diverse athletes, including athletes of color and gay and lesbian athletes. You will consider the challenges these athletes face, the development of the relationships between the athletes and sport psychologists, and considerations of sport psychologists' own prejudices and human frailty. *Sport Psychology in Practice* covers the fundamentals and delves into complex and even threatening areas. It pushes the practice of sport psychology further than most other texts. With its coverage of taboo topics and its occasional use of frank language, it will be sure to provoke debate, discussion, and controversy and to be a solid resource for students and professionals alike.

[8 1/2 Steps to Writing Faster, Better, Daphne Gray-Grant](#) , 2008, 0980887712, 9780980887716. So many people hate writing- but the problem is, they've never been taught how to do it properly! 8 1/2 Steps to Writing Faster, Better removes the mystery from the process - and gives you a blueprint for writing success. Using the metaphor of painting a room, former journalists turned writing coach Daphne Gray-Grant Describes the separate and distinct steps of writing and why they must be done in a particular order - just as you wouldn't paint a room before you finish sanding.

[Roughing it, Volume 3, , ISBN 0195113454, 9780195113457, , Mark Twain](#) , 1996, 0195101332, 9780195101331. "It wasn't clear in 1870 what sort of sequel Twain might devise after the triumph of *The Innocents Abroad*, but all indications suggest that he would continue to excel as a writer of humorous travelogue. Instead, he surprised readers and himself by taking an enormous step in the direction of literary fiction, creating a book that continues to dazzle with the variety of its many idioms and the sheer exuberance of its depiction of frontier life," Henry Wonham tells us in his afterword. Marking a crucial phase in the author's life and career, *Roughing It* vividly recounts Twain's adventures in the West. Twain blends autobiography and tall tale to produce this engaging humorous account of six boisterous years in Nevada, San Francisco, and Hawaii. Genteel culture meets frontier culture head-on in this wildly inventive, high-spirited book, and neither will ever be the same.

[Singers and the Song, Graham Lees, Gene Lees](#) , 1989, 0195060873, 9780195060874. Led by Frank Sinatra, the generation that emerged during and after World War II raised the performance of the popular song to the level of art. Gene Lees' fascinating book examines some of the most gifted of these singers, including Sinatra, Dick Haymes, Peggy Lee, Jo Stafford, and Sarah Vaughan. Far from being the simple intuitive performers the public thought it knew, these people emerge--in *Singers and the Song*--as intelligent, skillful, and fully conscious artists dedicated to their work. Lees also discusses the composers, including the great film composer, Hugo Friedhodfer, and the supremely talented lyricist, Johnny Mercer; explores the language of the popular song; focuses on the social history of twentieth-century America,

seen through the mirror of popular music; and examines the theme of war, from the Viking conquest of northwestern France, through World War II, to the present.

[Born to Rise: A Story of Children and Teachers Reaching Their Highest Potential, Deborah Kenny](#) , 2012, 0062106201, 9780062106209. Deborah Kenny was a young mother of three small children seeking to make sense of her life amid the despair of her husband's untimely death when she decided to devote herself to radically reinventing public education. Born to Rise recounts a journey that led Kenny to risk her life savings to open schools in Harlem while proving that all children, regardless of socioeconomic circumstances, can learn at high levels. Students enter Harlem Village Academies several years behind grade level, but in just a few years they are transformed, ranking among the highest in the nation with 99 percent of eighth graders meeting proficiency standards in math, science, and social studies. How do they do it? For the first time, Kenny shares the groundbreaking strategy that took ten years to develop. She reveals the secret to creating a powerful workplace culture that attracts the most talented people and brings out their passion and highest performance a culture that produces stunning student achievement and teachers who regularly use words like magical to describe the workplace environment. Born to Rise is the moving and strikingly candid account of Kenny's deeply personal dream: to pursue social justice for our nation's most vulnerable children. Part memoir, part manifesto, it is a hopeful and practical exposition of what it takes to transform schools and create organizations where the staff lights up with entrepreneurial drive. It is a must-read for anyone who cares about children and the future of this country, as well as for leaders who want to motivate and inspire fierce dedication in their employees.

[Treasure Hunters - FREE PREVIEW EDITION \(The First 10 Chapters\), James Patterson, Chris Grabenstein](#) , 2013, 0316278599, 9780316278591. From the #1 New York Times bestselling author of Middle School, the Worst Years of My Life and I Funny comes a brilliantly original new adventure series, jam-packed with action, humor, and heart! The Kidd siblings have grown up diving down to shipwrecks and traveling the world, helping their famous parents recover everything from swords to gold doubloons from the bottom of the ocean. But after their parents disappear on the job, the kids are suddenly thrust into the biggest treasure hunt of their lives. They'll have to work together to defeat dangerous pirates and dodge the hot pursuit of an evil treasure hunting rival, all while following cryptic clues to unravel the mystery of what really happened to their parents--and find out if they're still alive.

[I Dare You!, William H. Danforth](#) , 2007, 9561001594, 9789561001596. I DARE YOU is for the daring few who are headed somewhere. Those afraid to Dare might as well pass it up. It will weary the lazy because it calls for immediate action. It will bore the sophisticated, and amuse the skeptics. It will antagonize others. Some will not ever know what it is all about. It will not be over popular because it calls for courage, swift and daring. But in the eyes of you, one of the

priceless few, I trust will come a gleam of battle as you read on. You can be a bigger person than you are and I am going to prove it to you. -adapted from the Author's Preface

[Alienated, David O. Russell, Andrew Auseon](#) , 2009, 1416996869, 9781416996866. Aliens are among us, and eighth-graders Gene and Vince regularly report on their existence via the Globe, their weekly tabloid. Most readers don't take the articles seriously, but when the pair outs the school guidance counselor as a closet alien, their story gets a lot of attention of the wrong kind. Gene and Vince are suddenly at the center of an intergalactic conflict, one that could be the death of their friendship and of the boys themselves. Ample humor and inventive storytelling make for a hilarious, surprising adventure that will keep readers glued to every page.

[Pretty Birds, Scott Simon](#) , 2006, 0812973305, 9780812973303. The universally respected NPR journalist and bestselling memoirist Scott Simon makes a dazzling fiction debut. In *Pretty Birds*, Simon creates an intense, startling, and tragicomic portrait of a classic character a young woman in the besieged city of Sarajevo in the early 1990s. In the spring of 1992, Irena Zaric is a star on her Sarajevo high school basketball team, a tough, funny teenager who has taught her parrot, *Pretty Bird*, to do a decent imitation of a ball hitting a hoop. Irena wears her hair short like k. d. lang, and she loves Madonna, Michael Jordan, and Johnny Depp. But while Irena rocks out and shoots baskets with her friends, her beloved city has become a battleground. When the violence and terror of ethnic cleansing against Muslims begins, Irena and her family, brutalized by Serb soldiers, flee for safety across the river that divides the city. If once Irena knew of war only from movies and history books, now she knows its reality. She steals from the dead to buy food. She scuttles under windows in her own home to dodge bullets. She risks her life to communicate with an old Serb school friend and teammate. Even *Pretty Bird* has started to mimic the sizzle of mortar fire. In a city starved for work, a former assistant principal offers Irena a vague job, duties as assigned, which she accepts. She begins by sweeping floors, but soon, under the tutelage of a cast of rogues and heroes, she learns to be a sniper, biding her time, never returning to the same perch, and searching her targets for the mist that marks a successful shot. Ultimately, Irena's new vocation will lead to complex and cataclysmic consequences for herself and those she loves. As a journalist, Scott Simon covered the siege of Sarajevo. Here, in a novel as suspenseful as a John le Carr thriller, he re-creates the atmosphere of that place and time

and the pain and dark humor of its people. *Pretty Birds* is a bold departure, and the auspicious beginning of yet another brilliant career for its author. From the Hardcover edition.

[War, Terrible War, 1855-1865](#), Joy Hakim , 2003, 0195168534, 9780195168532. The teaching guides developed for Elementary schools were created to support 5th grade American history content standards and learning frameworks. They present lesson ideas for each chapter and also groups of chapters called Parts. Part activities help to set context for reading and present overview concepts for the chapters, as well as introduce timeline and map concepts to help frame understanding. Part summaries include project and activity ideas. Chapter lessons are presented in an Ask-Discuss-Write format and focus heavily on nonfiction literacy skill and reading comprehension concepts. In addition, each Chapter lesson includes additional activities to reinforce reading skills, vocabulary retention and differentiated instruction. Reproducible assessments, worksheets graphic organizers and rubrics are found at back.

[A Short History of the Movies](#), Gerald Mast, Bruce F. Kawin , 2011, 0205210627, 9780205210626. This is the essential core of Mast and Kawin's classic in a streamlined volume: the most accurate, carefully updated account of cinema today in a clear and lively book. Building on Mast's astute and lively history of cinema, Kawin has refined and updated the fascinating story of cinema's evolution from its earliest beginnings to the digital age. Probing deeper than most movie books, he takes us into the studio vaults, corrects the record, discloses what goes on inside the industry, clarifies the mysteries of movie technology, and offers a precise, thoroughly researched account. Kawin's analysis is witty and engaging, rich in instructive insights and entertaining illustrations of the art, history, technology, business, and fun of film. Now the essentials of Mast and Kawin's classic book are available in a compact version, judiciously streamlined at an even trimmer price.

[Thimble Summer, Elizabeth Enright](#) , 1938, 0140300899, 9780140300895. A few hours after nine-year-old Garnet Linden finds a silver thimble in the dried-up riverbed, the rains come and end the long drought on the farm. The rains bring safety for the crops and the livestock, and money for Garnet's father. Garnet can't help feeling that the thimble is a magic talisman, for the summer proves to be interesting and exciting in so many different ways. There is the arrival of Eric, an orphan who becomes a member of the Linden family; the building of a new barn; and the county fair at which Garnet's carefully tended pig, Timmy, wins a blue ribbon. Every day brings adventure of some kind to Garnet and her best friend, Citronella. As far as Garnet is concerned, the thimble is responsible for each good thing that happens during this magic summer-- her thimble summer.

[The Ballad of the Sad Caf, Carson McCullers](#) , 2012, 0141912405, 9780141912400. A classic work that has charmed generations of readers, this collection assembles Carson McCullers's best stories, including her beloved novella "The Ballad of the Sad Caf." A haunting tale of a human triangle that culminates in an astonishing brawl, the novella introduces readers to Miss Amelia, a formidable southern woman whose caf serves as the town's gathering place. Among other fine works, the collection also includes "Wunderkind," McCullers's first published story written when she was only seventeen about a musical prodigy who suddenly realizes she will not go on to become a great pianist.

[The International Dimension in the National Curriculum, Rex Andrews](#) , 1994, 0948080620, 9780948080623. [Plant Technology of First Peoples in British Columbia, ISSN 1188-5114, Nancy J. Turner](#) , 1998, 0774806877, 9780774806879. Nancy Turner focuses on the plants that provided heat, shelter, transportation, clothing, clothing, nets, ropes, and containers -- the necessities of life for First Peoples in B.C. and adjacent territories. She also shows how plant materials were effectively used in many other ways, such as for decoration and ornamentation, as scents, cleansing agents, and insect repellents, and for recreational activities. Over the millennia, the First Peoples have become highly skilled in the arts of working with plant materials. Turner describes more than 100 plants, their various uses and their importance in the material cultures of First Nations. Each description has a colour photograph of the plant to aid in its identification.

[The Oxford Handbook of Crime and Public Policy, Michael Tonry](#) , 2011, 0199844658, 9780199844654. Much of the scholarly literature and principal books on criminal justice and crime control policy take the operations of the criminal justice system, the causes of crime and delinquency, theories about crime and justice, and crime prevention as the central topics for study and policy analysis. But law enforcement and public officials create policy responses to specific crimes, not broad categories of offenses. In order to develop the most effective policies, one needs to understand why particular crimes occur and what approaches might best prevent them or minimize the harm they cause. Taking this fresh perspective, The Oxford Handbook of Crime and Public Policy offers a comprehensive examination of crimes as public policy subjects. Michael Tonry, a leading authority on criminology, has brought together the most distinguished active scholars in the field to present a wide-ranging overview and analysis of violent and sexual crimes, property crimes, transactional crimes, transnational crimes, and crimes against morality. The crimes investigated range from often-discussed offenses (homicide, auto theft, sexual violence) to those that only recently began to receive attention (child abuse, domestic violence, environmental crimes); it includes new crimes (identity theft, cybercrime) as well as age-old crimes (drug abuse, gambling, prostitution). Written in a straightforward and accessible manner, each chapter explains why crimes happen, how often, and what we know about efforts to prevent or control them. Aimed at a wide audience of scholars, students, and policy makers, the Handbook is the definitive reference work on crimes and public policy responses to them.

[Mineral Exploration: Principles and Applications, S. K. Haldar](#) , 2013, 0124160050, 9780124160057. Globally, mineral exploration has grown significantly in recent years, driven by the rapid acceleration in prices for gold and diamonds since 2004 and the emergence of a middle class in both China and India-aggressively increased demand. Despite this resurgence, no single book has been published that takes an interdisciplinary approach in addressing the full scope of mineral exploration-from mining and extraction to economic evaluation, policies, sustainability, and environmental impacts. Mineral Exploration: Principles and Applications accomplishes this by presenting each topic with theoretical approaches first followed by specific applications that can be immediately implemented in the field. Presents 16 case studies that allow readers to quickly apply exploration concepts to real-life scenarios in the field Includes more than 200 illustrations and full-color photographs that aid the reader in retaining key procedures and applications Each chapter is structured so that its topic is discussed theoretically first followed by specific applications Combines both theory and application in a multidisciplinary reference that thoroughly addresses the full scope of mineral exploration Authored by an instructor with more than 30 years of experience in the field and a decade as a consultant for commercial mining companies

The fifth novel in the Equations series: Forty years have passed since the end of the Krogg War, and the strains on the peace are showing. With the growing Freetown colony facing challenges from the Church settlement at Ecclesia, and the militant elements of the Church of Genesis resurging and resisting the government of President Sarah Manchester, conflict seems imminent. Meanwhile, the Larosians struggle to save their civilization from the plague that ravages it, and the Kroggs remain seemingly silent under the Earthers' watchful eyes. How long can peace last? As Setter Caine retires from his position as First Consul of the government of Earth, it becomes clear that the Earther people will have to face old enemies, and fight

battles they thought were far behind them.

[The Civil War Diary Quilt: 121 Stories and The Quilt Blocks They Inspired, Rosemary Youngs](#) , 2005, 1440220816, 9781440220814. The Civil War era was a time of great tragedy and triumph, and for a diverse group of women it was a distinctive thread in their lives and their quilting. Quilters and historians alike will appreciate the timeless lessons shared through actual diary entries and 121 related quilt blocks featured in *The Civil War Diary Quilt*, from Rosemary Youngs, author of the innovative book, *The Amish Circle Quilt*. This reference incorporates instructions, list of supplies, a photo gallery, and 121 quilt blocks inspired by actual diary entries from 10 women living during the Civil War. Readers meet a variety of women including: Mary Austin Wallace, through her stories about running a 160-acre farm in Michigan while her husband is away at war; 17-year-old Emma Florence LeConte, as she recounts the day the Union army set a path to destruction through Columbia, SC; and Rachel Young King Anderson, who moved away from Tennessee with her husband and children to start a new life. In addition to the 121 blocks that make a full quilt, this must-have reference includes smaller projects that use the same blocks.

[Trackers: Level 6: Non-Fiction: Zebra Tracks Class Pack \(36 Books, 6 of Each Title\), Sarah Fleming](#) , 2004, 0198384505, 9780198384502. Trackers Level 6 Non-Fiction matches the quality of any mainstream resource and gives struggling readers the motivation and interest to want to read. Trackers also teaches and practises more of the key reading skills than any other SEN course, e.g. high frequency words, phonics, syntax and semantics, whilst complementing and extending the Additional Literacy Support (DFES) and Further Literacy Support (DFES) initiatives. The teaching support, high quality PCMs in the Teacher's Guides to Guided Reading Booklets, has been written for the range of adults who work with struggling readers.

[Ethics in IT Outsourcing, Tandy Gold](#) , 2012, 1439850623, 9781439850626. In IT divisions and organizations, the need to execute in a competitive and complex technical environment while demonstrating personal integrity can be a significant personal and organizational challenge. Supplying concrete guidelines for those at an ethical crossroads, *Ethics in IT Outsourcing* explores the complex challenges of aligning IT outsourcing programs with ethical conduct and standards. This one-stop reference on the ethical structure and execution of IT outsourcing incorporates an easy-to-apply checklist of principles for outsourcing executives and managers. It examines certification programs, such as the online ethics training and certification offered by the Code of Ethics and Business Practice Standards for Outsourcing Professionals established by the International Association of Outsourcing Professionals (IAOP). Based upon significant research on the economic impact of outsourcing at a micro, macro, and corporate level, this volume defines a comprehensive set of ethical program components to ensure your program is aligned with ethical guidelines. Based on a solid foundation of documented research and analysis *Ethics in IT Outsourcing* examines the ethical impact of outsourcing on individuals, corporations, and society. *Ethics in IT Outsourcing* outlines a new corporate capability: the Ethics PMO. Includes a list of tools to help readers establish their own Ethics PMO. Filled with authoritative insights based on the authors' decades of experience working with large firms in IT and outsourcing, this book is suitable for both veteran IT practitioners and stakeholders new to the topic. A must-read for anyone seeking to understand the underlying issues in this area of growing importance, it will bring you up to speed on the recent developments you need to be aware of to ensure ethical personal, corporate, and societal decision-making. Readers are invited to participate in the growing dialog of business ethics, and IT outsourcing ethics in particular, at the authors' website: www.ethicsinit.com

[Dashing Dog!, Margaret Mahy](#) , 2003, 071121977X, 9780711219779. In this illustrated story a family take their beautifully groomed giant poodle for a walk on the beach. Events take an unexpected twist when the family's baby falls in the water and Dashing Dog jumps in and rescues her! Now he looks an utter mess, but of course the family hails him as a hero.

[Occupational First Aid: Incorporating HLTA402B Apply Advanced First Aid, HLTA403A Manage First Aid in the Workplace, John Haines](#) , 2011, 098707041X, 9780987070418.

[The Numerology of the I Ching: A Sourcebook of Symbols, Structures, and Traditional Wisdom, Taoist Master Alfred Huang](#) , 2000, 0892818115, 9780892818112. The first book to cover the complete Taoist teachings on form, structure, and symbol in the I Ching. Provides many new patterns and diagrams for visualizing the layout of the 64 hexagrams. Includes advanced teachings on the hosts of the hexagrams, the mutual hexagrams, and the core hexagrams. Written by Taoist Master Alfred Huang, author of *The Complete I Ching*. *The Numerology of the I Ching* is the first book to bring the

complete Taoist teachings on form, structure, and symbol in the I Ching to a Western audience, and it is a natural complement to Alfred Huang's heralded Complete I Ching. It examines not only the classic circular arrangement of the eight trigrams but also the hidden numerology in this arrangement and its relationship to tai chi and the Chinese elements. Huang explains the binary code underlying the I Ching, the symbolism behind the square diagram of all 64 hexagrams, and Fu Xi's unique circular layout of the 64 hexagrams, completely unknown in the West. Entire chapters are devoted to such vital material as the hosts of the hexagrams, the mutual hexagrams, and the core hexagrams--all barely hinted at in previous versions of the I Ching. With appendices listing additional symbolism for each hexagram, formulas for easily memorizing the Chinese names of the sixty-four hexagrams, and much more, The Numerology of the I Ching is a must for serious I Ching students.

[She: A History of Adventure, H. Rider Haggard](#) , 2003, . "She" is Ayesha, the mysterious white queen of a Central African Tribe-and the goal of three English gentlemen, who must face shipwreck, fever, and cannibals in their quest to find her hidden realm. First published in 1887, She has enthralled the imaginations of many-from Freud, who prescribed the book to one of his patients, to the generations of readers, who remain fascinated by the book's revealing and fantastic representations of dangerous women, adventuring men, and unexplored Africa. Available for the first time from Penguin Classics, this edition of one of the most famous works of popular literature includes a critical introduction, suggestions for further reading, and explanatory notes. Edited by Patrick Brantlinger.

[IRS Tax Preparer Course and RTRP Exam Study Guide 2012, Rain Hughes](#) , 2012, 0983279454, 9780983279457. How do you become a Registered Tax Return Preparer (RTRP)? You do not need an advanced degree, or even a college education; however, it does require some work. First, you must prepare for the IRS competency exam. The IRS has two separate tests that you can take depending on the type of returns you will file. This course covers both tests and provides FREE access to an online test bank for you to practice. Practice exams are also available online. We designed this course with you in mind, utilizing the experience of Enrolled Agents, CPA's and former IRS employees. In addition to providing you with a solid foundation in tax knowledge, this course has the essential material you must know to pass the test. New regulations require all paid tax return preparers-other than certain exempt individuals-to register for a PTIN, pass a competency exam, and complete 15 hours of annual continuing education. These registered tax return preparers will need to follow the rules in Circular 230 but are not enrolled to practice before the IRS.

sexually abused children. This book provides clinicians with activities and ideas that they can use in any treatment program. Each chapter in *Paper Dolls and Paper Airplanes* is based on a particular treatment issue. Whether carrying out an individual or group program, the therapist can select from a variety of paper-and-pencil exercises, role-playing activities, therapeutic games, puppet shows, and music and art activities. The chapters need not be followed in order—they may be adapted to be used in the client's comprehensive treatment plan. The activities have been designed to appeal to children, using accepted treatment objectives. The many games and craft activities in *Paper Dolls and Paper Airplanes* are professional tools to be used as springboards to help sexually traumatized children. Book jacket.

[Overweight America, Meryl Loonin](#) , 2006, 159018744X, 9781590187449. Explores the issues related to obesity in America, looking at the reasons for the problem, eating habits and lifestyles of Americans, the role of the food industry, and changing attitudes about food.

[Healing Love through the Tao: Cultivating Female Sexual Energy, Mantak Chia](#) , 2005, 159477983X, 9781594779831. A new edition of the bestseller *The first book to reveal in the West the Taoist techniques that enable women to cultivate and enhance their sexual energy* Reveals Taoist secrets for shortening menstruation, reducing cramps, and compressing more chi into the ovaries for greater sexual power Teaches the practice of total body orgasm For thousands of years the sexual principles and techniques presented here were taught by Taoist masters in secret only to a small number of people (sworn to silence), in the royal courts and esoteric circles of China. This is the first book to make this ancient knowledge available to the West. The foundation of healing love is the cultivation, transformation, and circulation of sexual energy, known as jing. Jing energy is creative, generative energy that is vital for the development of chi (vital life-force energy) and shen (spiritual energy), which enables higher practices of spiritual development. Jing is produced in the sexual organs, and it is energy women lose continually through menstruation and child bearing. Mantak Chia teaches powerful techniques developed by Taoist masters for the conservation of jing and how it is used to revitalize women's physical, mental, and spiritual well-being. Among the many benefits conferred by these practices are a reduction in the discomfort caused by menstruation and the ability to attain full-body orgasm.

[Drop Forgings, Stationery Office, The](#) , 1981, .

[Insiders and Outsiders: Citizenship and Xenophobia in Contemporary Southern Africa, Francis B. Nyamnjoh](#) , 2006, 1842776770, 9781842776773. 'A remarkable study? Among the many significant theoretical and empirical contributions that Nyamnjoh makes in this study, perhaps most incisive is the intensity with which Africa is incorporated into the consumption practices of global capitalism in that no object, territory or experience is beyond being a locus of often fierce struggle over their disposition and use.' - Professor AbdouMaliq Simone'By an ethnographic focus on South Africa and Botswana, this book elegantly and convincingly illustrates the ills of bounded citizenship of the nation-state. Whether it is the Makwerekwere or the foreign maids, it shows how certain groups based upon race, ethnicity, gender, class and geography have been systematically constituted as strangers, outsiders and aliens of the nation-state. It is a lucidly written book with a purpose and passion. It should be read by all those concerned with modern citizenship and the inequalities it institutes.' - Engin F. Isin, Professor and Canada Research Chair, Division of Social Science, York University, Toronto'Labour migration has been a major feature of southern African history for over a century. Yet in the last couple of decades, patterns of mobility in the subcontinent have changed radically. Francis Nyamnjoh's innovative and absorbing text illustrates the new forces driving mobility, their politics and their consequences. He brings a freshness of vision and a global perspective to the problems. He writes with sharp insight on domestic servants, refugees, on xenophobia and inclusion. This book will be a high priority/must-read for anyone interested in regional labour markets, in regional politics, and in changing identities.' - William Beinart, Professor of Race Relations, St Antony's College, University of Oxford

[Stink and the Ultimate Thumb-wrestling Smackdown, , Megan McDonald](#) , 2011, 0763643467, 9780763643461. Stink needs a sport, fast! Can his alter-ego, Shark Hammersmash, wrestle a win at thumb wars? Or will a perfect karate kick lead him to victory? Stink Moody, family brain, brings home a report card that isn't perfect? Yikes! Time for him to get into fighting shape and beat back that U for Unsatisfactory in gym! A scan of the sports channel leads to a knock-out find: world-class thumb wrestling, with tricky moves like Snake in the Grass and Santas Little Helper (no equipment needed, save for a tiny terrifying mask to sit on your thumb). But when Mom and Dad are not wowed, Stink gets another idea: hell kick and punch his way to a yellow belt with the help of a Dragon Master, a seeing-eye Moose, and a mind as still as a pond. Can you say Crouching Tiger, Hidden Thumb? Hee-ya! Ha! Ha! Ha!

[The Big Bear Book, Dee Hockenberry](#) , 1996, 0764301233, 9780764301230. This treasury contains all you ever wanted to know about amusing bear love, those charming toy bears, and some of the most famous bear makers over the years. Today, toy bears continue to enchant people of all ages as they have since the beginning of this century. The book celebrates over 400 of the most appealing toy bears and their makers the world over (including manufacturers Steiff, Bing, Schuco, Hermann, Gabrielle, Ideal, Knickerbocker, Farnell, Chad Valley...and talented individual makers found everywhere). Author Dee Hockenberry points you to the leading public collections in England, Europe, and the United States and guides you to find other enthusiasts at bear shows, conventions, and private shops. She defines and explains their components and terminology and comments on their values, including price ranges (some quite hefty!) as part of her detailed captions.

[Phoenix Cities: The Fall and Rise of Great Industrial Cities, Anne Power](#) , 2010, 1847426832, 9781847426833. 'Weak market cities' across European and America, or 'core cities' as they were in their heyday, went from being 'industrial giants' dominating their national, and eventually the global, economy, to being 'devastation zones'. In a single generation

three quarters of all manufacturing jobs disappeared, leaving dislocated, impoverished communities, run down city centres and a massive population exodus. So how did Europeans react? And how different was their response from America's? This book looks closely at the recovery trajectories of seven European cities from very different regions of the EU. Their dramatic decline, intense recovery efforts and actual progress on the ground underline the significance of public underpinning in times of crisis. Innovative enterprises, new-style city leadership, special neighbourhood programmes and skills development are all explored. The American experience, where cities were largely left 'to their own devices', produced a slower, more uncertain recovery trajectory. This book will provide much that is original and promising to all those wanting to understand the ground-level realities of urban change and progress.

[Fathers & Sons: Photographs, Quotes and Essays, Randy Snook](#) , 1997, 0965827224, 9780965827225. Featuring famous fathers as well as everyday dads, this photo-essay captures the relationship between a father and his son with beautiful photography and compelling essays. Some of the notable dads include General H. Norman Schwarzkopf Coach George Seifert; Gary Plummer, linebacker with the San Francisco 49ers; B.A. Roberston, author of *The Living Years*; and Congressman Robert Matsui. The high-quality photography with unique poses, lighting, and special effects sets this book apart from the competition. This book celebrates the strength of the bond between father and son and gives a new sense of commitment to this relationship.

[Burning Tower, Larry Niven, Jerry Pournelle](#) , 2006, 1416548718, 9781416548713. Return to the "vivid and unusual" (Kirkus Reviews) world of Larry Niven and Jerry Pournelle's *The Burning City*, where the fire god has retreated into myth, leaving the residents of Tep's Town unprotected for the first time in their history. Unfortunately, a fiery fate isn't the only danger the town is facing. From out of the desert come monsters -- great birds with blades instead of wings, driven by some unknown force. Although they can be killed, the threat these terror birds pose is worse than death. Danger on the roads means no trade. No trade means that Tep's Town will be no more. Sent by the Lords of Lordshills to discover the source of the terror birds, Lord Sandry and his beloved, Burning Tower, must travel into a world where magic is still strong -- and where someone or something waits to destroy them! Filled with the sweeping adventure, memorable characters, and imaginative world-building that have defined the novels of Larry Niven and Jerry Pournelle, *Burning Tower* is another triumph.

0980770122, 9780980770124. "Melbourne is making a concerted bid to obtain the centenary 1996 Olympic Games. While much of its bid is occupied with explanations of the city's ability to meet the International Olympic Committee's (IOC) requirements, it is underpinned by a common theme that the city possesses a unique quality of "Friendliness".

[Through the Cracks, Carolyn Sollman](#) , 2008, 0871928779, 9780871928771. Every concerned parent needs to read this book! Through the Cracks addresses one of the most important issues of our time: how youngsters become frustrated and disengaged in school systems that cannot always meet their emotional, mental, and intellectual needs. Presented as a childrens story, with powerful images that literally show the students shrinking away from the classroom, this allegory pleads with us to ensure the future of society by keeping kids creatively engaged. A young girl named Stella narrates, and she explains why she has lost pleasure in classwork. The problem: uninspired lessons leave them bored, with wandering minds that hinder learning. Fortunately, there are solutions here: bright and appealing classrooms where kids discuss their work and ideas, where special guests come to share their knowledge, where appealing art and research projects stimulate youthful imaginations, and where nature studies are actually done outdoors.

[Catastrophe Survived: Euripides' Plays of Mixed Reversal, Anne Pippin Burnett](#) , 1985, 019814038X, 9780198140382. Examining the seven Euripidean tragicomedies, this book contends that the plays' plots--compounded as they are of the opposite elements of good fortune and catastrophe--result from experimentation with a new form intended to express a characteristically Euripidean view of reality. The plays involve people scaled for comedy trying to live in a world ruled by the gods of tragedy, making efforts sometimes noble, sometimes sordid, but in the end, essentially futile. Burnett shows how Euripides manipulates traditional scenes, diverting and frustrating the expectations aroused in his audience and transforming their simple pity and terror into a response that is conscious, complex, and inescapably disturbing.

[Directory of CAA Approved Organisations, Civil Aviation Authority](#) , 2006, . Designed especially for undergraduates in computer-related disciplines, with emphasis to support the compiler, operating system, and networking courses. For a first course in computer architecture or computer organization. This text covers computer architecture at the instruction set architecture (ISA) and system design levels. Starting with foundation material on data representation and computer arithmetic, the book moves through the basic components of a computer architecture, covering topics at increasing levels of complexity up through CISC, network architecture, and parallel architecture. The authors have adopted the use of a SPARC-subset for an instructional ISA called ARC (A RISC Computer), which is carried through the mainstream of the book, and is complemented with platform-independent software tools that simulate the ARC ISA as well as the MIPS and x86 (Pentium) ISAs.

[Political Parties, Business Groups, and Corruption in Developing Countries, Vineeta Yadav](#) , 2011, 0199735913, 9780199735914. Political corruption is one of the globe's most pressing yet seemingly permanent problems. It is a root cause of low growth and inequality, and plagues numerous nations throughout the world in varying degrees. In Political Parties, Business Groups, and Corruption in Developing Countries, Vineeta Yadav tackles the puzzle of corruption by analyzing the role that business lobbying plays in it. She shows that the structure of a developing nation's legislative institutions frequently determines whether such institutions promote or restrain corruption. Combining focused studies of legislative institutions and business groups in India and Brazil with a broader survey of corruption in sixty four developing democracies, Yadav shows how systems with powerful parties rather than ones with powerful individual legislators encourage the most corruption. A rigorous comparative examination of the connections between political institutions, lobbying, and corruption, this work will reshape our understanding of how developing country democracies can both discourage and encourage bribery, vote buying, and influence peddling.

[The Universe Revealed, Chris Impey, William K. Hartmann](#) , 1999, 0534248934, 9780534248932. Chris Impey and Bill Hartmann, both well-known researchers and authors, bring astronomy to life using captivating stories of scientists' lives, the excitement of their astronomical discoveries and how their discoveries unveil the inner workings of science. The

authors use a planets-first approach in THE UNIVERSE REVEALED as they guide students through the general process of discovery and understanding. The text covers all the basic concepts and ideas in astronomy using three consistent themes that are integrated and reinforced throughout the book. It will appeal instructors who want their students to understand physical concepts and processes of astronomy, as well as to grasp the arguments and methods that are common to all of science. This book includes free THE SKYO STUDENT EDITION and VOYAGE THROUGH THE SOLAR SYSTEM CD-ROMs free with each new text, making it the largest media package available in astronomy."

[The Mystery of Olga Chekhova, Antony Beevor](#) , 2005, 0141017643, 9780141017648. Olga Chekhova was a stunning Russian beauty and a famous Nazi-era film actress who Hitler counted among his friends; she was also the niece of Anton Chekhov. After fleeing Bolshevik Moscow for Berlin in 1920, she was recruited by her composer brother Lev, to work for Soviet intelligence. In return, her family were allowed to join her. The extraordinary story of how the whole family survived the Russian Revolution, the civil war, the rise of Hitler, the Stalinist Terror, and the Nazi invasion of the Soviet Union becomes, in Antony Beevor's hands, a breathtaking tale of compromise and survival in a merciless age.

[Jasper Jones, Craig Silvey](#) , 2010, 1742690378, 9781742690377. Late on a hot summer night in the tail end of 1965, Charlie Bucktin, a precocious and bookish boy of thirteen, is startled by an urgent knock on the window of his sleep-out. His visitor is Jasper Jones, an outcast in the regional mining town of Corrigan. Rebellious, mixed-race and solitary, Jasper is a distant figure of danger and intrigue for Charlie. So when Jasper begs for his help, Charlie eagerly steals into the night by his side, terribly afraid but desperate to impress. Jasper takes him through town and to his secret glade in the bush, and it's here that Charlie bears witness to Jasper's horrible discovery. With his secret like a brick in his belly, Charlie is pushed and pulled by a town closing in on itself in fear and suspicion as he locks horns with his tempestuous mother, falls nervously in love and battles to keep a lid on his zealous best friend, Jeffrey Lu. And in vainly attempting to restore the parts that have been shaken loose, Charlie learns to discern the truth from the myth, and why white lies creep like a curse. In the simmering summer where everything changes, Charlie learns why the truth of things is so hard to know, and even harder to hold in his heart. 'If we see a more entertaining, heartfelt piece of Australian literature in the next 12 months, it will be a rare year indeed - an Australian To Kill a Mockingbird.' - The Monthly 'It's genius.' - West Australian '... impossible to put down ... There's tension, injustice, young love, hypocrisy ... and, above all, the certainty that Silvey has planted himself in the landscape as one of our finest storytellers.' - Australian Women's Weekly 'Jasper Jones confronts inhumanity and racism, as the stories of Mark Twain and Harper Lee did. Silvey's voice is distinctive: astute, witty, angry, understanding and self-assured.' - Weekend Australian 'Jasper Jones is a riveting tale, studded with laugh-out-loud and

life-affirming moments yet underpinned by a clear-eyed examination of human weaknesses and misdemeanours.' -

[Annapurna, a Woman's Place.](#) , 1998, 1578050227, 9781578050222. In August 1978, thirteen women left San Francisco for the Nepal Himalaya to make history as the first Americans and the first women to scale the treacherous slopes of Annapurna I, the world's tenth highest peak. Expedition leader Arlene Blum here tells their dramatic story: the logistical problems, storms, and hazardous ice climbing; the conflicts and reconciliations within the team; the terror of avalanches that threatened to sweep away camps and climbers. On October 15, two women and two Sherpas at last stood on the summit but the celebration was cut short, for two days later, the two women of the second summit team fell to their deaths. Never before has such an account of mountaineering triumph and tragedy been told from a woman's point of view. By proving that women had the skill, strength, and courage necessary to make this difficult and dangerous climb, the 1978 Women's Himalayan Expedition's accomplishment had a positive impact around the world, changing perceptions about women's abilities in sports and other arenas. And Annapurna: A Woman's Place has become an acknowledged classic in the annals of women's achievements—a story of challenge and commitment told with passion, humor, and unflinching honesty.

HAUNTED HOUSE On a whim, Emma Donovan bets her twin brother, Charlie, that she can spend the entire night alone at the spooky, abandoned house next door. The place is seriously creepy, but she's determined to overcome her fears and prove her brother wrong. Until she finds herself reliving a horrific night from the house's past and a passionate love with a handsome -- and strangely familiar -- young man. When Charlie finds her, he's sure it was all just a dream. Yet Emma has persistent paranormal experiences involving the house and the young man from the past. As her "dreams" intensify, Emma becomes convinced that they are very real...and that she has a dreadful part to play in the supernatural reenactment of a tragic love.

[The Rise of Respectable Society: A Social History of Victorian Britain, 1830-1900, Francis Michael Longstreth Thompson](#) , 1988, 0674772857, 9780674772854. One of England's grand masters of history provides a clear and persuasive interpretation of the creation of "respectable society" in Victorian Britain. Integrating a vast amount of research previously hidden in obscure or academic journals, he covers not only the economy, social structure, and patterns of authority, but also marriage and the family, childhood, homes and houses, work and play. By 1900 the structure of British society had become more orderly and well-defined than it had been in the 1830s and 1840s, but the result, Thompson shows, was fragmentation into a multiplicity of sections or classes with differing standards and notions of respectability. Each group operated its own social controls, based on what it considered acceptable or unacceptable conduct. This "internalized and diversified" respectability was not the cohesive force its middle-class and evangelical proponents had envisioned. The Victorian experience thus bequeathed structural problems, identity problems, and authority problems to the twentieth century, with which Britain is grappling.

[Machines as Big as Monsters, Paul Stickland](#) , 1996, 0140559108, 9780140559101. Whether paving roads, dredging sand, or carrying houses to a mountaintop, the machines in this book do their jobs with strength and speed. This book puts you right in the driver's seat of a diesel-powered dump truck, a gigantic resurfacing machine, and a dragline excavator, showing just how these massive machines really work. The text combined with detailed illustrations make these monstrous machines accessible to young children. Full color.

[Georgia O'Keeffe: A Life, Roxana Robinson, Georgia O'Keeffe](#) , 1989, 0874519063, 9780874519068. Georgia O'Keeffe is arguably the 20th century's leading woman artist. Coming of age along with American modernism, her life was rich in

intense relationships -- with family, friends, and especially noted photographer Alfred Stieglitz. Her struggle between the rigorous demands of love and work resulted in extraordinary accomplishments. Her often-eroticized flowers, bones, stones, skulls, and pelvises became extremely well known to a broad American public. The New York Times Book Review named this richly detailed and moving biography a Notable Book of the Year.

[Studying Culture: A Practical Introduction, Judy Giles, Tim Middleton](#) , 2008, 1405155922, 9781405155922. Fully revised and updated, this second edition is an ideal introduction for those who are new to the study of culture. Featuring global case studies, selections of readings, exercises, and commentary throughout, it spans the subject from issues of identity through to technological trends. Explores key issues and theories on identities, representation, histories, places, and spaces, discussing the various interpretations of culture and cultural studies Incorporates new work on the study of space, place, identity, gender, and cultural history, as well as new sections on cultural studies theories and methodology in each chapter Introduces more complex issues including high and popular culture, subjectivities, consumption, and new technologies, and a fully updated section on new and enduring trends in technology and culture

[Overland to California: Notes from a Journal Kept by Mrs. Francis H. Sawyer in a Journey Across the Plains, May 9 to August 17, 1852-Special Edition, Francis H. Sawyer, Lorrin A. Thurston](#) , 2007, 097902398X, 9780979023989. During the nineteenth century many pioneers ventured westward, one of which was Francis H. Sawyer. Her journal of her experiences and the experiences of her fellow pioneers throughout their journey from Kentucky to California in 1852 describes their everyday lives and the hardships they endured during their quest. Originally written as a series of articles and published in 1894, this 2010 edition is the first full-length published version of her memoir.

[Broken Soup, Jenny Valentine](#) , 2012, 0007369638, 9780007369638. An intriguing, compelling and moving novel from the award-winning author of Finding Violet Park. When the good-looking boy with the American accent presses the dropped negative into Rowan's hand, she's sure it's all a big mistake. But next moment he's gone, lost in the crowd of bustling shoppers. And she can't afford to lose her place in the checkout queue after all, if she doesn't take the groceries home, nobody else will. Rowan has more responsibilities than most girls her age. These days, she pretty much looks after her little sister single-handedly which doesn't leave much time for friends or fun. So when she finds out that Bee from school saw the whole thing, it piques her curiosity. Who was the boy? Why was he so insistent that the negative belonged to Rowan?

[Small Animal Internal Medicine, Darcy H. Shaw, Sherri L. Ihle](#) , 1996, 0683076701, 9780683076707. Review in concise, outline format for veterinary students preparing for National Boards. Includes exam-style review questions.

[Amida: A Novel, Mark Walker](#) , 2004, 0954747305, 9780954747305. AMIDA: A Novel by Mark WalkerAn intimate epic of heroism and sacrifice set against a vividly realised historical backdrop AD 359. Mesopotamia. War clouds gather across the disputed land between the Tigris and Euphrates rivers. The great Persian King Shapur II leads his massive army of invasion Northwards from his capital near what is now Baghdad. Only one city stands in his waythe Roman fortress of Amida. The citys garrison is hopelessly outnumbered. Their commander has no hope of success, and even his household god seems to despair. But somehow the Romans must find the strength to fight despite the odds, and despite bitterly divided loyalties within their own ranks. As the siege progresses, tensions develop among both besieged and besiegers alike as personal and religious animosities threaten to overwhelm fragile alliances. The age-old struggle between East and West, between opposing creeds and philosophies of life that is still being replayed in our own time, becomes concentrated on the city of Amida. Amida: A Novel is based on the eyewitness account of the Roman historian Ammianus Marcellinus and is filled with authentic period detail. Blending the ancient epic tradition of Homer and Virgil within a mosaic structure of interconnected first-person accountsincluding letters, speeches, dialogues, sermons, dreams, mystical visions, songs and poemsAmida: A Novel focuses as much on the characters inner lives as the battles raging around the city walls.Amida: A Novel is available direct from Pineapple Publications <http://www.pineapplepubs.co.uk/>

This fully updated new edition of Statutes on Medical Law is a comprehensive, portable, and affordable collection of all recent and relevant legislation, practice guidance and codes affecting the medical profession. As there is no commentary, this book is ideal for use in examinations. Blackstone's Statute Books cover all the core law subjects and many options, offering the widest available selection of statutes on the market. The books have been designed on the basis of extensive research into the content of courses, and contain all the necessary statutes and statutory instruments. All the volumes for the main law subjects and minor options are updated annually to ensure that they are completely up to date with all the important developments in the law.

[In this Moment: Prayers from the Well of Awareness, David Howard](#) , 2007, 0979126312, 9780979126314. In This Moment: Prayers From the Well of Awareness is a key to a door leading to a vibrant world of prayer, one that has been sought and experienced by mystics throughout the ages and is still revolutionary and transforming today. As these prayers lead you into the sacred space within, each cell in your body will resonate Yes, I'm home ' You will find no beseeching here, no longing for a faraway God, or even a God buried somewhere inside of you. These are not words spoken to, author David Howard explains, but words spoken of Presence. In This Moment brings within reach the treasured mystical insight that has echoed through the centuries: Seek ye first the kingdom of God (already at hand, within) and all these things (hopes, dreams, desires) shall be added unto you.

But losing their parents and having to live with their Aunt Dorothy doesn't feel very lucky. Especially when, unable to cope with all three children, Dorothy sends Billy to an orphanage. Susan and Jimmy are shocked and lonely, and when they then hear that Billy has died, they decide to run away. It is on this same adventure that they meet Freddie. Susan feels the first stirrings of love for the young serviceman but chances are they will never meet again - Freddie is off to war. Susan and Jimmy reluctantly return to Dorothy's house, but there are silver linings in the clouds ahead - including their aunt's revelation that Billy is alive. Only now it will take all of their strength and courage to find their little brother and bring him home.

[My Answer is No . . . If That's Okay with You: How Women Can Say No and \(Still\) Feel Good About It, Nanette Gartrell](#) , 2008, 1416553991, 9781416553991. Are you afraid you'll hurt the people you care about if you say NO to them? Can you set limits when employees neglect their responsibilities? How about with your boss? When friends ask you to do something you don't want to do, do you invent an elaborate excuse? Do you have a hard time saying NO to an invitation even when you're completely exhausted? Do you have trouble even practicing the sentence "No, Mom, I just can't make it home this holiday"? If any of these scenarios sound familiar, keep reading - you need this book... No is a very simple word -- two letters, one syllable. Yet many women have a hard time saying it without feeling anxious or guilty. In *My Answer Is NO...If That's Okay with You*, award-winning psychiatrist and author Dr. Nanette Gartrell takes a fresh look at why even the most powerful, accomplished, and successful women find it difficult to say no and offers a revolutionary approach to setting limits without jeopardizing important relationships. Today women are bombarded with messages like "put yourself first" and "stop being a people-pleaser." But this sort of advice is useless to women who value the caring and generosity that prompt them to say yes in the first place. Through personal interviews with a diverse group of talented women, including CEOs, celebrities, physicians, and public officials, Dr. Gartrell shows that women's reluctance to say no stems from valuable traits that they should embrace, such as empathy, sensitivity, and thoughtfulness. With humor and wisdom, Dr. Gartrell reaffirms the psychological importance of compassion and feeling connected, which can often lead a woman to say yes rather than no in order to preserve a relationship or spare someone's feelings. Through entertaining anecdotes and insights from her years of clinical practice, Dr. Gartrell teaches women to honor their best instincts while still maintaining boundaries. *My Answer Is NO...If That's Okay with You* offers creative, practical ways to transform an automatic or reluctant yes into a healthy, respectful no -- and still feel good about it.

[Gabriel's Story: A Novel, David Anthony Durham](#) , 2007, 0307425983, 9780307425980. When Gabriel Lynch moves with his mother and brother from a brownstone in Baltimore to a dirt-floor hovel on a homestead in Kansas, he is not pleased. He does not dislike his new stepfather, a former slave, but he has no desire to submit to a life of drudgery and toil on the untamed prairie. So he joins up with a motley crew headed for Texas only to be sucked into an ever-westward wandering replete with a mindless violence he can neither abet nor avoid a terrifying trek he penitently fears may never allow for a safe return. David Anthony Durham is a genuine talent bent on devastating originality and *Gabriel's Story* is as formidable a debut as we have witnessed. From the Trade Paperback edition.

[Tools of Engagement: Presenting and Training in a World of Social Media, Tom Bunzel](#) , 2010, 047064429X, 9780470644294. Praise for *Tools of Engagement*"The main takeaway in this thorough and accessible book is the idea that today's business and educational environments require a mash-up mentality. It takes a constantly changing blend of tools, techniques, and strategies to achieve direct, immediate, and effective communication."Robert L. Lindstrom, former editor, *Presentations and Multimedia Producer* magazines; author, *The BusinessWeek Guide to Multimedia*

Presentations "If ever there were a person to really dive into the trenches and discuss the practical implications of the social media revolution, it's Tom Bunzel." Rick Altman, author, *Why Most PowerPoint Presentations Suck*; president, The Presentation Summit www.BetterPresenting.com "Tom Bunzel has had his pulse on the new social technology and its impact on communication and entertainment and writes about it effectively and with conviction." Victor Harwood, president, Digital Hollywood, Inc. "Clear and cogent. Tom Bunzel's gift is translating what can be dry and difficult material into something that I can learn and use immediately." Leslie Lundt, M.D., author, *You Can Think Like a Psychiatrist and 40 Cases* "Takes a topic as dynamic as social media and makes it understandable and relevant." Jim Endicott, president, Distinction Communication Inc. www.distinction-services.com "Tools of Engagement is a powerful addition to every presenter and meeting planner's bookshelf." Joyce Schwarz, keynote speaker/moderator and author featured on E Entertainment TV, CBS Radio, and other media "Tom Bunzel has been very helpful to my business as we continue to grow into this new media paradigm." Kim Calvert, editorial director, Singular Magazine

[The ART of Risk Management: Alternative Risk Transfer, Capital Structure, and the Convergence of Insurance and Capital Markets, Christopher L. Culp](#) , 2002, 0471263699, 9780471263692. Learn about today's hottest new risk management tools One of the hottest areas of finance today, alternative risk transfer, or ART, refers to the use of various insurance products to manage market, credit, operational, legal, environmental, and other forms of risk. As the capital and insurance markets continue to converge, the number and complexity of new risk-defraying insurance products available to corporations, brokerages, money managers and other financial professionals will continue to grow. Expert Christopher L. Culp uses case studies of recent ART transactions used by risk managers to put the field into perspective for financial professionals and to acquaint them with the various types of risk control products now available. In addition he explores, in-depth, the links between ART, derivatives and bank-arranged risk financing, and he explains the key differences between classic insurance products and financial guarantees, risk financing, bundled layering, and other ART forms.

[First Nations Integrated Watershed Planning, Volume 1, , ISBN 0986814105, 9780986814105,](#) , 2011, . The First Nations Watershed Planning Guidebooks are plain language guides that introduce the watershed planning process, with a focus on community engagement and use of Indigenous Knowledge. The guidebooks present examples of First Nations' perspectives on water, including examples from our First Nation partners' own experiences. They are broad enough to apply to watershed planning in any region of Canada and may be used at any stage in the watershed planning process.

[Web of Love, Mary Balogh](#) , 1990, 044024305X, 9780440243052. New York Times bestselling author Mary Balogh brilliantly captures the passionate conflict of a woman caught between two loves in this classic tale of friendship, devotion, intrigue and a love that is the most seductive trap of all. Hed served with her husband on the battlefield and secretly desired her for years. Yet for Dominic, Lieutenant Lord Eden, Ellen Simpson has remained tantalizingly out of reach until she is widowed by the war. Suddenly pursued by the dangerously handsome nobleman, Ellen is stunned by the depth of attraction he arouses in her. Soon their friendship flames into something deeper and as scandal ignites, marriage seems the only solution. But Ellen has a secret one she can share with no one that prevents her from fully opening her heart to Dominic. Until he devises his own plan for the ultimate consummation of their passion and the woman he is determined to possess at any cost

[Spam Vs. the Vampire, Elizabeth Ann Scarborough, K. B. Dundee](#) , 2011, 0983402736, 9780983402732. A PURRANORMAL MYSTERY Spam and the other cats at website designer Darcy Dupres' house are frantic with worry. Darcy walked out the door two (missed) wet meals ago and didn't return or send anyone else to look after her beloved furry friends. The other cats think she has abandoned them, but her office cat and (unbeknownst to her) protege, Spam, suspects darker forces are at work. Darcy's last project was helping a suspicious character who called himself Marcel deMontreal with a dating website for vampires and the women who dig them. Darcy thought Marcel was playing and besides, he paid her a lot of kitty litter to design the site. But before she can finish, the self-proclaimed vampire announces that he is coming to visit, and Darcy disappears. That and the-duh-black billowy figure with the white face

and red eyes peering through the window seem like a dead giveaway to Spam. U

[Pride and a Daily Marathon, Jonathan Cole, Jonathan O. Cole](#) , 1995, 0262531364, 9780262531368. At the age of 19 Ian

Waterman was suddenly struck down at work by a rare neurological illness that deprived him of all sensation below the neck. He fell on the floor in a heap, unable to stand or control his limbs, having lost the sense of joint position and proprioception, of that "sixth sense" of his body in space, which we all take for granted. After months in a neurological ward he was judged incurable and condemned to a life of wheelchair dependence. This is the first U.S. publication of a remarkable book by his physician, Jonathan Cole. It tells the compelling story, including a clear clinical description of a rare condition, of how Waterman reclaimed a life of full mobility against all expectations, by mental effort and sheer courage. Cole describes how Waterman gradually adapted to his strange condition. As the doctors had predicted, there was no neurological recovery. He had to monitor every movement by sight to work out where his limbs were, since he had no feedback from his peripheral nerves. But with astonishing persistence Waterman developed elaborate tricks and strategies to control his movements, enabling him to cope not only with the day-to-day problems of living, but even with the challenges of work, love, and marriage.

[Elizabeth and Leicester, Sarah Gristwood](#) , 2008, 0143114492, 9780143114499. View our feature on Sarah Gristwood's

Elizabeth & Leicester. Though the story has been told on film and whispered in historic gossip this is the first book in almost fifty years to solely explore the great queen's attachment to her beloved Robert Dudley, the Earl of Leicester. Fueled by scandal and intrigue, their relationship set the explosive connection between public and private life in sixteenth-century England in bold relief. Why did they never marry? How much of what seemed a passionate obsession was actually political convenience? Elizabeth and Leicester reignites this 400- year-old love story in a book for anyone interested in Elizabethan literature.

[The Chora Of Metaponto: Archaeological Field Survey I, Bradano To Basento, Albert Prieto, J. C. Carter](#) , 2012, 0974833401, 9780974833408. This landmark study, representing both the first field survey of a Greek agricultural territory in southern Italy (Magna Graecia) and the first true integration of Geographic Information Systems (GIS) in a survey publication, is the first of two volumes presenting the results of the ICA/University of Texas field survey of the Metapontino. Volume I describes the regional topography, geology, and geomorphology as the setting for 600 sites, ranging from the prehistoric through early modern periods, between the Bradano and Basento Rivers. With the aid of statistical and spatial analyses and GIS, the colonial Greek settlement and land-use patterns are modeled and interpreted in the light of the regional geomorphology and hydrography, the socioeconomic conditions prevailing in the various historical periods, and other relevant influences. Specialist studies, lavishly illustrated with drawings and photographs, describe the chronologies and typologies of the major classes of artifacts collected: prehistoric pottery and lithics, Greek black-gloss pottery, Greek table and storage/processing wares, Greek terracottas, Greek and Roman cooking wares, Greek and Roman transport amphorae, Roman grey ware, Imperial Roman fine and coarse wares, and post-Roman ceramics.

[Cortisol Control and the Beauty Connection: The All-natural, Inside-out Approach to Reversing Wrinkles, Preventing Acne, and Improving Skin Tone, Shawn Talbott](#) , 2007, 0897934792, 9780897934794. The metabolic process known as aging cant be stopped, but its effects on the skin can be slowed and even diminished. This breakthrough plan, developed by an author known for research into the links between cortisol, stress, and aging, harnesses the latest advances in nutritional biochemistry and physiology to finally make the process optional. The easy-to-follow FACE (Free radicals; Advanced glycation; Cortisol; Eicosanoids) program incorporates diet, exercise, and natural products to control the cellular basis of aging and prevent and even reverse wrinkles, acne, and other skin problems. The plan addresses multiple metabolic systems from both an "inside-out" and "outside-in" perspective and proves that good health and good looks are one and

the same. The book contains a step-by-step one month sample program and covers many aspects of skin and its care, including skin types and problems; improving skin tone; the stress-beauty connection; and ingredients to avoid when purchasing cosmetics. Appendices offer recipes, an exercise program, and product resource lists.
