[Managing Major Hazards: The Lessons of the Moura Mine Disaster](#), Andrew Hopkins , 2001, 1865087025,

9781865087023. Many organisations live with hazards that have the potential to cause disaster. This was the case at Moura underground coal mine in Central Queensland, where 11 men died in an explosion in 1994. Andrew Hopkins shows that the explosion was the result of organisational failure, and uses it to draw lessons about managing major hazards. He argues that there are always tell-tale signs of impending disaster, and that organisations need to find ways of gathering this information and reacting to it appropriately. The Moura story also demonstrates the need to move responsibility for risk management up the corporate hierarchy to ensure that it is not overshadowed by production pressures. Otherwise disasters will repeat themselves in horrifyingly similar ways. Managing Major Hazards is a gripping story and essential reading for occupational health and safety professionals, executives working in hazardous industries, policy makers, and readers interested in risk management and disaster studies.

[Blue-Eyed Girl](#), Tara Moore , 2013, 1409102785, 9781409102786. Anya Keating loves her job as PA to Macdara Fitzgerald, owner of the stunning Lismore estate and its string of racehorses. Macdara is an indulgent and generous employer and Anya has grown very fond of him. But when he rashly proposes marriage, their friendship - and her

position - is threatened, and Anya is torn between her loyalty to Macdara and her feelings for his grandson, handsome horse trainer Fergal. Enter Orla Fitzgerald, Macdara's estranged granddaughter. Orla may have left Lismore a child, but she has returned a sophisticated and beautiful woman. So beautiful, in fact, that most of the men are in thrall to her - and Anya can only watch with growing apprehension as Orla works her magic on Fergal. But Orla may not be the blue-eyed girl people take her for. There are dark undercurrents that run beneath life on the estate. A tragedy lies in Orla's past, and she is determined to claim her birthright, no matter who stands in her way.

[The Third Programme: a literary history, Kate Whitehead](#) , 1989, 0198128932, 9780198128939. From 1946 to 1970, the BBC's Third Programme was an important patron of Britain's creative writers, providing a forum in which poets, novelists, and playwrights could experiment with new forms of writing, free from commercial constraints. This book is the first to assess the influence of the Third Programme's spoken-word policy on contemporary British writing. Drawing on a number of new documentary sources, Whitehead traces the development of the Programme from the period of postwar optimism to the pop culture of the 1960s and the artistic and political controversies that led to the Programme's demise.

[Certificate Pursuant to Section 12 of the Weights and Measures Act 1963 ... the Secretary of State for Trade and Industry Hereby Certifies as Suitable for Use for Trade the Pattern of an Automatic Weighing Machine for Dispensing Predetermined Loads of Powdered Or Granular Materials as Described ...](#), Great Britain. [Introduction to Materials Science and Engineering: A Guided Inquiry with Mastering Engineering with Pearson Etext -- Access Card Package, Elliot P. Douglas](#) , 2013, 0133354733, 9780133354737. For students taking the Materials Science course . This book is also suitable for professionals seeking a guided inquiry approach to materials science. This unique book is designed to serve as an active learning tool that uses carefully selected information and guided inquiry questions. Guided inquiry helps readers reach true understanding of concepts as they develop greater ownership over the material presented. First, background information or data is presented. Then, concept invention questions lead the students to construct their own understanding of the fundamental concepts represented. Finally, application questions provide the reader with practice in solving problems using the concepts that they have derived from their own valid conclusions. 0133354733 / 9780133354737 Introduction to Materials Science and Engineering: A Guided Inquiry with Mastering Engineering with Pearson eText -- Access Card Package Package consists of: 0132136422 / 9780132136426 Introduction to Materials Science and Engineering: A Guided Inquiry 0133411443 / 9780133411447 MasteringEngineering with Pearson eText -- Access Card -- Introduction to Materials Science

[Tales from the Playing Field: A New Strategy for Business Management Coaching, Gilles R. Rochefort](#) , 2000, 0969897278, 9780969897279. A bold new approach to business management coaching.

[The theory of polymer dynamics, Masao Doi, Samuel Frederick Edwards](#) , 1986, 0198519761, 9780198519768. This book provides a comprehensive account of the modern theory for the dynamical properties of polymer solutions. The theory has undergone dramatic evolution over the last two decades due to the introduction of new methods and concepts that have extended experimental frontiers from dilute solutions in which polymers move independently to concentrated solutions where many polymers converge. Among the properties examined are viscoelasticity, diffusion, dynamic light scattering, and electric birefringence. Nonlinear viscoelasticity is discussed in detail on the basis of molecular dynamical models. The book bridges the gap between classical theory and new developments, creating a consistent picture of polymer solution dynamics over the entire concentration range.

[Charles Sumner and the Coming of the Civil War, David Herbert Donald](#) , 2009, 1402227191, 9781402227196. The

Pulitzer-Prize winning classic and national bestseller returns! In this brilliant biography--a Pulitzer Prize--winning national bestseller--David Herbert Donald, Harvard professor emeritus, traces Sumner's life as the nation careens toward civil war. In a period when senators often exercised more influence than presidents, Senator Charles Sumner was one of the most powerful forces in the American government and remains one of the most controversial figures in American history. His uncompromising moral standards made him a lightning rod in an era fraught with conflict. Sumner's fight to end slavery made him a hero in the North and stirred outrage in the South. In what has been called the first blow of the Civil War, he was physically attacked by a colleague on the Senate floor. Unwavering and arrogant, Sumner refused to abandon the moral high ground, even if doing so meant the onslaught of the nation's most destructive war. He used his office and influence to transform the United States during the most contentious and violent period in the nation's history. Charles Sumner and the Coming of the Civil War presents a remarkably different view of our bloodiest war through an insightful reevaluation of the man who stood at its center. "A truly perceptive study." American Heritage "Few books can be recommended wholeheartedly to the specialist and the general reader alike. This one can." New York Times Book Review "[Full of] Donald's unparalleled knowledge and provocative interpretations." James M. McPherson, New York Times Book Review

Interviews with well-known streetrod builders give professional

answers to many frequently asked questions. Your guide to the hot rod of your dreams! Sftbd., 8 1/2"x 11", 144 pgs., 25+ b&w ill.

[Death Match, Lincoln Child](#) , 2010, 1407076086, 9781407076089. A young couple are found dead in their apartment, and double suicide seems to be the only interpretation- Alarm bells ring in the towering Manhattan offices of Eden Incorporated, the high-tech matchmaking company whose spectacular success and legendary secrecy have inspired awe around the world. The Thorpes, few people knew, were more than the quintessential happy couple - they were Eden's first perfect match. Christopher Lash, a gifted former FBI forensic psychologist, receives an urgent plea from Eden to perform a quick - and quiet - investigation into the deaths. Lash's investigation inadvertently dredges up the memories of a searing personal tragedy he has kept at bay for years, and his involvement becomes more personal and dangerous than he could have imagined. When a second Eden 'super-couple' is found dead, Richard Silver, the company's brilliant and reclusive founder, has no choice but to grant Lash unprecedented access to its most guarded secrets-

, 2003, 0954604814, 9780954604813. This volume showcases woodcuts of astonishingly high quality by 60 Chinese artists. The woodcuts were all produced specifically for the portfolio presented in this volume. The oversized volume (9.25x13) features full-page color plates faced with an entry that describes the artist's life, career,

[The Shiniest Rock of All, Nancy Ruth Patterson](#) , 2009, 1440116202, 9781440116209. Mischievous Robert Morris Reynolds can't even say his name right. His "r's" come out as "w's"-until a wise speech therapist promises him a special rock when he can pronounce the word "rock" properly. Robert's struggle to earn that rock leads him to become aware of other's feelings. "Characterizations are superb; even minor characters are portrayed with depth and roundness unusual in such a brief, accessible novel." The Horn Book "An amiable slice-of-life story. Economically told and often touching, this is a good portrait of a good- and brave- boy." The Bulletin of the Center of Children's Literature

[Tobruk 1941, Peter Cochrane](#) , 2005, 0733314074, 9780733314070. No surrender and no retreat. When the 9th Division of the AIF withdrew into the Libyan fortress town of Tobruk early in April 1941, a seige began that was to make its mark on the course of WWII and the popular memory of a nation. Tobruk 1941 reveals in startling and poignant detail the facts of day-to-day life during the seige. It shows the grim work of the soldiers and anti-aircraft gunners on the front line, the ceaseless battle for the harbour, and the bravery of the photographers and journalists who covered the seige. It illuminates in myriad ways the toughness and the resilience of the soldiers as they battled the heat, the flies, the rats, the boredom and the savagery while doing their bit to win the war.

[The Sarantine Mosaic \(Sailing to Sarantium and Lord of Emperors\), Guy Gavriel Kay](#) , 2012, 0143183591, 9780143183594. For the first time in one collection, the two internationally bestselling novels of The Sarantine Mosaic, one of Guy Gavriel Kays most loved works. Sailing to Sarantium Sarantium is the golden city: holy to the faithful, exalted by the poets, jewel of the world, and heart of an empire. Artisan Caius Crispus receives a summons from the emperor and sets off on a journey toward the Imperial City. But before Crispin can reach Sarantium, with its taverns and gilded sanctuaries, chariot races and palaces, he must pass through a land of pagan ritual and mysterious danger. Sailing to Sarantium, the first volume of the brilliant Sarantine Mosaic, weaves an utterly compelling story of the allure and intrigue of a magnificent city and the people drawn into its spell. Lord of Emperors Having finally achieved his journey to fabled Sarantium, Crispin the mosaicist wants nothing more than to confront the challenges of his art high on the scaffolding of destiny but in Sarantium no man may easily withdraw from the turmoil of court and city, or forget that the presence of the half-world is always close by. To the Imperial City there comes another voyager, this time from the east. Rustem of Kerakek, a physician, must find his own balance of family and ambition, healing and death, as he, too, is drawn into the deadly webs of Sarantium. In this concluding volume of the Sarantine Mosaic, Lord of Emperors merges page-turning adventure with a deeply moving meditation on art and power, and the eternal human struggle to leave a legacy.

[Personal Injuries, Scott Turow](#) , 1999, 0374281947, 9780374281946. A gripping, suspenseful, deeply satisfying new novel about corruption, deceit, and love. Robbie Feaver (pronounced "favor") is a charismatic personal injury lawyer with a high profile practice, a way with the ladies, and a beautiful wife (whom he loves), who is dying of an irreversible illness. He also has a secret bank account where he occasionally deposits funds that make their way into the pockets of the judges who decide Robbie's cases. Robbie is caught by the Feds, and, in exchange for leniency, agrees to "wear a wire" as he continues to try to fix decisions. The FBI agent assigned to supervise him goes by the alias of Evon Miller. She is lonely, uncomfortable in her skin, and impervious to Robbie's charms. And she carries secrets of her own. As the law tightens its net, Robbie's and Evon's stories converge thrillingly. Scott Turow takes us into, the world of greed and human failing he has made immortal in Presumed Innocent, The Burden of Proof, Pleading Guilty, and The Laws of Our Fathers, all published by FSG. He also shows us enduring love and quiet, unexpected heroism. Personal Injuries is Turow's most reverberant, most moving novel-a powerful drama of individuals trying to escape their characters.

[Crimes of War: What the Public Should Know, Roy Gutman, David Rieff, Anthony Gary Dworkin](#) , 2007, 0393328465, 9780393328462. Originally published in 1999, this A-to-Z guidebook of wartime atrocities has received worldwide acclaim and has been translated into eleven languages. Now substantially updated, with sixteen new entries, this concise guide to the broken rules of war remains unique and essential. More than 140 distinguished experts from the media, military, law, and human rights groups examine recent conflicts in light of international humanitarian law, including: Afghanistan (Patricia Gossman), the Congo (Gerard Prunier), terrorism (Anthony Dworkin), Guant?namo (Mark Huband), Darfur (John Prendergast and Colin Thomas-Jensen), occupation (George Packer), independent contractors (Peter Singer), war and insurgency (John Burns), and detention and interrogation (Dana Priest). Christiane Amanpour writes on Bosnian paramilitaries, Jeremy Bowen on Chechnya, and Gwynne Roberts on Saddam Hussein. Through case studies, definitions of key terms, and explanations of what is legal and what is not -- illuminated by stunning photographs -- Crimes of War reveals what every citizen should know about war and the law.

[The Carnevalis of Eusebius Asch, Peter Gimpe](#) , 1999, 0963147811, 9780963147813. Beethoven and Schoenberg, Schumann and Hesse, Levi-Strauss and Vico, each has a role in this seagoing carnival of Platonic lust and manic scholarship -- a role as Protean and unpredictable as that of "Zeebee" himself, as he struggles to recreate the world in his own fuzzy image -- a world in which the erudition of Faust, the wisdom of the Rabbis, the music of the spheres, and the angelic charms of a forbidden coed, all succumb to his miscalculated advances. Meanwhile, the real world has done another backflip -- only this time it appears to have landed on its head! Still, Pere Castel's celestial keyboard can play more than one tune . . . What would you do? You have twelve days to find out. Ship sails at noon. Bon Voyage!

[Stallcup's Journeyman Electrician's Study Guide, 2011 Edition, James G. Stallcup, James W. Stallcup](#) , 2011, 1449605753, 9781449605759. All the information you need to correctly analyze, work out, and answer Journeyman exam questions. Stallcup's Journeyman Electrician's Study Guide, 2011 Edition provides the perfect balance of strategy and application to ensure your success on the Journeyman licensing exam. Recognized as the most complete and comprehensive Journeyman's study guide available, this skill-building tool has over 1,500 sample exam questions broken down by subject to help you identify areas needing additional review. Detailed explanations and illustrations from renowned electrical author, trainer, and Code expert James G. Stallcup complement this hands-on learning style by providing reader-friendly discussions on how to determine the right answer. After reviewing Stallcup's numerous tips and strategies, worked-out examples and calculations, and step-by-step solutions you'll be ready to confidently tackle your Journeyman exam.

[Experience, Evidence, and Sense: The Hidden Cultural Legacy of English, , Anna Wierzbicka](#) , 2010, 0195368010, 9780195368017. This book is based on two ideas: first, that any language--English no less than any other--represents a

universe of meaning, shaped by the history and experience of the men and women who have created it, and second, that in any language certain culture--specific words act as linchpins for whole networks of meanings, and that penetrating the meanings of those key words can therefore open our eyes to an entire cultural universe. In this book Anna Wierzbicka demonstrates that three uniquely English words--evidence, experience, and sense--are exactly such linchpins. Using a rigorous plain language approach to meaning analysis, she unpacks the dense cultural meanings of these key words, disentangles their multiple meanings, and traces their origins back to the tradition of British empiricism. In so doing she reveals much about cultural attitudes embedded not only in British and American English, but also English as a global language. An interdisciplinary work, *Experience, Evidence, and Sense* will be of interest to both scholars and students in linguistics and English, as well as historians of ideas, sociologists, anthropologists, literary scholars, and scholars of communication.

[Oxford Reading Tree: Stage 1+: Floppy's Phonics: Sounds and Letters: , Book 1, Debbie Hepplewhite, Roderick Hunt](#) , 2011, 0198485573, 9780198485575. There are 6 books at Stage 1+: Book 1 practises 's a t p' Book 2 practises 'i n m d' Book 3 practises 'g o c k' Book 4 practises 'ck e u r' Book 5 practises 'h b f ff' Book 6 practises 'l ll le ss' Each sound is explored through an Oxford Reading Tree scene, first the children should say the sound and trace the letters in the panel, before looking at the key word and picture and saying the sound, there is a list of decodable words for them to read and then they can try to find all words they can that include the focus sound within the picture, some are labelled some are not! Consolidation activities include matching, tracing and reading. There are a total of 42 books in this series from Stage 1 to Stage 5 (Letters and Sounds Phase 1 to Phase 5)

[Class Act: William Haines : Legendary Hollywood Decorator, Peter Schifando, Jean H. Mathison](#) , 2005, 0972766146, 9780972766142. William Haines came to Hollywood after winning a new-talent contest in 1922. He appeared in at least twenty films as a leading man to many of Hollywood's famous stars, such as Joan Crawford and Marion Davies. As Haines' film career faded, his skills as a self-taught decorator flourished. Soon, he was decorating the homes of the elite crowd of the movie industry, including mogul Jack Warner and director George Cukor. Peter Schifando, a longtime associate of Haines' business partner, Ted Graber, and Jean H. Mathison, who worked with Haines for thirty years, have opened their private collections to bring together more than three hundred photographs and drawings of Haines' fabulous interiors as well as his classic furniture designs, which include the influential Elbow, Hostess, and Seniah chairs.

[A Delicious Slice Of Johnners, Brian Johnston](#) , 2011, 0753548054, 9780753548059. Following Brian Johnston's death in 1994, Prime Minister John Major appeared to speak for the nation when he remarked that 'Summers will never be the same.' To an Englishman's ears, the sound of leather against willow will always be closely associated with the cheerful tones of Johnners. Brian Johnston was a man who admitted: 'I have this absurd hankering to make people laugh.' He also summed up his books as 'the meanderings of a remarkably happy and lucky person, to whom life, like cricket, is a funny game and still a lot of fun.' Lovingly edited by his eldest son, Barry, A Delicious Slice of Johnners is a wonderfully enjoyable compendium of three of Johnners' best loved books, the autobiographies It's Been a Lot of Fun and It's a Funny Game, and Rain Stops Play

Halo, from the bestselling creator of the Lionboy Tilogy Zizou Corder.'Until you know who you are, you're no one.'Washed ashore as a baby in ancient Greece, Halo is discovered by a family of centaurs. Although her true identity remains a mystery, she is loved as one of their own. But when Halo is dragged away by fishermen, her wild adventure begins . . .Halo soon realizes that if she is to survive then she must live in disguise - as a boy. A violent war is threatening to erupt and Halo is at the mercy of the mighty Spartan warriors. And

as she battles to hide her secret, Halo never forgets her quest to find out who she is - and where she really came from. Visit betweenthehines.com.au - the destination for Young Adult books.

[The Bund Shanghai: China Faces West, Peter Hibbard](#) , 2007, 9622177727, 9789622177727. This book tells the story of the making of the Bund: from its beginnings as a muddy foreshore and its conversion into a fine esplanade in the latter half of the 19th century, when its infamous "Public Gardens" barred entry to most Chinese, to its cosmopolitan reinvention with the dawning of the millennium. The main focus is on the vibrant years of the 1920s and 1930s when most of the Bund's monumental edifices were built as a lasting testament to the city's commercial success and symbolized the city's passage to sophistication and modernity. This book goes far beyond the facades of the buildings, examining the fascinating historical and social context of this area and profiling the many key figures and organizations that made the Bund in years gone by and that are remodeling it today. Includes: China's fastest, hippest city: the epicenter of growth First guide to the heart of the "Paris of the Orient" Brings the dynamic history of the Bund and its architecture to life Behind-the-scenes coverage includes the landmark Hong Kong and Shanghai Bank building with its palatial interior, and the legendary art deco Cathay Hotel And much more

A detailed retrospective of the first twenty-five years of the National Leather Association, International (NLA-I), it follows one man's vision that resulted in the creation of the first pansexual organization that unified traditional gay Leather with the heterosexual BDSM and fetish communities that emerged following the post-WWII years in the United States.

[Holy Sex: The Way God Intended, Michael Pearl](#) , 2002, 1892112167, 9781892112163. God created his children as sexual opposites, and designed marriage to be the context of erotic pleasure. While the church has been mostly silent on the subject of sex, the world and the devil have attempted to make it their domain. The church has rightly proclaimed the biblical prohibitions on the misuse of sex, but it has failed to speak out on the godliness of erotic pleasure in the context of marriage. Out of the 66 books composing the Bible, one whole book is dedicated to promoting erotic pleasure--the Song of Solomon. Michael Pearl takes his readers through a refreshing journey of the Biblical texts. This sanctifying look at the most powerful passion God ever created will free the reader from false guilt and inhibition. Michael Pearl says, "It is time for Christian couples to take back this sacred ground and enjoy the holy gift of sexual pleasure." This material is intended for mature audiences. Don't read this book unless you are married, have definite plans to be married in the next few weeks, or are an older teenager whose parents have first read it and approve of you doing so. If you don't think God meant for sex to be fun, this book is definitely for you!

Upgrading and Repairing PCs: Field Guide is a portable, "essentials" version of Upgrading and Repairing PCs, 13th Edition - the bestselling PC hardware book of all-time. Weighing less than half a pound, this tiny book packs a hefty punch - containing the essential information you need to upgrade and repair PCs, whether you're a hardcore pro or a weekend warrior. All of this information fits nicely in your toolkit, briefcase or backpack and be there to rescue you when you're out of your office and away from your trusty copy of Upgrading and Repairing PCs. Use the connector quick reference section to identify most any connector or port you run across while servicing PCs out in the wild! Who says detailed coverage must come in a big package? This diminutive book makes up for its tiny size by providing you with a level of detail that exceeds that found in some bigger (in size and name) competitor books. Hundreds of detailed tables boil down complicated settings, standards and specifications into an easy to read - and easy to find - format. All of this detailed information easily fits in your toolkit, briefcase or book bag-right where you need it!

[50 Reasons to Hate the French: Or Vive la Difference, Jules Eden, Alex Clarke](#) , 2007, 1566637627, 9781566637626. Did you shudder when Congress renamed French fries? Or sigh when the French rejected the European constitution they had written themselves? Or simmer when confronted with the usual French rudeness in Paris? Well, let's face it: deep down there's something in all of us that likes to take a swipe at our Gallic friends. Jules Eden and Alex Clarke provide fifty painstakingly researched, wittily written reasons to reinforce your views. From the portraits of leaders past and present to the bad dream of the Tour de France, this book answers every question you have about the French except one: Why only fifty?

[How to Pronounced English Based on How It's Written, Marc L. Schnitzer](#) , 2005, 0963068520, 9780963068521. A new method for English learners that enables them to predict the pronunciation of English words based on their usual spelling. A CD is included for checking one's pronunciations.

[Greek Mythologies: Antiquity and Surrealism, Dimitrios Yatromanolakis](#) , 2014, 0983532214, 9780983532217. The hegemonization of European thought by Greek antiquity was famously questioned by major representatives of the avant-garde. However, this is only one ideological dimension of the extraordinarily intricate politics of the European avant-garde's response to Greek antiquity—a dimension that has been overrated in current research on the subject. *Greek Mythologies* interrogates this one-sided methodological approach by exploring in a systematic and cross-disciplinary manner the complex, at times contradictory, responses to ancient Greece in Greek and broader Western European modernism. In this pioneering book, Dimitrios Yatromanolakis investigates the multilayered (often underexplored) ideological, literary, artistic, and epistemological channels through which ancient Greek mythology was received by the avant-garde as cultural capital and discursive paradigm conducive to a radical reassessment of established socioaesthetic structures. Exploring the dynamics of ruination and the reconfiguration of fundamental icons of ancient mythology (for example, Oedipus, Pasiphae, the Minotaur, the Danaids) in Greek surrealism, this book masterfully demonstrates that Greek antiquity, despite its theoretical devaluation by influential modernists, became an integral constituent of avant-garde myth-making. Focusing mainly on highly provocative dialogues between variants of ancient Greek mythoi and twentieth-century Greek and other European mechanisms of mythogenesis, the book navigates new territories in the field of reception studies.

PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank sheets for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when we say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is dependent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream-fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

[Marketing Management: An Asian Perspective,](#) , 2003, 0131066250, 9780131066250. "Marketing Management, Third Edition" builds on the, multidisciplinary perspective and comprehensive coverage of its predecessors, while emphasizing new technology and marketing procedures in today's market, i.e. the Internet and the marketing of high tech products in Asia, cross-cultural analyses of marketing practices, relationship marketing and customer relationship management in Asia. The text presents cutting-edge marketing concepts and practices for Asian marketing in the region's 12 most promising markets to provide an accessible, analytically based universal marketing approach to Asian insights. The authors examine understanding marketing management, analyzing marketing opportunities, developing market strategies, shaping the marketing offering and managing and delivering marketing programs. For marketing professionals.

[Russia's Stillborn Democracy?:From Gorbachev to Yeltsin: From Gorbachev to Yeltsin, Graeme Gill, Roger D. Markwick](#) , 2000, 0199240418, 9780199240418. The decade and a half since Gorbachev came to power has been a tumultuous time for Russia. It has seen the expectations raised by perestroika dashed, the collapse of the Soviet superpower, and the emergence of a new Russian state claiming to base itself on democratic, market principles. It has seen a political system shattered by a president turning tanks against the parliament, and then that president configuring the new political structure to give himself overwhelming power. These upheavals took place against a backdrop of social dislocations as the Russian people were ravaged by the effects of economic shock therapy. This book explains how these momentous changes came about, and in particular why political elites were able to fashion the new political system largely independent of the wishes of the populace at large. It was this relationship between powerful elites and weak civil society forces which has led to Russian democracy under Yeltsin being still born.

[Murder Within Tent: A Detective Story, David Shepherd](#) , 1994, 0952063212, 9780952063216. For some people, a camping holiday offers a taste of Paradise on earth. But, for members of the 14th Grasshallows Scout Troop, it turns out to be more like the real thing when one of their leaders is murdered in his tent on a dark night.

[Parent As Coach: Helping Your Teen Build a Life of Confidence, Courage and Compassion, Diana Haskins](#) , 2001,

0970225504, 9780970225504. In this book of advice for parents of teens, author Diana Haskins helps parents transition from caregiver to coach. With the help of 7 clear and concise steps, parents learn how to positively answer the unspoken needs of their teenagers while strengthening the lines of communication and enhancing respect between parents and teens. A parent herself as well as an exchange student host, Diana's methods have been time-tested on her own family and validated through numerous coaching workshops she has successfully conducted.

[On Aristotle's "Metaphysics": An Annotated Translation of the So-called "Epitome", , , ISSN 1868-7172, Averros, Averroes](#) , 2010, 3110220016, 9783110220018. "This book contains the first English translation of Abl-Wald Ibn Rushd's (Averroes') so-called Epitome of Aristotle's Metaphysics . The original Arabic text was composed around 1160 as a sort of appendix to a series of compendia of Aristotle's works on natural philosophy by the famous Andalusian philosopher. The two most interesting things about this work are the fact that Averroes restructures here the Aristotelian text according to his own conception of metaphysics, as opposed to his great literal commentary which follows the order of the Metaphysics section by section, and that he constantly revised this work over more than three decades. The present translation is based on a wide range of documents including, apart from the available Arabic editions, a number of medieval Arabic manuscripts not taken into consideration in these editions as well as the Renaissance translation into Latin prepared by Jacob Mantinus. It is accompanied by a commentary dealing with the major philosophical topics, Averroes' sources and problems of the transmission and constitution of the text. In addition, the most important variant readings of the manuscripts are noted in footnotes underneath the translation."--Publisher's website.

[Building Simple Model Steam Engines, Book 1, Tubal Cain](#) , 1981, 1854861042, 9781854861047. A guide to building simple oscillating steam engine models. [Social identity processes: trends in theory and research, Dora Capozza, Rupert Brown](#) , 2000, 0761960856, 9780761960850. This landmark work offers a tour of the latest developments in Social Identity Theory from the leading scholars in the field. First proposed by Tajfel and Turner in 1979, Social Identity Theory has proved enormously influential in stimulating new theory and research, and in its application to social problems. The field is developing apace and important new lines of work have opened up in the past few years. The three sections of the book cover: theoretical contributions to the field; recent empirical assessments of key elements of the theory; and applications of Social Identity Theory to bring about changes in problematic intergroup relationships.

[Natural English: Reading and Writing Skills, , Ruth Gairns, Theresa Clementson, Stuart Redman](#) , 2006, 0194388514, 9780194388511. A modern, speaking-centred general English course that helps students use language naturally. Students typically have gaps in their language knowledge and performance which inhibit their progress. The natural English

syllabus is based on research into these language gaps and the course brings together current ideas in a stylish, principled, and easy-to-teach set of materials. Key Features natural English is a syllabus strand which enables students to integrate frequent, natural language into their language framework. Students learn to use real language naturally, through thinking and rehearsal time, confidence-building practice, and task-centred speaking. The listening syllabus teaches students how to listen. A slot-in listening booklet features the tapescripts plus decoding and pronunciation exercises. Teacher's Book lesson plans, a product of the authors' teacher training expertise, talk teachers through the course materials. Teacher's Book chapters cover teaching principles, techniques, and ideas, plus a selected bibliography. Humour engages and motivates through cartoons, and the listening and reading material. Reading and Writing Skills Resource Book Photocopiable resource for teachers Use with natural English Student's Book or on its own Based on authentic texts and tasks Develops 'real life' reading and writing skills

[Pieces, Karen Biery](#) , 2010, 0982792328, 9780982792322. An innocent summer afternoon turns the lives of two eleven-year-old boys into chaos when they discover an Indian burial mound just off the Great Trail in Minerva, Ohio. Inside the ancient mound lay the skeletal remains of a young child adorned with carved images. Each piece holds ominous power that is unleashed on the unfortunate one who finds it. The boys are torn between honor and adventure as they make decisions that affect their lives as well as the fate of eight others.

[The Everyday Halogen Oven Cookbook, Sarah Flower](#) , 2011, 1848034350, 9781848034358. This book, by nutritionist Sarah Flower, is packed with delicious, healthy and simple meals as well as general advice on how to use and maintain your Halogen Cooker. Halogen Cookers are ideal for those who live alone; or for cooking quick, easy and nutritious family meals without the expense of heating up a conventional oven. With your halogen oven you can cook up to 40% faster than with your conventional oven. It can be used to bake, grill, defrost, roast, steam and brown, and is the perfect one pot cooker. Unlike a microwave, it can cook brown and crispy pastry dishes and jacket potatoes. - How to get the most from your halogen cooker - Weekly menu plans - Soups and Casseroles - Main Meals - Quick snacks - Cakes and desserts - Stockists & further information

[Eye of the God, Ariel Allison](#) , 2010, 1426713495, 9781426713491. eye of the god takes the fascinating history surrounding the Hope Diamond and weaves it together with a present-day plot to steal the jewel from the Smithsonian Institute. We follow Alex and Isaac Weld, the most lucrative jewel thieves in the world, in their quest to steal the gem, which according to legend was once the eye of a Hindu idol named Rama Sita. When it was stolen in the 17th century, it is said that the idol cursed all those who would possess it. That wont stop the brilliant and ruthless Weld brothers. However, they are not prepared for Dr. Abigail Mitchell, the beautiful Smithsonian Director, who has her own connection

to the Hope Diamond and a deadly secret to keep. Abby committed long ago that she would not serve a god made with human hands, and the eye of the god is no exception. Her desire is not for wealth, but for wisdom. She seeks not power, but restoration. When the dust settles over the last great adventure of the Hope Diamond, readers will understand the curse that has haunted its legacy is nothing more than the greed of evil men who bring destruction upon themselves. No god chiseled from stone can direct the fates of humankind, nor can it change the course of Gods story.

["Mi Raza Primero!" \(My People First!\): Nationalism, Identity, and Insurgency in the Chicano Movement in Los Angeles, 1966-1978, Ernesto Chavez, Ernesto Chavez](#) , 2002, 0520935969, 9780520935969. "iMi Raza Primero! "is the first book to examine the Chicano movement's development in one localeOCoin this case Los Angeles, home of the largest population of people of Mexican descent outside of Mexico City. Ernesto Chivez focuses on four organizations that constituted the heart of the movement: The Brown Berets, the Chicano Moratorium Committee, La Raza Unida Party, and the Centro de Accin Social Autnomo, commonly known as CASA. Chivez examines and chronicles the ideas and tactics of the insurgency's leaders and their followers who, while differing in their goals and tactics, nonetheless came together as Chicanos and reformers. Deftly combining personal recollection and interviews of movement participants with an array of archival, newspaper, and secondary sources, Chivez provides an absorbing account of the events that constituted the Los Angeles-based Chicano movement. At the same time he offers insights into the emergence and the fate of the movement elsewhere. He presents a critical analysis of the concept of Chicano nationalism, an idea shared by all leaders of the insurgency, and places it within a larger global and comparative framework. Examining such variables as gender, class, age, and power relationships, this book offers a sophisticated consideration of how ethnic nationalism and identity functioned in the United States during the 1960s and 1970s."

[The Eighteenth Emergency, Betsy Byars](#) , 1973, 0099408678, 9780099408673. 'One of the best children's books ever written' - Lauren ChildMouse has a plan for every emergency. He knows how to survive a fall from a plane, what to do in quicksand, and how to bewilder a charging bull. But nohing - nobody - could be prepared for Marv Hammerman. Marv Hammerman, Neanderthal man, is twice as big as anyone else in the class, and when he is out to get someone, he usually succeeds. A timeless, poignant and funny story about bullying from Newbery Medal winner Betsy Byars

[The Custom of the Country, Edith Wharton](#) , 1995, 0192822888, 9780192822888. Edith Wharton's satiric anatomy of American society in the first decade of the twentieth century appeared in 1913; it both appalled and fascinated its first reviewers, and established her as a major novelist. The Saturday Review wrote that she had 'assembled as many detestable people as it is possible to pack between the covers of a six-hundred page novel', but concluded that the book was 'brilliantly written', and 'should be read as a parable'. It follows the career of Undine Spragg, recently arrived in New York from the Midwest and determined to conquer high society. Glamorous, selfish, mercenary, and manipulative, her principal assets are her striking beauty, her tenacity, and her father's money. With her sights set on an advantageous marriage, Undine pursues her schemes in a world of shifting values, where triumph is swiftly followed by disillusion. Wharton was re-creating an environment she knew intimately, and Undine's education for social success is chronicled in meticulous detail. The novel superbly captures the world of post-Civil War America, as ruthless in its social ambitions as in its business and politics.

The book has been written from a cognitive, rather than a grammatical, point of view. --pref.

[Paradise, Toni Morrison](#) , 2010, 1407065246, 9781407065243. Four young women are brutally attacked in a convent near an all-black town in America in the mid-1970s. The inevitability of this attack, and the attempts to avert it, lie at the heart of PARADISE. Spanning the birth of the Civil Rights movement, Vietnam, the counter culture and the politics of the late 1970s, deftly manipulating past, present and future, this novel of mysterious motives reveals the interior lives of the citizens of the town with astonishing clarity. The drama of its people - from the four young women and their elderly protector, to conservative businessmen, rednecks, a Civil Rights minister and veterans of three wars - richly evokes clashes that have bedevilled American society: between race and racelessness; patriarchy and matriarchy; religion and magic; freedom and belonging; promiscuity and fidelity. Magnificent in its scope, PARADISE is a revelation in the intensity of its portrayal of human complexity and in the sheer force of its narrative.

[Anatomy of a Leader, Carl Mays](#) , 1997, 1880461439, 9781880461433. In this attractively illustrated and concisely packed book, leadership is presented as both an art and a science. Skillfully, Carl Mays uses various parts of the body to present a unique, practical approach to leadership. There are different roads that lead to success as a leader. But regardless of your path or style, Carl Mays emphasizes that truly successful leaders have (1) A Heart that enables you to recognize your own qualities and the qualities of others; (2) A Backbone that is strong and supportive, yet flexible; (3) Muscles that provide energy, perseverance, and health; (4) Hands to help others and to write out your goals; (5) Shoulders that can carry the burden of responsibility; (6) A Brain that possesses limitless creativity and potential; (7) Eyes that can visualize goals and possibilities; (8) Ears that listen to your conscience and to new ideas; (9) A Mouth that vocalizes thoughts and gives compliments; (10) Feet that carry you on the road to success. Carl Mays supports his anatomical comparisons with examples and stories of successful leaders in business, sports, family, and life. According to Mays, "The real challenge and the real reward is to take who you are and what you are capable of doing, and create the means to achieve your dreams."

[The Feature Structure of Functional Categories: A Comparative Study of Arabic Dialects, Elabbas Benmamoun](#) , 2000, 0195119959, 9780195119954. Focusing on the relation between functional categories and lexical and phrasal categories in Arabic dialects, Benmamoun proposes that universally functional categories are specified for categorial features which determine their relation with lexical categories. Language variation is attributed to differences with respect to the categorial feature specifications of functional categories and how they interact with lexical categories. The book brings new insights to issues related to the syntax of functional categories, the relation between syntax and the morpho-phonological component, and comparative syntax.

[Fundamentalism and American Culture, George M. Marsden](#) , 2006, 0195300513, 9780195300512. Many Americans today are taking note of the surprisingly strong political force that is the religious right. Controversial decisions by the government are met with hundreds of lobbyists, millions of dollars of advertising spending, and a powerful grassroots response. How has the fundamentalist movement managed to resist the pressures of the scientific community and the draw of modern popular culture to hold on to their ultra-conservative Christian views? Understanding the movement's history is key to answering this question. *Fundamentalism and American Culture* has long been considered a classic in religious history, and to this day remains unsurpassed. Now available in a new edition, this highly regarded analysis takes us through the full history of the origin and direction of one of America's most influential religious movements. For Marsden, fundamentalists are not just religious conservatives; they are conservatives who are willing to take a stand and to fight. In Marsden's words (borrowed by Jerry Falwell), "a fundamentalist is an evangelical who is angry about something." In the late nineteenth century American Protestantism was gradually dividing between liberals who were accepting new scientific and higher critical views that contradicted the Bible and defenders of the more traditional evangelicalism. By the 1920s a full-fledged "fundamentalist" movement had developed in protest against theological changes in the churches and changing mores in the culture. Building on networks of evangelists, Bible conferences, Bible institutes, and missions agencies, fundamentalists coalesced into a major protest movement that proved to have remarkable staying power. For this new edition, a major new chapter compares fundamentalism since the 1970s to the fundamentalism of the 1920s, looking particularly at the extraordinary growth in political emphasis and power of the more recent movement. Never has it been more important to understand the history of fundamentalism in our rapidly polarizing nation. Marsden's carefully researched and engrossing work remains the best way to do just that.

[African Women: Three Generations, Mark Mathabane](#) , 2003, 0967233321, 9780967233321. In African Women, bestselling author Mark Mathabane presents the deeply moving, often shocking, but ultimately inspiring stories of his grandmother, mother and sister. Coping with abuse, gambling, drunkenness and infidelity from the men they love or have been forced to marry, all three women defy African tradition, and the poverty and violence of life in a modern urban society, to make fulfilling lives for themselves and those they love in the belly of the apartheid beast in South Africa."A powerful piece of work...It is a pleasure to finally have a book concerned with issues of dire importance to women written sensitively by a man." -- Washington Post "A finely crafted book that makes it easier to understand how the vicious cycles of abuse and oppression of women snowballed under apartheid." -- Christian Science Monitor"Mathabane shifts his attention from the evils of racism to what may be the still more insidious and intractable problems of sexism as he describes in spare, moving prose the lives of his sister, mother and grandmother." -- The Wall Street Journal

[Maths Trackers: Frog Tracks: 5-Pack \(5 Pupil Books and 5 Guided Teaching Notes Booklets\), Lucy Simonds, Jo Chambers](#) , 2005, 0198361734, 9780198361732. Maths Trackers gives children struggling with basic maths concepts the motivation to want to learn. The high-interest, age-appropriate contexts and themes inspire children for whom maths lacks relevance and ensure progression for KS2 children working at National Curriculum levels 1 and 2. Building on the success of the Trackers fiction and non-fiction strands for struggling readers, Maths Trackers will put low attainers back on track with maths. The five high-quality pupil books in each 'Track' (two for Number, two for Calculations and one for Shape, Space and Measures) are supported by Guided Teaching Notes booklets, which include notes for teachers and teaching assistants on how to use the photographs and illustrations for maths activities, questions to ask, ideas for mental maths

practice, cross-curricular opportunities, etc. Problem-solving activities and life skills, such as money, measures and data handling, are embedded throughout the series. Teacher's Guides include detailed information on how to use the series, photocopiable practice sheets and easy-to-use assessment profiles.

[Religion in Twentieth Century America, Randall Herbert Balmer](#) , 2001, 0195112954, 9780195112955. Covering Protestant, Hindu, Jewish, New Age, Mormon, Buddhist, Roman Catholic, and many other faiths, Religion in Twentieth Century America is a dynamic look at religion in America through two World Wars, vast industrialization, the civil rights movement, and massive immigration. Included are crucial moments, such as: * The appointment of Louis Brandeis, a Jew, to the U.S. Supreme Court * The contentious court trial of John T. Scopes, which dramatized the debate over Darwinism * The extraordinary rise of evangelist Billy Graham at mid-century * The Presbyterian church's decision to ordain women *The assassination of Martin Luther King Jr. *The federal government's decision to attack the Branch Davidian compound in Waco, Texas. With a chronology, index, and suggestions for further reading following, these momentous events and others are tied together in an absorbing narrative in Religion in Twentieth Century America, providing an illuminating guide to the complex issues of 21st-century religion.

[Introduction to Feedback Control, Li Qiu, Kemin Zhou](#) , 2011, 0133002314, 9780133002317. This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. For undergraduate courses in control theory at the junior or senior level. Introduction to Feedback Control, First Edition updates classical control theory by integrating modern optimal and robust control theory using both classical and modern computational tools. This text is ideal for anyone looking for an up-to-date book on Feedback

Control. Although there are many textbooks on this subject, authors Li Qiu and Kemin Zhou provide a contemporary view of control theory that includes the development of modern optimal and robust control theory over the past 30 years. A significant portion of well-known classical control theory is maintained, but with consideration of recent developments and available modern computational tools.

[Video Editing with Avid: Media Composer, Symphony, Xpress: Media Composer, Symphony, Xpress, Roger Shufflebottom](#) , 2001, 0080520588, 9780080520582. This is the first comprehensive guide to editing on Avid from a PAL standpoint, also including NTSC information where appropriate, making this book a worldwide manual. If you are already using Media Composer, Symphony, or Xpress and want to improve and consolidate your basic methods, or if you need to learn these systems from scratch, then this book is for you. This invaluable reference source explains, from beginner to intermediate level, the similarities and differences of these three packages and will ensure you get the most out of your Avid system. Based on his experience as a film and video editor and trainer, Roger Shufflebottom imparts all the information you need in a clear, accurate and easy to follow format. He provides a comprehensive guide to all the main editing tools of Media Composer, Symphony and Xpress. The text covers Media Composer versions 7-10, Xpress versions 2-4, and Symphony versions 1-3. Extra information is also included on Media Composer version 10.5, Symphony version 3.5 and Xpress version 4.5. Specific Apple Mac and Windows NT information is included. Moving beyond basic editing, 2D effects, 3D effects and graphic import are explained in detail. By working through the text you will be able to complete an Avid project competently and intuitively and you will learn some efficient and powerful working techniques. Roger Shufflebottom has been an editor since 1974, began training in 1993 and has run courses for major broadcasters including the BBC, Carlton, BskyB, Pearson Television and the American Forces Network as well as many facility companies. He is an Avid Certified Instructor and has written many articles for 'Avid User' magazine. Get all you need to know from a working PAL perspective, with NTSC references Gain first-hand experience from an Avid Certified Instructor Covers beginner to intermediate level editing in one comprehensive guide

[Repairing the Panzers: V. 1: German Tank Maintenance in World War 2, Lukas Friedli](#) , 2010, 0955594081, 9780955594083.

[How We Believe: The Search for God in an Age of Science, Michael Shermer](#) , 2000, 071674161X, 9780716741619. At the beginning of the twentieth century, social scientists predicted that belief in God would decrease by the end of the century because of the secularization of society, but nothing could be further from the truth. Recent polls show that 96% of Americans believe in God. Despite Nietzsche's claim that God is dead, He has never been more alive for millions of believers who stand steadfast in their convictions. Why is this? Why are people turning to religion in greater numbers

than ever before? Why do people believe in God at all? In *How We Believe*, Michael Shermer presents the results of an exhaustive empirical study in which he asked 10,000 Americans how and why they believe and about details of their faith. *How We Believe* offers fresh and startling insights into age-old questions and examines: What it means to believe in God "Proofs" of God and what they tell us about religious faith The relationship between science and religion How humans, as the storytelling animal, came to become Homo religious How to find the sacred in the age of science This edition includes a new introduction by the author that brings readers up to date on recent studies on prayer and healing, on the changing religious attitudes and beliefs of Americans, and on the controversial debate about the relationship of science and religion that continues to grab headlines. Shermer also addresses his critics, both believers and atheists, on why belief or disbelief in God is not a question of evidence but of faith. Yet having been a believer and studied the history of science, Shermer is open-minded and inclusive throughout the book. He is most interested in knowing how and why, not in showing right or wrong. Thought provoking, comprehensive, and well researched, *How We Believe* is certain to spark lively debate among believers and nonbelievers alike.

[The Clandestine Cake Club Cookbook, Lynn Hill](#) , 2013, 1782060057, 9781782060055. Secret venues. Inspired themes. Fabulous cakes. Across the UK and beyond, thousands of home bakers have been meeting covertly in hidden locations with the same simple mission: bake, eat and gossip about cake. These are the members of the phenomenally popular Clandestine Cake Club - and now, for the first time, they share their baking secrets with you. The rules are quite clear: no cupcakes, no muffins, no brownies, pies or tarts. It's all about cake! With each event organised around a creative theme, the results are some of the most loved and inventive baked delights you'll ever eat. From classic teatime treats and chocolatey indulgences to global bakes and spectacular cake extravaganzas, you'll find inspiring recipes such as: Scrumptious Sticky Toffee Cake; Smoked Chilli Chocolate Cake; Blood Orange and Rosemary Loaf; Raspberry Cakewell; Rose, Rhubarb & Cardamom Cake; Chai-soaked Vanilla Sponge; a giant Lemon Fondant Fancy; and the unmissable five-tier Rainbow Cake; plus stunning photography and sneak-peek snaps from club events. At last, the secret is out and everyone is invited to join the Club.

[Child Development: A Cultural Approach, Jeffrey Jensen Arnett, Ashley Maynard](#) , 2012, 0205841074, 9780205841073. Help students understand how culture impacts development - and why it matters. Through current research and examples from around the world, Arnett/Maynard's *Child Development* provides students with a more accurate and practical understanding of how development works in the real world. Whether they travel the globe or remain in their home towns, students will benefit from being able to think culturally about human development and our culturally diverse and globalized world. New U.S. and international videos, shot in several countries, allow students to observe similarities and differences in human development across cultures. MyDevelopmentLab is an integral part of the Arnett/Maynard program. Key learning applications include a personalized study plan, MyDevelopmentLab Video Series, and

MyVirtualChild. A better teaching and learning experience The teaching and learning experience with this program helps to: Personalize Learning - MyDevelopmentLab is online learning. MyDevelopmentLab engages students through personalized learning and helps instructors from course preparation to delivery and assessment. Understand Culture and Diversity - Extensive cultural coverage is woven into the narrative and on vivid display in images. Improve Critical Thinking - Students will learn to think critically about the influence of culture on development. Learning objectives, listed at the start of each chapter and within every section, help students better organize and understand the material. Engage Students - Research and examples on the similarities and differences in child development across cultures will fascinate students. Explore Research - Students are presented with current research and examples from around the world. Support Instructors - All supplements were developed around the textbook's carefully constructed learning objectives. Child Development: A Cultural Approach, covers prenatal development through adolescence and emerging adulthood and is available in hardcover, paperback, and la Carte versions. It is also available in an abridged paperback version, Child Development through Middle Childhood . Click here to view a sample chapter!

[Jenny Saville: Continuum.](#) , 2012, 0847839109, 9780847839100. Jenny Saville has been recognized as one of the most thought-provoking and technically accomplished talents of her generation, known for her monumental paintings of fleshy nudes. Fascinated by the endless aesthetic and formal possibilities that the materiality of the human body offers, Jenny Saville remits a highly sensuous and tactile impression of surface and mass in her monumental oil paintings. She captures the contours and features of the face and the nuances of skin texture and color in strokes both bold and meticulous. Enlarging the facial features of her human subjects to a vast scale and rendering them in layer upon layer of paint, she imbues them with a sense of mass and weight that is almost sculptural and at times wholly abstract. Intense pinks, reds, and blues erupt through pale skin tones, disclosing the internal workings of the painting like the flesh and blood of a living organism. Continuum includes monumental paintings and drawings from her recent exhibition held at Gagosian

Gallery in New York as well as highlights from the past six years of the artists work, which have not been exhibited or published.

Fully Updated to Cover Major Enhancements to Seam 2.x In Seam Framework, Second Edition, the authors of the leading guide to Seam programming have systematically updated their text to reflect the major improvements introduced with Seam 2.x. This author team all key Seam project contributors teach Seam 2.x through detailed example applications that reveal how Seam simplifies many tasks that were previously difficult or impractical. Their robust descriptions are complemented by in-depth feature discussions that demonstrate how to use Seam's power to the fullest. Whether you're new to Seam programming or a seasoned Seam developer who wants to achieve deeper mastery of Seam 2.x, this book will be an indispensable resource. Coverage includes Using improvements to Seam's conversation model, transaction management, and other features Enhancing security, performing end-to-end validation, and providing custom exception pages Using Quartz to execute timer jobs in your application Generating bookmarkable RESTful Web pages the easy way Developing highly scalable applications with Seam 2.x's new multilayer caching Simplifying development with Groovy, the scripting language that runs directly on the JVM Using jBPM business processes to improve page flow Previewing Web Beans (JSR-299), the future core of Seam that will transform Java EE Web development *Download source code for this book's case study application at solutionsfit.com/seam.

[Global Beat Fusion: The History of the Future of Music, Derek Beres](#) , 2005, 0595348998, 9780595348992. Global Beat Fusion The History of the Future of Music Words & Pix by Derek Beres Foreword by Ajay Naidu "Derek Beres is part reporter and part prophet standing in the middle of the eye of the World Music storm that is raining new musical genres on the Earth today, each one fused by the love of song and spirit." -Krishna Das, kirtan artist "I met Derek Beres as a writer interested in shedding light on what was happening in the world of future music. I know him now as a major force

pushing this scene in all directions. He has gone so far deep inside that he has become exactly what he writes about. He will forget to write one chapter of this book and that is the one about himself." -Karsh Kale, tabla player/DJ/producer

"Derek Beres is a modern-day shaman. He knows new hybrids of electronic and non-Western music deliver the same ecstatic release as ancient tribal rituals of so-called primitive societies, and that the implications go far beyond an ambient groove. For Beres, the fusion of technology and ritual, the reconciliation of mind, body and spirit that electronic world music represents, is not just the cutting edge of modern entertainment but the early stages of a numinous revolution in American culture. In *Global Beat Fusion* he explains why music is the new religion, and how, in one sense or another, we are all destined to become believers." -Guy Garcia, author of *The New Mainstream: How the Multicultural Consumer is Transforming American Business* For exclusive interviews, pictures, events artist info and more visit www.globalbeatfusion.com Cover artwork by Craig Anthony Miller www.craiganthonymiller.com Outside the Box Publishing www.otbpublishing.com

[One Simple Act: Discovering the Power of Generosity, Debbie Macomber](#) , 2009, 1439166978, 9781439166970. What if you, personally, could make the world a better place...by tomorrow? Debbie Macomber knows the secret to doing exactly that! In a world that seems too often stingy and grudging, she has witnessed how one simple act of generosity can yield unforeseen miracles. You are about to discover, through true stories, what happens when we commit intentional acts of generosity. Lives are changed in ways we never envisioned. Come with Debbie late one evening through the checkout line at the grocery store. Visit a midwestern train station. Discover the link between a submarine, a few bread crumbs, and some minnows. Visit ancient Galilee as a young boy volunteers his fishes and loaves to Jesus only to see his meager gift multiplied many times over to feed five thousand. Listen in on a touching phone call with an elderly widow. You will stand amazed at what God accomplishes when we make ourselves available through simple acts of generosity. This blend of true stories and motivating messages will delight and surprise you as you discover how giving the gifts of time, encouragement, hope, laughter, prayer, hospitality, service, and even forgiveness can have lasting, life-changing impact, not only on the recipient of such gifts but on the giver as well. Debbie Macomber, through the power of story, invites us to live with open hands, offering who we are and what we have to God, to use in the lives of others. When we do so, lives--including our own--are changed in ways we couldn't have imagined. All it takes is one simple act.

[No Longer the Same: Religious Others and the Liberation of Christian Theology, David R. Brockman](#) , 2012, 0230109438, 9780230109438. Western Christian theology has been slow to respond to the persistent challenge of global religious diversity. Though there are a few notable exceptions, in the main Christian theology continues either to ignore or to dismiss the perspectives, texts, practices, and experiences of religious others as outside the bounds of the relevant, let alone the normative. This book breaks new ground by examining how boundaries between Christianity and religious others are discursively constructed in and through theological discourse. It examines how those basic boundary-drawing processes exercise power, and how that exercise of power can distort Christian theology itself.

[Ivy's Twisted Vine, Latrivia S. Nelson](#) , 2008, 1434381765, 9781434381767. Listen To Me is a fictional tale revolving around a mothers quest to reach her daughter, matters that its from her own grave. Asia Kane Lace has been parentless

for over two years. Residing in Dallas, Texas with her grandmother, a specific and significant birthday of Asia's arrives. A package is delivered, yet its content was far more than a gift. It was a life journal sent from her deceased mother, Naomi. Set from the early 80s to the present, Listen To Me is a young adult novel of a child discovering life through her mother's death. While reading into her mother's past, Asia's idea of Naomi's immortality is tested by the content of the journal. From her teenage years until her passing, Naomi wrote of sex, drugs, lies and love, all that would face the parentless child. By journal's end Asia discovers a letter written to her from Naomi. The note reveals why she died, what led to her death and why not even six feet of dirt and rocks could keep them apart. Through the pages of a journal assorted with influential poetry, a young girl saw death, yet discovered how to live her life. The choices you choose conclude life or death. Listen To Me wittingly demonstrates both through a terminally ill parent using her personal life as an example. By story's end, a mother teaches life to her daughter from a coffin that was created due to her very own decisions. So, what would you do if you knew your life was going to end yet you had a child to raise? How would you reach them, teach them from beyond the grave? Naomi answered, A Journal.

[Mud and Mudstones: Introduction and Overview, Paul E. Potter, J. B. Maynard, Pedro J. Depetris](#) , 2005, 3540270825, 9783540270829. Mud and mudstone, the most abundant of all sediments and sedimentary rocks, are relevant to many different human activities and disciplines and thus have a widely scattered literature. Our book provides the first elementary overview of mud and mudstone written for a broad spectrum of professionals, teachers and students in geology, petroleum geology and engineering, urban planning and development, paleontology and paleoecology, and architecture and archaeology. Mud and mudstone provide the foundations to master all their aspects and prepares you to dig deeply into the many fascinating questions of their origin, relationships to earth history and practical uses. Key topics include the production of mud, its transport, the important role of bottom oxygen, sites of deposition, burial, provenance, mudstones in basins and an overview of practical uses followed by an appendix and extended glossary.

[The writings of the Apostolic fathers, Paul Foster](#) , 2007, 0567031063, 9780567031068. The Writings of the Apostolic Fathers refer to a group of miscellaneous Christian writings produced in the first and second centuries. The authors of

these writings were considered by seventeenth century scholars to be the next generation of Apostles and as a result were named The Apostolic Fathers. Perceived by many scholars to be the most important collection of post-New Testament writings, a number of these texts were in fact considered for the Canon of the New Testament but later rejected. Their obvious significance stems from the fact that they are the first Christian writings produced outside the New Testament Canon and as such contain an essential insight into the development of the early Christian Church and Christian thinking. Much Christian Doctrine came, not from the New Testament, but from the writings produced by the early church and in particular the writings of the Apostolic Fathers. Therefore, these texts are crucial to an understanding of the shaping of Christian thought and Christian doctrine. This volume will provide readers with an overview of each of the eleven texts, together with a general introduction. Communicating the best recent scholarship to a broad audience, each chapter offers a treatment of the most controversial aspects of each text and discusses the theology of each of the writings in order to orient readers to the development of Christian thinking in the second century. Each article ends with a carefully chosen select bibliography to enable further reading.

[Sophie and the Rising Sun, Augusta Trobaugh](#) , 2011, 1611940680, 9781611940688. An unforgettable story of an extraordinary love and a town's prejudice during World War II. Sophie and the Rising Sun "suggests the small but heartwarming triumphs made possible by human dignity and courage." -Publisher's Weekly. In sleepy Salty Creek, Georgia, strangers are rare. When a quiet, unassuming stranger arrives--a Japanese man with a secret history of his own--he becomes the talk of the town and a new beginning for lonely Sophie, who lost her first love during World War I. Middle-aged Sophie had resigned herself to a passionless existence. That all begins to change as she finds herself drawn to the mysterious Mr. Oto. When the Japanese bomb Pearl Harbor, Mr. Oto's newfound life comes under siege; his safety, even in Salty Creek, is no longer certain. Sophie must decide how much she is willing to risk for a future with the man who has brought such joy into her life. Visit the author at: www.AugustaTrobaugh.com

[The Ringed Castle: Fifth in the legendary Lymond Chronicles, Dorothy Dunnett](#) , 2010, 0307762394, 9780307762399.

For the first time Dunnett's Lymond Chronicles are available in the United States in quality paperback editions. Fifth in the legendary Lymond Chronicles, The Ringed Castle leaps from Mary Tudor's England to the barbaric Russia of Ivan the Terrible. Francis Crawford of Lymond moves to Muscovy, where he becomes advisor and general to the half-mad tsar. Yet even as Lymond tries to civilize a court that is still frozen in the attitudes of the Middle Ages, forces in England conspire to enlist this infinitely useful man in their own schemes. From the Trade Paperback edition.

[The Iliad, Homer,](#) , 2013, 019932610X, 9780199326105. The Iliad is a riddle, wrapped in a mystery, inside an enigma, for which Barry Powell, one of the twenty-first century's leading Homeric scholars, has given us a magnificent new translation. Graceful, lucid, and energetic, Powell's translation renders the Homeric Greek with a simplicity and dignity reminiscent of the original. The text immediately engrosses students with its tight and balanced rhythms, while the incantatory repetitions evoke a continuous "stream of sound" that offers as good an impression of Homer's Greek as one could hope to attain without learning the language. Accessible, poetic, and accurate, Powell's translation is an excellent fit for today's students. With swift, transparent language that rings both ancient and modern, it exposes them to all of the rage, pleasure, pathos, and humor that are Homer's Iliad. Both the translation and the introduction are informed by

the best recent scholarship. FEATURES * Uses well-modulated verse and accurate English that is contemporary but never without dignity * Powell's introduction sets the poem in its philological, mythological, and historical contexts * Features unique on-page notes, facilitating students' engagement with the poem * Embedded illustrations accompanied by extensive captions provide Greek and Roman visual sources for key passages in each of the poem's twenty-four books * Eight maps (the most of any available translation) provide geographic context for the poem's many place names * Audio recordings (read by Powell) of fifteen important passages are available at www.oup.com/us/powell and indicated in the text margin by an icon
