[Getting Things Off My Chest: A Survivor's Guide to Staying Fearless and Fabulous in the Face of Breast Cancer, Melanie Young](#) , 2013, 1462113230, 9781462113231. Charge head on into the battle with breast cancer, armed with these outstanding survivor's tips on how to stay sane, focused, and in charge. Complete with checklists geared toward streamlining your new life, this book helps you eliminate stress and boost your spirits with positive thinking and humor. Don't let your cancer control you; empower yourself and ease the transition with this all-inclusive guide.

[Primordial Cosmology, Patrick Peter, Jean-Philippe Uzan](#) , 2013, 019966515X, 9780199665150. This book provides an extensive survey of all the physics necessary to understand the current developments in the field of fundamental cosmology, as well as an overview of the observational data and methods. It will help students to get into research by providing definitions and main techniques and ideas discussed today. The book is divided into three parts. Part 1 summarises the fundamentals in theoretical physics needed in cosmology (general relativity, field theory, particle physics). Part 2 describes the standard model of cosmology and includes cosmological solutions of Einstein equations, the hot big bang model, cosmological perturbation theory, cosmic microwave background anisotropies, lensing and evidence for dark matter, and inflation. Part 3 describes extensions of this model and opens up current research in the field: scalar-tensor theories, supersymmetry, the cosmological constant problem and acceleration of the universe, topology of the universe, grand unification and baryogenesis, topological defects and phase transitions, string inspired cosmology including branes and the latest developments. The book provides details of all derivations and leads the student up to the level of research articles.

[Ghost Cave Mountain, Karen J. Simon](#) , 2012, 0985558849, 9780985558840. Lee's father, a local history teacher, is lost on a rugged Idaho mountain. She is continuing to search for him, three years after everyone else has given up. Trace, a young Indian orphan raised by his Grandfather, is drawn to the mountain to find acceptance in his Indian heritage and the peace he found in his grandfather's teachings. A chance meeting brings the two together in a brief romantic

encounter. The encounter haunts him as much as his grandfather haunts his life. He runs to the wilds of Alaska in attempt to escape the memories. But it appears that his grandfather's ghost will not rest until the two are reunited.

[Digital Signal Processing: An Overview of Basic Principles, Jack Cartinhour](#) , 2000, 0137692668, 9780137692668. This book is the perfect source for those interested in learning the basic principles of digital signal processing. Features an exceptionally accessible writing style and emphasizes the theoretical aspects of digital signal processing. Explains how the coefficients of the discrete time system equation are selected in order to implement the desired "digital filter." Includes overview of the continuous time system theory-- including coverage convolution, system impulse response, and the Fourier Transform. Illustrates the power of DSP by inclusion of a chapter on adaptive FIR filters using the LMS algorithm. Discusses oversampling, downsampling, upsampling, and introduces the theory of random signals and their associated power spectral density functions. For anyone wanting an easily-accessible, theoretical introduction to digital signal processing.

[Advanced French Grammar, Monique L'Huillier](#) , 1999, 0521484251, 9780521484251. This 1999 reference grammar, written for advanced students of French, their teachers, and others who want a better understanding of the French language, combines the best of modern and traditional approaches. Its objective is not only practical mastery of the language, but familiarity with its structure. Taking into account modern linguistic research, Advanced French Grammar approaches the French language primarily through the study of syntactic structures, but without excessive emphasis on formalism. It provides a generous number of examples, based on the author's own experience of teaching French to English-speakers, to help the student to understand the different meanings of apparently similar syntactic alternatives. The norms of 'correct expression' are given together with current usage and deviations, and appendixes provide information on the 1990 spelling reforms and on numbers. A substantial index of French and English words and of topics provides easy access to the text itself.

[The Kelp Forest: The Ebb and Flow of Life in the Sea's Richest Habitat, Howard Hall](#) , 1999, 0945092482, 9780945092483.

[From Frege to Gdel: A Source Book in Mathematical Logic, 1879-1931, ISSN 1556-9063, Jean Van Heijenoort](#) , 1967, 0674324498, 9780674324497. The fundamental texts of the great classical period in modern logic, some of them never before available in English translation, are here gathered together for the first time. Modern logic, heralded by Leibniz, may be said to have been initiated by Boole, De Morgan, and Jevons, but it was the publication in 1879 of Gottlob Frege's Begriffsschrift that opened a great epoch in the history of logic by presenting, in full-fledged form, the propositional calculus and quantification theory. Frege's book, translated in its entirety, begins the present volume. The emergence of two new fields, set theory and foundations of mathematics, on the borders of logic, mathematics, and philosophy, is depicted by the texts that follow. Peano and Dedekind illustrate the trend that led to Principia Mathematica. Burali-Forti, Cantor, Russell, Richard, and Knig mark the appearance of the modern paradoxes. Hilbert, Russell, and Zermelo show various ways of overcoming these paradoxes and initiate, respectively, proof theory, the

theory of types, and axiomatic set theory. Skolem generalizes Lwenheim's theorem, and heand Fraenkel amend Zermelo's axiomatization of set theory, while von Neumann offers a somewhat different system. The controversy between Hubert and Brouwer during the twenties is presented in papers of theirs and in others by Weyl, Bernays, Ackermann, and Kolmogorov. The volume concludes with papers by Herbrand and by Gdel, including the latter's famous incompleteness paper. Of the forty-five contributions here collected all but five are presented in extenso. Those not originally written in English have been translated with exemplary care and exactness; the translators are themselves mathematical logicians as well as skilled interpreters of sometimes obscure texts. Each paper is introduced by a note that sets it in perspective, explains its importance, and points out difficulties in interpretation. Editorial comments and footnotes are interpolated where needed, and an extensive bibliography is included.

[The Encyclopedia of World Climatology, John E. Oliver](#) , 2005, 1402032641, 9781402032646. Today, given the well-publicized impacts of events such as El Nio, there is an unequaled public awareness of how climate affects the quality of life and environment. Such awareness has created an increasing demand for accurate climatological information. This information is now available in one convenient, accessible source, the Encyclopedia of World Climatology. This comprehensive volume covers all the main subfields of climatology, supplies information on climates in major continental areas, and explains the intricacies of climatic processes. The level of presentation will meet the needs of specialists, university students, and educated laypersons. A successor to the 1986 Encyclopedia of Climatology, this compendium provides a clear explanation of current knowledge and research directions in modern climatology. This new encyclopedia emphasizes climatological developments that have evolved over the past twenty years. It offers more than 200 informative articles prepared by 150 experts on numerous subjects, ranging from standard areas of study to the latest research studies. The relationship between climatology and both physical and social science is fully explored, as is the significance of climate for our future well-being. The information is organized for speedy access. Entries are conveniently arranged in alphabetical order, thoroughly indexed, and cross-referenced. Every entry contains useful citations to

additional source materials. The Editor John E. Oliver is Professor Emeritus at Indiana State University. He holds a B.Sc. from London University, and a MA and Ph.D from Columbia University. He taught at Columbia University and then at Indiana State where he was formerly Chair of the Geography-Geology Department, and Associate Dean, College of Arts and Sciences. He has written many books and journal articles in Climatology, Applied Climatology and Physical Geography.

[William Wilberforce: A Biography, Stephen Tomkins](#) , 2007, 0745952321, 9780745952321. William Wilberforce's name will forever be associated with the abolition of slavery in the British Empire. This lively biography includes primary documentation about the experience of slaves and slave traders. Drawing on his experience as a journalist and a church historian, Tomkins' book traces Wilberforce's early years as the son of a wealthy merchant family in Hull and his dissolute life in Cambridge. Following his work as an MP under Pitt and his evangelical conversion, he became a campaigner for public morality and led the parliamentary movement for the abolition of slavery. The book covers the formation of the "Clapham Sect" and the passing of the Anti-Slave trade act, up to Wilberforce's death just 3 days after the final reading of the Emancipation Bill.

[The Great Kagyu Masters: The Golden Lineage Treasury, Kehempo Konchog Gyaltzen](#) , 2014, 1559397721, 9781559397728. For inspiration, Buddhists turn to the life stories of how the great masters of their lineage struggled with their circumstances and achieved enlightenment. This important and very readable volume tells the extraordinary tales of the greatest teachers of the Kagyu the lineage with the widest following in the U.S.

[Twined Rag Rugs: Tradition in the Making, Bobbie Irwin](#) , 2000, 0873418980, 9780873418980. Twined rag rugs are currently undergoing a world-wide revival due to the thousands of people who are rediscovering the traditional handwork of their ancestors. Crafters of all ages and skill levels can enjoy this inexpensive, simple techniques; young children learn it easily and the elderly benefit from increased manual dexterity as well as the rhythmic relaxation of the twining. And the result is an incredibly durable heirloom that can be passed through generations. This book introduces numerous pattern and equipment options with step-by-step diagrams and photographs for nine samplers. Also included are complete instructions for building basic equipment, ten rug projects, and tips for designing heirloom rugs.

[Water Birds, Heather Hammonds](#) , 2004, 0170112950, 9780170112956. 'Water Birds' explains what water birds are and describes what habits they have adapted for living around water.

[Victory: An Island Tale, Joseph Conrad](#) , 1987, . Victory was the last of Conrad's novels to be set in the Malay

Archipelago. It tells the story of Axel Heyst who, damaged by his dead father's nihilistic philosophy, has retreated from the world of commerce and colonial exploration to live alone on the island of Samburan. But Heyst's solitary existence ends when he rescues an English girl from her rapacious patron and brings her back to the island. She in turn recalls him to love and life, until the world breaks in on them once more with tragic consequences. In this love story Conrad created two of his psychologically most complex and compelling characters in a narrative of great erotic power. This new edition uses the first edition text and includes a new chronology and bibliography.

This book is about the intelligentsia in nineteenth-century Bengal. It analyzes why--from the second half of the nineteenth century--the Hindu bhadralok in Bengal developed a specific rhetoric of culture that has continued to inform their identity to the present day.

[Married for Better, Not Worse: The Fourteen Secrets to a Happy Marriage, Gary B. Lundberg, Joy Lundberg](#) , 2002, 0142000876, 9780142000878. Nearly every couple has some degree of difficulty in their marriage. Most are resigned to it, but Gary and Joy Lundberg believe there is a solution. Drawing on their extensive experience with marriage counseling and workshops, the Lundbergs reveal fourteen secrets every spouse should know. These secrets cover everything from finances and parenting to communication and sex, from being each other's best friend to keeping a sense of humor, and the surprising power of courtesy. Addressing the differing needs of men and women, they offer sensitive, realistic, and easy-to-understand solutions, drawing on examples from real-life couples' stories. They also include exercises, quizzes, and discussion topics that spouses can use alone or together to enhance communication and achieve emotional satisfaction. "This great book will be a valuable resource for any couple desiring to improve their marriage." (Brent A. Barlow, Ph.D., author of *Dealing with Difference in Marriage*)

[Koos Couture Collage: Inspiration & Techniques, Linda Chang Teufel](#) , 2002, 0964120178, 9780964120174. This biography and illustrated guide highlights the work of master designer Koos van den Akker and provides inspiration for bold, unique sewing creations. Chronicling the designer's 30 years in haute couture, this book follows van den Akker from his start in the Paris workrooms of Christian Dior to his rise in the fashion world and the establishment of his own Madison Avenue boutique. Included are demonstrations for duplicating several of his construction and design techniques that offer illustrated sewing instructions and intricate details for home sewers to imitate. The designs, with their richness of texture, generosity of color, and dynamic mix of fabrics, share the full scope of van den Akker's masterful creations.

[Hats on for Polka Dot, Kathleen Sampson](#) , 2000, .

[Forms that Work: Designing Web Forms for Usability, Caroline Jarrett, Gerry Gaffney](#) , 2009, 0080948480,

9780080948485. Forms are everywhere on the web for registration and communicating, for commerce and government.

Good forms make for happier customers, better data, and reduced support costs. Bad forms fill your organizations databases with inaccuracies and duplicates and can cause loss of potential consumers. Designing good forms is trickier than people think. Jarrett and Gaffney come to the rescue with *Designing Forms that Work*, clearly explaining exactly how to design great forms for the web. Liberally illustrated with full-color examples, it guides readers on how to define requirements, how to write questions that users will understand and want to answer, and how to deal with instructions, progress indicators and errors.*Provides proven and practical advice that will help you avoid pitfalls, and produce forms that are aesthetically pleasing, efficient and cost-effective. *Features invaluable design methods, tips, and tricks to help ensure accurate data and satisfied customers. *Includes dozens of examples -- from nitty-gritty details (label alignment, mandatory fields) to visual designs (creating good grids, use of color).*Foreword by Steve Krug, author of the best selling *Don't Make Me Think!*

[Messier: Hockey's Dragonslayer, Rick Carpiello](#) , 1999, 0965384691, 9780965384698. Relive the heroic victories that make Mark Messier one of hockey's living legends. 10 photos.

[Hetty Feather, Book 1, Jacqueline Wilson](#) , 2010, 0440868351, 9780440868354. A wonderful and original Jacqueline Wilson novel, featuring Hetty Feather, a Victorian Tracy Beaker! London, 1876 and Hetty Feather is just a tiny baby when her mother leaves her at the Foundling Hospital. The Hospital cares for abandoned children -- but Hetty must first live with a foster family until she is big enough to go to school. Life in the countryside is hard but with her 'brothers' Jem and Gideon, she helps in the fields and plays imaginary games. Together they sneak off to visit the travelling circus and Hetty is mesmerised by the show, especially Madame Adeline and her performing horses. But Hetty's happiness is threatened once more when she is returned to the Foundling Hospital. The new life of awful uniforms and terrible food is a struggle for her. But now she has the chance to find her real mother. Could she really be the wonderful Madame Adeline? Or will Hetty find the truth is even more surprising? Jacqueline Wilson will surprise and delight old fans and new with this utterly original take on a historical novel. Set in Victorian times and featuring a brand new feisty heroine, Hetty Feather, this is a Tracy Beaker-esque tale that will thrill young readers. Warm, moving, funny and totally fascinating, it's the perfect gift for girls of nine and older. From the Hardcover edition.

[Polybius' Histories, B. C. McGing](#) , 2010, 0195310330, 9780195310337. Polybius' Histories is one of classical antiquity's great political narratives. Written in 40 books (of which only the first five are preserved in full), it originally set out to

explain the dramatic rise of Rome in the half century from the war against Hannibal to the defeat and abolishment of the Macedonian kingdom in 167 BC. At a later stage, Polybius extended his coverage down to the Roman destruction of Carthage and Corinth in the year 146 BC. Although written in an ordinary Greek style, the work was composed with great care, clarity and skill, and provides a fascinating discourse on the politics of power. The author was himself a leading Greek politician and general who moved at ease among the most powerful men of the day and participated in many of the events that he describes. This volume provides an accessible introduction to this important work of classical literature. Beginning with an outline of its contents and organization, Brian McGing goes on to examine Polybius' theoretical approach to writing history and the careful artistry behind his work. Later chapters discuss Polybius' eventful life and how it affected his views on history and politics, and analyze the influential theorizing of book six of the Histories. In an epilogue, McGing chronicles the fate of Polybius' work after his death, from classical antiquity to the Renaissance to the American Revolution and up to the present. The volume includes detailed maps and a list of prominent persons.

[Einstein's relativity in metaphor and mathematics, Enders A. Robinson](#) , 1990, 0132464977, 9780132464970. Robinson brilliantly uses examples from the arts, history, and folklore to elucidate Einstein's monumental theory. The author's triumphs of analysis include clarifying the abstract concepts of time and space, linking relativity concepts to mapmaking and exploration, and relating the metaphors of Shakespeare, Milton and Dante to relativity theory. 161 line drawings. 60 half-tones.

[The Gabriel Method: The Revolutionary DIET-FREE Way to Totally Transform Your Body, Jon Gabriel](#) , 2008, 1416587152, 9781416587156. The pile of recent dieting books is growing faster than the average American's waistline. From the well-known programs that deprive and restrict to ones that rely on juice alone, it seems that everybody has an answer to the growing problem of obesity. When Jon Gabriel's life took an unexpected turn, he suddenly was awakened to the marvelous gift that he had been given -- the opportunity to live -- and was disgusted at how he had treated his

body. At over four hundred pounds, walking, sleeping, and working was a struggle against gravity, and his life was a constant battle between emotional and physical satiation. He was slowly killing himself with food. Like the estimated 58 percent of Americans, and rising numbers in other countries, Jon was trapped in what he came to call the FAT - Famine and Temperature - trap. By studying biochemistry, Gabriel learned that your body has an internal logic that determines how fat or thin you will be at any given time. The way to lose weight is not to struggle or to force yourself to lose weight but to understand this internal logic and work with it so that your body wants to be thinner. When your body wants to be thinner, weight loss is inevitable and becomes automatic and effortless. You simply crave less food, you crave healthier foods, your metabolism speeds up and you become very efficient at burning fat, just like a naturally thin person. And that's the real transformation -- to transform yourself into a naturally thin person, so that you can eat whatever you want whenever you want and still be thin, fit, and vibrantly healthy. After reading *The Gabriel Method*, you will learn: Your body has a reason why it's holding on to weight--and it's not your fault. Fat is a cushion--a protective barrier that our mind believes is helping to protect us. If you can change that belief, you can change your body; Stop the cycle of crash dieting and start eating what you want, when you want it. How to choose healthy, nutritious foods that nourish the cells in your body, not starve them. Delicious shakes and smoothies, and super-power supplements, that can jump start your success. The simple way you can train your mind and body to work with your goal of health, not against it. Eliminate the emotional and mental reasons your body holds on to weight in just 10 minutes a day. It certainly worked for Jon; he lost 225 pounds in two-and-a-half years, going from 409 pounds to 184, without suffering, dieting, or anguishing over his body. Unlike most people who lose an extensive amount of weight, his skin tightened up and now is indistinguishable from that of a person who has been healthy his whole life.

[Imaginary Homelands: Essays and Criticism 1981-1991, Salman Rushdie](#) , 2010, 0099542250, 9780099542254. Drawing from two political and several literary homelands, this collection presents a remarkable series of trenchant essays, demonstrating the full range and force of Salman Rushdie's remarkable imaginative and observational powers. With candour, eloquence and indignation he carefully examines an expanse of topics; including the politics of India and Pakistan, censorship, the Labour Party, Palestinian identity, contemporary film and late-twentieth century race, religion and politics. Elsewhere he trains his eye on literature and fellow writers, from Julian Barnes on love to the politics of George Orwell's 'Inside the Whale', providing fresh insight on Kipling, V.S. Naipaul, Graham Greene, John le Carr,

Raymond Carver, Philip Roth and Thomas Pynchon among others. Profound, passionate and insightful, Imaginary Homelands is a masterful collection from one of the greatest writers working today.

[Local Cells, Global Science: The Rise of Embryonic Stem Cell Research in India, Aditya Bharadwaj, Peter E. Glasner](#) , 2009, 0415396093, 9780415396097. One of the first studies of an exciting new development in global biotechnology, this cutting edge text examines the extent of the transnational movements of tissues, stem cells, and expertise, in the developing governance framework of India. Documenting the impact of local and global governance frames on the everyday conduct of research, this groundbreaking book traces the journey of spare human embryos in IVF clinics to public and private laboratories engaged in isolating stem cells for potential therapeutic application. The discussion also examines the gender dimension as a potential site for exploitation in the sourcing of embryonic and other biogenic materials, and suggests that a moral economy has developed in which the ethical values of the global 'North' support and encourage the donation of abundant and ethically neutral embryos by the 'South'. This unique exploration is grounded in an empirical, multi-sited ethnographic study that takes a thoroughly comparative analysis of the ethical, religious and social issues in Europe, the United States, and organ donations already prevalent in India. In this theoretically-sensitive analysis, the authors use the resources of social anthropology and the social sciences in an innovative text which will appeal to postgraduates and professionals in the areas of STS studies, genetics, bioethics, and anthropology.

[Healthy Living in Late Renaissance Italy, Sandra Cavallo, Tessa Storey](#) , 2013, 0199678138, 9780199678136. Healthy Living in Late Renaissance Italy explores in detail the efforts made by men and women in late Renaissance Italy to stay healthy and prolong their lives. Drawing on a wide variety of sources - ranging from cheap healthy living guides in the vernacular to personal letters, conduct literature, household inventories, and surviving images and objects - this volume demonstrates that a sophisticated culture of prevention was being developed in sixteenth-century Italian cities. This culture sought to regulate the factors thought to influence health, and centred particularly on the home and domestic routines such as sleep patterns, food and drink consumption, forms of exercise, hygiene, control of emotions, and monitoring the air quality to which the body was exposed. Concerns about healthy living also had a substantial impact on the design of homes and the dissemination of a range of household objects. This study thus reveals the forgotten role of medical concerns in shaping everyday life and domestic material culture. However, medicine was not the sole factor responsible for these changes. The surge of interest in preventive medicine received new impetus from the development of the print industry. Moreover, it was fuelled by classical notions of wellbeing, re-proposed by humanist culture and by the new interest in geography and climates. Broader social and religious trends also played a key role; most significantly, the nexus between attention to one's health and spiritual and moral worth promoted both by new ideas of what constituted nobility and by the Counter-Reformation. Six key areas were thought to influence the balance of 'humours' within the body and Healthy Living in Late Renaissance Italy is organised into six main chapters which reflect these concerns: Air, Exercise, Sleep, Food and Drink, Managing the Emotions, and Bodily Hygiene. The volume is richly illustrated, and offers an accessible but fascinating glimpse into both the domestic lives and health preoccupations of the early modern Italians.

[The Secret of Soul Winning, Stephen Olford](#) , 2007, 0805445471, 9780805445473. The late legendary pastor Stephen

Olford's mid-twentieth century ministry classic, *The Secret of Soul Winning*, returns to print in 2007 with extensive updates from his son David Olford, plus a previously unreleased foreword by the late Adrian Rogers in addition to the original introduction from Billy Graham. Here, the Olfords relate many of their personal experiences with soul winning, a vital practice among Christians, but one that often seems the most difficult to do. This time-tested practical advice on how to share the good news of Jesus Christ, still as relevant as the first day it was written, is sure to greatly inspire a new generation of disciples. Chapters include: "The Soul-Winner's Truths," "Task," "Training," "Technique," "Target," "Travail," "Trials," "Temptations," and "Triumphs."

[Drawing Down the Spirits: The Traditions and Techniques of Spirit Possession, Kenaz Filan, Raven Kaldera](#) , 2009, 1594779287, 9781594779282. An insiders view of the inner workings and prevalence of spirit possession in our modern world Provides practical techniques for preparation, safety, aftercare, and aborting harmful possessions Reveals the forms of ritual possession present throughout the world--including Uganda, Nepal, Korea, Bali, Greece, Turkey, Scandinavia, and France Drawing Down the Spirits presents an insiders view of the inner workings, sacred traditions, and prevalence of spirit possession existing in our modern world. Spirit possession is an integral part of shamanism as well as many neo-pagan forms of worship that draw down deities or invite spirit possession. However, spirit possession is not for the unprepared. In Drawing Down the Spirits, Kenaz Filan and Raven Kaldera, both initiated and experienced in shamanic and Vodou traditions, present the practical guidance needed to participate in ritual possession. Addressing the benefits and the dangers that await the naive, Filan and Kaldera show that there is no such thing as a guaranteed safe possession because spirits have their own agenda--and they are much more powerful than we are. The authors provide a variety of techniques to prepare for possession and abort possession and to promote the safety of the possessed as well as the spirits and witnesses present. With a wide-ranging look at the historic forms of ritual possession found throughout the world--including Uganda, Nepal, Korea, Bali, Greece, Turkey, Scandinavia, and France--the authors also include numerous firsthand accounts collected from witnesses of modern spirit possession.

[HM Treasury - 2004 Spending Review Public Service Agreements 2005-2008, Great Britain HM Treasury](#) , 2004, 0101623828, 9780101623827. Public Service Agreements (PSAs) were introduced in 1998 in order to establish clear

objectives for key service improvements across government departments. This White Paper sets out the PSAs for all main departments for the period 2005 to 2008, including departmental key aims and objectives; outcome-focused performance targets; 'floor' targets highlighting particular areas of deprivation; and standards to ensure performance standards are continually monitored, even where previous PSA targets have been met or are about to be met. The PSAs reflect the Government's priorities and set out the planned public service improvements in return for the investment proposed in the 2004 Spending Review White Paper (Cm 6237, ISBN 0101623720).

[Teaming-up: Area Teams for Learning Support, Julie Allan, Pamela Munn](#) , 1992, 0947833692, 9780947833695. This final report resulted from a 1-year evaluation of three Area Learning Support Teams, intended to provide a flexible and coordinated learning support service in three secondary schools and associated primary schools in one region of Scotland. The study interviewed 26 key people and used questionnaires to elicit opinions of 163 others. Findings and recommendations are grouped into six categories: (1) overview (e.g., a high regard was exhibited toward learning support staff by headteachers, mainstream teachers, and parents); (2) management of learning support (the role of team leader was a critical one); (3) responsibilities of the team leaders (no mandatory teaching responsibility is recommended to free leaders for the learning support coordination task); (4) concept of a team (team cohesiveness takes a long time to develop and such activities as staff development seminars may reinforce team cohesiveness); (5) team objectives (specific, realistic, and attainable objectives need to be identified by team members; and (6) team members in the classroom (greater involvement by team members in joint lesson planning and consultation is recommended). [Men I've Loved Before, Adele Parks](#) , 2011, 0755371275, 9780755371273. Highly praised as a 'fabulous mix of comedy, real life and emotional depth' (Daily Express), this addictive novel from Adele Parks, bestselling author of ABOUT LAST NIGHT, looks at what happens after you find the one...Neil and Nat seem to be perfectly matched. They hate Marmite and the opera. They love reality TV and the missionary position. And they both absolutely do not want children. At least that's what Nat thought. But now Neil seems to have softened to the prospect and he's practically begging her for a baby. Nat tries to ignore his change of heart and won't explain her reasons for hating the idea; she can't. Are they that

compatible after all? As the cracks start to show, Nat wonders if Neil really is the man of her dreams. Or is it possible that someone from her past could actually be 'the one'?*Includes bonus material*

[A Diplomatic Revolution: Algeria's Fight for Independence and the Origins of the Post-Cold War Era, Matthew Connelly](#) , 2002, 0199881804, 9780199881802. Algeria sits at the crossroads of the Atlantic, European, Arab, and African worlds. Yet, unlike the wars in Korea and Vietnam, Algeria's fight for independence has rarely been viewed as an international conflict. Even forty years later, it is remembered as the scene of a national drama that culminated with Charles de Gaulle's decision to "grant" Algerians their independence despite assassination attempts, mutinies, and settler insurrection. Yet, as Matthew Connelly demonstrates, the war the Algerians fought occupied a world stage, one in which the U.S. and the USSR, Israel and Egypt, Great Britain, Germany, and China all played key roles. Recognizing the futility of confronting France in a purely military struggle, the Front de Liberation Nationale instead sought to exploit the Cold War competition and regional rivalries, the spread of mass communications and emigrant communities, and the proliferation of international and non-governmental organizations. By harnessing the forces of nascent globalization they divided France internally and isolated it from the world community. And, by winning rights and recognition as Algeria's legitimate rulers without actually liberating the national territory, they rewrote the rules of international relations. Based on research spanning three continents and including, for the first time, the rebels' own archives, this study offers a landmark reevaluation of one of the great anti-colonial struggles as well as a model of the new international history. It will appeal to historians of post-colonial studies, twentieth-century diplomacy, Europe, Africa, and the Middle East. A Diplomatic Revolution was winner of the 2003 Stuart L. Bernath Prize of the Society for Historians of American Foreign Relations, and the Akira Iriye International History Book Award, The Foundation for Pacific Quest.

[No Kiss for Mother, Tomi Ungerer](#) , 1998, 1570982082, 9781570982088. Children will sympathize with bad-kitty Piper Paw when he refuses to wear the clothes his mother sets out, squirms from her when she smothers him in kisses, and won't eat when she desperately tries to please him with his favorite foods. Through every disruptive means available to him -- slingshots, stink bombs, spiders, pea shooters. and firecrackers -- young Piper manages to earn the wrong kind of attention from parents, teachers, anti classmates. It ultimately takes a fight in the schoolyard to bring Piper's problems to a head. When Mrs. Paw reacts with her usual caring but overly protective ways, Piper comes back at her with angry words, and both feel hurt anti misunderstood. Finally, Piper takes a big step toward truly growing up by giving up some of his childish pranks and learning to let his mother know, in his own way, that he loves her, but that he is uncomfortable with too many kisses! Throughout this entertaining tale. Tomi Ungerer's expressive, imaginative illustrations show each character's deeper feelings as both Piper and his mother finally learn to respect each other's preferences.

This book is a tribute to everyone who contributed in some way to improving their community, profession and/or the emergency service in which they participated.

[Virus Alert: Security, Governmentality, and the AIDS Pandemic, Stefan Elbe](#) , 2013, 0231520050, 9780231520058. Bound up with the human cost of HIV/AIDS is the critical issue of its impact on national and international security, yet attempts to assess the pandemic's complex risk fail to recognize the political dangers of construing the disease as a security threat. The securitization of HIV/AIDS not only affects the discussion of the disease in international policy debates, but also transforms the very nature and function of security within global politics. In his analysis of the security implications of HIV/AIDS, Stefan Elbe addresses three concerns: the empirical evidence that justifies framing HIV/AIDS as a security issue, the meaning of the term "security" when used in relation to the disease, and the political consequences of responding to the AIDS pandemic in the language of security. His book exposes the dangers that accompany efforts to manage the global spread of HIV/AIDS through the policy frameworks of national security, human security, and risk management. Beyond developing strategies for mitigating these dangers, Elbe's research reveals that, in construing the AIDS pandemic as a threat, policymakers and international institutions also implicitly seek to integrate current security practices within a particular rationalization of political rule. Elbe identifies this transformation as the "governmentalization" of security and, by drawing on the recently translated work of Michel Foucault, develops a framework for analyzing its key elements and consequences.

[American Indian Jewelry II: 1,800 Artist Biographies: A-L, , Gregory Schaaf](#) , 2012, 0977665224, 9780977665228.

American Indian Jewelry II is a standard reference for American Indian jewelry, a source for factual information, neatly organized and lavishly illustrated in full color. This is not a revision of our bestseller, American Indian Jewelry I, but a completely new manuscript, organized in two volumes, A to L and M to Z. Look up any one of over 4,000 American Indian jewelers in seconds. Each profile identifies the artist by tribe, clan, active years, styles, lifespan, residences, education, teachers, students, awards, exhibitions, demonstrations, collections, photographs, and publications. Many profiles feature original quotations from the artists, as well as comments from scholars, collectors and veterans in the field. Personal portrait pictures and close-ups of their jewelry help to bring their biographies to life. American Indian Jewelry II provides two new features: The Natural Turquoise Directory The Hallmark Directory

[The Ties That Bind Us, Nanon M. Williams](#) , 2013, 098832377X, 9780988323773. "The Ties that Bind Us" is a book of poetry mixed with free verse. The poems are written from the raw feelings Nanon Williams experienced while living in solitary confinement on Texas death row. Confined to a black out cell, Williams spent three years in total darkness with nothing but his memories and emotions to bring him solace. All of these poems describe the feelings that weighed heavy on his heart, mind and soul as he struggled to come to terms with the bleakness and despair of life in isolation. Written from a place few can imagine and even fewer will ever experience, the emotions expressed are innate to the human experience a desire for love and human connection. Through his poetry, Williams demonstrates that there is a love that exists within us all. This love is in everything and everyone. If we choose to ignore it, the pain of separating from it remains a constant reminder of what we are missing. In the darkest, most removed prison cell in Texas Ellis Unit, Williams reconnected with this love. This book is that expression.

[The Oxford Illustrated History of Theatre, John Russell Brown](#) , 1997, 0192880624, 9780192880628. The Oxford Illustrated History of Theatre, an authoritative and lavishly illustrated new history, celebrates the stage's greatest achievements over 4,500 years, from festival performances in ancient Egypt to international, multicultural drama in the late twentieth century, and from Sophocles and Aristophanes to George Gershwin and Harold Pinter. Here are the playwrights, plays, actors, directors, producers, songwriters, famous playhouses, dramatic movements, and more, accessibly and attractively arranged so that everyone with a passion for the stage can follow the glorious procession of this triumphant art throughout history and across cultures. The Oxford Illustrated History of the Theatre guides readers through the full spectrum of dramatic representation as well as giving due weight to how the scene backstage evolved through the centuries--the role of musicians, light, sound, and equipment, and the art of set design--and to the crucial

role of the audience and critics. Finally, there are stimulating essays on the history of Asian theater and a concluding account of theater since 1970 by editor John Russell Brown that highlights the contributions of our best-loved contemporary playwrights, directors, and lyricists. Spectacular illustrations throughout bring the very visual nature of theater to life, serving as dramatic accompaniment to the text. The Oxford Illustrated History of Theatre is an essential source of reference for anyone interested in the stage, from students and teachers to seasoned professionals and starry-eyed fans.

So begins the Australian author Mem Fox's joyful picture book *Whoever You Are*, a celebration of the world's diverse cultures, both our similarities and differences. Leslie Straub's innovative, colorful, folk art-style oil paintings of children from all corners of the globe are bordered with photographs of hand-carved, bejeweled frames--and they all reflect Fox's message that no matter where we come from, within our hearts "Joys are the same, / and love is the same. / Pain is the same, / and blood is the same." A gem!

[The Weather Factor: How Nature Has Changed History, Erik Durschmied](#) , 2012, 1611454395, 9781611454390. From the author of *The Hinge Factor* comes a thrilling, page-turning series of dramatic historical re-creations revealing how the fate of humankind has often been decided by the uncontrollable, unpredictable power of weather. From the doomed campaigns of the Roman legions and Napoleon to the fate of US forces in the South Pacific and Vietnam, torrential rain, brutal winters, monster typhoons, and killer hurricanes have had far-reaching and often terrifying consequences. As Erik Durschmied vividly describes in heart-stopping vignettes, the elements have influenced human history even more than the spear, bullet, or atomic bomb. Drawing upon extensive research, as well as the author's own experiences in Vietnam, *The Weather Factor* gives a fascinating account of the inevitable collision between weather fronts and human conflict.

[Caring for profit: how corporations are taking over Canada's health care system, Colleen Fuller, Canadian Centre for Policy Alternatives](#) , 1998, 0921586590, 9780921586593. "Caring For Profit" traces how Canada's \$77 billion a year health care industry is turning away from its original mandate of providing the best possible medical care to Canadians, and how multinational capital is forcing its way into our non-profit health care system. In "Caring For Profit," Colleen Fuller traces alliances that were struck between private insurers and the medical profession during the 1950s and 1960s to defeat "socialized medicine." These alliances survived the establishment of medicare in Canada in 1968, and have been strengthened by new forces emerging in an era of globalization. Instead of a health care system focused on providing the highest quality of care to the greatest number of Canadians, the system is increasingly dominated by financial giants more concerned with consolidations, mergers, acquisitions, and higher profit margins. "Caring for Profit" is a "who's who" of key people and corporations making money in Canada's health care sector - and a portrait of the strategies and alliances that threaten to replace the principles of medicare with the dictates of the stock market.

[Organic God: Lenten Meditations on the Words of Jesus, Kate Moorehead](#) , 2010, 1461635780, 9781461635789. In these Lenten meditations, Kate Moorehead devotes each of the seven weeks to a theme that Jesus addressed frequently, particularly through Earth-centered parables of planting. Each day of the week she explores an aspect of the particular theme. Seeking meaning in the details, the secrets of God's life with us are revealed to us every day in nature itself - the icons of God's presence. By meditating on these icons, we are drawn into closer relationship with God.

[Plant cell culture: a practical approach, , R. A. Dixon, Robert A. Gonzales](#) , 1994, 0199634033, 9780199634033. Plant cell culture techniques are used increasingly in basic research for plant exploitation in industry, including for example, genetic engineering and micropropagation. The rapidly developing role of plant cell culture has necessitated this new edition of a widely acclaimed book. It covers a wide range of methods central to the exploitation of plant cell cultures in fundamental and applied research. This thoroughly revised work retains the combination of giving and explaining the general principles involved with the concise description of specific protocols, with appeal to a broad readership, that made the first edition so successful. Internationally recognized experts describe the techniques used for isolating and manipulating cell cultures, and the central importance in plant biotechnology. The book will be of major interest to researchers in plant sciences in general, and specifically to botany, plant physiology, and biotechnology students.

[Treats for Tea-time,](#) , 2002, 0954049721, 9780954049720.

[Through Parisian Eyes: Reflections on Contemporary French Arts and Culture, Melinda Camber Porter](#) , 1986, 0195041046, 9780195041040. This book brings together some of the rich and varied voices that continue to place Paris at the cutting edge of European cultural and intellectual life. From Francois Truffaut to Jean-Paul Sartre, from Eugene Ionesco to Marguerite Duras, from Jean-Francois Revel to Andre Malraux, the book covers a wide spectrum of figures involved in such areas as film, theatre, poetry, philosophy, and political commentary. As she interviewed her subjects between 1975 and 1985, British journalist Melinda Camber Porter set out to reveal the people behind the highly cerebral and complex ideas endemic to France and, through her interviews, to test the authenticity of their views and to oblige the "speakers" to make their thoughts and theories accessible to a general audience. The dominant trends in French artistic and political thought thus emerge vividly in this kaleidoscopic array of portraits: the rise and demise of structuralism, the birth of a moderate feminism, the ambivalent attitude towards America, French xenophobia, disillusionment with communism, the role of cafe life, cross-cultural influences, the predominance of the French film industry, and much more. The various "speakers" often appear to be in dialogue with each other as they disagree over many issues and discuss each other's work and contributions. Alive with the insight, wit, and occasional outrageousness for which Paris is famous, this book evokes the experience of living in a city that retains its historical role as a major international cultural capital and shows why it still nurtures the creative spirit.

may not include any media, website access codes, or print supplements that may come packaged with the bound book. Unlike books that encourage rote memorization, this conversationally-written text puts the student at the patient's bedside, focusing not just on identifying rhythms or EKGs, but also on Now what do I do for the patient? Assuming no prior knowledge, *EKG PLAIN AND SIMPLE, 3/e* covers EKG from basic to advanced concepts. Part I progresses seamlessly from basic cardiac A&P through waves and complexes, lead morphology, and rhythms. Part II covers 12-lead interpretation, axis, hypertrophy, myocardial infarction, and more. The text presents many clinical scenarios, anecdotes, and critical thinking exercises, plus hundreds of practice rhythm strips and 12-lead EKGs. This edition adds new scenarios, chapter notes, and tables; more medication information; and new coverage ranging from MI symptoms to hemiblocks.

[The Legend: U. S. Army Special Forces \(The Green Beret\), Leon Bly](#) , 2002, 0962150568, 9780962150562. An account of the U.S. Army special forces, from its infancy on through the Vietnam era. [Burial Ground, John Rickards](#) , 2008, 0141021179, 9780141021171. "PEOPLE ARE DEAD. YOU HAVE TO FIND THE CROSSES. FIND THEM OR OTHER PEOPLE COULD DIE " It was a short note. Signed simply 'Sam'. But it was enough to send ex-FBI agent Alex Rourke on a search to an isolated valley in the American mid-West. And now he's trapped there in the middle of the night, in the middle of nowhere, in the middle of a ferocious storm. With him are a dozen other men and women, all seeking shelter in Isaac's Bar. However the night is about to turn deadly when the nearby riverbank collapses, and spits out two badly decomposed bodies. The man and the woman were clearly murdered and buried there months before As secrets, recriminations and violent agendas come to the fore in the bar that's now cut off from the world, Alex races to find 'the crosses'. And then the deaths begin, one by one by one

[Rahel Varnhagen: The Life of a Jewess, Hannah Arendt](#) , 2000, 080186335X, 9780801863356. She was, Hannah Arendt wrote, "my closest friend, though she has been dead for some hundred years." Born in Berlin in 1771 as the daughter of a Jewish merchant, Rahel Varnhagen would come to host one of the most prominent salons of the late eighteenth and early nineteenth centuries. Arendt discovered her writings some time in the mid-1920s, and soon began to reimagine Rahel's inner life and write her biography. Long unavailable and never before published as Arendt intended, Rahel Varnhagen: The Life of a Jewess returns to print in an extraordinary new edition. Arendt draws a lively and complex portrait of a woman during the period of the Napoleonic wars and the early emancipation of the Jews, a figure who met and corresponded with some of the most celebrated authors, artists, and politicians of her time. She documents Rahel's attempts to earn legitimacy as a writer and gain access to the highest aristocratic circles, to assert for herself a position in German culture in spite of her gender and religion. Arendt had almost completed a first draft of her book on Rahel by 1933 when she was forced into exile by the National Socialists. She continued her work on the manuscript in Paris and New York, but would not publish the book until 1958. Rahel Varnhagen became not just a study of a historical Jewish figure, but a poignant reflection on Arendt's own life and times, her first exploration of German-Jewish identity and the possibility of Jewish life in the face of unimaginable adversity. For this first complete critical edition of the book in any

language, Liliane Weissberg reconstructs the notes Arendt planned for Rahel Varnhagen but never fully executed. She reveals the extent to which Arendt wove the biography largely from the words of Rahel and her contemporaries. In her extended introduction, Weissberg reflects on Rahel's writings and on the importance of this text in the development of Arendt's political theory. Weissberg also reveals the hidden story of how Arendt manipulated documents relating to Rahel Varnhagen to claim for herself a university position and reparation payments from the postwar German state.

[Clown Girl: A Novel, Monica Drake](#) , 2013, 0979018889, 9780979018886. Clown Girl lives in Baloneytown, a seedy neighborhood where drugs, balloon animals, and even rubber chickens contribute to the local currency. Against a backdrop of petty crime, she struggles to live her dreams, calling on cultural masters Charlie Chaplin, Kafka, and da Vinci for inspiration. In an effort to support herself and her layabout performance-artist boyfriend, Clown Girl finds herself unwittingly transformed into a "corporate clown," trapping herself in a cycle of meaningless, high-paid gigs that veer dangerously close to prostitution. Monica Drake has created a novel that riffs on the high comedy of early film stars most notably Chaplin and W. C. Fields to raise questions of class, gender, economics, and prejudice. Resisting easy classification, this debut novel blends the bizarre, the humorous, and the gritty with stunning skill.

[The Other Christs: Imitating Jesus in Ancient Christian Ideologies of Martyrdom, Candida R. Moss](#) , 2010, 0199890064, 9780199890064. Through groundbreaking analysis of early Christian texts, Candida Moss reveals that the words, actions, and deaths of martyrs are modeled on those of Christ. Moss traces this imitation through the literature of the Jesus movement and early church, then examines interpretations of the martyr's death and afterlife. Arguing against the dominant theory that the martyr's death was seen as a sacrifice, Moss finds that beyond death martyrs continue to be assimilated to Christ as intercessors, judges, enthroned monarchs, and banqueters. Though characterization of the martyr as "another Christ" ultimately conflicted with theological commitments to Christ's uniqueness, Moss shows that, for a brief period, the martyr's imitation was viewed as sharing in the status of the exalted Christ.

Moneypennystar Financial Times columnist, TV personality, wife, mother, and owner of a successful small business is worried about women. She understands that although women can't have it all, they're expected to do it all. From maintaining a beautiful house and happy children to staying late at work and keeping up with the boys, Mrs. Moneypenny is honest about the difficult choices that working women face. Time is scarce and no woman can manage to excel both at work and at home but that's okay. Mrs. Moneypenny distills her own experiences and shares observations of other successful working women in this incisive, practical, no-holds-barred guide. All women, from those at the start of their careers to high-level executives, will discover a helping hand and a laugh along the way.

[From Underdogs to Tigers: The Rise and Growth of the Software Industry in Brazil, China, India, Ireland, and Israel, Ashish Arora, Alfonso Gambardella](#) , 2006, 0199205310, 9780199205318. In 1980 the Indian software industry was practically non-existent. By the 1990s the industry was one of the largest employers in manufacturing. Similar patterns of growth can be found in other emerging economies. So given that the software industry is commonly viewed as a high-tech industry, how is it that such spectacular growth has occurred in countries where high-tech industries would not seem likely to develop? This book examines the reasons behind this phenomenon, and asks whether it suggests a new model of economic development. The contributors explore the implications of the rise of these newcomers to the software market for the global industry, and whether there are things to be learnt about the role of human capital in economic growth, firm formation and capabilities, business and managerial models, and industry structure. Chapters include country studies on Brazil, China, India, Ireland, and Israel, and are complemented by cross-cutting chapters on some of the key issues highlighted by the growth patterns of software in these nations, most notably the role of the multinational companies, the globalization of the skilled worker flows, and the formation of firm capabilities. The novelty of the growth patterns in the regions that studied makes this book useful for understanding analytical and empirical issues underlying new microfoundations of economic growth in some emerging regions of the world.

[Death Du Jour, Kathy Reichs](#) , 2000, 0099255197, 9780099255192. A gripping Temperance Brennan novel from forensic anthropologist and bestselling crime thriller writer Kathy Reichs On a bitterly cold March night in Montreal, forensic anthropologist Dr Temperance Brennan is exhuming the remains of a nun in the grounds of an old church. Hours later, Tempe is called to the scene of a horrifying arson. A young family has perished, but there is no explanation, no motive, and no witnesses. From the charred remains of the inferno, to a trail of sinister cult activity, Tempe faces a nerve-shattering case which will test her forensic expertise - and her instinct for survival.

[Customer-centered Design: A New Approach to Web Usability, Kreta Chandler, Karen Hyatt](#) , 2003, 0130479624, 9780130479624. -- HP's expertise in this area has earned them Vendor of the Year awards in e-commerce from key reseller partners.-- Case studies showing how the new principles, techniques, and methodologies worked at Web sites such as Amazon, Office Depot, QVC, and Outpost. This book is a practical guide to understanding web page design and usability factors needed for the online store shelf. Designing and structuring information correctly enhances navigation through your site as well as delivering your customers a satisfying shopping experience. The authors have consulted with such diverse customers as Amazon, AOL, QVC, Outpost, Egghead, Office Depot and others. The concepts they've brought to these accounts have earned HP Vendor of the Year award in e-commerce from key HP reseller partners. Learn to blend customer insights with products and with web capabilities to create web sites that maximize customer-centered design. Your resulting web sites will have an ease of usability that lead to superior customer experiences while maximizing sales. This book includes plenty of examples and case studies showing how to apply new principles, techniques, and methodologies that will win you loyal customers.

[Poetic Abstract, Sue Hu](#) , 1991, 0962373648, 9780962373640. This book penetrates the philosophy of art with clear reasoning & simple language. The text is an analytical synthesis of the esthetics, metaphysics, & ethics of art. The 64 full-paged illustrations provide vivid depth for the concise contents. The following is an abstract of Chapter II. Sublime-beauty is a human inborn nature which is attainable & retainable by self-cultivation & self-edification. It is also preservable in tangible forms. The energy of the sublime-beautiful states of being is in the individual's breathing rhythm. Painting is one way of capturing this rhythm & transform this energy into visible substances. Poetic Abstract is the spontaneous manifestation of the sublime-beauty intensified states of being. Stratadesign, 96p. (Orig.) 1991, is a companion volume to Poetic Abstract. \$19.95 (ISBN 0-9623736-2-1) Stratadesign is the painting skill developed by Sue Hu that allows individuals to experience the joy & creative intensity of painting, without previous painting experience.

[An Unlikely Candidate: Reflections on My Run for Congress, Arthur Lieber](#) , 2011, 0982980264, 9780982980262. In 2010, Arthur Lieber ran for Congress in Missouri's 2nd Congressional District when no other Democrat would. Operating on a budget considered minuscule by today's standards, and refusing donations, he ran as an unashamed progressive Democrat in a predominantly Republican district. In "Unlikely Candidate," Lieber reveals the inside story of his unconventional campaign, shares the lessons he learned about contemporary electoral politics, and suggests ways to fix our broken political system.

[Granny, Anthony Horowitz](#) , 2009, 0142408689, 9780142408681. Twelve-year-old Joe Warden isn't happy. Sure, he's rich, but his parents don't care about him. His grandmother should make everything better, except that Joe's granny is a nightmare. She's not just physically repulsive, she's horribly mean. Everyone thinks she's just a dotty old woman, but Joe knows the truth. He's seen behind her mask and glimpsed the wicked glimmer in her eyes - she is pure evil. And now she's out to get Joe, unless he can stop her and her band of nasty grannies first.

[The World of Children, Greg Cook, Joan Littlefield Cook](#) , 2009, 0205685927, 9780205685929. For the undergraduate child development course taught chronologically. The World of Children is a chronological child development textbook by Joan Littlefield Cook and Greg Cook that helps students connect the science and the practice of child development in a way that can positively change lives. This exciting new text features an active learning system that exposes students to real people facing real world child development challenges, and encourages them to think critically about issues from multiple perspectives. The World of Children demonstrates the practical applications of child development through

interviews with a diverse group of real parents and a variety of professionals who rely upon child development information in their jobs. Each chapter also spotlights the ways programs, laws, regulations, and other governing aspects of society can affect children. Looking for additional resources to help you understand the material and succeed in this course? MyDevelopmentLab contains study tools such as flashcards, self tests, videos, as well as MyVirtualChild which allows you to raise your own virtual child from birth through age 18 and monitor the results. Want to learn more about MyVirtualChild? Visit www.mydevelopmentlab.com and click on the 'watch this video' link to learn about MyVirtualChild. MyDevelopmentLab with MyVirtualChild is available at www.mydevelopmentlab.com.

[The Art of JAMA: Covers and Essays from The Journal of the American Medical Association, Volume 3, M. Therese Southgate](#) , 2011, 0199753830, 9780199753833. Since 1964, beginning with a reproduction of Jan van Eycke's St Jerome in His Study, the front cover of JAMA: The Journal of the American Medical Association has featured full-color images of renowned works of fine art as well as many lesser-known gems. Vincent van Gogh, Claude Monet, Winslow Homer, Mary Cassatt, and hundreds of other artists have graced the covers of this eminent medical journal. For the past four decades, these images have been selected by JAMA senior contributing editor Dr. M. Therese Southgate, who writes marvelous accompanying essays exploring the background of the artist and the circumstances under which the work was completed, followed by astute commentary on the work itself. These engaging articles have been regularly rated as one of the top-read sections in JAMA by readers throughout the world. In this third volume of The Art of JAMA, Dr. Southgate brings together a new selection of 100 wonderful covers. Each painting is displayed in a two-page spread, with Dr. Southgate's essay on the work on the facing page. The volume includes works by Marc Chagall, Leonardo da Vinci, James Ensor, Paul Gauguin, Frida Kahlo, Ren Magritte, douard Manet, Edvard Munch, Georgia O'Keeffe, Rembrandt van Rijn, Henri de Toulouse-Lautrec, Vincent van Gogh, and many more. And, of course, Dr. Southgate also includes less famous artists, treating readers to the pleasure of unexpected discovery. Lavishly illustrated, exquisitely designed, and printed on high-quality paper, The Art of JAMA is a beautiful book that will be a perfect graduation present from medical school and an excellent gift for physicians, other health care professionals, art historians, and anyone interested in art and medicine.

[Murder @ Work, Yvonne Eve Walus](#) , 2004, 1590803256, 9781590803257. Christine Chamberlain doesn't want much from life: a steady job, a baby and a Field's Medal. Her boss, however, wants money and he's willing to do anything to get his way, even if it means getting Christine involved in a project that not only jeopardises her dreams, but also her life. When Christine complains to her colleagues, they joke about killing the boss to solve the problem, discussing the murder by email. Almost everybody has an obvious motive to get rid of the boss from hell... and a few hidden ones they

don't share. The next day, Christine brings fennel oil to work. In itself, it's not the world's deadliest poison, and Christine would of course never dream to use it as such. Or would she?

[Holy Shit: Managing Manure to Save Mankind, Gene Logsdon](#) , 2010, 1603583106, 9781603583107. In his insightful new book, *Holy Shit: Managing Manure to Save Mankind*, contrary farmer Gene Logsdon provides the inside story of manure-our greatest, yet most misunderstood, natural resource. He begins by lamenting a modern society that not only throws away both animal and human manure-worth billions of dollars in fertilizer value-but that spends a staggering amount of money to do so. This wastefulness makes even less sense as the supply of mined or chemically synthesized fertilizers dwindles and their cost skyrockets. In fact, he argues, if we do not learn how to turn our manures into fertilizer to keep food production in line with increasing population, our civilization, like so many that went before it, will inevitably decline. With his trademark humor, his years of experience writing about both farming and waste management, and his uncanny eye for the small but important details, Logsdon artfully describes how to manage farm manure, pet manure and human manure to make fertilizer and humus. He covers the field, so to speak, discussing topics like: How to select the right pitchfork for the job and use it correctly How to operate a small manure spreader How to build a barn manure pack with farm animal manure How to compost cat and dog waste How to recycle toilet water for irrigation purposes, and How to get rid ourselves of our irrational paranoia about feces and urine. Gene Logsdon does not mince words. This fresh, fascinating and entertaining look at an earthy, but absolutely crucial subject, is a small gem and is destined to become a classic of our agricultural literature.

[Assess Notes: Nursing Assessment & Diagnostic Reasoning, Marjory Gordon](#) , 2008, 0803617496, 9780803617490. A DAVIS NOTES BOOK! This handy, pocket-sized guide by Marjory Gordon uses functional health patterns to help your students acquire the most relevant assessment data to determine nursing diagnoses, and to select the most appropriate nursing interventionsemphasizing the essential connection between diagnostic judgment and therapeutic judgment. - Offers a brief overview of assessment and functional health patterns. - Emphasizes how to conduct a nursingfocused, holistic assessment and the pertinent findings from the physical examination supporting patient complaints. - Contains a specific tab for each Functional Health Pattern. - Each pattern tab progresses from the importance of the pattern to individual, family, and community assessments, and includes... a section on why that pattern is important pertinent history questions to ask to elicit relevant data. prioritized list of dysfunctional patterns that includes NANDA definitions with defining characteristics and related statements, NIC and NOC. - Delivers all of the features that Davis's Notes users rely on...concise, wellorganized, easy-to-reference content, easy-to-use spiral binding, and waterproof pages on which to record data and then wipe clean with alcohol.

[Women in Late Antiquity: Pagan and Christian Life-styles, Gillian Clark](#) , 1994, 0198721668, 9780198721666. This book

bridges a gap between two traditional disciplines. Since the 1970s, there has been a remarkable outpouring of work on women in antiquity, but women in late antiquity (3rd-6th centuries A.D.) have been far less studied. Classicists have been more concerned with the first two centuries A.D., and theologians have been interested in New Testament, rather than patristic, teaching about women or its social and cultural setting. In this book, Clark offers an introduction to the basic conditions of life for women: marriage, divorce, celibacy and prostitution; legal constraints and protection; child-bearing, health care, and medical theories; housing, housework, and clothes; and the general assumptions about female nature which were discarded at need. Christian and non-Christian literature, art, and archaeology are used to exemplify both the practicalities of life and the prevailing "discourses" of the ancient world.

[The Lazarus Heart, Poppy Z. Brite](#) , 1998, 1887368191, 9781887368193. The Eternal One At our human limits, when we've gone as far as flesh and imagination can take us, we meet the Eternal One. The Crow. Immemorably old, and inconsolable, he is there only for those who seek both revenge and love, and are willing to go all the way--and beyond. The Lazarus Heart Five, four, three, two ... Jared Poe counts the days on Louisiana's Death Row. The controversial S&M photographer has been condemned to die for killing his lover. He doesn't know who did it. Only that he didn't. Can he clear his name and find the real killer in time? No. For this is no ordinary thriller. We are in the dark realm of The Crow, and Jared must feel the cold shudder of Death; must hear the beating of black wings; must prowl the shadowy gothic underworld of New Orleans, to prove he was not a killer when he died. And find out what kind of killer he has become.

[Scotland: A Short History, Christopher Harvie](#) , 2002, 0192100548, 9780192100542. In this gripping narrative, one of Scotland's leading historians and political writers discusses the geography, people and culture of this fascinating land--from prehistoric times to the present day. The only short history of Scotland available that deals with the most recent developments in the country, like the establishment of Scotland's first parliament in over 300 years in 1999, this work places events in their historical and cultural context, and reflects the remarkable revival in Scottish culture and history writing since the 1960s. Topics covered include the shaping of the kingdom, medieval Scotland, reformation and dual monarchy, union and enlightenment, industrialization, and the troubled but ultimately triumphant twentieth century.

Harvie also deals with long-standing clichés about Scotland and analyzes Scotland's disproportionate role in European nationalism.

[The Fuji ACMP Australian Photographers Collection 7, Volume 7](#), 2002, 0957744226, 9780957744226. Showcases some of the best work produced by Australian professional photographers in recent times. [Waste: A Handbook for Management, Trevor Letcher, Daniel Vallero](#), 2011, 0123814766, 9780123814760. Waste: A Handbook for Management gives the broadest, most complete coverage of waste in our society. The book examines a wide range of waste streams, including: Household waste (compostable material, paper, glass, textiles, household chemicals, plastic, water, and e-waste) Industrial waste (metals, building materials, tires, medical, batteries, hazardous mining, and nuclear) Societal waste (ocean, military, and space) The future of landfills and incinerators Covering all the issues related to waste in one volume helps lead to comparisons, synergistic solutions, and a more informed society. In addition, the book offers the best ways of managing waste problems through recycling, incineration, landfill and other processes. Co-author Daniel Vallero interviewed on NBC's Today show for a segment on recycling Scientific and non-biased overviews will assist scientists, technicians, engineers, and government leaders Covers all main types of waste, including household, industrial, and societal Strong focus on management and recycling provides solutions

[Stone Mountain - the Granite Sentinel, George D. N. Coletti](#), 2010, 0976489562, 9780976489566. This end-noted historical novel, set in the hamlet of Stone Mountain, Georgia, occurs just before and during the Civil War. The story follows the lives of the Jernigan family and their friends as they face life, and war in the 1850's and 1860's.

[The Elusive Fan: Reinventing Sports in a Crowded Marketplace, Irving Rein, Philip Kotler, Ben Ryan Shields](#), 2006, 0071454098, 9780071454094. Sports are a multibillion-dollar global business that will continue to grow by leaps and bounds into the foreseeable future. The bad news is: It's never been harder to attract, engage, and retain the sports fan. Today's sports fans are bombarded by choices. Traditional sports, such as baseball, football, and basketball, compete for fans' dollars with snowboarding, lacrosse, pokereven paintball. The old business formulas, developed in the age of three TV networks and creaky stadiums, no longer apply. World-renowned communication expert Irving Rein, international marketing guru Philip Kotler, and communication specialist Ben Shields deliver an innovative new business model centered squarely on fan satisfaction and retention. They give you the tools to transform your sports product into an enduring brand-immune to the vagaries of winning and losing-that quickly adapts to changing market conditions. Along the way they illustrate their points with fascinating case studies, including Manchester United's transformation from a plucky home team to a billion-dollar international franchise Professional golf phenomenon Michelle Wie's quest to

maximize her talents and marketability Southlake Carroll High School football team's benchmarking of professional and college football programs to build its own brand Daytona International Speedway's reinvention of fan intimacy Combining expert analysis with field-tested strategies for winning hearts and minds, *The Elusive Fan* is your guide to surviving and thriving in today's ever-widening world of sports.

[Dawn, Octavia E. Butler](#) , 2012, 1453263675, 9781453263679. Rescued from Earth's destruction, one woman is called upon to revive mankind Lilith Iyapo has just lost her husband and son when atomic fire consumes Earth the last stage of the planet's final war. Hundreds of years later Lilith awakes, deep in the hold of a massive alien spacecraft piloted by the Oankali who arrived just in time to save humanity from extinction. They have kept Lilith and other survivors asleep for centuries, as they learned whatever they could about Earth. Now it is time for Lilith to lead them back to her home world, but life among the Oankali on the newly resettled planet will be nothing like it was before. The Oankali survive by genetically merging with primitive civilizations whether their new hosts like it or not. For the first time since the nuclear holocaust, Earth will be inhabited. Grass will grow, animals will run, and people will learn to survive the planet's untamed wilderness. But their children will not be human. Not exactly. This ebook features an illustrated biography of Octavia E. Butler including rare images from the author's estate.

spectacular treasury of lilies, tulips, roses, cherries, crocus, and other plants will prove to be an invaluable resource for artists, designers, and craftworkers. The lovely, royalty-free images will delight nature lovers as well.

[Poems from Guantanamo: The Detainees Speak, Marc Falkoff](#) , 2007, 1587297183, 9781587297182. Since 2002, at least 775 men have been held in the U.S. detention center at Guantanamo Bay, Cuba. According to Department of Defense data, fewer than half of them are accused of committing any hostile act against the United States or its allies. In hundreds of cases, even the circumstances of their initial detainment are questionable. This collection gives voice to the men held at Guantanamo. Available only because of the tireless efforts of pro bono attorneys who submitted each line to Pentagon scrutiny, Poems from Guantanamo brings together twenty-two poems by seventeen detainees, most still at Guantanamo, in legal limbo. If, in the words of Audre Lorde, poetry forms the quality of light within which we predicate our hopes and dreams toward survival and change, these verses—some originally written in toothpaste, others scratched onto foam drinking cups with pebbles and furtively handed to attorneys—are the most basic form of the art. Death Poem by Jumah al Dossari: Take my blood. Take my death shroud and The remnants of my body. Take photographs of my corpse at the grave, lonely. Send them to the world, To the judges and To the people of conscience, Send them to the principled men and the fair-minded. And let them bear the guilty burden before the world, Of this innocent soul. Let them bear the burden before their children and before history, Of this wasted, sinless soul, Of this soul which has suffered at the hands of the "protectors of peace." Jumah al Dossari is a thirty-three-year old Bahraini who has been held at Guantanamo Bay for more than five years. He has been in solitary confinement since the end of 2003 and, according to the U.S. military, has tried to kill himself twelve times while in custody.

[The Great Barrier Reef: A Queensland Museum Discovery Guide, Gregory Czechura](#) , 2013, 0975111655, 9780975111659. [The intelligent patient guide to prostate cancer: all you need to know to take an active part in your treatment, Sheldon Larry Goldenberg](#) , 1992, 0969612516, 9780969612513. The third edition of the book on prostate cancer in the Intelligent Patient Guide series, a series of comprehensive, illustrated, self-help books for cancer patients and their families. Patients who take an active part in making decisions about their treatment are better able to deal with their illness than are patients who relegate control to their doctors. The book provides information on all aspects of prostate cancer and equips patients with the knowledge needed to take an active part in their treatment. Dr. Goldenberg, a graduate of the University of Toronto Medical School, is a professor at the University of British Columbia, the director of the Prostate Centre at Vancouver General Hospital, and a consultant at the British Columbia Cancer Agency. Dr. Thompson received his medical training at Tulane University, has served as Chairman of Urology and of Surgery at Brooke Army Medical Center, and is now a member of the faculty at the University of Texas Health Sciences Center.

[Business Statistics: For Contemporary Decision Making, Ken Black](#) , 2011, 0470931469, 9780470931462. Black's latest outstanding pedagogy of Business Statistics includes the use of extra problems called "Demonstration Problems" to provide additional insight and explanation to working problems, and presents concepts, topics, formulas, and application in a manner that is palatable to a vast audience and minimizes the use of "scary" formulas. Every chapter opens up with a vignette called a "Decision Dilemma" about real companies, data, and business issues. Solutions to these dilemmas are

presented as a feature called "Decision Dilemma Solved." In this edition all cases and "Decision Dilemmas" are updated and revised and 1/3 have been replaced for currency. There is also a significant number of additional problems and an extremely competitive collection of databases (containing real data) on: international stock markets, consumer food, international labor, financial, energy, agribusiness, 12-year gasoline, manufacturing, and hospital.

[Kites for Everyone: How to Make and Fly Them, Margaret Greger](#) , 2006, 0486452956, 9780486452951. "The most influential kitemaker you never heard of." American Kite. This thorough guide by an expert kitemaker includes easy-to-follow, illustrated instructions for creating and flying more than fifty kites. An easy and comprehensive introduction for anyone interested in these amazing flyers, the book opens with the history and science of kites, followed by a section on kite construction and flying. Organized according to kite types, Greger's book includes chapters on everything from simple bag kites to Vietnamese, Snake, Dutch, Dragon, Bullet, Delta, and Flowform flyers. She even tells how to make windsocks and toy parachutes! The book is a great aid for classroom teachers, camp counselors, and parents, offering practical suggestions on everything from setting up a workspace and observing safety rules to launching the kites and bringing them in. "Kites for Everyone is like having a veteran kite maker in the classroom," says Science and Children.

[A Challenge to the Black Church, Earl D. Trent](#) , 2004, 097490001X, 9780974900018. This insightful analysis raises questions about the black church and its impact on black society. Interwoven with scripture, this text addresses such complex and passionately debated issues as Is the black church leading the movement in the new millennium? How can the church attract more youth and males? Does the church have an ear for the hip-hop generation? and How do we explain so much poverty in the richest country in the world? Written for those involved in the church who are concerned about its impact, this examination discusses the church's role in the black community and its future.

[Who Controls the Internet?: Illusions of a Borderless World, Jack Goldsmith, Tim Wu](#) , 2006, 0199839662, 9780199839667. Is the Internet erasing national borders? Will the future of the Net be set by Internet engineers, rogue programmers, the United Nations, or powerful countries? Who's really in control of what's happening on the Net? In this provocative new book, Jack Goldsmith and Tim Wu tell the fascinating story of the Internet's challenge to governmental

rule in the 1990s, and the ensuing battles with governments around the world. It's a book about the fate of one idea--that the Internet might liberate us forever from government, borders, and even our physical selves. We learn of Google's struggles with the French government and Yahoo's capitulation to the Chinese regime; of how the European Union sets privacy standards on the Net for the entire world; and of eBay's struggles with fraud and how it slowly learned to trust the FBI. In a decade of events the original vision is uprooted, as governments time and time again assert their power to direct the future of the Internet. The destiny of the Internet over the next decades, argue Goldsmith and Wu, will reflect the interests of powerful nations and the conflicts within and between them. While acknowledging the many attractions of the earliest visions of the Internet, the authors describe the new order, and speaking to both its surprising virtues and unavoidable vices. Far from destroying the Internet, the experience of the last decade has led to a quiet rediscovery of some of the oldest functions and justifications for territorial government. While territorial governments have unavoidable problems, it has proven hard to replace what legitimacy governments have, and harder yet to replace the system of rule of law that controls the unchecked evils of anarchy. While the Net will change some of the ways that territorial states govern, it will not diminish the oldest and most fundamental roles of government and challenges of governance. Well written and filled with fascinating examples, including colorful portraits of many key players in Internet history, this is a work that is bound to stir heated debate in the cyberspace community.

[Proud to be a Mammal: Essays on War, Faith and Memory, Czesaw Miosz](#) , 2010, 0141193190, 9780141193199. Proud to be a Mammal (1942-97) is Czeslaw Milosz's moving and diverse collection of essays. Among them, he covers his passion for poetry, his love of the Polish language that was so nearly wiped out by the violence of the twentieth century, and his happy childhood. Milosz also includes a letter to his friend in which he voices his concern about the growing indifference to murder and the true value of freedom of thought, as well as a verbal map of Wilno, with each street revealing both a rich local history and intricate, poignant personal memories.

[Plague: A Very Short Introduction,](#) , 2012, 0199589542, 9780199589548. Throughout history plague has been the cause of many major catastrophes. It was responsible for the Black Death of 1348 and the Great Plague of London in 1665, and for devastating epidemics much earlier and much later, in the Mediterranean in the sixth century, and in China and India between the 1890s and 1920s. Today, it has become a metaphor for other epidemic disasters which appear to threaten us, but plague itself has never been eradicated. In this Very Short Introduction, Paul Slack explores the historical impact of plague over the centuries, looking at the ways in which it has been interpreted, and the powerful images it has left behind in art and literature. Examining what plague meant for those who suffered from it, and how governments began to fight against it, he demonstrates the impact plague has had on modern notions of public health and how it has shaped our history. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

- Expert advice on how to choose and care for perennials for any location, from full shade to hot sun.
- Detailed descriptions of more than 200 varieties of perennials in the illustrated plant encyclopedia.

[Humanizing Research: Decolonizing Qualitative Inquiry With Youth and Communities, Django Paris, Maisha T. Winn](#) , 2013, 1452225397, 9781452225395. What does it mean to conduct research for justice with youth and communities who

are marginalized by systems of inequality based on race, ethnicity, sexuality, citizenship status, gender, and other categories of difference? In this collection, editors Django Paris and Maisha Winn have selected essays written by top scholars in education on humanizing approaches to qualitative and ethnographic inquiry with youth and their communities. Vignettes, portraits, narratives, personal and collaborative explorations, photographs, and additional data excerpts bring the findings to life for a better understanding of how to use research for positive social change.

[Northwest Edge: The End of Reality, Andy Mingo, Lidia Yuknavitch, Trevor Dodge](#) , 2005, 0978549902, 9780978549909. Fiction. Poetry. Multimedia. NORTHWEST EDGE III: THE END OF REALITY, edited by Andy Mingo, Trevor Dodge and Lidia Yuknavitch, is the third anthology from Chiasmus Press, Portland, Oregon's independent publisher committed to interweaving the textual and the visual. These Chiasmus anthologies reflect the press' belief that certain forms of fiction and art represent civil society's challenging of the state--that shifts in media are simultaneously the indices and catalysts

of social change. In addition to a host of short stories and poems, the book includes a compilation video and film DVD of Northwest filmmakers. Inside NORTHWEST EDGE III language breaks down and reorganizes itself, stories pulse plot open, and images get it on with words. Includes fiction by Rebecca Brown, Lance Olsen and Stacey Levine, as well as the film works of Karl Lind, Holly Andres, and many others.

[The Secret Madonna, J. R. Lankford](#) , 2008, 097186943X, 9780971869431. In this sequel to the acclaimed thriller, THE JESUS THIEF, police find an unknown man near death, and evidence of a recent birth, at a crime scene in Central Park. Days later a celebrated scientist, Felix Rossi, holds a press conference at the prestigious University Club in New York. He announces to a startled world that the rumors about him are true. Felix did produce a human clone from DNA he stole from the Shroud of Turin. His virginal housemaid, Maggie, gave birth to the child. Ten years later, Maggie and Jess are living blissfully on Italy's Lake Maggiore in the little yellow villa that is their home, having eluded the world's pursuit. Maggie believes the man she loves died while saving Jess's life. Did he? If not, will he remember her and help her or give his allegiance to the New York billionaire with Vatican ties who wants Jess destroyed? Soon everyone must face the truth. Is Jess, her child, only a deeply loving but ordinary boy, or a reincarnation of Jesus of Nazareth, bringing a new message to the world?
