[Design Reliability: Fundamentals and Applications, B.S. Dhillon](#) , 1999, 1420050141, 9781420050141. As engineering systems become more and more complex, industry has recognized the importance of system and product reliability and places ever increasing emphasis on it during the design phase. Despite its efforts, however, industry continues to lose billions of dollars each year because of unexpected system failures. Therefore, it becomes increasingly important for designers and engineers to have a solid grounding in reliability engineering and keep abreast of new developments and research results.

[Microwave Man: A New Superhero for the Rogue Male, Jonathan Gornall](#) , 2006, 0141020539, 9780141020532.

Introducing Jonathan Gornall's Microwave Man - perhaps best described as Bridget Jones's older, sleazier brother. At 47, Jonathan first found himself single again and then, after being a little too outgoing in an all-female editorial meeting, found himself writing in The Times about his adventures with the opposite sex. His escapades as a forty-something rogue male - vain, loveable but ultimately lonely and still wanting to sleep with as many young women as possible while lamenting the loss of the love of his life (and plotting how he can simultaneously win her back and still have a good time) - transform him into an agony uncle perfectly ill-equipped to dish out wisdom to readers about sex and relationships. In this cunningly plotted book he reveals how he took his own advice - or didn't.

[Fundamentals of Human Resource Management, Gary Dessler](#) , 2013, 0133382958, 9780133382952. Directed primarily toward undergraduate courses in human resource management, this text also provides practical content to current and aspiring industry professionals. Fundamentals of Human Resource Management covers a wide range of HR topics and shows readers the importance of human resource management within the restraints of a compact semester. Offering a wealth of functional examples and applications, this text emphasizes the notion that all managers need basic human resource management skills. This edition is the first text on the market to build its core around the talent management process-which the author defines as the goal-oriented and integrated process of planning, recruiting, developing, managing, and compensating employees.

[Quality Management in the Imaging Sciences: Pageburst Retail, Jeffrey Papp](#) , 2010, 0323094570, 9780323094573. This is a Pageburst digital textbook; the product description may vary from the print textbook. With this single resource, you can access quality management and quality control information for all major imaging modalities! Updated with the latest changes in technology and federal regulations, Quality Management in the Imaging Sciences provides a thorough description of Quality Management and explains why it is so important to imaging technology. Step-by-step QM procedures include full-size evaluation forms, with instructions on how to evaluate equipment and document results. This book also helps you prepare effectively for the ARRT advanced certification exam in quality management. Coverage of

quality management is included for ALL imaging sciences, with chapters devoted to QM for fluoroscopy, CT, MRI, sonography, and mammography. Step-by-step QM procedures offer instructions on how to evaluate equipment, and full-sized sample evaluation forms offer practice in documenting results. Student-friendly features include learning objectives, chapter outlines, key terms (with definitions in glossary), and review questions at the end of each chapter. A special icon identifies current government regulations important to quality management. A practice exam on Evolve includes 200 randomizable, practice exam questions for the ARRT advanced certification examination in QM, and includes answers with rationales. Student experiments on Evolve let students complete lab assignments and print out answers on computer, and may be modified by instructors to fit their classroom needs. Includes new FDA and American College of Radiology (ACR) requirements. Adds more material covering digital imaging artifacts. Updated mammography guidelines and the latest MQSA and ACR standards. Includes updated coverage of multi-slice scanners and electron beam units. Adds information on 3D and 4D probes and volume imaging QA. Updated PET/CT material. Includes overall updates to match the recent guideline changes to the ARRT Advanced Level Exam on Quality Management. Includes Evolve online resources such as mock Registry exams, sample documentation forms, lab experiments, and additional analysis and critical thinking questions.

[You Or Someone Like You, Burr Chandler](#) , 2009, 1741769345, 9781741769340. Anne is the quiet, clever but generally overlooked wife of a powerful Hollywood producer. Inadvertently, and somewhat to her own surprise, Anne starts a book group for a small group of her husband's colleagues in the movie industry. Like a modern-day Scheherazade, Anne tells the book group stories - about books, writers and reading - and talks about how these stories can shape our lives. The movie moguls fall hard for literature, and like topsy, the book group grows and grows, in size and numbers and influence, until something unexpected and terrible happens, and Anne finds her life and her marriage falling apart. Determined to keep her family - her husband Howard and their much-loved only son, Sam - together, Anne fights back the only way she knows how, through literature. Assured, clever, witty and tender, *You Or Someone Like You* is a novel about books, identity and about love.

This trivia-filled volume captures all the excitement of cold-weather action, with information on the origins of skiing, snowboarding, ice hockey and more, as well as coverage of the great athletes who left their marks in the record books. A must-have for every sports fan.

[The End of the World in Breslau, Marek Krajewski](#) , 2009, 1612191770, 9781612191775. The second installment in the darkly intelligent series that The Independent called "As noir as they get." 1927, Breslau, Poland: Two elaborate and sadistic murders are discovered within days of each other. The body of an unknown musician, bound and gagged, is found behind a false wall in a shoemaker's workshop. The victim had been sealed in alive. Elsewhere in the city, the horrifically mutilated body of a locksmith is found. Next to each victim is a torn-out calendar page, with the day of the death marked in blood. Nothing else seems to connect the cases. It falls to Criminal Councillor Eberhard Mock to solve the case, the mystery taking him still further into the Breslau underworld he knows only too well. Meanwhile, his hard-drinking nocturnal habits soon threaten his volatile marriage, and prompt some strange behavior from his wife ... and before long, Mock and his team will be investigating not only two of the grisliest murders in the city's history, but the councillor's own wife. From the Hardcover edition.

[Not My Memoirs, Len Evans](#) , 2012, 1875891196, 9781875891191. Len Evans was bitten early and that was it. He remained an enthusiastically successful promoter of the 'good, familiar creature, until his untimely death in August, 2006.

But after almost half a century of a life in wine he wasn't keen on getting into the autobiography business. 'I was asked to write my memoirs, but I didn't like the idea for one reason "I'm still living them, and for another, my many conceits do not include a belief that my life has been particularly fascinating," he said in 1985. Well he didn't write his memoirs but he left us something else that is uniquely Evansan anecdotal ramble through a life devoted to the production, promotion and drinking! of wine. There are occasional detours to paint a picture of an old mate, tell a wise or hilarious wine tale or just spin a good yarn. And there was many a yarn garnered in the new Welsh migrant's progress from ring-barking trees in the bush to washing glasses in a pub, writing comedy sketches and embarking on a career-changing role in a major hotel before becoming established as a restaurateur, vigneron and ultimately almost inevitably as Australia's most influential wine personality. In 1979, Len wrote of a friend's book: 'It's a funny book, it's a serious book. It contains something for every wine lover.' Few words could better describe what he has left us here.

[Christian Reflections on The Leadership Challenge, James M. Kouzes, Barry Z. Posner](#) , 2009, 0470730463,

9780470730461. Christian Reflections on The Leadership Challenge is a faith-based companion to the best-selling leadership book of all time--The Leadership Challenge. Grounded in Jim and Barry's time-tested research, Christian Reflections on The Leadership Challenge describes their Five Practices of Exemplary Leadership --Model the Way, Inspire a Shared Vision, Challenge the Process, Enable Others to Act, and Encourage the Heart and offers practical guidance and inspiring examples about how Christian leaders can have a powerful impact in their workplaces, communities, and congregations by bringing their faith into their leadership. In addition to Jim and Barry's foundational wisdom, the book brings together five leaders who reflect on the Five Practices from a Christian perspective. John C. Maxwell, David McAllister-Wilson, Patrick Lencioni, Nancy Ortberg, and Ken Blanchard share insights and stories culled from personal experience and the lives of other Christian leaders who have accomplished extraordinary things in churches, communities, classrooms, and corporations. Their thoughtful reflections on the role of faith in leadership will propel leaders and aspiring leaders

[African-Americans in Law and Politics, Mary Main, Cathy Thomason](#) , 2012, 1422223787, 9781422223789. On November 4, 2008, Americans went to the polls and elected the first black president in the history of the United States. Barack Obama was clearly a gifted politician with impressive achievements and a compelling life story. Still, his historic election wouldn't have been possible if earlier generations of African Americans hadn't paved the way. This book tells the stories of pioneering African-American lawyers and politicians. It details their efforts to guarantee black people the same rights enjoyed by other Americans, including the right to vote. In courtrooms, statehouses, and the halls of Congress, the people profiled in this book have helped make the United States what the framers of the Constitution hoped: "a more

perfect Union."

[Questions About Questions: Inquiries into the Cognitive Bases of Surveys, Judith M. Tanur](#) , 1992, 1610445260, 9781610445269. The social survey has become an essential tool in modern society, providing crucial measurements of social change, describing social life, and guiding government policy. But the validity of surveys is fragile and depends ultimately upon the accuracy of answers to survey questions. As our dependence on surveys grows, so too have questions about the accuracy of survey responses. Authored by a group of experts in cognitive psychology, linguistics, and survey research, Questions About Questions provides a broad review of the survey response problem. Examining the cognitive and social processes that influence the answers to questions, the book first takes up the problem of meaning and demonstrates that a respondent must share the survey researchers intended meaning of a question if the response is to be revealing and informative. The book then turns to an examination of memory. It provides a framework for understanding the processes that can introduce errors into retrospective reports, useful guidance on when those reports are more or less trustworthy, and investigates techniques for the improvement of such reports. Questions about the rigid standardization imposed on the survey interview receive a thorough airing as the authors show how traditional survey formats violate the usual norms of conversational behavior and potentially endanger the validity of the data collected. Synthesizing the work of the Social Science Research Councils Committee on Cognition and Survey Research, Questions About Questions emphasizes the reciprocal gains to be achieved when insights and techniques from the cognitive sciences and survey research are exchanged. "these chapters provide a good sense of the range of survey

problems investigated by the cognitive movement, the methods and ideas it draws upon, and the results it has yielded."

[Time for Rhyme: A Miscellany of Verse, Bernard Parrott](#) , 1998, 095327280X, 9780953272808.

[Easter in My Heart: Uplifting Stories of Redemption and Hope, Joe L. Wheeler](#) , 2000, 1578562686, 9781578562688.

What's better than chocolate bunnies, fuzzy chicks, and colored eggs? Having Easter in your heart. In relation to its significance to the Christian faith, Easter is perhaps the most under-celebrated holiday of the year. Yet this momentous day has the potential not only to delight your family--but to transform it. Beyond the spun-sugar eggs, beyond the brightly colored baskets overflowing with plastic green grass and tasty treats, lies history's most earth-shattering and revolutionary event. An event that once ushered in a new way of life, and could very well do so for your family again-- This year, honor the true meaning of Easter--and the new beginnings associated with this vital holiday--through the spiritually enriching, family-affirming stories found in *Easter in My Heart. Easter for Your Heart-- New Life for Your Spirit*. For nearly a decade, readers around the world have been exhorted, entertained, amazed, and moved by the heartwarming stories found in Dr. Joe Wheeler's *Christmas in My Heart* series. Now, Dr. Wheeler--a scholar of what he calls the "Golden Age of Judeo-Christian Stories (1870s-1950s)--has compiled perhaps the greatest, and most moving, collection of Easter stories ever published. May your spirit be blessed and freshly awakened through this collection of inspirational and nostalgic stories that perfectly captures the spirit of Easter: hope realized, faith fulfilled, and life both gloriously and freely redeemed.

[Lectures on the Electrical Properties of Materials, Laszlo Solymar, Donald Walsh](#) , 1993, 0198562802, 9780198562801.

The fifth edition of this renowned text is a particularly readable and accessible introduction to the fundamentals of the electrical properties of materials. As in past editions, this book provides an informative, up-to-date reference while retaining its original goal--to present a comprehensive introduction to the field. The book includes discussions emphasizing present and future applications in engineering, clear explanations of concepts that students find difficult, and an introduction to quantum mechanics. For this edition, the text has been updated and revised to reflect developments that have taken place over the past five years. Particular attention has been paid to developments in semiconductor technologies and to practical aspects of continuing miniaturization. In addition, new high temperature superconducting materials, developments in optical fibres and amplifiers, and magnetic materials are covered. Culled from the authors' popular and engaging lectures on the subject, this book deliberately keeps the mathematical treatment simple and well within the grasp of second-year engineering students. It remains a highly readable yet rigorous introduction to the subject for students in electrical and electronic engineering.

[Surfing With the Great White Shark, Kenny Doudt](#) , 1992, 0963334271, 9780963334275. Shark! The word commands immediate attention. Put the two words Great White in front of Shark & the reaction is gut-level fear. The Great White Shark is the undisputed master of two-thirds of the planet. No other creature generates quite so much horror. Every time a surfer enters the Great White's domain, he or she risks attack by Nature's most fearsome predator. But the actual odds that a surfer, swimmer or diver will be assaulted by any kind of shark are estimated to be only one in four million. Surfer Kenny Doudt is lucky to be alive. Doudt was attacked by a fifteen-foot, three-thousand-pound female Great White Shark off the north coast of Oregon in November, 1979. The attack was the northern-most recorded attack in the world. Shark experts calculated Doudt's odds for survival at one in one-hundred-fifty million. A team of world-famous surgeons called Doudt's injuries "the worst mutilation of an upper torso" they had ever seen. SURFING WITH THE GREAT WHITE SHARK by survivor Kenny Doudt is available in bookstores or from Shark-Bite Publishing, P.O. Box 3588, Lihue, HI 96766, for \$8.95 plus \$2 shipping & handling.

[Odes to Anger, Jason Lawrence Yurcic](#) , 2009, 0981669328, 9780981669328. These poems reveal the heart of a survivor. In the title section, the poet, caught in "the unspoken language of pain," escapes his beginnings only to find that the culture of violence has followed him. In the second section, "Meditations on Breath," he charts his journey to survival. In the last section, "Walking into My Mind," he contrasts the backbreaking manual labor of his day job with his real work, "to write/Love/Hold my children while rocking them to sleep/Children of the flesh/Children of the word." V. B. Price has written of Yurcic's work, "Anyone who has been saved by writing . . . will feel a heartening kinship with these startlingly honest and beautiful poems." "Jason Yurcic's Odes to Anger is an ode to facing oneself, an ode to truth as in confronting culture and society, an ode to pain that is yours and mine and necessary. And it is a working man's blues ode, meaning it is a working man's celebration of his creativity, endurance, resilience. Read Yurcic's poems--you will know what I mean."--Simon Ortiz, author of *Out There Somewhere* and *Woven Stone* "Yurcic's poems burn like a torch flame, hot and blue, melting a bead of images of a hardened past and everyday struggles of survival and perseverance.... But the poems also shed the calloused thickened skin of hard labor to reveal the poet's tender side, the other language, one that is gentle, assuring, and kind. ... While the world lies still and resting, Yurcic, the poet, gets up before another day of mixing, pouring, and hammering and prepares his poems written in the morning time."--Levi Romero, author of *A*

[Okla Hannali, R. A. Lafferty](#) , 1972, 0806123494, 9780806123493. "This curious and wonderful tall tale contributes to the apocalyptic revision of American history that began with Little Big Man and Bury My Heart at Wounded Knee. Its the tale of Hannali Innominee, a Mingo or natural lord of the 19th-century Choctaw Indian [and] a capacious, indomitable giant of the ilk of Paul Bunyan....Lafferty tells it straight: how the Choctaw nation, once removed, reconstituted itself and thrived in Indian territory...., how there came a schism between the rich, part-white, slave-owning, moneylending Choctaws and the feudal, compassionate, chauvinistic full-blooded freeholders like Hannali; and how, during the Civil War, the Indians were manipulated divide-and-conquer fashion in helping destroy each other."Kirkus Reviews.

[The Road to Lichfield, Penelope Lively](#) , 2007, 0802197361, 9780802197368. In The Road to Lichfield, Penelope Lively

explores the nature of history and memory as it is embodied in the life of a forty-year-old woman, Anne Linton, who unexpectedly learns that her father had a mistress. With this new knowledge, Linton must now examine the realities of her own life - of her childhood, her husband - and ask, What do they really know of her? Deeply felt, beautifully controlled, *The Road to Lichfield* is a subtle exploration of memory and identity, of chance and consequence, of the intricate weave of generations across a past never fully known, a future never fully anticipated.

[A Woman's Way, Sofia Diana Gabel](#) , 2011, 0983185336, 9780983185338. *A Woman's Way* is a novel based on the life story of the 19th century French Feminist, Maria Deraismes. Sofia Diana Gabel blends historical fact with fiction as she details Maria Deraismes' struggle against misogynistic men and the French government during the turbulent 1870s in Paris. Maria gets involved with the Paris Commune in 1871 and rallies behind the new socialist government, thinking it will end inequality, but it doesn't. Violence soon erupts when troops break through the barricades on April 2nd and begin a bloody week to overthrow the Commune. Maria tries to speak for the people, but ends up in front of a firing squad. Will she manage to escape death and bring equality to Paris, or will her hopes and dreams die with her?

[After Genocide: Bringing the Devil to Justice, Adam M. Smith](#) , 2009, 1615921869, 9781615921867. How did one of the bravest and most optimistic expressions of post-Cold War global power - the provision of justice to those victimized by atrocious crimes - slip into a system in which so many doubt justice is being done, a system that may well exacerbate the problems it was designed to fix? Adam M. Smith, an international lawyer and the son of a Holocaust refugee, has worked in The Hague, the Balkans, and Africa as well as for the United Nations and the World Bank. He comprehensively examines the complex, politicized world of international criminal justice from the ground up - from the perspective of those victims and survivors in whose name justice is being provided. Smith reviews the shortcomings of the international justice system in several hot spots, including: the former-Yugoslavia where, in the eyes of many, a two-billion-dollar investment in international justice has backfired, leaving victims' interests unaddressed and helping to entrench

radicalism; Sierra Leone, where the same murderous wartime factions that the international community tried to dismantle remain - in some quarters - stronger than ever; Rwanda, where no sectors of the post-genocide society believed their international tribunal would bring justice, and the court itself has left true reconciliation on the back burner; Sudan and Uganda, where the nascent International Criminal Court has replicated many of the problems that plagued the tribunals established for the former-Yugoslavia, Sierra Leone, and Rwanda. Are other options available to provide justice without the devastating side effects? Smith illustrates the viability of a counterintuitive, yet historically-tested, solution to dealing with genocide and other atrocities: placing the victims, survivors, and perpetrators at center stage and entrusting the challenging, potentially destabilizing work of war-crimes justice to the states affected by the crimes. *After Genocide* is indispensable reading for voters, policymakers, and citizens, as well as lawyers, academics, and human rights activists who hope that never again can become more than a platitude. Adam M. Smith (Bethesda, MD), who has held staff positions with the United Nations and the World Bank, advised presidential candidates, and worked at US embassies in three countries, for the United States Court of Appeals for the Armed Forces, and for the legal adviser to the State Department, is currently an associate at a Washington, DC-based international law firm. He has published widely in magazines such as *Forbes*, the *American Prospect*, and the *New Republic*, as well as prestigious academic journals, including the *Harvard International Law Journal*, the *Fletcher Forum*, and the *Commonwealth Journal of International Affairs*, and has a forthcoming coauthored academic text to be published by Routledge. He has been interviewed by NPR, Reuters, the Associated Press, CNN, and other media from around the world.

[The Perfect Hope, , Nora Roberts](#) , 2012, 0425246043, 9780425246047. A new novel of starting over and star-crossed love. #1 New York Times bestselling author Nora Roberts introduces you to the Montgomery brothers Beckett, Ryder, and Owen as they bring an intimate bed-and-breakfast to life in their hometown. Ryder is the hardest Montgomery brother to figure out with a tough-as-nails outside and possibly nothing too soft underneath. He's surly and unsociable, but when he straps on a tool belt, no woman can resist his sexy swagger. Except apparently Hope Beaumont, the innkeeper of his own Inn Boonsboro. As the former manager of a D.C. hotel, Hope is used to excitement and glamour, but that doesn't

mean she can't appreciate the joys of small-town living. She's where she wants to be except for in her love life. Her only interaction with the opposite sex has been sparring with the infuriating Ryder, who always seems to get under her skin. Still, no one can deny the electricity that crackles between them a spark that ignited with a New Years Eve kiss. While the Inn is running smoothly, thanks to Hope's experience and unerring instincts, her big-city past is about to make an unwelcome and embarrassing appearance. Seeing Hope vulnerable stirs up Ryder's emotions and makes him realize that while Hope may not be perfect, she just might be perfect for him

[An Editor's Guide to Adobe Premiere Pro, Richard Harrington, Robbie Carman, Jeff I. Greenberg](#) , 2011, 0132736160, 9780132736169. If you're an experienced editor who wants to get up-to-speed on Premiere Pro, then look no further than this fast-paced but thorough introduction to Adobe's flagship editing program. Enjoy the ride as three experienced editors take you step-by-step through the entire editing process in Premiere Pro, from file creation all the way through output. Along the way you'll learn the ins-and-outs of (or to do things such as) file management, essential and intermediate editing techniques, color correction, audio mixing and repairing, titling and effects, and delivering your video onto tape, the web, and mobile devices. You'll learn to work within the Adobe ecosystem as well, getting up to speed quickly on time saving tools such as Dynamic Link, Adobe Story, and more. As you work through sections, you'll find references to engaging videos that accompany the book, giving you a visual and audio frame of reference and solidifying your knowledge of the program. Within a weekend, you'll learn everything you need to know to use Premiere Pro confidently for your own projects. In this no-fluff guide to Premiere Pro, you'll learn to Quickly organize your existing Final Cut or Avid projects, or create new projects to use right away in Premiere Pro Understand how to use Premiere Pro with other Adobe software Edit your footage the way you like but with tips and techniques from authors with tons of experience in all the editing programs and who speak your language. Put your skills to work immediately by using the accompanying lesson files to work through the steps in the book Improve your knowledge through video tutorials, handy quick reference guides, and keyboard shortcut sheets made available on the book's companion media. All of Peachpit's eBooks contain the same content as the print edition. You will find a link in the last few pages of your eBook that directs you to the media files. Helpful tips: If you are able to search the book, search for "Where are the lesson files?" Go to the very last page of the book and scroll backwards. You will need a web-enabled device or computer in order to access the media files that accompany this ebook. Entering the URL supplied into a computer with web access will allow you to get to the files. Depending on your device, it is possible that your display settings will cut off part of the URL. To make sure this is not the case, try reducing your font size and turning your device to a landscape view. This should cause the full URL to appear. Please note that some lesson and video files are very large due to their high quality. High-speed internet connections are recommended for best results in downloading these files.

[Destined for Salvation: God's Promise to Save Everyone, Kalen K. Fristad](#) , 2003, 0972962506, 9780972962506. God will

not abandon lost people, in this life or the next, but will continue to work for their conversion and transformation until every one is saved. This view was widely held by early Christians, and is supported by many passages of Scripture and by the contention that God is more patient, loving and forgiving than human parents who would never punish their own children without end. This is important because the teaching of a God of eternal damnation causes many people to reject God and consequently experience hell. On the other hand, the message of an unconditionally loving, forgiving and saving God leads many previously disillusioned people to cheerfully embrace God. Also, people's perception of God determines how they live their lives. If they believe God is judgmental, vengeful, and unforgiving they can easily justify acting that way themselves. But if they believe God is loving, kind, patient and forgiving, people are more likely to act that way as well. This Study Book consists of thirteen lessons.

[Brooklyn Girls: Pia, Gemma Burgess](#) , 2013, 1743514956, 9781743514955. Pia is living the dream: fresh out of college and sharing a house in Brooklyn with her best friends. So why is everything so complicated? A drunken indiscretion has led to the loss of her boring office job, while her love life is a dizzy mess of accidental hook-ups and heartbreak... Her parents don't trust her and, if she doesn't sort her life out soon, they're going to make her move back in with them... But all that's nothing compared to the kind of trouble she's about to face. At least she can rely on her friends Coco, Angie, Julia and Madeleine. But how much can she really expect them to put up with?

[Communication for Business, Liz Tynan, David Wolstencroft, Beth Edmondson, Angela Martin, Don Swanson, Andrew Creed, Damian Grace](#) , 2013, 019557589X, 9780195575897. Communication for Business introduces students to the core topics necessary for their undergraduate studies in business communication and is designed with the future professional in mind. It bridges academic theory and real-world business knowledge and provides lots of practical examples in the companion digital ebook. It offers a fresh approach to the subject in the form of the three business communication principles: logic, clarity and courtesy in the way they frame the contents of the book. Written by a combination of management, communication, ethics and journalism academics it presents information that is practical and interesting in a style that is theoretical and accessible.

[Qi Gong for Beginners: Eight Easy Movements for Vibrant Health, Stanley D. Wilson](#) , 2007, 1402745044, 9781402745041. An exercise program that can actually release blocks to healing and get you centered...in six minutes a day? The simple, no impact, but very powerful movements of Qi Gong can do that and more, from increasing longevity to

boosting the immune system. And this beautifully illustrated guide, written especially for beginners, introduces this amazing ancient art that balances and strengthens the life force. Those who try it can look forward to extraordinary health benefits!

[Pirelli World Rallying 32, Issue 32, Martin Holmes](#) , 2009, 0954543386, 9780954543389. Centred on the 2009 World Rally Championships, this title includes coverage of the IRC, European, Asia-Pacific, Middle East and African regional championships, and many national championships around the world. It also gives an appendix of results of the major national rally championships around the world.

[A Match on Dry Grass: Community Organizing as a Catalyst for School Reform, Mark R. Warren, Karen L. Mapp](#) , 2011, 0199912009, 9780199912001. The persistent failure of public schooling in low-income communities constitutes one of our nation's most pressing civil rights and social justice issues. Many school reformers recognize that poverty, racism, and a lack of power held by these communities undermine children's education and development, but few know what to do about it. A Match on Dry Grass argues that community organizing represents a fresh and promising approach to school reform as part of a broader agenda to build power for low-income communities and address the profound social inequalities that affect the education of children. Based on a comprehensive national study, the book presents rich and compelling case studies of prominent organizing efforts in Chicago, New York City, Los Angeles, Denver, San Jose, and the Mississippi Delta. The authors show how organizing groups build the participation and leadership of parents and students so they can become powerful actors in school improvement efforts. They also identify promising ways to overcome divisions and create the collaborations between educators and community residents required for deep and sustainable school reform. Identifying the key processes that create strong connections between schools and communities, Warren, Mapp, and their collaborators show how community organizing builds powerful relationships that lead to the transformational change necessary to advance educational equity and a robust democracy.

[Houseboats of Sausalito, Phil Frank](#) , 2008, 0738555525, 9780738555522. The unique and colorful houseboat community has long been the centerpiece of life in Sausalito, and while these floating homes are well known, relatively few people know just how far back their history goes. Not a recent phenomenon, as so many assume, the houseboat community has a history stretching back to the 1880s and earlier. While houseboats once existed in nearly a dozen ports in and around San Francisco Bay--and indeed throughout the West Coast--the focus of this buoyant lifestyle is now the waters of Marin County, along the shoreline of Richardson's Bay. Over the years, a variety of forces--including the 1906 earthquake and fire, the building of bridges and the resulting decline of the ferryboat fleet, World War II, and legal pressures on waterfront property owners--helped to shape life on the water, Sausalito's houseboat community, and this fascinating tale.

[Flex 4 Fun, Chet Haase](#) , 2010, 0981531628, 9780981531625. Annotation With this book you'll have fun exploring the

graphical and animation side of the Flex 4 SDK. There are other books out there on Flex, on Flex 4, and on RIA technologies in general, but they generally don't cover the techniques that help you write cooler applications. This book is specifically about the graphical and animation technologies in Flex 4 that enable better user experiences: the "fun" stuff. Flex 4 is a powerful and flexible set of libraries that enable rich client applications running on the Flash Platform. In particular, Flex makes it much easier to write robust GUI applications than it otherwise might be with just the Flash authoring tool and APIs. For example, Flex provides a rich and extensible component library, databinding for easy communication between objects in the application, and the declarative MXML language that enables you to write your GUI logic in a very simple and straightforward way. Flex sits atop the powerful Flash graphics engine, and provides all kinds of great capabilities for drawing shapes with various fills and strokes and using image-processing filters to change the way things appear. Flex 4 also has a new component model which enables a very flexible way of changing the look of your components. Flex also offers a "states" model that makes it easy to describe what your application and GUI components look like at different times in their life. And Flex provides rich animation capabilities that make it possible to animate anything in the GUI, which enables rich experiences for the user as objects in the GUI gradually change from one state to another instead of making sudden, discontinuous changes. These are some of the capabilities that this book will cover in detail, along with over 60 example programs to show how all of it works. This book assumes that you have done some Flex programming, enough to know the basics of MXML and ActionScript, so that when you look at the simple examples in this book you are not confused. One of the highlights of this book is all of the sample code that goes along with it. Much of the code is shown directly in the text of the book itself, and all of that code is excerpted from complete applications that you can download, build, and run yourself. This is probably something you should plan to do, at least for those parts of the book you want to thoroughly understand. Also, these applications provide useful code that you can copy from or start from for projects of your own.

[Charity Begins at Home - Domestic Violence: A Guide for Donors and Grant-makers, Botham Barran, Diana Barran,](#)

[Horse and Stable Management, Jeremy Houghton Brown, Sarah Pilliner, Zoe Davies](#) , 2013, 1118709675,

9781118709672. Since the first edition was published in 1984 Horse and Stable Management has become the recognised source of reliable information on all aspects of the practical management of horses and ponies. It is now the established textbook for everyone who owns a horse or works with horses. This fourth edition has been radically revised and reorganised to include the most up-to-date and accurate procedures and advice. With many new photographs, Horse and Stable Management includes chapters covering evolution and behaviour, conformation and action, routine preventive measures, nursing the sick horse, first aid, lameness and the management of breeding stock. Horse and Stable Management is essential reading for those taking British Horse Society and Association of British Riding Schools

examinations as well as those taking college equine courses or National Vocational Qualifications in horse care and management. The Authors Jeremy Houghton Brown was manager of the British National Equestrian Centre and the British Racing School, then for many years principal lecturer in equine studies at Warwickshire College, where he started and pioneered British equine education. Above all, he is an experienced, practical horseman. Sarah Pilliner is an equine consultant specialising in horse care. She is also an experienced lecturer, competition rider, senior examiner, and the author of several books. Zoe Davies is a former lecturer in equine science, a consultant equine nutritionist, author and external examiner for higher education courses. She has substantial experience in equine management and training.

From previous reviews: A new classic a clearly written and easily understood handbook. Riding It is extremely comprehensive. It is also accurate. In fact, a most valuable book for anyone who owns a horse. Horse and Hound The approach and contents are refreshingly different very informative and a valuable source of reference. Horse and Rider

Nelson and "The Wit of Porportuk" by Arnold Arre. Plus a new comics adaptation of "To Kill a Man" by Kostas Aronis and a completely

redrawn "That Spot" by Nick Miller. Returning from the previous edition are "A Thousand Deaths" by J.B. Bonivert, "Jan, the Unrepentant" by Hunt Emerson and six more thrilling stories. With a dramatic new cover by Jim Nelson.

[Working With Emotional Intelligence, Daniel Goleman](#) , 2011, 0553903217, 9780553903218. Do you have what it takes to succeed in your career? The secret of success is not what they taught you in school. What matters most is not IQ, not a business school degree, not even technical know-how or years of expertise. The single most important factor in job performance and advancement is emotional intelligence. Emotional intelligence is actually a set of skills that anyone can acquire, and in this practical guide, Daniel Goleman identifies them, explains their importance, and shows how they can be fostered. For leaders, emotional intelligence is almost 90 percent of what sets stars apart from the mediocre. As Goleman documents, it's the essential ingredient for reaching and staying at the top in any field, even in high-tech careers. And organizations that learn to operate in emotionally intelligent ways are the companies that will remain vital and dynamic in the competitive marketplace of today and the future.

[Falling Season, Tori Lane](#) , 2012, 098503503X, 9780985035037. Falling Season is a collection of poetry that wanders the terrain of questioning hope and the silences of depression. By dealing with issues of artistic calling, abuse and spiritual crisis, Tori Lane addresses the struggles of someone seeking answers, direction and healing. This collection chronicles the journey of a young artist fighting to break through silence to find her voice.

[Techniques for Mycorrhizal Research, John Robert Norris, J. R. Norris, David J. Read, A. K. Varma](#) , 1994, 0125214901, 9780125214902. It is now almost ten years since the appearance of the only previous volume devoted to the methodologies used in mycorrhizal research. The past decade has been a momentous period which has seen not only an explosive increase of interest in mycorrhiza as evidenced by the surge in number of papers published, but also, and most importantly, the welcome development of a greater awareness amongst plant physiologists, ecologists, and microbiologists that the mycorrhizal condition is the norm rather than the exception. Through this same period,

[The Young Swimmer.](#) , 1997, 078941533X, 9780789415332. Covers everything from basic swimming techniques and safety to racing tactics, providing easy-to-follow photographic sequences--many taken underwater--and straightforward advice as provided by a professional coach.

[Home/birth: A Poemic.](#) , 2011, 0977935175, 9780977935178. Poetry. Literary Nonfiction. Cross-Genre. Women's Studies. A lyric essay & total collaboration of extraordinary & shocking beauty, this hybrid text troubles the waters of genre, gender, motherhood, and the politics & poetics of birthing. An exacting and honest conversation between two of our most interesting writers and our most dedicated activists.

[The Magic Prism : An Essay in the Philosophy of Language: An Essay in the Philosophy of Language, Riverside Howard Wettstein Professor of Philosophy University of California](#) , 2004, 0198036426, 9780198036425. The late 20th century saw great movement in the philosophy of language, often critical of the fathers of the subject-Gottlieb Frege and Bertrand Russell-but sometimes supportive of (or even defensive about) the work of the fathers. Howard Wettstein's sympathies lie with the critics. But he says that they have often misconceived their critical project, treating it in ways that are technically focused and that miss the deeper implications of their revolutionary challenge. Wettstein argues that Wittgenstein-a figure with whom the critics of Frege and Russell are typically unsympathetic-laid the foundation for much of what is really revolutionary in this late 20th century movement. The subject itself should be of great interest, since philosophy of language has functioned as a kind of foundation for much of 20th century philosophy. But in fact it remains a subject for specialists, since the ideas are difficult and the mode of presentation is often fairly technical. In this book, Wettstein brings the non-specialist into the conversation (especially in early chapters); he also reconceives the debate in a way that avoids technical formulation. The Magic Prism is intended for professional philosophers, graduate students, and upper division undergraduates.

[Reading Homer: Film and Text, Kostas Myrsiades](#) , 2009, 0838642195, 9780838642191. These nine new essays on Homer's epics deal not only with major Homeric themes of time (honor), kleos (fame), geras (rewards), the psychology of Homeric warriors, and the re-evaluation of type scenes, but also with Homer's influence on contemporary film. Following the introduction and an essay which sets the historical background for the epics, four essays are devoted to fresh analysis of key passages and themes while another four turn to a discussion of the film Troy and Homer's influence on two other genres of American cinema.

[The Lieutenants, W. E. B. Griffin](#) , 2012, 0425253120, 9780425253120. As the chaos of World War II unfolds, the lives and actions of men from very different worlds will forge the paths of their futures--and of the war. Robert Bellmon was a born military man. As the son of a general and one of the youngest Armor majors in the service, he believes in his country and his duty. After he is blasted from his Sherman tank at Kasserine Pass, he finds himself in a Polish POW camp--and the de-facto leader of all the prisoners. It is there he is surprised to find his father's pre-war friend, Colonel Graf Peter Paul von Greiffenberg. Von Greiffenberg is a veteran soldier, now a POW camp commandant due to wounds received in battle. But he is not cruel. After witnessing the Russian massacre of 20,000 Polish officers and intellectuals in the Katyn Forest, he is determined to get word to the Americans, even if he has to use Bellmon to do it . . . From the Nazi-prowled wastes of North Africa, to the bloody corridors of Europe, to the hallowed halls of West Point, *The Lieutenants* is the beginning of an epic saga that millions of fans have followed and that only W.E.B. Griffin could deliver. Here, for the first time in decades, is the novel that introduced the world to W.E.B. Griffin--whose epic stories and profound knowledge of the intricate workings of the military mind in both war and peace would make him 'the poet laureate of the American military.' Los Angeles Daily News 'W.E.B. Griffin is a storyteller in the grand tradition, probably the best man around for describing the military community.' Tom Clancy 'W.E.B. Griffin is the best chronicler of the U.S. military ever to put pen to paper--and rates among the best storytellers in any genre.' The Phoenix Gazette

[The Law and Practice of International Territorial Administration: Versailles to Iraq and Beyond, ISSN 0068-6751, Carsten Stahn](#) , 2008, 0521878004, 9780521878005. International actors have played an active role in the administration of territories over the past two centuries. This book analyses the genesis and law and practice of international territorial administration, covering all experiments from the Treaty of Versailles to contemporary engagements such as the conflict in Iraq. The book discusses the background, legal framework and practice of international territorial administration, including its relationship to related paradigms (internationalisation, mandate administration, trusteeship administration and occupation). This is complemented by a discussion of four common legal issues which arise in the context of this activity: the status of the territory under administration, the status and accountability of administering authorities, the exercise of regulatory powers by international administrations, and the relationship between international and domestic actors. Alongside surveys of the existing approaches and conceptual choices, the book also includes relevant case-law and practice and lessons learned for future engagements.

[Holly Bloom's Garden, Sarah Ashman, Nancy Parent](#) , 2004, 0972922504, 9780972922500. The luminous garden scenes and playful language in this tale of late-blooming self-discovery tell the story of Holly Bloom, a girl who wants nothing more than to be a great gardener, but simply doesn't seem to have the knack. Despite suggestions and support from her green-thumbed mom and siblings, Holly just can't get her garden to bloom. She waters and fertilizes and uses all the right gardening tools, but her daffodils don't grow and her daisies keep drooping. Armed with a positive attitude and unwavering perseverance, Holly finally realizes that she does not need to grow flowers with soil and seeds to be a success. Inspired by her artistic father, she taps into her natural creative abilities and surprises everyone by growing her own unique garden from paper, paste, pipe cleaners, and paint!

[Boston, Everyman Guides Staff](#) , 2007, 1841592617, 9781841592619. The most informative fold-out mapguides, with more than 100 colour illustrations, divide cities or regions into 6 or 8 sections with 6 or 8 beautiful and clear maps. They also list 60 to 80 sights not to be missed, more than 200 addresses of shops, bars, caf s, restaurants, hotels and all the practical advice you need. Additional information at the front reveals parts of the city or buildings that offer the best views, all the big parks, the general opening hours for shops, where to find show listings, emergency phone numbers and addresses, and much more. At the back is a listing of the best hotels in every price category. A unique and patented binding concept makes the MapGuide the only smallscale guide that offer a detailed map-within-a-guide. The Everyman MapGuides are stylish, clever, practical and very good value for money.

[Selected Poems of Victor Hugo: A Bilingual Edition, Victor Hugo](#) , 2004, 0226359816, 9780226359816. Although best known as the author of Notre Dame de Paris and Les Misrables, Victor Hugo was primarily a poetone of the most important and prolific in French history. Despite his renown, however, there are few comprehensive collections of his verse available and even fewer translated editions. Translators E. H. and A. M. Blackmore have collected Victor Hugo's essential verse into a single, bilingual volume that showcases all the facets of Hugo's oeuvre, including intimate love poems, satires against the political establishment, serene meditations, religious verse, and narrative poems illustrating his mastery of the art of storytelling and his abiding concern for the social issues of his time. More than half of this volume's eight thousand lines of verse appear here for the first time in English, providing readers with a new perspective on each of the fascinating periods of Hugo's career and aspects of his style. Introductions to each section guide the reader through the stages of Hugo's writing, while notes on individual poems provide information not found in even the most detailed French-language editions. Illustrated with Hugo's own paintings and drawings, this lucid translationavailable on the eve of Hugo's bicentenarypays homage to this towering figure of nineteenth-century literature by capturing the energy of his poetry, the drama and satirical force of his language, and the visionary beauty of his writing as a whole.

[The Marble Faun, Nathaniel Hawthorne](#) , 2008, 0199554072, 9780199554072. 'any narrative of human action and adventure - whether we call it history or Romance - is certain to be a fragile handiwork, more easily rent than mended' The fragility - and the durability - of human life and art dominate this story of American expatriates in Italy in the mid-nineteenth century. Befriended by Donatello, a young Italian with the classical grace of the 'Marble Faun', Miriam, Hilda, and Kenyon find their pursuit of art taking a sinister turn as Miriam's unhappy past precipitates the present into tragedy. Hawthorne's 'International Novel' dramatizes the confrontation of the Old World and the New and the uncertain relationship between the 'authentic' and the 'fake', in life as in art. The author's evocative descriptions of classic sites made The Marble Faun a favourite guidebook to Rome for Victorian tourists, but this richly ambiguous symbolic romance is also the story of a murder, and a parable of the Fall of Man. As the characters find their civilized existence disrupted by the awful consequences of impulse, Hawthorne leads his readers to question the value of Art and Culture and addresses the great evolutionary debate which was beginning to shake Victorian society. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further

study, and much more.

[A Midnight Clear: Stories for the Christmas Season, Katherine Paterson](#) , 1998, 0451197372, 9780451197375. "Katherine Paterson illuminates the true meaning of Christmas in twelve modern-day stories written over the years for her husband, a pastor, to read to his congregation on each Christmas Eve. A man driving to see his dying father picks up a young hitchhiker who attempts to rob him; a proud and lonely widow is befriended by a persevering boy trying to earn a star for his church group; in Communist China, a female scholar and an old night watchman secretly bond together to read the Bible. Whether depicting a child coping with disappointment or a couple awaiting the birth of their baby, all these stories present a vision of hope and peace harking back to that first Christmas two thousand years ago."--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. Muscle Energy Techniques 4e sets out clear, practical and clinical guidelines for all students and practitioners wishing to use MET techniques as part of their patient management. Fully updated and now published in full colour throughout, this book has an accompanying website with video clips presenting the full array of modern METs in a variety of acute, chronic and rehabilitation settings. Introduces new methodology and instructs in the scientific basis and correct application of existing METs Explains the value of METs in the treatment of a variety of problems ranging from hypertonicity and muscle tightness to joint dysfunction and joint capsule adhesions Provides precise assessment and diagnosis guidelines from a variety of perspectives including osteopathy, chiropractic, physical therapy, athletic training and massage therapy Details the background to soft tissue dysfunction and explains the adaptive chain reactions that both produce and result from dysfunction Gives many variations on the safe use of MET in acute, chronic and rehabilitation settings Highly illustrated with full-colour line drawings and diagrams Supplemented by a website which includes video clips of experienced practitioners demonstrating the techniques Ideal for experienced practitioners as well as those taking undergraduate and postgraduate courses in manual therapy Now published in full colour throughout Presents the latest research findings underpinning the practice of MET methodology from differing areas of practice Presents the increasingly refined ways of using the variety of MET methods to allow the reader to safely apply them in a variety of settings Video clips on an associated website presents practical examples of the METs explored in the book Contains a new chapter on the history of MET to provide useful insights from pioneers of the method New chapters by orthopaedic surgeons discuss the relevance of MET in the rehabilitative setting Contains a completely new chapter on the relevance of MET to massage therapy as well as expanded sections on its value in chiropractic, sports injury and physiotherapy Contains an increased emphasis on pulsed MET and isotonic eccentric stretching

[Shaman Pass, Stan Jones](#) , 2005, 1569474133, 9781569474136. Active maintains his awe of the vast Alaskan tundra, a forbidding region that Jones renders in all its bone-chilling beauty. Marilyn Stasio, The New York Times Book Review [Jones] depiction of a freezing world of tar-paper houses and whaling camps is absolutely convincing. Houston Chronicle Alaska State Trooper Nathan Active is regarded as half-white by the Inupiat of the village where he is stationed. He was born in Chukchi but was adopted by Anglos and raised in Anchorage. Now he is called upon to investigate the murder of a tribal leader who was stabbed to death with an antique harpoon, which had been recently returned to the community under the Indian Graves Act.

[The Upside of Irrationality: The Unexpected Benefits of Defying Logic at Work and at Home, Dan Ariely](#) , 2010, 0061995037, 9780061995033. The provocative follow-up to the New York Times bestseller Predictably Irrational Why can large bonuses make CEOs less productive? How can confusing directions actually help us? Why is revenge so important

to us? Why is there such a big difference between what we think will make us happy and what really makes us happy? In his groundbreaking book *Predictably Irrational*, social scientist Dan Ariely revealed the multiple biases that lead us into making unwise decisions. Now, in *The Upside of Irrationality*, he exposes the surprising negative and positive effects irrationality can have on our lives. Focusing on our behaviors at work and in relationships, he offers new insights and eye-opening truths about what really motivates us on the job, how one unwise action can become a long-term habit, how we learn to love the ones we're with, and more. Drawing on the same experimental methods that made *Predictably Irrational* one of the most talked-about bestsellers of the past few years, Ariely uses data from his own original and entertaining experiments to draw arresting conclusions about how and why we behave the way we do. From our office attitudes, to our romantic relationships, to our search for purpose in life, Ariely explains how to break through our negative patterns of thought and behavior to make better decisions. *The Upside of Irrationality* will change the way we see ourselves at work and at home and cast our irrational behaviors in a more nuanced light.

[Way Back in the Country: Recipes from Six Generations of East Texas Farm Cooking and the Stories Behind Them, Kay Wheeler Moore](#) , 2002, 0929292502, 9780929292502. *Way Back in the Country*, in the days of yesteryear, the biggest events around were two-week-long outdoor revivals and box suppers, where the most creative dinner pails took the prize—when food was always a key link in a family's sweet communion. In farm-rich Delta County, Texas, you'll still hear folks speak of the Three Red-Haired Miller Girls, who grew up in those bygone times and whose family remains legendary for its plentiful, inventive cooking. Enter the world of the Miller Girls and their farm kin, as their antics are woven around this fresh, eclectic recipe collection that will make your mouth water as you read. The mishaps and victories of the six generations that encompass these real-life characters will have you laughing, crying, and eager to cook their way—and perhaps to preserve a few recipes of your own. Written in the "Way Back" spirit of James C. Hefley and "Ozark Monk" Hefley, who popularized Hannibal's other "Way Back" books. Book jacket.

[Indefinite Pronouns, Martin Haspelmath](#) , 1997, 0198235607, 9780198235606. Most of the world's languages have indefinite pronouns, that is, expressions such as someone, anything, and nowhere. Martin Haspelmath presents the first comprehensive and encyclopaedic investigation of indefinite pronouns in the languages of the world, mapping out the range of variation in their functional and formative properties. He shows that cross-linguistic diversity is severely constrained by a set of implicational universals and by a number of unrestricted universals. The author treats his subject matter broadly within the Humboldt-Greenberg tradition of language typology, but also considers the contribution of other theoretical approaches to an understanding of the functional and formal properties of indefinite pronouns. The book is organized into four logically ordered steps: selection of a part of grammar-- indefinite pronouns--that can be identified across languages by formal and functional criteria; investigation of the properties of indefinite pronouns in a world-wide sample of forty languages; formulation of generalizations that emerge from the data, summarized in the form of an implicational map; and theoretically informed explanations of the generalizations, which go beyond system-internal

statements, appealing to cognitive semantics, functional pressures, and universals of language change (especially grammaticalization).

[The Anatomy of Fascism, Robert O. Paxton](#) , 2011, 0241958709, 9780241958704. Fascism was the major political invention of the twentieth century and the source of much of its pain. How can we try to comprehend its allure and its horror? Is it a philosophy, a movement, an aesthetic experience? What makes states and nations become fascist? Acclaimed historian Robert O. Paxton shows that in order to understand fascism we must look at it in action - at what it did, as much as what it said it was about. He explores its falsehoods and common threads; the social and political base that allowed it to prosper; its leaders and internal struggles; how it manifested itself differently in each country - France, Britain, the low countries, Eastern Europe, even Latin America as well as Italy and Germany; how fascists viewed the Holocaust; and, finally, whether fascism is still possible in today's world. Offering a bold new interpretation of the fascist phenomenon, this groundbreaking book will overturn our understanding of twentieth-century history.

[Conversations in Bloomsbury, Mulk Raj Anand](#) , 1995, 0195636783, 9780195636789. The eminent novelist and critic Mulk Raj Anand is one of the very few Indians to have known and talked extensively with members of the Bloomsbury group--people like E.M. Forster, T.S. Eliot, Aldous Huxley, Virginia and Leonard Woolf, Clive Bell, and others. This book's twenty chapters present his conversations with these literary luminaries. Charming, lively, and absorbing, the conversations provide informal insights into the lives and minds of these great writers, and will delight anyone interested in the literary culture of pre-war Britain.

[Adventure on a Frozen Island, Dianne Barnes, Vincent Barnes](#) , 2012, 0981067956, 9780981067957. This is book two of the Happiness story. It begins with Dianne's thoughts of going back to the island with a feeling of dread. She remembers the family history, all the problems that beset the family. The elderly couple decided to spend the winter on the island. They would be completely isolated during winter freeze up, again during spring break up. It would be necessary to cut six bush cords of firewood. How were they to get water from the frozen lake? November 23rd, the change-over from boat to snowmobile. The long wait for the ice to freeze. On December 30th they finally made it to Mactier, crossing three lakes and miles of bush trail. Dianne and Vincent were making regular trips to town, by snowmachine, pulling a sleigh for necessities. "Another fun trip to town " They seldom got out without several dives into deep snow, or running off the

obscure trail. One day after a trip to Gravenhurst, pulling a heavy sleigh home with a load of propane, gasoline and food, Vincent ran off the trail on Duffy Lake. They were buried in 16" of slush. Dianne almost panicked, remembering previous, similar ordeals. They had to dig away the slush. Getting the machine started, revving the engine, the belt threw out a cloud of slush. Dianne driving, Vincent pulling, the machine jumped up on the hard trail. They returned to their cottage home before dark. Spring finally came. The ducks, loons, robins, cormorants came home. Beavers welcomed the arrival of spring. On Easter Sunday, April 20th they watched the phenomenon of the ice leaving. It was the most unusual experience of their lives. They were isolated again for a period to be decided by mother nature.

[Inclinations, David B. Harrington](#) , 2009, 0988456222, 9780988456228. Replete with angels and mythical creatures, Inclinations is a strange and allegorical mixture of poetry and prose. Based on a series of mystical and esoteric visions, this collection of short stories and poems covers a wide variety of themes including faith, judgment, mysticism and spiritual warfare. With a bit of prophecy clouded in the metaphor of sacred language, one must decide where to interpret the text literally and where to interpret it figuratively.

[Questions Most Asked About Anxiety and Phobias: A Lively, Down-To-Earth Guide for Overcoming Panic, Jane D. Miller](#) , 1996, 096548730X, 9780965487306. There is an enormous constituency for this book. Debilitating anxiety & phobias are the leading mental health problem today: ONE IN SEVEN ADULTS suffers from this crippling condition. And each one is on a relentless quest for answers -- so READABLE books offering relief are snapped up as impulse buys as soon as they hit the self-help shelves of bookstores. This pocket-sized new guidebook speaks out clearly in addressing all the major concerns of phobic persons -- but it is also an excellent tool for the therapist. The few indispensable technical terms used are always well-defined. Throughout, the book keeps its focus on simple but effective treatment strategies. It is centered on only the 32 questions most often asked by the panic-prone; but each question bears on countless adjacent anxiety disorders. Dr. Edmund Bourne, author of the best-selling ANXIETY & PHOBIA WORKBOOK writes: "This book speaks knowledgeably & directly to the phobic person in a lively, insightful, humorous style that should make it popular." The author is a therapist looking back on thirty years of successful cognitive therapy leading to the partial or complete recovery of nearly 2,000 sufferers from anxiety disorders. She teams up with a colleague who is himself a completely recovered phobic, housebound in his youth. Together, they provide a wealth of proven strategies & guidelines for recovery. To order: Pretext Press, P.O. Box 988, N. Branford, CT 06471. Telephone: 203-481-0145.

[Mastery of Your Specific Phobia: Therapist Guide, Michelle G. Craske, Martin M. Antony, David H. Barlow](#) , 1997, 0195186877, 9780195186871. Specific Phobias are some of the most prevalent anxiety disorders. This book helps clients become active participants as they explore the nature of specific phobias including definitions, prevalence, and causes of phobias. They also learn proven strategies for overcoming phobias including exposure-based and cognitive techniques for reducing fear. This program describes treatment strategies for a variety of specific phobias. The MSP program in the Client Workbook, although written for the client, should be carried out under the supervision of a mental health professional because many of the concepts and procedures are relatively complex. The most effective intervention requires an understanding of the principles underlying the treatment procedures and a person who can guide the client through the demands of treatment. The Client Workbook is divided into three parts. The first part describes the principles necessary for understanding specific phobias. The second part describes the principles necessary for treating specific phobias. The third part provides detailed guidelines for overcoming particular types of specific phobias. The Therapist Guide includes a description of the major points from each chapter covered in the Client Workbook, the primary information that should be conveyed by the therapist, and the principles underlying the therapeutic procedures described in each chapter. Also included in this guide are typical questions asked by clients and solutions to problems that may arise in each chapter.

[In the Desert: Jimmy Pike As a Boy, Pat Lowe](#) , 2007, 0143003089, 9780143003083. Jimmy Pike is one of Australia's most famous Aboriginal artists, represented in collections in all major Australian public galleries and museums. He grew up in the Great Sandy Desert during the 1940s and 1950s. This is his story as told by his lifetime partner, English-born Pat Lowe, who spent three years in the desert with him, and many more years listening to his stories. This remarkable and intimate account of what was a traditional Walmajarri boyhood, one of the last of its kind, opens your eyes to a

completely different culture and way of experiencing the world. The startling fact is that after 60,000 years following a nomadic, hunter-gatherer way of life, the exodus of the Walmajarri people from the desert occurred in only one or two generations after white settlement.

[The Happy Prince and Other Stories, Oscar Wilde](#) , 2010, 0141195193, 9780141195193. In this haunting, magical fairy-tale collection, Oscar Wilde beautifully evokes (among others) the Happy Prince who was not so happy after all, the Selfish Giant who learned to love little children and the Star Child who did not love his parents as much as he should. Each of the stories shines with poetry and magic and will be enjoyed by children of every age.

[Caring for Patients at the End of Life: Facing an Uncertain Future Together, Timothy E. Quill](#) , 2001, 0195139402, 9780195139402. In *Caring for Patients at the End of Life: Facing an Uncertain Future Together*, Dr. Quill uses his wide range of clinical experience caring for severely ill patients and their families to illustrate the challenges and potential of end-of-life care. Section one utilizes the near death experiences of two patients to explore values underlying medical humanism, and then presents the case of "Diane" to explore the fundamental clinical commitments of partnership and non-abandonment. Section two explores, illustrates, and provides practical guidance for clinicians, patients, and families about critical communication issues including delivering bad news, discussing palliative care, and exploring the wish to die. In section three, difficult ethical and policy challenges inherent in hospice work, including the rule of double effect, terminal sedation, and physician-assisted suicide, are explored using a mix of real cases and an analysis of underlying clinical, ethical, and policy issues. In a final chapter, Dr. Quill discusses the tragic death of his brother which occurred as this book was being completed, and how his family made the most emotionally challenging decisions of their lives. Dr. Quill exposes readers to an internally consistent and practical way of thinking by simultaneously embracing the potential of palliative care, and also acknowledging that it has limitations. His philosophy of offering forthright discussions with patient and family, mutual decision-making, ensuring medical and palliative care expertise and of committing to see the dying process through to the patient's death is vividly illustrated.

[The Supernatural Life: Experience the Power of God in Your Everyday Life, Cindy Jacobs](#) , 2005, 0830729615, 9780830729616. Cindy Jacobs begins her newest release with a testimony of her first stirring encounter with the Holy Spirit. Her relationship with God was transformed, giving her the power of the supernatural in her life and the knowledge of how to release it. As in Acts 1:8, the Scriptures came alive to her more than ever before and she found the capacity to witness boldly. With warmth, humor and many revealing accounts, Cindy Jacobs shows that it takes the power of the Holy Spirit to do what God wants you to accomplish in your life. Join the best-selling author of "Women of Destiny" and discover step-by-step how to invite the Holy Spirit into your own life for remarkable change.

[A Newbies Guide to Chromebook: A Beginners Guide to Chrome OS and Cloud Computing, Minute Help Guides](#) , 2013, 1481923234, 9781481923231. Google's ChromeBook has been around for a couple of years now, but it has mostly taken a backseat to the company's stable of Android devices. With the recent release of the next generation of ChromeBooks, Google is finally giving this new computing platform the attention it deserves. No longer are people forced to choose between Windows and Mac and if Google has anything to say about it, the ChromeBook platform will grow by leaps and bounds in the years to come. The concept behind these devices is both simple and revolutionary. Since most of our computer use takes place within a browser, why not eliminate the need for standalone programs altogether? The ChromeBook is a not only a new series of devices, but a new computing paradigm. Automatically updated and free from viruses and malware, it's the most secure operating system available today. By harnessing the power of the Internet, the ChromeBook can do pretty much anything that more expensive PCs are capable of. It's everything you need, and none of what you don't. Over the course of this guide, we'll introduce you to the concepts that make the ChromeBook a unique solution for you and your family. Whether you're bogged down with endless term papers or just browsing eBay for a bargain, we'll show you the ins and outs of the system, giving you the knowledge you need to make the ChromeBook a big part of your digital life. Ready to get started? Let's do this!

[The Windmills of England, R. J. De Little](#) , 1997, 0952993007, 9780952993001. In the 1950s, as a boy, Rodney de Little

became fascinated by windmills and, with the gift of a camera from a relative, began assembling an unrivalled record of them in black and white photographs. His standing as a leading authority on the history and operation of these mills was recognized on the publication of his book *The Windmill - Yesterday and Today* in 1972. It was reprinted in 1975 and remains, today, an authoritative work in its field and much sought after in the out-of-print trade. In the last twenty years much has changed. What were seen as mechanical, historical curiosities, lacking any contemporary relevance, are now finding new commercial opportunities and uses as this traditional technology has been successfully married to modern technological advances. It is becoming clearer that there is much to be learned from the uses and mechanisms of traditional windmills.

[Applied Nonparametric Statistical Methods, Third Edition, Peter Sprent, Nigel C. Smeeton](#) , 2000, 1420057715, 9781420057713. This new edition follows the basic easy-to-digest pattern that was so well received by users of the earlier editions. The authors substantially update and expand Applied Nonparametric Statistical Methods to reflect changing attitudes towards applied statistics, new developments, and the impact of more widely available and better statistical software. The book takes into account computing developments since the publication of the popular Second Edition, rearranging the material in a more logical order, and introducing new topics. It emphasizes better use of significance tests and focuses greater attention on medical and dental applications. Applied Nonparametric Statistical Methods: Third Edition explains the rationale of procedures with a minimum of mathematical detail, making it not only an

outstanding textbook, but also an up-to-date reference for professionals who do their own statistical analyses. New in the Third Edition: Expanded coverage of topics - such as ethical considerations and calculation of power and of sample sizes needed. Refers to a wide variety of statistical packages - such as StatXact, Minitab, Testimate, S-plus, Stata, and SPSS. Includes sections on the analysis of angular data, the use of capture-recapture methods, the measurement of agreement between observers, runs tests, and regression diagnostics.

[New City, New Opportunities, Toronto Transition Team, Alan Tonks, Willis L. Blair](#) , 1997, 0968314007, 9780968314005.

Documents the work and recommendations of a team appointed to handle the transition to a new unified City of Toronto in 1998. Begins with a brief report on consultations held with the public and municipal staff and an overview of some of the key challenges and opportunities confronting the new city. This is followed by a draft mission statement, a recommended political structure, a proposed role for community councils, and discussion of the City's role in the Greater Toronto Area. Subsequent sections cover the means of encouraging citizen involvement; the administrative structure of the new city and the organization of the new municipal departments; the City's relationship with local agencies, boards, and commissions, including quasi-judicial bodies, entrepreneurial boards, and external boards of special significance; delivery and integration of services; and financing the new City while maintaining services and avoiding property tax increases. Concludes with a summary of recommendations made throughout the report.

[Memo to Oaktree Clients, from Howard Marks, Howard Marks](#) , 2005, . Memo to: Oaktree Clients is a compilation of forty-three memos written over between 1988-2005 by Howard Marks, chairman of Oaktree Capital Management, LLC , expressing the investment philosophy of Mr. Marks and his company. Taken individually they outline the principles and strategies upon which Oaktree was created; in sum, they provide an entertaining and insightful overview of the business values and beliefs which have guided Mr. Marks throughout his career.

[German Secret Flight Test Centres to 1945: Johannisthal, Lipetsk, Rechlin, Travemunde, Tarnowitz, Peenemunde-West](#) , 2002, 185780127X, 9781857801279. This is a major piece of research by a group of German authors, some of whom were involved at the same time, into the establishment and activities of government flight-test centers in Germany from its resumption of flight testing in the 1920s until the end of World War II. Their work will be of outstanding interest to students of World War II and the Luftwaffe. The authors begin with the secret testing in cooperation with the Red Army in the 1920s/30s. The book addresses the major locations where testing was conducted, including Johannisthal, Lipetsk, Rechlin, Travemunde, Tarnowitz and Peenemunde-West. Other less well known locations including early experimentations at Doberitz and Danzig are also covered. The book draws on an extensive collection of photographs and documents, many taken from previously unpublished sources. There are also comprehensive listings of the aircraft used, with such details as Werknummern, markings, engines. There are similarly detailed lists of personnel and the

various research and test units. There is still enormous interest in the Luftwaffe and especially in the experimental aircraft, which were produced and tested in Germany during the period of the Third Reich. This book will appeal directly to this market and achieve the same success of other Midland titles dealing with this area of aviation history.

[Spiritual Enlightenment: The Damnedest Thing, Jed McKenna](#) , 2009, 0980184843, 9780980184846. AUTHOR, TEACHER AND SPIRITUAL MASTER Jed McKenna tells it like it's never been told before. A true American original, Jed succeeds where countless others have failed by reducing this highest of attainments - Spiritual Enlightenment - to the simplest of terms. Effectively demystifying the mystical, Jed astonishes the reader not by adding to the world's collected spiritual wisdom, but by taking the spirituality out of spiritual enlightenment. Never before has this elusive topic been treated in so engaging and accessible a manner. A masterpiece of illuminative writing, Spiritual Enlightenment is mandatory reading for anyone following a spiritual path. Part expose and part how-to manual, this is the first book to explain why failure seems to be the rule in the search for enlightenment - and how the rule can be broken. Says Jed: The truth is that enlightenment is neither remote nor unattainable. It is closer than your skin and more immediate than your next breath. If we wonder why so few seem able to find that which can never be lost, we might recall the child who was looking in the light for a coin he dropped in the dark because "the light is better over here." Mankind has spent ages looking in the light for a coin that awaits us not in light and not in dark, but beyond all opposites. That is the message of this book: Spiritual enlightenment, pure and simple.

[Mattie's Diary, Malinda Mitchell](#) , 2008, 098006757X, 9780980067576. Mattie Pips grew up in the mountains of Virginia. Even though this young girl went through numerous losses in her young life, she never gave up hope and she never ceased loving and forgiving in large ways. As you read this book, you will grow to love Mattie and wonder what you would do yourself if put in the same situations Mattie at times found herself in.

Joy Cometh In The Morning is a testament to the fact that when our hopes and aspirations are anchored on Almighty God, that even when confronted by the worst adversity, we are empowered to hold on to hope, even when all rational grounds for holding on have been destroyed.

[The Siege, Helen Dunmore](#) , 2002, 0141000732, 9780141000732. Leningrad, September 1941. German tanks surround the city, imprisoning those who live there. The besieged people of Leningrad face shells, starvation, and the Russian winter. Interweaving two love affairs in two generations, THE SIEGE draws us deep into the Levin's family struggle to stay alive during this terrible winter. It is a story about war and the wounds it inflicts on people's lives. It is also a lyrical and deeply moving celebration of love, life and survival.

[Saving Main Street and Its Retailers: The Facts You Must Know--and 3 Plans--to Protect Your Town and Its Employment and Business Opportunites, Property Values, Tax Base, and Standard of Living, Carl E. Person](#) , 2004, 0975861921, 9780975861929. Thousands of towns and Main Streets have been injured by Wal-Mart and other major retailers. Carl Person, antitrust lawyer and author of the book, explains how violations of the federal law prohibiting price discrimination and long-term government inaction have resulted in destructive chain-store growth, in which there can be only one surviving chain (as Kmart, Toys-R-Us and the nation's grocery chains are finding out). Person shows individuals, local small businesses and towns how to prevent unwanted chain-store openings and how to poison the well to drive irresponsible chains out of the area. The book provides vital information about globalization, outsourcing, employment and unemployment that is unavailable through major media, such as an explanation of how globalization was not inevitable, and is the result of failure to enforce our nation's antitrust laws. "Globalization" is a code word to cover up and

obscure one of the greatest economic crimes of all times, with the largest transfer of wealth from one group of persons to another. The author describes 40,000 self-employment opportunities to distribute the book (as an alternative news medium reminiscent of the "lecturers" of the Populist Era) and enable any American town to create the protection and services which higher governments have failed to provide, including free healthcare coverage for all town residents. Person offers 3 Plans, one for stopping an unwanted new store from opening up (Chapter 26); one for poisoning the well and driving out chain stores in the area unless they become responsible to the community (Chapter 27); and one for distribution of the book as a news medium throughout a town trying to save itself and its residents and local businesses from injury by major retailers (Chapter 28).

[Baby Lies Truthfully, David Robilliard](#) , 1990, 0962511951, 9780962511950. British poet & artist DAVID ROBILLIARD was born in Guernsey in 1952. He moved to London, where he made that city's working class neighborhoods his home. Artists Gilbert & George declared him their favorite contemporary poet: "The new master of the modern person. Looking, thinking, feeling, seeing, bitching - he brilliantly encapsulates the 'Existers' spirit of our time." Gilbert & George published his first book of poems & sketches, INEVITABLE, in 1987. SWALLOWING HELMETS followed in 1987, published by Van Abbemuseum, Eindhoven, Holland, in conjunction with an exhibition of his paintings & drawings. BABY LIES TRUTHFULLY marks the publication of the first of the poems to chronicle his battle with AIDS & records with uncompromising humor & insight the final journey of an indomitable poetic spirit. David Robilliard died in 1988 at the age of 36. "Line drawings & poems...fill out the pages of this new, posthumous volume from the pen of the late David Robilliard. There is a serenity spiced with wry humor & there is, too, so very much said in so very few words. Cocky & defiant...the drawings & the blank spaces emphasize the abrasive & optimistic feel of the whole."--The Gay Times, London, October '90.
