[Ready, Set, Dominate: Implement Toyota's Set-Based Learning for Developing Products and Nobody Can Catch You, Michael Kennedy, Kent Harmon, Ed Minnock](#) , 2008, 1892538407, 9781892538406. In 2003 Michael Kennedy's Product Development for the Lean Enterprise was published and promptly turned product development in major corporations on its head. Now, five years later, comes a continuation of that book, including case histories that identify the pitfalls and lessons learned in implementing Toyota's product development system. The authors also show how Toyota's set-based learning system can be adapted and adopted by other areas of a business in order to produce major advantages over the competition. Whether a group of engineers is developing new cars, software applications, aerospace equipment, kitchen appliances, controls, sensors, or any of hundreds of different items, the process they follow is pretty much the same, except in one company - Toyota, perhaps the most innovative and highly respected car company on the planet. Companies that are early adopters of the Toyota system are certain to realize tremendous advantages over their competitors. This is a change that is coming to businesses everywhere and this book shows the way. It is a must-read for anyone in management.

Board books that genuinely tell things from a toddler's point of view, with lots of happy faces to please baby, and enough wry smiles in the text to please any parent - no matter how often they are read. Each book is about a familiar domestic occurrence in a toddler's life, with much to recognise and to amuse. The rhyming text is perfect for reading aloud. Best-selling artist Nick Sharratt has illustrated these in bold primary colours with a much bolder, more modern look than other baby board books. Reworked from our successful range of picture books, these titles will have fresh appeal in board book form, just right for little hands to handle.

[Understanding Jehovah's Witnesses: Why They Read the Bible the Way They Do, Robert M. Bowman](#) , 1991,

0801009952, 9780801009952. "This new translation of Horace's most widely read collection of poetry is rendered in modern, metrical English verse rather than the more common free verse found in many other translations. Jeffrey H. Kaimowitz adapts the Roman poet's rich and metrically varied poetry to English formal verse, reproducing the works in a way that maintains fidelity to the tone, timbre, and style of the originals while conforming to the rules of English prosody. Each poem is true to the sense and aesthetic pleasure of the Latin and carries with it the dignity, concision, and movement characteristic of Horace's writing. Kaimowitz presents each translation with annotations, providing the context necessary for understanding and enjoying Horace's work. He also comments on textual instability and explains how he constructed his verse renditions to mirror Horatian Latin. Horace and The Odes are introduced in lively fashion by noted classicist Ronnie Ancona"--BOOK JACKET.

[Exorbitant Privilege: The Rise and Fall of the Dollar and the Future of the International Monetary System, Barry Eichengreen](#) , 2011, 0199779619, 9780199779611. For more than half a century, the U.S. dollar has been not just America's currency but the world's. It is used globally by importers, exporters, investors, governments and central banks alike. Nearly three-quarters of all \$100 bills circulate outside the United States. The dollar holdings of the Chinese government alone come to more than \$1,000 per Chinese resident. This dependence on dollars, by banks, corporations and governments around the world, is a source of strength for the United States. It is, as a critic of U.S. policies once put it, America's "exorbitant privilege." However, recent events have raised concerns that this soon may be a privilege lost. Among these have been the effects of the financial crisis and the Great Recession: high unemployment, record federal deficits, and financial distress. In addition there is the rise of challengers like the euro and China's renminbi. Some say that the dollar may soon cease to be the world's standard currency--which would depress American living standards and weaken the country's international influence. In *Exorbitant Privilege*, one of our foremost economists, Barry Eichengreen, traces the rise of the dollar to international prominence over the course of the 20th century. He shows how the greenback dominated internationally in the second half of the century for the same reasons--and in the same way--that the United States dominated the global economy. But now, with the rise of China, India, Brazil and other emerging economies, America no longer towers over the global economy. It follows, Eichengreen argues, that the dollar will not be as dominant. But this does not mean that the coming changes will necessarily be sudden and dire--or that the dollar is doomed to lose its international status. Challenging the presumption that there is room for only one true global currency--either the dollar or something else--Eichengreen shows that several currencies have shared this international role over long periods. What was true in the distant past will be true, once again, in the not-too-distant future. The dollar will lose its international currency status, Eichengreen warns, only if the United States repeats the mistakes that led to the financial crisis and only if it fails to put its fiscal and financial house in order. The greenback's fate hinges, in other words, not on the actions of the Chinese government but on economic policy decisions here in the United States. Incisive, challenging and iconoclastic, *Exorbitant Privilege*, which was shortlisted for the FT Goldman Sachs 2011 Best Business Book of the Year, is a fascinating analysis of the changes that lie ahead. It is a challenge, equally, to those who warn that the dollar is doomed and to those who regard its continuing dominance as inevitable.

[101 Great Ways to Enhance Your Career, David Riklan, Michelle A. Riklan](#) , 2011, 0979499275, 9780979499272. In such a challenging workforce climate, "career enhancement" means many different things: procuring that first job, keeping an existing position, returning to the workforce after a long hiatus, riding the waves of unemployment, starting an

entrepreneurial venture... We are fortunate to have so many collaborative authors to share expertise, impart wisdom and entertain us with relative anecdotes. In *101 Great Ways to Enhance Your Career*, we have compiled a thoughtful collection of 101 unique chapters from some of the industry's leading experts. Our experts are varied with impressive backgrounds and credentials from previously published authors and television personalities to coaches, business owners and heads of associations. They are all stellar educators who have shared information on topics that are personally relevant and hope to inspire and motivate their readers. Our mission in bringing to you *101 Great Ways to Enhance Your Career*, is that you will find chapters that speak to you on a personal level and can use what you find to enhance your career or someone else's. What Can You Learn From this Book? - You can find your passion and relaunch your career. - You can network effectively and secure your next position. - You can create a fabulous r sum and sell yourself in a difficult job-market. - You can identify and act upon opportunities for change. - You can fuel your own success. - You can learn the most effective job search strategies. And so much more! Whether you are seeking answers for yourself or working with a client on career objectives, this book offers solutions, suggestions, advice and support on a wide range of topics including: retirement, business development, career branding, difficult work environments, effective communication, goals, job hunting, leadership r sum strategies and telephone interviews. This book is a perfect tool for anyone who is looking to start a career, get ahead in their current position, returning to the workforce, starting their own business or in a role that assists others with career development.

[Special Edition Using Microsoft Office Excel 2007, Bill Jelen](#) , 2002, 0132714590, 9780132714594. THE ONLY EXCEL BOOK YOU NEED We crafted this book to grow with you, providing the reference material you need as you move toward Excel proficiency and use of more advanced features. If you buy only one book on Excel, *Special Edition Using Microsoft Office Excel 2007* is the book you need. Does your life play out in a spreadsheet? Do numbers in columns and rows make or break you in the work world? Tired of having numbers kicked in your face by other Excel power users who make your modest spreadsheets look paltry compared to their fancy charts and pivot tables? If you answered yes to any of these questions, *Special Edition Using Microsoft Office Excel 2007* is the book that will make it all better. Learn quickly and efficiently from a true Excel master using the tried and true *Special Edition Using* formula for success. Here, you'll find information that's undocumented elsewhere even in Microsoft's own Help systems. You'll learn from finely crafted, real-life examples built by an author who lives and dies by the integrity of his spreadsheets. Excel's backbone is its formulas and functions. Master those and you will master your spreadsheets. *Special Edition Using Microsoft Office Excel 2007* provides more down and dirty help with your formulas and functions than you'll find in any other book! See how it's done in real life! Don't settle for lame pivot table and chart examples found in other books. This book provides beautifully detailed examples that not only show you how it should be done, but how to be the local worksheet hero!

[Finding Oz: How L. Frank Baum Discovered the Great American Story, Evan I. Schwartz](#) , 2009, 0547055102,

9780547055107. A groundbreaking new look at an American icon, The Wizard of Oz. Finding Oz tells the remarkable tale behind one of the worlds most enduring and best loved stories. Offering profound new insights into the true origins and meaning of L. Frank Baums 1900 masterwork, it delves into the personal turmoil and spiritual transformation that fueled Baums fantastical parable of the American Dream. Prior to becoming an impresario of childrens adventure talesthe J. K. Rowling of his ageBaum failed at a series of careers and nearly lost his soul before setting out on a journey of discovery that would lead to the Land of Oz. Drawing on original research, Evan Schwartz debunks popular misconceptions and shows how the people, places, and events in Baums life gave birth to his unforgettable images and characters. The Yellow Brick Road was real, the Emerald City evoked the Chicago Worlds Fair of 1893, and Baums mother-in-law, the radical womens rights leader Matilda Joslyn Gage, inspired his dual view of witchesas good and wicked. A narrative that sweeps across late nineteenth-century America, Finding Oz ultimately reveals how failure and heartbreak can sometimes lead to redemption and bliss, and how one individual can ignite the imagination of the entire world.

[Rabbit Is Rich,](#) John Updike , 2010, 0307744094, 9780307744098. Winner of the Pulitzer Prize, the National Book Award, and the National Book Critics Circle Award The hero of John Updikes Rabbit, Run, ten years after the events of Rabbit Redux, has come to enjoy considerable prosperity as the chief sales representative of Springer Motors, a Toyota agency in Brewer, Pennsylvania. The time is 1979: Skylab is falling, gas lines are lengthening, and double-digit inflation coincides with a deflation of national self-confidence. Nevertheless, Harry Rabbit Angstrom feels in good shape, ready to enjoy life at lastuntil his wayward son, Nelson, returns from the West, and the image of an old love pays a visit to the lot. New characters and old populate these scenes from Rabbits middle age as he continues to pursue, in his zigzagging fashion, the rainbow of happiness.

[Patient-based Approaches to Cognitive Neuroscience,](#) Todd E. Feinberg, Martha J. Farah , 2000, 0262561239,

9780262561235. The cognitive disorders that follow brain damage are an important source of insight into the neural bases of human thought. Although cognitive neuroscience is sometimes equated with cognitive neuroimaging, the patient-based approach to cognitive neuroscience is responsible for most of what we now know about the brain systems

underlying perception, attention, memory, language, and higher-order forms of thought including consciousness. This volume brings together state-of-the-art reviews of the patient-based approach to these and other central issues in cognitive neuroscience, written by leading authorities. Part I covers the history, principles, and methods of patient-based neuroscience: lesion method, imaging, computational modeling, and anatomy. Part II covers perception and vision: sensory agnosias, disorders of body perception, attention and neglect, disorders of perception and awareness, and misidentification syndromes. Part III covers language: aphasia, language disorders in children, specific language impairments, developmental dyslexia, acquired reading disorders, and agraphia. Part IV covers memory: amnesia and semantic memory impairments. Part V covers higher cognitive functions: frontal lobes, callosal disconnection (split brain), skilled movement disorders, acalculia, dementia, delirium, and degenerative conditions including Alzheimer's disease, Parkinson's disease, and Huntington's disease. Contributors: Michael P. Alexander, Russell M. Bauer, Kathleen Baynes, D. Frank Benson, H. Branch Coslett, Jeffrey L. Cummings, Tim Curran, Antonio R. [Howl, Kaddish and Other Poems, Allen Ginsberg](#) , 2009, 0141190167, 9780141190167. Allen Ginsberg was the bard of the beat generation, and *Howl, Kaddish and Other Poems* is a collection of his finest work published in Penguin Modern Classics, including 'Howl', whose vindication at an obscenity trial was a watershed moment in twentieth-century history. 'I saw the best minds of my generation destroyed by madness, starving hysterical naked' Beat movement icon and visionary poet, Allen Ginsberg broke boundaries with his fearless, pyrotechnic verse. This new collection brings together the famous poems that made his name as a defining figure of the counterculture. They include the apocalyptic 'Howl', which became the subject of an obscenity trial when it was first published in 1956; the moving lament for his dead mother, 'Kaddish'; the searing indictment of his homeland, 'America'; and the confessional 'Mescaline'. Dark, ecstatic and rhapsodic, they show why Ginsberg was one of the most influential poets of the twentieth century. Allen Ginsberg (1926-97) was an American poet, best known for the poem 'Howl' (1956), celebrating his friends of the Beat Generation and attacking what he saw as the destructive forces of materialism and conformity in the United States at the time. He was inducted into the American Academy of Arts and Letters, was awarded the medal of Chevalier de l'Ordre des Arts et des Lettres by the French Minister of Culture, won the National Book Award for *The Fall of America* and was a co-founder of the Jack Kerouac School of Disembodied Poetics at the Naropa Institute, the first accredited Buddhist college in the Western world. If you enjoyed *Howl, Kaddish and Other Poems*, you might like Jack Kerouac's *On the Road*, also available in Penguin Modern Classics. 'The poem that defined a generation' *Guardian* on 'Howl' 'He avoids nothing but experiences it to the hilt' *William Carlos Williams*

[Three Merchants of Bombay, Lakshmi Subramanian](#) , 2012, 8184757212, 9788184757217. Three Merchants of Bombay is the story of three intrepid merchants Trawadi Arjunji Nathji, Jamsetjee Jeejeebhoy and Premchand Roychand who traded out of Bombay in the nineteenth century, founding pioneering business empires. Trailblazing in their enterprise, these adventurers possessed the unique ability to find and then exploit the big opportunities that came their way. It was a time of transition, and they prospered because they thought big and took risks. Set against the backdrop of global and local economies undergoing rapid and unforeseen change, the story of these three unique men stands as a proud milestone in the history of indigenous capitalism in India. In this lucid and very readable account, Lakshmi Subramanian traces that history and locates it in the greater narrative of the history of economic development in South Asia.

[101 Best Ways to Land a Job in Troubled Times, Jay A. Block](#) , 2009, 0071713514, 9780071713511. THE PROVEN FIVE-STEP STRATEGY FOR FINDING THE JOB OF YOUR DREAMS! If you are serious about landing a quality job quickly in today's job market, this book will practically guarantee your success. [Rugby League in Twentieth Century Britain: A Social and Cultural History, Tony Collins](#) , 2006, 0203088352, 9780203088357. Called the greatest game of all by its supporters but often overlooked by the cultural mainstream, no sport is more identified with England's northern working class than rugby league. This book traces the story of the sport from the Northern Union of the 1900s to the formation of the Super League in the 1990s, through war, depression, boom and deindustrialisation, into a new economic and social age. Using a range of previously unexplored archival sources, this extremely readable and deeply researched book considers the impact of two world wars, the significance of the game's expansion to Australasia and the momentous decision to take rugby league to Wembley. It investigates the history of

rugby unions long-running war against league, and the sports troubled relationship with the national media. Most importantly, this book sheds new light on issues of social class and working-class masculinity, regional identity and the profound impact of the decline of Britains traditional industries. For all those interested in the history of sport and working-class culture, this is essential reading.

[The Dark Pocket of Time: War, Medicine and the Australian State, 1914-1935, Kate Blackmore](#) , 2008, 1921013192, 9781921013195. What is the meaning of war to those who live through it? How do most of us, as outsiders, understand the reality of their lived experiences? What happens once soldiers are home? And what of their sicknesses, their injuries, even their death? These are just some of the questions that THE DARK POCKET OF TIME explores.

[Still in the Game: A Biography of Steve Winwood, Alan Clayson](#) , 2013, 0956642055, 9780956642059. This biography was originally published by Sidgwick & Jackson in 1988 as Back In The High Life. At the time there was only one other Winwood biography on the market, by Chris Welch. That is now out of print which, astonishingly, makes this fully updated version the only biography of Winwood. Scandalous considering the man's achievements. In addition to being a virtuoso musician, his white soul voice is on a par with Van Morrison and Rod Stewart. The original edition looked at Winwood's early years as a child prodigy in Birmingham, the rise and fall of the Spencer Davis Group, the trials and tribulations of Traffic, Blind Faith, as well as Winwood's successful solo career up to 1988. It also covered the personal life of a very private man, his divorce, remarriage and his reinvention as a country squire. Clayson has fully updated his work to cover the years since its original publication. This includes the Traffic reunion in 1994, the solo albums, the Steve Winwood Band and the collaborations - most notably with Eric Clapton, with whom he released a DVD of their 2009 Madison Square gigs. Lest anyone dare think that Winwood is past it, consider that the 2008 album Nine Lives entered the Billboard chart at number 12, and in the winter of 2010 he played five sell-out shows with Clapton at the Albert Hall and

toured Japan with him in June 2011. BBC 4 made a programme about Winwood in February 2011 called English Soul. Everyone will know at least one Winwood song as his massive 1982 hit Valerie was sampled by Eric Prydz in 2003's Call On Me. In a typically generous gesture nice guy Winwood rerecorded the samples for Prydz.

[10 X 10_2, Editors of Phaidon Press](#) , 2005, 0714844411, 9780714844411. Since the release of the critically acclaimed 10x10 five years ago, the world of architecture has evolved: Advances in technology and research continue to produce increasingly sophisticated forms; advances in communication have resulted in decentralized, multicity architecture offices; and an impressive crop of young architects is emerging from countries with comparatively little previous recognition in the field, such as Slovenia, South Korea, and China. Many of the architects featured in 10x10-- including Asymptote, Shigeru Ban, and MVRDV--have become established fixtures on the international scene, opening the way to a new generation of talent. With the expertise of a highly knowledgeable and high-powered group of curators, 10x10_2 picks up where its predecessor left off. the work of 100 up-and-coming architects in 28 countries, selected by 10 of the world's best-informed architectural critics. Organized in A-Z order, the book introduces each architect or studio on four pages that include photographs, drawings, and accompanying text written by the critics. Although some of the architects are beginning to gain worldwide recognition, others have achieved acclaim in their own countries for their work over the past five years. The selection in this volume features more than 250 buildings and projects, including recently built work as

well as those currently under construction and due for completion. The effects of the global economy and political shifts are also evident in the book's selection, which includes several architecture studios in Slovenia, South Korea, and China. Also notable is a widespread move toward multi-location architecture collectives such as Servo, Ocean North, and n-o-m-a-d, which take advantage of a network of contacts in key cities around the world. their views on current architectural issues. In addition, each critic has chosen 10 cultural references--from designed objects to film, theory, and literature--that exemplify the range of influences on today's rapidly changing design environment. The complete list of these references as well as one reading from each critic is reproduced in the book, which concludes with complete biographical information on each critic and architect/firm, as well as an index.

[Airborn, Kenneth Opperl](#) , 2009, 0061968323, 9780061968327. Sailing toward dawn, and I was perched atop the crow's nest, being the ship's eyes. We were two nights out of Sydney, and there'd been no weather to speak of so far. I was keeping watch on a dark stack of nimbus clouds off to the northwest, but we were leaving it far behind, and it looked to be smooth going all the way back to Lionsgate City. Like riding a cloud. . . .Matt Cruse is a cabin boy on the Aurora, a huge airship that sails hundreds of feet above the ocean, ferrying wealthy passengers from city to city. It is the life Matt's always wanted; convinced he's lighter than air, he imagines himself as buoyant as the hydrium gas that powers his ship. One night he meets a dying balloonist who speaks of beautiful creatures drifting through the skies. It is only after Matt meets the balloonist's granddaughter that he realizes that the man's ravings may, in fact, have been true, and that the creatures are completely real and utterly mysterious. In a swashbuckling adventure reminiscent of Jules Verne and Robert Louis Stevenson, Kenneth Opperl, author of the best-selling Silverwing trilogy, creates an imagined world in which the air is populated by transcontinental voyagers, pirates, and beings never before dreamed of by the humans who sail the skies.

[Quantitative Finance: Its Development, Mathematical Foundations, and Current Scope, , T. Wake Epps](#) , 2009, 0470455276, 9780470455272. A rigorous, yet accessible, introduction to essential topics in mathematical financePresented as a course on the topic, Quantitative Finance traces the evolution of financial theory and provides an overview of core topics associated with financial investments. With its thorough explanations and use of real-world examples, this book carefully outlines instructions and techniques for working with essential topics found within quantitative finance including portfolio theory, pricing of derivatives, decision theory, and the empirical behavior of prices.The author begins with introductory chapters on mathematical analysis and probability theory, which provide the needed tools for modeling portfolio choice and pricing in discrete time. Next, a review of the basic arithmetic of compounding as well as the relationships that exist among bond prices and spot and forward interest rates is presented.? Additional topics covered include:Dividend discount modelsMarkowitz mean-variance theoryThe Capital Asset Pricing ModelStatic?portfolio theory based on the expected-utility paradigmFamiliar probability models for marginal distributions of returns and the dynamic behavior of security pricesThe final chapters of the book delve into the paradigms of pricing and present the application of martingale pricing in advanced models of price dynamics. Also included is a step-by-step discussion on the use of Fourier methods to solve for arbitrage-free prices when underlying price dynamics are modeled in realistic, but complex ways.Throughout the book, the author presents insight on current approaches along with comments on the unique difficulties that exist in the study of financial markets. These reflections illustrate the evolving nature of the financial field and help readers develop analytical techniques and tools to apply in their everyday work. Exercises at the end of most chapters progress in difficulty, and selected worked-out solutions are available in the appendix. In addition, numerous empirical projects utilize MATLAB and Minitab to demonstrate the mathematical tools of finance for modeling the behavior of prices and markets. Data sets that accompany these projects can be found via the

book's FTP site. Quantitative Finance is an excellent book for courses in quantitative finance or financial engineering at the upper-undergraduate and graduate levels. It is also a valuable resource for practitioners in related fields including engineering, finance, and economics.

[The Primacy of Stewardship: The Handbook for Christians Who Believe in Democracy, John Manimas Medeiros](#) , 2008, 0982186010, 9780982186015. Save yourself, your country, your planet. Jesus taught science. Read The Primacy of Stewardship to see how he taught democracy, equality and how the universe works. He speaks to us here and now, not to punish and reward but to inform. He tells us that the universe is objective, the kingdom of heaven is the kingdom of life that evaluates people according to their conduct and not according to membership, class, ritual or purity or subscribed vows of faith. Your behavior is your true religion. This is the only truly contemporary examination of what Jesus really taught and why the teaching is credible. Not mythical morality but eminently reasonable, uncommon logic, consistent with our body of modern science.

[Daughter of Siena, Marina Fiorato](#) , 2011, 1848545630, 9781848545632. The Palio: Siena's famously dangerous and hard-fought horse race. A year of planning, ten riders, three circuits of the piazza - and all over in a single moment. But this year, for two of the women watching, far more than the coveted prize is at stake. For Pia of the Tolomei, the most beautiful woman in Siena, the Palio is her last hope of escaping a violent marriage. For Violante de Medici, it marks the start of what her enemies intend to be her last month as governess of the city. Isolated in her palace, surrounded by conspirators, she must find the courage to uncover a plot that threatens her very existence. The trumpets sound. And into the piazza rides an unknown horseman, clad in the colours of the Tower contrada. What he does during the race will not only change the lives of Pia and Violante, but alter the course of the Medici dynasty itself. Alive with all the colour and rich historical detail that marks Marina Fiorato's work, Daughter of Siena is a dramatic and compelling story of treachery, courage and the power of love.

[Key West Tales: Stories, John Hersey](#) , 1996, 0679772634, 9780679772637. Alternating a tale of the past that has become a part of Key West legend with a contemporary story that reflects the pulse of life there today, Hersey weaves in these stories a brilliant human tapestry of the place that means a great deal to him. From the author of A Bell For Adano and Hiroshima comes this final collections of stories.

[A Woman Killed with Kindness and Other Domestic Plays, Thomas Heywood, Thomas Dekker, William Rowley, John Ford](#) , 2008, 0191539880, 9780191539886. Arden of Faversham * A Woman Killed with Kindness * The Witch of Edmonton * The English Traveller In about 1590, an unknown dramatist had the idea of writing a tragedy about the lives of ordinary people, instead of the genre's usual complement of kings and queens and politicians. His play, Arden of Faversham, inaugurated a new genre of 'domestic' drama, set in near-contemporary England and concerned with issues of marriage, crime, and property rather than war and power. Arden dramatizes a notorious murder case of forty years earlier, in which a wealthy husband was killed by his wife and her lover. In Thomas Heywood's A Woman Killed with Kindness, a wife is caught by her husband in bed with his best friend, only to find that he takes unusual reprisals. The Witch of Edmonton

combines a true-life story of witchcraft with a fictitious tale of bigamy and wife-murder, and *The English Traveller* deals with the unexpected and unwelcome changes people find when they return home after a lengthy absence. Part of the Oxford English Drama series, this edition has modern-spelling texts; a critical introduction that outlines the way all four plays raise powerful and complex questions about the English society in which their tragic events unfold; wide-ranging notes; a chronology of the plays from their sources to recent performance; and appendices relating to two of the plays: who wrote *Arden of Faversham* and when did Heywood write *The English Traveller*.

[It's about More Than the Money: Investment Wisdom for Building a Better Life, Saly A. Glassman](#) , 2010, 0137050321, 9780137050321. Concise, realistic, and very readable, this book opens up the complex world of financial investing and provides a useful guide that first-time investors can and should utilize. Publishers Weekly *Its About More Than the Money* is a book for our times. Now more than ever, people are looking for financial advisors who can help them plan a secure future for their families and keep their dreams on track. Glassman captures the essence of this critical relationship describing the qualities of trust and commitment that both client and advisor must bring to the table. Readers will come away with a better understanding of how the best financial advisors can change lives and learn how to find the advisor who is right for them. Sallie Krawcheck, President, Global Wealth & Investment Management, Bank of America Saly Glassman uses her many years of financial advisory experience to help you improve your wealth in this well-written and entertaining book. This breezy read is full of anecdotes and is especially useful to those wanting to know more about working successfully with financial professionals. Greg Karp, syndicated personal finance columnist at the Tribune Company, and author of *The 1-2-3 Money Plan* and *Living Rich by Spending Smart* Read this before you read any other book on investments. From the mind and heart of a winning and highly respected financial advisor, its a strong dose of intellectual hard love a lot of things you may not want to hear or do but absolutely need to before investing a dime. Steve Leimberg, Publisher, Leimberg Information Services, Inc. (LISI) When selecting a financial advisor, most people look only to the bottom line: How much money will I make? Saly Glassman, in a concise and intuitive style, discusses through real life examples, the importance of selecting a financial advisor with whom you can develop a strong personal relationship. Ultimately, this collaboration is how true wealth is achieved and sustained through generations. Morey S. Rosenbloom, Blank Rome LLP In *Its About More Than the Money*, award-winning financial advisor Saly A. Glassman shows you how to regain control over your financial life and stay in control. Glassman brings together 21 fundamental investment principles, illuminates them with actual investor experiences, and guides you through putting each one to work. Drawing on everything shes learned working with a broad cross-section of investors, Glassman teaches you how to plan your finances strategically, place money in broader context, and make your most important dreams a reality. Youll focus on what you can control and let go of what you cant apply investment rules that work recognize when to do nothing assess your progress objectively, and much more. Glassman also helps you decide whether you need professional advice and, if you

do, she shows how to find an advisor who will add real value. Packed with insightful investor stories, this book will help you make wiser, better financial decisions whatever your goals, whatever your age, and whatever the economy does next.

[Good Night Zoo, Adam Gamble](#) , 2007, 1602190186, 9781602190184. Many of North America's most beloved regions are artfully celebrated in these board books designed to soothe children before bedtime while instilling an early appreciation for the continent's natural and cultural wonders. Each book stars a multicultural group of people visiting the featured area's attractions and rhythmic language guides children through the passage of both a single day and the four seasons while saluting the iconic aspects of each place. Covering all aspects of Brooklyn, this board book celebrates this unique New York City borough. It highlights such places as Coney Island, the Brooklyn Bridge, Prospect Park, the Prospect Park Zoo, the Brooklyn Botanic Garden, the New York Transit Museum, the Brooklyn Nets, the New York Islanders, the Brooklyn Public Library, and much more.

[Knots and Crosses: An Inspector Rebus Novel, , Ian Rankin](#) , 2008, 0312536925, 9780312536923. Detective John Rebus: His city is being terrorized by a baffling series of murders...and he's tied to a maniac by an invisible knot of blood. Once John Rebus served in Britain's elite SAS. Now he's an Edinburgh cop who hides from his memories, misses promotions and ignores a series of crank letters. But as the ghoulish killings mount and the tabloid headlines scream, Rebus cannot stop the feverish shrieks from within his own mind. Because he isn't just one cop trying to catch a killer, he's the man who's got all the pieces to the puzzle... Knots and Crosses introduces a gifted mystery novelist, a fascinating locale and the most compellingly complex detective hero at work today.

[The Detective's Daughter, Lesley Thomson](#) , 2013, 1781853177, 9781781853177. Kate Rokesmith's decision to go to the river changed the lives of many. Her murder shocked the nation. Her husband, never charged, moved abroad under a cloud of suspicion. Her son, just four years old, grew up in a loveless boarding school. And Detective Inspector Darnell, vowing to leave no stone unturned in the search for her killer, began to lose his only daughter. The young Stella Darnell

grew to resent the dead Kate Rokesmith. Her dad had never vowed to leave no stone unturned for her. Now, thirty years later, Stella is dutifully sorting through her father's attic after his sudden death. The Rokesmith case papers are in a corner, gathering dust: the case was never solved. Stella knows she should destroy them. Instead, she opens the box, and starts to read. A tense, evocative thriller set on the freezing banks of the Thames. A woman reconnects with her dead father by solving the murder case that obsessed him in life. *GHOST GIRL*, the sequel to *THE DETECTIVE'S DAUGHTER* publishes on 10th April 2014.

[Global Public Health: Ecological Foundations, Franklin White, Lorann Stallones, John M. Last](#) , 2013, 0199751900, 9780199751907. Amid ongoing shifts world economic and political systems, the promise for future public health is more tenuous than ever. Will the today's economic systems sustain tomorrow's health? Will future generations inherit fair access to health and health care? The best hope for the health of future generations is the establishment of a well-grounded, global public health system for today. To that end, *Global Public Health: Ecological Foundations* addresses both the challenges and cooperative solutions of contemporary public health, all within a framework of social justice, environmental sustainability, and global cooperation. With an emphasis upon ecological foundations, this text approaches public health principles-history, foundations, topics, and applications-with a community-first perspective. By achieving global reach through cooperative, local interventions, this text illustrates that through the practice of public health we can also maintain the health of our world. Blending established wisdom with new perspectives, *Global Public Health* will stimulate better understanding of how the different streams of public health can work more synergistically to promote global health equity. It is a foundation on which future public health measures can be built and succeed.

[The Art of Graeme Base, Julie Watts](#) , 2008, 0670071307, 9780670071302. ""With the eye of a Renaissance painter and the ear of Dr. Seuss, Aussie Graeme Base is not your basic children's book author." --"People"" This unique book, lavishly illustrated with original art and offering never before seen photographs and art, is an evocative look at the life and work of beloved and bestselling author and artist Graeme Base, the creator of the children's classics "Animalia" and "The Eleventh Hour," as well as recent bestsellers "The Water Hole," "Jungle Drums," and "Uno's Garden," This book goes beyond his children's book legacy to offer a candid peek into the mind of a creative genius. Beginning with Base's own storybook childhood in England, we see how his imagination was fed by his family's love of music, literature, and nature; and how his talent was enriched by travel, teachers, friends, and his wife and their three children. From Base's earliest drawings, pop-up cards, and homemade board games, through his years as a teenager and rock musician, and through a quarter-century of published books, we learn about the artists, musicians, writers, and humorists who inspired him, and

witness the working of one artist's extraordinary mind.

[The Waters' Trail, Joseph \(NA\) Waters](#) , 2005, 0976690403, 9780976690405.

[The Portable Petrarch, Francesco Petrarch](#) , 2006, 0142437840, 9780142437841. Varied and imaginative in their use of poetic forms, the 366 love poems that make up Petrarch's "Canzoniere" are simple in their aim: to glorify the poet's muse, Laura. But more than an expression of devotion, they planted the seeds of the Renaissance and influenced all lyric poetry that followed, including the work of Chaucer, Spenser, and Shakespeare. Meditating on his beloved and the gap between them, both during her life and after her death, Petrarch focuses internally and infuses his earthly love with the sacred love of the Virgin Mary. Combining spiritual and personal introspection, Petrarch intermingles the supernatural with the personal in a truly revolutionary and illuminating collection of poems.

[Get Your Photography on the Web: The Fastest, Easiest Way to Show and Sell Your Work, Rafael Concepcion](#) , 2011, 0132699257, 9780132699259. For today's photographer, a clean, professional-looking website is a must. But for most, the thought of having a site that displays your work like a pro seems either too expensive or too hard to create. How can you develop an eye-catching website that looks professional, updates quickly, and even helps you make some money in the process when your passion is photography and not coding? It's easier than you think. In *Get Your Photography on the Web*, RC Concepcion, curriculum developer for Kelby Media Group and one of the Photoshop Guys, takes you through an easy step-by-step process so you can build your own site from the ground up and have it look like you paid someone a lot of money to do it for you. Even if you know nothing about Web programming, this book will have you building a website in hours, not weeks. You'll learn: How to secure your own domain names and hosting space How to install WordPress on your website in as little as seven clicks How to add pictures, galleries, and Flash portfolios without learning any code How to sell your images online without having to make a single print How to incorporate Lightroom and Flash galleries into an already existing website You'll also find interviews and inspirational tips from people you will meet Along the Way to making your website. Plus, RC gives you free templates and Flash portfolio components to get you up and running without emptying your wallet. The techniques RC shares in *Get Your Photography on the Web* are the very same ones he uses for some of the biggest names in photography it's like designing your website with a trusted expert looking over your shoulder. Best of all, you'll walk away with the satisfaction of knowing that you did it all yourself!

[Living Without Fear, Lena Young](#) , 2005, 0971656185, 9780971656185. The fourth book of the series continues the learning of Zito, a Brazilian Indian boy, that he receives from his grandfather, Chief of the Dadu tribe. This time, the wise grandfather teaches about the need to live a life without fear. Through our need to grasp at everything around us---whether it be the air that we breathe, the food that we eat, the water that we drink, the material resources that keep us safe---we live in constant fear of loss. This leads to insurmountable pressure and unhappiness that we carry with us throughout our lives. When we can see through this state of fear, we learn to overcome it. Our lives are then changed from that moment on, and we learn to live a life without fear. All the books in this series, including this one, are written

in a melodic and poetic style, with words carefully chosen for "children" of all ages. Publishers Note: Rhythmically poetic, deeply inspirational, grounded in the present moment---these are just a few traits that the young author Lena brings to this Primordia series of books written for children of all age, including of course our children adults. Through the use of words and a brush, Lena has painted the world from her personal vantage point and in so doing has broken the world down into simple structures and symbols that hopefully can be understood and enjoyed by all. May this book and its companion series bring to you and your family a message of life-changing hope, renewal and inspiration. May it also provide a timeless guide towards attaining natural healing, living and balance.

[Stealing Ganymede: A Novel, J. Warren](#) , 2009, 0979083869, 9780979083860. Zeus is the lowest of the low: a hitman, and muscle for a monster who sells children into sexual slavery. It was only because he learned from the guy who used to do the same job, though, that he made it off the streets. It isn't until he is sent to transport yet another boy that he discovers something that cannot be true, and yet somehow, is: this boy is Zeus' child-self, the part he had to let die to stay alive through the horror, somehow made physically real. The discovery leaves him with a monumental choice to make: Does he leave things as they have always been and deliver the boy, letting that part of him die once and for all, or, in order to save himself, does he destroy the men he works for in order to let the boy go free?

[Nidae's Promise, Barbara Gillian Hopkins, Jill Hopkins](#) , 2008, 0955616913, 9780955616914. Ages 6 to 12 years. When a swallow makes a promise it must be kept or the swallow dies. As autumn sets in on a Yorkshire farm, and the swallows prepare to leave, Nidae, a courageous male bird, makes a promise to ten-year-old Jamie, who is slowly dying, that he will find a cure and return with it in the spring. So begins an adventure that crosses continents, oceans and all the boundaries of emotion; fear, hope, sadness and joy, and forges a bond between a small bird, and a young island girl that is inspirational. Jill Hopkins has studied the flight of swallows. She describes with unerring accuracy their swift, low skimming over the morning meadows; the flight of the flock at a steady altitude on their annual migration; the aerobatics of the young swallows showing off and the hero's brave solo flight to the Island of Smoke. (Swallows don't like to fly long distances on their own).

[The Big U, Neal Stephenson](#) , 2009, 0061847380, 9780061847387. The New York Times Book Review called Neal Stephenson's most recent novel "electrifying" and "hilarious". but if you want to know Stephenson was doing twenty years before he wrote the epic Cryptonomicon, it's back-to-school time. Back to The Big U, that is, a hilarious send-up of American college life starring after years out of print, The Big U is required reading for anyone interested in the early work of this singular writer.

[From Perils to Pearls, Wanda Keele](#) , 2012, 0942507312, 9780942507317. Denvil and Wanda Keele love the Lord. Not only have they talked the talk, they have walked the walk of faith for many years, proven by the lasting fruit of God's promises fulfilled. That's what this book is all about: looking back at the setbacks and challenges they've faced, both minor and major, and how a loving heavenly Father miraculously intervened, again and again, simply because they believed in the power of His Word. Of course, From Perils to Pearls is not just a celebration of the Keele's journey; it was written in the hope that these wonderful stories will continue to bring forth miracles in the lives of those who hold this anointed book in their hands. God hasn't changed and what He has done for others, He will do for YOU! As you read these powerful accounts of tragedy and triumph, you will surely be stirred to react to circumstances in a similar way so that once again, perils may become pearls, and God may be glorified, both in this world and the world that is yet to come!

[Choice Mutual Fund Investment Picks, Marvin Appel](#) , 2010, 0132120151, 9780132120159. This is the eBook version of the printed book. This Element is an excerpt from Higher Returns from Safe Investments: Using Bonds, Stocks, and Options to Generate Lifetime Income (9780137003358) by Marvin Appel. Available in print and digital formats. A world-class bond expert picks the specific bond mutual funds that look most attractive right now I suggest some of the most attractive, trustworthy bond mutual funds. But first, if your fund reports an SEC yield, that is the single most informative piece of data to describe potential return if interest rates and credit ratings remain stable. The SEC yield is the yield to maturity less fund expenses. Here is an example of how important it is.

[Streets of New York, Volume 2, Erick S. Gray, Anthony Whyte, Mark Anthony](#) , 2009, 0979281687, 9780979281686. The

first installment in this exciting series followed Promise, Squeeze, and Show as they robbed, whored, and fought their way to adulthood on the mean streets of Brooklyn. Now, its a year later. Promise is trying to get out of the gangsta life, but the streets have a powerful call. Squeeze and Show are making out like bandits with their hot new nightclub, the Brooklyn Caf. Grindin in the streets is no longer an option, but trouble still follows the pair like heat on a sunny day. Staying cool with the cops and the city requires flexing a lot of street muscle, and theyve got too much invested to not use every weapon in their arsenal. Envious of their success, Promise returns to claim what he believes hes owed, causing a rift within the gang a rift so wide that it sets off a war, leaving the participants reeling with deadly losses.

[Festivals and the Cultural Public Sphere, Gerard Delanty, Liana Giorgi, Monica Sassatelli](#) , 2011, 1136738584, 9781136738586. Festivals and the Cultural Public Sphere provides the first major social scientific study of these festivals in the wake of their explosion in popularity over the past decade. It explores the cultural significance of contemporary arts festivals from their location within the cultural public sphere, examining them as sites for contestation and democratic debate, and also identifying them as examples of a particular aesthetic cosmopolitanism. The book approaches contemporary festivals as relatively autonomous social texts that need interpretation and contextualisation. This perspective, combined with a diversified set of theoretical approaches and research methods, and guided by a common thematic rationale, places the volume squarely within some of the most debated topics in current social

sciences. Furthermore, the multifaceted nature of festivals allows for unusual but useful connections to be made across several fields of social inquiry. This timely edited collection brings together contributions from key figures across the social sciences, and proves to be valuable reading for undergraduate students, postgraduates, and professionals working within the areas of contemporary social theory, cultural theory, and visual culture.

[Honoring Sergeant Carter: Redeeming a Black World War II Hero's Legacy, Allene Carter, Robert L. Allen](#) , 2003, 0066212367, 9780066212364. In the early months of 1945, the long and bitter struggle against Nazi Germany reached a decisive stage. Allied forces launched a massive assault on the Rhineland as they prepared to push into the heart of the Third Reich. With the heavy casualties suffered by white soldiers at the Battle of the Bulge, black soldiers, for the first time, played a major combat role. And Sergeant Eddie Carter was right in the thick of the battle, serving in the 12th Armored Division under Patton, as he fought to secure the Rhine and stop the Nazis in their tracks. With a zealous fearlessness, Carter single-handedly captured several Germans and secured reconnaissance that would be critical in capturing Speyer. His efforts would win him a Distinguished Service Cross. But it wasn't until fifty-two years later that Carter was awarded the Medal of Honor. Here is the untold story of why the American government not only withheld Carter's much due recognition but why they also denied him -- one of the most decorated black American soldiers in WWII -- the opportunity to reenlist. And here, too, is the inspiring story of the valiant Carter family -- from the moving courtship of Eddie and his wife, Mildred, to the family's unrelenting efforts to get the American government to apologize and own up to the racism and McCarthyism that fueled years of deceit and bigotry.

[Constitutional Dilemmas: Conflicts of Fundamental Legal Rights in Europe and the USA, Lorenzo Zucca](#) , 2008, 0199552185, 9780199552184. This book deals with one of the most important issues of philosophy of law and constitutional thought: how to understand clashes of fundamental rights, such as the conflict between free speech and privacy. The main argument of this book is that much can be learned about the nature of fundamental legal rights by examining them through the lens of conflicts among such rights, and criticizing the views of scholars and jurists who have discussed both fundamental legal rights and the nature of conflicts among them. Theories of rights are necessarily

abstract, aiming at providing the best possible answers to pressing social problems. Yet such theories must also respond to the real and changing dilemmas of the day. Taking up the problem of conflicting rights, Zucca seeks a theory of rights that can guide us to a richer, more responsive approach to rights discourse. The idea of constitutional rights is one of the most powerful tools to advance justice in the Western tradition. But as this book demonstrates, even the most ambitious theory of rights cannot satisfactorily address questions of conflicting rights. How, for instance, can we fully secure privacy when it clashes with free speech? To what extent can our societies assist people in dying without compromising the protection of life? Exploring the limitations of the rights discourse in these areas, Zucca questions the role of law in settling ethical dilemmas helping to clarify thinking about the limitations of rights discourse.

[The Frozen Contract, Bill Rogers](#) , 2012, 0956422071, 9780956422071. When Premiership star Sunday Okowu-Bello is found dead, in chilling circumstances, DCI Tom Caton knows this case is going to be anything but straightforward. And with three security guards missing the last thing he needs is the newly appointed Commissioner of Police and Crime piling on the pressure. At first sight, the victim's predilection for easy sex and gambling provides both motive, and suspects. As Caton digs deeper he finds himself drawn into a bewildering nexus of gambling cartels, security firms, the victim's Nigerian sponsors, Far Right extremists, and Far East and Russian syndicates jostling for ownership of the club. When a second body is discovered in the Manchester Ship Canal Caton knows that the killing has only just begun. The National Crime Agency is waiting in the wings, and the clock is ticking... "With this quality of writing, intelligent contemporary themes, and solid research, it comes as no surprise that Bill Rogers has five DCI Tom Caton novels in the top 20 most popular titles in the Amazon UK Kindle British Crime Fiction and British Detectives categories." [April 2012]

[The Echelon Vendetta, David Stone](#) , 2007, 0141041080, 9780141041087. A highly original and chillingly suspenseful journey through the darkest alleys of international espionage. Micah Dalton isn't paid to ask questions. He's a "cleaner," a CIA fixer sent in to mop up the mess when an agent or situation goes bad. But when his close friend and colleague Porter Naumann turns up dead in an idyllic hill town in Tuscany, victim of an apparent suicide, Dalton's curiosity gets the best of him. Other hard-nosed ex-CIA field men are found butchered across the globe and Dalton soon finds himself on the trail of a sadistic killer, who has a penchant for intricate knifework and Native American mysticism. The murders appear to be acts of retribution, but for what? The only link between the victims seems to be a global surveillance operation called Echelon. Dalton's search for answers takes him from the fog-shrouded mazes of Venice to the beautiful big-sky country of the American West. At every turn he comes one step closer to discovering the truth behind the truth, a conspiracy so closely guarded that even suspecting it exists could prove fatal.

[How to Quit Without Feeling S**T: The Fast, Highly Effective Way to End Addiction to Caffeine, Sugar, Cigarettes,](#)

[Alcohol, Illicit Or Prescription Drugs, Patrick Holford, David Miller, James Braly](#) , 2010, 0749940220, 9780749940225.

This groundbreaking book from the UK's leading spokesman on nutrition looks at why millions of people have cravings for substances such as coffee, sugar and alcohol, as well to drugs such as sleeping pills, antidepressants, marijuana and cocaine. It uncovers how the brain becomes addicted and how it can be 'unaddicted' through a combination of diet, supplements and lifestyle factors. The book is written in association with Dr David Miller, who has worked in the addiction field for 25 years and is an expert in relapse prevention. It looks at each of the most common substances that people become addicted to and offers specific advice on how to tackle that particular substance safely and effectively yourself. In-depth yet practical and accessible, HOW TO QUIT WITHOUT FEELING S**T, will allow you to understand why you feel the way you do, whether you have a dependency or have already given up but still feel lousy. The book provides a 12-week action plan for becoming addiction free - without suffering the deeply unpleasant symptoms of withdrawal that most addicts believe they must go through

[The Art of Life, Simon Blow, Avril Carruthers, John Bennetts, Jack Lim](#) , 2010, 0975048090, 9780975048092. The Art of Life, Book No.1 The Art of Life presents the Qigong styles that were taught to Simon in Australia and follows his journey from a near-fatal accident to discovering the Chinese healing arts and becoming an inspiring, internationally respected teacher. This Book will help start you on your own journey of physical healing, and emotional and spiritual growth. This is

the perfect introduction to this ancient art and is suitable for new and continuing students of all ages. The book contains three instruction sections: 1. Warm up - gentle movements loosen all the major joints of the body, lubricating the tendons and helping increase blood and energy circulation. It is beneficial for most arthritic conditions; 2. Ba Duan Jin or Eight Pieces of Brocade - this is the best known and most widely practised form of Qigong throughout the world, also known as Daoist Yoga. The movements stretch all the major muscles, massage organs and open the energy channels of the body; 3. Taiji Qigong Shibashi - this popular practice is made up of eighteen flowing movements. The gentle movements harmonise the mind, body and breath. "Tai Chi Qigong is a gentle way of exercising the whole body and provides long-term benefits. I recommend it to my patients as an effective way of improving muscle tone and joint mobility. Those who practise regularly have fewer problems with their muscles and joints and often report an increased sense of health and wellbeing. An excellent video with clear and simple instruction." Roman Maslak. B.A. (Hons), D.O. Osteopath

The Chinese healing arts have a long proud history of over 5000 thousand years, the art consists primarily of meditation, relaxation, physical movement, mind-body integration and breathing exercises. There are thousands of different styles and systems either done standing, moving, walking, sitting or lying, Tai Chi is one popular style. Australian Qigong Master Teacher Simon Blow has created a unique series of Books, DVDs and guided meditation CDs incorporating his own healing journey from a near fatal accident at the age of nineteen to becoming an inspiring internationally renowned teacher. He has studied at monasteries in the sacred mountains of China, with Qigong Grand Masters and at a Traditional Chinese Medicine Hospital in China. The exercises and meditations are presented in a clear easy to follow format, incorporating history, theory and inspiring stories of those who have improved their quality of life from practising this ancient healing art. This is not self defence martial arts but movement and meditation everyone can benefit from Qigong regardless of age, health or fitness. Simon Blow is an author of numerous books, DVDs and Audio CDs about this ancient healing art. He has been a full time professional teacher (Laoshi) since 1992; he has received training and certification from Traditional Hospitals and Daoist Monasteries in China and has been given authority to share these techniques. Simon has been initiated into Dragon Gate Daoism and given the name of Xin Si meaning Genuine Wisdom and is a 29th Generation of the ancient Dayan Wild Goose Qigong. He also is a Standing Council Member of The World Academic Society of Medical Qigong, Beijing China.

[Society: Myths and Realities, an Introduction to Sociology \(Penguin Academics Series\), Alex Thio](#) , 2006, 0205480500,

9780205480500. Adapted from the sixth edition of *Sociology: A Brief Introduction*, this Penguin Academics Series title is a brief, one-color, low-cost version of that text. This introductory text uses a balanced and systematic application of sociological theory to help students see the difference between myths and realities about society. It provides integrated coverage of feminist views on various social issues and discusses the contributions of feminist theories. Also found in every chapter are "Global Analysis" sections, showing how people around the world live, and "Social Diversity" sections, highlighting not only the problems of women and minorities, but also their achievements.

[Service Oriented Enterprises, Setrag Khoshafian](#) , 2006, 1420013262, 9781420013269. Extending beyond the technical architecture to the very philosophy of how a business should operate, the Service Orientation approach establishes fluidity across boundaries to provide agility, transparency, and fundamental competitive advantage. Service Oriented Enterprises brings the concept of service orientation from the IT department to the boardroom, applying the precepts of service oriented technology to the underlying dynamics of how a business operates. Implementing a technological concept as a cultural paradigm, the SOE succeeds by combining the best features from virtual, extended, real-time, and resilient enterprises to serve not just its customers, but also its trading partners, shareholders and employees. Building primarily on the success of the Internet and the automation of business policies and processes, the Service Oriented Enterprise (SOE) is defined by three essential layers: the enterprise performance layer, the business process management layer, and the underlying service oriented architecture. This book focuses primarily on layers two and three and how the fundamental dynamics of a business can be altered when these concepts are applied to both architecture and culture. Beginning with an overview of the emerging SOE culture, the text contrasts the new service-oriented methodologies with traditional waterfall and iterative methodologies. Emphasizing Web Service strategies for description, discovery, and deployment techniques, the author goes deeper into service-oriented concepts describing the business process management suite as the central core of the SOE, and introducing the Enterprise Service Bus as the backbone for integration. The text describe how modeling, executing, and continuously improving the business process and business policies lends to the development of a common language between business and IT. The book concludes by expanding on these concepts and delving into the societal and behavioral aspects of the Service Oriented Enterprise. The reality of business is no longer one where change is an unusual phenomenon; today change is the norm and the capacity for consumer-sensitive, fluid transition is vital to business survival. Service Oriented Enterprises provides the key concepts to facilitate that change.

Since that time, Stacey has written several short stories and two additional novels. Her first novel to be published, *The Knife in My Back*, will be released by Delphine Publications November 2012. Stacey continues to live in an Atlanta suburb with her family and is currently working on her next novel. Visit her at www.staceycovingtonlee.com for a full chapter excerpt of *The Knife In My Back* and a sneak peek at her second novel, *The Knife In My Back 2*.

[Concerns, Conflicts, and Cohesions: Universalization of Elementary Education in India, Preet Rustagi](#) , 2009, 0198060246, 9780198060246. The volume addresses vital concerns and conflicts that need urgent attention in advancing India's quest for universalizing elementary education. The dialogue among experts, researchers and practitioners offers theoretical perspectives, identifies systemic constraints and points to institutional rigidities that hamper the spread of good quality basic education. The volume undertakes in-depth analyses, helps understand issues based on the insights of scholars and practitioners, and identifies areas of action for ensuring social cohesion and relevance. It also addresses specific concerns, especially of girls and the socially marginalized groups. The essays draw attention to faulty assumptions, persistent disparities and inadequate commitment to inclusive education, resulting in the neglect of pre-school, out-of-school, over-age, and working children. Detailed case studies draw attention to systemic deficiencies in school management and administration of the education system.

[Caricature Carvers Showcase: 50 of the Best Designs and Patterns from the Caricature Carvers of America, Caricature Carvers of America , 2007, 1565233379, 9781565233379.](#) Promoting the Art of Caricature Carving . . . In October 1990, a small group of woodcarvers from around the country met in a back room in Fort Worth, Texas, to discuss caricature carving. From that meeting, the Caricature Carvers of America was created: an organization of nationally recognized carvers, all with diverse caricature carving styles, dedicated to the promotion of their favorite craft. Seventeen years later, this selective 25-seat organization continues to elevate and promote the art of caricature carving. Although they've never made claims of being "the best," the members of the Caricature Carvers of America have garnered hundreds of "Best of Show" and First Place awards, have taught countless seminars, and have published over 100 popular books on the subject of caricature carving. In one amazing volume, Caricature Carvers Showcase introduces you to this exclusive society and 30 of its active and emeritus members. With biographies, original caricature patterns, expert carving and design techniques, and helpful painting tips, Caricature Carvers Showcase spotlights some of America's finest caricature carvers and celebrates their talents. If you're a caricature carver, or someone who simply enjoys the craft of carving, Caricature Carvers Showcase is a must-have for your bookshelf.

Lee Child Will Trent is a brilliant agent with the Georgia Bureau of Investigation. Newly in love, he is beginning to put a difficult past behind him. Then a local college student goes missing, and Will is inexplicably kept off the case by his supervisor and mentor, deputy director Amanda Wagner. Will cannot fathom Amandas motivation until the two of them literally collide in an abandoned orphanage they have both been drawn to for different reasons. Decades before, when his father was imprisoned for murder, this was Wills home. It appears that the case that launched Amandas career forty years ago has suddenly come back to life and it involves the long-held mystery of Wills birth and parentage. Now these two dauntless investigators will each need to face down demons from the past if they are to prevent an even greater terror from being unleashed. Includes Karin Slaughter's short story Snatched and a preview of the next Will Trent novel, Unseen With every page of this story the tension mounts. . . . If you have a hunger for a rich and fulfilling novel then you owe it to yourself to pick up Criminal. Huffington Post A masterpiece of character, atmosphere and riveting suspense, Criminal is the most powerful and moving novel yet from one of the most gifted storytellers at work today. [Teaching in the Middle School, M. Lee Manning, Katherine Toth Bucher](#) , 2008, 0131584006, 9780131584006. This text for middle school classroom teachers provides a solid core of essential knowledge about middle schools. Balancing the practical and the theoretical, it has a strong research base, as well as a focus on teaching methods, strategies, materials, resources, and technology that are linked to the standards of the National Middle School Association. The authors objectives are to tell readers about middle schools today, describe adolescents and their developmental period, identify essential middle school concepts that have potential for their age group and educational experiences that are developmentally responsive for young adolescents.

[Jaha and Jamil Went Down the Hill: An African Mother Goose, Virginia L. Kroll](#) , 1995, 0881068659, 9780881068658.

Hey, diddle, diddle, Cricket did fiddleWhile Firefly mimicked the moon.Wildebeest rumbledWhile Wild Dog grumbled, and Lion chased after Baboon.Introducing Mother Goose as you've never seen her before! This unique look at Africa preserves all the charm of the original Mother Goose favorites while weaving a modern treasury of rhyme. Tantalizing color illustrations and patterned borders reveal the splendors of Africa's countries. A helpful map of Africa is included. Jaha and Jamil is sure to become a beloved classic.

[Come a Stranger, Cynthia Voigt](#) , 2013, 1442489170, 9781442489172. A dashed dream leads to a rash decision in the fifth installment of Cynthia Voigts Tillerman cycle. Mina Smiths lives to dance, so her scholarship to ballet camp seems like a dream come true. She doesnt even mind being the only black girl in the troupe that is, until she is told shell never be a classical dancer. Its then that Mina begins to face some difficult truths about race and identity and transfers her passion for dance to Tamer Shipp, the summer minister for her church. The problem is, hes a grown man with a family, but she cant stop wishing for more to their friendship than simply pastor and parishioner. Cynthia Voigts incomparable mastery of character and community shines forth in this stirring novel from her acclaimed Tillerman cycle.

[Brunner's Carnal Delights](#) , 2005, 0977948226, 9780977948222. Llegendary Frank Brunner has illustrated Dr. Strange, Elric, Conan, Howard the Duck & many others. He's worked with everyone from Marvel Comics to Steven Spielberg. Now Carnal Comics is proud to present this collection of his most erotic art & comics. This 56 page book includes 10 pages of full-color material, highlighting some of Frank's most sensual paintings. The book includes some of his best pin-ups and the collected Alice in Wonderland art, which for the first time ever will incorporate the original Lewis Carroll Alice in Wonderland story with the art. Also includes previously unpublished pencil drawings and Frank's own rendition of Carnal's Demi the Demonesse. And several of Franks' erotic comic stories and pages being reprinted in this book as well, some have been out of print for 20 years. This book is a must-have for any fan Frank Brunner! Regular cover and Limited Edition cover available

[Zoning, Spencer Kansa](#) , 2011, 095695250X, 9780956952509. Zoning is travelling without moving. A magical, mind-bending story revolving around the intersecting lives of a teenage occultist, Astral Boy, and a young, budding porn star, Skyrise Kid. Fuelled by sex, drugs and black magick, the two protagonists crisscross an increasingly nightmarish dreamscape, where an ancient death cult traffics snuff movies, Hawaiian twins shape-shift live on the Oprah Show, and strange heavenly orbs threaten to blast the planet to smithereens. "Spencer Kansa's Zoning is contemporary Fantazius Mallare with kaleidoscope slivers from everyone's past and future refracted through hypnagogia-psychedelia in glorious Technicolor film noir." Zeena Schreck, co-author of Demons of the Flesh: The Complete Guide to Left Hand Path Sex Magic. "Zoning reads like an urban Celine." William S. Burroughs

[Living Into Dying: A Journal of Spiritual and Practical Death Care for Family and Community, Nancy Jewel Poer](#) , 2004, 0974041300, 9780974041308. Few people are aware they have a choice to care for their loved ones at death and to care

for the body at home afterward. Not only is it possible and legal but has given deep fulfillment and closure for those who have done so. In addition there are considerable financial savings. This book, abundantly illustrated, gives each practical step in the process of care, and also tells many heart warming stories of families and communities that have received blessings from the dying and, in return, have honored them with this final act of love. Written in a warm and accessible style, the book includes many spiritual insights into the process of dying and our connection to our loved ones after death.

[Tools for Teaching Health, Shannon Whalen, Dominick Splendorio, Sal Chiariello](#) , 2007, 0787994073, 9780787994075.

Tools for Teaching Health presents classroom-tested, ready to use activities and lessons developed and written by highly acclaimed health educators. This much-needed resource provides any health educator who works with various populations with the strategies that will enhance the health education experience and make learning fun. Designed to be practical, all the books proven activities are reproducible, hands-on, student-centered, and interactive.

[Pathways of Chance, F. David Peat](#) , 2005, 0976826402, 9780976826408. Pathways of Chance is the story of the life of physicist and writer F. David Peat - growing up in war-time Liverpool, the birth of the Beatles, research in Canada, meeting exceptional people including David Bohm, Bertrand Russell and Michael Tippett, sitting in a Tepi with Blackfoot elders, talking to artists and settling in a medieval Italian village. Each chapter of this story is interspersed with Peats reflections on science, philosophy and society including how language shapes the ways we see the world; the elusive nature of quantum reality; Jung and synchronicity; film and art; ethics and gentle action."David Peat possesses one of the most incisive, expansive minds I've ever known. His work has inspired a generation. His autobiographical Pathways of Chance is a fascinating roadmap of 20th-century learning and a beacon to the future. No one perceives connections or explains them with greater clarity than Peat. This book is a moveable feast." Larry Dossey, MD, Author Author: Reinventing Medicine, The Extraordinary Healing Power of Ordinary Things and Healing Powers.'Here we have that rare and wonderful thing: a scientist who can truly write. Peat's autobiography is a daring fusion of the memoir and the cutting-edge essay. It makes a rich and readable introduction, not only to Peat's own extraordinary life and his web of 20th-century connections, but also to some of the most tantalizing ideas and figures of the period, across both science and art. It is, at times, provocative; at other times, poignantly human. Throughout, it is erudite and, above all, keenly concerned about how we, as a species and a planet, move forward in the 21st-century. Peat's words are subtle catalysts, sparking in us our own potential for transformation at all levels of life. Pathways of Chance is a fascinating book, and an important one. Read it now.' Alison McLeod, author of the novel The Wave Theory of Angels Yes, physicists are strange beings and usually we fail to see just what makes them tick or we can't imagine how anyone in their right mind would ever become one. David Peat's new book provides an informative and honest from-the-heart answer. This autobiographical look behind the scenes will inform and engage you as you follow along Dr. Peat's journey through time

and meet all of the characters he found so interesting. Fred Alan Wolf, Ph.D. Author of "The Yoga of Time Travel" David Peat has one of the liveliest, most wide-ranging, depth-probing minds I've ever encountered. Peat's thoughts on physics, philosophy and the arts, put forward in a genial, gracious writing style read like a can't-put-down mystery novel.

"Pathways of Chance" will surely appeal to all who are interested in any of these subjects as well as those who like reading about his and other famous people's fascinating lives. Joseph Eger, Conductor, Symphony for United Nations and author of *Einstein's Violin: A Conductor's Notes on Music, Physics and Social Change* Pathways of Chance is the story of the life of physicist and writer F. David Peat - growing up in war-time Liverpool, the birth of the Beatles, research in Canada, meeting exceptional people including David Bohm, Bertrand Russell and Michael Tippett, sitting in a Tepi with Blackfoot elders, talking to artists and settling in a medieval Italian village. Author: Reinventing Medicine, The Extraordinary Healing Power of Ordinary Things and Heal0976706415\Niagara Falls is an ever-changing destination of fun, romance, and natural beauty. The falls have served as a power source for electrical experiments, the nemesis of daredevils, inspiration for countless writers and artists, and of course, a vacation destination for millions of families, friends and lovers from all over the world. Today, the lure of the falls is greater than ever. Visitors can venture to its restless base on a legendary boat ride, explore haunted houses and wax museums on Clifton Hill, or dine by candlelight at a romantic resort. Niagara has it all, plus great shopping, golfing, winery tours, casinos, amusement parks, and much more. Whether on a first visit or a tenth, with this book as your guide, anyone can explore Niagara Falls and discover the wonders it has to offer.

[How Peace Operations Work: Power, Legitimacy, and Effectiveness, Jeni Whalan](#) , 2013, 0199672180, 9780199672189.

This book proposes a new approach to studying the effectiveness of peace operations. It asks not whether peace operations work or why, but how: when a peace operation achieves its goals, what causal processes are at work? By discovering how peace operations work, this new approach offers five distinctive contributions. First, it studies peace operations through a local lens, examining their interactions with actors in host societies rather than their genesis in the politics and institutions of the international realm. In doing so, it highlights the centrality of local compliance and cooperation to a peace operation's effectiveness. Second, the book structures a framework for explaining how peace operations can shape the behaviour of local actors in order to obtain greater cooperation. That framework distinguishes three dimensions of a peace operation's power-coercion, inducement, and legitimacy and illuminates their effects. The third contribution is to highlight the contribution of local legitimacy to a peace operation's effectiveness and identify the means by which an operation can be locally legitimized. Fourth, the new power-legitimacy framework is applied to study two peace operations in depth: the United Nations Transitional Authority in Cambodia (UNTAC), and the Regional Assistance Mission to Solomon Islands (RAMSI). Finally, the book concludes by examining the implications of this new approach for practice and identifying a set of policy reforms to help peace operations work better. The book argues that peace operations work by influencing the decisions and behaviour of diverse local actors in host societies. Peace operations work better that is, achieve more of their objectives at lower cost when they receive high quality local cooperation. It concludes that peace operations are more likely to attain such cooperation when they are perceived locally to be legitimate.

[Internet Success: A Study of Open-source Software Commons, Charles M. Schweik, Robert C. English](#) , 2012,

0262017253, 9780262017251. The use of open-source software (OSS)--readable software source code that can be copied, modified, and distributed freely--has expanded dramatically in recent years. The number of OSS projects hosted

on SourceForge.net (the largest hosting Web site for OSS), for example, grew from just over 100,000 in 2006 to more than 250,000 at the beginning of 2011. But why are some projects successful--that is, able to produce usable software and sustain ongoing development over time--while others are abandoned? In this book, the product of the first large-scale empirical study to look at social, technical, and institutional aspects of OSS, Charles Schweik and Robert English examine factors that lead to success in OSS projects and work toward a better understanding of Internet-based collaboration. Drawing on literature from many disciplines and using a theoretical framework developed for the study of environmental commons, Schweik and English examine stages of OSS development, presenting multivariate statistical models of success and abandonment. Schweik and English argue that analyzing the conditions of OSS successes may also inform Internet collaborations in fields beyond software engineering, particularly those that aim to solve complex technical, social, and political problems.

[The Originality of the Avant-garde and Other Modernist Myths, Rosalind E. Krauss](#) , 1986, 0262610469, 9780262610469. Co-founder and co-editor of October magazine, a veteran of Artforum of the 1960s and early 1970s, Rosalind Krauss has presided over and shared in the major formulation of the theory of postmodernism. In this challenging collection of fifteen essays, most of which originally appeared in October, she explores the ways in which the break in style that produced postmodernism has forced a change in our various understandings of twentieth-century art, beginning with the almost mythic idea of the avant-garde. Krauss uses the analytical tools of semiology, structuralism, and poststructuralism to reveal new meanings in the visual arts and to critique the way other prominent practitioners of art and literary history write about art. In two sections, "Modernist Myths" and "Toward Postmodernism," her essays range from the problem of the grid in painting and the unity of Giacometti's sculpture to the works of Jackson Pollock, Sol Lewitt, and Richard Serra, and observations about major trends in contemporary literary criticism. Rosalind E. Krauss is Professor of Art History at

Hunter College.
