[Regulating Energy and Natural Resources, Barry Barton](#) , 2006, 0199299870, 9780199299874. Democratization, globalization, and increased environmental awareness have had a profound impact on the regulation of industry in the energy and natural resources sector. This book analyses the changes in character of the way this industry is regulated, and seeks to make connections with theoretical perspectives on regulation as a major part of the modern legal system. Part I examines the emergence of alternatives to regulation, such as 'soft law' in developing countries, the European Electricity and Gas Directives of 1996 and 1998, the idea of regulation of company structure as opposed to performance, multi-faceted government alternative regulatory instruments, and market mechanics. Part II analyses conventional methods of regulation, and how they have evolved, including case studies from the Netherlands, the USA, Singapore, New Zealand, and the UK. Part III looks at regulatory innovations such as environmental audit, self-regulation, the 'Voluntary Action Plan', private-sector standard setting, and certification. Part IV examines the role of non-state actors, and their response to national and supranational regulatory changes, and globalization. Recent shifts in the perception of energy security, failures in energy company corporate governance, and evolving self-regulatory frameworks renders this a timely and worthy examination of the issues facing the energy and natural resources industry today.

[Email Power- How to Get What You Want from Every Email You Send, Steven Griffith](#) , 2006, 0977011747, 9780977011742. A communications expert coaches readers on how to identify the hidden messages in any email, satisfy customer complaints in one email, turn the most problematic emails into successful outcomes, and more.

[Mr. Unforgettable, Karina Bliss](#) , 2011, 1742915809, 9781742915807. Luke Carter can never forget that he had been abandoned as a child. And that's why the millionaire and former Olympian is driven to build his camp for underprivileged kids in Beacon Bay. If only the rural New Zealand community trusted his motives. And if only the beautiful widow mayor, Liz Light, would stop grieving long enough to prove where her loyalties lie - with Luke or her late husband - and show him once and for all which man is truly unforgettable.

[Police Culture in a Changing World, Bethan Loftus](#) , 2009, 0199560900, 9780199560905. This fascinating new title offers an ethnographical investigation of contemporary police culture based on extensive field work across a range of ranks and units in the UK's police force. By drawing on over 600 hours of direct observation of operational policing in urban and rural areas and interviews with over 60 officers, the author assesses what impact three decades of social, economic and political change have had on police culture. She offers new understandings of the policing of ethnicity, gender and sexuality, and the ways in which reform initiatives are accommodated and resisted within the police. The author also

explores the attempts of one force to effect cultural change both to improve the working conditions of staff and to deliver a more effective and equitable service to all groups in society. Beginning with a review of the literature on police culture from 30 years ago, the author goes on to outline the new social, economic and political field of contemporary British policing. Taking this as a starting point, the remaining chapters present the main findings of the empirical research in what is a truly comprehensive analysis of present day policing culture.

[Principles of European Law: Mandate Contracts, ISSN 1860-0905, Marco Loos, Odavia Bueno Diaz](#) , 2013, 0199568294, 9780199568291. The Study Group on a European Civil Code has taken upon itself the task of drafting common European principles for the most important aspects of the law of obligations and for certain parts of the law of property in movables which are especially relevant for the functioning of the common market. Like the Commission on European Contract Law's Principles of European Contract Law, the results of the research conducted by the Study Group on a European Civil Code seek to advance the process of Europeanisation of private law. Among other topics the series tackles sales and service contracts, distribution contracts and security rights, renting contracts and loan agreements, negotiorum gestio, delicts and unjustified enrichment law, transfer of property, and trust law. The principles furnish each of the national jurisdictions a grid reference. They can be agreed upon by the parties within the framework of the rules of private international law. They may provide a stimulus to both the national and European legislator for moulding private law. Beyond this, they aim to further discussion about the creation of a European Civil Code, or a Common Frame of Reference in the area of patrimonial law, by submitting a concrete model. The Principles of European Law are published in co-operation with Bruylant (Belgium), Sellier (Germany) and Staempfli Publishers Ltd. (Switzerland).

[Ultimate Lap Band Success: The Support Surgeon's Guide to Getting the Most from Your Gastric Band, Duc C. Vuong](#) , 2009, 0982220634, 9780982220634. In this interactive manual, "Support Surgeon" Dr. Duc Vuong offers essential

[Analyzing Oppression, Ann E. Cudd](#) , 2006, 019518744X, 9780195187441. Analyzing Oppression presents a new, integrated theory of social oppression, which tackles the fundamental question that no theory of oppression has satisfactorily answered: if there is no natural hierarchy among humans, why are some cases of oppression so persistent?

Cudd argues that the explanation lies in the coercive co-opting of the oppressed to join in their own oppression. This answer sets the stage for analysis throughout the book, as it explores the questions of how and why the oppressed join in their oppression. Cudd argues that oppression is an institutionally structured harm perpetrated on social groups by other groups using direct and indirect material, economic, and psychological force. Among the most important and insidious of the indirect forces is an economic force that operates through oppressed persons' own rational choices. This force constitutes the central feature of analysis, and the book argues that this force is especially insidious because it conceals the fact of oppression from the oppressed and from others who would be sympathetic to their plight. The oppressed come to believe that they suffer personal failings and this belief appears to absolve society from responsibility. While on Cudd's view oppression is grounded in material exploitation and physical deprivation, it cannot be long sustained without corresponding psychological forces. Cudd examines the direct and indirect psychological forces that generate and sustain oppression. She discusses strategies that groups have used to resist oppression and argues that all persons have a moral responsibility to resist in some way. In the concluding chapter Cudd proposes a concept of freedom that would be possible for humans in a world that is actively opposing oppression, arguing that freedom for each individual is only possible when we achieve freedom for all others.

[Speech on Behalf of Publius Sestius, Marcus Tullius Cicero, Publius Sestius](#) , 2006, 0199283036, 9780199283033.

"Though Cicero of course did not know it at the time, it was to be his last significant public performance as an independent political agent before the upheaval that followed Caesar's murder; in little more than a month Caesar and Pompey would meet at Luca, and Cicero would be kept on a short leash until the outbreak of civil war. The speech's account of recent history and of the men who made it provides any student of Rome with a full and fascinating way into the period. Because so much of the account concerns public meetings, demonstrations, and outbursts of violence, it is highly pertinent to the current debate on the place of the crowd in Rome in the late Republic'; more generally, the speech - with its energy, drama, and broad scope - is among the best introductions we have to traditional Republican values and ethics in action. This new translation and commentary make this important text accessible to a new generation of readers."--BOOK JACKET.

[Media Monoliths: How Great Media Brands Thrive and Survive, Mark Tungate](#) , 2005, 0749445955, 9780749445959. In

an increasingly cluttered media landscape, an elite group of brands stands out: newspapers, magazines and broadcasters with longevity, power, and instant brand recognition. Over decades - and often centuries - they have consolidated their positions against fierce competition, the rise and fall of the global economy and the emergence of the Internet. How have they succeeded? What marketing strategies have enabled them to thrive and survive in such a spectacular fashion? Can they maintain their seemingly impregnable status in the new century? Journalist and author Mark Tungate takes us behind the scenes, revealing what it takes to be a great media brand. For the first time, we are given a rare insight into this fascinating world, and its key movers and shakers.

[D. W. Griffith's The Birth of a Nation: A History of "the Most Controversial Motion Picture of All Time", Melvyn Stokes](#) , 2007, 0195333799, 9780195333794.

[Rotisserie Baseball Scouting Report: For 4x4 Leagues of AL & NL Players, Henry Lee](#) , 2005, 0974844551, 9780974844558. What differentiates this new series of books from the books and magazines people have used in the past is that each of the six books focuses on a different league - 5x5 mixed, AL-only, NL-only, 4x4 mixed, AL-only, and NL-only. The projections and dollar values for players can vary up to 50% from league to league. Drafting with the help of a magazine not tailored to your league specifications is a recipe for disaster - yet millions of people do so every year. With your Fantasy Scouting Report in hand, you can rest assured that your projections are accurate. Each book also has special Quick Lists designed to help you find what you need in the limited time you have between picks. Players are ranked by actual scoring category points so you can compare players intelligently and quickly. Categories like ERA, WHIP, and BA are weighted for IP and AB, vitally important but often overlooked. Also included is a unique quantitative analysis of the best prospects for 2005.

[It's Not All in Your Head: Anxiety, Depression, Mood Swings, and Multiple Sclerosis, Patricia Farrell](#) , 2010, 1935281518, 9781935281511. One of the greatest challenges people face when dealing with an unpredictable disease such as Multiple Sclerosis is learning to overcome the psychological burden of not knowing what each day will bring. MS is a true roller coaster of emotions and dealing with these feelings is a critical issue for people living with the disease. According to WEBMD, symptoms of depression severe enough to warrant medical intervention affect up to half of all people living with MS. It's Not All in Your Head is a cognitive-behavioral approach to overcoming the depression, anxiety, and stress that goes hand-in-hand with MS. Dr. Farrell helps individuals and their families develop a better understanding of the effects that MS has on mood levels and anxiety and offers a plan of simple remediation in a self-help format. It's Not All in Your Head shows that: MS patients' depression and anxiety can be related to their medical condition Exercise can promote growth in brain connections and help alleviate depression Pain severity in MS can be lessened through stemming anxiety Social involvement is key to maintaining mental and physical health

[Steal Away Home, Lois Ruby](#), , 1999, 0689824351, 9780689824357. When twelve-year-old Dana Shannon starts to strip away wallpaper in her family's old house, she's unprepared for the surprise that awaits her. A hidden room -- containing a human skeleton! How did such a thing get there? And why was the tiny room sealed up? With the help of a diary found in the room, Dana learns her house was once a station on the Underground Railroad. The young woman whose remains Dana discovered was Lizbet Charles, a conductor and former slave. As the scene shifts between Dana's world and 1856, the story of the families that lived in the house unfolds. But as pieces of the puzzle begin to fall into place, one haunting question remains -- why did Lizbet Charles die?

[Collected Stories: A Friend of Kafka to Passions, , , , Isaac Bashevis Singer](#), , 2004, 1931082626, 9781931082624. Isaac Bashevis Singer once claimed that he preferred writing stories to novels because the short-story form brought perfection within reach. The 65 stories gathered here show Singer striving for and often achieving such perfection, crafting tales that fuse crystalline storytelling with an unnerving exploration of erotic passion and irrational desire, family life and religious piety, and fundamental emotions such as shame, lust, anger, pride, and tenderness. Also on display in stories such as "A Friend of Kafka" and "The Adventure" is Singer's shrewd gift as a comic writer, evoking the Jewish milieu in New York and in Warsaw between the wars with a blend of affection and satire. "His driven, mercurial processions of predicaments and transmogrifications are limitless," Cynthia Ozick writes, "a cornucopia of invention."

[The British at the Gates: The New Orleans Campaign in the War of 1812, Robin Reilly](#), , 2002, 1896941257,

9781896941257. In 1814, Britain mounted a massive seaborne assault against the United States. The British burned public buildings in Washington, forcing President Madison and his cabinet to flee the city, but the Americans successfully defended Baltimore (commemorated in "The Star-Spangled Banner"). The British then sailed south to launch a bold

attack on New Orleans, which was defeated by the Americans under the inspired leadership of Andrew Jackson. A fascinating blend of diplomatic, social and military history, the book sets the battles to capture New Orleans within the context of the War of 1812, explaining the issues that led the United States to declare war on Britain. Here are the glitter and decadence of New Orleans on the eve of battle, the heroics and crafty dealings of the pirate Jean Lafitte, and the military triumphs and fiascos that preceded the final conflict beside the Mississippi River. Robin Reilly's account of the Battle of New Orleans and the events that led to it is regarded by many experts as unsurpassed.

[Processing and Properties of Compound Semiconductors, ISSN 0080-8784,](#) , 2001, 0080541011, 9780080541013. Since its inception in 1966, the series of numbered volumes known as Semiconductors and Semimetals has distinguished itself through the careful selection of well-known authors, editors, and contributors. The Willardson and Beer series, as it is widely known, has succeeded in producing numerous landmark volumes and chapters. Not only did many of these volumes make an impact at the time of their publication, but they continue to be well-cited years after their original release. Recently, Professor Eicke R. Weber of the University of California at Berkeley joined as a co-editor of the series. Professor Weber, a well-known expert in the field of semiconductor materials, will further contribute to continuing the series' tradition of publishing timely, highly relevant, and long-impacting volumes. Some of the recent volumes, such as Hydrogen in Semiconductors, Imperfections in III/V Materials, Epitaxial Microstructures, High-Speed Heterostructure Devices, Oxygen in Silicon, and others promise that this tradition will be maintained and even expanded.

[Black Mountain, Greig Beck](#) , 2013, 1743341679, 9781743341674. Alex Hunter, code named Arcadian, wakes up with no knowledge of who he is, in the care of a woman he doesn't recognise, in a country not his own. But there is a calling deep within him, to return home to Black Mountain. Formed a billion years ago, the Appalachian's Black Mountain hosts a terrible legend. Only one elder remains to guard its long-forgotten, deadly secret and there is a fear that there is evil lurking again. Some hikers have gone missing, and the rescue team sent to search for them has not returned. Meanwhile, in nearby Ashville, Professor Matt Kearns is drawn into the mystery of an ancient artefact recovered from the mountainside, and an image too grotesque to be real. A survivor is then found half-alive, covered in blood - blood revealed to be not quite human. Alex must confront an age-old enemy of man and discover the truth about his past, and confront the horror that stalks the frozen mountain, and also the one haunting his very soul.

[Evolution in Investment Treaty Law and Arbitration, Chester Brown, Kate Miles](#) , 2011, 1139503618, 9781139503617.

International investment law is in a state of evolution. With the advent of investor-State arbitration in the latter part of the twentieth century and its exponential growth over the last decade new levels of complexity, uncertainty and

substantive expansion are emerging. States continue to enter into investment treaties and the number of investor-State arbitration claims continues to rise. At the same time, the various participants in investment treaty arbitration are faced with increasingly difficult issues concerning the fundamental character of the investment treaty regime, the role of the actors in international investment law, the new significance of procedure in the settlement of disputes and the emergence of cross-cutting issues. Bringing together established scholars and practitioners, as well as members of a new generation of international investment lawyers, this volume examines these developments and provides a balanced assessment of the challenges being faced in the field.

[Selected Essays, David Hume](#) , 1998, 0192836218, 9780192836212. In his writings, David Hume set out to bridge the gap between the learned world of the academy and the marketplace of polite society. This collection, drawing largely on his *Essays Moral, Political, and Literary* (1776 edition), which was even more popular than his famous *Treatise of Human Nature*, comprehensively shows how far he succeeded. From 'Of Essay Writing' to 'Of the Rise and Progress of the Arts and Sciences' Hume embraces a staggering range of social, cultural, political, demographic, and historical concerns. With the scope typical of the Scottish Enlightenment, he charts the state of civil society, manners, morals, and taste, and the development of political economy in the mid-eighteenth century. These essays represent not only those areas where Hume's arguments are revealingly typical of his day, but also where he is strikingly innovative in a period already famous for its great thinkers. - ;In his writings, David Hume set out to bridge the gap between the learned world of the academy and the marketplace of polite society. [Fundamentals of Food Biotechnology, Byong H. Lee](#) , 1996, 0471186163, 9780471186168. "Fundamentals of Food Biotechnology" details the developments in biotechnology related to food production and processing, including new applications involving food ingredient processing, plant tissue cultures, and genetic engineering. The text successfully translates the basic scientific information of food-related biotechnology into industrial and research applications. The initial chapters provide tutorials reviewing the principles of biochemistry, microbiology, and biochemistry engineering to provide

the fundamental knowledge required to comprehend biotechnology. The second section of this textbook explains how different biotechnology processes and products are applied to food products. The concluding chapters describe new and potential applications of biotechnology in plants and animals, in devising biosensors for detecting microorganisms and otherwise monitoring food quality, in waste management and food processing, and in food safety. Each chapter contains problems with solutions as well as extensive references to provide avenues for future studies. "Fundamentals of Food Biotechnology" also includes a glossary of important terminology to facilitate learning.

[Hard Labor, David Horn](#) , 2012, 0984750207, 9780984750207. Jamie Dropping finds his terra firma existence inhospitable. But he does his best to live, although in an inauthentic way. And at some unobservable point in time, Jamie Dropping begins to live his life without really living his life at all. He plays the part of a machine, operating on muscle memory. By the end, he is merely doing his job, dutifully performing his Hard Labor.

[Triangle of Death: The Shocking Truth About the Role of South Vietnam and the French Mafia in the Assassination of JFK, Bradley O'Leary](#) , 2003, 1418570842, 9781418570842. Here are the facts: a) President John F. Kennedy supported the coup d'tat that resulted in the assassination of Diem; b) twenty-one days later, Kennedy was assassinated; c) forty-eight hours after JFK's murder, the FBI deported a French assassin-a fact that was not reported at the time, even to the Warren Commission; d) this deportation order came from the Office of the Attorney General, Robert F. Kennedy. Bradley O'Leary and L.E. Seymour present a convincing argument that implicates not Lee Harvey Oswald, but rather a conglomerate of conspirators, in the death of beloved President Kennedy. Using actual CIA documents, interviews, and evidence, Triangle of Death will alter everything you thought you knew about John F. Kennedy's death.

[Water Is Thicker than Blood: An Augustinian Theology of Marriage and Singlehood: An Augustinian Theology of Marriage and Singlehood, Jana Marguerite Bennett](#) , 2008, 019531543X, 9780195315431. This book considers how homes, households, and domestic life are related to the Church. Early theologies glorified the monastic lifestyle as a way to

transcend earthly attachments in favor of supernatural goods. Contemporary thinkers have seen that functioning marriages and families themselves can lead us toward a more righteous society. Jana Bennett insists that both marriage and singleness must be placed in the context of the Christian story of redemption for the questions and problems at stake to be fully understood. She finds that Augustine of Hippo, maligned by modern theologians, is the source of very fruitful reflection on these topics. Most scholars today would agree that Augustine's works have exerted great influence on Western views of marriage, family, and sex. But many would argue that this influence has been detrimental to a healthy understanding of these topics. However, using Augustine's writing, Bennett shows that marriage and singleness cannot be considered separately, that gender issues are important to considering these states correctly and, most important, that the marriage between Christ and the Church is the first consideration in understanding and living these states of life. The water of baptism, Christians' first birth and initiation into the life of Christ, is the primary standard for relationships, rather than familial ties.

[Trickster and the Fainting Birds, Howard A. Norman](#) , 1999, 0152008888, 9780152008888. With spare grace and lively wit, acclaimed author Howard Norman chronicles the hilarious antics of a provocative troublemaker. Whether cheating in a sleepwalking contest, teaching the shut-eye dance to ducks, or halting a wedding by transforming the groom into a kingfisher, Trickster sets the world askew. Like trickster figures the world round, this Algonquian mischief-maker prods our imagination and makes us laugh deep in our hearts. In forty-two luminescent, richly detailed paintings, Tom Pohrt follows Tricksters trail across frozen lakes and thawing marshes on a journey that carries us from trouble, to laughter, and, finally, to wisdom.

[The Dipper, Marcia Willett](#) , 2011, 0755390687, 9780755390687. In the depths of Dartmoor, Quentin and Clemmie Halliwell know that the onset of old age threatens their life together at The Grange. Phyllida Makepeace feels secure in her marriage to Alistair, but when a deep sorrow strikes them, she discovers that no one is untouched by human frailty. Claudia and Jeff Maynard seem the perfect couple. But they are hiding from the truth and Claudia is about to realise the

shattering effects of denial. Turning to one another in their time of need, these friends and neighbours learn those vital lessons in how to love, forgive and, most importantly, how to trust again.

development is the result of the significant advances in digital computer technology and integrated circuits fabrication. Many of the signal processing tasks conventionally performed by analog means are realized today by less expensive and often more reliable digital hardware. Multirate Systems: Design and Applications addresses the rapid development of multirate digital signal processing and how it is complemented by the emergence of new applications.

[The Carter Family: Don't Forget This Song, Frank M. Young, David Lasky](#) , 2012, 0810988364, 9780810988361. Winner of the 2013 Eisner Award for Best Reality-Based Work! The Carter Family: Dont Forget This Song is a rich and compelling original graphic novel that tells the story of the Carter Familythe first superstar group of country musicwho made hundreds of recordings and sold millions of records. Many of their hit songs, such as Wildwood Flower and Will the Circle Be Unbroken, have influenced countless musicians and remain timeless country standards. The Carter Family: Dont Forget This Song is not only a unique illustrated biography, but a moving account that reveals the familys rise to success, their struggles along the way, and their impact on contemporary music. Illustrated with exacting detail and written in the Southern dialect of the time, its dynamic narrative is pure Americana. It is also a story of success and failure, of poverty and wealth, of racism and tolerance, of creativity and business, and of the power of music and love. Includes bonus CD with original Carter Family music. Praise for The Carter Family: "What a fine marriage of form and content! Humble and movingstraightforward with occasional breathtaking bravura passages this book echoes the Carter Family's rough-hewn sounds. It tells of the lives, sorrows, and values of a lost America in short episodes like a giant stack of old 78s. Using the vocabulary of comic strips like Little Orphan Annie and Gasoline Alley, it's as obsessive in its dedication to vernacular craft and hard work as A.P. Carter himself. Frank Young and David Lasky have spun a work of visual music that will replay in your head and heart well after you've finished reading it."Art Spiegelman, Pulitzer Prize-winning writer/artist of Maus Charming, faithful, and resonant . . . will charm the pants off you. The Comics Journal Laskys gorgeous artwork animates the story and evokes a mood that mirrors the era and the music. NPR.org Pure pleasure for anyone interested in music history. The Seattle Times Cracking open The Carter Family feels like putting on a vintage 78: moody hearty Americana emanates hauntingly. Enlivening this graphic biography of the legendary country music family are both Frank M. Youngs dialogue, which replicates the vernacular to a T but oh so naturally, and David Laskys understated and elegant illustrations which resonate like the music they depict. HeebMagazine.com

[Addresses of the Rich and Famous: How to Reach the World's Movers and Shakers, Cynthia Mattison](#) , 2001, 0966971043, 9780966971040. Perfect for fans, researchers, teachers or anyone else who would like to reach a mover & shaker!

[All the names, Jos Saramago, Margaret Jull Costa](#) , 1999, 0151004218, 9780151004218. Senhor Jos is a low-grade clerk in the city's Central Registry, where the living and the dead share the same shelf space. A middle-aged bachelor, he has

no interest in anything beyond the certificates of birth, marriage, divorce, and death that are his daily preoccupations. In the evenings and on weekends, he works on bringing up to date his clipping file of the famous, the rising stars, the notorious. But when he comes across the birth certificate of an anonymous young woman, he decides that this cannot have been mere chance, that he has to discover more about her. Under the increasingly mystified eye of the Registrar, a godlike figure whose name is spoken only in whispers, the now obsessed Senhor Jos sets off to follow the thread that leads him to the unknown woman-but as he gets closer to a meeting with her, he discovers more about her, and about himself, than he would have wished. The loneliness of people's lives, the effects of chance and moments of recognition, the discovery of love, however tentative-once again Jos Saramago has written a timeless story.

[Fast Cars and Frybread: Reports from the Rez, Gordon Johnson](#) , 2007, 159714066X, 9781597140669. Cultural Writing. Essays. Native American Studies. As Gordon Johnson states in his introduction, "There was a time when time wasn't so insistent. It moved slower, held less sway. That was Indian time." He wants his children and grandchildren to know what "rez life" was like before cable TV, cell phones, and laptop computers. Before the advent of casinos. In lyrical, straightforward prose, Johnson's essays illuminate this life: fiestas with frybread and beans, snow cones, dogfights, rock and roll, sweat lodges, funerals and the dangers of "commod bod" (obesity caused by eating government surplus food). From the game of peon to reminiscences about grandparents, Johnson captures the spirit of reservation life with the skill of a modern journalist and the sensitivity of one who has lived on Indian time.

[Gandhi, a Spiritual Journey, M. V. Kamath](#) , 2007, 8188569119, 9788188569113. This book explores the spiritual transformation of Mohandas Gandhi to the Mahatma. Beginning with his childhood and his desire to search for the Truth from an early age, it explores the influence of western thought on the young lawyer, leading to an inner conflict that drew him to the study of comparative religion. Gandhi came to believe in the equality of all religions and the principles of Truth and non-violence which he applied to every aspect of life, including politics. In his later years he found focus and direction, understanding the importance of prayer and discipline. As the Mahatma, his life exemplified spiritual practice

and Truth. Leading India to freedom through satyagraha, he revealed the importance and relevance of non-violence in every aspect of life.

[Davis Partnership Architects: Themes in Evolution, Oscar Riera Ojeda](#) , 2011, 0979539587, 9780979539589. "Themes in Evolution" is an overview of recent work by Denver-based Davis Partnership Architects. With roots stretching back to the 1890s, Davis Partnership is one of the oldest architectural firms in the United States. This volume outlines that history and the practice's evolving design sensibility. Featured are several projects that were completed in collaboration with other notable architects, including the Denver Art Museum with Daniel Libeskind and the Museum of Contemporary Art Denver with David Adjaye. The book includes texts by writer, architect and Dean of the School of Architecture at the University of Buffalo, Brian Carter, and designer Oscar Riera Ojeda. It explores how the human experience of architecture can be enriched and informed through employment of rhythm, animation, illumination and other design themes. Davis Partnership's mission states, "architectural excellence is a matter of integrating high quality design with superior functional programming and operational efficiency. Although our primary goal is to meet our clients' technical, human, aesthetic and economic needs, we extend our sense of responsibility to the communities in which our buildings must blend. As a result, our buildings provide enduring visual continuity and suitability to the urban, suburban and rural environments they share."

Tom should have stopped Laura's plan, but he couldn't let his twin sister think he was scared, and now they were going to the house alone and at twilight.

[On Decoration, David Bret](#) , 1992, 0718828011, 9780718828011. This absorbing study surveys the developments in decorative design from the 1830s to the 1950s, showing how the modern age has affected the status of decoration and

examining the role of ornament in a rapidly changing industrial society. Arranged in three sections, the book opens with an introductory essay which looks at the cultural background of the discourse of decoration, bringing into play two major strands of decorative theory, and looking at the changing natures of modernism and traditionalism. The central section of the book is composed of pictorial examples, arranged in order of chronological development, from the most significant trends in taste and fashion. The concluding postscript expands on the origins and development of the two opposing strands identified, which the author defines as normative and critical 'schools'. The first takes its foundation from the 'Philosophical Radicals' and their programme of industrialisation and social reform, and is exemplified by Owen Jones and the Department of Science and Art; the second is the critical reaction led by Ruskin and the Arts and Crafts Movement. The one led toward the abandonment of decoration, the other toward its pastiche. The author concludes with a critical summary of the present sorry state of decoration. However, decoration is seen as a natural attribute of our species, and the discourse that has built in around it is by means closed.

[Girl Reporter Stuck in Jam!](#), , [Linda Ellerbee](#) , 2000, 0060282479, 9780060282479. Intrepid eleven-year-old journalist Casey Smith is so busy trying to get a story for the newspaper about a victim of physical abuse that she neglects her friend Ringo, the school's first male cheerleader.

[Disease Control Priorities in Developing Countries, Volume 1](#), , [Dean T. Jamison](#), [World Bank](#) , 1993, 0195209907, 9780195209907. These two volumes examine ways in which the health transition in developing countries affects the World Bank's disease control policies. They discuss the public health consequences of individual diseases and disease clusters, measure the cost-effectiveness of disease control methods, and assess what public health problems these conditions pose. Infectious diseases, HIV infection and sexually transmitted diseases, malnutrition, and reproductive health in the developing world are analyzed and tables and figures throughout the text quickly summarize the authors' findings.

Lori's beloved fiction. Caught in his first bank robbery, Sean Donovan is sentenced to hang. But Charlotte Cooper, who needs a blacksmith for her livery, has other ideas. By law, a woman of good standing in the community can save a man from the gallows by marrying him. Humbled by the dramatic rescue and renewed in his faith, Sean's heart goes out to his new bride, a woman whose past has prompted her to guard her heart. Yet could the talk around town be true? Is the fiercely independent Charlotte falling for Sean Donovan?

[Safe 4 Retirement: The Four Keys to a Safe Retirement, Jack Tatar](#) , 2011, 0985082011, 9780985082017. This book takes a holistic approach to retirement for pre-retirees and retirees. Rather than just focusing on financial matters for retirement, this book explores the 4 Keys to a Safe Retirement: Financial Preparedness, Health & Wellness, Mental Attitude and Staying Involved! Many people are thrust into retirement, ill equipped to handle the various aspects of retirement, above and beyond just the financial matters! When Jack Tatar lost both his retired mother and father in the course of six months, he heard all about how this can be a common occurrence among the elderly and retired. As one of the world's leading market researchers, Jack was used to asking "why?" What he heard consistently through his research with retirees and their families was, "There's plenty of books and materials about being financially prepared for retirement, but there aren't books and resources that consider all of the aspects that are needed to consider when someone retires. How to take care of their health? What to do with their free time? How to stay connected to friends and create more friends? How to stay positive when your family and friends are moving away and/or dying? Ultimately, they need to understand how to create a safe retirement." This book is the result of the research, findings and experiences that led Jack to create a book that, as he says in the book's dedication to his parents, "is a book that I wish they 'd been able to read before they died." It's a book written for the person considering retirement, the person newly retired, or the person well into retirement, as well as for a friend or a child of any of these individuals. The 4 Keys to a Safe Retirement will help the reader to: - Create a financial plan - Manage your retirement income - Understand the complexities of vital programs such as Medicare and Social Security - Manage your health and learn how to eat healthy - Recognize that exercise is no longer optional and how to make it part of your life - Create a positive attitude that will lead to a longer life - Learn to cope with the difficulties that will occur in retirement such as losing loved ones and being a caregiver - Appreciate the opportunities for travel and volunteering - How to use new technologies and social media to connect with others - And so much more It's not just a book! It's also a dynamic resource that includes full access to a companion website, www.Safe4Retirement.com, which provides the latest up to date, relevant information on retirement topics.

[Polyphonic Federalism: Toward the Protection of Fundamental Rights, Robert A. Schapiro](#) , 2009, 0226736644, 9780226736648. The relationship between the states and the national government is among the most contested issues in the United States. And questions about where power should reside, how decisions should be made, and how responsibility should be allocated have been central to the American experiment in federalism. In Polyphonic Federalism, Robert A. Schapiro defends the advantages of multiple perspectives in government, arguing that the resulting polyphony creates a system that is more efficient, democratic, and protective of liberties. This groundbreaking volume contends that contemporary views of federalism are plagued by outmoded dualist notions that seek to separate state and federal authority. Instead, Schapiro proposes a polyphonic model that emphasizes the valuable interaction of state and federal law, one that more accurately describes the intersecting realities of local and national power. Through an analysis of several legal and policy debates, Polyphonic Federalism demonstrates how a multifaceted government can best realize the potential of federalism to protect fundamental rights.

[Sex Cells: The Medical Market for Eggs and Sperm, Rene Almeling](#) , 2011, 0520270959, 9780520270954. Unimaginable until the twentieth century, the clinical practice of transferring eggs and sperm from body to body is now the basis of a bustling market. In Sex Cells, Rene Almeling provides an inside look at how egg agencies and sperm banks do business. Although both men and women are usually drawn to donation for financial reasons, Almeling finds that clinics encourage sperm donors to think of the payments as remuneration for an easy "job." Women receive more money but are urged to regard egg donation in feminine terms, as the ultimate "gift" from one woman to another. Sex Cells shows how the gendered framing of paid donation, as either a job or a gift, not only influences the structure of the market, but also

profoundly affects the individuals whose genetic material is being purchased.

[The Hidden Science of Lost Civilisations: The Source Field Investigations, David Wilcock](#) , 2012, 0285640887, 9780285640887. David Wilcock believes that a hidden intelligence, a living energy field that the Universe is built from, which he calls the Source Field, is guiding mankind's destiny. Investigating the Source Field and the Mayan Prophecy (the belief that the world will end on December 21st 2012) David Wilcock finds evidence to suggest that 2012 will, actually, be an age that has already begun where mankind will rediscover an ancient system of physics and spirituality that was once widely used but has since fallen into ruin. This will allow mankind to find a higher state of consciousness and realise our full potential. David Wilcock draws on cutting-edge quantum physics and consciousness research but in a manner that resonates with ancient wisdom traditions to discover what lies in the future.

[Confessions of an English Opium-Eater and Other Writings, Thomas De Quincey](#) , 2013, 0191637904, 9780191637902. 'I took it: - and in an hour, oh! Heavens! what a revulsion! what an upheaving, from its lowest depths, of the inner spirit! what an apocalypse of the world within me!' Thomas De Quincey's *Confessions of an English Opium-Eater* (1821) launched a fascination with drug use and abuse that has continued from his day to ours. In the *Confessions* De Quincey invents recreational drug taking, but he also details both the lurid nightmares that beset him in the depths of his addiction as well as his humiliatingly futile attempts to renounce the drug. *Suspiria de Profundis* centres on the deep afflictions of De Quincey's childhood, and examines the powerful and often paradoxical relationship between drugs and human creativity. In 'The English Mail-Coach', the tragedies of De Quincey's past are played out with horrifying repetitiveness against a backdrop of Britain as a Protestant and an imperial power. This edition presents De Quincey's finest essays in impassioned autobiography, together with three appendices that are highlighted by a wealth of manuscript material related to the three main texts. ABOUT THE SERIES: For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe. Each affordable volume reflects Oxford's commitment to scholarship, providing the most accurate text plus a wealth of other valuable features, including expert introductions by leading authorities, helpful notes to clarify the text, up-to-date bibliographies for further study, and much more.

[Thunder Below!: The USS Barb Revolutionizes Submarine Warfare in World War II, Eugene B. Fluckey](#) , 1997, 0252066707, 9780252066702. The thunderous roar of exploding depth charges was a familiar and comforting sound to the crew members of the USS Barb, who frequently found themselves somewhere between enemy fire and Davy Jones's locker. Under the leadership of her fearless skipper, Captain Gene Fluckey, the Barb sank the greatest tonnage of any American sub in World War II. At the same time, the Barb did far more than merely sink ships - she changed forever the way submarines stalk and kill their prey. This is a gripping adventure chock-full of "you-are-there" moments. Fluckey has drawn on logs, reports, letters, interviews, and a recently discovered illegal diary kept by one of his torpedomen. And in a fascinating twist, he uses archival documents from the Japanese Navy to give its version of events. The unique story of the Barb begins with its men, who had the confidence to become unbeatable. Each team helped develop innovative ideas, new tactics, and new strategies. All strove for personal excellence, and success became contagious. Instead of lying in wait under the waves, the USS Barb pursued enemy ships on the surface, attacking in the swift and precise style of torpedo boats. She was the first sub to use rocket missiles and to creep up on enemy convoys at night, joining the flank escort line from astern, darting in and out as she sank ships up the column. Surface-cruising, diving only to escape, "Lucky Fluckey" relentlessly patrolled the Pacific, driving his boat and crew to their limits. There can be no greater contrast to modern warfare's long-distance, video-game style of battle than the exploits of the captain and crew of the USS Barb, where the sub, out of ammunition, actually rammed an enemy ship until it sank. Thunder Below! is a first-rate, true-life, inspirational story of the courage and heroism of ordinary men under fire.

[Harley, Howie and Hank](#) , 2013, 0989205908, 9780989205900. Emma befriends three miniature donkeys at the ranch she and her parents visit in their search for a pony to adopt. Harley, Howie, and Hank, hungry and hoping for someone to take them home and care for them, reach out to Emma. But her parents believe Emma really wants a pony and she cant convince them otherwise. Driven by determination and compassion, she and her feathered friend, Humphrey, plan a late night journey to the ranch to rescue the little donkeys.

[Guide to Education and Training for Primary Care, Yvonne Carter, Neil Jackson](#) , 2002, 0192632930, 9780192632937.

For patients, good quality primary healthcare is of fundamental importance. In order to provide quality care education and training is paramount to professionals in primary care. Yvonne Carter and Neil Jackson have brought together a group of well-known practitioners to help them give an up to date and comprehensive overview of education and training in primary care. Readers will find much here which will help them chart the way forward in their own practice teams in ways which should lead to good results for patients and that enhanced professionalism in practitioners so crucial to their satisfaction and morals. - From the foreword by Sir Donald Irvine With the advent of PCGs/PCTs and a huge government programme of primary care development comes a great need to understand the education and training system, and its relation to other systems in the NHS, ie. service provision and research and development - a 'three systems approach'. The book encourages and facilitates strategic thinking and planning in relation to education and training at various levels including organisation, team and individual healthcare professional. The Guide to Education and Training in Primary Care contains up to date information on educational concepts and practice for the benefit of all healthcare professionals in primary care and the wider NHS. The book covers a range of issues paramount to education and training including clinical governance, quality and audit, research methods, clinical effectiveness and evidence-based primary care. A chapter devoted to learning from patients and coverage of the interface between primary and secondary care make this book a unique and valuable resource for all in primary care. About the Editors: Professor Yvonne Carter is Professor of General Practice and Primary Care and Head of Department at Barts and the London, Queen Mary's School of Medicine and Dentistry, University of London. She is editor of many books and is committed to increasing the research capacity in primary care and is particularly interested in the accreditation of research practices and the development of primary care research networks. Dr Neil Jackson is Dean of Postgraduate General Practice London Deanery, University of London. He is currently advising the Governments of Georgia and Uzbekistan to develop systems of Primary Care, a network of GP trainers and Family medicine Training programme in collaboration with the Department for International Development and Imperial College, London.

[Buttertea at Sunrise: A Year in the Bhutan Himalaya, Britta Das](#) , 2007, 1550028960, 9781550028966. Often seen as a magical paradise at the end of the world, Bhutan is inaccessible to most travellers. Set against the dramatic scenery of the Himalaya, this beguiling memoir recalls hardships and happiness in a land almost untouched by the West. When Britta Das goes to work as a physiotherapist in a remote village hospital, her good intentions are put to the test amid monsoons, fleas, and startling conditions. But as she visits homes in the mountains and learns the mysteries of Tantric Buddhism, the country captivates her very soul. Gaining insights into the traditions of the mystical kingdom, Britta makes friends, falls in love, and battles illness. Throughout it all, as she writes, she worries about the "destructive nearness of technology" and fears that Bhutan's charm and innocence may soon be lost. Still, Bhutan has endured for centuries, and there is no denying that the country has transformed her life forever.

[Mechanical Witness: A History of Motion Picture Evidence in U.S. Courts, Louis Georges Schwartz](#) , 2009, 0195315057,

9780195315059. Mechanical Witness is the first cultural and legal history charting the changing role and theoretical implications of film and video use as courtroom evidence. Schwartz moves from the earliest employment of film in the courts of the 1920s to the notorious 1991 Rodney King video, revealing how the courts have developed a reliance on film and video technologies and contributed to the growing influence of visual media as a dominant mode of knowledge formation. At the same time, film and video in juridical contexts has developed a distinct theoretical legacy. The particular qualities of film as evidence both resonate with and contradict existing scholarship-focusing on economic, social, or aesthetic factors-which hitherto has defined film's status and cultural contribution. In the context of a trial, the possible

meanings of a film change from its meanings when shown in a movie theater or broadcast on television, yet the public (and cinema scholars) tend to assume that the two are the same. Mechanical Witness demonstrates that we must understand evidentiary film and video's institutional specificity if we are to understand the full effects of motion picture technologies on our culture. This study sets the terms for a long overdue assessment of how the entertainment industry has shaped our film viewing practices, the place of moving picture evidence in the courtroom, and the social and cultural consequences of these intertwined histories.

Maths 2000 is a scheme that offers a straightforward approach to maths teaching through pupil materials. It is divided into separate number and topic (shape, space, handling data) strands to provide flexibility. Each strand is then divided into clearly defined units of work which provide approximately one week's worth of work. A strong emphasis on numeracy throughout ensures pupils are continually using their mathematical skills, knowledge and understanding. From Stage 3 onwards the pupil material is presented in a core number book and a core topic book for each year. The books are structured as a series of units of work, each with an introductory activity followed by a logical development of new ideas with open ended tasks.

[A Sixpenny Christmas, Katie Flynn](#) , 2012, 0099574640, 9780099574644. As the worst storm of the century breaks across the North West, sweeping through Snowdonia and across the Mersey to burst upon Liverpool, two women. Molly and Ellen, give birth to girls in a Liverpool maternity hospital. Despite their different backgrounds, they become firm friends. Molly lives on a hill farm in Snowdonia while Ellen is married to Sam O'Mara, a dock worker who is quicker with a punch than a kiss. After one punch too many, Ellen throws her husband out, and eventually leaves Liverpool to live with Molly in Snowdonia. Ellen and her daughter throw themselves into their new life with enthusiasm, unaware of the threat that is lurking in the Welsh mountains. And as another horrendous storm breaks across the hills, the two women's lives are about to take a new turn, but this time they will face the danger together.

[Historical Research, Elizabeth Ann Danto](#) , 2008, 0195333063, 9780195333060. What, exactly, was the Charity Organization Society? Was it a cluster of affluent women imposing their moral propriety on the poor in the early 20th Century? Or was it the first concerted effort to professionalize previously random, subjective allocations of benefits and entitlements? This book will help researchers explore systematically such fascinating questions and debates in social work and social welfare history. Mastering how to pose historical questions is as essential as finding the answers. This book, from its wide-ranging coverage of historiographic theory to detailed guidelines for conducting oral history and archival research, offers clear and practical research tools: how to design a study, select primary sources, understand the vocabulary of archives, determine useful secondary sources, and analyze them all. The book also features a guide to archives and special collections that details their holdings, access and locations, and research grants - essential knowledge for any researcher. The thrill of stumbling across unexplored data in the stacks of a library is notorious. Now, this clearly written pocket guide will help established scholars as well as doctoral students get the most out of historical data.

Includes a 150 question pre-test and a 150 question post-test to help exam candidates assess their knowledge before they begin studying and again after they review the content in the book. Each chapter provides a brief content outline that summarizes the information presented on the exam. Practice questions appear throughout the text to reinforce the content. 142 line drawings and photographs illustrate anatomy, positioning, and instruments. Also includes advice on resume writing, interviewing and what to expect when entering the profession. Features a student CD with 1,000 multiple-choice questions identified by exam content area with brief rationales.

[The Butterfly Girl, Racheal Baughan](#) , 2008, 1844545482, 9781844545483. Racheal Baughan suffered from the illness BDD (Body Dysmorphic Disorder), a powerful and destructive condition that causes you to see a completely distorted reflection of yourselfthe person in front of the mirror might be extremely good looking, but their state of mind dictates that they see a flawed and deformed image. Despite a loving and caring family, Racheal developed acute anxieties about her appearance and in her early teens took to wearing excessive make-up which, for her, acted like a mask. Then atnbs;13 she experienced a life-shattering tragedy. Slipping into a deep depression, Racheal began to spend hours alone and became increasingly distressed about the distorted reflection of her face. She began to inhale aerosols, self-harm, and eventually developed anorexia and bulimia. Desperate to find out the cause of her daughter's problem, her mother encouraged her to participate in a television discussion show. An expert on the show was the one to identify Racheal's condition as BDD and for Racheal this was to be the turning point of her life. Racheal is now a strong, happy, and confident young woman and although a recovery from severe BDD may never be complete, Racheal has truly moved on with her life.

[Coherence in Psychotic Discourse, Branca Telles Ribeiro](#) , 1994, 0195065972, 9780195065978. This fascinating study explores the ways of establishing coherence in the discourse of a thought-disordered patient. Ribeiro analyzes the discourse between a doctor and a patient who is under an acute psychotic crisis, and then later, when the patient is deemed recovered. Ribeiro looks at how the participants jointly establish referential meaning, and how topic coherence is achieved or breaks down. She then considers how the participants convey superordinate messages, metamessages, and how the patient signals and assesses the frame of talk. Ribeiro concludes that psychotic discourse, while incoherent on the level of topic, may be coherent on another level--that of frame. Using sociolinguistic discourse analysis, conversational analysis, and frame analysis, with a dose of theory from contemporary cognitive psychology, Ribeiro's book demonstrates the importance of contextualization in interaction.

[Robot Santa: The Further Adventures of Santa's Twin, Dean Koontz](#) , 2004, 0060509430, 9780060509439. Dean Koontz kicks the holidayseason into high gear with a wildly inventive and wickedly funny sequel to his perennial Christmas bestseller Santa's Twin. The Claus family's bad seed, Bob, is back and dishing out a second helping of holiday havoc and headaches for his twin brother, Santa. Exactly a year has passed since Bob kidnapped Santa and visited Charlotte and Emily in his stead, bearing gifts of mud pies, cat poop, and broccoli. After his defeat at the hands of the two brave sisters, Bob has worked hard to redeem himself in Santa's eyes. Unfortunately Bob's spare time has been spent secretly building a robot Santa Claus. Super Santa One was designed to help Santa halve his delivery time, but Bob has left a screw loose on his creation (several screws, actually), and this Christmas Eve, a badly malfunctioning robot Santa Claus is coming to town.

[Norfolk Capers: 200 New Barn and Country Dances from Norfolk, Peggy Hazell](#) , 1991, 0951428578, 9780951428573. [Dyslexia and Other Learning Difficulties: The Facts, Mark Selikowitz](#) , 1993, 0192623001, 9780192623003. This book is a clear and sympathetic guide to dyslexia and other learning difficulties - a subject that is often controversial and is of concern to many parents and teachers. Written by a developmental pediatrician, the book deals with difficulties in traditional academic areas such as reading, spelling, and arithmetic, as well as tackling more subtle conditions such as

clumsiness, social unease, and hyperactivity. It describes clearly what is known about these problems, incorporating current views and recent research into the explanation of the mental processes involved in learning. The helpful, practical information will aid parents' understanding of their children's difficulties, and advice on managing difficult behaviors is presented. The improvement of children's self-esteem is emphasized. Of further interest is a chapter on adults with persisting learning difficulties. This is the first comprehensive guide to the learning disorders. The encouraging approach and easy-to-read style will appeal particularly to parents, and will also be of value to professionals such as teachers, psychologists, and speech therapists who need an authoritative and up-to-date account of this important subject.

[Philosophical Writing: An Introduction, A. P. Martinich](#) , 2009, 1405143924, 9781405143929. Substantially updated and revised, the third edition of *Philosophical Writing* is designed to help those with little or no experience in philosophy to think and write successfully. Traces the evolution of a good philosophical essay from draft stage to completion. Now includes new examples of the structures of a philosophical essay, new examples of rough drafts, tips on how to study for a test and a new section on how to utilize the internet effectively. Written with clarity and wit by a bestselling author.

[The History of History: Politics and Scholarship in Modern India, Vinay Lal](#) , 2003, 0195664655, 9780195664652. A radical contribution to the understanding of Indian history as a discipline, this book explores the politics of history-writing in modern India. It narrativizes the engagement of a civilization with the historical sensibility and modality. In doing so, it asserts that history, in order to be understood better, has to deploy the language of the layperson in India, and interact with the mythic, the ahistorical, and the folk. The endeavor is not to offer a comprehensive account over the last two centuries, but rather to explore the manner in which historical thinking inserted itself into the public domain.

[Obentoo, Volume 2,](#) , 1999, 0170090116, 9780170090117. Obentoo is an innovative, three-stage course for junior and senior high school learners that offers an exciting, culturally based approach to study of the Japanese language. Its clear, colorful layout allows for a lively presentation of Japanese language and culture. Obentoo 2 is set at an international school in Japan. Student books feature colorful, easy-to-use layouts, clear explanations of grammar and vocabulary, and richly illustrated manga-style cartoons, also in audio recordings. Songs, cultural and socio-cultural background, and stimulus material for follow-up activities are integrated into the lessons in Obentoo 2. The lesson structure of Obentoo 2 is similar to Obentoo 1, but Obentoo 2 focuses more on particular language points, and includes a new section which provides lots of current, authentic expressions to expand students' vocabulary. Student Books also feature explanatory notes on language taught in each unit, handy particle, adjective and verb charts, and comprehensive Japanese-English/English-Japanese word lists. Each stage of the Obentoo course consists of a Student Book, a Workbook, audio material and teacher support material.

[Xxx,](#) , 2001, . Much of the Amazon river is very mysterious... Especially the Amazon's freshwater dolphin. Smaller and even more graceful than dolphins that live in the open ocean, the Amazon freshwater dolphin, or *bufeio*, has been

sighted more than a thousand miles upstream from where the river enters the sea. Amazon river dolphins are also known as pink dolphins because, although they are born gray, they turn pink with age. Some tribes of people native to the lands surrounding the Amazon speak of a legend of magical dolphins. This is the story of one of those magical creatures. The Amazon River is the greatest of all the rivers of the world. It is often called the Ocean River because it is so large. The Amazon drains the water from the largest rainforest in the world.

[Lexington and Concord: The Beginning of the War of the American Revolution, Arthur Bernon Tourtellot](#) , 2000, 0393320561, 9780393320565. "Tourtellot's book is the best account we have of the day of Lexington and Concord. The actions of each individual who played a conspicuous part in the day's work are minutely traced but Mr. Tourtellot never loses the main thread of his narrative and the wealth of detail he has included gives substance and color to an exciting story."-- J. C. Miller, New York Herald Tribune Book Review "Tourtellot does not let his 19th of April float up in the spring air unconnected with a past or a future. He has built in very skillfully the story of the months before that day and then sends its echoes rolling on through time--and into distant states and nations....No other book generally available performs an even remotely comparable job....Makes full use of old material, adds a good deal that has come to light in the intervening years and, standing firmly on its own base, presents magnificently for the general reader and the specialist this immortal opening chapter of our beginnings as a nation."--Bruce Lancaster, The Saturday Review "The result of thoughtful examination of the evidence and clear writing."--Walter Muir Whitehill, New England Quarterly "An absorbing and vital history, containing much newly published information about a crucial week in the history of the United States."--J.M. Goodsell, Christian Science Monitor

[The Dakota Peoples: A History of the Dakota, Lakota and Nakota through 1863, Jessica Dawn Palmer](#) , 2011, 0786451459, 9780786451456. The Dakota people, alternatively referred to as Sioux Native Americans or Oceti Sakowin (The People of the Seven Council Fires), have a storied history that extends to a time well before the arrival of European settlers. This work offers a comprehensive history of the Dakota people and is largely based on eyewitness accounts from the Dakota themselves, including legends, traditions, and winter counts. Included are detailed analyses of the various divisions (tribes and bands) of the Dakota people, including the Lakota and Nakota tribes. Topics explored include the Dakotas' early government, the role of women within the Dakota tribes, the rituals and rites of the Dakota people, and the influence of the white man in destroying Dakotan culture.

[The Pub and the People: A Worktown Study, Mass Observation](#) , 2011, 0571280846, 9780571280841. Mass Observation

was founded by Tom Harrisson, Charles Madge and Humphrey Jennings in 1937. Its purpose was to create 'an anthropology of ourselves' in other words, to study the everyday lives of ordinary people in Britain. Discounting an initial pamphlet, this was the eleventh book to be published. It appears in Faber Finds as a part of an extensive reissue programme of the original Mass Observation titles. Four Worktown (Bolton) volumes were projected but only *The Pub and the People* made it into print. After many delays it was finally published in 1943. It remains one of the most important of the Mass Observation titles and it is significant it was the one Tom Harrisson himself selected for republication when the new Mass Observation archive was established. As the title indicates the book is in two parts: the pub: the people. The Pub has four chapters: The Pub: The Drink: Drink-Servers: Drinking Places. The People has eight chapters: Drinkers: Drinking: Drunk: Singers and Pianists and Bookies and Prostitutes: Sub-Group Pub Groups: Sports, Games and Gambling: Non-drinking: The Last Hour! This represents Mass Observation at its most pure and objective, the result is a unique anatomizing of one of our most time-honoured recreations.

[The Devil's Asteroid, Manly Wade Wellman](#) , 2012, 1612104606, 9781612104607. The Rock Bred Evolution in Reverse...ExcerptIt was not very large, as asteroids go, but about it clung a silvery mist of atmosphere. Deeper flashes through the mist betokened water, and green patches hinted of rich vegetation. The space-patroller circled the little world knowledgeably, like a wasp buzzing around an apple. In the control room, by the forward ports, the Martian skipper addressed his Terrestrial companion."I wissh you joy of yourr new home," he purred. Like many Martians, he was braced upright on his lower tentacles by hoops and buckles around his bladdery body, so that he had roughly a human form, over which lay a strange loose armor of light plates. In the breathing hole of his petal-tufted skull was lodged an artificial voice-box that achieved words. "I rregrrret--"Fitzhugh Parr glowered back. He was tall, even for a man of Earth, and his long-jawed young face darkened with wrath. "Regret nothing," he snapped. "You're jolly glad to drop me on this little hell.""Hell?" repeated the Martian reproachfully. "But it iss a ssplendid miniaturre worrld--nineteen of yourr miles in diameterr, with arrrtificial grravity centerr to hold airr and waterr; ssown, too, with Terresstrrial plantss. And companionss of yourr own rrace."

[Teaching Science for Understanding: A Practical Guide for Middle and High School Teachers, James J. Gallagher, James Joseph Gallagher](#) , 2007, 0131144251, 9780131144255. Teaching Middle and High School Science for Understanding: A Practical Guide for Teachers provides a theoretical and practical introduction to teaching science for understanding and

application. The book is grounded in a new paradigm for science education that is consistent with the Project 2061, National Science Education Standards and reform programs in many states. It is based on formal research and on experiences of teachers who have been successful in transforming their classrooms from traditional forms of instruction to an environment where students learn to understand science and apply it in their own lives. The author's experience in classrooms, and with practicing teachers in the U.S. and in several other nations, add richness to this book as a resource for helping teachers improve their professional effectiveness. The author demonstrates science teaching through three different levels of learning activities: building students' base of information developing understanding applying knowledge Each chapter guides you through the type of planning and instruction you will need to create a constructivist environment in your classroom, providing you with specific activities and examples to illustrate how you can teach science for understanding.

[Women about Town, Laura Jacobs](#) , 2003, 0142002771, 9780142002773. Debut novelist Laura Jacobs joins an elite group of authors (Jane Austen, Nancy Mitford, Diane Johnson) whose novels celebrate intelligent, modest, witty, and endearingly funny women. Iris Biddle is forty years old and determined to take it gracefully. What she'd really like is to wake up one morning with all errands done, her posh custom-lampshade business ahead of schedule, and absolutely no worries. Lana Burton is a young theater critic moving up the New York hierarchy, but she's learning that some friends resent a slow climb as much as a fast one. The setting is Manhattan, but women everywhere can identify with Iris and Lana as they struggle to keep friendships afloat, the checkbook balanced, the career moving, and the morale up, not to mention achieving their dreams while staying true to themselves.

[Rebel Fire, Andrew Lane](#) , 2012, 1429961716, 9781429961714. Fourteen-year-old Sherlock Holmes knows that Amyus

Crowe, his mysterious American tutor, has some dark secrets. But he didn't expect to find John Wilkes Booth, the notorious assassin, apparently alive and well in England and Crowe somehow mixed up in it. When no one will tell you the truth, sometimes you have to risk all to discover it for yourself. And so begins an adventure that will take Sherlock across the Atlantic, to the center of a deadly web where a friend is in peril and a defeated army threatens to rise again. Andrew Lanes' exciting second case for the teenage Sherlock leads the young detective to America, straight into the heart of a shocking conspiracy.

[Shipping Casualties: Report of a Formal Investigation Into the Circumstances Attending the Foundering on 15th April, 1912, of the British Steamship "Titanic," of Liverpool, After Striking Ice in Or Near Latitude 41°46' N., Longitude 50°14' W., North Atlantic Ocean, Whereby Loss of Life Ensued ...](#), Great Britain. [The Neighborhood Access Code: Bringing Compassion to the Classroom](#), Jean Giddens, 2010, 0132675137, 9780132675130. The Neighborhood is an online learning platform designed to enhance nursing education, distributed by Pearson Health Science. The Neighborhood presents unfolding stories about a virtual community populated by diverse characters - including families, nurses and physicians. The Neighborhood also includes institutions representing various health care settings, and a weekly Neighborhood newspaper. The interrelated character stories, enhanced with video

clips, photos, biographical information, and medical records, reflect the health care issues and illnesses represented in a typical population, as reported by the CDC. This longitudinal case study crosses the entire nursing curriculum, and is designed to be used by instructors in any course or course type to allow students to more easily connect what they are learning with patient experience. The Neighborhood was developed by Jean Giddens, PhD, professor of nursing at the College of Nursing at the University of New Mexico in Albuquerque.

[Justice: A Lydia Clarke Novel, Edna Carew](#) , 2008, 097311486X, 9780973114867.

[Zion's Darkness, Lawrence S. Pratt](#) , 2002, 0972317309, 9780972317306. This is a strong fictional critique of authoritarian institutions in general and organized religion in particular. Centers around Katherine and John Torino who, devastated by the death of their infant daughter, believe they have found solace and comfort in a faith brought to their door by missionaries of the American Church of the New Christ. Persuaded to move from their lifelong home to the center of church influence, they quickly find that their adopted faith is a far cry from what they had been led to believe. The book traces the interactions the young couple has with others in the faith and they are bewildered and overwhelmed to find themselves caught up in a closed culture of deceit, hypocrisy, and violence where all of humanity's dark evils lurk below a thin veneer of religious piety.

[The Oxford Book of Japanese Short Stories, Theodore W. Goossen](#) , 2010, 0199583196, 9780199583195. This collection of short stories, including many new translations, is the first to span the whole of Japan's modern era from the end of the nineteenth century to the present day. Beginning with the first writings to assimilate and rework Western literary traditions, through the flourishing of the short story genre in the cosmopolitan atmosphere of the Taisho era, to the new breed of writers produced under the constraints of literary censorship, and the current writings reflecting the pitfalls and paradoxes of modern life, this anthology offers a stimulating survey of the development of the Japanese short story. Various indigenous traditions, in addition to those drawn from the West, recur throughout the stories: stories of the self,

of the Water Trade (Tokyo's nightlife of geishas and prostitutes), of social comment, love and obsession, legends and fairytales. This collection includes the work of two Nobel prize-winners: Kawabata and Oe, the talented women writers Hirabayashi, Euchi, Okamoto, and Hayashi, together with the acclaimed Tanizaki, Mishima, and Murakami. The introduction by Theodore Goossen gives insight into these exotic and enigmatic, sometimes disturbing stories, derived from the lyrical roots of Japanese literature with its distinctive stress on atmosphere and beauty.

[Primarily Math: A Problem Solving Approach, Sharon Eckert](#) , 2005, 1593631235, 9781593631239. It is important that schools emphasize a problem-solving approach to mathematics beginning in the early years and continuing through high school. Students should learn to value the process of solving problems, as well as getting the correct solutions. The strategies in this book will help students reason, develop their problem-solving strategies, grow in their ability to communicate mathematically, and develop confidence in their mathematical abilities. Five different problem-solving strategies are carefully taught using teacher-directed interactive introductory lessons. A series of practice problems follow the introductory lessons for each strategy. The strategies include: using a manipulative or acting out a problem, drawing a picture or diagram, extending a repeating pattern, making a table or list, and choosing relevant information. Each strategy is first introduced through several carefully presented problems that include introductory group lessons and instructional notes for the teachers. Additionally, the last section of the book presents a variety of problems that give students the opportunity to apply the problem-solving strategies they have learned. This is the perfect supplement to any primary math program, as well as an excellent resource for a math center. All problems are delightfully illustrated and reproducible.

[The Beat Generation, Jack Kerouac](#) , 2012, 1847492614, 9781847492616. What are writers trying to do? They are trying to create a universe in which they have lived or would like to live. To write they must go there and submit to conditions they may not have bargained for. Sometimes, as in the case of Kerouac, the effect produced by a writer is immediate, as if a generation were waiting to be written. Following a day in the lives of a group of rugged off-duty railroad brakemen as they drink, bet on the horses and generally shoot the shit, Beat Generation explores the philosophical and the spiritual, culminating in a memorable dialogue with a colourful bishop. Entertaining and exuberant, and conjuring up a thrilling, smoke-filled, atmospheric New York of bygone days, the play probes the American working-class psyche and tackles profound questions of religion, mortality and rebirth. Written in 1957, but only recently rediscovered in manuscript form in a New Jersey warehouse, Beat Generation bears the hallmarks of vintage Kerouac: flowing, stream-of-consciousness language, orchestrated with a jazz-musician-like sense of adventure and rhythm.

[Main Street Money: How to Outwit, Outsmart, and Out Invest the Wall Street Bullies, Mark Matson](#) , 2012, 0985362006, 9780985362003. Why don't folks see that stockbrokers can't predict the future? After all, people scoff at astrologers and tarot card readers, but if some guy in a suit says he is a market analyst, people can't wait to hear his insider advice for

what to do during a stock run or slump. Investment adviser Mark Matson calls these so-called experts what they are: bullies. They are bullies because they line their own pockets by pushing mom-and-pop investors into taking risks they don't fully understand. His plainspoken new financial guide will show you how to outwit, outsmart, and out-invest Wall Street bullies. The wisdom contained in these pages will give you peace of mind about investing your hard-earned dollars. Instead of special tricks or hot tips, Matson teaches how to seek wealth responsibly by utilizing the free market and ignoring the three big investment lies propagated by Wall Street. *Main Street Money: How to Outwit, Outsmart, and Out-invest Wall Street's Biggest Bullies* is a book that believes every individual can become a portfolio master who can rise up and take control over his or her own financial future. To do so, novice investors will need to learn every trick and trap in their path. Matson knows these follies all too well. For the first years of his career, he worked in the belly of the beast on Wall Street, recruiting clients to invest in mutual funds whose managers falsely promised they could outperform the market. "Doing client reviews with investors and trying to explain why all of the gurus from the biggest mutual fund companies like Vanguard, Fidelity, American Funds, and Templeton were losing to the market was gut-wrenching," Matson writes. "I was failing my clients. I couldn't eat or sleep, the stress was mounting. If I couldn't pick the best managers in advance, what good was I?" After reading this book, even novice investors can master the critical ability to allocate their financial resources. You will understand how capitalism powers global markets and how this knowledge can fuel investment decisions. You will learn how to maintain the discipline necessary for seeking long-term investment success. Mark's investment philosophy is broken down into easy-to-follow steps that introduce the language of the investment industry. The book spells out why gambling with your financial future, though promoted by many financial industry insiders, is a fool's errand. You will learn how to identify personal risk tolerance limits and build a financial investment framework. You will come away with an understanding of how to design a portfolio that maximizes potential returns at any level of investment risk. Unlike many other investment guides, this is not a book for speculators who see money as a drug to be gambled with in order to create surges of adrenaline or ego. It's a fundamental course in learning how to become the owner of your own financial future.

[The Ecological Vision: Reflections on the American Condition, Peter Drucker](#) , 2011, 141281412X, 9781412814126.

Periods of great social change reveal a tension between the need for continuity and the need for innovation. The twentieth century has witnessed both radical alteration and tenacious durability in social organization, politics, economics, and art. To comprehend these changes as history and as guideposts to the future, Peter F. Drucker has, over a lifetime, pursued a discipline that he terms social ecology. The writings brought together in *The Ecological Vision* define the

discipline as a sustained inquiry into the man-made environment and an active effort at maintaining equilibrium between change and conservation. The chapters in this volume range over a wide array of disciplines and subject matter. They are linked by a common concern with the interaction of the individual and society, and a common perspective that views economics, technology, politics, and art as dimensions of social experience and expressions of social value. Included here are profiles of such figures as Henry Ford, John C. Calhoun, Soren Kierkegaard, and Thomas Watson; analyses of the economics of Keynes and Schumpeter; and explorations of the social functions of business, management, information, and technology. Drucker's chapters on Japan examine the dynamics of cultural and economic change and afford striking comparisons with similar processes in the West. In the concluding chapter, "Reflections of a Social Ecologist," Drucker traces the development of his discipline through such intellectual antecedents as Alexis de Tocqueville, Walter Bagehot, and Wilhelm von Humboldt. He illustrates the ecological vision, an active, practical, and moral approach to social questions. Peter Drucker summarizes a lifetime of work and exemplifies the communicative clarity that are requisites of all intellectual enterprises. His book will be of interest to economists, business people, foreign affairs specialists, and intellectual historians.

[The Black Cauldron, Lloyd Alexander](#) , 2006, 1429961929, 9781429961929. Since The Book of Three was first published in 1964, young readers have been enthralled by the adventures of Taran the Assistant Pig-keeper and his quest to become a hero. Taran is joined by an engaging cast of characters that includes Eilonwy, the strong-willed and sharp-tongued princess; Fflewddur Fflam, the hyperbole-prone bard; the ever-faithful Gurgi; and the curmudgeonly Doli--all of whom become involved in an epic struggle between good and evil that shapes the fate of the legendary land of Prydain. Released over a period of five years, Lloyd Alexander's beautifully written tales not only captured children's imaginations but also garnered the highest critical praise. The Black Cauldron was a Newbery Honor Book, and the final volume in the chronicles, The High King, crowned the series by winning the Newbery Medal for "the most distinguished contribution to American literature for children." Henry Holt is proud to present this classic series to a new generation of young readers. Jackets have been handsomely redesigned while retaining the original art of Caldecott Medal-winning

artist Evaline Ness. Each retypeset volume now includes a pronunciation guide prepared by Lloyd Alexander. A companion book of short stories, *The Foundling and Other Tales of Prydain*, is also available in hardcover for the first time in twenty years. In their more than thirty years in print, the *Chronicles of Prydain* have become the standard of excellence in fantasy literature for children. *The Black Cauldron* is a 1966 Newbery Honor Book.

[Roughing It In The Bush: A Penguin Group \(Canada\) Enriched E-Book Black Classic, Susanna Moodie](#) , 2009, 0143174738, 9780143174738. Available for the first time in enriched e-book format, this edition offers visual and historical insights into Susanna Moodie's writing via electronic weblinks. Like a full-colour footnote, select words and phrases throughout the book are links to websites that contain a wealth of additional information, pictures, definitions and historical information that gives context to the text. Now, with the click of a mouse, you can investigate the world of Moodie's Upper Canada without having to leave your screen. Roughing It in the Bush, first published in 1852, helped to destroy British illusions about life in Upper Canada. Susanna Moodie described a life of backbreaking labour, poverty, and hardship on a pioneer farm in the colonial wilderness. Her sharp observations, satirical character sketches, and moments of despair and terror were a startling contrast to the widely circulated optimistic accounts of life in British North America, written to entice readers across the Atlantic. The spontaneity, wit, and candour of Moodie's account of life on a backwoods farm give Roughing It in the Bush enduring appeal. "Roughing It in the Bush" is an extraordinarily detailed record of pioneer life. It is also a journey of exploration and revelation into Moodie's own character, as we watch her grow from ill-prepared immigrant to spirited survivor." Charlotte Gray

[Concrete Hell: Urban Warfare From Stalingrad to Iraq, Louis A. DiMarco](#) , 2012, 1782003134, 9781782003137.

Throughout history cities have been at the center of warfare, from sieges to street-fighting, from peace-keeping to coups de mains. Sun Tzu admonished his readers of The Art of War that the lowest realization of warfare was to attack a fortified city. Indeed, although strategists have advised against it across the millennia, armies and generals have been forced nonetheless to attack and defend cities, and victory has required that they do it well. In Concrete Hell, Louis DiMarco has provided a masterful study of the brutal realities of urban warfare, of what it means to seize and hold a city literally block by block. Such a study could not be more timely. We live in an increasingly urbanizing world, a military unprepared for urban operations is unprepared for tomorrow. Di Marco masterfully studies the successes and failures of past battles in order to provide lessons for today's tacticians.

[From Lucky to Smart: Leadership Lessons from QuikTrip, Chester Cadieux](#) , 2008, 0979834511, 9780979834516. From Lucky to Smart: Leadership Lessons from QuikTrip is a thoughtful, down-to-earth book that addresses the broad range of business decisions that spanned 50 years of growth. From the trials of rapid expansion to the groundbreaking

introduction of self-service fountain drinks, Cadieux honestly explores the importance of addressing constant changes in the marketplace. He also underscores the importance of recognizing that the people serving the public—the store employees—are the heart of the organization.

[Nigger for Life, Neal Hall \(M.D.\)](#) , 2009, 0972973044, 9780972973045. A critically acclaimed anthology of verse, Nigger For Life reflects the painful, later life discovery of Neal Hall, M.D., that in unspoken America, race is the one thing on which he is first judged, by which he is first measured, first against which his life and accomplishments are metered diminished value, dignity and equality. All of which have everything to do with accessing choice, opportunity, power and freedom in America. Nigger For Life reveals Dr. Hall's deep sense of betrayal combined with his fervent passion for life and equality for all. His words pierce through in candid, gut wrenching clarity. He bares his intelligence, wit and dreams.

[Intentions of the Earl, Book 1, Rose Gordon](#) , 2012, 1935171984, 9781935171980. Will he secure his future by ruining hers, or will she ruin his plans by securing him? A new twist on the old fortune hunter plot puts an impoverished earl in a position to gain his fortune only by ruining an innocent's reputation without offering marriage. The innocent he's selected, however, has no plans to settle for anything less than marriage and will go to almost any length to secure him. With no other means for an income, the impoverished Andrew Black, Earl of Townson, makes an agreement that will put a definite end his eight year poverty streak. But, in order to gain his fortune he must do only one simple thing: ruin an innocent young lady's reputation enough to make her flee to America. Brooke Banks isn't interested in marriage, or so she thinks. She came to London to have a good time, and that's exactly what she's doing. Widely known for her tendency to flout the rules, she suspects nothing when a handsome stranger appears on her doorstep. Thirteen days, a handful of kisses and one scandalous situation later, Andrew and Brooke will have to choose to stick to their original plans, or decide if a life together is worth the risk.

[Nurses at the Front: Writing the Wounds of the Great War, Margaret R. Higonnet](#) , 2001, 1555534848, 9781555534844. Ellen N. La Motte (1873-1961) and Mary Borden (1886-1968) are two of the best known American nurses who wrote about their experiences working in the same field hospital on the Western Front during World War I. La Motte's *The Backwash of War* (1916) and Borden's *The Forbidden Zone* (1929) present in powerful, vivid, and often haunting prose each woman's acute observations of the stark realities of battle and the severe conditions under which military medicine is practiced. Now representative selections from these classic texts are published for the first time in one volume. Linked by parallel themes and narrative approaches, the episodes recounted by La Motte and Borden expose the intense, horrific world of the surgical wards and operating rooms. Revealing the moral dilemmas faced by those who make decisions about the lives and deaths of soldiers, they describe the ethical contradictions of saving men who will return to the trenches to kill or be killed. Written from the perspective of both observer and actor, these compelling sketches often shift from shocking realism to irony, as they invite the reader to enter the nurses' harsh world and to understand their professional and personal struggles. In addition, the depictions of men's suffering challenge institutional indifference to the human costs of war.

[Pharmacotherapeutics for Advanced Practice: A Practical Approach, Volume 536, Virginia Poole Arcangelo, Andrew M.](#)

[Peterson](#) , 2006, 0781757843, 9780781757843. This advanced pharmacotherapeutics text for nurse practitioners and physician assistants offers guidelines on prescribing drugs for over 50 common diseases and disorders. The book is organized by disorder rather than drug class and includes algorithms and case studies that illustrate critical thinking aspects of prescribing, such as drug selection, lifespan considerations, therapeutic drug monitoring, adverse reactions, unexpected outcomes, and when to change therapy. This Second Edition has new chapters on oncologic disorders and complementary and alternative medicines. Improved case studies reflect more realistic practice issues in decision-making. Additional areas addressed include food-drug interactions, dietary considerations, and concerns regarding geriatric patients.

[The Mersey Girls, Katie Flynn](#) , 2011, 1446455858, 9781446455852. Spring 1913, and seventeen-year-old Evie Murphy is leaving her native Ireland for the city of Liverpool with her baby daughter Linnet - but leaving Linnet's frail twin, Lucy, behind. These are mixed fortunes ahead for Evie, and while Lucy grows up in the beautiful Irish countryside, Linnet is all too often forced to throw herself on the mercy of the enormous, impoverished Sullivan family. Life in a slum court during the thirties is far from easy -but when tragedy strikes it becomes the only existence possible for Linnet. Destitute, she disappears into the Liverpool slums like a teardrop in an ocean. Lucy, meanwhile, urgently needs her sister by her side. But she has little idea, when she leaves the farm and sets off to look for Linnet, how their meeting will change their lives for ever. . .

[Soldier Five: The Real Truth about the Bravo Two Zero Mission, Mike Coburn](#) , 2004, 184018907X, 9781840189070.

SOLDIER FIVE is an elite soldier's explosive memoir of his time within the Special Air Service (SAS) and, in particular, his experiences during the 1991 Gulf War. As a member of the Special Forces patrol now famously known by its call sign Bravo Two Zero, he and seven others were inserted hundreds of kilometres behind enemy lines. Their mission to reconnoitre targets, undertake surveillance of Scud missile sites and sabotage Iraqi communications links was to end in desperate failure. From the outset, the patrol was dogged by problems that contributed both directly and indirectly to the demise of the mission. The patrol's compromise, and subsequent attempts to evade Iraqi troops, resulted in four members of Bravo Two Zero being captured and a further three killed. One escaped. But the story goes further than the Gulf War itself. Despite numerous books, films and articles on the same subject, the British Government has done its utmost to thwart the release of SOLDIER FIVE, at one stage claiming the book in its entirety was confidential. A campaign of harassment that took some four and a half years of litigation to resolve has now resulted in this controversial publication. SOLDIER FIVE is a gripping and suspenseful account of one man's experiences as a Special Forces soldier. Revealing his conflicts and loyalties, and the relationships he forged both on and off the battlefield, this book is the resolution of a soldier's determined fight to see his story told.

[Old Faithful Inn: Crown Jewel of National Park Lodges, Karen Wildung Reinhart](#) , 2004, 0967981417, 9780967981413.
