

Bioshack India

2nd International Conference on Recent Trends in Computational Cancer Biology and COVID-19 (ICRTCCBC-2021)

July 24-25 2021

The event will be held on the virtual platform
(Link will send to the registered participants only)

Email: contact@bioshack.org

About the Conference

2nd International Conference on Recent Trends in Computational Cancer Biology and COVID-19 (ICRTCCBC-2021) going to organized by Bioshack India on July 24-25 2021 through virtual mode only. ICRTCCBC-2021 aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Computational Cancer Biology and COVID-19. It also provides a premier interdisciplinary platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the related fields.

Who Can Participate?

The conference invites participation from students in their graduate/postgraduate courses, research scholars, Postdoc fellows as well as faculties from various universities, industry personnel, and medical practitioners.

***E-certificate will be provided for all active participants.**

Abstract Publication in Conference Proceedings

Prospective authors are kindly encouraged to contribute to and help shape the conference through submissions of their research abstracts in all areas of Cancer Bioinformatics and COVID-19. Authors are cordially invited for their research abstract presentation at the conference. Please ensure your submission meets the conference's strict guidelines for accepting scholarly papers.

Accepted research abstracts will be published in peer-reviewed conference proceedings by Germany-based publishers with an international ISBN for referencing and indexing in global databases. If participants want to give a complete manuscript, it will publish in an International Journal (Journal of Molecular Docking) special issue for free of cost. Separate prizes will be awarded for the best abstract presentation as well.

For Abstract/Poster submission or any query contact us at **contact@bioshack.org**

Conference Theme Areas

The premier interdisciplinary forum for the presentation of new advances and research results in the fields of COVID-19 and Cancer Bioinformatics. The conference will bring together leading academic scientists, researchers and scholars in the domain of interest from around the world. Topics of interest for submission include, but are not limited to:

- ✚ Bioinformatics and cancer
- ✚ Bioinformatics and COVID-19
- ✚ Environmental genomics for public health
- ✚ Cancer screening
- ✚ Breast cancer staging
- ✚ Breast cancer management
- ✚ Chondrosarcoma
- ✚ Osteosarcoma
- ✚ Mammogram
- ✚ Male Breast Cancer
- ✚ Lymphedema
- ✚ Tissue Bank bioinformatics portal
- ✚ The Pancreatic Expression Database
- ✚ O-miner
- ✚ Digital epidemiology
- ✚ Global public health genomics

Registration fee*

₹499 INR (For Indian participants)

\$20 USD (For International participants)

Last date of Registration is 20th July 2021

Eminent Speakers

Ms. Alexandra Elbakyan
Creator of Sci-Hub

Dr. Faizan Abul Qais
Aligarh Muslim University, India

Dr. Mithun Rudrapal
RMDIPER
(Aff. Pune University, India)

Dr. Dhruv Kumar
Amity University, India

Dr. Tasaduq Hussain Wani
Oxford University, England

Dr. Anu Manhas
Pandit Deendayal Petroleum
University, India

Dr. Muqet Wahid
Bahauddin Zakariya University,
Pakistan

Dr. Rahul Baghel
THSTI Faridabad, India

Mr. Shivam Kumar
University of Portsmouth,
England

Moderators

Giesel Dala
Mapúa University,
Philippines

Labhita Das
International Institute for
Population Sciences, India

Animikha Ghosh
Adamas University,
India

Important Dates

Registration start	June 18, 2021
Last date for Abstract submission	July 10, 2021
Last date for Abstract Acceptance	July 15, 2021
Last date for Registration	July 20, 2021
Conference dates	July 24-25, 2021
