### Yichresu soy- naynu---suggestions

Blueberries---- ----- to bury your enemies in blue states,

Strawberries --- ----to bury your enemies in red states

Boysenberries--- --- to bury your enemies that are gay,

Cranberries ---- -----to bury your enemies that are tran,

blackberries ----- to bury your enemies who wear black hats

Loganberries ----- to bury those who log on to your facebook account w/o your consent

Raspberries-----to bury those who when shaking your hand grasp it so hard you can't let go

Huckleberries-----to bury those anti-birthers who refuse to acknowledge that Sarah Huckabee  
Sanders is the daughter of Governor Huckabee

Mulberries-----to bury those who are still mulling over why Hilary lost

Lingenberries and

Ggojiberries-----to bury those who are always telling you to eat what's good for you  
while they themselves have no idea what they are eating

Truth be told, all the above do not deserve to be "berried", they deserve to be swallowed alive.
