

Welcome to the Student Feedback Survey on Open Educational Resources (OER)

Thank you for completing this survey about Open Educational Resources (OER), which should take about 4 minutes to complete. Your responses are anonymous and confidential. Your feedback will help us learn about your usage, perception, benefits, and impact of using OER at Lansing Community College (LCC).

This course is using an "open textbook" for this semester. Open textbooks are just one of the most common types of OER. In case you're not familiar with how open textbooks differ from publisher textbooks or e-books, here are some characteristics:

Open Textbooks generally:

- Can be viewed/read online (on any device) at no cost.**
- Are permanently available and do not expire.**
- Can be self-printed with no restrictions.**
- Can be ordered as bound print copies at costs below traditional textbooks.**
- Are openly licensed (with Creative Commons CC-BY attribution) so faculty can modify or customize materials without special permission.**

Please complete the survey by August 15, 2018.

Thank you.
