Latino Coalition

Hispanic Technology & telecommunications Partnership

November 6, 2016

Dear Jennie and Peter,

I am forwarding this info to you both because I was thinking you might know of programs and or organizations that might be interested in this tech summit I am co-leading. I don't recall if I shared this with you before but I am pleased to share with you this announcement for the Latino Institute for Corporate Inclusion's Latino Tech Summit this Nov. 30, Dec 1 & 2nd!

In my volunteer capacity as Board Chair and representing Career Ladders Project (CLP) in our ongoing partnership with Latino Institute for Corporate Inclusion (LICI) we have been building on the commissioned ICT Study that CLP conducted a couple of years ago. Now LICI, in partnership with LULAC's National leadership, CLP and others, will host its first annual Latino Tech Summit, November 30 – December 2, 2016 at Santa Clara University, 500 El Camino Real Santa Clara, CA 95053. CLP is also providing some support to this effort as well.

The Latino Tech Summit is expected to draw over 300 attendees throughout the three-day summit and will offer essential workshops and plenaries that will provide spaces for discussion on creating a more diverse and inclusive tech industry. This summit will feature various tracts on STEM, entrepreneurship, corporate diversity and professional advancement. Emerging Latino leaders will be equipped with the tools necessary to enter the tech world ready to succeed.

On behalf of the LICI board and the LTS'16 planning committee we deeply appreciate your support in sharing this info with others who might be interested.

Thank you for your support!

Sincerely,

  
Brent Wilkes,  
LICI Board Member

  
Luis Chavez,  
LICI Board Chairman
