25th November 2015 **Presentation of Sampo**

Presentation of the *Sampo* device during the Ircam Forum.

The workshop will take place on Wednesday the 25th November at IRCAM in Shannon Class Room from 15h30 to 16h00.

The Sampo device will be presented during the workshop and the participants will be able to work simultaneously on their laptops with the software provided on our [www.sampo.fr](http://www.sampo.fr) web page (see below).

### Download the P-Soft software for the Forum

Nov-Dec 2015 **P-Soft – virtual Sampo**

For the participants of the IRCAM Forum and of the Sampo presentation, we have made available the P-Soft software which is emulating the Sampo device. With this software you can discover the principles of the Sampo device before the IRCAM Workshop.

You can download the software on the Sampo web page:

<http://www.sampo.fr>

by clicking on IRCAM Forum – download.

### New Sampo web site

<http://www.sampo.fr>

since November 2015 **www.sampo.fr**

Since November we have created a new web site specially dedicated to the electronic device Sampo at the address:

<http://www.sampo.fr>

You can find information about the device, photos, videos, compositions and repertory for acoustic instruments and Sampo.
