EIMI Spectral Theory and Related Topics Seminar
Karl-Mikael Perfekt (Norwegian University of Science and Technology), «Infinitely many embedded eigenvalues for the Neumann-Poincaré operator in 3D»

Thursday, 3.06.2021

11:00 Zoom
International Conference «Days on Diffraction 2021»

16:30 ПОМИ (106)
EIMI lecture course «Geometry, integrability and field theories»
Sylvain Lavau (EIMI), Lecture 13

Friday, 4.06.2021

11:00 Zoom
International Conference «Days on Diffraction 2021»

11:00 120 (413) / Zoom Meeting ID: 409 987 5545
Differential Geometry Seminar on Generalized Complex Geometry
Casey Blacker, Seminar 6

15:30 Zoom ID: 897-3291-7878

Seminar "Industrial Mathematics"

Adolfo Puime Pires (Universidade Estadual do Norte Fluminense, Brazil), «**Oil displacement by multicomponent chemical slugs: semi-analytical solution for one-dimensional incompressible immiscible flow accounting for adsorption**»
