

# ADAPTING TO CLIMATE CHANGE

**A Presentation and Discussion**

FREE. EVERYONE WELCOME!

**Wednesday 13 October, 7:00 PM**

**Mitchell Cove Commercial and Community Centre**  
(former Jeddore-Lakeville School – 47 E. Jeddore Rd.)

- ~ **How vulnerable is your community to climate change?**
- ~ **Climate change projections for the Eastern Shore**
- ~ **Ways to slow down the process**
- ~ **Ideas for communities to adapt to the effects**

Guest speaker

**Tom MacDonald**

**Climate Change Researcher at Clean Nova Scotia**

Tom MacDonald is a young environmental professional who aspires to help create sustainable communities through the application of ecological principles to human living. After graduating in 2009 with a Mechanical Engineering Degree from Dalhousie University, Tom now works at the Climate Change Centre at Clean Nova Scotia, specializing in Climate Change Adaptation research and education. For more info, call 902-420-6597 or e-mail [tmacdonald@clean.ns.ca](mailto:tmacdonald@clean.ns.ca)

Hosted by Eastern Shore Forest Watch Association

A program of **Clean Nova Scotia**
