Various hardwoods were used in the construction – oak, padauk, blood wood, maple, and black walnut. Mattias is getting his bow box upgraded by Ed the Tall with fixtures, hinges, claps, etc. (These boxes will get felt lining by spring by Aoife.)

Business:

We will need to buy a couple of new totes for the Canton table linens. The totes were found crushed and are no longer able to be sealed. Fiona proposes that Mattias purchase new totes at his convenience and submit receipt for reimbursement by The Canton. Seconded by Aoife. All in favor – Ayes, have it, no opposed.
